Whereas, The naval service is a form of national insurance to protect the Merchant Marine, the future development of which is essential to our economic independence; it is hereby

Recommended, That the National Colors

be displayed conspicuously throughout the day and that a visit, if possible, be made to the local naval stations; and it is further

Recommended, That our children in the schools be required to review the heroic deeds of the long line of naval heroes who ashore and afloat have passed unsullied to posterity the flag of the Stripes and Stars.

On observing Naval Day we should not be unmindful of the National Emblem, for truly may it be said, "It is as beautiful as a flower to those who love it, terrible as a meteor to those who hate, it is the symbol of the power, and the glory, and the honor, of one hundred millions of Americans."

Given at the Mayor's office, Boston, this twenty-seventh day of October, in the year of our Lord one thousand nine hundred and thirty and of the independence of the United States of America the one hundred and fifty-fourth.

JAMES M. CURLEY, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

JUNIOR CIVIL SERVICE EXAMINER, JUNIOR CIVIL SERVICE EXAMINER-INVESTIGATOR, DEPARTMENT OF CIVIL SERVICE AND REGISTRATION, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,620 a year; the maximum salary is \$2,100 a year. There are three vacancies.

Duties: Under direction, to assist in planning, preparing, holding, and scoring tests used to measure the qualifications of persons seeking employment in the service of the Commonwealth and of the cities and towns that operate under the merit system, by performing the less responsible and difficult tasks as assigned; to investigate character references and experience records of applicants.

Qualifications: Education equivalent to that required for graduation from a university of recognized standing.

Subjects and Weights: Training and experience, 3; practical questions for investigator, 2; practical questions for examiner, 2; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

If sufficient applicants pass in all subjects, a list will be established for examiner and investigator. If not, separate lists will be established of those who pass for either examiner or for investigator.

IDENTIFICATION OPERATOR, DEPARTMENT OF CORRECTION, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

The minimum salary is \$1,320 a year; the maximum salary is \$1,800 a year.

Duties: To read and classify finger prints.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CALLS FOR DEMOCRATIC VICTORY FOR ENTIRE TICKET IN ADDRESS AT GOVERNOR "AL" SMITH RECEPTION IN ARENA — MAYOR CURLEY DEFINES ISSUES AND CHALLENGES GRAND OLD PARTY ON RECORD FOR RELIEF OF UNEMPLOYED AND TOILER.

Speaking at the Boston Arena on October 27 at the Democratic Reception to former Governor Alfred E. Smith of New York, Mayor Curley said in part as follows:

Abraham Lincoln once stated that "No nation could exist half slave and half free," and that slavery might cease as an institution in America, the North contributed nearly three millions of men and conducted the greatest internecine war ever known in the world's history, lasting for a period of four years. What was true in the case of slavery is equally true in the present hour.

This nation cannot exist with nearly half of the people on the borderland of starvation and a small number of the remaining half in possession of the vast wealth of the country and apparently unwilling to contribute either money or thought to the relief of those in need.

We have the unusual spectacle of the President of the nation calling upon the leaders in every line of activity, representing wealth and power, to help restore prosperity and provide opportunity for a livelihood to the millions in America who must obtain work to provide for the needs of their families. The appeal was made shortly after the "Prosperity Crash" in the stock market in November of 1929, and to the present hour the response has been most feeble.

PLEDGES FREELY GIVEN.

At that time a survey was conducted by the Department of Labor and by private agencies, and it was estimated that more than four millions of workers in America were without employment and with little immediate prospects of securing work. The articular response to the appeal of President Hoover for cooperation was most generous in character. Pledges and promises of support were freely given and in many instances disregarded almost in the same breath. The long list of bank failures in the agricultural states focused the attention of the American people upon the farm problem. Congress, as a means of relief, adopted the vicious circle of establishing an arbitrary price upon wheat, notwithstanding the fact that history teaches the futility of such a policy. If the policy proposed for the relief of the farmers meets with success, the industrial establishments that are idle, due to depression, may be depended upon to come forward and demand similar relief, supplemented by a like request from every other channel of activity in the nation.

The fact remains that the problem of continuity of employment for the workers is still with us and is deserving of the serious thought and attention of every individual interested in the well-being of his fellow man and of our common country.

There is a serious threat to the harmony, happiness and prosperity of every element in the life of America unless the sniping policies and practices introduced during the past six months are checked. The present policy of some large establishments in America, both manufacturing and mercantile, to discharge em-

ployees and reduce wages, represents the quintessence of short-sighted economy.

For every worker that suffers the loss of his employment there is to be found one hundred of his fellow workers who immediately, through becoming obsessed with fear of losing their own employment, start husbanding their resources and economizing to an extent that makes them, through the psychology of fear, negligible factors in the restoration of industrial or mercantile activity.

No citizen is justified in considering himself a good American who refuses to assume his portion of the present-day depression, and no employer is justified in assuming that he is a good American that reduces the wages of his employees, thereby hastening the return of conditions which renders it difficult, if not impossible, for an honest and faithful worker to secure a sufficient return for his labor to provide for the needs of his family.

HAPPINESS IN HOME ESSENCE OF PATRIOTISM.

It is admitted that happiness in the home is essential to patriotism in the land, and it is further admitted that there can be no happiness in the home or patriotism in the land without economic stability. The indications are that the ills suffered by the agricultural portion of the population during the past few years will be adjusted. Adjustment of the ills afflicting the agricultural element of the population may be traced, first, to the number of persons affected by the depression in the price of agricultural products, and, second, to the strength of the grange and other agricultural organizations. It is a concession to political power or votes dictated by political expediency and political common sense.

However, it only partly solves the problem which affects a larger number of America's citizenship who are unorganized and who yet, in any plan of readjustment, should be deserving of the same consideration that is accorded the organized element of the American electorate. It would be no innovation for a governmental agency to determine ways and means of providing economic justice, with a reasonable guarantee of continuity of employment, for the great mass of unorganized workers in America.

The Federal Reserve Board, created under the administration of the late President Woodrow Wilson, was opposed by the banking interests of the United States when the project was first presented. Today there probably is not a banker in America who is not in favor of the Federal Reserve Board, which operates to protect the United States banking industry and which, during the period of the World War, was found absolutely essential for the financing of the war. For the protection of business from unjust competition and unfair conditions the Federal Trade Commission was organized. For the stabilizing of United States traffic the Interstate Commerce Commission was created. These three agencies were created to aid trade, transportation and commerce, and have been so valuable that every thoughtful American is favorable to their continuance.

It has, within the past year, been deemed advisable to conduct, through the agency of the Federal Industrial Commission, an investigation with a view to improving conditions in the basic industries of the nation—steel, coal, and more recently, oil and agriculture.

PROTECTION OF WORKERS NEEDED.

A federal commission should be organized now for the protection of the workers of America. During the period of the World War, America was required to furnish the necessities, not only for the American nation, but for our allies. During those trying days we became familiar with the words "economy," "efficiency" and "speeding up." The inventive genius of the American people manifested itself in the field of invention with devices of every character, the main purpose of which was to reduce costs through the elimination of the worker by the introduction of automatic devices.

The close of the war found America with an area given over to agriculture greater than ever previously known in the history of the country. It found America, notwithstanding a reduction in the farm population during the past ten years of 3,000,000, yet still able to produce cereals in such volume that scarcely a bushel of the 1929 wheat crop has been consumed up to the present time.

Automatic machines in the state of Kansas, in 1929, threshed, cut and binded one half of the 100,000,000 bushels of wheat raised in that great wheat state. The question to be seriously considered at the present hour is what steps should be taken for the utilization of automatic machinery and inventive devices, and at the same time protect the American worker, who in the last analysis can provide for their families only through continuity of employment at a saving wage.

Inventive genius as represented by automatic machinery should, by governmental control, be made to promote the happiness and prosperity of the workers of the nation, rather than be utilized for the destruction of opportunity for a livelihood. It is admitted that working at capacity the productivity of America is such that the entire requirements of the nation for a full twelve-months' period are possible of production in seven months. Unless checked, the present system means unemployment for large numbers of American people for a period of five months or more each. This period of unemployment necessarily must result in a reduction of the purchasing power of the American people, with consequent instability of industry and long periods of depression, with enormous expenditures for public aid, either in the form of the "dole system," in operation in Great Britain, or the soup kitchens, happily a dim memory in recent years in the life of America.

The position taken by the leading organ of the Republican Party in this campaign, namely, the *Boston Herald*, does not differ in any degree from the position taken in 1926. The *Boston Herald* at that time supported William M. Butler for election, and in defence of the question of corrupt expenditure to secure public office in the cases of Vare of Pennsylvania and Smith of Illinois, declared, "The *Boston Herald* has no hesitancy in believing that Senator Butler would have supported the induction of Smith of Illinois into the Senate."

(Continued on page 1748.)

LETTER TO PRESIDENT HOOVER.

(Continued from page 1741.)

The people of America look to the President of the nation for leadership and relief and have little sympathy with a staggered program that contemplates even three years. Action upon this project at the present time would destroy the psychology of fear and give confidence to every citizen and employer in America, while the consummation of the project would unquestionably add more to the value of America in the next quarter of a century than did the Louisiana purchase in a similar period of time.

It cannot be assumed that the American public will permit a project of such vast possibilities to be either retarded or destroyed by the same character of selfish opposition as was manifested against the Panama Canal and the Boulder Canyon Dam.

The American public recognize that the conduct of governmental activities is rapidly becoming a purely business proposition, with a reasonable amount of humanitarianism mixed. They recognize, in addition, that in President Herbert Hoover they have as executive head of the Nation one of the leading engineering minds of the world and, recognizing these facts, I have no hesitancy in forwarding this suggestion, believing that its fruition means for America commercial and industrial liberation, with prosperity for all the people.

Respectfully,
JAMES M. CURLEY, Mayor.

This article was published simultaneously throughout the whole country through the agency and courtesy of the Hearst Publications.

UNSTINTED PRAISE BEING GIVEN MAYOR AND JOHN CASEY FOR STAND FOR DECENCY IN SHOWS AND THEATERS.

His Honor the Mayor is in receipt of the following communications from Rev. Father Jones I. Corrigan, S. J., of Boston College, and others:

DEAR MAYOR CURLEY,—Let me say a word in hearty support of your valiant stand as Chief Executive of the City of Boston to keep the stage in this city free from the slime and filth of certain New York producers.

As a public officer you have a public duty in the matter which, despite heavy pressure, you have never shirked.

Minds perverted by degenerate lives are far from fit to set the standard for the American stage. They have been permitted too long to have their way. They have debauched the theater, a noble institution, and now, for venal ends, they would debauch decency itself.

Thank God, we have a Mayor who understands his public duty. The public of Boston is with you. The challenge to decency must be met. If the producers won't clean the stage, the public will.

Respectfully,
JONES I. CORRIGAN, S. J.

City Censor John M. Casey is in receipt of the following communication from Mr. Otis J. Redden, President of the Hunt Brotherhood of the Blaney Memorial Baptist Church of Dorchester.

October 25, 1930.

DEAR MR. CASEY,—It gives us a great deal of satisfaction to note the stand you have taken on the Earl Carroll show, now at the Shubert Theater.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

MONDAY, NOVEMBER 10.

NAME.	Location.	Ward.	Petitioning for.
Harry C. Cogell.....	30 Bourne street.....	19	One car.
Jeremiah J. Crowley <i>et al.</i>	10 Vista street.....	18	One car.
Daniel J. Crowley.....	93 Winchester road.....	18	One car.
Joseph Gillis.....	26 Blanche street.....	16	One car.
Annie Hooper.....	309 Pond street.....	18	One car.
Francesco Manfre.....	54 Hemman street.....	18	One car.
Joseph McCleary.....	10 DeForest street.....	18	One car.
W. Zagaeski.....	299 North Harvard street.....	22	One car.
Gabriel Hill.....	398 East Eighth street.....	7	Two cars.
W. D. Knowles.....	72 Elm road.....	16	Two cars.
Julia Lally.....	94 and 96 Centre street.....	11	Two cars.
Emma E. Murphy.....	10 Carlotta street.....	16	Two cars.
Catherine A. Palmer.....	141 Milton street.....	16	Two cars.
Annie M. Pelley.....	27-31 Prince street.....	19	Two garages, one car each.
Fred Frinz.....	18 Haydn street.....	20	Two cars.
William F. Schlimper.....	51 Belle avenue.....	20	Two cars.
Helen Severance.....	106 Arlington street.....	22	Two cars.
Albert Silvia.....	46 Dickens street.....	15	Two cars.
Eleanor M. Bowditch.....	180 Moss Hill road.....	18	One car additional.
Lilla C. Graham.....	1205 Hyde Park avenue.....	18	Maintaining four cars.
Allston Garage.....	122 Brighton avenue.....	21	500 additional gallons gasoline.
Betty Alden Company, Incorporated, 609-613 Albany street.....	8	1,000 gallons gasoline.	
Annie M. Eagan.....	95 Brighton avenue.....	21	5,000 gallons gasoline.
Samuel Matthews.....	96 Hyde Park avenue.....	18	2,000 gallons gasoline.
Park Vulcanizing Company.....	152 Leverett street.....	3	1,000 gallons gasoline.
Onorato Rinaldi.....	50 Brighton street.....	3	500 gallons gasoline.
Sayvoyl Corporation of New England, 5 Mindoro street.....	9	10,000 gallons lubricating oil.	
John V. Wilson Company.....	566 and 568 Commonwealth avenue,	5	3,250 gallons alcohol.
Boston Lying-In Hospital.....	221 Longwood avenue.....	4	Oxy-nitrous oxide.

We are proud of the standard you have set up and the reply you gave in this instance, and hope you will keep up the good work in the name of common decency.

Yours truly,
OTIS J. REDDEN, President.

City Censor John M. Casey is in receipt of the following communication from Mrs. Adolph P. Wolf, a member of the Dorchester Woman's Club.

DEAR SIR,—May I congratulate you on the splendid stand you have taken in regards to the obnoxious play "Sketch Book." My first and only time I have ever seen an Earl Carroll play was two years ago, when friends invited my husband and myself, and at that time I did not want to go as I have always disliked his style of plays. But as our friends insisted, why we went.

The chorus as always had hardly any clothes on, and I could not at that time understand how the show got by the censors. The one-act sketches were the most vulgar I have seen or listened to. We could not laugh and we came away disgusted.

Such a man as Earl Carroll's type should not be allowed to bring his plays to Boston. New York does not even want his shows. May your good work continue.

Very truly yours,
MRS. ADOLPH P. WOLF.

City Censor John M. Casey is in receipt of the following communication from E. S. Boland, M. D.:

MY DEAR MR. CASEY,—In view of the outrageous statements made by Earl Carroll yesterday, I am impelled to write to you in order to say that I think Boston is fortunate in having a man like you to censor the indecent theatrical productions which a man like Earl Carroll would like to put on here.

Without knowing anything from personal observation of the merits of the play which you censored, I am free to say that we can, as citizens, trust your judgment far better than that of that man. It is inconceivable that one whose character is so well known as Earl Carroll's is, should have been allowed to speak in a Christian church, regardless of whether he had or had not been justly compelled to remove indecencies from that play.

You may be sure that the right-minded citizens of this city are glad that you are not willing that Boston should have the reputation that New York has in regard to the length which managers can go in putting unclean productions before the public.

Although a stranger to you, I cannot refrain from sending this letter of approval.

Yours truly,
ELISHA S. BOLAND.

MAYOR CURLEY PLEADS FOR UNFORTUNATE IN INAUGURATING JEWISH CHARITIES DRIVE — TELLS OF RELIEF WORK BEING DONE BY CITY.

Speaking before the Associated Jewish Philanthropies at their Headquarters, 22 Province street, Boston, on October 28, Mayor Curley said in part as follows:

I am glad to be here today to do my little part in aiding the Associated Jewish Philanthropies in their annual drive to raise money for the poor and needy Jews in this city. I am quite familiar with the greater need of money this year for the aid of the unfortunate. In the City of Boston the public welfare departments of the city will require nearly four millions of dollars whereas last year their need was less than three millions of dollars.

The demands of the poor, the unemployed and the distressed are greater this year than ever before and I look forward to the coming year with greater apprehension. Those who need help need it more now than ever before and those of us who are able to give must give now more than ever before. The man or woman who is fortunate enough to be employed and able to earn something should be glad to set aside a little of that which he earns for those who have nothing. Poverty breeds illness and discontent and with them both follows crime. It is for our own protection that we must help our fellow men.

The Jewish people of Boston have never failed to provide for their own. They have always been a splendid example to other races and creeds in providing for their unfortunates. I know they will not fail this year. Every one is familiar with the great work the Beth Israel Hospital is doing under the direction of Doctor

Wilinsky. This institution alone should inspire every one to give to the utmost. What greater service can be rendered to a community than that which is being rendered by the Home for Jewish Children, which provides a shelter for the poor unfortunate Jewish orphans in our community. In fact, every one of the constituent organizations of the Associated Jewish Philanthropies is doing a wonderful work which must continue and which should not be allowed to lessen because of the lack of funds.

I appreciate that these are hard times but the sunlight is around the corner. Let us not refuse to pledge now to make payments during the year 1931, because the present moment seems rather dark. I am sure that within the next few months business will be on the upward trend and once again prosperous times will be with us. We have gone through the worst part of our business depression and the spring and summer of 1931 should find conditions restored to normalcy. Because our incomes have been cut somewhat and we are not privileged to enjoy all the luxuries we were accustomed to have is no reason why the poor and unfortunate should be denied of their little morsel and their right of existence. Your association is now being watched by all other associations of a similar nature throughout the country. If you fail, you discourage all other drives for money for the distressed and the poor and you break down the morale of these other organizations to carry on their work and to raise the necessary money to so do. Boston Jewry has never failed. It must not fail now.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Springfield, Friday, November 7.
Pittsfield, Saturday, November 8.
Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

ASSISTANT CHEMIST, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 15, 1930.

Last day for filing applications, Saturday, November 8, 1930, at 12 m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Duties: Under general supervision, to perform responsible technical work in chemical analysis, and related work as required.

Qualifications: Applicants must have education equivalent to that required for graduation from a university of recognized standing, with specialization in chemistry, and preferably one year of graduate work, plus three years of chemical laboratory experience, of which one year shall have been in responsible technical work.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

PHARMACIST, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 15, 1930.

Last day for filing applications, Saturday, November 8, 1930, at 12 m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$1,200 a year and maintenance; the maximum is \$1,440 a year and maintenance.

There are vacancies at present at the Boston State Hospital, the Foxborough State Hospital and the Grafton State Hospital.

Duties: Under general supervision, to have charge of drug room and to perform related work as required.

Applicants must be registered pharmacists under the Division of Registration in Pharmacy.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

EXTRA WORK UNDER CONTRACT.

J. J. McCarthy & Co. has been directed to perform the following extra work under the contract for constructing artificial stone sidewalks in Columbia road (northwest side) and Pierce avenue. Items ordered: Omit the digging of foundation for artificial stone where directed in Columbia road. A deduction of 2 cents is to be made, per square foot, from the price bid in the contract for constructing artificial stone sidewalks; thus reducing the price to be paid from 20 cents per square foot to ten cents per square foot. Estimated decrease in cost, \$380.

Charles Struzziery has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Fisher avenue, from Parker street to Parker Hill avenue. Items ordered: Excavate and slope bank on northerly side of Fisher avenue, from Parker street to opposite Haydn street, to meet new edgestone grade. Price to be paid: For each cubic yard of earth excavated the sum of \$1.50. Estimated cost of extra work, \$675.

MAYOR CURLEY'S ADDRESS.

(Continued from page 1745.)

What are the facts? The facts are that as chairman of the Republican National Committee at no time did he utter a word of condemnation against the orgies of spending which unless checked threatened to undermine free government. And when the vote was taken he not only favored the induction of these men, but in every way showed his willingness for such practices. But when the time to smother the investigation was defeated, and it was proven the resolution had all the votes needed to carry it, he climbed aboard the band wagon.

The newspapers announce that former President Coolidge will take the stump for Senator Butler. It is to be hoped that he will seriously consider this step before taking it.

The Boston *Herald* under date of November 3, 1926, set forth as follows: "To what extent the country at large interprets Butler's defeat as a personal defeat of the President is not yet clear. We shall have to await conclusions. He will be obviously weaker in the Senate this winter, not so much by reason of the substitution of a Democratic vote for a Republican, as because of the effect on his prestige. The opposition, south and west, will raise the taunt: 'He cannot carry his own state,' and we shall have, in consequence, a less effective White House leadership. At least, it would have been a miracle if it were otherwise, and this is quite apart from the question yet to be decided, whether leadership in the Senate eventually lodges with the Republicans, aided by their radical elements of the northwest, or goes over bodily to the Democrats. In any event, Massachusetts has kicked the pedestal out from under itself."

TRIBUTE TO SENATOR WALSH.

I should like to ask the citizenship of Massachusetts in what way Massachusetts has kicked the pedestal from under itself when they placed in the Senate of the United States that able, brilliant, that eminently capable, David I. Walsh. Every measure favored by Butler has been opposed by Walsh. Senator Walsh favored the investigation of corrupt election in Pennsylvania and Illinois which resulted in the unseating of Vare and Smith, and the present Democratic candidate for United States Senate—Marcus Aurelius Coolidge—can be depended upon to follow in the footsteps of Senator Walsh where the interests of the people are concerned.

The question of fuel has ever been a serious problem for the people of New England although it is usually quite severe, yet when a resolution was introduced in Congress asking the President to end the coal strike, notwithstanding the suffering of our people, and the extortionate charges for inferior fuel, Senator Butler three times voted against the investigation of practices which would cause the ending of the coal strike.

As president of the Arkwright Club, and as a member of the Legislature from 1890 to 1895, he voted against reducing to ten hours the legal work day for railroad employees, and this measure was lost in the Senate by one vote, and had he voted with the people the measure would have been adopted. This measure was introduced for the interests of the railroad employees and in the interests of the traveling public,—men, women and children.

The long hours that railroad men were required to work rendered it impossible for them to keep awake, and just that little sleep between wakefulness and sleep time can cost the life of a railroad worker or passengers upon the trains. It was customary for men in the railroad service prior to this time to work not infrequently on an eighteen-hour schedule, making impossible that degree of wakefulness and efficiency necessary for the conservation and protection of the lives of persons in their charge.

The proposition for a ten-hour schedule was a hopeful, forward-looking measure supported both by the men in the railroad service and by the traveling public, and yet Senator Butler, taking orders from the railroad interests, notwithstanding the appeals made by representatives of the Brotherhood of Railroad Trainmen, voted against the measure, which has since been enacted into law. The adoption of this measure and the limitation in the working hours of railroad employees resulted in almost immediate reduction in the loss of human life, traceable to accidents in the conduct of the activities of the railroads.

BUTLER A BOURBON AUTOCRAT.

William M. Butler has been a Bourbon and a autocrat in public office and has ever resented the assumption that the people are competent to rule, as evidenced by his vote as a member of the State Legislature of Massachusetts in 1891 upon the question of direct election of United States Senators by the people, which he opposed. He has been a persistent and consistent opponent of granting the right of suffrage to women, and opposed its extension to women even in municipal elections, both in 1890 and 1892. The Arkwright Club, of which organization William M. Butler was president from 1918 to 1920, and director from 1920 to 1924, had him appear before the Legislature in 1923 in favor of permitting women to work in textile mills at night. Every thoughtful citizen realizes that the only hope and help for a vigorous womanhood and manhood is possible only through laws prohibiting employment in industry at night. The organization of which Mr. Butler was president opposed such laws in the interest of dollars rather than human beings. The great curse of New England in the past has been the sad system through which dividends were created over the wasted bodies of women and children in industry.

Well-intentioned citizens appeared before the Legislature in 1928 for a humane law, and behold, they were confronted by the Arkwright—Mr. Butler's club, of which he was director at the time.

He appeared in favor of the repeal of the minimum wage law for women and children. The repeal of this law would permit of the return of the old starving wage system, the exploitation of women and children, with fat graveyards and empty larders in the mill towns of New England.

In 1922 William M. Butler appeared in person at the hearing on repeal of the 48-hour law, and the Arkwright Club lobbyist appeared against the 48-hour law for women and children not only in 1918, but in 1919, 1922, 1923 and 1924.

The time has come for the President of the United States, if he desires to retain the respect that has ever been accorded an American occupying that office, to assert himself by instituting proceedings for the absolute divorce

from Andrew Mellon and the coterie of millionaires responsible through failure to develop a program for the protection of the industrial life of America. The most effective weapon that can be utilized by the people of America to secure this result is the ballot.

A Democratic victory for the entire ticket from Joseph B. Ely for Governor and Marcus A. Coolidge for United States Senator, and you will find on Wednesday morning, November 5, an awakened Washington, possibly apprehensive but nevertheless awakened to the necessity for immediate action rather than commissions and proclamations to stay the needs of the hungry and homeless who witness the rising of the sun each day without a glimmer of hope in a land of plenty.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

John F. Kennedy & Co. have been granted an extension of the time of completion of the contract for building sewerage works for Oakland brook in private land and Messinger street, from existing concrete conduit about 900 feet north-easterly, Dorchester, from October 25, 1930, to November 25, 1930, 31 days.

Charles Struzziery has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Fisher avenue, from Parker street to Parker Hill avenue, from October 15, 1930, to November 15, 1930.

M. DeMatteo has been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Cummins Highway, from Richmond road to River street, from October 1, 1930, to November 1, 1930.

SUPPLY DEPARTMENT.

The Pennsylvania Oil Company has been granted an extension of the completion date of contract for furnishing gasoline to the various city departments, from September 30, 1930, to October 21, 1930.

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

Sewer Cleaners.—Michael Foley, John Sweeney, Joseph Fareto, 4 $\frac{1}{2}$ days, \$26.25 each; Dennis Callaghan, John O'Connor, Thomas F. Casey, 4 $\frac{1}{2}$ days, \$24.75 each; Thomas Byrne, 2 $\frac{1}{2}$ days, \$14.25; Stephen Manning, Michael Neary, 1 $\frac{1}{2}$ days, \$11.25 each; Thomas Duffy, D. J. McKenna, 1 $\frac{1}{2}$ days, \$9 each; Leo A. Kilduff, 1 day, \$6.

Chauffeurs.—Charles F. Caffrey, 4 $\frac{1}{2}$ days, \$24.06; Arthur A. Gleason, 1 day, \$5.50; James F. McCarthy, 2 days, \$10.50; Dana W. Currier, A. Frati, Matthew Donovan, 1 $\frac{1}{2}$ days, \$7.88 each; Thomas Foley, 1 day, \$5.25.

Laborers.—Thomas F. Giblin, 4 $\frac{1}{2}$ days, \$20.63; Joseph Brown, James Clark, 1 $\frac{1}{2}$ days, \$9.38 each; John Henshon, 1 $\frac{1}{2}$ days, \$7.50; Joseph Conlon, Jeremiah Coleman, 1 day, \$5 each.

Public Works Department (Water Service).

For the week ending Monday, October 27:

Repairers.—P. Linehan, G. Cunningham, 1 $\frac{1}{2}$ days, \$11.25 each; J. Leonard, M. O'Day, 2 $\frac{1}{2}$ days, \$12.38 each; Cornelius Driscoll, E. Sullivan, J. Curtin, 1 $\frac{1}{2}$ days, \$10.79 each; C. Joyce, A. Martin,

J. Sheehan, 2 $\frac{1}{2}$ days, \$11.86 each; J. DeCoursey, J. Supple, 1 $\frac{1}{2}$ days, \$8.25 each; B. Dellorusso, J. McGee, 1 $\frac{1}{2}$ days, \$8.03 each; J. Hourihan, W. Shields, M. Matthews, $\frac{1}{2}$ day, \$4.50 each; H. Cassidy, A. Padrevite, B. McManus, $\frac{1}{2}$ day, \$2.06 each; J. Feeley, H. Krauss, $\frac{1}{2}$ day, \$4.13 each; C. Driscoll, $\frac{3}{4}$ day, \$5.06 each; T. Thureson, 1 $\frac{1}{2}$ days, \$6.75 each; W. Donovan, $\frac{1}{2}$ day, \$3.38; G. Goodwin, 1 $\frac{1}{2}$ days, \$11.88; E. Kelley, 2 $\frac{1}{2}$ days, \$11.34; C. DeLuca, $\frac{1}{2}$ day, \$3.24; J. Slaterry, 1 $\frac{1}{2}$ days, \$7.88; W. Dunderdale, $\frac{1}{2}$ day, \$3.38; J. Daly, $\frac{3}{4}$ day, \$2.58; J. Burke, 1 $\frac{1}{2}$ days, \$7.22; J. Burns, 2 $\frac{1}{2}$ days, \$11.34; J. O'Hara, $\frac{1}{2}$ day, \$3.09; W. Burke, $\frac{3}{4}$ day, \$4.64; T. Joyce, $\frac{1}{2}$ day, \$5.40; J. Ricco, $\frac{1}{2}$ day, \$4.92; G. Greer, $\frac{1}{2}$ day, \$5.63; S. Mickewicz, 1 $\frac{1}{2}$ days, \$9; T. Magee, $\frac{1}{2}$ day, \$2.25; J. Morgan, $\frac{1}{2}$ day, \$2.16; J. McLean, 1 $\frac{1}{2}$ day, \$5.16; T. Rose, 1 $\frac{1}{2}$ days, \$9.

Laborers.—D. Murphy, F. Auciello, J. Leonard, 1 day, \$5 each; J. O'Hanlon, P. Walsh, P. King, T. Connell, 1 $\frac{1}{2}$ days, \$9.38 each; W. Dunphy, D. Pedone, 1 $\frac{1}{2}$ days, \$7.50 each; A. Buono, C. McCarthy, $\frac{1}{2}$ day, \$2.81 each; F. Gerard, 2 $\frac{1}{2}$ days, \$12.19; A. LoPilato, 1 $\frac{1}{2}$ days, \$6.56; E. Fink, $\frac{1}{2}$ day, \$1.41; G. Pantaleone, 2 $\frac{1}{2}$ days, \$10.31; F. Cleveland, $\frac{1}{2}$ day, \$4.92; P. Coleman, 1 $\frac{1}{2}$ days, \$5.63; F. Greene, $\frac{1}{2}$ day, \$2.34; W. Behan, $\frac{1}{2}$ day, \$3.75; R. Anzaldo, $\frac{1}{2}$ day, \$1.25.

Total, \$419.71.

**CIVIL SERVICE EXAMINATIONS.
(STATE.)**

SENIOR BACTERIOLOGIST, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: To supervise all the activities of the department of bacteriology, such as the making of media, preparation of diphtheria toxin, of tuberculin, the carrying of all stock cultures, the preparation of bacterial suspensions for horse injections and potency tests on antipneumococcal and anti-meningococcal serum, sterility tests on all products, and from time to time certain diagnostic, serological, or bacteriological work.

Qualifications: Education equivalent to graduation from a college or university with specialization in bacteriology, serology, and immunology and either three years of post-graduate work, or four years of laboratory experience. Applicants with the degree of M. D. or Ph. D. will be given credit therefor.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants to obtain at least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

Residence requirement for Massachusetts waived.

PRINCIPAL STATISTICAL CLERK, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: To collect and supervise the collection of data on disease by house to house visits in the field; to have this data tabulated by statistical machine operators and to have computations made by senior statistical clerks, all under the direction of the principal statistical clerk, and then to analyze this data. This requires a knowledge of the binomial theorem, probability, association, correlation, chi-square, Lexian ratio, standard deviation, and the standard deviation of Bernoulli.

Qualifications: Education equivalent to high school graduation, and preferably some university training in mathematics and statistics.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 22, 1930.

Last day for filing applications, Saturday November 15, 1930, at 12 m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,800 a year; the maximum salary is \$2,160 a year.

There is also a vacancy at the Boston State Hospital at \$1,440 a year with maintenance.

Duties: To interview prisoners in jails and houses of correction, followed by visits and social history-taking in the community.

Qualifications: Education equivalent to high school graduation required. Credit will be given to applicants have college education and training or experience in social work, psychiatric or otherwise.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 60 per cent in the practical questions, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

POULTRY INSPECTOR, DEPARTMENT OF AGRICULTURE, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

The minimum salary is \$2,040 a year; the maximum salary is \$2,400 a year.

Duties: To inspect poultry farms; inspect and certify poultry flocks; inspect eggs to be used for incubation purposes; to determine quality of poultry flocks in accordance with standards of perfection, and to perform other related inspection work; to speak on poultry subjects; to supervise poultry exhibits at fairs; to handle all phases of certification problems of poultry flocks, baby chicks, and hatchling eggs.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

CONTRACTS AWARDED.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with department forces without advertising; additions to and deductions from contracts.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon October 27 the Mayor approved a contract with J. A. Sprissler for grading, paving, etc., at the Richard Olney School. Bids, opened October 23, were as follows:

J. A. Sprissler, \$3,290; Joseph B. Doyle, \$3,625; D. F. Peardon & Sons, \$3,879; J. B. O'Rourke, \$3,950; Thomas J. Kelly, \$3,995; Frederick C. Solari, \$3,995; R. J. Connolly, \$4,570.

INSTITUTIONS DEPARTMENT.

Upon October 14 the Mayor approved a contract with the Bethlehem Shipbuilding Corporation, Limited, for repairs to the steamer "George A. Hibbard." Bids, opened Friday, October 17, were as follows:

Bethlehem Shipbuilding Corporation, Limited, \$1,602, plus \$4.50 per sheet for copper sheathing required. Time: eight working days; Richard T. Green Company, \$2,776, plus \$6.50 per sheet for copper sheathing required. Time: fifteen working days.

Upon October 28 the Mayor approved a contract with J. J. Hurley & Co. for changes in boiler equipment at the Long Island Hospital. Bids, opened Tuesday, October 28, were as follows:

J. J. Hurley & Co., \$32,688; J. P. Dwyer Company, \$34,344; Rideout, Chandler & Joyce, \$34,800; R. B. Crocker, \$36,980.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon October 27 the Mayor approved a contract with C. Reppucci & Co. for granite block pavement in E street, from Fargo street 864 feet southwesterly. Bids, opened October 22, were as follows:

A. Singarella, \$9,676.65; C. Reppucci & Co., \$10,826.15; S. J. Tomasello, \$11,525.55; B. E. Grant Company, \$12,116.60; A. G. Tomasello & Son, Incorporated, \$12,194.75; Coleman Brothers, Incorporated, \$12,365.30; A. R. Doyle, Incorporated, \$12,978.25; J. B. O'Rourke, Incorporated, \$13,207; W. G. C. Company, \$14,552.20.

Upon October 27 the Mayor approved a contract with C. Capone for bitulithic pavement in Navarre street, from Canterbury street to Richards avenue. Bids, opened October 22, were as follows:

Sheet Asphalt.—C. Capone, \$13,114.65; M. De Matteo, \$13,224.90; Dooley Brothers, Incorporated, \$13,798.15; A. G. Tomasello & Son, Incorporated, \$13,658.80; C. M. Callahan, Incorporated, \$13,937.25; A. R. Doyle, Incorporated, \$13,892.40; S. J. Tomasello, \$14,170; M. McGinnis Company, \$14,241.10; A. Singarella, \$14,518.70.

Bitulithic.—C. Capone, \$12,938.90; M. De Matteo, \$13,224.90; Dooley Brothers, Incorporated, \$13,622.40; A. G. Tomasello & Son, Incorporated, \$13,658.80; C. M. Callahan, Incorporated, \$13,766.50; A. R. Doyle, Incorporated, \$13,892.40; S. J. Tomasello, \$14,170; M. McGinnis Company, \$14,241.10; A. Singarella, \$14,342.95.

Upon October 28 the Mayor approved a contract with Dooley Brothers, Incorporated,

for bitulithic pavement in Gilmer street, Ward 14, from Westmore road to Wellington Hill street. Bids, opened October 24, were as follows:

Sheet Asphalt.—M. De Matteo, \$4,306.95; Dooley Brothers, Incorporated, \$4,374.75; C. Capone, \$4,533.30; A. Singarella, \$4,931.55; A. G. Tomasello & Son, Incorporated, \$4,825.50.

Bitulithic.—M. De Matteo, \$4,258.70; Dooley Brothers, Incorporated, \$4,326.50; C. Capone, \$4,485.05; A. Singarella, \$4,773.80; A. G. Tomasello & Son, Incorporated, \$4,825.50.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon October 27 the Mayor approved a contract with James J. Conway for sewerage works across Charles street at Poplar street, city proper. Bids, opened October 21, were as follows:

James J. Conway, \$5,080.50; L. Balboni, \$5,168.50; C. Russo, \$5,870.00; A. Grande, \$6,555.49; De Cristoforo Brothers Company, \$11,064.

Upon October 27 the Mayor approved a contract with L. Balboni for sewerage works in North Mead street, Charlestown, Corinne road, Brighton, and Alhambra road, West Roxbury. Bids, opened October 21, were as follows:

L. Balboni, \$4,742.50; Roslindale Contracting Company, \$5,091.58; A. Piatelli & Co., \$5,320; Roxbury Concrete Construction Company, Incorporated, \$5,628.57; D. V. Construction Company, \$5,844.50; N. Cibotti, \$6,175; DeCristoforo Brothers Company, \$6,562.54; M. D. Russo, \$6,569.10.

Upon October 27 the Mayor approved a contract with A. Piatelli & Co. for sewerage works in Cushing Hill road, between Gallivan Boulevard and Milton street, Dorchester. Bids, opened October 23, were as follows:

A. Piatelli & Co., \$2,480; C. Russo, \$2,530; D. V. Construction Company, \$2,600; Roxbury Concrete Construction Company, \$3,123.95; N. Cibotti, \$3,170; M. DeSisto Company, \$3,189; DeCristoforo Brothers Company, \$3,235.36; Roslindale Contracting Company, \$3,997.76.

Upon October 27 the Mayor approved a contract with John Williams for sewerage works in Seminole street, between Cummins Highway and Wood avenue, Dorchester and Hyde Park. Bids, opened October 24, were as follows:

John Williams, \$4,025; D. V. Construction Company, \$4,270.60; L. Balboni, \$4,426; Roxbury Concrete Construction Company, Incorporated, \$4,529; M. DeSisto Company, \$4,583; A. Piatelli & Co., \$4,632.75; A. Grande, \$4,852.18; C. Russo, \$5,000; M. Cibotti, \$5,040.25; Savage Contracting Company, \$5,722.50; Roslindale Contracting Company, \$5,891.11.

Upon October 28 the Mayor approved a contract with V. Barletta Company for sewerage works in Stony brook, Section 11, between Roslindale brook and Florence street, and Roslindale brook, between Bradeen street and Stelman road, West Roxbury. Bids, opened October 24, were as follows:

V. Barletta Company, \$141,670; De Cristoforo Brothers Company, \$144,385.50; Zoppo & Civitarese, \$150,456.50; C. & R. Construction Company, \$156,903.22; V. Grande, \$162,733.11; J. J. Coughlan & Sons, Incorporated, \$167,620; T. J. O'Connell, \$177,200.51.

Upon October 29 the Mayor approved a contract with De Cristoforo Brothers for sewerage works in Billings Field, between La Grange street and Bellevue street, West Roxbury. Bids, opened October 27, were as follows:

D. V. Construction Company, \$7,052.50; De Cristoforo Brothers Company, \$7,827.51; J. F. Kennedy & Co., \$8,220.75; J. Williams, \$8,254.75; T. J. O'Connell, \$8,273.16; Joseph Lozonzo, Jr., and DeBartolomeo, \$8,291.25; C. Russo, \$8,634.75; L. Balboni, \$8,673.75; A. Piatelli & Co., \$9,098.25; M. DeSisto & Co., \$9,564.50; Lawrence Construction Company, \$9,868.75; Zoppo & Civitarese, \$9,979.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon October 27 the Mayor approved a contract with the Roxbury Concrete Construction Company for laying and relaying water pipe in Chardon street, city proper. Bids, opened October 23, were as follows:

John Williams, \$1,965; Roxbury Concrete Construction Company, Incorporated, \$2,122; Roslindale Contracting Company, \$2,240; M. De Sisto Company, \$2,280; R. A. Buccella, \$2,915; Thomas Burke, \$3,980.

SUPPLY DEPARTMENT.

Upon October 29 the Mayor approved a contract with the Lehigh Foundries for furnishing ornamental sections, street sign frames, adapters and acorn caps for street signs to be delivered to the Paving Service. Bids, opened October 15, were as follows:

1,000 Ornamental Adjustable Sections.—Daniel Russell Boiler Works, Incorporated, 98.5 cents each; Lehigh Foundries, \$740 per lot; E. T. Ryan Iron Works, Incorporated, \$1,300 per lot.

1,500 Street Sign Container Frames.—Daniel Russell Boiler Works, Incorporated, \$1.40 each; Lehigh Foundries, \$1,770 per lot; E. T. Ryan Iron Works, Incorporated, \$2,900 per lot.

1,500 Pairs Adapters.—Daniel Russell Boiler Works, Incorporated, 41 cents each pair; Lehigh Foundries, \$495 per lot; E. T. Ryan Iron Works, Incorporated, \$500 per lot.

500 Acorn Caps.—Daniel Russell Boiler Works, Incorporated, \$1.05 each; Lehigh Foundries, \$300 per lot; E. T. Ryan Iron Works, Incorporated, \$875 per lot.

Total.—Daniel Russell Boiler Works, Incorporated, \$4,225; Lehigh Foundries, \$3,305 (in auditor's copy of bid, totals written against items are marked "each"); E. T. Ryan Iron Works, Incorporated, \$5,575.

WITHOUT ADVERTISING.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Henry N. Clark Company has been allowed for the following changes in the contract for various schools, Section B.: 80½ hours labor, man and helper at \$2.50 per hour, \$200.63, material, \$238.44; total addition, \$439.07; per Heating Engineer Cassidy's letter of October 16, 1930, and the amount of \$439.07 will be added therefor, making the account as follows: Contract price, \$1,033.22; total additions, \$439.07; amount of contract, \$1,472.29.

Henry N. Clark Company has been allowed for the following changes in the

various schools, Section A: 79½ hours labor, man and helper at \$2.50 per hour, \$198.75; material, \$190.85; total addition, \$389.60, per Heating Engineer Cassidy's letter of October 16, 1930, and the amount of \$389.60 will be added therefore, making the account as follows: Contract price, \$1,035.54; total additions, \$389.60; amount of contract, \$1,425.14.

MAYOR THANKED FOR COURTESY TO CADETS.

From Lieut.-Col. Robert C. Richardson, Jr. (Cavalry), Commandant of Cadets, United States Military Academy, West Point, N. Y., came the following to the Mayor:

I beg to express my appreciation of the courtesy with which the Corps of Cadets was received in Boston upon the occasion of their visit and to thank you for the splendid arrangements which were made for them.

It was indeed an honor to visit Boston again and to be received with such courtesy and cordiality by its citizens.

With expression of my high esteem.

MAYOR IS THANKED FOR ADDRESS.

From Mr. John J. Deviny, secretary, United Typothetae of America, Tower Building, Washington, D. C., came the following to the Mayor:

It was extremely kind of you to accept the invitation to address our convention which convened in Boston last week, and your forceful and inspiring address upon that occasion brought many favorable and enthusiastic comments from our members who were in attendance.

Please accept, on behalf of our Board of Directors and members generally, our deep appreciation of your courtesy, and the hope that we may have the pleasure of hearing you again at some future time.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to grade and construct bituminous macadam roadway in Stimson street, West Roxbury, from Washington street to Grove street, with department forces, without advertising, the estimated cost for labor and material being \$2,500.

The Mayor has approved the request of the Public Works Department for authority to remove trees, etc., in Hunnewell avenue, Brighton, from Matchett street to Atkins street, with department forces, without advertising, the estimated cost for labor and material being \$500.

CONTRACTS AWARDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon October 29 the Mayor approved a contract with William H. Field Company for furnishing and delivering woodworking machinery in the Boston Trade School. Bids, opened on October 14, were as follows:

ITEM.	Oliver Machinery Company.	William H. Field Company.	J. A. Fay & Egan Company.	Chandler & Farquhar Company.

* No bid in auditor's office.

ORDERS OF ADDITION.

DEPARTMENT OF SCHOOL BUILDINGS.

The Mayor has approved the issuance of the following:

Orders of addition, in the sum of \$3,268.74, to the contract of the Frank Imhof Company for erection and completion of alterations and additions to the Harriet A. Baldwin School, Washington street and Corey road, Brighton district.

This amount is necessary to cover the cost of the following: Removing trench rock, trench earth excavation, extra concrete and backfilling, for additional depth of foundations; furnishing and installing tee irons to reinforce limestone mullions between windows; installation of steel lintels at corridor openings; furnishing and laying granolithic and terrazzo base in corridors and playrooms.

The above amount is subdivided as follows:

Additional foundation work, \$907.93; reinforcing at window openings, \$1,412; steel lintels for corridor openings, \$225; granolithic and terrazzo base, \$576.96; flashing windows, \$149; work in old building, \$87.50; total addition, \$3,358.39; allowance for substitution of sand lime brick and hollow tile in place of sand-struck brick specified, \$89.65; net addition, \$3,268.74.

An order of addition, in the sum of \$1,400.61, to the contract of Archdeacon & Sullivan, Incorporated, for the erection and completion of alterations and additions to the Alexander Hamilton School, Brighton district.

This amount is required to cover the cost of extra excavation and concrete, necessary to carry foundation walls to a greater depth, due to soil conditions. This work is itemized as follows: 96.44 cubic yards trench excavation at \$2.50, \$241.10; 53.12 cubic yards trench excavation, below 6 feet, at \$3.50, \$185.92; 43.37 cubic yards concrete at \$20, \$867.40; 106.19 cubic yards backfilling at \$1, \$106.19; total addition, \$1,400.61.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward

named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

EXTRA WORK UNDER CONTRACT.

Joseph A. Singarella has been directed to perform the following extra work under the contract for laying bitulithic pavement in Columbus avenue, from Northampton street to Station street, dated June 30, 1930. Items ordered: Omit the laying of brick sidewalks in Columbus avenue on west side, between Station street and Prentiss street, and substitute the furnishing and laying of artificial stone sidewalks. Price to be paid: For each square foot of artificial stone sidewalks furnished and laid the sum of 20 cents. Estimated cost of omitted work, \$207; estimated cost of substituted work, \$1,242; estimated increase in cost, \$1,035.

Joseph A. Singarella has been directed to perform the following extra work under the contract for laying bitulithic pavement in Columbus avenue, from Northampton street to Station street, dated June 30, 1930. Items ordered: Remove sidewalk bricks and furnish and lay extra sand to raise grade of sidewalks from six (6) to eight (8) inches. Price to be paid: For each square yard brick sidewalks removed and grade raised, the sum of twenty-three cents. Estimated cost of extra work, \$1,925.

Charles Capone has been directed to perform the following extra work under the contract for laying bitulithic pavement in Granfield avenue, etc., streets, dated September 29, 1930. Items ordered: Furnish and lay 1-3-6 concrete foundation 18 inches wide by 4 inches thick below sub-grade in edgestone trench where directed in Granfield avenue. Price to be paid: For each linear foot of concrete furnished and laid, including excavation, the sum of thirty-five cents. Estimated cost of extra work, \$580.

Martino DeMatteo has been directed to perform the following extra work under the contract for constructing artificial stone sidewalks in Fairmount, etc., streets, dated September 24, 1930. Items ordered: Construct artificial stone sidewalks in Cambridge street, south side, from Mechanic street about 120 feet northwesterly. Prices to be paid: The same as those bid for similar work in the contract. Estimated cost of extra work, \$240.

FIRE DEPARTMENT ORDERS.

General Order No. 96.

I. FIRE DEPARTMENT BAND.

The next meeting and rehearsal of the Boston Fire Department Band will be held at the quarters of Engine Company 26 at 2.30 p. m., Saturday, October 25, 1930. Members should bring their instruments, music books and stands to the rehearsal. Attention is called to the fact that an attendance record is being kept and members should enter through the front door and be checked off.

II. TRANSFERS.

The following transfers are hereby ordered to take effect at 8 a. m., Friday, October 24, 1930:

William A. Baldwin, from Ladder 20 to Fire Prevention Division.

John D. J. Downey, from Engine 42 to Fire Prevention Division.

Patrick J. McDevitt, from Engine 41 to Fire Prevention Division.

Edward J. Coveney, from Engine 25 to Fire Prevention Division.

Henry J. Enross, from Engine 22 to Fire Prevention Division.

William J. Forster, from Engine 40 to Fire Prevention Division.

Paul J. Howard, from Engine 38 to Fire Prevention Division.

John A. O'Connor, from Fire Prevention Division to Engine 41.

James D. Driscoll, from Fire Prevention Division to Engine 42.

John J. Lowney, from Fire Prevention Division to Engine 38.

Lawrence J. Harvey, from Fire Prevention Division to Ladder 9.

William M. Lydon, from Fire Prevention Division to Ladder 16.

The following members who have been detailed to the Fire Prevention Division for several months are hereby transferred to that division, effective at 8 a. m., Friday, October 24, 1930:

Lieut. Thomas P. Lane, Engine 2.

Lieut. Francis J. Linney, Engine 43.

Thomas A. Dean, Engine 26.

Edward Brewster, Engine 3.

Stanislaus F. Mikolajewski, Engine 17.

Matthew P. Scanlan, Ladder 12.

III. RESIGNATION.

The resignation of Hoseman John C. Kennedy of Engine Company 48 has been accepted by the Fire Commissioner, effective as of 8 a. m., October 7, 1930.

IV. FALSE ALARM INVESTIGATION.

Paragraph I, General Orders No. 67, series of 1927, relating to the above subject is hereby rescinded.

Inasmuch as every case of this kind is different, in the future the Fire Commissioner will consider such acts upon their individual merits.

V. LIGHT FUEL OIL BURNER REGULATIONS.

The following communication which has been received from the State Fire Marshal, is hereby published for the information of the Department:

"Subject: Section 9, Light Fuel Oil Burner Regulations.

1. With reference to the amendment of section 9 of the light fuel oil burning regulations as approved under date of July 23, 1930, I hereby approve of the use of any lever type gate valve with a

weighted arm, and held open by a fusible link as an automatic closing safety valve as required by said amended section 9.

2. I also hereby approve the use of any automatic closing safety valve which may be approved by me for any one particular approved fuel oil burner for use in connection with any other approved burner.

JOHN W. RETH,
State Fire Marshal."

VI. NEW FIRE ALARM BOXES.

The following new fire alarm boxes will shortly be established:

Box 2497: Arbor View and Malcolm roads. This box will be connected into Circuit No. 75 and the assignments will be the same as for Box 2495.

Box 13-6136: Commonwealth Pier No. 1. Eastern Steamship Company. This box will be connected into Circuit No. 76 and the assignments will be the same as for Box 6136.

Box 12-6151: Hodges Wharf, 111 Summer street. Eastern Steamship Company. This box will be connected into Circuit No. 28 and the assignments will be the same as for Box 6151.

Box 7129: Metropolitan Coal Pier. Eastern Steamship Company. This box will be connected into Circuit No. 33 and the assignments will be the same as for Box 7127.

Company commanders will forward assignment cards for Boxes 6136 and 6151 to Headquarters not later than Monday, October 27, in order that the location of Boxes 13-6136 and 12-6151 may be added to the cards. The company number will be written on the back of each assignment card. They will also place a memorandum in assignment card boxes regarding Boxes 2497 and 7129 until such time as new cards for same are issued.

VII. COMMENDATIONS.

Hoseman Henry Woodbury of Engine Company 5 is hereby commended for extinguishing a fire at 145 Trenton street, East Boston, October 18, 1930, while off duty.

Ladderman Thomas J. Hynes of Ladder Company 10 is hereby commended for extinguishing a fire in an awning at 264 Brookline avenue, October 19, 1930, while off duty.

Ladderman Martin A. Lombard is hereby commended for responding to and working at fire, Box 3467, October 20, 1930, while off duty.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective October 27, 1930:

That section 53 is amended by adding the following:

Longwood avenue, from Huntington avenue to Brookline avenue.

Voted, That during the period of roadway resurfacing, vehicles are excluded from Mt. Vernon street, between Joy street and Hancock street, from 8 a. m. on October 25, 1930, to 7 a. m. on October 27, 1930.

POLICE DEPARTMENT ORDERS.

General Order No. 136.

The attention of the department is called to Rule 20, Section 1, of the Rules and Regulations of the Boston Police Department, which reads as follows:

All lost or abandoned or other money or property coming into the possession of any police officer, by virtue of his office, shall be by him delivered to the officer in charge of his division or unit, who shall receive the same for transmission to the property clerk and enter a description thereof on the journal, together with the time and place when and where it was obtained, and carefully mark it for the purpose of identification. *Said property shall then be transmitted within twenty-four hours to the property clerk, except as herein otherwise provided.*

The phrase, except as herein otherwise provided, points out certain exemptions in Rule 20, namely, sections 2, 3, 4, 5, 6, 7 and 8. Unless the property comes within the provisions of any of these exemptions, division commanders shall comply with the rule compelling the property to be transmitted within twenty-four hours to the property clerk. The property clerk is the official of the Police Department who is charged with the proper care of stolen, lost, abandoned or any other property taken from a person under arrest, which does not belong to that person, and which has not been claimed by any person.

The property clerk is required to give the notice provided for in the latter part of section 1 of chapter 134 of the General Laws, that is, advertising the receipt of property coming into his possession in a Boston newspaper immediately upon receipt of same. This advertisement should contain an accurate description of the property. All property coming into his possession regardless of the value must be advertised. Property coming into the possession of the property clerk must be disposed of in the manner outlined in section 8 of chapter 135 of the General Laws as amended. Such property cannot be disposed of until after a period of six months has elapsed and no one has made claim to the property.

The practice existing heretofore of advertising but once, namely, when the property was to be sold at public auction under the provisions of section 8 of chapter 135 of the General Laws as amended, must be discontinued, and in the future the property must be advertised as soon as it comes into the possession of the property clerk in accordance with section 7 of chapter 135 of the General Laws, and finally disposed of in the manner outlined in section 8 of chapter 135.

Division commanders shall, commencing Saturday, November 1, 1930, report in duplicate, on the new form provided, to the Superintendent a list of all property coming into their possession in their official capacity, and the disposition of the same, and thereafter a daily report of all such property coming into their possession up to eight o'clock a. m. of the previous day and the date on which the property was forwarded to the property clerk.

The property clerk shall not receive any property described above which has been in the possession of any division commander more than twenty-four hours without making report of the same to the Superintendent.

Division commanders will immediately forward requisitions to property clerk for number of new forms required. Old forms not to be used on or after November 1, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 137.

Patrolman Charles M. Lamb of Division 1 having arrived at the age of sixty-five and one-twelfth years and having performed faithful service in the Police Department for thirty-six and five-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Lamb be retired from active service and that his name be placed upon the department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Tuesday, October 28, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 138.

Capt. Richard Fitzgerald of Division 2 having arrived at the age of sixty-three and seven-twelfths years, having performed faithful service in the Police Department for thirty-six and three-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Captain Fitzgerald be retired from active service and that his name be placed upon the department pension roll with pay at the rate of two thousand (2,000) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Friday, October 31, 1930.

Captain Fitzgerald was appointed a reserveman in this department July 12, 1894, and passed through successive grades as follows: Patrolman, April 8, 1895; sergeant, March 28, 1908; lieutenant, October 18, 1913, and captain, February 26, 1916.

He retires with the best wishes of his superiors and subordinates after an honorable career, and it is hoped that he may continue in good health, and enjoy the leisure earned by his long years of public service.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 139.

The following transfer in the Department is hereby ordered, to take effect at 7.45 o'clock a. m., Friday, October 31, 1930.

Capt. Martin H. King from Division 6 to Division 2.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 140.

Dudley W. Hook, a signalman in the Police Signal Service, having arrived at the age of sixty-five and eight-twelfths years, and having performed faithful

service in the Police Department for thirty-seven and one-twelfth years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Dudley W. Hook, signalman, be retired from active service and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Friday, October 31, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

LAND DAMAGES.

The Mayor has approved the following order of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement, consisting of the widening, relocation and construction of North Harvard street, Brighton district, as a highway, from Western avenue to Cambridge street, under the order of the Board, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction of North Harvard street, Brighton district, as a highway, from Western avenue to Cambridge street, bounded and described as follows:

The highway named North Harvard street is hereby widened and relocated from Western avenue to Cambridge street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

Part between Western avenue and Bertram street, southeasterly side:

Southwesterly by Bertram street, twenty-three and 21-100 feet; northwesterly by North Harvard street, one hundred twenty-nine feet; southeasterly by the southeasterly line of North Harvard street as established under this order, one hundred fourteen and 3-100 feet; and northeasterly by the northeasterly line of North Harvard street as established under this order, seventeen and 45-100 feet, on a curve of ten feet radius, containing four hundred and eighty-two square feet, more or less.

Part between Western avenue and Spurr street, northwesterly side:

Northerly by Western avenue, forty-eight and 31-100 feet; southeasterly by North Harvard street, one hundred fifty-five and 11-100 feet; northwesterly by the northwesterly line of North Harvard street as established under this order, one hundred fifteen and 79-100 feet; southwesterly by the southwesterly line of North Harvard street as established under this order, twenty-three and 5-100 feet on a curve of ten feet radius, containing eighteen hundred and thirty-seven square feet, more or less.

Part between Bertram street and Kingsley street, easterly side:

Westerly by North Harvard street, one hundred fifty-five and 42-100 feet; northwesterly by a line forming the junction of North Harvard and Bertram streets, thirty and 24-100 feet; southeasterly by the southeasterly line of North Harvard street as established under this order, fifteen and 9-100 feet on a curve of ten feet radius; and easterly by the easterly line of North Harvard street as established under this order, one hundred eighty-three and 6-100 feet on a curve of five hundred and fifty feet radius, containing fourteen hundred and fifty square feet, more or less.

Part between Spurr street and Franklin street, westerly side:

Northeasterly by a curve line forming the junction of Spurr and North Harvard streets, forty-three and 11-100 feet; easterly by North Harvard street, one hundred fifty and 26-100 feet; southeasterly by Franklin street, twenty-nine and 87-100 feet; westerly by the westerly line of North Harvard street as established under this order by two measurements, twenty and 28-100 feet and one hundred forty-nine and 10-100 feet on a curve of six hundred and ten feet radius; and southwesterly by the southwesterly line of North Harvard street as established under this order, forty-eight and 90-100 feet on a curve of thirty-two and 62-100 feet radius, containing twenty hundred and ninety-two square feet, more or less.

Part between Kingsley street and Rena street, northeasterly side:

Northwesterly by a curve line forming

the junction of North Harvard and Kingsley streets, fifteen and 55-100 feet; southeasterly by the southeasterly line of North Harvard street as established under this order, ten and 75-100 feet on a curve of six and 12-100 feet radius; northeasterly by the northeasterly line of North Harvard street as established under this order, by three measurements, sixty-five and 94-100 feet on a curve of two hundred forty-three and 35-100 feet radius, two hundred fifty-six and 27-100 feet on a curve of eight hundred feet radius and seven and 79-100 feet on a curve of six and 84-100 feet radius; southwesterly by a curve line forming the junction of Rena and North Harvard streets, seventeen and 59-100 feet; and again southwesterly by North Harvard street, three hundred nineteen and 31-100 feet, containing thirty-five hundred and forty-three square feet, more or less.

Part between Franklin street and Bayard street, southwesterly side:

Northwesterly by Franklin street, twenty-eight and 98-100 feet; northerly by a curve line forming the junction of Franklin and North Harvard streets, twenty-four and 19-100 feet; easterly by North Harvard street, one hundred forty-five and 33-100 feet; southwesterly by the southwesterly line of North Harvard street as established under this order by two measurements, twenty-nine and 48-100 feet and one hundred and 23-100 feet on a curve of three hundred three and 35-100 feet radius; southerly by the southerly line of North Harvard street as established under this order, twenty-three and 15-100 feet on a curve of ten feet radius, containing twenty-one hundred and forty-one square feet, more or less.

Southeasterly by Bayard street, sixteen and 12-100 feet; southwesterly by the southwesterly line of North Harvard street as established under this order, one hundred twenty and 35-100 feet on a curve of eight hundred and sixty feet radius; and northeasterly by North Harvard street, one hundred twenty-one and 40-100 feet, containing eleven hundred thirty-eight square feet, more or less.

Part between Rena street and Hopedale street, northeasterly side:

A strip of land approximately five feet in width, containing thirty-seven hundred and four square feet, more or less.

Part between Bayard street and Easton street, southwesterly side:

A strip of land approximately eighteen feet in width, containing thirty-one hundred and seven square feet, more or less.

Part between Easton street and Coolidge road, southwesterly side:

Northwesterly by Easton street, nineteen and 26-100 feet; northeasterly by North Harvard street, ninety-one and 37-100 feet; easterly by a curve line forming the junction of Coolidge road and North Harvard street, forty-six and 93-100 feet; and southwesterly by the southwesterly line of North Harvard street as established under this order, by two measurements, fifteen and 4-100 feet on a curve of thirty-seven and 86-100 feet radius and one hundred nineteen and 17-100 feet, containing twenty-two hundred and forty-six square feet, more or less.

Part between Coolidge road and Hooker street, southwesterly side:

A strip of land, varying in width from eighteen and 39-100 feet to twenty-two and 83-100 feet, containing thirteen thousand five hundred and sixty-three square feet, more or less.

Part between Hooker street and Empire street, southwesterly side:

Southerly by the southerly line of North Harvard street as established under this order, eleven and 94-100 feet on a curve of seven and 12-100 feet radius; northerly by a curve line forming the junction of Hooker and North Harvard streets, forty-two and 65-100 feet; northeasterly by North Harvard street, one hundred fourteen and 91-100 feet; southeasterly by a curve line forming the junction of North Harvard and Empire streets, sixteen and 71-100 feet; again southeasterly by Empire street, nine and 66-100 feet; and southwesterly by the southwesterly line of North Harvard street as established under this order, one hundred forty-two and 51-100 feet, containing thirty-four hundred and eighty-six square feet, more or less.

Part between Hopedale street and Parker avenue, northeasterly side:

Northeasterly by a curve line forming the junction of North Harvard street and Hopedale street, twenty-two and 50-100 feet; easterly by the easterly line of North Harvard street, as established under this order, twelve and 97-100 feet on a curve of seven and 63-100 feet radius; northeasterly by the northeasterly line of North Harvard street as established under this order, one hundred forty-two and 9-100 feet; and northerly by the northerly line of North Harvard street as established under this order, nineteen and 28-100 feet on a curve of fifteen feet radius; southeasterly by Parker avenue, nineteen and 52-100 feet; and southwesterly by North Harvard street, one hundred forty-five and 49-100 feet, containing eleven hundred and thirty-eight square feet, more or less.

Part between Parker avenue and Empire street, northeasterly side:

Southerly by Empire street, twelve and 34-100 feet; westerly by North Harvard street, one hundred forty-five and 40-100 feet; northwesterly by Parker avenue, nine and 46-100 feet; easterly by the easterly line of North Harvard street as established under this order, fifteen and 16-100 feet on a curve of ten feet radius; and northeasterly by the northeasterly line of North Harvard street as established under this order, one hundred thirty-four and 15-100 feet, containing seven hundred and thirty square feet, more or less.

Part between Empire street and Cambridge street, northeasterly side:

Northerly by Empire street, sixteen and 18-100 feet; northeasterly by the northeasterly line of North Harvard street as established under this order, one hundred eighteen and 16-100 feet; northerly by the northerly line of North Harvard street as established under this order, thirty-nine and 62-100 feet on a curve of twenty-five feet radius; southeasterly by Cambridge street, thirty-seven and 30-100 feet; southerly by a curve line forming the junction of North Harvard and Cambridge streets, twenty-nine and 94-100 feet; and westerly by North Harvard street, one hundred twenty-four and 60-100 feet, containing thirty-five hundred and three square feet, more or less.

Part between Empire street and Cambridge street, southwesterly side:

Northwesterly by Empire street, fourteen and 97-100 feet; easterly by North Harvard street, one hundred thirteen and 86-100 feet; and southwesterly by the southwesterly line of North Harvard street as established under this order, one hundred twelve and 2-100 feet, containing eight hundred and thirty-seven square feet, more or less.

Trees or structures standing upon or

affixed to the aforescribed lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said highway as hereby widened and relocated is bounded:

Northwesterly by Western avenue, one hundred ten and 61-100 feet; southeasterly by the southeasterly line of said North Harvard street as hereby established, by two measurements, twenty-seven and 45-100 feet and one hundred fourteen and 3-100 feet on a curve of five hundred and fifty feet radius; northeasterly by the northeasterly line of said North Harvard street as hereby established, by two measurements, forty and 62-100 feet, and fifteen and 9-100 feet on a curve of ten feet radius, easterly by the easterly line of said North Harvard street as hereby established, by two measurements, one hundred eighty-three and 6-100 feet on a curve of five hundred and fifty feet radius and forty-two and 98-100 feet; again northeasterly by the northeasterly line of said North Harvard street as hereby established, fifteen and 42-100 feet on a curve of nine and 51-100 feet radius; easterly by the easterly line of said North Harvard street as hereby established, forty feet; again southeasterly by the southeasterly line of said North Harvard street as hereby established, ten and 75-100 feet on a curve of six and 12-100 feet radius; again northeasterly by the northeasterly line of said North Harvard street as hereby established, by four measurements, sixty-five and 94-100 feet on a curve of two hundred forty-three and 35-100 feet radius, two hundred fifty-six and 27-100 feet on a curve of eight hundred feet radius, seven and 79-100 feet on a curve of six and 84-100 feet radius and forty-six and 45-100 feet; again easterly by the easterly line of said North Harvard street as hereby established, twelve and 19-100 feet on a curve of six and 8-100 feet radius; again northeasterly by the northeasterly line of said North Harvard street as hereby established, eight hundred five and 20-100 feet; northerly by the northerly line of said North Harvard street as hereby established, fourteen and 96-100 feet on a curve of ten and 38-100 feet radius; again northeasterly by the northeasterly line of said North Harvard street as hereby established, forty and 28-100 feet; again easterly by the easterly line of said North Harvard street as hereby established, twelve and 97-100 feet on a curve of seven and 63-100 feet radius; again northeasterly by the northeasterly line of said North Harvard street as hereby established, one hundred forty-two and 9-100 feet; again northerly by the northerly line of said North Harvard street as hereby established, nineteen and 28-100 feet on a curve of fifteen feet radius; again easterly by the easterly line of said North Harvard street as hereby established, forty and 75-100 feet; again southeasterly by the southeasterly line of said North Harvard street as hereby established, fifteen and 16-100 feet on a curve of ten feet radius; again northeasterly by the northeasterly line of said North Harvard street as hereby established, two hundred eighty-seven and 31-100 feet; again northerly by the northerly line of said North Harvard

street as hereby established, thirty-nine and 62-100 feet on a curve of twenty-five feet radius; again southeasterly by Cambridge street, one hundred nine and 61-100 feet; westerly by the westerly line of said North Harvard street as hereby established, thirty-eight and 81-100 feet on a curve of twenty-five and 64-100 feet radius; southwesterly by the southwesterly line of said North Harvard street as hereby established, two hundred eighty-nine and 59-100 feet; southerly by the southerly line of said North Harvard street as hereby established, eleven and 94-100 feet on a curve of seven and 12-100 feet radius; again southwesterly by the southwesterly line of said North Harvard street as hereby established, forty feet; again westerly by the westerly line of said North Harvard street as hereby established, fifteen and 5-100 feet on a curve of eight and 34-100 feet radius; again southwesterly by the southwesterly line of said North Harvard street as hereby established, six hundred thirty-three and 75-100 feet; again southerly by the southerly line of said North Harvard street as hereby established, seventeen and 58-100 feet on a curve of twenty-nine and 23-100 feet radius; again southwesterly by the southwesterly line of said North Harvard street as hereby established, forty feet; again westerly by the westerly line of said North Harvard street as hereby established, forty-six and 79-100 feet on a curve of thirty-seven and 86-100 feet radius; again southwesterly by the southwesterly line of said North Harvard street as hereby established, by three measurements, three hundred twenty-one and 11-100 feet, two hundred seventy-five and 50-100 feet on a curve of eight hundred and sixty feet radius and one hundred and 23-100 feet on a curve of three hundred three and 35-100 feet radius; again southerly by the southerly line of said North Harvard street as hereby established, twenty-three and 15-100 feet on a curve of ten feet radius; again westerly by the westerly line of said North Harvard street as hereby established, by three measurements, seventy-two and 96-100 feet, twenty and 28-100 feet and one hundred forty-nine and 10-100 feet on a curve of six hundred and ten feet radius; again southwesterly by the southwesterly line of said North Harvard street as hereby established, forty-eight and 90-100 feet on a curve of thirty-two and 62-100 feet radius; northwesterly by the northwesterly line of said North Harvard street as hereby established, by two measurements, forty-eight and 75-100 feet and one hundred twenty and 85-100 feet on a curve of six hundred and ten feet radius; and again southwesterly by the southwesterly line of said North Harvard street as hereby established, twenty-three and 5-100 feet on a curve of ten feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of North Harvard street, from Western avenue to Cambridge street, as widened and relocated under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "North Harvard Street, Brighton, Assessment Plan, June 30, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out De-

partment," and on file in the office of said department.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

The Bethlehem Shipbuilding Corporation, Limited, have been granted an extension of time for the completion of the contract for repairing and painting Fireboat No. 47 to October 10.

PENAL INSTITUTIONS DEPARTMENT.

John Bowen Company have been granted an extension of time for the completion of contract for the Doctor's Building and alterations to the Administration Building, Deer Island, Boston Harbor, from September 28 to October 28.

PUBLIC WORKS DEPARTMENT.

Appel & O'Toole have been granted an extension of time for the completion of contract for constructing sheet asphalt pavement in Coventry street, Shepherd avenue and Washington place; contract dated September 3, 1930, from October 15 to November 15.

R. S. Brine Transportation Company have been granted an extension of time for completion of contract for removing parts of No. 3 pump and engine at Calf Pasture, from October 6 to November 1, twenty-six days.

The Pierce Company, Incorporated, have been granted an extension of time for completion of contract for cleaning sewers in Atlantic avenue and Commercial street, city proper, dated July 1, 1930, from October 19 to November 15, twenty-one days.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe and one catch-basin in Corinne road, between Raneleigh road and Falkland terrace, in the Brighton district, at an estimated cost of \$2,000.

A surface drain of 12-inch pipe and three catch-basins in Alhambra road, between Willow street and Maple street, in the West Roxbury district, at an estimated cost of \$2,000.

A sanitary sewer of 10-inch and 12-inch pipe, two catch-basins and three manholes in North Mead street between 72 feet northeast of Bunker Hill street and 330 feet northeasterly, in the Charlestown district, at an estimated cost of \$1,800.

A sanitary sewer of 10-inch pipe, a surface drain of 2-foot 3-inch circular concrete and 18-inch pipe surface drain and one catch-basin in land of City of Boston (Billings Field), between La Grange street and Bellevue street, in the West Roxbury district, at an estimated cost of \$14,000.

A concrete conduit of 15-foot by 13-foot concrete and a surface drain of 18-inch pipe (Stony brook), in private land (to be built in old taking), between 150 feet northwest of Florence street and 792 feet northwesterly, in the West Roxbury district, at an estimated cost of \$80,760.

A surface drain of 7-foot 6-inch by 6-foot 10-inch concrete (double channel) (Savin Hill Bay, Section 5), in land of Commonwealth of Massachusetts, between Old Colony Parkway (about 1,400 feet south of Old Colony terrace) and 980 feet northeasterly, in the Dorchester district, at an estimated cost of \$140,000.

A conduit of 15-foot by 13-foot concrete and a surface drain of 18-inch pipe (Stony brook) in private land, between 150 feet northwest of Florence street and 1,014 feet northwesterly (to Roslindale brook) in the West Roxbury district, at an estimated cost of \$120,000.

A conduit of 11-foot 3-inch by 10-foot 9-inch concrete and a surface drain of 18-inch and 20-inch pipe (Roslindale branch of Stony brook) in private land, between Bradeen street and 709 feet southeasterly (to Healey Playground), in the West Roxbury district, at an estimated cost of \$60,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Ashville road, between Deforest street and 390 feet northeasterly, in the Hyde Park district, at an estimated cost of \$2,730.

A sanitary sewer of 10-inch pipe and a surface drain of 15-inch pipe in Deforest street, between West street and 1,015 feet easterly and northerly, in the Hyde Park district, at an estimated cost of \$7,105.

A sanitary sewer of 12-inch pipe and a surface drain of 2-foot 3-inch circular concrete and 24-inch pipe in West street, between Austin street and 1,320 feet northwesterly, in the Hyde Park district, at an estimated cost of \$11,880.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch and 12-inch pipe in Lodgehill road, between West street and 728 feet northerly, in the Hyde Park district, at an estimated cost of \$5,096.

A sanitary sewer of 12-inch pipe in Cushing Hill road, between Gallivan Boulevard and 600 feet southerly, in the Dorchester district, at an estimated cost of \$4,200.

A surface drain of 12-inch and 15-inch pipe and six catch-basins in Seminole street, between Cummins Highway and Wood avenue, in the Dorchester and Hyde Park districts, at an estimated cost of \$6,300.

MAYOR RECEIVES LETTERS OF THANKS.

Mayor Curley, on October 27, received the following communications:

From Commissioner John McMillan, the Salvation Army, Territorial Headquarters, 120 West Fourteenth street, New York City:

Mrs. McMillan and I have just returned to our Territorial Headquarters at New York City and I take this first opportunity of telling you how very pleased we were to meet you at the Campaign Luncheon last Monday noon at the Hotel Statler.

It is hardly necessary for me to say that we deeply appreciated the very splendid address you made at that gathering. I feel confident that your presentation of the facts in connection with the economic depression and the stirring appeal which you made at that time will be productive of some very tangible results. Your sincere and kindly sentiments respecting the Salvation Army and its desire to be of the greatest service cannot fail to carry great weight among the citizens of Boston.

In my long years of experience as a Salvation Army leader I have come to understand and appreciate the kindly cooperation of such gentlemen as yourself and I assure you it is a great pleasure to have you associated with us in this campaign.

I sincerely trust that our financial campaign at Boston shall be thoroughly successful and that the Salvation Army this winter may be able to meet the increasing demands that are made upon us and other similar organizations.

With very kindest regards, I am, dear sir.

From Laura B. Prisk (mother of the National Flag Day), chairman of the Resolutions Committee, Lincoln Circle, Ladies of the Grand Army of the Republic, Hotel Bretton Hall, New York City, came the following to the Mayor:

Lincoln Circle, Ladies of the Grand Army of the Republic, Department of New York, adopted the following resolution of appreciation and respect:

Whereas, His Honor James M. Curley, Mayor of the City of Boston, was host to the American Legion; and

Whereas, During the period of this great convention, which included defenders of the world's democracy, and the American Federation of Labor as well, he not only provided hospitality that merited the laudation of myriad thousands but included every courtesy to the men who preserved this Nation a Union—The Grand Army of the Republic.

So be it Resolved, That we tender this testimonial of sincere appreciation and highest esteem.

Signed this twenty-fourth day of October, in the year of our Lord one thousand nine hundred and thirty.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction

of Washington street, Boston proper district, as a highway, on the northwesterly side from Ordway place southwesterly, bounded and described as follows:

The highway named Washington street is hereby widened on the northwesterly side, from Ordway place southwesterly for a distance of approximately sixty-three feet.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Charles W. Rowell, bounded:

Northeasterly by the southwesterly line of Ordway place as it existed previous to the passage of this order, four and 55-100 feet; southeasterly by the northwesterly line of Washington street as it existed previous to the passage of this order, sixty-three and 3-100 feet; and northwesterly by the northwesterly line of Washington street as established under this order, sixty-two and 44-100 feet, containing one hundred forty-two square feet, more or less.

Said highway as hereby widened is bounded:

Northeasterly by the southwesterly line of Ordway place as it existed previous to this widening, four and 55-100 feet; southeasterly by the northwesterly line of Washington street as it existed previous to this widening, sixty-three and 3-100 feet; and northwesterly by the northwesterly line of Washington street as hereby widened, sixty-two and 44-100 feet, containing one hundred and forty-two square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement, consisting of the widening of Washington street, Boston proper district, on the northwesterly side, from Ordway place southwesterly for a distance of approximately sixty-three feet, under the order of this Board, in the amount hereinafter mentioned, and awards said amount therefor.

Charles W. Rowell, 142 square feet. \$31,950

MORE PRAISE FROM LEGION MEN.

Mayor Curley, on October 27, received the following communication:

From Paul B. Dague, chairman, Chester County Committee, the American Legion, Downingtown, Pa., came the following:

The delegates from Chester County who attended the recent American Legion Convention in your fair city have returned with such glowing accounts of your wonderful hospitality that the members of this committee have directed me to express to you and through you to the good people of Boston our deep appreciation for the splendid manner in which our comrades were treated.

Our representatives at Boston were veterans of many national conventions but they unhesitatingly proclaim Boston the best yet, and they never seem to tire in singing the praises of your good people who opened their hearts and homes to them.

It is with the deep conviction that you have rendered a signal service to the Legion that I am moved to hope that the near future may once more see us through the streets of your fair town.

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 2,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	\$5,139,000

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 20, 1930.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present except Coun. Gallagher.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for term ending April 30, 1930, viz.:

Constables: Abraham Gibbs, 44 Saratoga street, East Boston; Edward Baum, 22 Stanwood street, Roxbury.

Weighers of Goods: Agda E. Gustafson, 325 Marginal street, East Boston; Charles A. McKenna, 98 Fairweather street, Cambridge.

Severally laid over a week under the law.

SAVIN HILL BEACH IMPROVEMENTS.

The following were received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report received from chairman of the Park Commission, Mr. William P. Long, in regard to including in the 1931 budget a sum sufficient to erect a combination bath house and locker building to replace the present structure located at Savin Hill Beach.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 10, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to include in its budget for 1931 a sum sufficient to erect a combination bath house and locker building to replace the present structure located at Savin Hill Beach.

An appropriation necessary to build this structure should be in the form of a loan order and not a budget item. The department will require \$40,000 to comply with this request.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I herewith inclose report from William P. Long, chairman of the Park Commission, regarding a bath house at Savin Hill Beach. This is in reply to your order of September 29, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 8, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council requesting that the Park Commission consider the advisability of constructing a modern bath house at Savin Hill Beach to replace the present structure.

At the present time this department is investigating the advisability of repairing the present structure, or tearing down same and requesting an appropriation for the building of a new bath house.

Respectfully yours,
WILLIAM P. LONG, Chairman.
Severally placed on file.

FENCES AT L STREET BATH HOUSE.

The following was received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to the building of fences at the new L Street Bath House. This is in reply to your order of September 29, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 8, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council requesting that the proper fences be constructed at the new L Street Bath House.

Permit me to assure you that the department always sees to it that the proper type of construction on building fences, etc., is carried out.

Respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

SPOFFORD ROAD EXTENSION.

The following was received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, regarding your request to extend Spofford road. This is in reply to your order of October 6, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 10, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to extend Spofford road to the main roadway of Commonwealth avenue by means of a road crossing the street car reservation.

The Board of Park Commissioners feel that an additional crossing at this location is not advisable on account of public safety. The present arrangement on this boulevard, with its center roadway free from frequent vehicular crossings, is conducive of a free and uninterrupted flow of travel along this boulevard. It is also conducive of rapid transit by surface car trains, both of which methods of travel the public is continually clamoring for and requests that they be kept free from interruption tending to cause delay as would be occasioned if added crossings were allowed.

It would also increase grade-crossing dangers and also means additional dangers to operators of motor vehicles.

There is no doubt that it would be a convenience to some, but the question arises, will the added convenience offset for the additional dangers and delays? In the opinion of the Board, it would not.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

REPORT FROM OVERSEERS OF PUBLIC WELFARE.

The following was received:

City of Boston,
Office of the Mayor, October 10, 1930.
To the City Council.

Gentlemen,—I beg to forward herewith communications received from the Overseers of the Public Welfare, the same constituting a reply to order adopted by your honorable body under date of September 8, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 8, 1930.

Hon. James M. Curley,
Mayor of Boston.
Dear Sir,—The Board of Overseers of the Public Welfare respectfully submits the following report in connection with the order adopted by the City Council on September 8, 1930.

The Board of Overseers of the Public Welfare at its regular meeting held on Wednesday, September 10, 1930, considered the statements which recently appeared in the press to the effect that it had been stated before your honorable body that the overseers require men receiving aid to accept work digging clams, or be denied further consideration for aid.

The Board desires to reply that any such charge is entirely unfounded in fact.

For reasons which you will readily understand and sympathize with the Board does not publicly discuss the names or facts concerning persons in the receipt of aid.

After very careful consideration of this subject, however, the Board feels convinced that the information furnished to a member of the Council was inaccurate and was not made in fairness to the Board or to the councilor to whom made.

Copy of a letter received at this office from one of the men to whom the job of digging clams was offered, is inclosed herewith for your consideration since it does in fact furnish an accurate statement of the method employed in the department with reference to the subject in point.

Respectfully yours,
WALTER V. MCCARTHY,
Secretary.

September 9, 1930.

Mr. Murphy.
Dear Sir,—I have just finished reading an article in the Boston Post in regards to the clam digging proposition. It seems to me that this attack has been unwarranted. Being one of these men I know.

In the first instance the most of these men volunteered for the job. And second I can remember quite well that you instructed me a d others that our aid would not be jeopardized and all that was required was to try the job at once. I personally did that and found out I could not make a go of it.

Instead of condemning the Public Welfare I think it should come in for a break in the praise end of it. From what I can observe it strikes me that all men and persons connected with the Public Welfare are doing a good job and thousands of people really know and believe it.

Yours truly,
ROBERT M. THOMPSON,
4 Wolcott Court,
Readville, Mass.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I am in receipt of the attached requests for transfers within departmental appropriations, and respectfully recommend adoption of the accompanying orders.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Assessing Department:

From the appropriation for A-1, Permanent Employees, Assessors, First Assistant, 47 at \$1,700 a year, \$214; Assessors, Second Assistant, 18 (24) at \$5 a day, \$37; Clerks, 2 at \$2,200 a year, \$212; Clerks, 8 at \$2,100 a year, \$95; Clerks, 4 at \$2,000 a year, \$907; Clerks and Stenographers, 2 at \$1,500-1,600 a year, \$535, to the appropriation for B-28, Expert, \$2,000.

From the appropriation for A-1, Permanent Employees, Clerks and Stenographers, 2 at \$1,500-1,600 a year, \$374; Clerk, 1 at \$1,400-1,500 a year, \$100; Clerk, 1 at \$1,300-1,400 a year, \$76, of the appropriation for D-11, Motor Vehicle, \$550.

From the appropriation for A-1, Permanent Employees, Clerks, 4 at \$1,800 a year, \$160, to the appropriation for A-3, Unassigned, \$160.

From the appropriation for A-1, Permanent Employees, Clerk, 1 at \$1,600 a year, \$49; Clerk, 1 at \$1,200 (\$1,600) a year, \$67; Clerk, 1 at \$1,000-1,100 a year, \$34, to the appropriation for B-14, Motor Vehicle, Repairs and Care, \$150.

From the appropriation for D-1, Office, \$260, to the appropriation for A-1, Permanent Employees, Clerks, 5 at \$1,900 a year, \$260.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriation for Hospital Department:

From the appropriation for A-1, Permanent Employees, Physician, 1 at \$2,500-2,700 a year, \$1,000; Nurses, Graduate, 117 (147) at \$65 to \$140 a month, \$5,000; Nurses, Undergraduate, 300 at \$100 to \$200 a year, \$4,000, to the appropriation for A-2, Temporary Employees, \$10,000.

From the appropriation for C-7, Furniture and Fittings, \$2,800, to the appropriation for B-5, Cartage and Freight, \$100; C-10, Library, \$50; C-13, Tools and Instruments, \$500; D-4, Forage and Animal, \$150; E-1, Building, \$1,000; E-10, Electrical, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department, Sanatorium Division:

From the appropriation for E-9, Machinery, \$350, to the appropriation for C-2, Machinery, \$350.

From the appropriation for A-1, Permanent Employees, Pathologist, 1 at \$2,500 a year, \$411.11, to the appropriation for A-2, Temporary Employees, \$400; A-1, Permanent Employees, Superintendent, Assistant, 1 at \$4,000 a year, \$11.11.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Market Department:

From the appropriation for A-1, Permanent Employees, Laborers and Watchman, 4 at \$5 a day, \$75, to the appropriation for A-3, Unassigned, \$75.

From the appropriation for B-4, Transportation of Persons, \$15, to the appropriation for B-13, Communication, \$15.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Mayor, Office Expenses:

From the appropriation for C-3, Incidentals, \$500, to the appropriation for B-13, Communication, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Water Division:

From the appropriation for A-3, Unassigned, \$7,500, to the appropriation for A-2, Temporary Employees, \$7,500.

From the appropriation for B-39, General Plant, \$2,300, to the appropriation for B-42, Repairing Streets, etc., \$1,000; C-14, Livestock, \$1,300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Suffolk County Court-house, Custodian:

From the appropriation for A-1, Permanent Employees, Cleaners, 15 at \$18 a week, \$100, to the appropriation for A-2, Temporary Employees, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Criminal Session:

From the appropriation for Permanent Employees, A-1, Clerks, 2 (1) at \$1,200 a year, \$201, to the appropriation for Permanent Employees, A-1, Clerks, 3 (4) (3) (4) at \$1,500 a year, \$1; C-9, Office, \$200

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Land Court:

From the appropriation for B-29, Stenographic, Copying, Indexing, \$35, to the appropriation for C-10, Library, \$35.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Medical Examiner Service, Northern Division:

From the appropriation for A-1, Permanent Employees, Secretary, 1 at \$2,400 a year, \$400, to the appropriation for A-2, Temporary Employees, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, Office Expenses:

From the appropriation for A-1, Permanent Employees, Chief Clerk, 1 at \$3,500 a year, \$1,110.77, to the appropriation for A-1, Permanent Employees, Stenographer and Clerk, 1 at \$3,500 a year, \$1,110.77.

Referred to the Executive Committee.

TERCENTENARY AND LEGION PARADES.

The following was received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—The expenses in connection with roping off streets for the Tercentenary and Legion parades could not be determined in advance. For this reason, no specific appropriation was included in the budget. It now becomes necessary to make a transfer to cover the bills incurred for this purpose.

I submit, herewith, an order providing for the transfer of \$6,500 from the Reserve Fund to the item in the City Council budget under which these bills will be paid.

I respectfully recommend adoption of this order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$6,500, to the appropriation for City Council, G-3, Incidentals, Flags, Ropes, etc., \$6,500.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Francesco Albano, for refund on pool table license.

F. E. Bryant, for compensation for damage to truck by city wagon.

Clara E. Corkum, for compensation for damage to property at 5 Lasell street, West Roxbury, caused by laying out sewer.

Rachel Davis, for compensation for damage to property at 75 Bromley street, Roxbury, caused by city truck.

Isabel Derby, for compensation for injuries caused by an alleged defect at West Concord street and Shawmut avenue.

Angela M. Dorsey, for compensation for damage to property at 6 Arborough road, Roslindale, caused by regrading of street.

Mildred G. Haffer, for compensation for injuries caused by an alleged defect in Humboldt avenue.

Frederick Horan, for compensation for damage to car commanded by police.

Robert R. Lasker, for compensation for damage to car caused by defective bridge between Hyde Park and Mattapan.

Susan McCravin, for compensation for injuries caused by police motorcycle.

Margaret E. McLaughlin, for compensation for collapse of water boiler at 42 Pierce avenue, Dorchester, caused by water shut off.

Dr. A. J. McLean, for compensation for damage to property at Peter Bent Brigham Hospital, caused by break in water main.

Henry K. Meissner, for compensation for damage to car caused by an alleged defect in Heath street and South Huntington avenue.

Metropolitan Theater, for refund on unused refuse tickets.

Anna E. Mullen, for compensation for injuries caused by car of Public Works Department.

Mrs. Catherine Murphy, for compensation for injuries to daughter caused by an alleged defect in Whitney street.

Mary E. O'Brien, for compensation for injuries caused by an alleged defect in North Harvard and Cambridge streets.

Floyd N. Olsen, for compensation for damage to clothing caused by an alleged defect in Stuart and Eliot streets.

Louis Oppenheim, for compensation for damage to property at 737 Morton street, caused by firemen.

John P. and Sarah G. Pearle, for compensation for damage to property at 5 Leslie park, caused by defective catch-basins.

Mrs. L. Segal, for refund on unused refuse tickets.

Charlotte Shecket, for compensation for injuries caused by an alleged defect at 845 Beacon street.

Joseph W. White, for compensation for damage to clothing caused by an alleged defect at Tremont and Boylston streets.

Simon Wiener, for compensation for injuries caused by an alleged defect at 1569 Columbus avenue.

A. L. Wolfe, for refund on unused refuse tickets.

Special Committee on Jitney Licenses.

Petitions of Boston Elevated Railway to operate motor vehicles as follows:

Between Somerville-Boston line at Cambridge street and junction of Carter and Cambridge streets, over Cambridge street, Stark street, Roland street, Carter street, Cambridge street.

Between Bowdoin square and Massachusetts Station over Bowdoin square, Cambridge street, Charles street, Boylston street, Hereford street, Newbury street, Boylston street.

Executive.

Petition of Boston Elevated Railway for license to operate motor vehicles between Governor square and the junction of Park and Tremont streets (Park Street Station), over Beacon street, Massachusetts avenue, Boylston street, Tremont street, to be operated between the hours of 1.30 a. m. and 4.50 a. m. in connection with the work of construction of the Governor square extension.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of Joseph Coviello and Spiros Kaliris, having been duly approved by the City Treasurer, were received and approved.

BOSTON ELEVATED LOCATION.

Notice was received from the Board of Street Commissioners of extension of time to Boston Elevated Railway on 72d location, viz., double track in Harvard avenue, Brighton.

Placed on file.

SOLDIERS' RELIEF.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of October, 1930.

Report accepted; said order passed.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds, for the period from October 1 to October 15, 1930, amounting to \$4,706.50, was received and approved.

AMENDMENT TO LIGHT FUEL OIL BURNER REGULATIONS.

A communication was received from the State Fire Marshal in reference to amendment to light fuel oil burner regulations.

Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Joseph A. Tomasello, a member of the Board of Appeal, of his interest in contract of A. G. Tomasello & Son, Inc., with City of Boston for constructing rock garden in Franklin Park.

Placed on file.

ORDINANCE IN EFFECT.

The following was received:

City of Boston,
City Clerk Department, October 18, 1930.
To the City Council.

Gentlemen,—You are hereby notified that under the provisions of section 2 of chapter 486 of the Acts of 1909, the ordinance concerning the abatement of water charges, recommended by the Mayor and filed with the City Clerk August 18, 1930, not having been rejected or withdrawn within sixty days after said date, was in force on October 18, 1930, as if adopted by the City Council.

Respectfully,
W. J. DOYLE, City Clerk.

Placed on file.

LOAN ORDER IN EFFECT.

The following was received:

City of Boston,
City Clerk Department, October 18, 1930.
To the City Council.

Gentlemen,—You are hereby notified that under the provisions of section 2 of chapter 486 of the Acts of 1909, the loan order of \$50,000 for Power Plant, Long Island Hospital, Alterations and Improvements, recommended by the Mayor and filed with the City Clerk August 18, 1930, not having been rejected or withdrawn within sixty days after said date, was in force on October 18, 1930, as if adopted by the City Council.

Respectfully,
W. J. DOYLE, City Clerk.

Placed on file.

MINORS' LICENSES.

President LYNCH presented report on petitions for licenses of fifty newsboys and nineteen vendors, recommending that licenses be granted.

Approved by the Council.

STATE ELECTION.

Coun. LYNCH offered the following:

Ordered, That meetings of the citizens of this city, qualified to vote for state officers, be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the fourth day of November, 1930, for the election of Governor, Lieutenant-Governor, State Secretary, State Treasurer, State Auditor, Attorney-General, Senator in Congress, Representatives in Congress, Councilors, Senators in the General Court, Representatives in the General Court, District Attorney, Register of Probate and Insolvency; also to give in their votes "yes" or "no" on the following questions:

Question No 1.—Proposed Amendment to the Constitution.

Shall an amendment to the constitution relative to the apportionment of senatorial, representative and councilor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXI, and for the annulment of Article XXII of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI and XXII:

1. In proposed Article XXI, towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI no town may be divided and no specification of the number of voters in a precinct is required.

2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law." Under Article XXI as it now stands the division and apportionment is made by "The mayor and aldermen of the city of Boston, the county commissioners of other counties than Suffolk,—or in lieu of the mayor and aldermen of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law." The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of

the number so assigned, or within such other period as the General Court may by law provide.

3. Under the proposed articles, each special enumeration shall be the basis for determining the districts, senatorial, representative and councilor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next re-division based upon the next census in 1935 would, under the proposed articles, affect those elected in 1938 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40) and councilors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councilor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time.

which received in a joint session of the two Houses held May 17, 1928, 182 votes in the affirmative and 48 in the negative, and at a joint session of the two Houses held May 26, 1930, received 155 votes in the affirmative and 88 in the negative, be approved?

Question No. 2.—Law Proposed by Initiative Petition.

Shall the proposed law which amends the General Laws by striking out chapter 138, section 2A, which section provides that, "No person shall manufacture, transport by air craft, water craft or vehicle, import or export spirituous or intoxicating liquor as defined by section three, or certain non-intoxicating beverages as defined by section one, unless in each instance he shall have obtained the permit or other authority required therefor by the laws of the United States and the regulations made thereunder," which law was disapproved in the House of Representatives by a vote of 110 in the negative and in the Senate by a vote of 11 in the affirmative and 26 in the negative, be approved?

Question No. 3.—Law Proposed by Initiative Petition.

Shall the proposed law which amends General Laws, chapter 131, by inserting therein a new section number 59A, which in substance makes it a misdemeanor punishable by a fine of fifty dollars for any person to use, set or maintain any trap or other device for the capture of fur-bearing animals which is likely to cause continued suffering to an animal caught therein and which is not designed to kill the animal at once or take it alive unhurt, except traps or other devices for protection against vermin, set or maintained within fifty yards of any building or cultivated plot of land to the use of which the presence of vermin may be detrimental, which law was disapproved in the Senate by a vote of 12 in the affirmative and 24 in the negative, and in the House of Representatives by a vote of 48 in the affirmative and 167 in the negative, be approved?

Question No. 4.

Shall an act passed by the General Court in the year nineteen hundred and thirty, entitled, "An Act relative to the salaries of the members of the city council of the city of Boston" be accepted?

Also to indicate by a cross which one of the following plans he desires to have adopted, viz.:

Plan No. 1.—Return to the Boston Elevated Railway Company of the management and operation of its railway system by terminating public management and operation thereof.

Plan No. 2.—Continuation of public management and operation of the Boston Elevated Railway Company in accordance with such terms and conditions as may be agreed to by the stockholders of said company.

Plan No. 3.—Purchase by the Metropolitan Transit District (which comprises the cities of Boston, Cambridge, Chelsea, Everett, Malden, Medford, Newton, Revere and Somerville and the towns of Arlington, Belmont, Brookline, Milton and Watertown), of the whole assets, property and franchises of the Boston Elevated Railway Company, the same thereafter to be owned, managed and operated by said district.

The polls at said meetings shall be opened at six o'clock a. m. and closed at eight o'clock p. m.

Ordered, That the City Clerk be hereby directed to give notice of said meetings according to law.

Passed under a suspension of the rules.

Ordered, That the provisions of sections 55, 56 and 57 of chapter 54 of the General Laws be, and hereby are, suspended and made inapplicable as to the several questions to be voted upon at the State Election to be held on November 4, 1930.

Passed under a suspension of the rules.

Ordered, That the expense of advertising the notice of the State Election, November 4, 1930, by the City Clerk be charged to the Reserve Fund.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Coun. ARNOLD—Mr. President, I would respectfully call up under Nos. 13 and 14 on the calendar, under unfinished business, the names of William F. Kelleher and Thomas A. McKenna, for confirmation at this time.

Coun. FITZGERALD—Mr. President, also under No. 14 I would like to have the name of Hammond T. Fletcher taken up.

Coun. RUBY—Mr. President, might I call the attention of the two councilors, in the absence of Councilor Wilson, chairman of the Committee on Constables, to the fact that he likes to feel, or the committee likes to feel, that a proper questionnaire has been made out by every applicant for the position of constable, and I also suggest to the councilors that the taking up of these names be held over until Councilor Wilson arrives, so that he may ascertain whether answers to the questionnaires have been submitted by these men.

Coun. ARNOLD—Mr. President, in regard to the two names that I asked to have taken up, I happen to know that they have been submitted.

Late in the session Coun. ARNOLD said:

Mr. President, I would like to renew my motion, made earlier in the session,—as the chairman of the Committee on Constables is now here,—that the names of William F. Kelleher and Thomas A. McKenna, in Nos. 13 and 14, respectively, be taken up and voted on at this time.

Coun. WILSON—Mr. President, I would move that the name of McKenna stay where it is, in view of the fact that, as a matter of courtesy to the councilor from the Back Bay, we have been endeavoring to have affidavits filed in answer to questionnaires, by the different candidates, and I would like to find out whether Mr. McKenna has complied with the requirements. It may be that the paper has arrived, but Mr. Baldwin cannot find it up to the present time. Until he does, I would move to amend the motion of Mr. Arnold to this effect, that we take up the names of Louis N. Kaiser, in No. 12, William F. Kelleher, in No. 13, Hammond T. Fletcher, in No. 14, and Samuel Weiner, in No. 14. McKenna and Grossman do not appear to have filed any return. If they have, the names can be taken up later.

President LYNCH—Does the gentleman accept the amendment?

Coun. ARNOLD—Yes. I shall renew the motion after recess, however.

The question came on confirmation of appointment as constable of Louis N. Kaiser, in No. 12, William F. Kelleher, in No. 13, and Hammond T. Fletcher and Samuel Weiner, in No. 14. Committee, Coun. Hein and Arnold. Whole number of ballots 13, yeas 13, and the appointments were confirmed.

President LYNCH called up No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor October 6, 1930, of Frances Gallagher, to be a Weigher of Coal, and Abram L. Smith, to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Hein and Arnold. Whole number of ballots 13, yeas 13, and the appointments were confirmed.

SIDEWALK ON MONKS STREET.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Monks street, west side, from East Sixth street to East Seventh street, Ward 6, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

ELECTION RETURNS.

Coun. MAHONEY offered the following:

Ordered, That the City Messenger be directed to make arrangements for receiving election returns on the day of the State Election, and that Room 49 be opened on the evening of said day for the announcement of the returns, the expense attending the same to be charged to the appropriation for City Council, G-3, Election Returns.

Passed under suspension of the rule.

ELMWOOD STREET PAVING.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Elmwood street, from King to Roxbury streets, Ward 9.

Passed under suspension of the rule.

RELIEF OF UNEMPLOYMENT.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to include in the budget for 1931 the sum of one million dollars to be used for the relief of unemployment, such sum to be in addition to the amounts provided for the Overseers of the Public Welfare and the Soldiers' Relief Department.

Coun. DOWD—Mr. President, for two years the members of this Council have voted consistently to accomplish whatever might be done to relieve unemployment, but despite that fact we find not only in the City of Boston but throughout the nation that unemployment is more rampant than ever before in the history of our country. I say to the members of the City Council, I say to the Mayor of Boston, that something definite and positive should be undertaken at the present time to ensure the protection and the happiness of the citizens of Boston during the coming winter months. The President of the nation has appointed committee upon committee to solve this situation; the Mayor of Boston has appointed committees, other committees have been appointed in other parts of the country. But nothing tangible or definite has been done to relieve the unemployment situation, and suffering continues more and more each and every day. I say the only solution of the unemployment situation in Boston is the appropriation of money by the city government in order to set the example, to be followed, we trust, by the appropriation of money for the same purpose by private individuals and industrial and mercantile concerns. I say that we can use a million dollars outside of the Soldiers' Relief Department and outside of the Public Welfare Department. It might mean a small increase in the tax rate, but if the luxury items are cut from the budget of 1931 it will not mean a large increase; and, if it should mean an increase, I say the taxpayers and property owners are willing to stand the increase in order to provide for the needs of the citizens of our city. Chicago has seen fit up to the present time to appropriate through public subscription and public spirited support by citizens \$12,000,000. Cleveland, \$6,000,000, New York City \$1,000,000. I read in the papers yesterday about opening the jails in order to house people. I say to the Council and to the Mayor of Boston, where are the poor unfortunates going to sleep this winter if we do not take some sort of a stand and make a provision for them? Now is the time to do it. A million dollars is not a lot of money when it comes to placing a number of men at work for three or four months, removing the ashes and garbage in the City of Boston, doing it regularly and reasonably, frequently, instead of waiting two or three weeks. I hope the Mayor, in his wisdom, will see fit to go over the budget of 1931, cutting from it the luxury items and putting in there \$1,000,000 for the hiring of unemployed in this city, possibly 2,000 men.

The order was passed under suspension of the rule.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to appoint a committee of business, industrial and labor leaders of the City of Boston to consider the advisability of raising, by popular subscription, the sum of two million dollars, said sum to be applied to the relief of the present acute and unprecedented unemployment situation, and to be placed at the disposal of the said committee, which shall be held strictly accountable to his Honor the Mayor for its proper disbursement.

Coun. DOWD—This order, Mr. President, suggests that the Mayor of Boston appoint a committee to consider the possibility of raising \$2,000,000 by public subscription, through the business men of Boston. I daresay there is not a city in the entire country which has men of more prominence and wealth than this city of ours, and I say if the City of Boston shows the right spirit by appropriating one million dollars, there is no real reason why the people of Boston who have the money should not appoint a committee of citizens to raise two million dollars by subscription, making altogether three million dollars, to be used to care for the poor and unemployed during the coming winter.

The order was passed under suspension of the rule.

COMMITTEE ON UNEMPLOYMENT.

Coun. DOWD offered the following:

Ordered, That the President of the Boston City Council be, and hereby is, authorized to appoint a committee of five members of the Council to study the unemployment situation in Boston with a view of arriving at some means of relief, said committee to be empowered to summons any individuals whose testimony or aid they may require.

Referred to the Committee on Rules.

POWERS OF COUNCIL IN RE PUBLIC WELFARE DEPARTMENT.

Coun. DONOVAN offered the following:

Ordered, That the Corporation Counsel inform the City Council relative to its powers with reference to the Public Welfare Department.

Coun. DONOVAN—Mr. President, as a member of this board for the last five years I have continuously voted for the appropriation in the budget for the Overseeing of the Poor Department. While our powers are, I believe, somewhat limited by statute, I would like to know at this time what our powers really are in reference to that department. I don't want to know who

personally is receiving the doles in our city, but I do want to know how the money that has been appropriated by the City of Boston, the three million dollars, has been allocated. We continually ask the Overseers of the Poor Department to take care of some of the poor in our districts, and we continuously hear the same old story, "We can do nothing." In giving out the dole, it seems to me cases should be dealt with differently, according to circumstances, that more should be given in one case than in another. So that we may know just what our position is, I am asking the Corporation Counsel as to our rights and our jurisdiction over that amount of money. I would like to know to what extent they are willing to go with the members of the City Council, working with them in harmony to secure the proper dole for the unfortunates of our districts.

The order was passed under suspension of the rule.

WARD 16 IMPROVEMENTS.

Coun. FISH offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Lenoxdale avenue, Ward 16, as a public highway.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in its budget for 1931 a sum sufficient to provide for the erection of a locker building and bleachers on the Mary Hemenway Playground, Ward 16.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in its budget for 1931 a sum sufficient to provide for the purchase of additional shore property to sufficiently enlarge the bathing area at Tenean Beach, and for the necessary grading, sanding, etc.

Severally passed under suspension of the rule.

REPAVING OF ROBINSON STREET.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Robinson street, Ward 15.

Passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 15.

Coun. KELLY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to set up two slow signs on Richfield street, Ward 15, one at Barry street and Richfield, the other at Puritan avenue and Richfield, as a means of protection for the many children who cross at these intersections.

Passed under suspension of the rule.

DISPLAY OF AMERICAN FLAG.

Coun. RUBY offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to display the American Flag at each polling place on Election Day.

Coun. RUBY—Mr. President, there is, in my opinion, no place more important to display the American Flag than where the citizenry of Boston are gathered to cast their ballots for elective offices of this city and state. On all the public buildings the superintendents are instructed on certain proper occasions to display the American Flag, and I believe the citizenry of Boston, when they go to the polling places, ought also to be impressed with the importance of the public duty they are performing, by seeing displayed in the polling place the American Flag. I ask a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, both sides, from Glen road to Lotus place, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Highland street, both sides, from Centre street to Cedar street, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

SIDEWALK ON ELMWOOD STREET.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Elmwood street, both sides, from King street to Roxbury street, Ward 9, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

WORK ON EAST BOSTON TUNNEL.

Coun. WILSON offered the following:

Ordered, That the Transit Commission, through his Honor the Mayor, be, and said Commission hereby is, respectfully requested to advise the City Council with reference to the probability of early actual work on the East Boston Tunnel.

Coun. WILSON—Mr. President, with reference to that last order, I heard, as I was entering the chamber, what Councilor Dowd said in reference to unemployment conditions in the city and elsewhere, and I cannot fail to have in mind that in the closing days of the last administration one of the chief arguments in favor of the \$16,000,000 to be appropriated for the East Boston Tunnel was that it would help alleviate unemployment conditions. So I think now, after the passage of many months, the Council is entitled to be enlightened on the question of whether any men are to be put at work there before the average unemployed man in the City of Boston drops dead while he is waiting for a job. I think possibly some information may be available at this time as to what is proposed, either in the matter of actual digging or possible demolition of buildings, or as to the plans for putting men at work in some way.

The order was passed under suspension of the rule.

SCHOOL STREET, DORCHESTER.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be respectfully requested to resurface School street, Dorchester, from Harvard street to Washington street, particularly having in mind the fact that two large schools are located on said street.

Passed under suspension of the rule.

BRANCH STREET, WARD 17.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners as part of the 1931 street program, lay out and accept Branch street, Ward 17, from Medway street to Butler street.

Passed under suspension of the rule.

IMPROVEMENTS AT SAVIN HILL BEACH.

Coun. McGRATH offered the following:

Ordered, That the sum of forty thousand dollars be, and the same is, hereby appropriated, to be expended under the direction of the Park Commission, for the construction of a combination locker building and bath house at Savin Hill Beach, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the City to said amount.

Referred to the Committee on Finance.

RECESS.

The Council voted at 2.48 p. m., on motion of Coun. ENGLERT, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 3.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders for transfers within departmental appropriations (referred today)—that same ought to pass.

Report on message of Mayor and appropriation of \$6,500 for expenses in connection with roping off streets for Tercentenary and Legion parades—that same ought to pass.

Reports severally accepted; orders passed, yeas 17, nays 0.

2. Report on petition of the Boston Elevated Railway (referred today) for license to operate motor vehicles between Governor square and Park Street Station, between hours of 1.30 a. m. and 4.50 a. m.—that license be granted.

Report accepted; said license granted.

TRANSFER ORDERS AND LEASE.

President LYNCH called up under unfinished business, Nos. 2, 3 and 4 on the calendar, viz:

2. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Columbus Park, Improvements, \$80,400.57, to the appropriation for Columbus Park and Strandway Improvements, etc., \$96,400.57.

On September 29, 1930, the foregoing order was read once and passed, yeas 20, nays 0.

3. Ordered, That the sum of fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of granolithic sidewalks, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On September 29, 1930, the foregoing order was read once and passed, yeas 20, nays 0.

4. Ordered, That his Honor the Mayor be hereby authorized to execute and deliver in the name and behalf of the City of Boston a lease to the Bunker Hill Post, No. 26, of the American Legion, in form satisfactory to the Law Department of the City of Boston, the Jacob Foss Schoolhouse, so called, on Chestnut street in the Charlestown district, together with the adjoining land at the corner of Chestnut street and Adams street, at an annual rental of one dollar (\$1) per year for a term of five years.

And it is further ordered, That the said lessee pay all water rates and furnish at its own expense all heat and light for the said leased premises.

On September 29, 1930, the foregoing order was read once and passed, yeas 20, nays 0.

President LYNCH—If there is no objection, the orders will be voted upon collectively.

The orders were severally given their second reading and passage, yeas 19, nays 0.

REPORT OF COMMITTEE ON RULES.

Coun. RUBY, for Coun. Donovan, for the Committee on Rules, submitted the following:

1. Report on order (referred today) for appointment of special committee of five members to consider the unemployment situation,—that same ought to pass.

Report accepted; said order passed.

President LYNCH appointed as said committee Councilors Dowd, Fitzgerald, Hein, Green and Wilson.

UNEMPLOYMENT SITUATION.

Coun. FITZGERALD offered the following:

Ordered, That the Governor and Council be requested, through his Honor the Mayor, to suspend the civil service rules during the present period of unemployment in order that temporary appointments may be made in the city service without the approval of the Civil Service Commission, said appointments in any case not to exceed ninety days. Said rules to apply only to laborers and mechanics in any branch of the city service.

Coun. FITZGERALD—Mr. President, previous to the appointment of the present chairman of the Board of Civil Service Commissioners, cities and towns were allowed to appoint men for periods of thirty, sixty and ninety days without resorting to the civil service list, in cases of emergency, times like the present, when we see the worst unemployment situation that has existed for many years. It is within the province of the Governor and Council to suspend the civil service rules. They are not laws, but rules, and there is no time better than the present to help out, so far as it is possible to do so, in the unemployment situation. As has already been suggested earlier in the season, there are many times in the Sanitary Service and in the other services of the Public Works Department and other departments, when temporary labor can be put on in times of distress, except for these rules. There is no reason, under the circumstances, why there should not be such a suspension. The Governor and Council have that power. The last Legislature passed a law giving the right to suspend the rules for ninety days in the case of those with dependents. But it didn't really relieve the unemployment situation, because in many cases men taken from the list were already employed, were in positions where they were drawing good salaries and were simply seeking the opportunity to do additional work for the city. They were in some cases instructed by men in politics to "take the temporary job, and we will make it permanent," in some cases they gave up a permanent job and lost out, but in many cases there were people appointed who simply were looking for a chance to make a little extra money, people already in employment. That is one of the curses we have today, the so-called "rackets," places being filled by people who are already drawing one, two or three salaries, while others are walking the streets with nothing to do; just as there are men at the present time receiving amounts for 100 per cent disability, and then taking different jobs around, while others are walking the streets absolutely without employment. It is a crime, Mr. President. We see men who are middle-aged, with a look of sadness on their faces, too proud to beg, too proud to ask for relief from the Overseers of Public Welfare, many of whom have seen better

days, and who have children suffering with hunger, while they themselves are walking the streets without a job and others with jobs are enjoying these "rackets." Now is the opportunity for us to start something here, to stir matters up with the Mayor and the Governor, appealing to the Governor to open his great heart and, himself and his Council, to suspend the rules. Every day no doubt there are sixty or seventy men who stay away from their jobs with the Public Works Department, who are not on duty by reason of sickness and one thing and another, do not report, and if such action as is proposed here is taken, men can be put on temporarily in their place. I know of many cases where there is that opportunity and where at the present time they cannot put such men on, but simply have to appeal to the civil service, which sometimes involves a delay of three or four weeks in order to get a lift. Now is the time for such action as is proposed here. Now is the time for the Governor and the Mayor to act. It is all right for highbrows to meet at the Parker House and other places and discuss these matters, but what do the highbrows know about the poor? What do they know about people in the section where I live, the people in Charlestown, people in Roxbury and South Boston. Some of us always have the poor with us in our sections, and here an opportunity suggests itself to do something for them. There are always cases of men who do not report for duty at certain times, and on such occasions these men can be given some work. I tell you, Mr. President, the time has arrived when something has got to be done besides talking. The situation makes me sick. Here we are, members of this City Council, trustees of the city, who are not even consulted on any of these matters today. I had the same order to introduce that was introduced by the councilor from Roxbury (Coun. Dowd). We are trustees of this city, Mr. President, and we are ignored. On the street corners and other places where men meet us they say the City Council are a lot of beggars, not even being consulted on these matters where they should be consulted. Let us have some gumption. We at least have the power to appropriate, and it is the appropriating power that makes the mare go in this city. Why should the Council surrender its rights? Of course, the Mayor is the executive, but we also have our duties as a part of the city government, and we are totally ignored. We vote for appropriations and are then given no consideration by the heads of departments; and yet these men come in and we pass ordinances increasing their salaries. In return, what do we get? I say that people are getting restive all over the city, and have been so for the last year. We appropriate \$100,000 for a great celebration, and hundreds are put to work. A lot of fourflushers and fashion plates are put to work, while these poor fellows are walking the streets. I say that the City Council should have been called upon and given the right to see that their constituents were properly taken care of. We have hundreds of men clamoring at our doors continually. It is all right for these men who occupy comfortable positions and who are living on the fat of the land, but the time will come when the wheel will turn. Those who are up today will be down tomorrow. When those lists come down from the civil service, the heads of departments should be forced to find out if those men who seek employment are engaged in other employment, and I say that the members of the City Council have a right to be considered in the matter. We deal with these men every day, we know what their conditions are, what their needs are. But some of the others who get these jobs are driven up to City Hall in automobiles. The time was when such men would have been driven out when they were seeking for employment, when they did not deserve it. That was in the days of party organization. But there is no party organization today, Democratic or Republican, and men are building up their own personal machines. We are the ones that will suffer, and we should be held to answer. It is for your interest, members of this body, to try to do something in this matter, because these men come and go, and statistics go on forever. Let us try to do something for the deserving people in our district. They cannot hide behind this civil service provision because it is a law. It is not a law; it is a rule. Down to the time of the present chairman of the Civil Service Commissioners the matter was in their power; they had this right. If this rule can be temporarily suspended, there will be an opportunity at times, as I say, for 100 or 200 men to be put to work in this manner, where opportunities afford themselves, and we want to see to it, if possible, that men shall not be put to work unless they really need it and are in dire want.

Coun. WILSON—Mr. President, I have sympathy with what the gentleman from Ward 3 (Coun. Fitzgerald) has said, but I fail to follow the line of argument that a change of rules will create work. It seems to me the manner to put hundreds of men at work is to take hold of projects such as Governor square and the East Boston Tunnel, concerning which I introduced an order earlier this afternoon. Personally, while I have sympathy with the people of East Boston who are given until December 1 to move, having in mind unemployment conditions, although with perhaps no knowledge of how to run any department of the city as an expert, it would appear to me it was time that the demolition of the buildings on the Boston and East Boston sides should be shortly started, and that it would place hundreds of men

at work, also enabling the later work on the tunnel to be pushed to a more rapid conclusion. It seems to me the way to relieve unemployment is to get at work on city jobs that are already supposed to be under way. I do not believe in wiping out civil service rules and I don't believe that an appeal of this kind for action by the present Governor, appealing to his great heart, or whatever the expression was, will create more work than exists. I do not believe that canceling civil service rules will place men at work. The only way is to create or get under way the job, and in that way get men off the streets, whether under the civil service laws or outside the civil service laws.

Coun. FITZGERALD—Mr. President, the councilor from Dorchester does not probably understand what I was driving at. At the present time, in the West End of Boston, in Roxbury, the South End, Charlestown, East Boston and South Boston, when the men of the Street Cleaning Department are supposed to come out in the morning, there may be fifty men out sick, and that may be the case for a period of three or four days. Under the old way of doing things men would have been put on in their place, but that cannot be done now on account of civil service rules. That is the reason for suspending the rules at a time like this, so that a number of men can be promptly taken care of in connection with the various work. Of course, I don't refer to the Governor square job. That will come under civil service, as it is an entirely different sort of a job. Up to a year ago, men could always be taken care of in such a situation, their jobs being filled for the time being. I have no desire, Mr. President, to break down the civil service laws. I simply want to give the heads of departments the same power they had up to a year ago. The Governor and Council can suspend the rules for the present emergency. But the present chairman of the Civil Service Commission takes the stand that, no matter for how long a time or how short a time a man works, he must come through the civil service. That, under the circumstances, is wrong. Suppose we are trying to get a job for new men—probably it will take two weeks before they can be put on the civil service list. In the meantime, the thing is held up. But if they were put on for thirty days, they would get the work, and the money paid for the services would not be simply held idle in the city treasury. I am merely trying to take care of emergencies, covering employment of thirty days, in no event more than ninety days.

Coun. COX—Mr. President, I am heartily in sympathy with what the councilor from the West End (Coun. Fitzgerald) has said, but it seems to me that, outside of what he has said, the civil service sometimes works a hardship under present conditions. It is not merely the laborer who is out of work. It is the white collar man who is out of work. Then, under the civil service, there is a preference for the Legionnaire, the man who served in wartime. I grant you that he is entitled to consideration, but I have, and you all have living in your districts men, fathers of six, eight or ten children, who cannot get employment because, if they are on the civil service list, they are away down on the list. I certainly think the father of six or eight children is entitled to consideration. I think the civil service is a good thing under certain conditions, but I don't think it always works properly in the present situation. We sometimes hear the laborer referred to, however, as if he were the only man deserving of consideration. But it is not the laborer always, the man who is physically fit to work as a laborer, that is hurt. It is the so-called white-collar man, who is not physically fit to do laboring work. Nothing whatsoever is being done for him. I have learned that today is the first day of the extension of the Boylston Street Subway where the civil service list has been suspended, so that a man could possibly get a job there—a carpenter, for instance. The Governor, being an employer, must know that there are some men suffering who have never applied for civil service rating. But they cannot starve because they could not do so, and they are entitled to consideration. I am in favor of suspending all civil service rules under the present conditions, when there are thousands who need work. I was astounded last winter, when the snow storm came, that men had to come out to West Roxbury to buy a house in order to get a job to shovel snow. They had to walk or ride to West Roxbury to get a card bearing my name, in order to get a job of snow shoveling for three or four hours. I think that is an outrage. I think a man who needs a job badly enough so that he is willing to shovel snow should not have to go to any councilor for his name in order to get that job. I think the entire civil service should be suspended and that men who need work and who have families should be given the preference.

Coun. WILSON—Mr. President, I would like to have the order re-read, because as I understood it, all civil service rules were to be suspended, and that, I suppose, would indirectly suspend the Veterans' Preference Act of the Legislature. I suppose what is aimed at is merely temporary work, but, if I heard the order aright, it proposed to suspend civil service rules for all jobs. I ask that it be re-read.

The clerk re-read the order.

Coun. COX—Mr. President, I would like to suggest that in order to relieve the unemployment existing, instead of employing men for ninety days, they be given thirty days employment. For example, where you would employ one man for ninety days, three men might be

given work for thirty days each. Every little bit under present conditions is going to help. So I think if we are really going to tackle the proposition in the right way, the order should be so amended.

Coun. FITZGERALD—I will agree to that amendment proposed by Coun. Cox, providing for thirty days, Mr. President. I simply want to relieve the present situation, and I will agree to that.

The order was amended by striking out the word "ninety" before "days" and inserting in place thereof "thirty," and adding after "days" the words "at one time," so as to read, "Said appointments in, any case not to exceed thirty days at one time."

Coun. NORTON—Mr. President, I would ask if the councilor from the West End (Coun. Fitzgerald) would consider amending the order so as to give preference to married men with families?

Coun. FITZGERALD—Mr. President, I cannot at present agree to any proposition of the kind. I believe in letting them use their own judgment, and that if we add anything more to the order we will probably lose the effectiveness of the whole proposition.

Coun. NORTON—Mr. President, this is a very important order. I realize that it is the sincere desire of the councilor from the West End to help out in a very important emergency, but it would seem to me that, if we are going to ask the Civil Service Commissioners to suspend the rules, we should make some provision so that those who will receive this temporary work as compensation will be those most needing it. The trouble has been, so far as my experience in the Council shows, that those who get the jobs are not always those who most need them. It is well known that many men around City Hall today who have employment here also serve on these outside positions. As regards preference for veterans, I have always felt that they were entitled to some preference, but certainly not the preference that would give a veteran who has 60 per cent an advantage over another man receiving 99 per cent. It is unfair that such a provision should be still in the laws of the Commonwealth. I think we would all be perfectly willing to give the veteran a certain percentage of advantage, but to say that a veteran who gets a mark of 60 per cent shall take precedence over another man who gets 99 per cent is unfair. Of course, we all want to help the man who is out of work. I myself called attention to the effect of automatic machinery on this question of nonemployment awhile ago. We must all realize the tremendous amount of unemployment that arises from the vastly increased use of machinery. It affords a very grave problem today. There are automatic machines in this country that will do the work of 600,000,000 workers, where we have but 45,000,000. Now, people must earn a living. We all hear the gossip around the Council as to unemployment conditions about us. Never in our lifetimes have we seen such an acute situation as exists today, and perhaps we never will again. It is a matter that touches every home and every town and city in the land. I come from a district where there has always been a tremendous amount of manufacturing. There are out there, among other places, the New York, New Haven & Hartford car shops, which at one time employed 10,000 men. Today there are less than 2,000, and it is entirely probable that within two years they will be shut down. The time has gone by when there was employment for every man. The scientific improvement in machinery in the last ten or fifteen years has done more to eliminate the necessity for human employment than all the advance made in the previous history of the world. That is what is the trouble. Look at the situation in Chicago and Cleveland, as well as in all the other large cities. There they are trying to remedy conditions. Prominent business men in those cities, as well as in Detroit, are getting together to try to alleviate the situation. The Mayor of New York is doing the very same thing, and Governor Rolph of California is getting the business men there to get together this winter and relieve the terrible conditions. When the police started out to take the census in Boston I had a question put in asking whether the wage-earners of the family were out of work. Forty-one thousand reported that they were out of work, and I told the Mayor of Boston that to my mind that meant 100,000, the reason being that the average man would not want to inform the police that he was out of work. There is that human sense of pride and privacy that would prevent a mother or sister from saying that the wage-earner of the family was out of work. So when 41,000 were so reported, it undoubtedly meant that the number was around 100,000. The United States enumerator in the same month went to the same homes in Boston and asked how many reported that they were out of work. It came to pass that a United States enumerator in asking the perfectly plausible question might get a better response than a police enumerator would get, but they reported 24,000 only. I tried to find out why, writing to Miss Barrow of New York State, an authority on social service matters, asking whether it was a common thing for people who were out of work to be unwilling to so report. She said that that was so, and that in cases where they had been promised a job they

didn't put themselves down as unemployed. I can see why that might easily be the case. Of course, there are going to be many appeals to relax the civil service law, and I don't know that such relaxation will help unless it is insisted that men who are furnished employment shall not be those who are already holding positions, and unless a provision is made that the most deserving, perhaps those having five or six children, shall take precedence. The trouble today is to find so many professionals on the job. The problem is to give the jobs to those who really need them. Men with children, men with heavy responsibilities, should be first considered, and not the chiselers. Generally, a man out of a job for the first time does not file an application. Therefore, I respectfully ask that consideration and preference be given to married men with children; and, in the event of that not being considered in connection with this order, I will introduce a resolution to that effect.

Coun. GREEN—Mr. President, I don't think we are getting anywhere this afternoon, and I suggest that this order be referred to the special committee just appointed. I think that is the proper place for it. We can then call a meeting of the committee immediately after the meeting of the Council and tomorrow can wait on the Governor, the Civil Service Commissioners and the Mayor of Boston. I think that is about all that can be done. I think the matter should be referred to the special committee.

President LYNCH—The Chair would say that under the rules he intends to refer the order to the special committee.

Coun. KELLY—Mr. President, I disagree with the last councilor in his remarks to the effect that we should shut off further discussion of the unemployment situation by referring this order to that committee. All I have heard since I have taken office is "unemployment," and I heartily agree with the councilor from the West End when he says that the twenty-two men in the Boston City Council, possibly together with the forty-four Representatives and the few Senators from Boston, know more about the unemployment situation from a practical standpoint than many of the people who are trying to be so active in this matter and who are claiming to take such an interest in it. We know the men who come to our homes, who stop us on the street and tell us stories. We know more about it than the Mayor or than some of these other people who claim to know so much about unemployment. The men come to our houses, and not to theirs and tell their stories to us as public servants. Therefore, we know at first hand about the unemployment situation. These other people are not bothered at their homes at night by the men who are unemployed. I say that the Mayor of Boston is not bothered at his home by people asking for jobs. His telephone is not ringing continually at night. Even when he is leaving here, the elevator is cleared so that no other persons are allowed in it, who may ask him for a job. Certainly such men as the members of this body, the twenty-two councilors, are much more in touch with conditions in the unemployment situation than these others in the community. So I hope we will discuss unemployment until something comes out of the discussion—even if it is a tax on the automatic machines which Clem Norton has told us about. Perhaps those machines might be taxed, giving the money that is so raised over to those men who are unemployed. Something has got to be done, and the more we discuss the matter the more ideas we will get on the subject. So I mean to discuss it, if necessary, having a meeting every day this week and next week until something is done about it.

The order as amended was referred to the Special Committee on Unemployment.

SIDEWALK ON MONTROSE STREET.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Montrose street, both sides, from Warren street to Moreland street, Ward 12, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

WIDENING OF WASHINGTON STREET AND HYDE PARK AVENUE.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to widen and relocate Washington street and Hyde Park avenue by taking for highway purposes the land bounded by Forest Hills square, Hyde Park avenue, Walk Hill street and Washington street.

Coun. MURRAY—Mr. President, in introducing this order, I do it with a hope that this most important work, to do away with congestion in the City of Boston, will be undertaken. We have out there a very serious situation. On one side is Ward 11 and on the other Ward 19. Where fire apparatus has to come down Hyde Park avenue, it has to go through a very narrow passage

to Washington street, passing through the neck of the bottle. If we take land and widen and relocate Washington street and Hyde Park avenue at that point we will then have a proper thoroughfare for the people of that district. Certainly, it is important that something should be done not only for fire apparatus going back and forth but for traffic in general, which is very heavy at that point. Children going to school, for instance, have to come down Hyde Park avenue into Washington street, and they do so at great danger to themselves, going through this small, narrow neck of the bottle at a great deal of risk. If this widening is done, it is going to make it much safer for them to go to and from. This is a thing that is very much needed in our district, and I hope the order will pass.

The order was passed under suspension of the rule.

REPAVING OF WARD 19 STREETS.

Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Sycamore street, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Neponset avenue, Ward 19.

Severally passed under suspension of the rule.

TRAFFIC SIGNAL, WARD 10.

Coun. POWER offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install an automatic traffic signal at the corner of St. Alphonsus and Tremont streets, Ward 10.

Passed under suspension of the rule.

Adjourned, at 4.10 p. m., on motion of Coun. HEIN, to meet on Monday, October 27, 1930, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

SETTLEMENT OF BOSTON, 1630.

Effected by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7, (O. S.), 1630. This date was moved forward by the new style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

NEW ORLEANS BUILDING THREE NEW INCINERATORS.

Three new incinerators to cost a total of \$700,000 are under construction at New Orleans and will add appreciably to that city's sanitation system. This will make a total of five plants where garbage can be readily disposed of. The plants, according to Commissioner of Public Property John Klorer, will be equipped in the most scientific manner with special provision for the prevention of any smoke nuisance.

The incinerators are conveniently distributed about the city, one of the new ones being almost ready for use. The one now nearing completion can handle 170 tons of garbage every 16 hours with no odor escaping, and its stacks are 125 feet high.

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

CHICAGO POLICE ALLOW SPEED ON SAFETY BASIS.

Traffic police in Chicago have been ordered to make a "sane application" of the law on speeding, determining the relation of an automobile's speed to the hazards it may create, according to "Chicago Commerce," published by the Association of Commerce of that city.

Such an interpretation of the law is new to Chicago, but is based on the experience of Michigan police and of those in other states where speed limits have been legally removed in favor of the enforcement of cautious driving.

"The Illinois statute," states Police Commissioner William F. Russell, "makes it illegal to drive at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person."

"The following types of fast driving are particularly dangerous and must be stopped:

"Cutting in and out of traffic at excessive speed.

"Excessive speed while approaching or passing pedestrians in the street.

"Excessive speed while approaching an intersection where the view of the other street is obstructed.

"Driving at high speed on a boulevard or through street in such a manner as to prevent other drivers from entering or crossing the same after they have made the legal stop.

"Driving at excessive speed while turning a corner where pedestrians are crossing.

"Driving at excessive speed at any time where an accident results, causing injury to any person or property."

AUTOMOBILE FATALITIES.

Automobile fatalities for the months of January and February of this year, as compared with last year, decreased considerably in the cities and increased considerably in the towns and country, as indicated by the Nation-wide reports received by the National Safety Council.

These reports show that the cities had six per cent fewer automobile deaths this year than last year; 61 of the 90 cities that reported showed declines, or no changes at all, as compared with a year ago. But the state-wide reports received during the same period showed an increase of 11 per cent in fatal automobile accidents. In the total, there were an estimated 4,240 motor vehicle deaths during January and February of this year, as compared with 4,220 such fatalities during the same two months of last year.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN WEST STREET, LODGE HILL ROAD, ASHVILLE ROAD, AND DEFOREST STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in West street, Lodge Hill road, Ashville road, and Deforest street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in West Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, November 6, 1930, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Nov. 1.) *Commissioner of Public Works.*

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING CABLES AND LIGHTS ON SUMMER STREET BRIDGE OVER RESERVED CHANNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing cables and lights on Summer Street Bridge over Reserved Channel, and giving bonds therefor of a surety company approved by the Commissioner in the sum of eight hundred (800) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Cables and Lights on Summer Street Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Wednesday, November 12, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

JOSEPH A. ROURKE,
(Nov. 1.) *Commissioner of Public Works.*

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING AUTOMATIC TRAFFIC CONTROL SIGNAL SYSTEM EQUIPMENT, UNIT TWO.

The Boston Traffic Commission of the City of Boston invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, for furnishing and installing automatic traffic control signal system equipment, Unit Two. A bond will be required for doing the work, of a surety company approved by the Commission, in the sum of one hundred (100) per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at the office of the Boston Traffic Commission, Room 602, 154 Berkeley street. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Furnishing and installing Automatic Traffic Control Signal System Equipment, Unit Two," and left at Room 602, 154 Berkeley street, before 12 o'clock noon of November 19, 1930, with a certified check for five (5) per cent of the amount of the bid, payable to and to become the property of the city if the proposal, after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The Commission reserves the right to reject any and all proposals or any part of any proposal.

JOSEPH A. CONRY,
(Oct. 25-Nov.-1-8-15.) *Traffic Commissioner.*

STIMULATING WISE MUNICIPAL CONSTRUCTION.

The American people are initiating one of the most important governmental experiments ever tried on any considerable scale. For many years there have been suggestions that public projects could be made to constitute an important element of stabilization in times of economic depression. At the instance of President Hoover the states and cities of the country are about to cooperate with the Federal Government to prevent the stock market depression from spreading into business generally.

PARK DEPARTMENT.

PROPOSALS FOR BITUMINOUS MACADAM SURFACE ON PINEBANK DRIVEWAY, OLMSTED PARK, JAMAICA PLAIN.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for bituminous macadam surface on Pinebank Driveway, Olmsted Park, Jamaica Plain. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Bituminous Macadam Surface on Pinebank Driveway, Olmsted Park, Jamaica Plain," and left before 12 o'clock noon on Thursday, November 6, 1930, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,

(Nov. 1.) Commissioners.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO HEATING AND VENTILATING CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for heating and ventilating work at the Charlestown Courthouse, Charlestown, Mass., according to the specifications, and giving bond of a surety company therefor, satisfactory to the Superintendent in a sum equal to 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, Room 802, City Hall Annex, Boston, filled out and signed by the bidder, and left before 12 o'clock noon of Wednesday, November 12, 1930, at said office with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes, properly sealed, and marked "Proposal for Heating and Ventilating Work at the Charlestown Courthouse." The bid must be made in duplicate, the one with the check to be left as stated above, the other, without the check to be deposited with the City Auditor before the time of the opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

JOHN P. ENGLERT,
Superintendent of Public Buildings.
(Nov. 1-8.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEN'S CLOTHING.

The Supply Department of the City of Boston invites proposals for furnishing men's clothing to the Long Island Hospital, Institutions Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, November 10, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the total amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 1.) Superintendent of Supplies.

SATURDAY, NOVEMBER 8, 1930.

No. 45

NEW CITY OF BOSTON FERRYBOAT "GENERAL SUMNER" LAUNCHED AT FORE RIVER — BOAT IS CHRISTENED BY MISS MARY CURLEY, DAUGHTER OF BOSTON'S MAYOR — MISS CURLEY PRESENTED HANDSOME WRIST WATCH AT LUNCHEON THAT FOLLOWED.

NEW CITY OF BOSTON FERRYBOAT "GENERAL SUMNER," WHICH WAS LAUNCHED THURSDAY AT THE FORE RIVER SHIPYARD, QUINCY, AND WAS CHRISTENED BY MISS MARY CURLEY, DAUGHTER OF MAYOR CURLEY.

With many prominent persons watching or sharing in the event, the new City of Boston ferryboat, "General Sumner," was launched at the Fore River shipyard, Quincy, on Thursday morning, November 6. Miss Mary Curley, daughter of Mayor Curley, christened the boat. Following the christening a luncheon was served at which Miss Curley was presented with a platinum wrist watch.

The launching was witnessed by a large gathering, including three Mayors—Mayor Curley of Boston, Mayor McGrath of Quincy, and Mayor Barry L. Egan of Cork, Ire.

Besides the three Mayors, there were on the platform Capt. Alvin Howes of Middleboro, State Commander of the Grand Army; J. C. J. Flamand, French Republic Consul at Boston, and Mrs. Flamand; General and Mrs. Edward L. Logan; Melville D. Liming, secretary of the Boston Chamber of Commerce; James H. Sullivan, Superintendent of Ferries of Boston; James E. Maguire, Penal Commissioner of Boston; Edmund L. Dolan, City Treasurer of Boston, and Frank J. Davis, head of the marine department of the Boston Chamber of Commerce.

The luncheon was given at the Neighborhood Club, where Miss Curley was presented the watch by S. Wiley Wakeman, president of the Bethlehem Shipbuilding Corporation, who presided.

Mayor Curley made an eloquent plea for the restoration of the American merchant marine and said each new launching proved a binding tie between a glorious past and a worthwhile present.

Referring to the order of the Boston City Council changing the name of the new boat from the "General Sumner," which the new boat replaces, to that of Matthew Boyle, a World War veteran, which Mayor Curley vetoed, he said: "I arranged to have a fireboat named for young Boyle instead. I desire to do all honor to the heroes of the World War."

(Continued on page 1775.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

NEW FERRYBOAT.

(Continued from page 1773.)

"At the time," he continued, "I did not realize of what importance that veto was. Now, my father and mother were born in Ireland and I have a natural affection for their birthplace.

"A few days ago, I received a letter from General Sumner, a brigadier-general in the Civil War, and the son of a man who fought in the war against Great Britain. He said in his letter that he was one of the first in charge of the Massachusetts troops, commanding the 28th Regiment, the first unit, which later was developed into what was known as the Irish Brigade. This brigade captured in 1865 more flags and standards than the rest of the Union Army and never lost one flag or standard itself.

"If I had followed the judgment of the Council, we would have not only been dishonoring the land which gave birth to my father and mother, but would have done a great injustice to a great American family, whose traditions are written down from the beginning of our Government to the present day.

"It is our regret that the present General Sumner could not be present with us today, but because of age and being afflicted with blindness he was unable to join in the ceremonies."

Other speakers were Mr. Wakeman, Harry Gould, manager of the Fore River plant; Consul Flammand, State Commander Howes of the Grand Army, General Logan and Mayor McGrath.

The vessel is a double-ended ferryboat, constructed for the City of Boston for ferry service between Boston and East Boston.

It is a vessel of 174 feet 4 inches overall length, 57 feet breadth over guards, 40 feet 8 inches molded breadth, 16 feet 10 inches depth of hull amidships, and has a displacement of about 820 tons at a molded draft of 10 feet 2 inches.

There are four driveways for vehicles and two cabins for passengers, extending through the entire length of the superstructure.

There are two propellers, one at either end, mounted on a continuous shaft extending through the total length of the hull. These propellers are turned by two similar fore-and-aft compound engines, one right-hand and one left-hand.

Two Scotch, single end, marine boilers, with a working pressure of 150 pounds, generate the steam for all purposes. These boilers are designed for coal burning.

One 1,500-gallon turbine driven, centrifugal fire pump is installed in the engine room with two fire nozzles located on the upper deck.

The keel for this vessel was laid August 11, 1930, and delivery is expected to be made before the end of this year.

Gen. William H. Sumner, in honor of whom the ferryboat is named, was one of the most illustrious patriots of the early days of the city's government. He was the son of Hon. Increase Sumner, Governor of Massachusetts, and was born in Boston, July 4, 1780, and graduated from Harvard University in the class of 1799.

General Sumner was one of the strongest supporters of Hon. Caleb Strong, Governor of Massachusetts, when war with England broke out in 1812. He was an intense patriot and as his family owned one

third of Noddle Island, the present East Boston, he especially enjoyed the confidence of the people.

Governor Caleb Strong approved the recommendations of General Sumner that a fort and batteries should be located upon Noddle Island for the defense of Boston and for the general security of the seacoast of Massachusetts.

The engineering work incident to the erection of this fort and batteries comprised an immense labor and it is highly to the credit of the early citizens of East Boston that they responded to the call for volunteers who furnished spades, shovels, pickaxes, iron bars, boats, wheelbarrows, and necessary utensils for the successful construction of the fort. Those, who by reason of infirmity, advanced age or illness, gave financial assistance to the enterprise.

Citizens of all classes contributed to the enterprise and so great was the press of volunteers that the laborers had to be classified and a system of work assigned in sequence to the early patriots.

Governor Strong appointed Gen. William H. Sumner as Commander-in-Chief and was the first aide-de-camp of the Governor of Massachusetts.

Work upon the fort at Noddle Island began upon the morning of September 10, 1814, and was completed upon October 26, 1814, when elaborate military ceremonies were held and marked by the presence of Lieutenant Governor Phillips, the Executive Council, the members of the Winslow Blues, the staff and members of the Massachusetts Guards, and other noted military officials of the Commonwealth of Massachusetts.

General Sumner for his distinguished service in the War of 1812 was later made Adjutant-General of Massachusetts and served from 1818 to 1835.

General Sumner was a lawyer by profession, of fine ability and was especially active in the settlement and improvement of Noddle Island, the present East Boston. He died in Jamaica Plain, October 24, 1861.

MAYOR CURLEY THANKED FOR COURTESY TO COSTA RICAN GOVERNMENT REPRESENTATIVES AT COLUMBUS DAY EVENTS.

Mayor Curley received the following letter from Senor Don Manuel Castro Quesada, Envoy Extraordinary and Minister Plenipotentiary of Costa Rica, at Washington, D. C.:

It was a high honor for me to receive your kind invitation to represent my country, Costa Rica, in the festivities organized by the City of Boston to celebrate Columbus Day. It has been a great pleasure for me to assist at this celebration, not only because of the magnificent hospitality shown me by yourself and your officers, but also because I was able to appreciate the high sentiment of Pan-Americanism which inspires the residents of Boston and the distinguished gentlemen who so efficiently direct the administration of the city's affairs.

Boston's Tercentenary and the achievements of that city since its first settlement in 1630 have rightly captured the imagination and admiration, not only of the United States, but also of the republics to the south. Witnessing at first hand, as I did, the wonderful unanimity of sentiment and the cordial relationship of

the citizens of Boston of Latin extraction with the citizenry as a whole, I can understand the secret of Boston's progress.

It is an honor to preside over the destinies of such a city, but, in like measure, Boston itself is honored in having as its Chief Magistrate a man of your capabilities and charm.

This letter of appreciation would not be complete without mentioning the courtesy and tact of Mr. Thomas J. A. Johnson. I can conceive of no one better fitted for his task. Not only does he fulfill the official duties in a manner beyond reproach, but he went out of his way, I am certain, to extend to me those personal attentions which added so much to the pleasure of my stay.

I am, my dear Mr. Mayor,

Sincerely yours,

MANUEL CASTRO QUESADA.

MAYOR THANKED FOR PROVIDING MEDICAL SUPERVISION FOR PAROCHIAL SCHOOLS.

Mayor Curley, on October 31, received the following communication from the Rev. Richard J. Quinlan, Diocesan Supervisor of Schools, 75 Union Park street, Boston:

YOUR HONOR,—I am very grateful to your Honor for your kindness in providing for the medical supervision of the children who are in attendance at the parochial schools of the City of Boston.

I want your Honor to know that by your thoughtful decision to provide medical supervision for parochial school children you have made a very great contribution to the development of the health and happiness of the thirty-one thousand one hundred thirty-two boys and girls who are at present enrolled in the forty-three parochial schools of the City of Boston.

Very sincerely yours,

RICHARD J. QUINLAN,
Diocesan Supervisor of Schools.

RADIOGRAM FROM SIR THOMAS LIPTON.

His Honor the Mayor, on November 1, received the following radiogram from Sir Thomas Lipton, who is aboard the S.S. "Leviathan":

MY DEAR MAYOR,—Greatly appreciate your exceedingly kind message and invitation to visit Boston. Nothing would give me greater pleasure but regret cannot fix a date until after I arrive New York and ascertain my engagements there. Would ask you therefore to kindly defer any arrangements. Warmest thanks and best wishes.

THOMAS LIPTON.

MAYOR PRAISED FOR MISSISSIPPI BASIN IMPROVEMENT PROPOSAL.

His Honor the Mayor, on November 1, received the following telegram from Hon. Richard L. Metcalfe, Mayor of Omaha, Nebraska:

People of West singing your praises for your wonderful letter to the President on the development of western waterways. We thank you for it for we know it will result in the greatest good to this section and to the entire country.

RICHARD L. METCALFE.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Astoria street, Dorchester district, as a highway, southwesterly from Flint street; bounded and described as follows:

A highway named Astoria street is hereby laid out, southwesterly from Flint street for a distance of approximately nine hundred and fifty-five feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Flint street, forty and 5-100 feet; southeasterly by the southeasterly line of said Astoria street as hereby laid out, by three measurements, four hundred eighty-three and 47-100 feet, forty feet, and four hundred thirty-one and 33-100 feet; southwesterly by the southwesterly line of said Astoria street as hereby laid out, forty and 6-100 feet; and northwesterly by the northwesterly line of said Astoria street as hereby laid out, by three measurements, four hundred thirty-one and 53-100 feet, forty feet, and four hundred eighty-four and 10-100 feet.

Trees or structures standing upon or affixed to the afore described land shall

be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement. Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Astoria street, southwesterly from Flint street for a distance of approximately nine hundred and fifty-five feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Astoria Street, Dorchester, Assessment Plan, June 23, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon October 31 the Mayor approved a contract with C. M. Callahan, Incorporated, for bitulithic pavement in Audubon road and Mountfort street, Ward 21. Bids, opened October 29, were as follows:

Sheet Asphalt.—Thomas J. Kelly, \$15,147.95; C. M. Callahan, Incorporated, \$15,928; Martino DeMatteo, \$16,539.25; A. G. Tomasello & Son, Incorporated, \$16,526; S. J. Tomasello, \$16,788; A. Singarella, \$17,281.60.

Bitulithic.—Thomas J. Kelly, \$14,900.45; C. M. Callahan, Incorporated, \$15,680.50; Martino DeMatteo, \$16,291.75; A. G. Tomasello & Son, Incorporated, \$16,389; S. J. Tomasello, \$16,540.50; A. Singarella, \$16,649.60.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Upon October 30 the Mayor approved a contract with the New England Maintenance Company, Incorporated, for repairing garbage station, Dorchester. Bids, opened October 28, were as follows:

New England Maintenance Company, Incorporated, \$8,127.50; The Rendle Corporation, \$8,810; The Marine Company, \$9,645; M. M. Devine, \$10,182.50; W. H. Ellis & Son Company, \$10,640; Buck-MacDonald Company, \$11,010; A. McDonald Company, \$11,386; Cook Construction Company, \$11,645.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon November 5 the Mayor approved a contract with the Roslindale Contracting Company for building sewerage works in Leland street, between Wachusett street and 200 feet southerly, West Roxbury. Bids, opened November 3, were as follows:

Roslindale Contracting Company, \$1,586.94; D. V. Construction Company, \$1,705; J. Williams, \$1,761.32; A. Grande, \$2,004.13; Roxbury Concrete Construction Company, \$2,130.84; L. Balboni, \$2,190; Savage Contracting Company, \$2,696.80.

CONTRACTS AWARDED.

SUPPLY DEPARTMENT.

Upon October 30 the Mayor approved a contract with lowest bidders as indicated for furnishing hay, grain and straw to the various city departments for the month of November, 1930. Bids, opened October 27, were as follows:

* Contract awarded.

Upon November 5 the Mayor approved a contract with the Pierce Company for cleaning sewers in Neponset avenue, between Stony brook and Folsom street, West Roxbury. Bids, opened November 3, were as follows:

The Pierce Company, \$614.20; John L. Williams, \$838.

Upon November 5 the Mayor approved a contract with DeCristoforo Brothers Company for sewerage works in Gallivan Boulevard (south side), Arbella road, Cemetery lane, private land and O'Connell road, Dorchester. Bids, opened October 30, were as follows:

DeCristoforo Brothers Company, \$6,805.25; Lawrence Construction Company, \$9,599; L. Balboni, \$10,387.50; A. Grande, \$10,684.75; A. Piatelli & Co., \$10,749.25; M. DeSisto Company, \$10,976.50; L. P. Federico & Susi Company, \$11,842; Roslindale Contracting Company, \$11,853.06; T. J. O'Connell, \$12,451.01; J. Williams, \$12,687.78.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon October 31 the Mayor approved a contract with the Roxbury Concrete Construction Company, Incorporated, for laying and relaying water pipes in Glenwood avenue, Seminole street, Hyde Park; Undine road, Brighton; Libbey street, West Roxbury; O'Connell road, Dorchester. Bids, opened October 27, were as follows:

Roxbury Concrete Construction Company, Incorporated, \$2,170; Savage Construction Company, \$2,243.50; Roslindale

Contracting Company, \$2,266.70; M. DeSisto Company, \$2,319.50; L. Balboni, \$2,412.75; J. Williams, \$2,708.

SUFFOLK COUNTY JAIL.

Upon November 5 the Mayor approved a contract with Frank Imhof Company for the construction of a new guard house, tunnel and wall at the Suffolk County Jail. Bids, opened on November 27, were as follows:

Crane Construction Company, \$74,870; Frank Imhof Company, \$75,000; J. A. Singarella, \$77,800; Edmund J. Rappoli, \$78,350; M. S. Kelliher Company, \$79,900; Matthew Cummings Company, Incorporated, \$80,800; Capobianco Construction Company, \$82,000; Suffolk Construction Company, Incorporated, \$83,100; Frankini Brothers, Incorporated, \$83,730; John B. Dolan, \$83,800; Martin W. Ryan, Incorporated, \$83,931; Shawmut Construction Company, \$84,667; Frank Losordo Company, Incorporated, \$84,999; Walsh Brothers, \$86,324; Coleman Brothers, Incorporated, \$91,614; Archdeacon and Sullivan, Incorporated, \$92,939.

TRAFFIC COMMISSION.

Upon October 31 the Mayor approved a contract with the American Gas Accumulator Company for furnishing and installing automatic traffic signals at six suburban intersections. Bids were as follows:

L. Scott Roe, \$7,200; American Gas Accumulator Company, \$7,232; American Gas Accumulator Company, \$7,442.30.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with department forces without advertising; additions to and deductions from contracts.

HOSPITAL DEPARTMENT.

Upon November 3 the Mayor approved a contract with the Otis Elevator Company for changing the elevator system in the Sanatorium Division. A communication from Joseph P. Manning, of the Board of Trustees was as follows:

SANATORIUM DIVISION,

BOSTON, October 29, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Otis Elevator Company to change the elevator at present in the domestic building of the Sanatorium Division to a micro-leveling device with A. C. current, three-phase, sixty cycles, with a capacity of 1,800 pounds at 100 f. p. m., furnish doors for same, and remove and reinstall door contacts, at a total cost of \$5,453.

As the Otis Elevator Company are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

JOSEPH P. MANNING,
President Board of Trustees.

PUBLIC CELEBRATIONS.

Upon varying dates as indicated in accompanying communications the Mayor approved contracts with concerns and firms for various supplies. Communications from J. Philip O'Connell were as follows:

BOSTON, October 10, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—Permission is respectfully requested in connection with the reception and banquet to be tendered to Hon. Nobile Giacomo de Martino, Ambassador Extraordinary and Plenipotentiary of the Kingdom of Italy on Sunday, October 12, 1930, to award, without advertising, a contract to the Hotel Statler as follows: 660 dinners at \$3, \$1,980; special service, etc., \$190; total, \$2,170.

In my opinion nothing would be gained by advertising for the purpose of securing competitive bids.

Very respectfully yours,

J. PHILIP O'CONNELL,
Director of Public Celebrations.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—Permission is respectfully requested in connection with the banquet of the Supreme Lodge, Order of Ahepa, during their convention in Boston, to award, without advertising, contract of the Bradford Hotel, to furnish 480 dinners at \$2.50 per dinner, amounting to \$1,200, August 28, 1930.

In my opinion nothing would be gained by advertising for the purpose of securing competitive bids.

Very sincerely yours,

J. PHILIP O'CONNELL,
Director of Public Celebrations.

BOSTON, October 25, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In connection with expenditures for the Tercentenary Celebration of 1930, permission is respectfully requested to award a contract, without advertising, to the Graybar Electric Company, 287 Columbus avenue, Boston, for the purchase of public address equipment at \$2,881.

In my opinion nothing would be gained by advertising for the purpose of securing competitive bids.

Very sincerely yours,

J. PHILIP O'CONNELL,
Director of Public Celebrations.

PUBLIC WORKS DEPARTMENT.

Upon varying dates as indicated in the accompanying communications the Mayor has approved contracts for work in the Public Works Department. The communications from Joseph A. Rourke of the Public Works Department were as follows:

BOSTON, October 9, 1930.

To the Mayor of Boston.

Your permission is respectfully requested for the award of a contract, without advertising, to R. S. Brine Transportation Company which is now doing the work of tearing down No. 3 pumping engine at the Calf Pasture pumping station, Dorchester, for the lump sum of \$1,727, under two items, respectively, for plugging the existing hole in the gallery gate of No. 3 well and for removing and disposing of all solid or semisolid sludge, sand or other materials in No. 3 pump well.

This work is necessary on account of a broken gallery gate and the necessity of removing the deposit in the well in order that the contractor, the R. S. Brine Transportation Company, can remove the cast-iron screen in the well, included in their original contract.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, October 10, 1930.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to J. B. O'Rourke for paving Hyde Park avenue at the underpass of the New York, New Haven & Hartford Railroad at Readville, for approximately \$2,496.50, at the following unit prices and quantities:

10 cubic yards excavation for water boxes, etc., at \$1.50, \$15; 10 tons crushed stone furnished and placed, at \$2.25, \$22.50; 350 linear feet edgestone reset, at 38 cents, \$133; 720 square yards granite blocks relaid, grout joints and 6-inch concrete at \$3.15, \$2,268; 290 square yards gravel sidewalk at 20 cents, \$58.

Bids were opened for this job on May 20, 1930, at which J. B. O'Rourke was the low bidder, but the award was withheld on account of major surface drainage construction, on which the contractor was delayed through unforeseen difficulties, and only recently has the street been made available for resurfacing.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, October 10, 1930.

To the Mayor of Boston.

Your permission is requested for the award of a contract, without advertising,

to M. F. Gaddis for paving Dorchester avenue, from Old Colony avenue to Andrew square, with sheet asphalt pavement on 6-inch concrete base, the total cost of the job being estimated at \$55,000, the prices to be the same as those in his contract for East Eighth street, South Boston, and the following agreed upon prices for work to be done and not included in the Eighth street contract:

800 cubic yards of gravel fill, at \$1 per cubic yard; 430 square yards of granite blocks, concrete base, cement grout joints, relaid, at \$3 per square yard; 400 square yards quick-setting cement grout joints at 30 cents, extra per square yard. Credit: 12,616 square yards of old granite block pavement at 10 cents per square yard.

The condition of this section of Dorchester avenue, due to underground work prosecuted during the season, is such as to require its being newly paved this year. We are sure that this contractor can do the work before the close of the season and that the prices of the East Eighth street contract would probably not be reduced any by advertising for proposals. It would be impossible to have the street done this year were proposals now advertised and bids opened later.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, October 15, 1930.

To the Mayor of Boston.

Your permission is respectfully requested to the award of a contract, without advertising, to Coleman Brothers, Incorporated, for approximately \$28,000 for paving Summer street, from the bridge abutment to south of First street, with recut granite block pavement on 6-inch concrete base and artificial stone sidewalks. This firm has the contract for reconstructing L Street Bridge, which we are practically sure of completing this year. Advertising a paving contract for the construction of this section of Summer street would result in deferring the award for at least three weeks, with the resultant improbability of having through traffic established between the city and South Boston along the street this year. The unit prices have been established by the chief engineer of the Paving Service and are considered fair, and they have been agreed to by the contractor.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, October 29, 1930.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Frank J. Jacobs Company, 1251 Centre street, West Roxbury, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve \$1,000.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, October 30, 1930.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to Appel & O'Toole at a cost

not to exceed \$12,000 for the construction of Outlook road, from Ormond street to Byers road, in the Wellington Hill section of Dorchester, based on the unit prices of this firm's contract for constructing Ormond street, Dorchester, with the addition of the following agreed upon items not in the Ormond street contract:

Three square yards granite block pavement, concrete base, relaid, at \$1.80, \$5.40; 730 linear feet ground water drain, at 50 cents, \$365.

This is the street on which a new schoolhouse was located approximately five feet too low, and the street requires extensive regrading to meet the schoolhouse conditions. The school is now in use, and as Outlook road has just been ordered constructed by the Street Commissioners, its immediate construction is very urgent.

Appel & O'Toole, under their contract for the adjacent Ormond street, have a shovel at work, and the regrading of Outlook road can be done immediately so as to precede the relaying of sub-surface structures to conform to the new grade.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon various dates as indicated, the Mayor approved contracts with several firms for furnishing supplies to the several departments. Communications from Philip A. Chapman of the Supply Department were as follows:

BOSTON, October 1, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Ingersoll-Rand Company of New England for delivery to the Water Service, 710 Albany street, of the following:

One Ingersoll-Rand Type Twenty portable gasoline engine driven compressor unit complete, with the necessary fittings for mounting same on a Model "AA" Ford chassis, delivered and mounted at a price of \$1,744.28.

As the Ingersoll-Rand Company of New England are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 6, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the American Gas Accumulator Company for furnishing to the Boston Traffic Commission the following:

Ten 3-lense housings complete at \$48.50 each, \$485; five 4-lense housings complete at \$63 each, \$315; fifteen top pipe assembly for two 1-way posts, at \$6 each, \$90; fifteen bottom pipe assembly for two 1-way posts, at \$6 each, \$90; twelve 2-inch by 6-inch galvanized nipples with two lock nuts each, at 85 cents each, \$10.20; one top pipe assembly for three 1-way posts, \$9; one bottom assembly for three 1-way posts, \$9; ten pieces 1½-inch pipe for two 1-way 3-lense assembly, at \$1.25 a piece, \$12.50; ten pieces 1½-inch pipe for two 1-way 4-lense assembly, at \$1.75 a piece, \$17.50; twenty-four lamp sockets, at 75 cents each, \$18; nine Fresnel globes for AGA beacons at \$10.50 each, \$94.50; twelve amber globes, at \$4 each,

\$48; thirty-six head cork gaskets, at 25 cents each, \$9. Total, \$1,207.70.

This material constitutes parts for the AGA beacon, and as the American Gas Accumulator Company are the manufacturers no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 15, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Boston Hupmobile Company, Incorporated, to deliver to the Park Department the following:

One 1931 six-cylinder standard Hupmobile coupe, fully equipped and delivered at a price of \$1,285; less special discount of 5 per cent \$64.25—\$1,220.75—less allowance on old Chevrolet coach, \$150—Net amount of the contract, \$1,070.75.

As the Boston Hupmobile Company, Incorporated, are the direct agents of the manufacturers, no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 16, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Electric Refrigerator Company of New England, distributor for the General Electric Refrigerators, for delivery to the Sanatorium Division of the Boston City Hospital the following:

Two Model PS-7 electric refrigerators at \$321.50 each, \$643; five Model PL-95 electric refrigerators at \$380.50 each, \$1,902.50. Total, \$2,545.50.

The Sanatorium Division have gone into the selection of these refrigerators very carefully, and they are of the opinion that the General Electric Refrigerators are most suitable for their requirements, and as the Electric Refrigerator Company of New England are the direct agents of the manufacturers no advantage would accrue from publicly advertising.

I am attaching herewith letter of recommendation from Doctor O'Brien, Assistant Superintendent of the Sanatorium Division.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 20, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to McKinney Brothers to deliver to the Sanitary Division of the Public Works Department the following:

Five horses at \$350 each, \$1,750.

These horses were personally selected by the veterinarian of the Public Works Department, after visiting the various sales stables, as the best obtainable at the prices quoted.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 21, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Gamewell Company to deliver to the Fire Alarm Station, Fire Department, the following special electric current generating equipment for fire alarm service:

One motor-generator, Crocker Wheeler, with six horse-power motor 230 V. D. C. and five K. V. A. generator 130 V. A. C.; one motor starter; one frequency meter, No. 60 cycles, Weston No. 214; one A. C. voltmeter No. 261, 0-150 scale; one A. C. ammeter No. 261, 0-75 scale, 130 rectifiers; 2,400 F. I. P. battery elements, jars and electrolyte; 75 positive end plates; 75 negative end plates. Total price for the lot, \$10,551.75.

The Gamewell type of battery has been used by the Fire Alarm Service for more than thirty years, and has been adopted by them as a standard.

As the Gamewell Company are the direct agents of the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 23, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Seeger Refrigerator Company to deliver to the new Kitchen and Dining Room Building, Sanatorium Division of the Boston City Hospital, the following:

Two Model P-16 Seeger refrigerators at \$290 each, \$580; three Model P-44 Seeger refrigerators at \$450 each, \$1,350; one 5-foot Seeger fish box, \$160. Total price delivered and set in place, \$2,090.

As the Seeger Refrigerator Company are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 23, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Home Electric Light and Power Equipment Company to deliver to the new Kitchen and Dining Room Building, Sanatorium Division of the Boston City Hospital, the following Frigidaire equipment:

One Model O Frigidaire compressor with two No. 12-F coils, \$465.50; two Model O Frigidaire compressors with two 63-F coils, \$798; one Model R, Frigidaire compressor and 63-F coil, also 20-pound ice-maker, \$776; one 10-hole Frigidaire ice cream storage cabinet with O compressor for hardening, \$687. Total price installed, \$2,726.50.

As the Home Electric Light and Power Equipment Company are the direct agents of the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 27, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Postage Meter Company, 141 Milk street, Boston, to deliver to the Collecting Department the following:

One Postage Meter machine, Model A, delivered at a price of \$1,350.

The City Collector has notified this office that this machine is a particularly useful one for his office, and is the type best suited for his purposes.

As the Postage Meter Company are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, October 29, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Hobart Manufacturing Company, 9 Union street, Boston, to deliver to the new Kitchen and Dining Room Building, Sanatorium Division, Hospital Department, the following:

One Model 80-B electric Hobart mixing machine complete with two horse power motor, 80-quart bowl, beater for 80-quart bowl, whip for 80-quart bowl, 30-quart bowl adapter, beater for 30-quart bowl and whip for 30-quart bowl, \$629; one Hobart Type F-30, 30-quart mixing machine complete with $\frac{1}{2}$ horse power motor, 30-quart bowl, beater for 30-quart bowl, whip for 30-quart bowl, \$385; one C-10 Hobart mixer, complete with $\frac{1}{4}$ horse power motor, 10-quart bowl, beater for 10-quart bowl, whip for 10-quart bowl, \$150; one Type 29 Hobart coffee mill, counter base, complete with $\frac{3}{4}$ horse power motor, \$240; one Type 212 Hobart electric meat chopper, equipped with $\frac{1}{2}$ horse power motor, \$175. Total, \$1,579.

To be installed where requested.

The trustees of the Sanatorium Division of the Hospital Department have selected the Hobart make of equipment as best suited for their uses, and as the Hobart Manufacturing Company are the manufacturers, no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, November 3, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Boston Hupmobile Company, Incorporated, to deliver to the Fire Department the following:

One seven-passenger, Model UM—Custom, wire wheels, Hupmobile sedan, \$2,845; less 5 per cent, \$142.25—\$2,702.75; plus trunk and heater, \$104.50—\$2,807.25; less allowance on LaSalle, \$500—\$2,307.25; one five-passenger, Model CQ—Custom, wood wheels, Hupmobile sedan, \$2,010, less 5 per cent, \$100.50—\$1,909.50; plus trunk, \$47.50—\$1,957; less allowance of \$200 on old Chandler, \$200—\$1,757. Total, \$4,064.25.

As the Boston Hupmobile Company, Incorporated, are [the] the direct agents of the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, November 4, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Thomas W. Reed Company, to deliver to the Boston City Hospital the following:

Two Zeiss DSG-1 binocular microscopes complete, including mechanical stages, achromat objectives, 10-40 and 90 oil immersion, Abbe condenser, triple nosepiece and paired oculars 7x and 10x mechanical stage included, \$527; one Zeiss microscope stand, Model DSG, with apochromat objectives 10-20-40 and 90 oil immersion, 1.30 N. A. applanatic condenser, 1.40 N. A. and paired compensating oculars 5x and 10x, mechanical stage included, \$418.50; one Zeiss Model ESG monocular microscope with achromat objectives 10-40 and 90 oil immersion, Abbe condenser, triple nosepiece and 5x and 10x oculars, mechanical stage included, \$175.50; four Zeiss microscope lamps complete with 165-watt bulbs, \$42—total, \$1,163, 2 per cent, ten days.

On quotations received at this office under date of October 24, 1930, for the above equipment, the Thomas W. Reed Company was the lowest bidder.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That during the period of sewer construction vehicles are excluded from Harvard street, between Paxton street and Donald street, from October 30, 1930, to November 4, 1930, inclusive.

Voted, That during the period of roadway resurfacing, estimated to be one (1) week, vehicles are excluded from Gainsborough street, between Huntington avenue and St. Stephen street, effective November 3, 1930.

Voted, That during the period of roadway resurfacing, estimated to be one (1) week, vehicles are excluded from Boylston street, between Exeter street and Hereford street, effective only in one block at a time, where signs are posted, effective November 3, 1930.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 1, 1930, as follows:

During the period of underground construction of water pipes, estimated to be two (2) weeks, Chardon street is a one-way street, from Bowdoin square to Merrimac street.

Voted, That during the period of roadway resurfacing, vehicles are excluded from Mason street, between Avery street and West street, effective on November 1, 1930, and November 2, 1930.

REVISION OF ASSESSMENTS.

The Mayor has approved the following votes of the Board of Street Commissioners:

In the matter of the application for

revision of assessments levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken upon said application.

Order, That the amount hereinafter specified, being the annual apportionment for the year specified below, be, and the same is hereby, abated.

Delia L. O'Brien, 1930 apportionment, Plan 1928-37, part 1, Lot 17, Centre street, West Roxbury, assessed August 7, 1929..... \$12 98

In the matter of the application for revision of assessments levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken upon said application.

Order, That the amount hereinafter specified, being the annual apportionments of said assessments for the year specified below, be, and the same are hereby, abated.

Peter Connolly, 1930 apportionment, Plan 1925-4, 6 parts, Lot 22, Centre street, assessed October 8, 1925..... \$6 78

EXTRA WORK UNDER
CONTRACT.

A. G. Tomasello & Son, Incorporated, have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Massachusetts avenue, etc., streets. Items ordered: Lay asphalt pavement and do incidental work in Worthington street, from Fenway to 324 feet southwesterly. Prices to be paid: The same as those bid for similar work in the contract. Estimated cost of extra work, \$5,500.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

JUNIOR CIVIL SERVICE EXAMINER, JUNIOR CIVIL SERVICE EXAMINER-INVESTIGATOR, DEPARTMENT OF CIVIL SERVICE AND REGISTRATION, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,620 a year; the maximum salary is \$2,100 a year. There are three vacancies.

Duties: Under direction, to assist in planning, preparing, holding, and scoring tests used to measure the qualifications of persons seeking employment in the service of the Commonwealth and of the cities and towns that operate under the merit system, by performing the less responsible and difficult tasks as assigned; to investigate character references and experience records of applicants.

Qualifications: Education equivalent to that required for graduation from a university of recognized standing.

Subjects and Weights: Training and experience, 3; practical questions for investigator, 2; practical questions for examiner, 2; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

If sufficient applicants pass in all subjects, a list will be established for examiner and investigator. If not, separate lists will be established of those who pass for either examiner or for investigator.

FIRE DEPARTMENT ORDERS.

General Order No. 97.

I. FIRE DEPARTMENT BAND.

The next rehearsal for the Fire Department Band will be held in the Assembly Hall at Engine 26 at 1 p. m., Saturday, November 1, 1930. Members will bring their instruments, music books and stands to the rehearsal.

Attention is called to the hour of rehearsal, namely, one o'clock. Every member is requested to report promptly.

II. NOTES AND LOANS.

Too frequently of late the Fire Commissioner has been requested for references concerning men who are making notes for the loan of money as well as for the members who are indorsing notes at the request of fellow members of the department.

The commissioner desires to call the attention of all members of the department to Rule 373, as follows: "No member shall assign his wages or salary, in whole or part, or refuse or unreasonably neglect to pay his just debts."

The commissioner feels that every member of the department should be informed of his liability in regard to the making and indorsing of notes, and every member should bear in mind when he indorses a note he makes himself liable for the full amount of the note if the maker fails to comply with his obligations. Unfortunately this obligation often falls entirely on one of the indorsers.

The commissioner does not propose to allow his office to become a collection agency for the adjustment of such transactions. Any questions arising as a result of the making or indorsing of notes must be settled between the maker, the indorser and the payees themselves.

III. SALT.

On or before Monday, November 3, 1930, company commanders will forward to the Fire Commissioner on Form 5 a statement of the amount of salt required for the coming winter.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 98.

I. PROMOTIONS.

The following promotion, which took effect at 8 a. m., October 27, 1930, is hereby announced:

Master Steamfitter Charles W. Nicholson to be Supervisor of Building Repairs.

The following promotion, which took effect at 8 a. m., October 30, 1930, is hereby announced:

Master John D. McDonough of Engine 44 to Master in Charge of Marine Service.

Both these men will report directly to the Superintendent of Maintenance.

The following promotion is hereby announced to take effect at 8 a. m., Friday, November 7, 1930:

Hoseman Walter B. Werner of Engine 31 to Master.

II. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, November 7, 1930:

John D. McDonough, Master in Charge of Marine Service, from Engine Company 44 to the Maintenance Division.

Master Walter B. Werner, from Engine 31 to Engine 44.

Frederick J. Walsh, from Engine 20 to Ladder 27.

III. RETIREMENTS.

The following retirement is hereby announced to take effect at 8 a. m., Friday, November 7, 1930:

Ladderman Walter Hughes of Ladder Company 16.

Ladderman Hughes was appointed to this department on January 14, 1898. He leaves the department with the best wishes of his associates.

IV. REINSTATEMENTS.

In accordance with the recommendation of the Medical Board of the Boston Retirement System the following named men have been ordered back to duty, after examination, to take effect at 8 a. m., Friday, November 7, 1930:

Joseph V. O'Donnell, to Engine 40.

Dennis J. Noonan, to Engine 13.

V. FIRE DEPARTMENT BAND.

The next rehearsal for the Fire Department Band will be held at 1 p. m., Saturday, November 8, 1930, in the Assembly Hall at Engine 26. Members are requested to report promptly at the hour stated and to bring their instruments, music and music stands. Attention is called to the fact that the rehearsal will begin promptly at 1 o'clock.

VI. ASSIGNMENT CARDS.

Assignment cards are being issued to the department today for the following boxes: All boxes mentioned in paragraph 3, General Orders No. 46, c. s. These cards are dated October 27, 1930, and are new cards to be added to the assignment boxes.

Box 1375: A new card is being issued for Box 1375 in accordance with paragraph 2, General Orders No. 76, c. s. The new card is dated October 27, 1930, and the old card should be returned to Headquarters no later than Saturday, November 8, 1930. Attention is called to the change in location of fire alarm Box 1375.

Box 1634: The assignment cards for Box 1634 are being returned. Attention is called to the addition of Box 12-1634 to this card in accordance with paragraph 4, General Orders No. 39, c. s.

Box 3557: A new card for Box 2557 is being issued to the department today. This card is dated October 27, 1930. The old cards for this box should be returned to Headquarters not later than Saturday, November 8, 1930. Attention is called to the following changes in this card: A correction in the location of Box 3557, a correction in the location of Box 12-3557 and the addition of Box 13-3557.

Box 354: Cards for Box 354, Outlook road, auxiliaryized to the Solomon Lewenberg School, are being issued to the department today. This is a new box which was announced in General Orders No. 39, paragraph 4, c. s. The new cards are dated October 27, 1930.

Box 6123: New cards are being issued to the department today for Box 6123, Boston Airport, near Colonial Airport Transport hanger. These cards are dated October 27, 1930, and the change in this box was originally announced in General Orders No. 40, c. s.

When returning old cards to Headquarters the company number must be written on the back of each card in lead pencil.

RETIREMENT BOARD REPORT.

October 31, 1930.

To the Auditor.

At a meeting of the Retirement Board, held on Wednesday, October 15, 1930, the retirement from active service of the following named members of the Boston Retirement System was approved to become effective at the close of business, October 31, 1930.

Christopher I. FitzGerald, Assessing Department, deputy assessor, salary at time of retirement, \$4,500 a year.

William A. Crenney, Assessing Department, first assistant assessor, salary at time of retirement, \$1,700 a year.

Thomas E. Crosby, Building Department, plumbing inspector, salary at time of retirement, \$2,500 a year.

Michael F. McLaughlin, Election Department, assistant registrar, salary at time of retirement, \$2,200 a year.

John J. Capelle, Election Department, assistant registrar, salary at time of retirement, \$2,200 a year.

Ellen F. Conley, Library Department, first assistant, salary at time of retirement, \$1,560 a year.

Walter I. Brown, Public Works Department, assistant engineer, salary at time of retirement, \$2,300 a year.

John O'Neil, Public Works Department, laborer, salary at time of retirement, \$1,560 a year.

Ernest Cummings, Public Works Department, foreman, salary at time of retirement, \$2,300 a year.

James Garrity, Public Works Department, laborer, salary at time of retirement, \$1,560 a year.

Charles Logue, Public Works Department, subforeman, salary at time of retirement, \$2,100 a year.

Andrew J. Doran, Public Works Department, laborer, salary at time of retirement, \$1,560 a year.

Patrick McLaughlin, Public Works Department, laborer, salary at time of retirement, \$1,560 a year.

Martha E. Daniels, School Department, assistant, salary at time of retirement, \$2,304 a year.

Patrick F. Manning, School Department, custodian, salary at time of retirement, \$42.50 a week.

Anna S. Norton, Suffolk County, entry clerk, salary at time of retirement, \$2,150 a year.

Gertrude A. Donovan, Suffolk County, superintendent, salary at time of retirement, \$2,300 a year.

Andrew J. Kenney, Suffolk County Jail, officer, salary at time of retirement, \$2,100 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should

be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

DAMAGES ASSESSED.

The Mayor has approved the following votes of the Board of Street Commissioners:

That in the matter of E. V. Earle & Sons, Incorporated, petitioners for damages occasioned their estate by the change of grade of Buckingham street, Boston proper district, under the order of the Street Commissioners and Mayor of August 22, 1927, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$4,000, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of the Basile Realty Company, petitioner for damages on account of the taking in fee of 22,031 square feet of land on Basile street, West Roxbury district, for school purposes, under the order of the Street Commissioners and Mayor of November 20, 1929, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$11,000, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of William H. Breen, petitioner for damages on account of the taking in fee of 3,040 square feet of land on Eden street, Charlestown district, for school purposes, under the order of the Street Commissioners and Mayor of November 14, 1930, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$4,000, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

ADDITIONAL DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Whereas, An award of \$2,208 for the taking in fee for school purposes in 13,800 square feet of land on Radcliffe road, Ruskin road and Rosebery road, Hyde Park district, was made to Albert S. Wingersky under the order for said taking dated May 25, 1928; and

Whereas, Said sum (\$2,208) was accepted by said Wingersky not in full satisfaction of all damages so sustained but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Wingersky petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$2,208) so awarded, accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department and on its advice, that additional damages in the amount of \$782 be, and the same hereby is, awarded to Albert S. Wingersky, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That the order of the Street Commissioners and Mayor of October 17, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of South Crescent Circuit, Brighton, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Margaret Young; that the amount \$40 be, and the same hereby is, awarded to Margaret Young for the damages so sustained.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

That the order of the Street Commissioners and Mayor of October 24, 1929, determining that no person sustains damages by the making of the public improvement consisting of the laying out and construction of Robin street, West Roxbury district, be, and the same hereby is, amended by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Jennie O. Carlson, \$110; that the amount \$110 be, and the same hereby is, awarded to Jennie O. Carlson for the damages sustained by the making of the said improvement.

That the order of the Street Commissioners and Mayor of November 1, 1929, determining that no person sustains damages by the making of the public improvement consisting of the laying out and construction of Park street, West Roxbury district, be, and the same hereby is, amended by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Charles J. Nichols, \$200; that the amount \$200 be, and the same hereby is, awarded to Charles J. Nichols for damages sustained by the making of the said improvement.

That the order of the Street Commissioners and Mayor of July 10, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Hillview avenue, be, and the same hereby is, amended, by adding to said order the amount \$82 as an award to Martin and Maria Deninger; that the amount \$82 be, and the same hereby is, awarded to Martin and Maria Deninger for the damages so sustained.

**CIVIL SERVICE EXAMINATIONS.
(STATE.)**

SENIOR BACTERIOLOGIST, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: To supervise all the activities of the department of bacteriology, such as the making of media, preparation of diphtheria toxin, of tuberculin, the carrying of all stock cultures, the preparation of bacterial suspensions for horse injections and potency tests on antipneumococci and anti-meningococci serum, sterility tests on all products, and from time to time certain diagnostic, serological, or bacteriological work.

Qualifications: Education equivalent to graduation from a college or university with specialization in bacteriology, serology, and immunology and either three years of post-graduate work, or four years of laboratory experience. Applicants with the degree of M. D. or Ph. D. will be given credit therefor.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants to obtain at least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

Residence requirement for Massachusetts waived.

PRINCIPAL STATISTICAL CLERK, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: To collect and supervise the collection of data on disease by house to house visits in the field; to have this data tabulated by statistical machine operators and to have computations made by senior statistical clerks, all under the direction of the principal statistical clerk, and then to analyze this data. This requires a knowledge of the binomial theorem, probability, association, correlation, chi-square, Lexian ratio, standard deviation, and the standard deviation of Bernoulli.

Qualifications: Education equivalent to high school graduation, and preferably some university training in mathematics and statistics.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 22, 1930.

Last day for filing applications, Saturday November 15, 1930, at 12 m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,800 a year; the maximum salary is \$2,160 a year.

There is also a vacancy at the Boston State Hospital at \$1,440 a year with maintenance.

Duties: To interview prisoners in jails and houses of correction, followed by visits and social history-taking in the community.

Qualifications: Education equivalent to high school graduation required. Credit will be given to applicants have college education and training or experience in social work, psychiatric or otherwise.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 60 per cent in the practical questions, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to do necessary work (grading, etc.) in Dent street, West Roxbury, from Winslow street about 364 feet southeasterly, with department forces, without advertising, the estimated cost for labor and material being \$5,000.

POLICE DEPARTMENT ORDERS.*General Order No. 141.*

The Superintendent of Police is hereby directed to make the following details for duty at the State Election in this city on Tuesday, November 4, 1930:

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Election at about 11 o'clock a. m., Monday, November 3, 1930, such detail to continue until all ballots cast at the election have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks, from 3 o'clock a. m., Tuesday, November 4, 1930, until relieved, and a patrolman from 8 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Election Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED, FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 4, 1930.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.)

Wards 1 to 7, both inclusive, 4 a. m.
Wards 8 to 10, both inclusive, 3.30 a. m.
Ward 11, 3 a. m.
Ward 12, 3.45 a. m.
Wards 13 to 17, both inclusive, 3.30 a. m.
Ward 18, 2.45 a. m.
Wards 19 and 20, 3.20 a. m.
Ward 21, 3.25 a. m.
Ward 22, 3.30 a. m.

5. For proper coordination in the delivery of ballot boxes ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of the three hundred and thirty-nine precincts, as hereinafter set forth, on Tuesday, November 4, 1930, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS.

Ward 1, 4.30 a. m.
Ward 2, 4.30 a. m.
Wards 3 to 7, both inclusive, 4.45 a. m.
Ward 8, Precincts 1 to 6, both inclusive, 4 a. m.
Ward 8, Precinct 7, 4.15 a. m.
Ward 8, Precincts 8 to 14, both inclusive, 4.20 a. m.
Ward 9, Precincts 1 to 6, both inclusive, 4 a. m.
Ward 9, Precincts 7 to 15, both inclusive, 4.30 a. m.
Ward 10, Precincts 1 to 4, both inclusive, 4 a. m.
Ward 10, Precincts 5 to 11, both inclusive, 4.15 a. m.
Ward 10, Precincts 12 to 16, both inclusive, 4.30 a. m.
Ward 11, Precincts 1 to 4, both inclusive, 4 a. m.

Ward 11, Precincts 5 to 12, both inclusive, 4.15 a. m.
Ward 11, Precincts 13 to 15, both inclusive, 4.30 a. m.
Ward 12, Precincts 1 to 4, both inclusive, 4.30 a. m.
Ward 12, Precincts 5 to 8, both inclusive, 4.40 a. m.
Ward 12, Precincts 9 to 11, both inclusive, 4.45 a. m.
Ward 12, Precincts 12 to 16, both inclusive, 5 a. m.
Ward 13, Precincts 1 to 5, both inclusive, 4 a. m.
Ward 13, Precincts 6 and 7, 4.15 a. m.
Ward 13, Precincts 8 to 12, both inclusive, 4.30 a. m.
Ward 13, Precincts 13 to 16, both inclusive, 4.45 a. m.
Ward 14, Precincts 1 to 5, both inclusive, 4 a. m.
Ward 14, Precinct 6, 4.15 a. m.
Ward 14, Precincts 7 to 16, both inclusive, 4.30 a. m.
Ward 15, Precincts 1 to 4, both inclusive, and Precinct 13, 4 a. m.
Ward 15, Precincts 5 to 8, both inclusive, 4.15 a. m.
Ward 15, Precincts 9 to 12, both inclusive, 4.30 a. m.
Ward 15, Precincts 14 and 15, 4.45 a. m.
Ward 16, Precincts 1, 2, 5 and 15, 4.15 a. m.
Ward 16, Precincts 2 to 14, both inclusive, 4.30 a. m.
Ward 16, Precincts 3 and 4, 5 a. m.
Ward 17, Precincts 1 to 6, both inclusive, 4 a. m.
Ward 17, Precincts 7 to 9, both inclusive, 4.15 a. m.
Ward 17, Precinct 10 and Precincts 12 to 15, both inclusive, 4.30 a. m.
Ward 17, Precincts 11, 16 and 17, 4.45 a. m.
Ward 18, Precincts 1 to 3, both inclusive, and Precinct 6, 3.50 a. m.
Ward 18, Precincts 4 and 5, 4.15 a. m.
Ward 18, Precincts 9 to 11, both inclusive, 4.25 a. m.
Ward 18, Precincts 12 to 16, both inclusive, 4.30 a. m.
Ward 18, Precincts 7 and 8, 4.40 a. m.
Ward 19, Precincts 1 to 4, both inclusive, 4 a. m.
Ward 19, Precincts 5 to 9, both inclusive, 4.15 a. m.
Ward 19, Precincts 10 to 12, both inclusive, 4.30 a. m.
Ward 19, Precincts 13 to 15, both inclusive, 5 a. m.
Ward 20, Precincts 1 to 5, both inclusive, and Precinct 8, 4 a. m.
Ward 20, Precinct 9 and Precincts 13 to 16, both inclusive, 4.15 a. m.
Ward 20, Precinct 7 and Precincts 10 and 12, both inclusive, 4.30 a. m.
Ward 20, Precinct 6, 4.45 a. m.
Ward 21, Precincts 1 to 5, both inclusive, 4 a. m.
Ward 21, Precincts 6 to 11, both inclusive, 4.15 a. m.
Ward 21, Precinct 12, 4.30 a. m.
Ward 21, Precinct 13, 4.30 a. m.
Ward 21, Precincts 14 and 15, 5 a. m.
Ward 22, Precincts 1 to 5, both inclusive, 4.15 a. m.
Ward 22, Precincts 6 to 9, both inclusive, 4.30 a. m.
Ward 22, Precincts 10 to 12, both inclusive, 4.40 a. m.
Ward 22, Precincts 13 and 14, 5 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' Office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 4, 1930, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' Office on the morning of November 4, with ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of the polls.

14. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, November 4, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots and check-lists, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The

sergeant who will report on motor vehicle, will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots, and the envelopes sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' Office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, press return and stamps for marking defective ballots to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the State Election on Tuesday, November 4, 1930, shall open at 6 o'clock a. m., and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on State Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

24. Inasmuch as there are to be eight election officers in each precinct, counting of ballots will be done on two tables, one table to be under the supervision of the warden, and the other table under the supervision of the clerk.

NOTES.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past notwithstanding repeated

instructions) in any of the precincts of this city at the coming election, the officer of rank who will visit the polling places in each division (provided for in section 21 of this order) shall, at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the election commissioners with the leatheroid box, as provided in section 20 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 339 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

4. Pastors or stickers to be used by the voter upon the official ballot may be distributed within the polling place to the voter, in such a manner as not to interfere with the voter on his way to vote, or to make any undue noise or confusion in such distribution.

5. Refreshments consisting of coffee and sandwiches will be provided by the Board of Election Commissioners at its office, for the officers detailed to report at that place on the morning of November 4.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 142.

Captain Michael Healy is relieved of duties as inspector of carriages, attached to the Bureau of Traffic, and transferred to be in command of Police Division 6; to take effect at 7.45 o'clock a. m., Friday, October 31, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 143.

Patrolman James H. McLean of Division 10 having arrived at the age of sixty-five and one-twelfth years and having performed faithful service in the Police Department for thirty-seven and ten-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman McLean be retired from active service and that his name be placed upon the department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum (payable monthly), said sum being one-half of the amount of compensation received by him in the

office from which he is retired; to take effect at 7.45 o'clock a. m., Friday, November 7, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 144.

In the matter of the complaint of William W. Livingston, captain commanding Division 15, against Michael F. Conley, patrolman, of the same division, for violation of the Rules and Regulations of this Department, viz.

Violation of Department Rule 35.

Specification: In that the said Patrolman Michael F. Conley did leave the City of Boston without the permission of the Police Commissioner or Superintendent, on Saturday, October 5, 1930.

Violation of Department Rule 41.

Specification: In that on divers dates from October 5 to October 20, 1930, the said Patrolman Michael F. Conley did commit an act contrary to good order and discipline in the Police Department by leaving his residence and family and not making known to them his whereabouts, while alleged to be suffering from sickness, the trial board submitted the following recommendation:

The Board having heard and carefully considered all the evidence as presented by witnesses, finds the said Patrolman Michael F. Conley guilty as charged, and respectfully recommends that the case be continued for six months to be reopened at that time for final disposition, but to be reopened at any time prior to the expiration of that period for disposition, if deemed advisable.

The Police Commissioner accepts the recommendation of the trial board and hereby orders that this case be continued for six months to be reopened at that time for final disposition, but to be reopened at any time prior to the expiration of that period for disposition, if deemed advisable.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE.)

PROCEEDINGS OF CITY COUNCIL.

Monday, October 27, 1930.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President LYNCH presiding. Absent, Coun. Fish and Gallagher.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1931, viz.:

Constable: William Tepper, 208 Quincy street, Roxbury.

Weighers of Coal: Nicolas Prudente, 8 Sherwood street, Roxbury; Ralph Karas, 7 Kensington park, Roxbury.

Weighers of Goods: Thomas J. Fay, Jr., 26 Rockdale street, Mattapan; Milton Levenson, 57 Radnor road, Brighton.

Severally laid over a week under the law.

INSTALLATION OF TRAFFIC SIGNAL.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner, regarding your request to install traffic signal at the corner of St. Alphonsus and Tremont streets. This is in reply to your order of October 20, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 24, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am returning herewith City Council order dated October 20, 1930, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install an automatic traffic signal at the corner of St. Alphonsus and Tremont streets, Ward 10."

You are respectfully informed that proposals have already been invited for establishing such traffic signals at this intersection and bids for the work will be opened on October 28, 1930.

Very truly yours,
JOSEPH A. CONRY, Commissioner.

Placed on file.

BURIAL OF WIRES IN PIERCE AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Edward F. McLaughlin, Fire Commissioner, relative to your request to include Pierce avenue in the program for burying wires in 1931. This is in reply to your order of September 8, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, October 2, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Receipt is acknowledged of the following order from the City Council:

"Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to include Pierce avenue, Ward 16, in his program for burying wires during 1931."

This matter will be taken up with the other requests and will be included in the program.

Yours very truly,
EDWARD F. McLAUGHLIN,
Fire Commissioner.

Placed on file.

TRAFFIC OFFICERS AT SCHOOL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Eugene C. Hultman, Police Commissioner, regarding your request to station traffic officers at all school buildings during the hours the children are passing to and from school. This is in reply to your order of September 8, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, September 24, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Your letter of September 20, with inclosure of copy of order adopted by the City Council, that his Honor the Mayor request the Police Commissioner to station traffic officers at all school buildings during the time children are passing to and from school, has been received.

I assure you that this request will be complied with to the fullest extent possible.

Very truly yours,

E. C. HULTMAN,
Police Commissioner.

Placed on file.

SPOT LIGHT, WARD 21.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner, relative to your request for a spot light at Commonwealth avenue and Gorham street. This is in reply to your order of October 6, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 14, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I am in receipt of your letter dated October 10, with the accompanying order of the City Council asking to have a spot light located at the corner of Commonwealth avenue and Gorham street, Ward 21.

The same mail brings a letter from the manager of the Capitol Theater, which is located in this immediate neighborhood and he asks that a flood light be installed in front of his theater. Due to the location of the theater there is intense congestion of motor cars in this neighborhood every night.

With your permission I will make a study of this subject, as the installation of these lights should be handled by districts rather than by single locations, also it may be observed that spot lights are for the protection of police officers and might properly be regarded as part of police equipment.

Yours very truly,
JOSEPH A. CONRY, Commissioner.

Placed on file.

SAVIN HILL BEACH.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, regarding your request for a granolithic walk on Savin Hill Beach. This is in reply to your order of September 29, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 8, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council requesting that the Park Commission construct a granolithic walk along the front of Savin Hill Beach, and regret exceedingly to inform you that the department has no funds available for this purpose at the present time.

I shall be very glad to look into the advisability of inserting a sum in the budget of 1931 in order to comply with the Council's request.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

WORK ON EAST BOSTON TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Thomas F. Sullivan, chairman of the Transit Commission, regarding your request for actual work on the East Boston Tunnel. This is in reply to your order of October 20, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Transit Department, October 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Herewith is returned order of the City Council, dated October 20, 1930, as follows: "Ordered, That the Transit Commission, through his Honor the Mayor, be and said Commission hereby is, respectfully requested to advise the City Council with reference to the probability of early actual work on the East Boston Tunnel."

In accordance with explicit instructions from you at the time the Traffic Tunnel route was adopted, every possible effort has been made by this department to expedite the commencement of this work.

It is our intention to begin the demolition of some of the houses in East Boston on December 2, as the residents thereof had to have a reasonable time to locate elsewhere.

Yours respectfully,
T. F. SULLIVAN, Chairman.

Placed on file.

SIGNS ON BARRY STREET.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner, relative to your request for two signs at Barry street and Puritan avenue. This is in reply to your order of October 20, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 24, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am returning herewith City Council order dated October 20, 1930, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to set up two "slow" signs on Richfield street, Ward 15, one at Barry street and Richfield, the other at Puritan avenue and Richfield, as a means of protection for the many children who cross at these intersection."

You are respectfully informed that orders have been given to have signs erected as requested by the order of the City Council.

Very truly yours,
JOSEPH A. CONRY, Commissioner.

Placed on file.

MARY HEMENWAY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, October 20, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to your request for the erection of a locker building and bleachers on the Mary Hemenway Playground. This is in reply to your order of October 20, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 22, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council that the Park Commission be requested, through his Honor the Mayor, to include in its budget for 1931 a sum sufficient to provide for the erection of a locker building and bleachers on the Mary Hemenway Playground, Ward 16.

I respectfully beg leave to inform you that this is not a budget item, but should be in the nature of a loan.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TENEAN BEACH.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, regarding your request for additional bathing area at Tenean Beach. This is in reply to your order of October 20, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 22, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council that the Park Commission be requested, through his Honor the Mayor, to include in its budget for 1931 a sum sufficient to provide for the purchase of additional shore property to sufficiently enlarge the bathing area at Tenean Beach, and for the necessary grading, sanding, etc.

I respectfully beg leave to inform you that this is not a budget item, but should be in the nature of a loan.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

week, \$1,168, to the appropriation for A-1, Permanent Employees, Janitors, Laborers, etc., 33 (35) at \$5 a day, \$860; A-3, Unassigned, \$308.

From the appropriation for A-1, Permanent Employees, Inspectors, 4 at \$2,500 a year, \$422, to the appropriation for B-35, Fees, Service of Venires, etc., \$422.

From the appropriation for A-1, Permanent Employees, Firemen and Oilers, 14 at \$41.50 a week, \$192, to the appropriation for A-3, Unassigned, \$192.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Associate Medical Examiner Service, Southern Division:

From the appropriation for B-5, Cartage and Freight, \$20, to the appropriation for D-1, Office, \$20.

Referred to the Executive Committee.

SALE OF LAND ON FREEPORT STREET.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1930.
To the City Council.

Gentlemen,—I am in receipt of a communication from the Park Commissioners favoring the sale of a parcel of property now in the custody of said department, containing approximately 134,000 square feet of land and flats on the northeasterly side of Freeport street, which they say is not required for any park, beach or playground purposes.

I referred the matter to the City Planning Board who also agree that the city should sell the land.

I accordingly recommend the passage of the accompanying order for its sale at an upset price of \$39,500.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Planning Board, September 26, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—The City Planning Board returns herewith letter from William P. Long, chairman of the Park Department, suggesting that the property adjacent to 264 Freeport street, Dorchester, containing 160,745 square feet of land, be sold at public auction for the reason that it is of no use to his department and will never be used for park, beach or playground purposes.

In this connection the City Planning Board would say that this property which was formerly known as Mallock's Wharf, contains 1.15 acres of land and 2.54 acres of flats, having been transferred to the Park Department by the Sanitary Division of the Public Works Department in 1913.

The following paragraph appeared in the Thirty-Eighth Annual Report of the Board of Park Commissioners for the year ending January 31, 1913:

"The Public Works Department also transferred to us a small piece of wharf property on Freeport street, Dorchester, which at the present time is of doubtful value, but may be useful later as a boat landing in connection with a possible harbor service which may be established under the auspices of this department."

In the opinion of the City Planning Board the development of the Savin Hill Playground, beach and bath house, the Tenean Playground, the dredging and construction of a storm drain, the building of the Old Colony Parkway, and other improvements which have taken place in the vicinity, render the particular area under consideration less valuable for any public purpose. Also the entire area is zoned for industrial use at the present time which renders the property still less valuable for recreation purposes.

The assessed valuation of the area in 1930 was \$39,500, the solid land being assessed at 60 cents per square foot and the flats at 8 cents per square foot.

The accompanying diagram shows the use of properties and the assessed valuations in the vicinity.

In view of the facts as set forth in Mr. Long's communication, combined with its own investigation, it is the opinion of the City Planning Board that the recommendation of the Park Department should be adopted and the property sold at public auction.

Respectfully submitted,
THE CITY PLANNING BOARD,
E. M. HERLIHY,
Secretary.

Whereas, By deed dated April 4, 1901, and recorded with Suffolk Deeds, Book 2746, page 76, Frank F. Phinney conveyed to the City of Boston a certain parcel of land and flats situated on the northeasterly side of Freeport street in that part of Boston, formerly Dorchester; and

Whereas, By order approved by the Mayor of Boston September 11, 1912, the said land and flats were transferred from the Public Works Department to the custody of the Park Department of the City of Boston so that a public landing might be built on said premises and recreation grounds be laid out on said premises; and

Whereas, The said premises are no longer necessary for public purposes;

Now, therefore, it is hereby Ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the City of Boston, to sell at public auction, at an upset price of \$39,500, all the right, title and interest of the City of Boston in and to said parcel of land and flats situated on the northeasterly side of said Freeport street in that part of said Boston, formerly Dorchester, and containing approximately 134,000 square feet of land subject to all rights of way if any there be over the said premises, and to execute and deliver a deed of the said premises to the purchaser thereof in form satisfactory to the Law Department of the City of Boston.

Referred to the Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Frank Bicchieri, for compensation for damage to car by patrol wagon.

Joseph Covers, for compensation for damage to property at 303 Norfolk avenue, caused by defective sewer system.

Linscott Motor Company, for refund on refuse tickets.

Annette M. Lowenthal, for compensation for damage to clothing caused by defective sidewalk at 480 Boylston street.

Antonio Merciano, for compensation for damage to car caused by an alleged defect at Kneeland and Lincoln streets.

John H. Pray & Sons Company, for refund on refuse tickets.

Benjamin Rogolsky, for compensation for damage to car by city truck.

Salloway's Art Shop, for compensation for damage to property at 54 Province street, caused by defective hydrant.

Scholnick Shoe Company, for compensation for damage to car by city truck.

Catherine V. Sullivan, for compensation for damage to property at 311 Norfolk avenue, caused by overflow of sewage.

Boris L. Thorne, for compensation for damage to property at 149-153 Harvard street, caused by defective sewer.

John B. Valli, for compensation for damage to property at 303 Norfolk avenue, caused by defective sewer system.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds, to the amount of \$8,992.47, as follows: From September 22 to October 18, piecework; from October 16 to October 31 for regular employees, was received and approved.

APPOINTMENT OF DEPUTY SEALER OF WEIGHTS AND MEASURES.

Notice was received of the appointment of Frederic J. Keeler of 29 Burgess street, Boston, as deputy sealer of weights and measures, service beginning on October 21.

Placed on file.

CONSTABLE'S BOND.

The constable's bond of Samuel Weiner, having been duly approved by the City Treasurer, was received and approved.

MANAGER OF GEORGE ROBERT WHITE FUND.

Notice was received from the secretary of the George Robert White Fund of vote by trustees of said fund on May 26, 1930, to make a contract with Edward L. Logan for a term of five years as manager of the George Robert White Fund upon terms and conditions such as have been in force heretofore.

Placed on file.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on jitney licenses, submitted reports, as follows:

1. Report on petition of Boston Elevated Railway (referred September 8) to operate motor vehicles between junction of K and Eighth streets and Broadway Station—that license be granted. Report accepted; said license granted under usual conditions.

2. Report on petition of Boston Elevated Railway (referred September 29) to operate motor vehicles from Somerville line to Sullivan square—that license be granted. Report accepted; said license granted under usual conditions.

3. Report on petition of Boston Elevated Railway (referred October 20) to operate motor vehicles between Bowdoin square and Massachusetts Station—that license be granted. Report accepted; said license granted on usual conditions.

4. Report on petition of Boston Elevated Railway (referred October 20) to operate motor vehicles from Somerville line to junction of Carter and Cambridge streets—that license be granted. Report accepted; said license granted on usual conditions.

PROPOSED WORK ON BLUE HILLS RESERVATION.

Coun. FITZGERALD offered the following: Whereas, It has been considered that the Blue Hills Reservation has continually been in danger of forest fires due to the large growth of underbush existing thereon; and

Whereas, Such work can be done now at most reasonable prices; and

Whereas, Such work would relieve the serious unemployment conditions that exist;

It is voted, by the Council of the City of Boston, that the Governor be requested to instruct the Metropolitan District Commission to place five hundred men at work on the Blue Hills and the Reservation adjacent thereto, under its jurisdiction, for the purpose of making all parts of this Reservation passable to pedestrians and to remove the possibilities of fire because of the extensive undergrowth existing thereon.

Coun. FITZGERALD—Mr. President, the purpose for which I have introduced that resolve is to ask the City Council of Boston to go on record to help to relieve this present unemployment situation by requesting the Governor to confer with his Metropolitan District Commission. Now, at the Blue Hills Reservation there is a lot of work to be done. It is all under the control of the state. It will affect men in the City of Boston as well as in other parts of Greater Boston. These men can now be put to work cleaning up the debris there in case of fire. We don't know when one of those fires may start. The condition there at the present time, with the falling leaves and one thing and another, is deplorable. I read in the newspapers the other day where a man from the western part of the country, evidently here attending one of the conventions, viewed with great wonder the great scene that he had witnessed there in the Blue Hills Reservation, and compared it to an entire western township. These men can be put to work. The commission can do it. A year ago they did something like it down through the Cape district. Here is an opportunity. \$4,000,000 were appropriated by the last session of the Massachusetts Legislature, affecting the Charles River Basin. There also is the highway from Canton to Wellesley, under the control of the Public Works Department. There is the highway from Washington street, West Roxbury, to Blue Hill avenue, under the control of the Public Works Department. There is the highway from Milton to the Blue Hills Parkway and the West Roxbury Parkway, to Milton street—\$4,000,000, and not one thing has been done, as far as the state is concerned, to relieve the unemployment situation. The story is that the plans have not been completed by the engineer. It was an easy thing for them to employ many expert engineers and put through these projects. They should now be put into immediate operation, to give men employment—\$4,000,000, and not one dollar has been spent for labor, and it will all go towards labor. I ask the City Council to go on record and pass this resolve I have introduced, to put these men to work. They have the emergency appropriation, and it will help out in some instances to relieve the present unemployment situation.

The resolution was referred to the Committee on Unemployment.

SLEEPING QUARTERS DURING UNEMPLOYMENT CRISIS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to direct the Superintendent of Public Buildings to make ready for use as sleeping quarters during any emergency which may arise during the present unemployment crisis the municipal buildings in the congested centers of the city, and that he authorize the Overseers of the Public Welfare to serve food at such buildings during such emergency.

Coun. DOWD—Mr. Chairman, we have a serious situation in Boston. The Public Welfare

Department informs me that in case any emergency arises this winter whereby our citizens may be out of work and out of their homes, they are only able to take care of 150 persons at the present time in the City of Boston. I think the situation is really serious. I have here a telegram which I have received from Congressman McCormack in Washington, in which he states:

"Councillor John F. Dowd, City Hall.

I want to congratulate you on your constructive efforts to secure action that will tend to reduce the present unemployment situation in Boston. Your suggestion for raising a large sum by public subscription is an excellent one, and if order is passed and committee appointed for purpose of receiving donations it is my intention to subscribe and assist in every way possible. Present conditions require quick action and cooperation on the part of all.

Congressman JOHN W. MCCORMACK."

The order that has just been read calls upon the Mayor of the City of Boston to request the Superintendent of Public Buildings to have ready in case of emergency certain municipal buildings in the congested districts of Boston to take care of our citizens. It is not a new idea. Mayor Walker has seen fit to secure arrangements in the City of New York to take care of 50,000 persons. I ask for the suspension of the rules and the passage of the order.

Passed under suspension of the rules.

FUEL FOR DESTITUTE FAMILIES.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to open places of registration for the unemployed of the city in each of the twenty-two wards, and that he direct the Overseers of the Public Welfare to be prepared to supply fuel to all destitute families.

Coun. DOWD—The order, as just read, calls upon the Mayor of Boston to consider the advisability of open registration booths in the twenty-two wards of the City of Boston, in order that we may determine those out of work in Boston who are the heads of families and how many children they have, so that we may class intelligently any family or any person that is out of employment.

Referred to the Committee on Unemployment.

Coun. DOWD—Mr. President, in view of the fact that his Honor the Mayor, I understand, is leaving Boston after the State Election, I believe that we should take immediate action, and if the body has no objection I am asking a suspension of the rules and the passage of the orders, so that they may reach the Mayor before he leaves Boston.

Coun. McGRATH—Mr. Chairman, as the councillor is the chairman of that Committee on Unemployment, and it is up to him how speedily this action is taken on unemployment, I suggest that that is the proper committee to act on all of these unemployment measures.

The order was passed under suspension of the rules.

DISTRIBUTION OF CASH BY PUBLIC WELFARE DEPARTMENT.

Coun. DOWD offered the following:

Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to distribute relief in all cases in cash instead of grocery orders, and to cut its investigations to a minimum during the present unemployment crisis.

Coun. DOWD—This is simply a repetition of the orders we have presented in the Council for the last two or three years. At the present time a head of a family who is compelled by dire necessity to go to the Overseers of the Public Welfare receives half or two-thirds of his allotment in grocery orders. I say to you, Mr. President, to the members of the Council and to the Mayor of Boston, that the only one who is deriving any benefit from the so-called grocery order is the chain store. In the old days a man received \$15 or \$18 a week in cash, and if he ran out of coal or medicine or anything else he was allowed to go to the store around the corner where he might be able to secure a little credit for a week or two weeks. But under the present plan the chain stores are the only ones who are deriving any benefit. If I remember right—and I think I do—when Councillor Donovan was President of this Council I made this same suggestion, and Mayor Curley, who then was a private citizen, sent a letter to our committee indorsing the order, and saying that in his opinion all people receiving aid should be paid in cash and not in groceries, and I see no reason why the City of Boston should not pay its needy citizens in cash rather than to allow the chain stores to derive the profit and the benefit.

Coun. WILSON—Mr. President, we have all kinds of rumors which have been for some time current, to the effect that a 10 per cent commission is being paid for the groceries obtained from the various chain stores under the innovation introduced in the last administration, and I will ask the councillor who has just spoken if it is not a fact that up until the last administration all payments were made in cash? Wasn't that the usual custom?

Coun. DOWD—In the previous Curley administration all payments were made in cash. When Mayor Nichols took office the innovation went into effect. I might say, bearing out Councillor Wilson's statement, if a man receives a \$5 grocery order and he needs medicine or needs some little article he cannot purchase in the First National or in the A. & P., what happens? He goes to the A. & P. or to the First National, to the manager, and for his \$5 grocery order he receives \$4 in cash.

Coun. BUSH—With reference to that part of the order which the councillor introduced, which stipulates that the payments be made in cash instead of using orders on the chain stores, I am heartily in accord with it, but I would like to have the councillor amend his order with reference to that part of it which states that the investigations should be dropped. The mounting cost of the administration of our Overseers of the Public Welfare is increasing tremendously, and unless investigations are made a great many who are not entitled to the relief will be receiving it, to the detriment of those who are in need, and the only way in which this expenditure can be curbed, and in which the administration of the funds can be made an equitable one is through the means of investigation of the various cases that come before the board. I do not feel that I can vote for the order unless that is struck out.

Coun. DOWD—Mr. President, my sole purpose in asking that the investigations be cut down to the minimum is because, notwithstanding the fact that we have appropriated this year a million dollars more for the overseers than last year or any other year, the same force is operating there. I know that in my district, in Charlestown, East Boston, and the other congested districts the minimum investigation during a temporary period certainly should be made. I have two distinct cases in my mind at the present time, one with a family of seven children, and the other with a family of eight children. They went to the Public Welfare Department ten days ago, and up until two o'clock today no investigator and no relief has been sent to those people. Either the investigations must be cut down to a minimum, or the Public Welfare Department must add at least twenty-five or thirty investigators in order that these families may be taken care of. I don't think there is a man in the Council here that wants to call up the overseers and give them the name of a worthy family with five, six, seven or eight children, and then a week or ten days later have that family come to him and tell him that no investigator has been out to his house. I say to you, gentlemen, that during this temporary period the minimum investigation that is possible should be had. I do not believe that the red tape which at the present time exists in the Public Welfare Department should go on. If a woman goes down there today for aid, what happens? She is ordered first to report to the City Hospital and if she has five, six, seven or eight children, they have all got to be examined and a blood test taken, which probably takes a week or ten days, and then an investigator goes up to her house when he gets around to it. In asking for the minimum investigation I am only asking it for a temporary period.

Coun. BUSH—Mr. President, I would suggest to the councillor, then, that he revise his order so that temporary relief may be granted for one or two weeks without investigation, subject to withdrawal after investigation, and also that the force in the Public Welfare Department be increased to meet the demands upon them.

Coun. DOWD—I might say that I have an order there calling upon the Mayor to have the force increased, but I still insist that the minimum investigation by the Public Welfare Department during the present period is sufficient, because I really think that no sincere person will allow himself to go down to Chardon street and ask for aid unless he really needs it.

President LYNCH—The Chair will ask Councillor Bush whether or not an amendment is offered.

Coun. BUSH—I would like to amend the order, Mr. President, but it would take some little time, and if the councillor will suspend the motion for the time being, I will be very glad to cooperate with him in drawing up an amendment to the motion.

President LYNCH—If it is agreeable to Councillor Dowd.

Coun. DOWD—I would be glad to suspend. When it comes to the Council I will insist on the original motion, but I will be glad to suspend for the time being.

President LYNCH—If it is agreeable to Councillor Dowd the order will be referred to the Executive Committee.

Referred to the Executive Committee.

INVESTIGATORS IN DEPARTMENT OF PUBLIC WELFARE.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to appoint twelve temporary investigators in the Department of Public Welfare for service during the present unemployment emergency.

Passed under suspension of the rule.

APPROPRIATION FOR SHOES.

Coun. DOWD offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to appropriate the sum of fifty thousand dollars, to be expended under the direction of said committee, for shoes for needy children in the elementary schools.

Coun. DOWD—The order calls upon the Mayor of Boston to request the School Committee to appropriate the sum of \$50,000 to be expended for shoes for children in the elementary schools during the coming year. We all know that if a man is out of work, and he has four or five children, it is absolutely impossible to allow those children to go to school with absolutely nothing on their feet, and the School Committee, God knows, spends enough money foolishly, and I believe this is something they should take care of, and I am asking for a suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

CONFERENCE ON BUILDING PROGRAM.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to call a conference of himself, his Excellency the Governor, the members of the Boston School Committee, and the members of the School Buildings Commission, with a view to relieving the present unemployment situation.

Coun. DOWD—Mr. President, if there is any offender in the city or state government in regard to city contracts, it is the so-called present Schoolhouse Commission. We all know that a referendum was placed on the ballot giving the Governor the power to appoint one, the School Committee the power to appoint one, and the then Mayor Nichols the power to appoint one. That unpaid commission is functioning, and only two months ago, despite the fact that the Mayor of Boston and the Governor are doing every thing possible to relieve the unemployment situation, they turned back half a million dollars which was appropriated about the first of the year for construction work. They refused to place the schools of Boston in first class condition, and returned half a million dollars. But we all know that the contractor from Cape Cod or Ipswich, if he is 25 cents under the Boston contractor, gets the contract, and I say it is about time that those who have the power to appoint the unpaid Schoolhouse Commission call them into conference and read the riot act to them, because it never was the intention of the people of Boston to send our work to men living in Danvers and Salem or any other section of the state. You take Cambridge or Somerville. When they advertise a contract over there, if you don't come from Cambridge or Somerville you don't get the contract. But here in Boston, if a Boston man bids \$98 for a contract, and a man from Ipswich bids \$97.50, the man from Ipswich gets the contract, despite the fact that it is Boston's money that is paying the bills. I say it is about time the Schoolhouse Department got busy and did some real work in the construction of school houses. They have plenty of money. The portable houses are still in existence. The plan of Mayor Curley that called for a chair for every pupil has evidently been abandoned under the present Schoolhouse Commission, and I say to the Mayor, to the Governor and to the School Committee that they are lax in their duty, because they have the power of appointment of this unpaid commission, and they should be called in and placed on the carpet and told to get busy and spend the money in order to relieve the present unemployment situation.

Coun. DONOVAN—Mr. President, there is a plan under way at the present time, of his Honor the Mayor and the Schoolhouse Commission, to spend some two or three million dollars in the building program of Boston, with the thought in mind of relieving the unemployment situation. I believe they have had one meeting on this proposed plan, and the Mayor of the city has taken this step in the right direction at the present time himself.

The order was passed under suspension of the rules.

MANUAL LABOR ON CONTRACTS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to instruct heads of departments to insert a clause in all contracts that during the period of unemployment emergency all public works shall be done by manual labor, and that no machinery shall be used.

Coun. DOWD—Mr. President, I am asking the Mayor of Boston to insert in all future contracts that may be given out in the City of Boston, a clause which will prevent the use of any machinery of any kind. The mayors of other cities in Massachusetts have seen fit to do it, and there is no real logical reason during this temporary period why Boston should not do the same thing. You take the steam shovel and the cement mixer. Those two machines, in my opinion, do away with at least 75 laborers on every street that is under construction, and if there are twelve or fifteen streets under construction, as there are at the

present time in the City of Boston, it certainly means that they are depriving 900 or 1,000 men of places to work. It may cost the city a little more money to do it by manual labor, but what of it? This is a trying crisis in the history of our city and the next three or four months should be taken care of by the taxpayers. I know they would not object. The contractors might be able to get a few more dollars by doing the streets by manual labor. Mayor Gallagher of Woburn has done the same thing. He has refused to allow any machines on any road construction work. And I certainly hope his Honor the Mayor will see fit to insert that clause in all contracts, and if he does that, and there are twelve or fifteen streets under construction, it will certainly mean that 900 or 1,000 men will be given work.

Coun. WILSON—Mr. President, I have followed with interest the various orders and remarks of Councilor Dowd, but much as I regret it, I feel perhaps that this order should be referred to a committee. With the \$16,000,000 East Boston Tunnel project not yet scratched, with the Governor Square job of \$3,000,000 barely started, and with the \$4,000,000 of state work referred to by the councilor from Ward 3, not to mention the millions of dollars supposedly available for streets, I believe that more men should be put to work and more work done than that we should hamstring the proper work of the City of Boston by cutting out machinery. We all regret the fact that machines have cut down the amount of manual labor employed, and I could see perhaps the logic of it if there were only four or five streets to be done, why in a moment of great stress we should do away with machines. But having in mind that there is between \$20,000,000 and \$30,000,000 worth of work to be done, it seems to me that the real effort should be placed upon getting these various projects, that have been talked about so much and done so little, on the skids and ready to go, instead of cutting down street work in my ward or in the next man's ward. Because we all realize that if a street is once started in our ward, we want it done. We don't want the machines to be pulled off the street in the middle of winter, when the snow starts to fly. While I compliment the councilor from Roxbury on his evident wish to create all possible employment, yet as an economic proposition it seems to me, although he probably is enthusiastic about it, rather poor judgment to ask the Mayor of Boston to include in all contracts, even street contracts in his ward and mine, a provision that they shall not use cement mixers or that they shall not use machines. I go with him almost the whole distance on all of his various projects, but I do not think that under a suspension of the rules, and without mature deliberation, we should pass this particular order.

Coun. DOWD—Mr. President, I have listened to the councilor from Dorchester, but I contend, and I think I contend rightly, that the discontinuance of machines in the city streets will mean more work than the East Boston Tunnel and the Governor Square job. You have heard about the \$3,000,000 Governor Square job. How many men are employed there up to the present time? Not over 200 men. You have heard about the \$16,000,000 East Boston Tunnel job, which we passed in the closing session of our last City Council, almost ten months ago, and you heard what Commissioner Sullivan said in executive session the other day, that the contracts will not be let out before the first of the year. If that is so, they will never get started on the work of the East Boston Tunnel until April or May. I say that immediate relief and immediate action is necessary for the next four months—not for June, July or August, and not for next year, when prosperity may return to us again. Now is the time for action. You know and I know that committee upon committee has been appointed. And what has been the result? No definite, tangible action has been taken by any committee in reference to the unemployment situation. Not one dollar of the city's money over the budget of last year has been expended this year towards the relief of unemployment. I say that if the machines are taken off the streets of Boston for a temporary period of three or four months, it will place at work more men than the Governor Square job or the East Boston Tunnel job, which, in my opinion, will not be started until next May or June.

Coun. WILSON—Mr. President, I do not want to leave my position at all not clear. I still insist that there are a score of streets in the City of Boston on which hearings have been held. I can count at least six in my own ward. I realize that the construction of a street takes a long, long time, but I still feel that until we run out of work, until we run out of streets to complete, we should not hamstring the streets that we are actually doing, and it seems to me the real remedy is to do more streets in the total, and not to put more men on certain particular streets. And I feel strongly that we ought to put perhaps 500 or 1,000 or as many men as can be put to work on those six streets in my ward or the five streets in somebody's else ward, and not cut down automatically by removing the machines the work now being done on the streets that have been started. I remember particularly under the last administration, something not so evident under this administration, that the one thing that in my opinion stopped work and clogged work was the fact that there were only three or four or five contractors who either had influence enough or who had men and material enough to

take the average job, and I said then, and I say to a lesser extent now, that the real thing that is holding up construction work in the City of Boston, perhaps in the state, is that there is a certain group of contractors who perhaps have the money and the machinery, who are able to outbid the average contractor on any particular job, and it is, of course, an obvious result that after a contractor gets six or eight or fifteen streets to do, he can only do so many at a time, and the real handicap to the completion of work in the city and in the state is the fact that a chosen group—and I say that, perhaps not that they are "in" so much as that they can only handle so much—a chosen group of contractors have all the jobs, and the rest of the world is out of work. I really believe that a more concrete and helpful suggestion would be that the Public Works Department, not alone of the city, but perhaps of the state, hold these contractors down to a certain number of jobs, and if a contractor bids on Milton street or Centre street or another street, he should be able to show as a part of his bid that if he gets the contract he can put men to work, and if he is doing other jobs down on Cape Cod or in some other ward of the city, he should not be awarded the contract. I say that is much more important than it is to pull machinery off any given job, and a much better and more helpful suggestion, to my mind—and I do not ask the councilor to accept the suggestion—would be the insertion in every contract of a guaranty by the contractor that if he gets the contract he will start work within a week or within thirty days or sometime while a man still lives.

Coun. BUSH—Mr. President, in view of the constant and ever present discussion concerning the unemployment situation, it might not be amiss to bring these facts before the President of this body. One of the great contributing factors to the unemployment situation in the City of Boston is the fact that while this city used to be a great recruiting center in past years for woodmen for the pulp mills up in Maine, this year there has been no such work given to the men in Boston. In past years from 12,000 to 20,000 men were recruited in the spring and the fall in the City of Boston, to be sent up into the Maine woods as woodmen, to cut trees for the pulp mills in Maine. It has just been brought to my attention that the Commissioner of Immigration has given permission this year to the pulp manufacturers in Maine to import Canadian labor for the purpose of cutting those trees, and the reason that these Canadian laborers are imported is because they work for less money than the New England woodmen will work for. It seems to me that with all the talk of unemployment in the city, state, and nation, the Commissioner of Immigration could well refrain from granting these permits to our local and domestic pulp mills in order that they may be able to bring in foreign labor who will work for less than our domestic labor. Now, that means the employment of anywhere from 12,000 to 20,000 men, and these men were practically all recruited in the City of Boston and sent up to the Maine woods, but this year, both in the spring and in the fall, there were not 700 men recruited in the City of Boston for that purpose, because of this Canadian labor which is being imported by special permit and with the consent of the Commissioner of Immigration.

President LYNCH—The order is referred to the Committee on Unemployment.

Coun. DOWD—Mr. President, as I stated before the unemployment situation is pressing, and if the City Council can take no definite action without the cooperation of his Honor the Mayor, and if his Honor the Mayor is going away to be gone for four or five weeks, if we do not get action before he goes away then the committee is practically helpless. Replying to the councilor from Dorchester, I say that it is not my intention or the intention of the order to handicap any street work being done. I do say this, that it is a known fact that a cement mixer used in any street takes the work of from twenty-five to thirty-five men. If that is so, why not discontinue that cement mixer and put those thirty-five men to work there on that street. The street will get completed just as quickly as if those men were not there. The only thing it does is to create a job for so many more individuals. I am going to ask for a suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

UNEMPLOYMENT FUND.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the matter of requesting from each employee of the City of Boston a donation of one cent per month for each dollar received in salary as a contribution to an unemployment fund during the coming winter period, to be administered by the Overseers of the Public Welfare.

Coun. NORTON—Mr. President, with regard to this great problem that we have been discussing today, it has struck me that we are attempting to solve it in the best manner possible and in the best way that is at the means of this Council, but here is a constructive order, which asks that each one working for the City of Boston contribute one cent for each dollar received per month. That will make a fund of at least \$20,000 that can

be administered by the Overseers of Public Welfare. We are all lucky today to have a job. Any man that is drawing a salary is a lucky person. The element of fate often enters into it. There are enough employees of the city who would be willing to give that small subsidy each month, in order to create a fund of money to be administered by the Public Welfare Department. That suggestion does not come from me, but it comes from a study of what is being done in the various municipalities of America. It is a suggestion which at first was supposed to have emanated from the leading private citizen of New York State, the Honorable "Al" Smith. Whether it came from Mr. Smith or not, I do not know, but I do know that at the present time his Honor the Mayor of New York, Mayor Walker, has requested the employees of New York City to donate one cent for each dollar received per month to an unemployment fund, and to serve as the base of an unemployment fund in New York City.

The order was passed under suspension of the rule.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the matter of requesting the public service corporations of Boston to request their employees to donate one cent per month for each dollar received in salary for a contribution to an unemployment fund during the coming winter period, to be administered by the Overseers of the Public Welfare.

Coun. NORTON—Mr. President, the public service corporations of the great cities such as Chicago and New York have already taken steps along this line and have requested those who are receiving good salaries from the New York Electric Light Company and from the Chicago Public Utilities Service Corporation to make such a contribution. Samuel Insull himself, perhaps the leading outstanding public utilities executive of America today, has personally requested each and every employee of the Chicago Company to make that donation once a month, and it seems that if Chicago can make that donation, and if New York is seriously considering it at the present time, it would be in order for Boston, which is suffering just as acutely, to also offer the same suggestion.

The order was passed under suspension of the rule.

NOONTIME LUNCH, HAWKINS STREET.

Coun. NORTON offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to consider immediate plans for the issuance of a noontime lunch at the Hawkins street headquarters.

Coun. NORTON—Mr. President, I understand it is not the custom of the Overseers of the Public Welfare to give a noontime lunch. In other words, if a person is in straitened circumstances he goes there of an evening, and after performing so much labor obtains an evening's meal, sleeps there at night, and then obtains breakfast. There is no provision, however, for a man who comes to Boston to seek a position, and walks the streets here all day, and then desires at noontime to have a cup of coffee or a sandwich. That proposition also is being considered by New York at the present time, and also by the City of San Francisco. They feel that in this acute period some provision should be made for taking care of the unfortunates who are walking the streets of those municipalities seeking work. I would like to see some provision made so that the Overseers of the Public Welfare might give to anyone who is a citizen of Boston, and who goes to Hawkins street at the noon hour, a sandwich and a cup of coffee. I understand, after consultation with the officials of the bureau, that there is no provision for any such procedure at this time. I listened with a great deal of interest to the remarks of my colleague from Roxbury. This question of the automatic machine I have been interested in for a good many years. Six months ago, as you will see if you read the record here, some of the members thought I was a little premature in talking about this automatic mixer. I would like to be understood rightly on that question. The automatic machine is a wonderful thing. The automatic machine has made the luxury of yesterday the necessity of today. The automatic machine has brought about a wonderful condition in a way, and at the same time in this country, as in the world, it has created a condition the like of which we have never known before. The primary objective of government is to find an orderly method of procedure for the ordinary citizen to earn an honest living, and when an integrating force impinges itself on the economic life of our nation and causes 45,000,000 people in America to be disseminated through unemployment, then that should take precedence over all other problems of government. We cannot eliminate the automatic machine overnight. I do not know that it would be a good thing. I doubt if any man knows. Councilor Dowd suggests the elimination of certain machinery and he is right. But I would like to see a little further study of it. There may come a time when all automatic machinery on public works will have to be discarded for a month or two months or three months. The like of this economic depression has never been known before. Search all history, 3,000 years of contemporary and 3,000

years of ancient, and you will not find an analogous situation to this. There is nothing like it. One of the most brilliant contemporary minds, that of an Englishman who died only a week ago, Lord Northcliffe, on visiting America and writing one of the most critical and scientific surveys ever made on our government and upon our conditions, said that America is coming to a situation similar to that of Great Britain. It will take years for her to go into it, and years to come out of it. What the answer is I don't know but America will suffer. What the answer to the automatic machine is I don't know, but I know that if you look at the Tomasello job on the Strandway at South Boston you will not count twenty-five men working there. I know that if you go into the New York, New Haven & Hartford car shops, where 3,000 men were employed ten years ago, you will not count more than fifty men. Yet those 3,000 men hang around, hoping to get someone to tell them the job is coming back. The job is never coming back. I don't believe in stalling these men along, and telling them the job will be there tomorrow. It won't be. Now, it is not up to the Governor; it is not up to the Mayor. What would I do tomorrow if I were Mayor of this city, to bring one day's work to the car shops? I don't know of any way in which to bring back a day's work to the men in the car repair shops. The only thing we can do is through the medium of public relief, to try to relieve this terrific pressure of unemployment. We can try to do that. But economically that is not going to help us. It is only a temporary, ephemeral order. Every man and woman is not employed on public works. The large problem is the white collar man. What are we going to do with him? No Governor, no Mayor, no President is wholly to blame. Any man who stands up and says so is wrong. This is an economic condition that is world-wide. There are a number of causes which have brought it about, but mostly the great, impelling force of the last fifteen years by which the standard of living has been so highly raised. The sciences have contributed, along with the automatic machine, towards the elimination of jobs. At the Readville car shops today there are eighty engines. Never in the history of that car shop in thirty-five years have there been eighty engines doing nothing. Why? Because one engine today does the work of ten. It will pull 180 cars. Years ago an engine that pulled eighteen cars was considered to be doing a wonderful job. Today one engine pulls 180 cars, and one crew does the work that ten crews did years ago. Now the engine goes back for repairs once a month. The sciences of metallurgy and thermodynamics have been perfected so that today they have boilers that do twice and treble the work that they used to. The science of chemistry has shown them how to treat the sleeper so that it only has to be taken up once in fifteen years. It used to be once in seven years. It became water-soaked and rotten, and a great crew used to be necessary to remove those old sleepers and replace them with new ones. Today the science of chemistry has shown them how to preserve the sleepers so that they are good for twenty years. They used to have to take up the steel rails and calibrate them. Now they don't. Science has shown them how to make a rail that will never deviate in two decades. What do you need men for? Our remarks, I confess, may be a little embarrassing, this talk a little confusing, but nevertheless those are the elements entering into the unemployment situation. It is a world-wide problem. Listen to what Al Smith said in New York on Saturday night—a man who is noted for speaking out and says what he thinks—and I want you to tell me any other man in America who has been brave enough to make this remark—"I don't believe the situation is going to get better. I think it is going to get worse." No, good friends, it is not going to be over this winter. You hear a lot of people saying this winter is going to be bad. I want to make the prediction that next winter will be just twice as bad. There is no way out in a period such as this except by bringing together these various forces that have caused this acute problem. Now, my good friends, the councilor from Roxbury has spoken about the poor authorities. I appreciate that what he has stated in regard to the Overseers of the Poor in many cases in other districts has been so, but I want to take this opportunity to thank the representative of that department who is in our ward, Ward 18. He has done a wonderful job and has cooperated with us there 99 or 101 per cent. As a matter of fact, in the case of two families where the father died leaving half a dozen children, he was there arranging for the funeral so that the widowed mother and those children had something to eat after the funeral. My good friends, it is very interesting to hear the remarks about the department from the councilors in other wards, but in our own ward we are extraordinarily fortunate at the present time.

Coun. BUSH—Mr. President, I have listened not only this afternoon but a good many afternoons to the constant diatribes against machinery displacing manual labor. It is true enough that machinery has displaced manual labor, that is, unskilled manual labor, but how many millions of new labor has it made opportunities for? How many millions does the automobile give employment to? How many other thousands of people are given employment because of the manufacture and operation of newspaper presses? How much more employment is given to shoemakers through the medium of shoemaking machinery than has

ever been given in the entire history of the world in the past? The advent of machinery has not taken any labor away. It has made new labor. It has made increasing opportunities for new employment. It has increased employment all over the world many times over. True enough, it has detracted from unskilled labor. The opportunities for unskilled labor are becoming less and less, but the opportunities for skilled labor are becoming greater all the time, and I become somewhat impatient with these diatribes against the machine age. The unemployment situation does not exist entirely because of the advent of machinery. The unemployment situation is more complicated than that. It cannot be simply done away with by the mere statement that machinery has come and displaced manual labor. It is much more complicated than that, and I would not even attempt to say what caused it. But there are forces all over the world that cause it. The tariff is in part responsible for it. Retaliatory measures by other countries are partly responsible for it. The foreign countries are not buying as much merchandise from us as they were formerly. We are not purchasing as much from other countries as we were formerly. There has been some hampering of trade, and as a result of the hampering of trade there has been less manufacturing, and as a result of less manufacturing there has been less employment. But the thing is far more complicated than appears by the statement that the machine age has displaced manual labor.

Coun. NORTON—Mr. President.

President LYNCH—The Chair will have to rule that the gentlemen are out of order in that they are not talking to the orders.

The question came on suspension of the rules and passage of the several orders, and the orders were passed under suspension of the rule.

PUBLIC GOLF COURSE.

Coun. FITZGERALD offered the following:

Whereas, The unemployment condition in the City of Boston is serious and is not going to be lessened during the approaching winter; and

Whereas, There is much state and municipal work being studied and planned; and

Whereas, It is considered more economical to do such work at times similar to the present when labor can be had at reasonable prices; and

Whereas, There have been discussions regarding municipalities and the Commonwealth supplying public golf courses, it is voted, by the City Council of the City of Boston that the Commonwealth, through its Governor and its Metropolitan District Commission, confer with the Mayor of the City of Boston relative to the building of a golf course on the Stony Brook Reservation or on the Blue Hill Reservation, or both; such work is mostly of the kind that unskilled labor can be used on, being out-of-doors and but little equipment being necessary.

Coun. FITZGERALD—Mr. President, if my memory serves me right, the last City Council appropriated a sum of money for the purchase of a golf course, and it never has been done. Now, it has occurred to me that this is a glorious opportunity to find employment for the unemployed, the so-called unskilled labor. His Honor the Mayor has just returned from Washington where he has done a pretty good job. He has succeeded in getting the government to agree to transfer Governor's Island to the City of Boston for use as an airport. Now, I think this is another opportunity to confer with the state authorities, and get this land free. While there are very few in my district who play golf, and I don't play it myself, nevertheless it seems to be the burning issue of the hour, and here is one opportunity, in my opinion, to bring about some action to relieve this so-called unemployment.

Coun. HEIN—In reference to the order that the councilor just put in, and his remarks referring to this great man who has been down in Washington and got all this land, I think the best way to relieve unemployment is to get some men and have them clean some of these streets. Out on Commonwealth avenue, from Warren street down, they have not had a cleaner in the last two weeks. I think we can start right in there with some sweepers and clean the streets, without making golf courses.

The order was referred to the Committee on Unemployment.

VACANCIES IN POSTAL SERVICE.

Coun. FITZGERALD offered the following:

Whereas, The policy of the Postmaster-General of the United States in not filling vacancies in the Postal Service occasioned by retirements on pension has resulted in increased duties for the already overworked employees, delaying the dispatch and delivery of the mail; be it therefore

Resolved, That the Boston City Council protests against this policy of the Postmaster-General of the United States, and respectfully requests that all vacancies in the Boston Postal Service be filled immediately; and be it

Ordered, That a copy of this resolution be sent to the Postmaster-General of the United States.

President LYNCH—The order is referred to the Committee on Rules.

Coun. FITZGERALD—Mr. President—

President LYNCH—For what purpose does the gentleman rise?

Coun. FITZGERALD—I would like to have the rules suspended in order that we might take action on that now. My purpose in introducing that order was this. I don't know whether any members of this body are aware of the fact or not, but I have discovered that a large number of men have been pensioned in the Boston postal district. No doubt the members here read in the newspapers that in the past two months some 200 or more men had been pensioned, and their positions have never been filled. I find that the mail that was formerly delivered at my home at 8 o'clock in the morning does not now get there until 9.30 or 10 o'clock. I have made some inquiries about the situation, and I find that the routes are being doubled. The men are now being forced to carry sixty or seventy pounds of mail. I know that in this body at the present time there is a man who was formerly employed in the postal service. He perhaps knows more about it than I do. He probably knows the anxiety working on the force here. Colonel Wood has recently been appointed by President Hoover to find ways and means to relieve the unemployment situation, and I read in the newspaper this morning that he calls upon the home-owners and property owners to hire help to do work in their homes, to paint and to do carpenter work and to put in new furnaces. We know that many of the people in the City of Boston right now are unable to pay interest on their mortgages, and many of them are forced to give up their homes. They haven't got the money to do these things that are being asked of them by these so-called highbrow unemployment committees that are appointed. In the City of Boston we know that people are staggering under the terrible water rates that are being forced upon them, the increase in taxation this year, and not only the increase in taxation but the increase in the valuations on their property. The banks are pretending to pay off their mortgages and stacking them up against them, and as we well know, many people who only a few months ago were living comfortably, are now forced to do things that they never thought they would have to do in the history of their lives. We know that the large stores are laying off this high class help they have had. We know that Hornblower & Weeks have laid off 500 men, I am informed, in the last two weeks, and many other concerns are forcing their men out.

Now, the President by a stroke of his pen can sign a bill, or can force it through with his Postmaster-General, that he will employ 50,000 men in the postal service of the country, and that will mean in the Boston postal district at least 300 additional men who can be taken care of. I personally know men who have been subbing five or six years and getting one or two days a week, who are not now getting anything. That is a very serious matter. I realize the Council can do very little, but by passing this today they at least put themselves on record and bring the situation to the attention of the unemployment committee so that some action may be taken that will bring about relief not only in the Boston postal district but throughout the entire country.

The question came on the suspension of the rule and the passage of the order. The President declared the motion lost. The order was referred to the Committee on Rules.

Coun. DONOVAN—Mr. President, I ask unanimous consent to make a statement.

President LYNCH—Councillor Donovan asks unanimous consent to make a statement. Hearing no objection, the councillor may proceed.

Coun. DONOVAN—Mr. President, if I may take the floor at this time, I do it to disagree with some of the statements that have been made here this afternoon. I disagree with my colleague from Hyde Park when he says that the President is not responsible for the conditions throughout the country. The burden is on the President of this country, on his cabinet and on the two houses of Congress at Washington. I listened with attention to my colleague, Councillor Bush, when he drew the attention of the Council to the fact that 20,000 men were being brought in here from Canada. I listened to my colleague from the West End when he criticized conditions in the Post Office in Boston. The fact is that those matters do not belong in the City Council of Boston. They belong in Congress at Washington. Let us place the burden where it belongs. We hear that the President of this country is attempting to relieve the unemployment situation, and yet he has given orders to lay off 200 men in the coast guard—and I never approved of the coast guard, Mr. President. He says, "Lay off men in the Charlestown Navy Yard; lay off all men on government enterprises." If he is sincere in saying he wants to relieve unemployment and alleviate conditions, let him take steps along proper lines. Let them establish unlimited credit through the Federal banking system for worthy enterprises. A short time ago you could go into the banks of our city and procure loans on stocks to gamble in the stock market, but today you are confronted with a situation where you cannot go into a bank in our city and procure a loan for a worthy enterprise. They have not the money for those things. Those are the proper steps to take, Mr. President, and I think it would be fitting if the Council allowed those things to rest upon the shoulders of the Congressmen from our respective districts.

SIDEWALK ON OLNEY STREET.

Coun. RUBY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along 112 to 118 Olney street, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 15.

Coun. KELLY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along 108 Westville street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along 90 Hamilton street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 20.

Coun. COX offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Summer street, both sides, full length, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Westbourne street, both sides, from West Roxbury Parkway to Cornell street, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

REPAVING OF STREETS, WARD 21.

Coun. HEIN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Beacon street, from St. Mary's street to the bridge over the tracks of the Boston & Albany Railroad, Ward 21.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Peterborough street, between Audubon road and Kilmarnock street, Ward 21.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reset the edgestones on Peterborough street, between Audubon road and Kilmarnock street, Ward 21.

Severally passed under suspension of the rule.

BLANKETS AT WAYFARERS' LODGE.

Coun. HEIN offered the following:
Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to have the blankets used in sleeping quarters at the Wayfarers' Lodge washed at least once a month.

Coun. HEIN—Mr. President, I paid a visit down to the Welfare Lodge on Hawkins street a few weeks ago. I was informed by the man that takes care of the building, the custodian, that those blankets are washed but once a year. The pillows there are black, and I think it is now time, with people going down there, that they should be washed at least once a month, if not every week. Furthermore, when they are going to pass out food down there to unfortunate, they should fumigate the building from top to bottom.

The order was passed under suspension of the rule.

THE AUTOMATIC MACHINE.

Coun. NORTON—Mr. President, if there are no more orders to be offered today, I would like to ask the consent of my colleagues to correct what I consider a misstatement by two of my colleagues with reference to a statement that I made here this afternoon.

President LYNCH—You may proceed.

Coun. NORTON—My colleague from Roxbury is always very interesting in his remarks. He is a

student of municipal government. But nevertheless I must disagree with him in his statement that this diatribe against the automatic machine is more or less a myth. He inferentially made remarks to that effect. I don't blame the automatic machine as the sole cause of this depression. I recognize in the automatic machine a great amount of good in many ways. But nevertheless the point I wish to bring out is this, that the automatic machine is doing the work of 600,000,000 people in America today, and 45,000,000 people who have got to earn a living have got to find some way of harnessing production so that they may obtain and hold jobs. The automatic machine is not the entire cause of the depression. There are many other factors. My colleague from Roxbury speaks of the wood cutters down in Maine coming over the border. We have the same trouble in California where thousands of Mexicans, not hundreds, come over into California, and we have the same trouble in Vermont where over 2,000 Canadians come over daily to take the jobs of Americans. That is something that has been put up to the Congress of the United States and the officials of this country for years, and nothing has been done. We had here in Boston the other day the personal representative of Benito Mussolini of Italy. The Mayor of Boston received him—Mr. Martino. He said he was honored to welcome him here. Well, Mussolini has discarded the automatic machine as being one of the causes of the present depression. The great Mahatma Gandhi, the leader of the Indian people, has done the very same thing. So I think the automatic machine is more or less of a factor.

You say it applies only to the unskilled. Well, the automatic machine in the motion picture industry has eliminated 45,000 skilled musicians overnight, that is the "talkie." The automatic machine went into the offices of the Boston Post and Herald and eliminated overnight the old telegraphers who had a sense of pride in the perfection of their profession. The automatic machine now does the work more quickly than half a dozen men could previously do it. In the shoe factories, that used to employ thousands of help, the automatic machine is now doing the work. So I am inclined to believe, Mr. Chairman, that my colleague is a little in error when he says that this diatribe against the automatic machine is more or less of a myth. Answering my colleague from East Boston, who wants to put it up to Congress, I quoted the words of United States Senator David I. Walsh when I said—not that this problem was not up to the President, but what I said was this, that it was not wholly up to the President of the United States. How much politics can interfere with the economics of business has always been a great question. The President of the United States, if I had my way, would call a special session of Congress on unemployment. He would bring this public relief matter forward to the attention of the nation. I do not believe that all these committees that are being appointed are going to do any more good than the President did when six months ago he called the leading men of the nation to Washington, and they all came back and said they would not discharge a man, and the first order issued after the board of the New Haven got home was to discharge a thousand men at the Readville car shops of the New Haven Railroad. We are going to have the same thing with these committees. It is an economic question. Everyone is not a pick and shoveler. If all the public work in Boston was going tomorrow you would not take care of one-fiftieth of the unemployed. Next summer you are going to have the same problem. You are going to say, "Where is all this work? Is it a myth?" What we are going to have eventually is a federal industrial commission that will regulate as the War Industries Board did during the war, the production of the nation and the consumption of the nation. Until we have a federal industrial commission that will take charge and that will guarantee each industry so much work a week, you are going to have chaos and trouble. If you have a machine turning out a million of these books in one day and you can only sell half a million, and yet you have fifty companies throughout America making them, you are bound to have bankruptcy and chaos, unless you can tell each man making that book, "You can make just so many books a day, work just so many days on automatic machines, and have so many employees."

Take the Gillette Safety Razor Company. The papers published a picture of the Gillette Safety Razor Company working night and day turning out 2,700,000 blades a day. Well, that is where the federal industrial commission would say to the Gillette Company, "Just three or four hours a day, three or four days a week, and then stop production, and not have what has taken place." Three months, night and day, with the automatic machine, and now it looks like three years, and nothing doing at all! There is your problem, and one of the finest men in this country on this subject, a man who wrote the financial sections at the Versailles treaty for Wilson, one of the leading Jewish Americans of the world, Bernard Baruch, suggests a supreme court of business. The Protective Order of Eagles some years ago were the pioneers in suggesting old age pensions. They should come forward in national convention and say, "We want a federal industrial commission," and until they do there will be chaos and unemployment. So, my colleagues, with regard to the public works of this city or the public works of the Commonwealth, I am in favor of it all if it will help out, and anything that helps, no matter how small, is a wonderful

thing. But it is not going to take care of the whole proposition. Some day I am going to bring in an order asking the Commonwealth to make a study of this matter and to draft a bill for a federal industrial commission. Until we have some power in this nation that will decide how many, and how many kinds of a particular commodity shall be produced, then we are going to have trouble. It is not this year or next year. It is a ten-year problem. Well, Mr. President, my one colleague tells me that there are 5,000 cigarmakers in Boston and only fifty employed today. Any day you can go down to the waterfront and see the most pathetic thing you ever saw, a poor old woman who has lived her life in comfortable circumstances, whose husband worked in a cigar factory,—you can now see her, in the evening of life, over there with a little bag peddling cigars for ten cents apiece while the husband, willing to work, is at home. It is a serious proposition. How much we can do to help out I don't know. I am in favor of all public works, and spending as much money at this time as we can. That is why I would like to have the employees and the Council here that are drawing a salary—everyone that is drawing a salary from the City of Boston—contribute a dollar a month or so to this unemployment fund,—do something; at least try to do something. How much we can do outside of publicity, I don't know. A more eminent member of the Council than I, said some time ago that after the budget was passed, he saw little need of being here. Outside of the newspapers of Boston giving to the Council an extraordinarily large amount of space and making it a sort of broadcasting station, I often wonder what it is all about. However, we can point out ways and means, and get a little publicity on it. I take a great deal of pleasure in pointing to that federal commission. I am sure that five or ten years from now I will be able to point back to the record, and that you will see something similar to it. That is what that committee is headed for, this committee of experts. They are talking about it in Boston, and that is what they will eventually come to.

CONFIRMATION OF APPOINTMENTS.

The Council took up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor October 20, 1930, of Agda E. Gustafson and Charles E. McKenna, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Norton and Dowd. Whole number of ballots 16; yeas 16, nays 0, and the appointments were confirmed.

TRAFFIC SIGNAL, WARD 10.

Coun. POWER offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at the junction of Huntington avenue, Tremont, Francis and Calumet streets, Ward 10.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of October, 1930.

Passed under suspension of the rule.

RECESS.

On motion of Coun. ENGLERT, the Council voted to take a recess at 3.37 p. m., subject to the call of the President. The Council reassembled in the Council Chamber at 5.20 p. m., President LYNCH in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted reports as follows, viz.:

1. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that said orders ought to pass.

President LYNCH—The question comes on the acceptance of the report of the committee.

The report was accepted.

President LYNCH—The question comes on the passage of the orders, and the clerk will call the roll.

Coun. KELLY—There is one item in that transfer that I have objection to voting on. Now, if there is any way it could be arranged so that your report will include everything but that item in the Fire Department, which transfers an appropriation for solid rubber tires which are a necessity to a fire truck if they are ever a necessity any place, to pneumatic tires, I am willing to vote for it. But I want to vote against that, and I want to know if these different departments can be sub-divided, because I feel that the others are justifiable. Mr. President, I move that we vote on every order but that for the Fire Department. I make a motion to that effect.

President LYNCH—The question comes on the passage of all orders but the transfer of money for the Boston Fire Department, and the clerk will call the roll.

The clerk called the roll, and the orders were severally passed, yeas 17, nays 0.

President LYNCH—The question now comes on the passage of the order for the transfer to the Boston Fire Department. The clerk will call the roll.

Coun. KELLY—Before this vote is taken, I want to call the attention of the members of this Council to the fact that we are now voting on certain money to exchange solid rubber tires on the Boston Fire Department trucks to pneumatic tires. I believe that the Fire Department apparatus, as it needs to respond to a call at any time, and needs to be sure and get there, can take no chances by putting on a tire that might necessitate its stopping on the road with either a blowout or a puncture. I contend that there is one apparatus in the City of Boston that positively needs solid rubber tires, and that is the fire apparatus, and I sincerely hope that order will not be passed.

Coun. CURTIS—Mr. President, it seems to me we can take a tip here from all the contractors. Everybody that uses his eyes will notice these big trucks with pneumatic tires. There has been a change in the way the tires are made, and if you will look around at the big trucks carrying rock and dirt and so forth, you will see that most of them have got pneumatic tires on them. Now, if the Fire Commissioner thinks that the use of pneumatic tires will save wear and tear on the trucks, let us allow the Fire Commissioner go ahead and put them on. He is not putting them on all of them at once, but I say let us let him have the money.

President LYNCH—The clerk will call the roll.

The clerk called the roll, and the order was passed, yeas 16, nays, Coun. Kelly, 1.

2. Report on order (referred today) that Overseers of Public Welfare distribute relief in cash instead of in grocery orders—recommending passage of order in following new draft, viz.:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to distribute relief in all cases in cash instead of grocery orders, to increase its corps of investigators to take care of the increased demands, and to advance temporary relief at once pending investigation.

Report accepted; said order passed.

3. Report on petition (referred September 29) of Isabel M. Corcoran to be paid an annuity on account of the death of her husband, Charles G. Corcoran, late member of the Fire Department—recommending passage of following order, viz.:

Ordered, That under the provisions of chapter 182 of the Acts of 1930 as amended by chapter 241 of the Acts of 1930, an annuity of twelve hundred dollars be allowed and paid to Isabel M. Corcoran, widow of Charles G. Corcoran, a member of the Fire Department, who died on September 16, 1930, from injuries received on that date in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Isabel M. Corcoran, so long as she remains unmarried—\$1,000 per annum;

For son, Charles G. Corcoran, born January 28, 1926, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning—\$200 per annum; the payments to date from September 17, 1930, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed.

4. Report on the petition of Lena E. Everett (referred August 4) to be paid an annuity on account of the death of her husband, James R. Everett, late member of the Fire Department, recommending passage of the following order, viz.:

Ordered, That under the provisions of chapter 182 of the Acts of 1930 as amended by chapter 241 of the Acts of 1930, an annuity of one thousand dollars be allowed and paid to Lena E. Everett, widow of James R. Everett, a member of the Fire Department, who died June 8, 1930, from injuries received in the performance of his duty on June 3, 1930; said annuity to date from June 9, 1930, to continue so long as said widow remains unmarried and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed.

5. Report on order (referred September 29) that land and building on Blossom street formerly occupied as a health unit be placed in care and custody of Superintendent of Public Buildings, to be used for a wardroom for Ward 3—that same ought to pass.

Report accepted; said order passed.

CONTRACTS FOR CONSTRUCTION.

Coun. WILSON offered the following:

Ordered, That the various department heads of the city, through his Honor the Mayor, be, and they hereby are, requested to include in all future contracts for construction work a definite provision that the successful bidder must guarantee to commence actual construction work within ten days of the award of any bid, and that only citizen labor shall be employed.

Passed under suspension of the rule.

PROPOSED ACCEPTANCE OF WILMINGTON AVENUE.

Coun. WILSON offered an order, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Wilmington avenue, from Milton avenue to Gallivan Boulevard, Ward 17.

Passed under suspension of the rule.

CONFIRMATION OF CONSTABLE.

Coun. WILSON moved to take up the name of Thomas A. McKenna from No. 10 on calendar. Committee, Coun. Cox and Green. Whole number of ballots cast 17, yeas 15, nays 2,—and the appointment was confirmed.

WIDENING OF RUTHERFORD AVENUE.

Coun. GREEN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to consider the advisability and feasibility of widening Rutherford avenue, at the entrance to City square, Charlestown, by the taking of land formerly occupied by the Waverley House.

Passed under suspension of the rule.

NEXT MEETING.

Coun. KELLY moved that when the Council adjourn it be to meet two weeks from today, on November 10.

Passed under suspension of the rule.

Adjourned, on motion of Coun. NORTON, at 5.30 p. m., to meet on Monday, November 10, 1930, at 2 p. m.

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

ASSISTANT CHEMIST, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 15, 1930.

Last day for filing applications, Saturday, November 8, 1930, at 12 m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Duties: Under general supervision, to perform responsible technical work in chemical analysis, and related work as required.

Qualifications: Applicants must have education equivalent to that required for graduation from a university of recognized standing, with specialization in chemistry, and preferably one year of graduate work, plus three years of chemical laboratory experience, of which one year shall have been in responsible technical work.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

PHARMACIST, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 15, 1930.

Last day for filing applications, Saturday, November 8, 1930, at 12 m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$1,200 a year and maintenance; the maximum is \$1,440 a year and maintenance.

There are vacancies at present at the Boston State Hospital, the Foxborough State Hospital and the Grafton State Hospital.

Duties: Under general supervision, to have charge of drug room and to perform related work as required.

Applicants must be registered pharmacists under the Division of Registration in Pharmacy.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

IDENTIFICATION OPERATOR, DEPARTMENT OF CORRECTION, NOVEMBER 22, 1930.

Last day for filing applications, Saturday, November 15, 1930, at 12 m.

The minimum salary is \$1,320 a year; the maximum salary is \$1,800 a year.

Duties: To read and classify finger prints.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN OLD COLONY PARKWAY AND OLD COLONY TERRACE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Old Colony Parkway and Old Colony terrace, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Old Colony Parkway, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, November 20, 1930, with a certified check for two hundred and fifty (250) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Nov. 8.) *Commissioner of Public Works.*

DEPARTMENT OF SCHOOL BUILDINGS.

TO METAL WORKING MACHINERY (LATHES) CONTRACTORS.

The Superintendent of Construction of the City of Boston invites sealed proposals to furnish and deliver metal working lathes in the new Brighton High School, Warren and Nevins streets, Brighton, Mass., giving bond of a surety company approved by the Superintendent of Construction in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Monday, November 17, 1930, at said office, with a certified check for \$100, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

LOUIS K. ROURKE,
(Nov. 8.) *Superintendent of Construction.*

PUBLIC BUILDINGS DEPARTMENT.

TO HEATING AND VENTILATING CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for heating and ventilating work at the Charlestown Courthouse, Charlestown, Mass., according to the specifications, and giving bond of a surety company therefor, satisfactory to the Superintendent in a sum equal to 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, Room 802, City Hall Annex, Boston, filled out and signed by the bidder, and left before 12 o'clock noon of Wednesday, November 12, 1930, at said office with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes, properly sealed, and marked "Proposal for Heating and Ventilating Work at the Charlestown Courthouse." The bid must be made in duplicate, the one with the check to be left as stated above, the other, without the check to be deposited with the City Auditor before the time of the opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

JOHN P. ENGLERT,
(Nov. 1-8.) *Superintendent of Public Buildings.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN FIRTH ROAD, WARD 19, FROM WASHINGTON STREET TO FLORENCE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Firth Road, Ward 19, from Washington street to Florence street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of five thousand (5,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement in Firth Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, November 17, 1930, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Nov. 8.) *Commissioner of Public Works.*

TRANSIT DEPARTMENT.

PROPOSALS FOR REMOVING BUILDINGS FROM LINE OF TRAFFIC TUNNEL IN EAST BOSTON.

The Transit Department of the City of Boston will receive proposals for the removal of one or more of the buildings from the line of the Traffic Tunnel in East Boston. A bond will be required in the sum of \$500 for each building upon which proposal is accepted for the faithful performance of the work. Proposals must be made in duplicate on forms which may be obtained, together with plans showing the locations of the buildings, at the office of the department. Bids will be publicly opened at 12 o'clock noon, Monday, November 24, 1930, at the office of the Transit Department, 1 Beacon street. A certified check payable to the City of Boston for the full amount of the bid must accompany the proposal. The department reserves the right to reject any or all proposals or parts of any proposal. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(Nov. 8-15.) *Secretary.*

SUPPLY DEPARTMENT.

PROPOSALS FOR LUMBER.

The Supply Department of the City of Boston invites proposals for furnishing pine and spruce lumber to the Bridge Service, Public Works Department. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the Supply Department, Room 801, City Hall Annex, before 12 m., Friday, November 14, 1930, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 8.) *Superintendent of Supplies.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN DONNYBROOK ROAD, WARD 22, FROM FANEUIL STREET TO HOBSON STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Donnybrook road, Ward 22, from Faneuil street to Hobson street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of six thousand (6,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement in Donnybrook Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, November 19, 1930, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Nov. 8.) *Commissioner of Public Works.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an addition and alterations to the William Ellery Channing School, Sunnyside street, Hyde Park district, Boston, giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Thursday, November 20, 1930, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

LOUIS K. ROURKE,
(Nov. 8.) *Superintendent of Construction.*

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, November 6, 1930.
Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of property, about six million square feet of land, in the West Roxbury and Hyde Park districts, lying in the vicinity of Stony Brook Reservation, Poplar street, West Roxbury, and West street, Hyde Park, for playground purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of November 25, 1930, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Nov. 8-15.) JOSEPH F. SULLIVAN,
Secretary.

NOTICE OF ANNUAL MEETING.
BOSTON, MASS., October 31, 1930.

The sixteenth annual meeting of the City of Boston Employees' Credit Union will be held Tuesday, November 18, 1930, at 4 p. m., in Room 56, City Hall, Boston.

CHRISTOPHER I. FITZGERALD,
(Nov. 1-8-15.) Clerk.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING AUTOMATIC TRAFFIC CONTROL SIGNAL SYSTEM EQUIPMENT, UNIT TWO.

The Boston Traffic Commission of the City of Boston invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, for furnishing and installing automatic traffic control signal system equipment, Unit Two. A bond will be required for doing the work, of a surety company approved by the Commission, in the sum of one hundred (100) per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at the office of the Boston Traffic Commission, Room 602, 154 Berkeley street. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Furnishing and installing Automatic Traffic Control Signal System Equipment, Unit Two," and left at Room 602, 154 Berkeley street, before 12 o'clock noon of November 19, 1930, with a certified check for five (5) per cent of the amount of the bid, payable to and to become the property of the city if the proposal, after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The Commission reserves the right to reject any and all proposals or any part of any proposal.

JOSEPH A. CONRY,
Traffic Commissioner.
(Oct. 25-Nov.-1-8-15.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

WEST ROXBURY.

Colberg avenue, from Beech street to West Roxbury Parkway.

Firth road, from Washington street to Florence street.

BRIGHTON.

Donnybrook road, from Faneuil street to Hobson street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Saturday, December 13, 1930, as after that time no permits for openings will be granted until two years after said highways are completed.

JOSEPH A. ROURKE,
(Nov. 8.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SALT.

The Supply Department of the City of Boston invites proposals for furnishing salt to the Fire and Public Works Departments, as per specifications contained in proposals, which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, November 17, 1930, at 12 o'clock noon, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 8.) Superintendent of Supplies.

SATURDAY, NOVEMBER 15, 1930.

No. 46

TELLS VETERANS, IN ARMISTICE DAY ADDRESS, AMERICA CAN BE RELIED UPON TO SOLVE PROBLEMS THAT VEX US AS RESULT OF WAR AND ECONOMIC CRISES THAT FACE US — HIGH DEGREE OF PATRIOTISM THE GREATEST NEED.

At the exercises held by the Military Order of the World War on Boston Common, November 11, 1930, Armistice Day, Mayor Curley said in part, as follows:

Mr. Chairman, Reverend Father, Distinguished Guests, Ladies and Gentlemen.

I am very grateful to the presiding officer, who showed a most unusually generous attitude in the character of his introduction. I want to simply plead guilty of doing my duty in whatever position I may be found, as I see it, clearly or otherwise, before me. I want, as Mayor of Boston, to express the appreciation of the citizenship to the military organizations representing veterans of the World War and the representatives of our high schools, who participated in this observance of Armistice Day.

Twelve years ago the entire world resounded with the laughter and the joy of the people of the world, marking as it did the termination of the greatest war ever waged in the history of the world. The principals in that great war are rapidly passing to their great reward in the hereafter, and with the passage of time we are afforded an opportunity to better gauge the character of their contribution and to form a little truer estimate as to the value of that contribution.

With the passage of twelve years there comes an added appreciation of the splendid services rendered America and the world by the lamented War President of the United States, through whose leadership it was possible to unify America and inspire every man and woman in the nation with the spiritual idealism that contributed more materially than any other single thing to the winning of the World War — Woodrow Wilson.

We have a little higher appreciation, with the passage of time, of the contribution made by that great hero-soldier of France, through whose leadership it was possible to end a division among the forces of the Allies and to bring about coordination, cooperation and the character of individual leadership that made possible the winning of the war — Marshal Foch.

Then with the passage of time there comes a little higher appreciation of the character of service rendered by a great American soldier during the period of the World War. America, that is, all of America, did not rejoice twelve years ago in the announcement that the World War was at an end. In seventy thousand homes, where the Angel of Death had entered, there was sorrow and sadness for son, or brother, or husband, or father.

Tribute to General Pershing.

Into how many more homes would the Angel of Death and sorrow have entered — perhaps 700,000 rather than 70,000 — were it not for the character, the courage, the leadership and the determination represented in that great American soldier, General Pershing, through whose leadership it was possible to prevent the distribution of the American soldiery among the various Allied Armies, there to be used as cannon fodder. And at the end of the war America would simply be considered as a nation that had made a minor contribution, when, with the passage of time, we are beginning to appreciate the fact that it was largely the contribution of America that made possible the end and the winning of the war.

During the war we were told that America, animated by a spiritual idealism, had entered the war to preserve free government in the world; that it was a war to end war. Twelve years have passed. Still the spirit of unrest and the spirit of hatred obtains in the world. In our own land a deliberate and persistent attempt to sow the seeds of communism is being made because of a condition that obtains not only in America but throughout the world, that may be traced to the losses occasioned as a consequence of the war which ended twelve years ago.

America has faced and met every great emergency in the short century and a half of the existence of our land and America can be relied upon to meet and overcome the present emergency. The same degree of unselfish service, the same degree of devotion, the same degree of patriotism in an equally high measure as was necessary for the winning of the World War, is essential in the overcoming of the industrial depression and the economic warfare that today obtains in our own land.

(Continued on page 1803.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, November 17, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, November 17, 1930, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 8, 1930:
Population estimated, July, 1930,
United States Census estimate, 811,200;
number of deaths (stillbirths excluded):
Residents, 173; nonresidents, 48; total,
221.

Death rate per 1,000 of population:
All deaths, 14.17; nonresidents deducted,
11.09.

Death rate per 1,000 of population:
Last week, 12.43; corresponding week
last year, 13.04.

Deaths by age periods, sex, etc.: Under
one year, 20; one year to four years,
inclusive, 6; sixty years and over, 92;
Total deaths: Male, 112; female, 109;
deaths in hospitals and institutions, 134;
deaths of colored, 10.

REPORTABLE DISEASES: CASES AND DEATHS.*

* Residents and nonresidents included.

ARMISTICE DAY SPEECH.

(Continued from page 1801.)

SCORES MAN OF WEALTH WHO DISCHARGES EMPLOYEES.

I don't think we are altogether justified in censuring too harshly the communist or the preacher of disorder; rather should we share our condemnation of him equally with the man of wealth who discharges his employees, or reduces their wages, at a time when no avenue of opportunity is open to the individual citizen who loses his employment or suffers a reduction in wages. Both are equally guilty and both should be censured.

Of course we all want to see an end of war and never witness again the horrors that were in evidence as a consequence of the World War; the horrors that today are evident in every hospital throughout the country where are confined men who have suffered the loss of vision, of reason, and half of life itself as a consequence of warfare.

The best guaranty against a recurrence of war is adequate preparation and the same character of preparation that is essential to the preservation of the liberties of the nation is essential for the preservation of the well-being of the individual.

I would like to see, in America, a system of preparedness in every high school in the land similar to that which obtains in the Boston high schools where every boy is taught the manual of arms. I would also like to see citizens military training camps in every section of the entire country so that we would have a citizenship that would recognize that the only guaranty for the continued existence of the American nation is obedience to lawfully constituted authority. And the character of training that may be received through these instrumentalities might some day serve as a valuable asset in the continued enjoyment of our liberties as American citizens.

PREPARE BY INDUSTRIAL PLANNING.

Equal preparation is also essential for the preservation of the right of the individual to equality of opportunity in a nation as wealthy as our own, in a nation so rich in natural resources as America. No individual in the enjoyment of health and strength should find it impossible to apply that health and strength in the earning of a livelihood. So now we prepare and make ready those essentials that are requisite for the continued existence of our Government, the adoption of an equally important program, the preservation of opportunity for every individual through the creation of a program for national industrial planning that will make for continuity of employment for the workers in America.

So, upon this the twelfth anniversary of Armistice Day, I want to express the appreciation of the people to the veterans of the World War who participated in the observance, and to join with every individual here in expressing a prayer for the speedy restoration to health and strength of every veteran of the war, whether he be in a hospital or his own home, suffering as a consequence of that war. I also want to join in the universal prayer of every man who has any regard for his fellow man, that there may never be another war, either of the same character of the World War or of any character.

MAYOR CURLEY ISSUES RADIO CALL TO PUBLIC TO AID RED CROSS DRIVE — SAYS CONTRIBUTIONS ARE INVESTMENT IN HEALTH.

The annual roll call of the Red Cross for new members is now in progress and an opportunity for service of the highest character is afforded every citizen.

The Congressional charter granted the American Red Cross, and approved on January 5, 1925, sets forth as follows: "The Red Cross is organized to continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating sufferings caused by pestilence, famine, fire, floods and other great national calamities, and to devise and carry on measures for preventing the same. Further, to furnish volunteer aid to the sick and wounded of armies in time of war."

These two provisions of the charter of the Red Cross convey in a small way the general outline of the services rendered by this great organization.

The figures relative to expenditures by the national and state organizations contain more intimate information with reference to the work. The national organization during the past financial year expended for disaster relief and rehabilitation the sum of one million, three hundred and twenty thousand dollars, which provided assistance to ninety thousand victims of disaster in thirty-eight states of the Union. This in addition to more than forty thousand dollars expended for relief in foreign countries.

Yesterday throughout the world Armistice Day was generally observed. In every section of our country the American Legion and the Veterans of Foreign Wars assembled to pay tribute so justly deserved to the memory of those who had made the supreme sacrifice in the recent World War.

SERVICE TO INJURED VETERANS.

It is most unfortunate that the public as a whole is unfamiliar with the contribution that is made to the peace of mind, the comfort and the well-being of the twenty-five thousand disabled veterans located in some sixty-four government camps and hospitals throughout America and who not only received visits from representatives of the Red Cross during the past year, but were materially aided. In our own state twenty-four

thousand dollars was expended in hospitals and in home service for disabled veterans of the World War. Nearly two thousand men and their families were assisted in the homes and more than five hundred mental patients aided, and their rights protected through this organization.

Some sixty thousand surgical dressings were provided for the hospitals in Massachusetts during the past year and more than forty-five hundred garments made and distributed, while for those who suffered the loss of vision nearly sixty thousand pages of Braille were transcribed.

The Christmas season is approaching and the unfortunate maimed victims of the World War are looking eagerly forward to contact with their fellow Americans who because of the sacrifice of the veteran are permitted the enjoyment of health, and home, and happiness. They are looking forward to the annual Christmas gift which conveys to them the knowledge that they are not forgotten.

Last Christmas twenty-five hundred Christmas boxes were shipped abroad and more than fifty thousand gifts were sent to children of disabled veterans in our own State of Massachusetts.

CONTRIBUTION AN INVESTMENT.

The insignificant sum of one dollar is all the individual citizen is asked to contribute and yet if all would contribute this small sum it will be possible to provide a fund that in the hour of misfortune and disaster may bring relief to the stricken.

This small sum, garnered from among the one hundred and twenty odd millions of persons in America, is both a health and a happiness investment, and surely on Christmas Day the joy that may be derived from the knowledge that the little mite we gave has gladdened the heart of a blind soldier boy, or one whose body is broken or racked with disease, represents a return that cannot be measured in dollars.

Our duty is clear — give — and give now — so that the organization may, through our early action and generosity, be enabled to develop its program of spreading safeguards and happiness upon all who walk in the shadow.

CONTRACTS AMENDED.

Thomas J. Hayes has been allowed to amend the contract for grading, fences, etc., at the Dorchester High School for Girls, by striking out the word and figures, "September 1, 1930," on page 14, Article 4, in connection with the marginal notation "Completion," and substituting therefor the word and figures "November 1, 1930," so that the said Article 4, on page 14, shall read: "The contractor shall carry on the work with due diligence and dispatch, and shall bring the work to entire completion, as defined in the specifications, on or before November 1, 1930."

P. J. Cantwell & Son have been allowed to amend the contract for alterations in the Francis Parkman School, Walk Hill street, corner of Wachusett street, Jamaica

Plain district, Boston, by striking out the word and figures "October 10, 1930," on page 2 of the specifications, and substituting therefor the word and figures, "November 29, 1930," so that the paragraph of said "Completion," on page 2 of the specifications, shall read: "The work is to commence immediately on the award of contract, and is to be completed on November 29, 1930."

P. J. Cantwell & Son have been allowed to amend the contract for erecting playground shelters at various schools, by striking out the word and figures "September 15, 1930," on page 14, Article 4, and substituting therefor the word and figures "November 15, 1930," so that the said Article 4, on page 14, shall read: "The contractor shall carry on the work with due diligence and dispatch, and shall bring the work to entire completion, as defined in the specifications, on or before November 15, 1930."

USES OF LIMESTONE IN BOSTON.

His Honor the Mayor, on November 10, received a protest from the limestone and cast stone dealers of Greater Boston and which presents some interesting data with reference to limestone and its uses. A wave of protest originated when the project was advocated of constructing the Boston Post Office of Indiana limestone and apparently as a result of this protest in favor of the use of stone that is indigenous to New England the limestone and cast stone fabricators have suffered and are now desirous of presenting their side of the case, which in substance is that

the material used by them is quarried in raw stage, and that much labor and money is expended in the development of the material to the finished state.

The letter received from Shea & Donnelly Company, Alexander Thomson, Incorporated, and Joseph Carew, limestone contractors, is as follows:

DEAR MR. MAYOR,—In response to a request made by you at a conference held at your office on Friday with the limestone contractors of Greater Boston, for facts concerning this industry, we are pleased to give you the following information:

FIRM.	Location.	Assessed For.	Normal Number of Employees.
Shea & Donnelly Company.....	34 Roland street, Charlestown.....	\$122,000	100-125
Joseph Carew.....	Gerard street, Roxbury.....	30,000	40
Alexander Thomson, Incorporated.....	36 Albany street, Cambridge.....	32,000	50

One hundred per cent union. Annual pay roll approximately \$250,000. Our plants are modern and up-to-date. We are operating this time about 50 per cent of our normal capacity. We feel that an erroneous impression prevails when Indiana limestone is mentioned and which impression is that all limestone is cut in Indiana. This is not so. Indiana limestone is the trade name of a material received by us in the rough quarried state similar to many other raw materials that come into this Commonwealth. This limestone is fabricated here in our plants and delivered to the buildings in a finished state.

Up to the last ten years or so, all lime-

stone for the City of Boston buildings was fabricated within Greater Boston, or within the State of Massachusetts, and this custom we would like to see prevail in order that relief may be had for the unemployed of this industry. We sincerely trust that your Honor will assist the limestone industry of Greater Boston in such a manner as is deemed to the best interest of the unemployed.

Thanking you for the courtesy extended us while at your office, we are,

Respectfully yours,

JOSEPH CAREW.
ALEXANDER THOMSON, INC.
SHEA & DONNELLY COMPANY.

EXTRA WORK UNDER CONTRACT.

John F. Shea & Co. have been directed to perform the following extra work under the contract for constructing artificial stone sidewalks in Newburg, etc., streets, dated September 6, 1930. Items ordered: Reset edgestone and construct artificial stone sidewalks in Morton street (southerly side), from Lorna road to West Selden street, and in West Selden street (easterly side), from Morton street about 100 feet southerly. Price to be paid: The same as that bid for similar work in the contract. Estimated cost of extra work, \$425.

Charles Struzziery has been directed to perform the following extra work under the contract for constructing artificial stone sidewalks in Mt. Hope, etc., streets, dated September 29, 1930. Items ordered: Remove three (3) trees and two (2) stumps not shown on plan in Prospect avenue, from Brown avenue to Sycamore street. Estimated cost of extra work, \$150.

John F. Kennedy & Co. have been directed to perform the following extra work under the contract for building sewerage works in Summer street, from East First street to Reserved channel, South Boston, dated October 14, 1930. Items ordered: Rebuild nine, more or less, existing man-holes, furnishing all labor and materials

and including excavation; removing portion of old structures, new brick and concrete masonry and steel work, refill and all other incidental work, for the sum of \$100 each. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$900.

A. Singarella has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Townsend street, from Washington street to Warren street, dated August 6, 1930. Items ordered: Omit the digging of foundation for artificial stone sidewalks where directed in Townsend street, between Washington street and Warren street. A deduction of four cents is to be made per square foot from the price bid in the contract for constructing artificial stone sidewalks, thus reducing the price to be paid from twenty cents per square foot to sixteen cents per square foot, where foundation is omitted. Estimated decrease in cost, \$70.

Joseph B. O'Rourke has been directed to perform the following extra work under the contract for laying granite block pavement in Hyde Park avenue, at underpass under New Haven Railroad, dated October 21, 1930. Items ordered: (1) Relay granite block gutters, gravel base and gravel joints where directed. Price to be paid, the sum of seventy-five cents per square yard. Estimated cost, \$15. (2) Omit cement grout joints and substitute quick-setting cement grout joints where directed. Price to be paid, the additional sum of thirty cents per square yard. Estimated cost, \$120. (3) Excavate and remove surplus material from sewer trench. Price to be paid, the sum of \$50. Estimated cost of extra work, \$185.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Frank Losordo Company, Incorporated, have been granted an extension of time for the completion of the contract for reinforced floor and alterations at Engine 9 and Ladder 2, East Boston, from November 4 to November 28.

HOSPITAL DEPARTMENT.

Viking Automatic Sprinkler Company have been granted an extension of time for completion of contract for installation of sprinkler piping and equipment at Sanatorium Division, Boston City Hospital, from November 6 to December 15.

Matthew Cummings Company have been granted an extension of time for completion of contract for erection and completion of kitchen and dining room building at Sanatorium Division, Boston City Hospital, from November 1 to December 15.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Incorporated, have been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Arborough road, Ardmore road, Sidley road and Plainfield street (contract dated September 9, 1930), from November 1 to December 1.

B. E. Grant Company have been granted an extension of the time of completion of the contract for laying recut granite block pavement in Norfolk avenue, from Hampden street to East Cottage street (contract dated September 10, 1930), from November 1 to December 1.

D. V. Construction Company have been granted an extension of the date of completion of the contract for the building of sewerage works in South Hobart street and Melvin avenue, Brighton, from October 25 to November 24 (thirty days).

LIPTON VISIT DELAYED.

His Honor the Mayor on November 7 received the following communication from Sir Thomas Lipton:

MY DEAR MAYOR,—With reference to your exceedingly kind invitation to become the guest of the City of Boston, I assure you that I appreciate the honor more highly than I can express in words and nothing would have given me greater pleasure than to accept.

I find, however, that I have so many business matters in hand here in New York that the short time I am able to stay in America will be fully occupied so I would like to ask you to be allowed to defer visiting your good city until some other occasion when I shall have more leisure and be able to spend a little time amongst my good Boston friends.

Another obstacle to my paying Boston a visit now is the fact that I am recommended, for reasons of health, to avoid traveling any distance, so I hope you will forgive my inability for the present to accept your kindly proffered hospitality.

Again assuring you of my heartfelt thanks for the compliment you have paid me and my sincere regret that for the moment I am unable to avail myself of the privilege, and with my kindest regards to your good self and family and my best wishes to the City of Boston, I am,

Yours sincerely,

THOMAS J. LIPTON.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and delivering metal working lathes to the new Brighton High School. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, November 17, at 2 p. m.

Advertises for proposals for the erection and completion of the additions and alterations to the William Ellery Channing School, Sunnyside street, Hyde Park. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$5,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, November 20, at 2 p. m.

Advertises for proposals for new fences at the John G. Whittier School, Southern avenue, Dorchester. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$150, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, November 20, at 2 p. m.

Advertises for proposals for tables, shelving, etc., in the Girls' Continuation School, Common street. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Machinists.—P. Maguire, J. F. Garvey, D. F. Foley, 1½ days, \$10.50 each. Total, \$44.91.

For the week ending Monday, November 10:

Quartermaster.—J. J. Pugh, 1 day, \$7. Oilers and Firemen.—J. J. Sullivan, 1 day, \$2.59; J. Kelly, 1½ days, \$10.38.

Marine Machinists.—R. J. Supple, W. J. Tigges, 1½ days, \$8.75 each; D. F. Foley, ½ day, \$3.50. Total, \$40.97.

Public Works Department (Paving Service).

For the week ending Monday, November 3:

Laborers.—John Dolan, 1½ days, \$5.62; Austin Freeley, 1½ days, \$9.38.

Chauffeur and Auto Mechanic.—William J. Mahoney, 1½ days, \$9.

For the week ending Monday, November 10:

Laborers.—John Dolan, Austin Freeley, 1½ days, \$9.38 each.

Chauffeur and Auto Mechanic.—Jerome H. Moore, 1½ days, \$9.

Public Works Department (Sanitary-C Service).

For the week ending Monday, November 3:

Teamsters-Laborers.—T. Dahill, J. Lane, J. Dahill, S. McDonough, M. O'Connell, M. Barry, E. Murphy, B. Callahan, G. McColgan, C. Crowley, J. McLaughlin, P. Daly, F. Deacon, M. Gilmartin, F. Conroy, J. Shea, C. Sweeney, C. Sullivan, L. McGahan, H. McCarron, W. Earley, J. Hartigan, J. Brown, J. Carey, J. Carr, J. Daley, T. Donovan, J. Foley, J. Gehm, E. Gill, A. Gouleas, J. Hanley, P. Joyce, J. Lyons, J. McDonald, J. Ryan, J. Slattey, J. Tuohy, M. Weidman, P. Kelley, H. Holmes, F. Walsh, 1 day at \$5.

Chauffeurs.—F. Diaz, W. Rose, E. McLaughlin, P. Killoran, G. Turner, J. Martin, E. Smith, P. Costello, M. Leahy, L. Kilduff, F. Scanlon, H. Doherty, 1 day at \$5.50; E. Sweeney, E. Gately, R. Kilduff, J. McLean, W. Maloney, B. Murphy, J. Reardon, C. Calderara, 1 day at \$5.25.

For the week ending Monday, November 10:

Teamsters-Laborers.—J. Dwyer, J. J. Dahill, T. Dahill, J. Lane, M. O'Connell, M. Barry, E. Murphy, B. Callahan, G. McGolgan, C. Crowley, J. McLaughlin, P. Daly, F. Deacon, M. Gilmartin, F. Conroy, J. Shea, J. Fallon, C. Sullivan, J. Sullivan, L. McGahan, H. McCarron, W. Earley, J. Brown, J. Carey, J. Carr, J. Daley, T. Donovan, J. Foley, E. Gill, T. Glynn, J. Granville, A. Gouleas, J. Hanley, P. Joyce, J. Lyons, J. Ryan, A. Powers, J. Slattery, J. Tuohy, M. Weidman, P. Kelley, E. Walsh, M. Moylan, 1 day at \$5.

Chauffeurs.—F. Diaz, W. Rose, E. McLaughlin, P. Killoran, G. Turner, J. Martin, E. Smith, P. Costello, M. Leahy, L. Kilduff, F. Scanlon, B. Jennings, H. Doherty, 1 day at \$5.50; C. Calderara, E. Sweeney, E. Gately, R. Kilduff, J. McLean, W. Maloney, B. Murphy, J. Reardon, 1 day at \$5.25.

Total, \$328.50.

Public Works Department (Sanitary-Service).

For the week ending Monday, November 3:

Chauffeurs.—M. Cotter, $\frac{1}{2}$ day, \$2.75; W. McNulty, 1 day, \$5.50.

Teamsters, etc.—P. Eagan, W. McCarthy, P. Downey, 1st, M. Ryan, O. McDonald, J. Lannon, 1 day, \$5 each; P. Kellard, J. Cronin, M. Daley, F. Donnelly, J. Donovan, J. Fitzgerald, W. Gardner, J. Jordan, P. Keenan, L. Medus, S. Melia, P. Mulligan, M. McCarthy, P. McDonough, T. Noone, F. O'Brien, M. O'Brien, E. O'Connell, P. O'Hea, W. Quinn, W. Rogers, T. Sullivan, J. Sweeney, J. Wark, P. Cronin, J. Lynch, $\frac{1}{2}$ day, \$2.50 each; W. Cassell, W. Carmody, $\frac{1}{2}$ days, \$7.50 each.

Total, \$118.25.

For the week ending Monday, November 10:

Chauffeur.—W. McNulty, 1 day, \$5.50.

Teamsters, Feeders, etc.—P. Egan, W. McCarthy, P. Downey, 1st, M. Ryan, W. Cassell, W. Carmody, O. McDonald, J. Lannon, 1 day, \$5 each.

Total, \$45.50.

Public Works Department (Sewer Service).

For the week ending Monday, November 3:

Engineer.—John McCarthy, 2 days, \$16.

Mason.—Edmund J. Morgan, $\frac{1}{2}$ day, \$3.50.

Sewer Cleaners.—Dennis Callaghan, John O'Connor, Thomas F. Casey, $2\frac{1}{2}$ days, \$16.50 each; Michael J. Foley, John Sweeney, Joseph Faretro, $1\frac{1}{2}$ days, \$9.75 each; Edward Borgusch, 1 day, \$6.

Chauffeurs.—Daniel A. Donovan, $2\frac{1}{2}$ days, \$15.13; Charles F. Caffrey, $1\frac{1}{2}$ days, \$8.94; Arthur A. Gleason, 1 day, \$5.50; Patrick Gallagher, $\frac{1}{2}$ days, \$7.88; Hollis I. Reed, 1 day, \$5.25.

Laborers.—John Jane, $\frac{1}{2}$ days, \$7.50; Louis Brunetto, Joseph Clougherty, Charles Stoll, Thomas F. Connolly, Orazio Morganello, Joseph Brown, Frank McMahon, 1 day, \$5 each; John Henshon, John J. Duran, $\frac{1}{2}$ day, \$2.50 each.

For the week ending Monday, November 10:

Mason.—Daniel A. MacNeill, 2 days, \$14.

Sewer Cleaners.—Michael Foley, John Sweeney, Joseph Faretro, Dennis Callaghan, Thomas F. Casey, John O'Con-

nor, $2\frac{1}{2}$ days, \$13.50 each; George H. Caswell, J. J. Sullivan, John M. Donnelly, Michael Mooney, Thomas E. Hanrahan, Jere Brosnan, Joseph Rafferty, Thomas Byrne, Michael Neary, Stephen Manning, $\frac{1}{2}$ day, \$3 each.

Chauffeurs.—Charles F. Caffrey, Daniel A. Donovan, $2\frac{1}{2}$ days, \$12.38 each; Cornelius J. Sullivan, $\frac{1}{2}$ day, \$2.75; Augustine Frati, 2 days, \$10.50; Dana W. Currier, $1\frac{1}{2}$ days, \$7.88; James F. McCarthy, 1 day, \$5.25.

Laborers.—John F. Collins, Martin Day, Daniel J. Kane, 2 days, \$10 each; James Clark, $\frac{1}{2}$ days, \$7.50; Stephen Connolly, P. J. Buckley, Thomas F. Connolly, James Courtney, Jeremiah McDonald, Jeremiah Coleman, 1 day, \$5 each; John Henshon, Joseph Brown, $\frac{1}{2}$ day, \$2.50 each.

Public Works Department (Water Service).

For the week ending Monday, November 3:

Repairers.—M. Matthews, P. Clougherty, P. Lydon, S. Mickewicz, $\frac{1}{2}$ days, \$9 each; J. Slattery, J. Grant, $\frac{1}{2}$ days, \$7.88 each; N. McPhee, J. Williamson, 1 day, \$5.25 each; J. Hourihan, W. Shields, $\frac{1}{2}$ day, \$1.13 each; M. Burke, 1 day, \$6; W. Donovan, $\frac{1}{2}$ days, \$3.38; R. Doyle, $\frac{3}{4}$ day, \$5.06; W. Dunderdale, $1\frac{1}{2}$ days, \$9.56; R. Welch, $1\frac{1}{2}$ days, \$6.75; G. Cunningham, $1\frac{1}{2}$ days, \$7.69; B. Dellorusso, $\frac{1}{2}$ days, \$8.63; J. Leonard, $\frac{1}{2}$ days, \$11.25; M. O'Day, $2\frac{1}{2}$ days, \$14.63; J. Sheehan, $\frac{3}{4}$ day, \$4.86; J. Daly, $1\frac{1}{2}$ days, \$8.77; J. Burns, $2\frac{1}{2}$ days, \$11.86; J. Supple, $\frac{1}{2}$ days, \$8.25; P. Lynch, $\frac{3}{4}$ day, \$4.64; T. Byrnes, $1\frac{1}{2}$ days, \$10.69; C. Ring, $1\frac{1}{2}$ days, \$10.25; J. Feeley, $1\frac{1}{2}$ days, \$9.28; J. Ricco, $\frac{1}{2}$ day, \$0.24; G. Waters, $\frac{1}{2}$ day, \$1.03; P. Mealey, $1\frac{1}{2}$ days, \$5.67; J. Glennon, $1\frac{1}{2}$ days, \$6.19; M. Rizzo, $\frac{1}{2}$ day, \$2.16; J. McLean, $\frac{1}{2}$ day, \$4.13; T. Rose, $\frac{1}{2}$ days, \$6.75; H. Krauss, $\frac{1}{2}$ day, \$2.06.

Laborers.—F. Driscoll, W. Fay, P. Finnerty, T. Graham, W. Dunphy, G. Schlehuber, N. Sontag, D. Pedone, J. O'Hanlon, $\frac{1}{2}$ days, \$7.50 each; A. Jenness, F. McVey, T. Dalrymple, M. Doyle, J. Jesseau, $1\frac{1}{2}$ days, \$5.16 each; F. Gerard, $1\frac{1}{2}$ days, \$7.03; T. Connell, $\frac{3}{4}$ day, \$1.41; T. Mulrey, 1 day, \$5; W. Behan, $\frac{1}{2}$ day, \$1.88.

Total, \$342.92.

For the week ending Monday, November 10:

Repairers.—S. Mickewicz, P. Dolan, P. Lydon, T. Rose, $\frac{1}{2}$ days, \$9 each; M. Burke, F. DeAngels, 1 day, \$6 each; H. Krauss, J. McLean, $\frac{1}{2}$ day, \$4.13 each; R. Doyle, M. O'Day, J. McKenney, M. Matthews, $\frac{1}{2}$ day, \$2.25 each; P. Lynch, J. Feeley, M. Adley, $\frac{1}{2}$ day, \$2.06 each; J. Gaughran, 1 day, \$5.50; C. Driscoll, $\frac{1}{2}$ day, \$3.38; P. Clougherty, $2\frac{1}{2}$ days, \$14.63; G. Cunningham, $\frac{1}{2}$ day, \$1.88; C. DeLuca, $\frac{1}{2}$ day, \$1.08; J. Slattery, $\frac{1}{2}$ day, \$3.94; J. Grant, $2\frac{1}{2}$ days, \$12.80; J. Murphy, $\frac{1}{2}$ day, \$0.98; T. Graham, $2\frac{1}{2}$ days, \$12.19; P. Mealey, $2\frac{1}{2}$ days, \$11.34; W. Shields, $\frac{1}{2}$ day, \$2.25; T. Casey, $\frac{1}{2}$ days, \$7.88; M. Rizzo, $\frac{1}{2}$ day, \$2.16; P. Shea, $\frac{1}{2}$ day, \$1.50; R. McLaughlin, $\frac{1}{2}$ day, \$1.50.

Laborers.—F. Driscoll, P. Finnerty, E. Hart, E. Delano, N. Sontag, E. Fay, W. Kenney, $\frac{1}{2}$ days, \$7.50 each; C. McCarthy, A. Buono, $\frac{1}{2}$ day, \$0.94 each; P. King, J. Jesseau, $\frac{1}{2}$ day, \$1.88 each; W. Dunphy, $\frac{1}{2}$ day, \$3.75; J. O'Hanlon, $1\frac{1}{2}$ days, \$6.56.

Total, \$222.90.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon November 10 the Mayor approved a contract with John Bowen Company for the erection and completion of elementary school in the Elihu Greenwood District. Bids, opened November 6, were as follows:

Item 1.—Rugo Construction Company, Incorporated, \$167,220; Boyer Construction Company, \$167,950; John Bowen Company, \$168,500; Joseph A. Singarella, \$172,850; Frank Imhof Company, \$174,320; M. S. Kelliher Company, \$174,465; Frankini Brothers, Incorporated, \$174,592; Frank Losordo Company, Incorporated, \$174,615; Shawmut Construction Company, \$178,930; Matthew Cummings Company, Incorporated, \$179,000; Walsh Brothers, \$182,500; A. Piotti Company, \$189,310; M. Slotnick, \$194,685; White & Co., Incorporated, \$207,568; J. Slotnik, \$182,000.

Item 2.—Rugo Construction Company, Incorporated, \$168,720; John Bowen Company, \$167,700 (if grid flat system of floor and roof is used, deduct \$1,100 from Item 1 or 2); Joseph A. Singarella, \$171,250; Frank Imhof Company, deduct \$700; M. S. Kelliher Company, \$174,200; Frankini Brothers, Incorporated, \$173,592; Shawmut Construction Company, \$178,130; Matthew Cummings Company, Incorporated, \$180,000; Walsh Brothers, Incorporated, \$180,500 (if grid system is used, deduct \$2,100 from Item 1 or 2); A. Piotti Company, \$188,700; M. Slotnick, \$193,385; J. Slotnik, \$180,000 (bid in auditor's office; no bid in this office).

FIRE DEPARTMENT.

Upon November 7 the Mayor approved a contract with George Lawley & Son Corporation, for a new fireboat. Bids, opened Monday, November 3, were as follows:

Maryland Dry Dock Company, \$316,988, eight and one-half months; George Lawley & Son Corporation, \$326,660, ten months; Todd Dry Dock Engineering and Repair Corporation, \$390,000, eight and half months, bid bond submitted in lieu of certified check.

PUBLIC WORKS DEPARTMENT Paving Service).

Upon November 6 the Mayor approved a contract with Martino DeMatteo for bitulithic pavement in Champlain street, from Newman street to Columbia road, South Boston. Bids, opened November 5, were as follows:

Sheet Asphalt.—Martino DeMatteo, \$7,783.75; A. G. Tomasello & Son, Incorporated, \$8,060.70; J. J. McCarthy & Co., \$8,062.20; S. J. Tomasello, \$8,161.90; C. M. Callahan, Incorporated, \$8,221.90; A. Singarella, \$8,513.80; Cook Construction Company, \$8,689.90.

Bitulithic.—Martino DeMatteo, \$7,783.75; A. G. Tomasello & Son, Incorporated, \$9,920.70; J. J. McCarthy & Co., \$8,161.20; S. J. Tomasello, \$8,161.90; C. M. Callahan, Incorporated, \$8,314.90; A. Singarella, \$8,129.80; Cook Construction Company, \$8,788.90.

Upon November 6 the Mayor approved a contract with A. R. Doyle, Incorporated, for bitulithic pavement in Weld street,

from Manthorne road to Maple street, West Roxbury. Bids, opened November 4, were as follows:

Sheet Asphalt.—A. DeStefano & Son, Incorporated, \$18,964.50; C. Capone, \$19,304.85; C. Struzziery, \$19,324; A. R. Doyle, Incorporated, \$19,123.20; C. M. Callahan, Incorporated, \$20,235.25; M. McGinnis Company, \$20,702.10; M. DeMatteo, \$20,474.20; A. G. Tomasello & Son, Incorporated, \$20,836.50; S. J. Tomasello, \$21,622.20.

Bitulithic.—A. DeStefano & Son, Incorporated, \$19,221; C. Capone, \$19,059.85; C. Struzziery, \$19,079; A. R. Doyle, Incorporated, \$19,123.20; C. M. Callahan, Incorporated, \$19,990.25; M. McGinnis Company, \$20,200.60; M. DeMatteo, \$20,229.20; A. G. Tomasello & Son, Incorporated, \$20,591.50; S. J. Tomasello, \$21,365.70.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon November 10 the Mayor approved a contract with the D. V. Construction Company, for sewerage works in Outlook road, from Ormond road to Byers road, Dorchester. Bids, opened November 7, were as follows:

D. V. Construction Company, \$3,504.25; John Williams, \$4,002.06; L. Balboni, \$4,145.75; A. Piatelli & Co., \$4,186.25; L. P. Federico & Co., \$4,357.70; Appel & O'Toole, \$4,601.90; N. Cibbotti, \$4,649; M. DeSisto Company, \$4,895.65; Roslindale Contracting Company, \$4,985.52; Lawrence Construction Company, \$6,603.75.

MAYOR CURLEY CONGRATULATES GOVERNOR-ELECT ELY.

Upon being informed of the election results Mayor Curley issued the following statement:

The American people by their votes have served notice upon the Republican machine at Washington that bread and beer are more potent than proclamations and promises. The overwhelming Democratic victory should awaken Washington from an inexcusable lethargy and result in the speedy adoption of a program for real industrial relief and the repeal of the Volstead Act.

Boston, as usual, made the customary notable and necessary contribution to Democratic success. My congratulations and best wishes are extended Governor Ely, Senator Coolidge, Treasurer Hurley and such other Democrats as returns may later indicate as being elected.

JAMES M. CURLEY,
Mayor of Boston.

MAYOR ISSUES RED CROSS PLEA.

His Honor the Mayor, on November 10, issued the following statement relative to the annual Red Cross roll call:

Red Cross roll call is here again, offering to us our yearly opportunity to take part in its work of mercy by joining. The existence of an organized Red Cross gives assurance to the whole country that help will be immediately forthcoming in times of disaster. Every membership contributes to the maintenance of this organization and helps to support the activities of the local chapter. It gives me pleasure to call upon every citizen to join and so take part in Red Cross work during the coming year.

\$3,000,000 FOR PORT DEVELOPMENT.

At a conference held at the Mayor's office on November 13 with the members of the Boston Port Authority present, it was agreed that at the hearing to be held before the Board of Army Engineers in Boston, on November 19, upon the program for development of Boston Harbor and adjacent waters that a recommendation would be made to the Board for an expenditure of \$3,000,000 for the development of the same.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized

standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, a surface drain of 3-foot 9-inch circular concrete and two catch-basins (Summer brook) in Huntington avenue (sewer on west side), between River street and Jefferson street, in the Hyde Park district, at an estimated cost of \$12,800.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and four catch-basins in Outlook road, between Ormond street and Byers road, in the Dorchester district, at an estimated cost of \$5,000.

A sanitary sewer of 10-inch and 12-inch pipe, a surface drain of 10-inch, 12-inch, 15-inch and 24-inch pipe and nineteen catch-basins in North Harvard street, between Cambridge street and Western avenue, in the Brighton district, at an estimated cost of \$17,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Arbella road, between Gallivan Boulevard and 190 feet northerly, in the Dorchester district, at an estimated cost of \$1,500.

A surface drain of 24-inch pipe in O'Connell road, between Valley road and private land; private land, between O'Connell road and Cemetery lane, and in Cemetery lane, between private land and Stone terrace, in the Dorchester district, at an estimated cost of \$3,100.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Gallivan Boulevard (south side), between Washington street and Pleasant Hill avenue, in the Dorchester district, at an estimated cost of \$7,300.

A sanitary sewer of 10-inch pipe in Leland street, between Wachusett street and Forest Hills Cemetery, in the West Roxbury district, at an estimated cost of \$1,800.

A surface drain and catch-basin connection of 10-inch and 12-inch pipe in Bowdoin street, at Draper street, in the Dorchester district, at an estimated cost of \$500.

A sanitary sewer of 18-inch pipe and a surface drain of 12-inch and 18-inch pipe in Hamilton street, between Coleman street and Bowdoin street, in the Dorchester district, at an estimated cost of \$1,500.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and three catch-basins in Greenfield road, between 115 feet southeast of Weybosset street and Ridge road, in the Dorchester district, at an estimated cost of \$2,850.

A surface drain of 12-inch pipe and four catch-basins in Wilrose street, between Westwood street and Puritan avenue, in the Dorchester district, at an estimated cost of \$3,000.

ADDITIONAL DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 2, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Bostonia avenue, Brighton, be, and the same hereby is, amended, by adding to said order the amount \$350 as an award to Patrick W. McMahon, assignee under Vito Vacoviello; that the amount \$350 be, and the same hereby is, awarded to Patrick W. McMahon, assignee under Vito Vacoviello, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 15, 1929, determining damages caused by the making of the public improvement, consisting of the widening, relocation and construction of Weld street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$317 as an award to Hulda R. Nelson; that the amount \$317 be, and the same hereby is, awarded to Hulda R. Nelson for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 15, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Weld street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$75 as an award to Clarence W. Horn; that the amount \$75 be, and the same hereby is, awarded to Clarence W. Horn for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 15, 1929, determining damages caused by the making of the public improvement, consisting of the widening, relocation and construction of Weld street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$300 as an award to Arthur Moran and Anne Moran; that the amount \$300 be, and the same hereby is, awarded to Arthur Moran and Anne Moran for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of April 3, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Regis road be, and the same hereby is, amended, by adding to said order the amount \$567 as an award to Henry Jenkins; that the amount \$567 be, and the same hereby is, awarded to Henry Jenkins for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 15, 1929, determining damages caused by the making of the public improvement, consisting of the widening and relocation of Weld street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$125 as an award to Thomas F. and Margaret E. Foley; that the amount \$125 be, and the same hereby is, awarded to Thomas F. and Margaret E. Foley for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 1, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Hemlock street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$515 as an award to Antonetta Zarrella; that the amount \$515 be, and the same hereby is, awarded to Antonetta Zarrella for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure

or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Buchanan road, bounded:

Westerly by another part of Buchanan road, ten and 3-100 feet; northerly by the same, by two measurements, one hundred fifty-seven and 16-100 feet and thirty-nine and 61-100 feet; easterly by land hereinafter described as taken from owners unknown (Buchanan road), ten and 1-100 feet; and southerly by another part of Buchanan road, by two measurements, thirty-eight and 22-100 feet and one hundred fifty-five and 46-100 feet, containing nineteen hundred and fifty-two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Buchanan road, bounded:

Westerly by land hereinbefore described as taken from owners unknown (Buchanan road), ten and 1-100 feet; northerly by another part of Buchanan road, by four measurements, one hundred fifty-one and 39-100 feet, one hundred fifty and 82-100 feet, five hundred forty-nine and 63-100 feet and one hundred fifty-four and 26-100 feet; easterly by easement taken by the City of Boston for sewerage purposes, April 24, 1930, ten feet; and southerly by another part of Buchanan road, by four measurements, one hundred fifty-five and 74-100 feet, five hundred fifty and 38-100 feet, one hundred forty-nine and 19-100 feet and one hundred fifty and 78-100 feet, containing ten thousand and sixty-one square feet, more or less.

The sewerage works to be constructed are as follows: 1,215 linear feet of 12-inch pipe sanitary sewer and 1,215 linear feet of 24-inch pipe surface drain in that part of Buchanan road from Morey road to Andover road.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of Buchanan road, from Morey road to Andover road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels to the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 992, Sewerage Works, Buchanan Road, West Roxbury, September 4, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 145.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman John J. Dever of Division 5, charging him with conduct unbecoming an officer and neglect of duty, submitted the following recommendation:

The Board having heard and carefully considered all the evidence as presented by witnesses, finds the said Patrolman John J. Dever guilty as charged, and respectfully recommends that he be ordered to perform two hundred and ten hours' punishment duty.

In view of the fact that his commanding officer states that Patrolman Dever is a very efficient police officer, and that while in command at Station 5, Captain Anderson has not had occasion to speak to Patrolman Dever about his conduct, the commissioner accepts the recommendation of the trial board, and it is hereby ordered that the said Patrolman John J. Dever perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 146.

A trial board consisting of Captains Smith, King and Hanrahan, having heard by reference a complaint against Patrolman Francis H. Monahan of Division 11, charging him with neglect of duty and conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The Board after having heard witnesses and having received the report of the disposition of case in Superior Court, and having carefully considered the evidence as presented, and on account of the previous good record of the said Patrolman Francis H. Monahan, his length of service, and the punishment he has suffered mentally and financially as a result of his suspension from duty, and the recommendation of his commanding officer, recommended that the said Patrolman Francis H. Monahan be restored to duty.

The commissioner accepts the recommendation of the trial board, and hereby orders that the said Patrolman Francis H. Monahan be restored to duty to take effect Friday, November 7, 1930, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 147.

The suspension of Patrolman Coleman P. Conroy of Division 2 which was imposed on October 11, 1930, is hereby lifted and he is hereby restored to duty to take effect Wednesday, November 12, 1930, at 7.45 o'clock a. m., the said Patrolman Coleman P. Conroy having furnished to the Police Commissioner suitable evidence that he (Patrolman P. Conroy) is in a proper physical and mental condition to carry on the duties of a police officer.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 148.

Patrolman Louis Pinkofsky of Division 19 is hereby commended in General

Orders and granted one day off for the efficiency and judgment shown on October 28, at 1.05 a. m., in arresting four young men, one of whom had a loaded revolver and who were about to crash the window at 581 Washington street, Dorchester. It was found that the men were driving a stolen automobile and carried five bricks for the purpose of crashing windows. Patrolman Pinkofsky accomplished the arrests unaided and marched the four men with hands in the air to a police box about 200 feet distant.

The young men have admitted many breaks on other divisions and the commissioner regards this as an important capture.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

STREET CONSTRUCTION.

BOSTON, November 6, 1930.

To the Mayor of Boston.

In accordance with the provisions of section 4 of chapter 393 of the Acts of 1906, I hereby certify that public necessity requires that the construction of the following streets, which have been laid out and ordered constructed under the authority of said act, be carried on after November 15, 1930, and respectfully request your approval thereof:

Arbrough road, West Roxbury, from Conway street to Arnold Arboretum.

Brent street, Dorchester, from Wainwright street to Melbourne street.

Brier road, West Roxbury, from La Grange street to Cottage avenue.

Champlain street, South Boston, Newmarket street to Columbia road.

Charles street, city proper, Cambridge street to Nashua street.

River street, Dorchester, easterly from Riverside place for 1,300 feet.

Rogers Park avenue, Brighton, Foster street to Lake street.

Ronan street, West Roxbury, Bellevue street 365 feet southeasterly.

Segel street, Roxbury, from Georgia street to Cheney street.

South Hobart street, Brighton, Faneuil street to Oakland street.

Stockwell street, Roxbury, from Wait street to Frawley street.

Teragram street, East Boston, from Saratoga street to Bayswater street.

Wycliff street, West Roxbury, from Baker street to Gardner street.

Washington street, Brighton, at westerly corner of Tremont street.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

FIRE DEPARTMENT ORDERS.

General Order No. 99.

I. NEW FIRE STATION, BOWDOIN SQUARE.

The new fire station in Bowdoin square was officially opened on Monday, November 10, 1930. Quarters are provided in this station for—

Chief of District 4, Engine Company 4, Engine Company 6, Ladder Company 24, Rescue Company 3, Water Tower Company 1.

District 4, Engine 4 and Ladder 24 are now located in this station and the other companies concerned will be relocated there on or before Friday, November 14, 1930.

Effective at 8 a. m., Thursday, November 13, 1930, the temporary assignments for Automatic and A. D. T. alarms outlined in General Orders Nos. 22, 35, and 40, series of 1929, will be rescinded and the assignments designated in the official Boston Automatic Fire Alarm Company and American District Telegraph Company assignment books will be in effect.

Effective at 8 a. m., Thursday, November 13, 1930, chief officers or companies assigned on running card to cover on multiple alarms for any of the above-mentioned companies, will do so at the new Bowdoin Square Fire Station.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CLAIMS DISAPPROVED.

The Law Department has disapproved 18 claims against the city, aggregating \$1,161.41, and they are classified as follows:

Against the Fire Department, one, amounting to \$14.50; against the Park Department, one, amounting to \$15.25; against the Police Department, two, amounting to \$193; against the Public Works Department, twelve, in four of which no amount was specified, and the other eight amounted to \$938.66; against the Board of Street Commissioners, two, in which no amounts were specified.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land and building, bounded northwesterly by Foster street; northeasterly by Foster court; southeasterly by Foster court and by Goodridge alley, and southwesterly by a passageway and by land supposed to belong to Rizzo *et al.*, and to Seminara, containing fifty-seven hundred and twenty-six square feet, more or less, in Boston proper, for playground purposes, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to James E. and Mary L. Gavin, bounded:

Southeasterly by Goodridge alley, fifty-three and 30-100 feet; southwesterly by land supposed to belong to Scancarello, twenty-eight and 9-100 feet; northwesterly by other land hereinafter described as taken from said Gavins and from owners unknown (Foster place), fifty and 60-100 feet, and northeasterly by land hereinafter described as taken from said Gavins, twenty-eight feet, containing fourteen hundred and fifty-five square feet, more or less.

A parcel of land, supposed to belong to James E. and Mary L. Gavin, bounded:

Southeasterly by land hereinbefore described as taken from said Gavins, forty-one and 57-100 feet; southwesterly by land supposed to belong to Scancarello and to Sciacco, twenty-four and 3-100 feet; northwesterly by land supposed to belong to Lanza *et al.*, forty and 2-100 feet, and northeasterly by land hereinafter described as taken from owners unknown (Foster place), twenty-three and 40-100 feet, containing nine hundred and sixty-six square feet, more or less.

A parcel of land, owners unknown, being the private way known as Foster place, bounded:

Southeasterly by land hereinbefore described as taken from Gavin *et al.*, nine and 3-100 feet; southwesterly by land hereinbefore described as taken from Gavin *et al.* and by land supposed to belong to Lanza *et al.*, forty-three and 40-100 feet; northwesterly by Foster street, seven and 64-100 feet, and northeasterly by land hereinafter described as taken from Gavin *et al.*, forty-two and 76-100 feet, containing three hundred fifty-eight square feet, more or less.

A parcel of land, supposed to belong to James E. and Mary L. Gavin, bounded:

Southwesterly by land hereinbefore described as taken from Gavin *et al.*, and from owners unknown (Foster place), seventy and 76-100 feet; northwesterly by Foster street, fifteen feet; northeasterly by land hereinafter described as taken from Lanza, fifty-nine and 67-100 feet; southeasterly by the same, three feet; northeasterly by the same, nine and 50-100 feet, and southeasterly by Goodridge alley, eleven and 50-100 feet, containing ten hundred and two square feet, more or less.

A parcel of land, supposed to belong to Vincenzo Lanzo, bounded:

Northwesterly by Foster street, fifteen feet; northeasterly by Foster court, sixty-three feet; southeasterly by land supposed to belong to Clemente, fifteen and 20-100 feet; northeasterly by the same, six and 50-100 feet; again southeasterly by Goodridge alley, three feet; southwesterly by land hereinbefore described as taken from Gavin *et al.*, nine and 50-100 feet; again northwesterly by the same, three feet, and again southwesterly by the same, fifty-nine and

67-100 feet, containing nine hundred and seventy-five square feet, more or less.

Said parcels are shown on a plan marked, "City of Boston, Foster Street, Boston Proper, August 14, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking made for playground purposes on Foster street, Foster court, Foster place, and Goodridge alley, Boston proper district, under the order of the Board, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

	Amount.
James E. and Mary L. Gavin, 1,455 square feet, 966 square feet, 1,002 square feet.....	\$3,924
Vincenzo Lanzo, 975 square feet.....	975

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PATYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

FIRMS AIDING MAYOR'S UNEMPLOYMENT PLAN.

Mayor Curley, on November 10, received the following letter from A. Simons, Assistant Vice President, United Cigar Stores Company of America, 5 Bromfield street, Boston:

THE HONORABLE JAMES M. CURLEY,
Mayor of Boston.

SIR,—The subscriber attended the luncheon on Wednesday at the Copley-Plaza and enjoyed it very much. Your talk was very impressive and enlightening.

We want to "back you up" on the Unemployment Relief Fund and attach a bulletin, which is self-explanatory, that went to our stores. Believe our little bit will help some.

With best wishes and kindest regards,
I am,

Respectfully,

A. SIMONS,
Assistant Vice President.

STORE SALES MANAGERS AND ASSISTANTS.

GENTLEMEN,—2½ per cent of sales to be contributed to the Mayor's Unemployment Relief Fund, Thursday, November 13, 1930.

Every salesman in our organization should be anxious to build up the sales of Thursday, November 13, so that a large amount covering the 2½ per cent of our sales will be given to the Mayor's Unemployment Relief Fund.

If the sales in your store on Thursday, November 13, amount to less than \$600 on this one day, or if the total of all of the stores in your city (should there be more than one store) is less than \$600, the company will contribute the sum of \$15. If the total sales are in excess of \$600 we will pay 2½ per cent, regardless of what volume your city may reach.

Tell every one of your customers about this liberal idea and impress upon them that they ought to buy at least several weeks' supply of merchandise so that a big check will be given to this fund which is to help the unfortunates who are unable to secure employment at this time.

Our reward will be in the knowledge of having been the first of retail chain concerns to put into effect a plan which is bound to be followed by other retailers generally throughout the country.

I am anxious to submit each individual salesman's part in this big sales drive for this worthy fund to Mr. H. J. Moffett, Vice President, and will appreciate your filling in below your sales for Thursday, November 13, compared to the previous Thursday, and forward same to your district managers who in turn will recap and forward copy to this office.

DEAR SIR,—Below find our sales for Thursday, November 13, in connection with the contribution of 2½ per cent of our sales to the Mayor's Unemployment Fund.

Thurs., 11-13-30.....	
Thurs., 11-6-30.....

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the change of grade and construction of that part of Washington street, Dorchester district, near Ruggles place; and the widening and construction of Washington street, Dorchester district, as a highway, about opposite Ruggles place, bounded and described as follows:

The highway named Washington street is hereby widened, on the westerly side, opposite Ruggles place, and ordered constructed.

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Mary E. Shiel, bounded:

Easterly by Washington street, one hundred thirty-five and 47-100 feet; southerly by land supposed to belong to McCarthy, 42-100 feet; westerly by the westerly line of Washington street as established under this order, one hundred thirty-five and 47-100 feet; and northerly by land hereinafter described as taken from owners unknown (passageway), one and 56-100 feet, containing one hundred and thirty-four square feet, more or less.

A parcel of land, owners unknown, being part of passageway, bounded:

Southerly by land hereinbefore described as taken from Shiel, one and 56-100 feet; westerly by the westerly line of Washington street as established under this order, twelve and 1-100 feet; northerly by land hereinafter described as taken from owners unknown, two and 89-100 feet; and easterly by Washington street, twelve and 4-100 feet, containing twenty-seven square feet, more or less.

A parcel of land, owners unknown, bounded:

Southerly by land hereinbefore described as taken from owners unknown (passageway), two and 89-100 feet; westerly by the westerly line of Washington street as established under this order, by two measurements, ninety-four and 8-100 feet and sixty and 53-100 feet on a curve of one hundred twenty and 83-100 feet radius; and easterly by Washington street, by three measurements, thirty-three and 83-100 feet, seventy-five and 93-100 feet and forty-eight and 10-100 feet and seventy-five and 93-100 feet, containing eight hundred and seventy-three square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said highway as hereby widened is bounded:

Easterly by the westerly line of said Washington street as it existed previous to this widening, by five measurements, thirty-three and 83-100 feet, forty-eight and 10-100 feet, seventy-five and 93-100 feet, twelve and 4-100 feet, and one hundred thirty-five and 47-100 feet; southerly by the southerly line of said Washington street as hereby widened, 42-100 feet, and westerly by the westerly line of said Washington street as hereby widened, by two measurements, two hundred forty-one and 56-100 feet and sixty and 53-100 feet on a curve of one hundred twenty

and 83 100 feet radius, containing ten hundred and thirty-four square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement, consisting of the widening and construction of Washington street, Dorchester district, as a highway, on the westerly side, opposite Ruggles place, under the order of the Board of Street Commissioners, in the amount hereinafter mentioned, and awards said amount therefor.

Mary E. Shiel, 134 square feet, grade ...	Amount. \$693 25
---	---------------------

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of May street, Roxbury district, as a highway, from Holborn street to Quincy street, with the name of Maybury street or some other distinctive name, bounded and described as follows:

A highway named Maybury street is hereby laid out, from Holborn street to Quincy street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for streets purposes is hereby taken, is bounded and described as follows:

Southwesterly by Holborn street, thirty-two and 85-100 feet; northwesterly by the northwesterly line of said Maybury street as hereby laid out, three hundred twenty and 8-100 feet; northeasterly by Quincy street, thirty-two and 19-100 feet, and southeasterly by the southeasterly line of said Maybury street as hereby laid out, three hundred nine and 16-100 feet.

Trees or structures standing upon or affixed to the afore described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Maybury street, as laid out under this order, from Holborn street to Quincy street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Maybury Street, Roxbury, Assessment Plan, July 11, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That during the period of roadway resurfacing, vehicles are excluded from West Milton street, between Hyde Park avenue and Prescott street, effective on November 9, 10 and 11, 1930.

Voted, That during the period of underground construction by the Charlestown Gas and Electric Company, vehicles are excluded from Chelsea street, between Bunker Hill street and Vine street, effective on Sunday, November 9, 1930, from 7 a. m. to midnight.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Gretter road, bounded:

Southerly by another part of Gretter road, ten feet; westerly by the same, by four measurements, seventy-one and 19-100 feet, sixty-one and 14-100 feet, three hundred fifty-six and 39-100 feet, and ninety and 85-100 feet; northerly by the same, ten feet; and easterly by the same by four measurements, eighty-nine and 15-100 feet, three hundred fifty-three and 61-100 feet, fifty-eight and 86-100 feet, and seventy feet, containing fifty-seven hundred and fifty-six square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Parmenter road, bounded:

Southerly by land hereinbefore described as taken from owners unknown (Gretter road), ten feet; westerly by another part of Parmenter road by two measurements, one hundred eighty-one and 31-100 feet and fifty-eight and 63-100 feet; northerly by the same, by two measurements, two hundred two and 19-100 feet and fifty-eight and 18-100 feet; easterly by the same, ten feet; southerly by the same by two measurements, fifty-five and 71-100 feet and one hundred ninety-seven and 82-100 feet; and again easterly by the same by two measurements, fifty and 69-100 feet and one hundred seventy-seven and 15-100 feet; containing forty-eight hundred ninety-nine square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Bullion road, bounded:

Northerly by land hereinbefore described as taken from owners unknown (Gretter road), ten feet; easterly by another part of Bullion road, seventy and 48-100 feet; northerly by the same, three hundred fourteen and 4-100 feet and fifty-five and 52-100 feet; easterly by land hereinafter described as taken from owners unknown (Buchanan road), eleven and 23-100 feet; southerly by another part of Bullion road by two measurements, sixty-one and 74-100 feet and three hundred nineteen and 73-100 feet, and westerly by the same, seventy-five and 7-100 feet, containing forty-four hundred and eighty-two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Buchanan road, bounded:

Westerly by land hereinbefore described as taken from owners unknown (Bullion

road), eleven and 23-100 feet; northerly by another part of Buchanan road by two measurements forty-three and 21-100 feet and one hundred seventy-nine and 65-100 feet; easterly by the same, ten and 3-100 feet, and southerly by the same by two measurements, one hundred eighty and 34-100 feet and thirty-nine and 54-100 feet, containing twenty-two hundred and fourteen square feet, more or less.

The sewerage works to be constructed are as follows: In Buchanan road, 220 linear feet of 12-inch pipe sanitary sewer and 220 linear feet of 24-inch pipe surface drain. In Bullion road, 453 linear feet of 12-inch pipe sanitary and 455 linear feet of 24-inch and 20-inch pipe surface drain. In Gretter road, 580 linear feet of 10-inch pipe sanitary sewer and 580 linear feet of 12-inch pipe surface drain. In Parmenter road, 500 linear feet of 10-inch pipe sanitary and 500 linear feet of 12-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southerly side of Gretter road, from Weld street to Buchanan road, excluding the lot at the corner of Weld street; the abutting lots of land on the northerly side of Gretter road, from Weld street to Parmenter road, and from Parmenter road easterly for a distance of approximately two hundred seventy-five feet, excluding the lot at the corner of Weld street; the abutting lots of land on both sides of the southerly branch of Parmenter road from Gretter road to Parmenter road; the abutting lots of land on the southerly side of Parmenter road from the southerly branch of Parmenter road easterly for a distance of approximately two hundred and eighty feet; abutting lots of land on both sides of Bullion road, from Gretter road to Buchanan road; and the abutting lots of land on both sides of Buchanan road, westerly from Morey road for a distance of approximately one hundred and eighty feet, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked, "City of Boston, Plan No. 989, Sewerage Works, Gretter Road, Parmenter Road, Bullion Road, Buchanan Road, West Roxbury, September 4, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 20, 1930

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.12 o'clock P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

June 30, 1930, on page 157, to provide that the appointment from the eligible list of Alice M. Boughtwood as industrial instructor, East Boston High School, to take effect Sept. 1, 1930, shall read "fifth year."

Sept. 15, 1930, on page 215, to provide that the appointment from the eligible list of Roland J. Godfrey as junior master, Public Latin School, to take effect Oct. 1, 1930, shall read "twelfth year, Nov. 3, 1930."

Sept. 15, 1930, on page 215, to provide that the appointment from the eligible list of Donald Dewart as junior master, eighth year, English High School, to take effect Oct. 1, 1930, shall read "Oct. 6, 1930."

Oct. 6, 1930, on page 232, to provide that the appointment from the eligible list of Robert R. Palson as senior instructor, Boston Trade School, to take effect Oct. 14, 1930, shall read "Oct. 20, 1930."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed, as amended.

ACCEPTANCE OF NEW BUILDINGS

Communications were received from the Superintendent of Construction, Department of School Buildings, under dates of Oct. 6 and 8, 1930, reporting the acceptance for occupancy of the following-named school buildings, to take effect on the dates indicated:

Harriet A. Baldwin School Addition, Sept. 11, 1930.

Margaret Fuller School Addition, Sept. 11, 1930.

Placed on file.

RESOLUTION ON DEATH OF JOHN A. CECONI, M. D.

The Superintendent reported the death of the following-named director:

Department of School Hygiene—John A. Ceconi, M. D., director, Sept. 21, 1930.

Placed on file.

The following was offered:

The School Committee records with deep regret the death on September 21, 1930, of John A. Ceconi, M. D., the late Director of School Hygiene.

Dr. Ceconi was born in Boston, June 25, 1881. He received his edu-

cation at the Public Latin School, Boston College, Holy Cross College and Tufts College Medical School. He served for seven years as Medical Inspector of the public schools and for ten years as Epidemiologist and Director of the Bureau of Communicable Diseases, Boston Health Department. He also served during the World War as Chief of Contagious Service at Camp Dix, N. J., with the rank of Captain, and while in active service was appointed to the rank of Major, Medical Corps, U. S. A.

He therefore came to the Department of School Hygiene in May, 1925, with exceptional equipment for the duties of that important position. Of a vibrant nature, he gave himself without reserve to the performance of his many tasks. Resourceful and progressive, he made many recommendations for the improvement of his department. Among his many achievements as Director of School Hygiene, may be included city-wide preventive campaigns against tuberculosis and diphtheria; also intensive surveys of crippled children and of cardiac cases.

The leadership of Dr. Ceconi was not confined to Boston; it became national. He was conspicuous in the councils of the Association of School Physicians of the American Public Health Association and was honored with the Presidency of the American Association of School Physicians. He commanded the respect and support of the medical profession and the confidence of his associates in the field of education.

RESOLVED, That the School Committee of the City of Boston records the great loss sustained by the entire school system in the death of Dr. Ceconi, places upon its records appreciation of his valued services, and directs that a copy of this testimonial be sent to the widow and the father of the deceased.

Adopted unanimously.

The following resolution, adopted at the Executive Committee meeting of the Boston Health League held on Sept. 25, 1930, was ordered spread upon the records:

Be it resolved that the Executive Committee of the Boston Health League express to the School Committee of the City of Boston its high appreciation of the work developed in the Boston School System by the late Dr. John A. Ceconi. The Boston Health League shares with the School Committee a sadness in the loss of Dr. Ceconi, and a hope that the work which he has so well established may be placed in such capable hands that it will develop to full fruition.

DEATHS.

The Superintendent reported the death of the following-named master emeritus:

Theodore Roosevelt Intermediate District—Herbert L. Morse, Oct. 4, 1930.

Placed on file.

The Superintendent also reported the death of the following-named teachers:

Bigelow District—Margaret E. Collins, master's assistant, Oct. 9, 1930.

Elihu Greenwood District—Susan D. Waldron, assistant, elementary, Oct. 9, 1930.

Gilbert Stuart District—Florence G. Bogrette, assistant, kindergarten, Oct. 18, 1930.

Department of Practice and Training—M. Ursula Magrath, first assistant director, Oct. 3, 1930.

Placed on file.

RESIGNATIONS

The following resignations reported by the Superintendent, to take effect on the dates stated were presented:

Edmund P. Tileston District—Kathryn A. Holland, assistant, elementary, Oct. 10, 1930.

Emerson District—Alice A. Costello, assistant, elementary, Oct. 17, 1930.

Everett District—Marie O. Day, assistant, elementary, Oct. 10, 1930. Accepted.

Bigelow District—Helen J. Middleton, clerical assistant, Oct. 10, 1930.

Accepted.

RETIREMENTS

The Superintendent reported the retirement from active service of the following-named member of the Boston Retirement System, to take effect Oct. 31, 1930, as certified by the Boston Retirement Board under date of Oct. 16, 1930:

Bowdoin-Wendell Phillips District—Martha E. Daniels, Oct. 31, 1930.

Placed on file.

The following order was offered:

ORDERED, That the following-named teacher is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Emily A. Fifield District—Agatha P. Razoux, length of service, 33 years, Aug. 31, 1930, \$600.

Passed, a majority of the Committee voting in the affirmative.

APPOINTMENTS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

Jamaica Plain High School—Mary M. Stavrinou, assistant, Nov. 5, 1930.

Boston Trade School—Thomas G. Eccles, senior instructor, second year, Nov. 5, 1930; Leo J. McCarthy, senior instructor, (from assistant, intermediate, Grover Cleveland Intermediate District), Nov. 5, 1930.

Department of Manual Arts—William F. Sheehan, shop foreman (from shop instructor), Nov. 5, 1930.

Laid over.

(BY PROMOTION)

Roger Wolcott District—Madeline C. Hayes, first assistant, kindergarten, two sessions (from assistant, kindergarten, Chapman District), Nov. 5, 1930.
Laid over.

(ASSISTANT, INTERMEDIATE)

Franklin District—Augusta S. Tavender, assistant, intermediate (from assistant, elementary), Nov. 5, 1930.
Laid over.

(TEACHER OF SEWING, INTERMEDIATE)

Department of Household Science and Arts—Kathryne Sasserno, teacher of sewing, intermediate (from teacher of sewing, elementary), Nov. 5, 1930.
Laid over.

CHANGE IN RANK OF TEACHER

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that, subject to the approval of the School Committee and at the request of the teacher, he has appointed Mary A. F. Malloy, teacher of sewing, intermediate, as teacher of sewing, elementary, Department of Household Science and Arts, to take effect Sept. 1, 1930.

Placed on file and the appointment approved under a suspension of the rules, to take effect on the date stated.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Charles A. Barbara, Daniel J. Donovan, Ethel J. Earle, Filomena Fuentes, Gerald R. Houghton, Louis Mazer, Martin Murray, Cyril D. Norton, Eugene J. Plociennick, Marion M. Shaughnessy, Paul J. Sullivan.

Day Intermediate Schools—Ruth B. Dowd, Blanche K. Downing, Mildred R. Ducey, Ethel J. Earle, Mary R. Hanning, Gerald R. Houghton, Eleanor M. Kiley, Alfred J. McCarthy.

Day Elementary Schools—Marie L. Burke, Helen M. Clair, Mary M. Cronin, Alice M. Cutcliffe, Mary A. Decareau, Catherine M. Fitzpatrick, Ann G. Halloran, Mary F. Horan, Lillian F. Horrigan, Anna M. Hurley, Catherine M. LaLiberte, Mary I. Lipner, Mary R. Mallard, Mary E. Mason, Catherine C. McGrath, Hanna V. McLaughlin, Catherine S. Morgan, Mary A. McNulty, Dorothy V. Morris, Marie I. Mullin, Mary J. Sullivan, Theresa M. Connolly.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence for rest was granted the following-named teacher for the term specified:

Martin District—Nellie G. Kelley, master's assistant, from Oct. 1, 1930, to Aug. 31, 1931, for rest.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teacher for the term specified:

Department of Household Science and Arts—Josephine M. Pieper, teacher of sewing, from Sept. 10, 1930, to Dec. 10, 1930, without pay.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that, subject to the approval of the School Committee, he has assigned Grace E. Hackett, assistant in manual arts, Department of Manual Arts, to The Teachers College of the City of Boston, said assignment to be for full-time from Sept. 15 to Oct. 3, 1930, inclusive, and for three-fifths time, to take effect Oct. 6, 1930, and to continue for the school year ending August 31, 1931 unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the dates stated.

On motion of the Superintendent, it was

ORDERED, That during the assignment of Grace E. Hackett, assistant in manual arts, Department of Manual Arts, to The Teachers College of the City of Boston, she be allowed compensation, in addition to the regular salary of her rank, at the rate of two hundred eighty-eight dollars (\$288) per annum.

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that, subject to the approval of the School Committee, he has assigned Julia R. O'Brien, master's assistant, Phillips Brooks District, to the Department of Practice and Training, to take effect Sept. 15, 1930, and to continue during the school year ending Aug. 31, 1931, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That there be allowed and paid to Julia R. O'Brien, master's assistant, Phillips Brooks District, during her assignment to the Department of Practice and Training, additional compensation at the rate of fifty cents (\$0.50) for each school day of service.

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that, subject to the approval of the School Committee, he has withdrawn the following designation of a teacher, as reported at the meeting of Oct. 6, 1930 (see p. 245):

Thomas Gardner District—Mary L. Murphy, assistant, elementary, as acting master's assistant, Sept. 1, 1930.

Placed on file and the designation withdrawn.

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, to take effect on the dates stated:

Dearborn District—Mary G. Finnegan, assistant, elementary, as acting master's assistant (vice H. Adelaide Sullivan, absent on leave), Sept. 22, 1930.

Dillaway District—Agnes A. Watson, assistant, elementary, as acting master's assistant (vice Annie E. Mahan, absent on leave), Oct. 14, 1930.

Martin District—Edith M. Holway, assistant, elementary, as acting master's assistant (vice Nellie G. Kelley, absent on leave), Oct. 1, 1930.

Roger Wolcott District—Marguerite C. Sullivan, assistant, kindergarten, two sessions, as acting first assistant, kindergarten, two sessions, Oct. 1, 1930.

Placed on file.

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTENS.

A communication was received from the Superintendent, under date of Oct. 20, 1930, reporting that he has terminated the services of the following-named teachers in the afternoon sessions of the kindergartens indicated, to take effect on the dates stated:

Eliot District—Grace A. E. McGowan, assistant, kindergarten, Oct. 10, 1930.

Theodore Lyman District—Gladys M. MacFaden, assistant, kindergarten, Oct. 10, 1930.

Approved.

ATTENDANTS, HORACE MANN SCHOOL

On motion of the Superintendent, it was

ORDERED, That the action of this Committee at its meeting on Sept. 15, 1930 (see p. 215) authorizing the re-employment of Mary E. Butler as attendant, Horace Mann School, for the purpose of accompanying pupils to and from school, compensation for such services to be at the rate of two dollars (\$2) for each day of actual service, is hereby rescinded.

On motion of the Superintendent, it was

ORDERED, That the re-employment of Mary E. Butler for the purpose of accompanying pupils to and from school and for service as lunch attendant in the Horace Mann School is hereby authorized; compensation for such service to be at the rate of three dollars and fifty cents (\$3.50) for each day of actual service, to take effect Sept. 11, 1930, and to continue for the school year ending Aug. 31, 1931.

EXTENSION OF SERVICE OF SCHOOL LUNCH ATTENDANT IN TRADE SCHOOL FOR GIRLS

On motion of the Superintendent, it was

ORDERED, That for the remainder of the current school year the Superintendent is hereby authorized in his discretion to employ the school lunch attendant in the Trade School for Girls for not to exceed three hours on each school day; compensation to be at the established rate of fifty cents (\$.50) per hour or fraction thereof.

EMPLOYMENT OF TEACHERS TO GIVE INSTRUMENTAL INSTRUCTION

The Superintendent offered the following two orders:

ORDERED, That during the school year 1930-31 the Superintendent is hereby authorized to employ not more than four regular high school teachers to give special instrumental instruction to high school pupils, after school hours, not to exceed two periods per week, compensation to be at the established rate.

ORDERED, That during the school year 1930-31 the Superintendent is hereby authorized to employ not more than fifteen regular day school teachers to give special instrumental instruction to day elementary and intermediate school pupils, after school hours, not to exceed two periods per week, compensation to be at the established rate.

Dr. Lyons asked if the children pay for this instruction in music, and the Superintendent replied in the affirmative. Dr. Lyons was glad to hear that the instruction is given after school hours.

The orders passed.

APPRENTICE COURSES BOSTON TRADE SCHOOL

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1931, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to continue the apprentice courses at the Boston Trade School for pupils over sixteen years of age, to be conducted on Saturdays throughout the school year, with sessions not to exceed four hours in length.

On motion of the Superintendent, it was

ORDERED, That the employment of not more than four instructors in the Saturday morning classes of the Boston Trade School is hereby authorized; compensation to be at the rate of four dollars (\$4) per session of two hours.

PAYMENT OF SALARY DUE JOHN A. CECONI, M. D.

On motion, it was

ORDERED, That the salary due the late John A. Ceconi, M. D., Director of School Hygiene, be paid to his widow, Louise E. Ceconi.

COMPENSATION OF SPECIAL ASSISTANT, VISUAL EDUCATION DEPARTMENT, THE TEACHERS COLLEGE.

On motion of the Superintendent, it was

ORDERED, That for the school year ending August 31, 1931, the rank of Special Assistant, Visual Education, The Teachers College of the City of Boston, is hereby established, the compensation for said rank to be as follows:

First year	\$4.00
Second year	4.50
Third and subsequent years ..	5.00

EMPLOYMENT OF ADDITIONAL TEMPORARY TEACHER AT HOSPITAL CLASS, LONG ISLAND.

On motion of the Superintendent, it was

ORDERED, That for the school year 1930-31, the employment of an additional temporary elementary assistant is hereby authorized for the hospital class at Long Island, in addition to the temporary elementary assistant and temporary kindergartner previously authorized.

ANNUAL STATISTICS

The Superintendent presented the Annual Statistics of the Boston Public Schools for the calendar year 1929 and school years 1929-30, being School Document No. 11, 1930.

Placed on file.

CERTIFICATION AND APPOINTMENT OF MATRON

A communication was received from the Secretary, under date of Oct. 20, 1930, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as matron:

Catherine C. McDonough, Mary B. F. Meade, Mary F. O'Dwyer.
Placed on file.

On motion of the Superintendent, Catherine C. McDonough, the candidate standing highest on the list, was appointed matron in the Hancock School, to take effect Oct. 27, 1930.

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of Oct. 20, 1930, submitting in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Mabel E. Adams, Principal, Horace Mann School, on her attendance at the Conference of Superintendents and Principals of American Schools for the Deaf, held at Colorado Springs, Sept. 29 to Oct. 3, 1930.

Placed on file.

EXTENSION OF CHRISTMAS VACATION

A communication was received from the Board of Superintendents, under date of Oct. 17, 1930, recommending that the 1930 Christmas vacation include Friday, January 2, 1931.

Placed on file.

The following was offered:

ORDERED, That the Christmas vacation period be extended to include Friday, Jan. 2, 1931.

Passed, under a suspension of the rules.

PUBLIC SCHOOL MEMBERSHIP

A communication was received from the Superintendent, under date of Oct. 20, 1930, submitting the following statement of the number of pupils belonging to the Boston public day schools, exclusive of the Continuation School, on Sept. 30, 1930, together with a com-

parative statement of the number belonging on Sept. 30, 1929, as follows:

The total number belonging in the Boston public day schools on Sept. 30, 1930, was 132,870 which is 1,352 more pupils than were enrolled in the schools on Sept. 30, 1929. The Teachers College of the City of Boston shows a decrease of 129 pupils; high and Latin, an increase of 1,379 pupils; in the ninth grade intermediate schools, there is an increase of 192 pupils; in grades I to VIII there is a decrease of 401 pupils; in the kindergartens there is a decrease of 15 pupils; and in the special schools an increase of 326 pupils. Were the figures of the ninth grade intermediate schools included in the membership of the day high schools, the high schools would show an increase of 1,571 pupils.

In the Continuation School the membership on Sept. 30, 1930, was 564 less than on Sept. 30, 1929. On Sept. 30, 1930, it was 2,795 as against 3,359 on Sept. 30, 1929.

In the Training School for Teachers of Mechanics Arts there was a membership of 22 pupils on Sept. 30, 1930.

A distribution of the increases in membership for 1929 and 1930 is shown by the following table:

INCREASES			
	1929	1930	
The Teachers College of the City of Boston	50*	129*

Placed on file.

Superintendent: I wish to state that the remarkable fact revealed here is that this year, in comparison to last year, there are 1,379 more pupils in traditional high schools and 192 more than last year in the ninth grade, which really means a total of 1,571 more in our high schools this year than there were last, and there were 1,200 more last year than the year before; so that instead of the high school peak being in sight, it is further away than it was a year ago. Here are enough pupils to fill a new high school on the increase over the preceding year, with the end not at all in sight.

Dr. Lyons: I think that is one of the very pertinent reasons for the construction of the Girls' High School in the near future.

Superintendent: It ought to be stated, I think, that there are today in our high schools the great number of 27,394 pupils, and if we include the ninth grade in the intermediate schools, we have a total of 31,743. I doubt if there is a community in the world that registers, proportionately, such a high number of pupils in upper grades.

TRANSFER OF APPROPRIATIONS

The following communication was received:

City of Boston—Department of School Buildings

Oct. 17, 1930.
 School Committee of the City of Boston,
 15 Beacon St.,
 Boston, Mass.

Gentlemen:

Under date of October 8th, 1930, a communication was received from the School Committee submitting a proposed transfer appropriation order as follows:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1926 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-class room addition to Thomas J. Kenny School....\$40,175.84

TO

Item 10, 1926—Francis Parkman District, West Roxbury (Henry Abrahams School): Land and construction of four-room unit of eight-room building, kindergarten and Grades I to III (Item 22, 1925). (To cover plans and construction and change to a five-room unit, kindergarten and Grades I to VI, of future eleven room building).....\$49,175.84

This proposed order having been submitted to us in accordance with the provisions of Chapter 351 of the Acts of 1929 for our report thereon.

We hereby notify you that at a meeting of the Board of Commissioners of School Buildings held on the 8th day of October, 1930, said order having been duly considered, it was voted to approve the same.

Relative to the following proposed transfer appropriation order, ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-classroom addition to Thomas J. Kenny School.....\$4,300.00

TO

Item 66, 1930—Francis Parkman District, Jamaica Plain: Land for addition to Edwin P. Seaver elementary school building.....\$4,300.00

received from the School Committee under date of October 8th, 1930, while the Board of Commissioners of School Buildings, having considered the same, are favorable to the transfer of the sum mentioned therein, they request the School Committee to redraft their proposed appropriation order, so that, instead of the same being for "land for addition to Edwin P. Seaver elementary school building," it shall read, to correspond to the exact fact in this instance, "for enlargement of the schoolyard in connection with the erection of an addition to the Edwin P. Seaver elementary school building."

With this amendment, the understanding of the Board being that the purpose of this order is to provide for the enlargement of the schoolyard, the Board of Commissioners of School Buildings reports favorably on this item.

Respectfully submitted,

Board of Commissioners of School Buildings,

By Richard J. Lane,
 Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1926 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-classroom addition to Thomas J. Kenny School....\$40,175.84

TO

Item 10, 1926—Francis Parkman District, West Roxbury (Henry Abrahams School): Land and construction of four-room unit of eight-room building, kindergarten and Grades I to III (Item 22, 1925). (To cover plans and construction and change to a five-room unit, kindergarten and Grades I to VI, of future eleven room building).....\$40,175.84

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.
 NAYS—0.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-classroom addition to Thomas J. Kenny School....\$4,300.00

TO

Item 66, 1930—Francis Parkman District, Jamaica Plain: Enlargement of the schoolyard in connection with the erection of an addition to the Edwin P. Seaver elementary school building.....\$4,300.00

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

ANNUAL REPORT OF THE BUSINESS MANAGER

The Annual Report of the Business Manager on the cost of public school education for the financial year 1929, being School Document No. 1, 1930, was presented.

The report of the Business Manager was accepted and was adopted as the financial report of the School Committee for the year 1929.

RETIREMENT OF A CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Oct. 20, 1930, reporting the retirement from active duty of Patrick F. Manning, custodian, George T. Angell School-house, to take effect Oct. 31, 1930.

Placed on file.

APPOINTMENTS TO PORTABLES

A communication was received from the Schoolhouse Custodian, under date of Oct. 20, 1930, recommending that the following-named custodians of school-houses be also appointed custodians of the portables designated, to take effect on the dates stated:

John H. Kelley, Jamaica Plain High Portable No. 229, Oct. 10, 1930.

Edward J. Peterson, Public Latin Portables Nos. 116, 121, 184 and 223, Sept. 12, 1930.

Herbert J. Kine, Bowditch Portable No. 220, Oct. 3, 1930.

Placed on file and the appointments approved, to take effect on the dates stated.

ELECTIONS, BOARD OF TRUSTEES, TEACHERS RETIREMENT FUND

The terms of Mr. Hurley and Mr. Reilly as members of the Board of Trustees of the Teachers Retirement Fund having expired, the School Committee proceeded to fill the vacancies.

The members as their names were called respectively stated that they voted to fill the first vacancy, as follows:

For JOSEPH J. HURLEY—Messrs. Gray, Lyons, Mrs. Pigeon and Mr. Reilly—4.

For FRANCIS C. GRAY—Mr. Hurley—1.

The members as their names were called respectively stated that they voted to fill the second vacancy as follows:

For WILLIAM ARTHUR REILLY—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon—4.

For FRANCIS C. GRAY—Mr. Reilly—1.

Mr. Hurley and Mr. Reilly were thereupon declared elected members of said Board for a term of two years ending October, 1932.

ADJOURNMENT.

The Board adjourned.
Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE.)

VISITOR AND GUARDIAN TO OLDER BOYS,
DEPARTMENT OF PUBLIC WELFARE,
DECEMBER 13, 1930.

Last day for filing applications, Saturday, December 6, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,920 a year; the maximum is \$2,400 a year.

Applicants must be not less than twenty-five nor more than forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Duties: To place and supervise boys over twelve years of age, to find suitable boarding homes, free homes, wage homes, educational opportunities and employment, and to guide boys until they are discharged; to visit the boys at least four times a year as guardian, and to attend court hearings on complaints involving neglect of children and complaints against boys for delinquency.

Qualifications: Education equivalent to high school graduation, and either one year's experience in social case work with a recognized agency, or a college degree or equivalent education.

Subjects and Weights: Training and experience, 4; practical questions, 3;

personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

BIOLOGIST AND STATISTICIAN, DEPARTMENT OF CONSERVATION, DECEMBER 13, 1930.

Last day for filing applications, Saturday, December 6, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: To assist Supervisor of Marine Fisheries in discharge of regular work; to act as biologist to this section; to compile statistical reports; to do research work on lobster, marine fisheries and shell fisheries.

Qualifications: Education equivalent to graduation from a college or recognized technical school.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Requirement of domicile in Massachusetts waived for this position.

INDUSTRIAL INSTRUCTOR IN WOOL SPINNING, DEPARTMENT OF CORRECTION, MASSACHUSETTS REFORMATORY, DECEMBER 13, 1930.

Last day for filing applications Saturday, December 6, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,800 a year; the maximum salary is \$2,160 a year.

Duties: To instruct prisoners in wool spinning. Applicants should thoroughly understand the mechanism of the mule spinning frame and be able to repair or to dismantle and erect such machines.

Qualifications: Education equivalent to graduation from grammar school.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-awakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

LEGAL HOLIDAYS.

As provided by the Revised Laws of Massachusetts, also by chapter 473, Acts of 1910, and chapter 104, General Acts of 1916 (ratified by the electorate on November 7, 1916), legal holidays on which the public offices shall be closed, include January 1, February 22, April 19, May 30, July 4, September (first Monday), October 12, Armistice Day (November 11), Thanksgiving Day (the last Thursday in November) and Christmas Day (December 25).

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

SETTLEMENT OF BOSTON, 1630.

Effectuated by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7, (O. S.), 1630. This date was moved forward by the new style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

NEW ORLEANS BUILDING THREE NEW INCINERATORS.

Three new incinerators to cost a total of \$700,000 are under construction at New Orleans and will add appreciably to that city's sanitation system. This will make a total of five plants where garbage can be readily disposed of. The plants, according to Commissioner of Public Property John Klorer, will be equipped in the most scientific manner with special provision for the prevention of any smoke nuisance.

The incinerators are conveniently distributed about the city, one of the new ones being almost ready for use. The one now nearing completion can handle 170 tons of garbage every 16 hours with no odor escaping, and its stacks are 125 feet high.

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

CHICAGO POLICE ALLOW SPEED ON SAFETY BASIS.

Traffic police in Chicago have been ordered to make a "sane application" of the law on speeding, determining the relation of an automobile's speed to the hazards it may create, according to "Chicago Commerce," published by the Association of Commerce of that city.

Such an interpretation of the law is new to Chicago, but is based on the experience of Michigan police and of those in other states where speed limits have been legally removed in favor of the enforcement of cautious driving.

"The Illinois statute," states Police Commissioner William F. Russell, "makes it illegal to drive at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person."

"The following types of fast driving are particularly dangerous and must be stopped:

"Cutting in and out of traffic at excessive speed.

"Excessive speed while approaching or passing pedestrians in the street.

"Excessive speed while approaching an intersection where the view of the other street is obstructed.

"Driving at high speed on a boulevard or through street in such a manner as to prevent other drivers from entering or crossing the same after they have made the legal stop.

"Driving at excessive speed while turning a corner where pedestrians are crossing.

"Driving at excessive speed at any time where an accident results, causing injury to any person or property."

AUTOMOBILE FATALITIES.

Automobile fatalities for the months of January and February of this year, as compared with last year, decreased considerably in the cities and increased considerably in the towns and country, as indicated by the Nation-wide reports received by the National Safety Council.

These reports show that the cities had six per cent fewer automobile deaths this year than last year; 61 of the 90 cities that reported showed declines, or no changes at all, as compared with a year ago. But the state-wide reports received during the same period showed an increase of 11 per cent in fatal automobile accidents. In the total, there were an estimated 4,240 motor vehicle deaths during January and February of this year, as compared with 4,220 such fatalities during the same two months of last year.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 4,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	\$5,139,000

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN NORTH MEAD STREET, WARD 2, FROM BUNKER HILL STREET 302 FEET NORTHEASTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in North Mead street, Ward 2, from Bunker Hill street 302 feet northeasterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of two thousand (2,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement in North Mead Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, November 24, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Nov. 15.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

ROXBURY.

Segel street, from Georgia street to Cheney street.

CHARLESTOWN.

North Mead street, northeasterly from Bunker Hill street about 302 feet.

DORCHESTER.

Ronan street (formerly Cornell street), southeasterly from Bellevue street about 365 feet.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Saturday, December 13, 1930, as after that time no permits for openings will be granted until two years after said highways are completed.

JOSEPH A. ROURKE,
(Nov. 15.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO THEATER EQUIPMENT CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to furnish and install stage equipment, etc., in the new Brighton High School, Warren and Nevins streets, Brighton, Mass., giving bond of a surety company satisfactory to the Superintendent of Construction in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m., of Monday, November 24, 1930, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, November 6, 1930.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of property, about six million square feet of land, in the West Roxbury and Hyde Park districts, lying in the vicinity of Stony Brook Reservation, Poplar street, West Roxbury, and West street, Hyde Park, for playground purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of November 25, 1930, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Nov. 8-15.) JOSEPH F. SULLIVAN,
Secretary.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING AUTOMATIC TRAFFIC CONTROL SIGNAL SYSTEM EQUIPMENT, UNIT TWO.

The Boston Traffic Commission of the City of Boston invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, for furnishing and installing automatic traffic control signal system equipment, Unit Two. A bond will be required for doing the work, of a surety company approved by the Commission, in the sum of one hundred (100) per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at the office of the Boston Traffic Commission, Room 602, 154 Berkeley street. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Furnishing and installing Automatic Traffic Control Signal System Equipment, Unit Two," and left at Room 602, 154 Berkeley street, before 12 o'clock noon of November 19, 1930, with a certified check for five (5) per cent of the amount of the bid, payable to and to become the property of the city if the proposal, after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The Commission reserves the right to reject any and all proposals or any part of any proposal.

JOSEPH A. CONRY,
(Oct. 25-Nov.-1-8-15.) Traffic Commissioner.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for the construction of two new driveways complete with sidewalks, parking spaces, drainage, loam beds and miscellaneous work at the Sanatorium Division on River street, Mattapan, for the Boston City Hospital, Boston, Mass., giving bond of a surety company satisfactory to the Board of Trustees therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Landscape Architect, Arthur A. Shurtleff, 11 Beacon street, Boston, Mass., signed by the bidder, and left before 12 o'clock m. of Tuesday, December 2, 1930, at the office of the Superintendent of the Boston City Hospital with a certified check for \$1,500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Landscape Architect, Arthur A. Shurtleff, 11 Beacon street, Boston, at 12 o'clock noon of Tuesday, November 18, 1930. A deposit of \$5 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,
President of the Board of Trustees,
(Nov. 15.) Boston City Hospital.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, NOVEMBER 22, 1930.

No. 47

OLD L STREET BATH HOUSE HAS BEEN COMPLETELY RAZED TO MAKE WAY FOR NEW STRUCTURE, WORK ON WHICH HAS BEEN STARTED — NEW BUILDING TO HAVE MANY NEW FEATURES — READY FOR USE BY MAY 15, 1931.

DRAWING GIVES VIEW, IN PERSPECTIVE, OF NEW L STREET BATH HOUSE BEING BUILT TO TAKE PLACE OF FAMOUS OLD SWIMMING PLACE IN SOUTH BOSTON.

Old L Street Bath House is no more. The entire structure has been razed during the past few weeks to prepare for the erection of the new bath house, planned and determined on by Mayor Curley as one of the features and lasting monuments to his third administration.

The new bath house will be completed by May 15, according to plans of the Park Department, and when the "Brownies" make their first visit in 1931, they will find themselves enjoying the comforts of one of the most up-to-the-minute bathing buildings in the entire country.

The contract, which was let to the Rugo Construction Company, 80 Boylston street, on October 15, calls for a bath house with aluminum windows, metal lockers and dressing compartments, and will be 1,000 feet long. The contract calls for the expenditure of \$397,600. This was the sum bid by the winners of the contract in competition. The building is to be constructed of brick and will contain a solarium 20 feet wide and 71 feet long. There will be two complete glass gable ends without doors.

The lockers in the building will be 15 inches wide and 12 inches deep. These will be of steel and there will be 3,221 of them. In addition to this, there will be 800 metal dress compartments. The building also will have salt and fresh water showers. That there may always be salt water for the showers, there will be a crib and filter bed 400 feet out from the building into the ocean from which this will be drawn.

Complementary to this work, the Mayor has directed the Park Commission to grade the shore from Columbus Circle to the Mosquito Fleet Yacht Club at the Strandway. This contract will include the necessary digging for studs, concrete walks, etc. The clamming areas will all be dug out, and it is estimated that the contract for the same will amount to between \$50,000 and \$60,000, all to be done by manual labor.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY ENJOYS 56TH BIRTHDAY — ENJOYING REST BY SOJOURN IN BERMUDA AND CARIBBEAN SEA VOYAGE.

Mayor Curley observed upon Thursday, 20th instant, his fifty-sixth birthday anniversary. He is enjoying a cruise in the West Indies upon the S.S. "Frankonia" of the Cunard Line, with his daughter Miss Mary Curley and City Treasurer Edmund L. Dolan, as special guests of the Cunard Line, Gerrit Fort, president, and Charles W. Merrill, manager, of the Raymond and Whitcomb Company.

Mayor Curley's party arrived at Hamilton, Bermuda, Thursday noon, and during their visit will receive special honors and entertainment arranged by Capt. Charles P. Pitt, representative of the Raymond Whitcomb Company at Hamilton.

Arrangements have been made for the Mayor to enjoy the famous golf course at Belmont Manor and to be received by the Acting Governor-General of Bermuda and by Mayor Bluck of Hamilton, to enjoy visits to the famous caves of Bermuda and drives by victoria throughout the island.

Mayor Curley and his party will receive a royal greeting at Bermuda as guests of the Raymond and Whitcomb Company. The Hotel Belmont Manor was specially decorated for a dinner tendered the Mayor Thursday evening, with especially fine decorations of flowers, candles and souvenirs for Mayor Curley, his party, and

guests of the hotel. A large birthday cake for Mayor Curley was the gift of the hotel.

Manager A. P. Thompson of the Belmont Manor was delighted to have Mayor Curley and his party as guests and arranged a most elaborate program of entertainment during the Bermuda stay.

The famous glass submarine boats were provided by President Fort and Manager Merrill of the Raymond and Whitcomb Company for the Mayor and his party to view the submarine formations under water, around the Island of Bermuda and flora of the island's waters. These boats provide that the guests may enjoy the wondrous under-water formations with perfect views for a depth of eighty feet.

Mayor Curley will sail from Hamilton, Bermuda, for Nassau, where he will be received by F. S. Rae, representative of the Raymond and Whitcomb Company on the noted island of the Bahamas, and he has arranged for a reception by the Governor-General of Nassau.

Upon departure from Nassau, Mayor Curley and his party will spend a few days in Havana, and Vice-President and Manager Gluffret of the Hotel Sevilla-Biltmore has arranged a most elaborate program of entertainment for the reception of Mayor Curley and his party.

Mayor Curley will meet President Gerardo Machado of Cuba at the Imperial Palace during his stay in Havana.

CONTRACT AMENDED.

Harry G. Happnie has been allowed to amend the contract for moving two portables at various schools by striking out the word and figures "November 12, 1930," on page 14, Article 4, and substituting therefor the word and figures, "November 26, 1930," so that the said Article 4, on page 14, shall read: "The contractor shall carry on the work with due diligence and dispatch, and shall bring the work to entire completion, as defined in the specifications, on or before November 26, 1930."

CLAIMS ALLOWED.

The Mayor, upon approval of the Corporation Counsel, has approved the following claims:

Utility Manufacturing and Sales Corporation, 262 Dover street, in the sum of \$2.25, as refund on fifteen unused ash tickets.

Phineas D. Beers, 43 Summer street, West Roxbury, in the sum of \$48, as compensation for damage to automobile by defective highway at 70 Child street, Hyde Park, February 24, 1930.

Michael J. Bresnahan, 136 Lowell street, Lexington, in the sum of \$9.25, as compensation for damage to automobile by defective highway, on the West Boston Bridge two hundred feet from Charles street, May 30, 1930.

Wentworth-Forman Company, 578 Washington street, in the sum of 75 cents, as refund on five unused ash tickets.

Herbert A. Brooks, care of Albert T. Lamotte, 10 State street, in the sum of \$82.34, as compensation for damage to property at 20 Lime street by break of water main, February 6, 1929.

Raffaele Iannaco, 153 Salem street, in the sum of \$15, as compensation for

damage to clothing by protruding piece of iron on gate on East Boston Ferry, April 21, 1929.

Charlotte Fieldhouse, 34 Sedgwick street, Jamaica Plain, in the sum of \$1.50, as refund on ten unused refuse tickets.

Aram Karaian, 881 Harrison avenue, in the sum of sixty cents, as refund on six unused ash tickets.

Carl A. Lindquist, 24 Westland avenue, in the sum of \$11.30, as compensation for damage to automobile by being struck by City of Boston truck, registration B84469, on Tremont street, near Bromfield street, May 12, 1930.

Mary I. Mitchell, 103 Rockdale street, Mattapan, in the sum of \$15, as compensation for damage to automobile by defective highway on Huntington avenue, in front of the Huntington School, January 15, 1930.

Cyril H. Malone, 24 Arlington street, Brighton, in the sum of \$8.25, as compensation for damage to automobile by defective highway on North Harvard street, near Bayard street, April 30, 1930.

Soo Sing, 1844 Dorchester avenue, in the sum of \$1.95, as refund on thirteen unused ash tickets.

Scaramelli & Co., 145 Fulton street, in the sum of \$21.15, as compensation for damage to automobile by defective highway on Prince street, at Salem street, February 14, 1930.

Louis H. Williams, 54 Ruthven street, Roxbury, in the sum of \$15, as compensation for damage to automobile by defective gates on Boston side of Chelsea Bridge, August 13, 1930.

Waldorf System, Incorporated, 169 High street, in the sum of \$12.90, as refund on eighty-seven unused ash tickets.

Joseph L. Mellins, 40 Chestnut street, Charlestown, in the sum of \$24, as refund of fee paid the Board of Street Commissioners for garage permit at 36 Chestnut street, Charlestown, and which was revoked by the State Fire Marshal.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, being part of the private way known as Arbella road, bounded:

Southerly by Gallivan Boulevard, six and 55-100 feet; westerly by another part of Arbella road, one hundred and ninety feet; northerly by the same, six feet, and easterly by the same, one hundred ninety-two and 64-100 feet, containing eleven hundred and forty-eight square feet, more or less.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the middle line of said Arbella road and lines drawn parallel with and three feet distant from said middle line, the owner of said portions, the number of the certificate of title and the book and page where the same are registered are as follows:

Hurley-Driscoll Building Company, Cert. No. 27579, Book 133, page 179.

The sewerage works to be constructed are as follows: 190 linear feet of 10-inch pipe sanitary sewer and 185 linear feet of 12-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board determines that the abutting parcels of land on both sides of Arbella road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels to the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 993, Sewerage Works, Arbella Road, Dorchester, October 10, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

NO FOOTBALL GAME FOR UNEMPLOYMENT.

Mayor Curley, on November 17, received the following report from Mr. William G. O'Hare, Penal Institutions Commissioner for the City of Boston:

In compliance with your request, Mr. John J. Shields and myself waited on President A. Lawrence Lowell of Harvard University, on Saturday evening, November 15, 1930, at approximately 7.30 p. m. President Lowell received us most cordially, and we told him of our mission, namely, to try to arrange a post-season game between Harvard College and Boston College, the proceeds of which game were to be used in the unemployment emergency.

President Lowell pointed out the fact that his boys would break training on the twenty-second of November, and that he felt that they should then settle down to the routine of college work. He could see no way clear to do anything along the suggested lines.

MAYOR CURLEY VETOES COUNCIL ORDER.

His Honor the Mayor, on November 18, forwarded the following communication to the City Council:

To the City Council.

GENTLEMEN,—I return herewith order adopted by your honorable body under date of November 10, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to place at work one thousand men for a temporary period of sixty days, to be engaged in cleaning the public streets and alleyways throughout the city."

Within the limitations imposed by law on the expenditures of the city and by the civil service rules on the employment of labor, every effort has been and is being made to employ as many men as possible on temporary work.

I am informed by the Public Works Commissioner that some time before the passage of the order a requisition was made for temporary laborers and that the present force with the addition of these temporary men will be sufficient to do all that is practicable on the kind of work described in the order.

It has been my purpose from the beginning of the year to refrain from devoting time or thought to the creation of single jobs for any individual, realizing that the seriousness of the situation made necessary the application of study to the development of such programs as would permit of the employment of large groups.

It is my purpose that this policy be adhered to since the promotion of the welfare of any single individual, or small group of individuals, would in no wise relieve a situation in which such large numbers are involved as in the present.

It would be most pleasing to me to comply with the wishes of the Council in the appointment of one thousand men, as outlined in the order, but my primary concern is the expenditure of public funds wisely so that sufficient may be available to later provide for the necessities of the needy and unfortunate who are entitled to precedence over all others.

Respectfully,

JAMES M. CURLEY, Mayor.

POLICE DEPARTMENT ORDER.

General Order No. 161.

The commissioner hereby directs that Patrolmen Edward L. Kirby of Division 19 and Daniel J. McDonald of Division 6, both attached to the Special Service Squad, be commended in General Orders for their attention and thoughtfulness of their duty in acquainting Patrolman Sylvester W. Murphy of Division 4 with the knowledge that there had been a murder in Division 3 and giving him the registration of the car wanted. It is gratifying to know that this spirit of initiative exists, which makes for an effective Police Department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

EXTRA WORK UNDER CONTRACT.

Dooley Brothers, Incorporated, have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Arborough road, etc., streets. Items ordered: Furnish and place cinders in roadway at northerly end of Arborough road as directed. Price to be paid: The sum of \$1 per cubic yard. Estimated cost of extra work, \$75.

J. C. Coleman & Sons Company have been directed to perform the following extra work under the contract for laying bitulithic pavement in Anawan avenue, from Belgrade avenue to Park street. Items ordered: Remove forms and loam already placed so as to construct full width artificial stone sidewalks where directed in Anawan avenue. Price to be paid: The sum of \$100. Estimated cost of extra work, \$100.

J. C. Coleman & Sons Company have been directed to perform the following extra work under the contract for laying bitulithic pavement in Anawan avenue, from Belgrade avenue to Park street. Items ordered: Omit artificial stone sidewalks with loam spaces and construct full width artificial stone sidewalks where directed in Anawan avenue. Price to be paid: The same as that bid for similar work in the contract. Estimated cost of omitted work, \$50; estimated cost of substituted work, \$165. Estimated cost of extra work, \$115.

A. G. Tomasello & Son, Incorporated, have been directed to perform the following extra work under the contract for laying bitulithic pavement in Frawley street, Mission street and Stockwell street. Items ordered: Furnish extra concrete for backing sidewalks in Stockwell street, from Frawley street to Wait street. Price to be paid: The sum of \$10 for each cubic yard of concrete furnished and placed. Estimated cost of extra work, \$300.

B. E. Grant Company has been directed to perform the following extra work under the contract for laying recut granite block pavement in Norfolk avenue, from Hampden street to East Cottage street. Items ordered: Omit Item 5 (f.) of contract (granite blocks recut and relaid on concrete base with cement grout joints) and substitute the relaying of granite blocks on concrete base with cement grout joints. Price to be paid: The same as that bid for Item 5 (f.) in the contract. Estimated cost of omitted work, \$7,049; estimated cost of substituted work, \$7,049. Estimated cost of extra work, None.

ITALIAN KING THANKS MAYOR FOR FELICITATIONS.

Mayor Curley is in receipt of the following communications:

REGIA AMBASCIATA D'ITALIA,
November 10, 1930.

MY DEAR MR. MAYOR,—His Majesty the King of Italy has directed me to express to you his keen appreciation and his best thanks for the very kind telegram of greetings you have sent him on the occasion of the dinner held in Boston on Columbus Day.

I accomplish this duty with the greatest pleasure, while I remain, my dear Mr. Mayor,

Yours very sincerely,

G. M. MARTINO,
Royal Italian Ambassador.

The Honorable James M. Curley,
Mayor of Boston,
Boston, Massachusetts.

CONSOLATO GENERALE,
DI S. M. IL RE D'ITALIA,
BOSTON, MASS., November 10, 1930.

MY DEAR MAYOR,—The Royal Ministry of Foreign Affairs has instructed me to transmit to your Honor the most cordial thanks of His Excellency Benito Mussolini for the kind telegram you sent him on the occasion of the Columbus Day.

I take this opportunity, my dear Mayor, to send you my best regards.

Yours very truly,

P. MARGOTTI,
Royal Consul-General of Italy.

Hon. Comm. James M. Curley,
Mayor of Boston,
City Hall,
Boston, Massachusetts.

CIVIL SERVICE EXAMINATIONS. (STATE.)

VISITOR AND GUARDIAN TO OLDER BOYS,
DEPARTMENT OF PUBLIC WELFARE,

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

BOSTON ENTERTAINS AND WELCOMES SEAN FRENCH AND BARRY M. EGAN, MEMBERS OF IRISH DAIL — MAJOR LYNCH ACTS AS HOST IN PLACE OF MAYOR CURLEY.

Councilor William G. Lynch, Acting Mayor, at a luncheon tendered Honorables Sean French and Barry M. Egan, members of the Irish Dail, by the City of Boston, at the Hotel Bradford, upon Thursday, November 20, at one o'clock, said:

It is a most proud and gracious honor for which we are assembled today to extend the greeting and tribute of the City of Boston, to two of the most distinguished citizens of Cork, Ireland, the Honorables Sean French and Barry M. Egan.

We welcome you as the representatives of one of the greatest historic cities of the world, Cork, founded in the seventh century by St. Finbar, the patron saint of Cork, and about whose famous monastery was laid the foundation of your beautiful city.

The history of the ages reveals no more heroic or saintly character than St. Finbar, and it is a fact that we of Irish birth and ancestry in the City of Boston, are deeply proud that one of our finest fraternal organizations bears the name of the Knights of St. Finbar, organized in Charlestown by men of Cork, whose members have given devoted, valiant, courageous service for the welfare and happiness of the Irish people in our beloved city.

St. Finbar, bishop, saint and patron of Cork, was born near Bandon, Ireland, about 550 and died at Cloyne, September 25, 623.

He carried the torch of the living God throughout Southern Ireland, and evangelized men and women who became leaders of the Catholic faith, and established an Irish school at Cork, which brought forth masters of Irish philosophy and devoted followers of the Cross.

It is a pleasure to learn that upon the site of the hermitage where St. Finbar piously dwelt at Cork, a beautiful replica of Cormac's Chapel has been erected, in tribute to his saintly life and character.

The blessing of St. Finbar extended to the people of Southern Ireland and his devotion to Catholicity marks one of the most beautiful tributes the world has known to both saintly and righteous living.

It is a pleasure to note that in every part of the world Irish history of this ancient time is becoming more and more the fascinating study of the men, women and children of our race.

No words that can be uttered in honored and deserved tribute to St. Finbar, patron saint of Cork, can adequately express an appreciation of the saintly life and character of this scholar, educated in the cloisters of Leinster and the son of a humble brass worker.

The monastic school, founded by St. Finbar in Cork, as well as the many churches and monastic schools which he organized and befriended, mark altars from which graduated many famous saints and scholars, and who, in their

devotion to Catholicity, became the subsequent founders of Catholic churches and schools throughout the south of Ireland.

The city of Cork has from time immemorial been known as the rebel city of Ireland, which turned back invasion, pillage and the attempted destruction of those sainted men and women who stood firm for representative Irish Government and the preservation of Catholic devotion and welfare.

The city of Cork stood firm in its adherence and support of Daniel O'Connell, the liberator of Catholic Ireland, who won the entire Irish nation to his cause, by a sacrifice and devotion unparalleled in modern history, as a leader of the Irish race.

The emancipation of Irish Catholics, under the leadership of O'Connell, was conceded in 1829, after a most bitter struggle, unprecedented in character and proved a lasting triumph for Irish religious liberty.

It was the city of Cork which stood resolutely behind Charles Stewart Parnell, the valiant leader of the Irish parliamentary movement, who labored for the independence of Ireland, as has perhaps no other man in the contemporary history of our race.

The people of Cork were vigorous sponsors of the movement of Michael Davitt to overthrow the power of Great Britain upon the land, to prevent agrarian crime, which transformed the entire Irish land system and secured fair rentals, a fixity of tenure and opportunity for sales.

From its early origin the people of Cork have maintained not only the deepest religious conviction, as instanced in the Roman Catholic Cathedral of St. Mary, the Church of St. Anne Shandon and the Father Mathew Memorial Church, but have contributed royally to the education of Ireland, by the University College founded in 1849, and the schools of science and agriculture.

I am firm in my belief and join in the conviction of Irish scholars of economics who believe that Ireland stands upon the threshold of a great commercial and industrial development, as is well illustrated in the improvements of the River Shannon and the use of other waterways for hydro-electrical developments.

We welcome you in this great city, which has an Irish Catholic population of 74 per cent of our municipality's people.

The reliant sons and daughters of our race stand resolutely behind the dawn of a better and brighter day for the people of Ireland.

We are advised that the mission of you gentlemen is in behalf of a great international exposition to be held at Cork in 1932, where will assemble valiant men and women of the Irish race, to once again express fealty to the land of their heart's blood and devotion.

We wish you Godspeed in your inspiring task.

MAYOR CURLEY RECEIVES LETTERS FROM LARGE FIRMS PROMISING AID ON UNEMPLOYMENT.

His Honor the Mayor, on November 15, received the following communication from A. D. Schulte, Vice President of Huyler's, 110 East 13th street, New York:

HONORABLE MAYOR,—Inclosed please find a copy of the letter that we have sent to the manager of our store in your city. We are indeed pleased to contribute to such a worthy cause.

Very truly yours,
A. D. SCHULTE, *Vice President.*

The following is a copy of communication referred to above:

MR. C. HATHAWAY, *Manager*, Huyler's, 146 Tremont Street, Boston.

DEAR MR. HATHAWAY,—On Thursday, November 20, all Huyler stores will donate 5 per cent of their sales to the unemployed. The president of the company will donate a like amount.

Checks will be mailed from this office and will be sent to the Mayor of your city, who will distribute the money. The president of your company will send his personal check to the Mayor of your city.

Within the next few days you will receive posters announcing the above-mentioned fact. Kindly display one of these posters in the center of your main window on Monday morning, November 17, and keep one of them on your window until the close of business Thursday night.

You will also receive small cards or stickers from the main office announcing this donation. Please see that all of your menus bear one of these on Thursday, November 20.

Thursday's business will extend from the opening to the closing of your store on that day. Tapes will be cut accordingly so that your business for the day will be accurately shown.

Very truly yours,
A. D. SCHULTE, *Vice President.*

His Honor the Mayor also received the following communication from Louis Goldvogel, Vice President of D. A. Schulte, Incorporated, 384 Broadway, New York:

DEAR MR. MAYOR,—Inclosed please find copy of the letter we have sent to the manager of our stores in your city. We are indeed pleased to contribute to such a worthy cause.

Very truly yours,
LOUIS GOLDVOGEL, *Vice President.*

The following is the letter referred to above:

On Thursday, November 20, the Schulte Company will donate 5 per cent of the day's receipts of its stores in your city to the unemployed of your city. In addition to this 5 per cent, our president, Mr. D. A. Schulte, will personally donate an equal amount. In other words, the donation will amount to 10 per cent of the day's receipts.

These donations will be forwarded by checks from New York to the Mayor of your city with the request that he turn over the funds to the local committee for the unemployed or to some other organization doing similar work.

D. A. SCHULTE, INC.
LOUIS GOLDVOGEL, *Vice President.*

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

The Baker Construction Company have been granted an extension of the time of completion of the contract for constructing artificial stone sidewalks in Brentwood street, Etna street, Waverly street and Portsmouth street (contract dated September 29, 1930), from November 15 to December 15.

John F. Shea & Co. have been granted an extension of the time of completion of the contract for constructing artificial

stone sidewalks in Newburg, Eliot, Readville, etc., streets (contract dated September 6, 1930), from November 1 to December 1.

AMERICAN FEDERATION OF LABOR EXPRESSES APPRECIATION OF BOSTON FOR HOSPITALITY DURING RECENT CONVENTION.

Mayor Curley, on November 15, received the following letter from William Green, President of the American Federation of Labor:

MY DEAR MAYOR CURLEY,—The officers and members in attendance at the Fiftieth Annual Convention of the American Federation of Labor, which was held in Boston, Mass., in the month of October, 1930, deeply appreciated the many courtesies and kindnesses extended them during their entire stay in the City of Boston. They expressed their gratitude and feeling of sincere appreciation through the adoption of a resolution. It affords me great pleasure to transmit to you a copy of the resolution adopted by the convention.

They particularly appreciated the very fine sentiments you expressed in your address of welcome and in the greetings you extended to the officers and delegates in attendance at the convention.

I am pleased to supplement the action of the convention by expressing to you my personal and official thanks for your kindness and courtesy.

Very truly yours,

WILLIAM GREEN,
President.

The following was unanimously adopted by the Fiftieth Annual Convention of the American Federation of Labor held in Boston, Mass., October 6-17, 1930:

Whereas, The delegates, officers and guests of the Fiftieth Annual Convention of the American Federation of Labor enjoyed a most hearty welcome at the hands of the organized labor movement, the people generally and the municipality of Boston and the Commonwealth of Massachusetts; and

Whereas, The trade unionists of Boston rendered untiring service to the convention throughout the sessions and provided for the entertainment and comfort of the delegates and visitors with most cordial hospitality and efficiency; therefore, be it

Resolved, That the convention, on behalf of the delegates and officers and their wives and other members of their families accompanying them, and also on behalf of all guests and visitors, tender most hearty thanks to the trade unionists and other citizens of the City of Boston and the Commonwealth of Massachusetts, and the following: Governor Frank G. Allen, Mayor James M. Curley, His Eminence William Cardinal O'Connell, Rev. J. I. Corrigan, S. J., Rev. P. H. Clifford, Rev. N. Broucher, Rev. George L. Paine, Nathan Sidd, President, Boston Central Labor Union; James T. Moriarty, President Massachusetts State Federation of Labor; Entertainment Committee, through P. Harry Jennings, Chairman; Margaret K. Connolly, Treasurer, and Harry P. Grages, Secretary.

Resolved, That we thank the clergy of Boston and vicinity with the same spirit of good will and cordiality which prompted them to extend the freedom of the pulpits to a large number of delegates and officers of the Federation, and that we also extend our thanks to the Press for the

courteous and generous manner in which they have given publicity to the proceedings of the convention.

Resolved, That the thanks of the convention be extended to Hon. Herbert Hoover, President of the United States, for the honor conferred upon this convention by his presence at and address to our convention.

Resolved, Too, that we thank all other distinguished visitors for their attendance and addresses to this convention.

APPROVES THE CENTRAL ARTERY PLAN.

Mayor Curley, on November 15, received the following communication from Mr. Sidney S. Conrad, President Retail Trade Board, Boston Chamber of Commerce:

The Governing Council at a special meeting two weeks ago unanimously indorsed the immediate construction of the new central artery designed by the City Planning Board, and also indorsed in principle the outline and the general report of the Planning Board.

I am writing to you in behalf of the Board to call your attention to this indorsement and to the necessity of early action in the matter. The construction of the central artery at this time would bring employment to large numbers and would give the city the relief from congested street traffic it has sought for years.

The City Board plan, with some modification, is practically the loop highway plan originally urged by you to which we gave our active support. Every leading authority since General Goethals, who looked into our situation, came to the same conclusion as Mr. Robert Whitten, namely, that we must have a new central artery in downtown Boston and a comprehensive city plan to take care of the future growth of Boston.

Your administration has shown what a progressive mayor can do in the way of civic improvements. We business men feel that in the project for a central highway you have by far the most important development in years. We sincerely hope you will get behind this with your characteristic energy and enthusiasm, and we shall do everything we can to aid you in making the city plan a reality.

May we count on your support?

Sincerely yours,

SIDNEY S. CONRAD,
President.

IRISH DELEGATES SEND BIRTHDAY GREETINGS TO MAYOR CURLEY.

The following cablegram was sent to Mayor James M. Curley by Messrs. Sean French and Barry M. Egan of Cork, Ireland, on a mission here in the interests of an international exposition to be held at Cork, Ireland, in 1932:

HON. JAMES M. CURLEY, Belmont Manor, Hamilton, Bermuda.

Birthday greetings, many happy days of prosperity to you and to Boston. Cork's best wishes.

SEAN FRENCH,
BARRY M. EGAN.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Kempton street, Roxbury, from Fenwood road to Huntington avenue, with division forces, without advertising, the estimated cost for labor and material being \$1,400.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BUILDING DEPARTMENT.

Upon November 15 the Mayor approved a contract with James W. Eaton to tear down the building at 41 Everett street, Ward 1. The following bids were received:

James W. Eaton, \$183; City Building Wrecking Company, \$190; American Building Wrecking Company, \$275; W. Perry, \$295; William Masterson, \$315.

PUBLIC BUILDINGS DEPARTMENT.

Upon November 15 the Mayor approved a contract with J. W. Praught Company for the installation of two univents at the Charlestown Courthouse. Bids, opened Wednesday, November 12, were as follows:

J. W. Praught Company, \$1,146; Acme Heating and Ventilating Company, \$1,155; F. W. Zemier Company, Incorporated, \$1,181; J. P. Dwyer Company, \$1,237; J. E. Hayes Company, \$1,254; W. A. Shepard Company, \$1,274; T. J. Duff & Co., \$1,286; Rideout, Chandler & Joyce, \$1,395; R. H. Baker & Co., Incorporated, \$1,407.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon November 17 the Mayor approved a contract with M. McGinnis for sheet asphalt pavement in Firth road, from Washington street to Florence street, West Roxbury. Bids, opened November 17, were as follows:

Sheet Asphalt.—J. McCourt Company, \$9,637.50; M. McGinnis Company, \$9,728.35; C. Capone, \$9,828.15; M. DeMatteo, \$9,834.05; C. Struzziery, \$9,835.90; A. G. Tomasello & Son, Incorporated, \$10,093.65; A. Singarella, \$10,448.40; B. Faletra, \$10,575.35; Cook Construction Company, \$10,708.50; J. A. Singarella, \$10,886.10.

Bitulithic.—M. McGinnis Company, \$9,892.85; C. Capone, \$9,945.65; M. DeMatteo, \$9,834.05; C. Struzziery, \$9,835.90; A. G. Tomasello & Son, Incorporated, \$10,211.15; A. Singarella, \$10,324.90; B. Faletra, \$10,578.35; Cook Construction Company, \$10,949.50; J. A. Singarella, \$10,886.10.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon November 13 the Mayor approved a contract with C. Russo for sewerage works for Sumner brook in Huntington avenue, between River street and Jefferson street, Hyde Park. Bids, opened November 6, were as follows:

A. Grande, \$10,974.30; Lawrence Construction Company, \$11,084; Zoppo & Civitarese, \$11,363.62; C. Russo, \$11,461; L. Balboni, \$12,214.50; N. Cibotti, \$12,237.50; M. DeSisto Company, \$13,791; A. Piatelli & Co., \$16,422.28.

Upon November 15 the Mayor approved a contract with John Williams for sewerage works in Wilrose street and Greenfield road, Dorchester. Bids, opened November 14, were as follows:

John Williams, \$5,780.50; L. Balboni, \$6,054; N. Cibotti, \$6,235; N. Sannella & Son, \$6,472.05; C. Struzziery, \$6,670; A. Piatelli & Co., \$6,723; J. Loconzollo, Jr., & Co., \$6,809.50; L. P. Federico &

Co., \$7,075; P. Guarino, \$7,292; M. DeSisto Company, \$7,519; Lawrence Construction Company, \$8,554.

SUPPLY DEPARTMENT.

Upon November 15 the Mayor approved a contract with Tim Manson Huckins Company for furnishing lumber (pine and spruce) to the Bridge Service. Bids, opened November 14, were as follows:

Hard pine lumber as per schedule herewith (13 pieces 4-inch by 4-inch by 20-foot pls; 12 pieces 3-inch by 7-inch by 24-foot ple; 2 pieces 3-inch by 12-inch by 18 feet; 22 pieces 3-inch by 12-inch by 24 feet; 12 pieces 6-inch by 6-inch by 24-foot pls; 2 pieces 6-inch by 12-inch by 14 feet; 2 pieces 6-inch by 12-inch by 16 feet; 4 pieces 6-inch by 12-inch by 18 feet; 2 pieces 6-inch by 12-inch by 20 feet; 61 pieces 6-inch by 12-inch by 22 feet; 5 pieces 6-inch by 12-inch by 24 feet; 1 piece 6-inch by 12-inch by 26 feet; 4 pieces 6-inch by 12-inch by 28 feet; 1 piece 6-inch by 12-inch by 29 feet; 1 piece 6-inch by 12-inch by 30 feet; 2 pieces 6-inch by 12-inch by 32 feet; 1 piece 8-inch by 12-inch by 18-foot ple; 1 piece 8-inch by 12-inch by 18 feet; 9 pieces 8-inch by 12-inch by 22-foot ple; 9 pieces 8-inch by 12-inch by 22 feet; 1 piece 8-inch by 12-inch by 24-foot ple; 1 piece 8-inch by 12-inch by 24 feet; 1 piece 8-inch by 12-inch by 32-foot ple; 1 piece 8-inch by 12-inch by 32 feet).—Tim Manson Huckins Company, \$1,375 for entire lot*; Downes Lumber Company, \$1,617.93 for entire lot.

Creosoted hard pine pls. (3,000 feet 2-inch by 8-inch by 7 feet 8 inches).—Tim Manson Huckins Company, \$64 per M. feet*; Downes Lumber Company, \$99 per M. feet.

Creosoted hard pine pls. (2,200 feet 4-inch by 8-inch by 14 feet; 2,000 feet 4-inch by 8-inch by 17 feet; 7,000 feet 4-inch by 8-inch by 16 feet).—Tim Manson Huckins Company, \$64 per M. feet*; Downes Lumber Company, \$99 per M. feet.

Spruce pls. (9,000 feet 4-inch by 8-inch by 16 feet; 2,000 feet 4-inch by 8-inch by 17 feet; 2,600 feet 4-inch by 8-inch by 14 feet).—Barney & Carey Company, \$43 per M. feet; Tim Manson Huckins Company, \$42 per M. feet*; Downes Lumber Company, \$47 per M. feet.

Total.—Barney & Carey Company, \$584.80, spruce only; Tim Manson Huckins Company, \$2,855*; Downes Lumber Company, \$3,662.93.

Cash Discount, Ten Days.—Barney & Carey Company, 1½ per cent; Tim Manson Huckins Company, 1 per cent; Downes Lumber Company, 1½ per cent.

*Contract awarded.

Upon November 17 the Mayor approved a contract with Leopold Morse Company for furnishing men's clothing to the inmates at the Long Island Hospital. Bids, opened November 10, were as follows:

190 Three-piece Men's Suits.—Bond Stores, Incorporated, \$14 per suit; Donohue & Riordan, \$16.75 per suit; Goldman & Waite, Incorporated, \$12.50 per suit; A. I. Meyer, No. 1, \$9.50 per suit; No. 2, \$10.50 per suit; No. 3, \$12.75 per suit; S. A. & H. Myers, \$12 per suit; John J. Sawtelle, No. 1, \$15.50 per suit; No. 2, \$10 per suit; No. 3, \$12.50 per suit; No. 4, \$12.50 per suit; Leopold Morse Company, \$12.50 per suit*; Day's, Incorporated, size 38 to 40, \$12.15 per suit; size 42, 44, 46, \$13.25 per suit.

10 Extra Coats and Vests, Size 48.—Bond Stores, Incorporated, \$10.25 per coat and vest; Donohue & Riordan, \$12 per coat and vest; Goldman & Waite, Incorporated, \$9.75 per coat and vest; A. I. Meyer, No. 1, \$7.50 per coat and vest; No. 2, \$8.50 per coat and vest; No. 3, \$10.75 per coat and vest; S. A. & H. Myers, \$9 per coat and vest; Leopold Morse Company, \$12.50 per coat and vest*; Day's, Incorporated, \$10 per coat and vest.

100 Pairs Extra Pants.—Bond Stores, Incorporated, \$3.75 per pair; Donohue & Riordan, \$4.85 per pair; Goldman & Waite, Incorporated, \$3.90 per pair; A. I. Meyer, No. 1, \$2 per pair; No. 2, \$2 and \$2.50 per pair; No. 3, \$2 and \$2.50 per pair; S. A. & H. Myers, \$3.50 per pair; John J. Sawtelle, No. 9097, \$3.75 per pair; No. 9011, \$2.65 per pair; No. 9012, \$2.65 per pair; No. 9013, \$2.65 per pair; No. 7229, \$2.87½ per pair; No. 1500, \$3.12½ per pair; No. 2581, \$2.75 per pair; No. 2458, \$3 per pair; No. 1334, \$3.12½ per pair; No. 1927, \$3 per pair; No. 2267, \$4.25 per pair; No. 2266, \$4.25 per pair; No. 858, \$4.37½ per pair; No. 1885, \$3.12½ per pair; No. A15, \$3.75 per pair; 20-ounce, \$3.25 per pair; 24-ounce, \$3.60 per pair; Leopold Morse Company, \$2.60 per pair*; Day's, Incorporated, \$3.75 per pair.

Cash Discount, Ten Days.—Donohue & Riordan, one half of 1 per cent; Goldman & Waite, Incorporated, 2 per cent (no cash discount in Supply Department copy of bid); Leopold Morse Company, one half of 1 per cent.

*Contract awarded.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with department forces without advertising; additions to and deductions from contracts.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon varying dates as indicated the Mayor approved contracts with concerns for work as shown in the following communications. Communications from Joseph A. Rourke of the Public Works Department were as follows:

Boston, November 12, 1930.

To the Mayor of Boston.

Your permission is requested to the award of a contract, without advertising, to Pompeo Silverii, for approximately \$10,000, for artificial stone sidewalks in the West End district.

This contractor has just completed the substitution of concrete for brick sidewalks in the entire North End and has done a satisfactory job expeditiously, and we think he should be continued on this necessary work as long as the weather permits and at the unit prices bid in the contract for this work in Ward 3 approved by your Honor on October 2, 1930.

Yours very truly,

JOSEPH A. ROURKE,
Commissioner of Public Works.

Boston, November 13, 1930.

To the Mayor of Boston.

Your permission is requested to the award of a contract, without advertising, to A. G. Tomasello & Son, Incorporated, for paving Winship street, Brighton, with sheet asphalt pavement on concrete base, at a total estimated cost of \$22,000, the unit prices to be the same as those in this

firm's contract for sheet asphalt pavement in Massachusetts avenue, Falmouth street and Walnut avenue.

This street was recently put in the underground district and all such work has now been completed, and as there are at present granolithic sidewalks on both sides, it looks as though we could complete the street this year if this permission is granted, as advertising would throw it into next season.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 14, 1930.

To the Mayor of Boston.

Your permission is requested to the award of a contract, without advertising, to Samuel J. Tomasello for bitulithic pavement in Donnybrook road, Brighton, from Faneuil street to Hobson street, at an approximate cost of \$14,000, the unit prices to be the same as those in the contract now being completed by this contractor for Rogers Park avenue and South Hobart street in this immediate vicinity, with the exception of an increase from \$50 to \$150 for the removal of three trees.

The winter is closing in, and this method is necessary in order that the street be finished this year and the unemployment situation relieved by the amount of labor involved.

Yours very truly,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 15, 1930.

To the Mayor of Boston:

Your permission is requested to the award of a contract, without advertising, to M. F. Gaddis for sheet asphalt pavement in Parker street, Roxbury, from Huntington avenue to Conant street, at an estimated cost of \$37,000, based on the unit prices of this contractor's job in East Eighth and East Third streets, South Boston, with an additional item of 300 cubic yards of filling at the agreed-upon price of \$1 per yard, and the provision that granite blocks which can be recut the contractor agrees to haul to the Massachusetts avenue lot, all other blocks to be disposed of by the contractor.

Parker street now has a poor granite block pavement, with no base, a part of which has a skin top of asphalt and bitulithic, and the whole street is in very poor shape. We think this street can be finished this year if this award is made without advertising, which will help unemployment, as the time required for advertising and preparing a contract would, in all probability, bring it into severe weather when construction work must stop.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 17, 1930.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to Samuel J. Tomasello for the construction of Westmoreland street, Dorchester, with Warrenite bitulithic pavement, at a total approximate cost of \$5,000. This contractor now has a contract for constructing Clematis and Lafield streets, Dorchester, and by including Westmoreland street its com-

pletion this year will be probable, which would be impossible were it advertised for bids. The unit prices are to be identical with those in the Clematis and Lafield streets contract.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 17, 1930.

To the Mayor of Boston.

Your approval is requested to the award of a contract, without advertising, to A. Singarella for repaving Central avenue, Dorchester, from River street to the bridge, and Washington street, Dorchester, from the end of River street to Pierce square, with Warrenite bitulithic, at a total cost of approximately \$13,000 and at the unit prices in the existing contract on River street now being completed by this contractor. This new work is immediately contiguous and necessary to establish a through traffic artery for River street and for the accommodation of people using the Central avenue station of the Dorchester Rapid Transit. Advertising this work would so delay it as to make its completion this year doubtful, and it will also relieve the unemployment situation.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 17, 1930.

To the Mayor of Boston;

Your permission is requested to the award of a contract, without advertising, to C. Repucci & Co. for granite block pavement on concrete base in E street, from Summer street to Fargo street, and Fargo street, from D street to Summer street, South Boston, at a total estimated cost of \$17,000, and at the unit prices in the contract for E street, from Fargo street 864 feet southwesterly, now being prosecuted by this contractor.

Agreed-upon prices for work not included in the existing contract are as follows: 25 cents per yard for barring out and hauling granite blocks; \$1.40 per yard for granite blocks relaid, cement grout joints; 30 cents per yard for 1,000 square yards substituted quick-setting cement for ordinary Portland cement.

This award is necessary in order that the street may be completed this year, and delay in awarding an advertised contract would carry it over until next year; and in addition, in our opinion, there would be little or nothing saved on the prices in a new proposal, and the unemployment situation would be helped out by putting the additional men required immediately to work.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, November 17, 1930.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to B. Faletra for the construction of St. Edward road, East Boston, with Warrenite bitulithic pavement, at a total approximate cost of \$12,500. This contractor is now working on Lillian and Teregram streets, East Boston, and awarding this street to him will facilitate its completion this year, put more men to work earlier, and help the unemploy-

ment situation. The unit prices to be paid for the St. Edward road work are to be identical with those for Lillian and Teregram streets.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon varying dates as indicated the Mayor approved contract with various concerns and firms for furnishing supplies as indicated in the following communications received from Philip A. Chapman of the Supply Department:

BOSTON, November 7, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to T. H. McVey to furnish the following to the Paving Service:

Approximately 40,000 linear feet straight edgestone at \$0.95, \$38,000; approximately 1,500 small corners at \$4, \$6,000. Total, \$44,000.

Under date of March 10, 1930, proposals were publicly opened and read for furnishing edgestone to the Paving Service. The lowest bidder was T. H. McVey, and he has agreed to accept the same prices for this new contract, namely, 95 cents per lineal foot on straight edgestone and \$4 each on the small corners.

The Commissioner of Public Works has notified this department that due to the extraordinary amount of work requiring new edgestone at the close of the season, and because of the impossibility of foreseeing how much work he would have to do for the Street Commissioners, he is obliged to ask for this extra amount of edgestone.

As T. H. McVey, the present contractor, has the facilities to continue furnishing this edgestone without delay, I respectfully request that the permission asked for be granted.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, November 12, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the H. E. Fletcher Company to furnish the Paving Service, Public Works Department, straight edgestone at the price quoted by the H. E. Fletcher Company on the publicly advertised bid of March 10, 1930, namely, \$1.08 per lineal foot. The approximate amount of the contract will be \$7,000.

The demand for deliveries of straight edgestone under the present contract with T. H. McVey has been so great that he has been unable to make prompt deliveries, and in order that the work now under progress by the Paving Service may be completed without delay it is absolutely necessary that this emergency order be placed at once.

In view of the above, and the fact that H. E. Fletcher Company can make immediate deliveries, I respectfully request that the permission asked for be granted.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Boston, November 12, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Boston Elevated Railway to furnish the Bridge Service the following:

Approximately 1,180 linear feet 85 pounds tee rail, height, $5\frac{3}{8}$ inches; head, $2\frac{1}{8}$ inches wide; base $5\frac{3}{8}$ inches in lengths as follows: 14 rails 67 feet long; 2 rails 121 feet long, with plates and bolts for joints delivered at a total price of \$1,107.86.

This is an emergency order for use on the Summer Street Bridge over the Reserved channel. As it is necessary to complete the work at the earliest possible moment, I respectfully request that the permission asked for above be granted.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Boston, November 15, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to Warren E. Collins, Incorporated, 555 Huntington avenue, Boston to deliver to the Boston City Hospital the following:

One Drinker respirator, delivered at a price of \$2,000.

The Drinker respirator is an apparatus for the administration of artificial respiration in infantile paralysis, carbon monoxide poisoning, drug poisoning, etc., and is needed as equipment for the new Medical Pavilion Building at the Boston City Hospital.

Warren E. Collins, Incorporated, are the exclusive manufacturers of this apparatus, and no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Boston, November 15, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Gibby Foundry Company to deliver to the Sewer Division the following:

Four 6-foot by 7-foot 6-inch tide gates and fittings as per plan at \$500 each, \$2,000.

As the Gibby Foundry are in possession of the patents covering the manufacture of these tide gates, no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Boston, November 15, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Montrose Nurseries, Wakefield, Mass., to furnish the Park Department the following:

Thirty-three bay trees at \$75 each, \$2,475; 100 hybrid rhododendrons at \$7.50 each, \$750; four box plants in pyramids and standards, \$60. Total, \$3,285.

The chairman of the Park Department has made an inspection of the above

trees and plants, and is of the opinion that they are a particularly good purchase at the prices quoted.

I am attaching herewith a letter of recommendation from the chairman of the Park Department.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Boston, November 17, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Good Roads Machinery Company to deliver to the Water Service the following:

Twenty Champion blade plows, Model 10D, delivered at a price each of \$280 at 5 per cent, \$5,320; two Champion blade plows, Model 22, delivered at a price each of \$290 at 5 per cent, \$551. Total, \$5,871.

As the Good Roads Machinery Company are the direct agents of the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON TRAFFIC COMMISSION.

Upon varying dates as indicated the Mayor approved contracts with firms for work as shown in the following communications from Joseph A. Conry of the Traffic Commission.

Boston, November 5, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On March 21, 1930, this commission voted to authorize the Automatic Signal Corporation of New Haven, Conn., to install on sixty days' trial traffic signals at the intersection of Brookline avenue and Riverway.

This commission further agreed that it would pay the sum of \$4,730 for said signals if they proved to be satisfactory after said trial period.

On July 16, 1930, this commission voted, subject to your approval, to accept the signals and pay the amount of \$4,730 therefor. Since the Automatic Signal Corporation is the sole manufacturer of this type of signal, it is the opinion of this commission that no benefit would accrue from publicly advertising.

Your approval is hereby requested to pay this amount of four thousand seven hundred thirty (\$4,730) dollars in accordance with the agreement entered into on March 21, 1930, without advertising.

Respectfully yours,

JOSEPH A. CONRY,
Chairman.

Boston, November 6, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—This commission has voted, subject to your approval, to enter into an agreement with the Edison Electric Illuminating Company of Boston, to construct underground conduit and cable to supply service for automatic traffic signals at the following intersections, at a cost not to exceed the following amounts:

St. Alphonsus street and Tremont street, \$1,329; Adams street and Dorchester avenue, \$1,671; Hyde Park avenue and River street, \$1,860; Adams street, Gallivan Boulevard and Granite

avenue, \$1,640; Brookline avenue and Longwood avenue, \$940; Curtis street and Saratoga street, \$774.

Since the Edison Company is the only person authorized to do this work, no benefit would accrue by publicly advertising the same. We respectfully request your permission to enter into this agreement without publicly advertising.

Respectfully yours,

JOSEPH A. CONRY,
Chairman.

MAYOR ACCEPTS OFFERS.

The generous tender made by the Huyler Company and D. A. Shulte, Inc., of donating 5 per cent of the proceeds of their business upon Thursday, November 20, together with an additional 5 per cent to be contributed by the president of each company, to the relief of unemployment, has been this day accepted by me and I have requested that it be forwarded to the treasurer of the Public Welfare Department for the City of Boston, Mr. James P. Maloney, at 43 Hawkins street, Boston.

It is a source of great regret that I find it necessary to depart from the policy in operation to the present time, namely, of refusing all donations and notifying the donors to forward such contributions as they might see fit to make to the various charitable organizations in Boston.

The political capitalization of the unemployment situation by publicity seekers in the City Council and elsewhere has resulted in increasing the demands on the Public Welfare Department to the extent that it will probably be necessary to expend nearly a million dollars for the remaining two months of the fiscal year.

It is my purpose that no needy individual or family shall be deprived of the aid necessary for sustenance and provided the business houses of Boston would reinstate some of the employees whom they have suspended, even though it were necessary to institute a stagger system, or provided that every property owner would at once institute the repairs and improvements that might be necessary within the next two years, certain relief would result.

In the meantime, regardless of what any individual may do, the duty of the municipality is clear, namely, to provide for the needy, and this I propose shall be done. It is possible to do it in an equitable manner, provided more business houses throughout the city adopt the policy recently inaugurated by the First National Stores, Sears, Roebuck & Co., the United Cigar Stores Company, and now by the Shulte Company, and the Huyler Company, namely, forward a percentage of their receipts at once to the Public Welfare Department of the City of Boston.

JAMES M. CURLEY, *Mayor.*

I have notified the Public Welfare Department that any funds received from outside sources be utilized for the providing of immediate relief to emergency cases as presented.

JAMES M. CURLEY, *Mayor.*

FORD SHIPS ANOTHER AIRPLANE VIA BOSTON.

His Honor the Mayor was, on November 14, advised by the Park Commissioner that the Ford Motor Company has shipped another tri-motor plane to the airport at East Boston for disassembling, and which will be shipped abroad this week. This makes the third which has been received during the past month, and seven more are to follow.

BUILDING PERMITS ISSUED NOVEMBER 13 TO NOVEMBER 19.

LAND-TAKING IN ROSLINDALE.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Roslindale avenue, northeasterly, from Dudley avenue over a part of Amherst street, bounded and described as follows:

An extension of the highway named Roslindale avenue is hereby laid out, from Dudley avenue northeasterly for a distance of approximately eight hundred and eleven feet, and ordered constructed, over and including the private way known as Amherst street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Dudley avenue, thirty-five and 20-100 feet; northwesterly by the northwesterly line of said extension of said Roslindale avenue as hereby laid out, seven hundred ninety-eight and 51-100 feet; northeasterly by the northeasterly line of said extension of said Roslindale avenue as hereby laid out, by two measurements, twenty-four and 95-100 feet and fifteen and 51-100 feet; and southeasterly by the southeasterly line of said extension of said Roslindale avenue as hereby laid out, eight hundred twenty-two and 50-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly, northeasterly and southeasterly sides of said extension of Roslindale avenue as laid out under this order, from Dudley avenue northeasterly for a distance of approximately eight hundred and eleven feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Roslindale Avenue, West Roxbury, Assessment Plan, September 4, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Roslindale avenue, West Roxbury district, as a highway, from Dudley avenue northeasterly for a distance of approximately 811 feet (formerly Amherst street), under the order of the Board, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Althea street, Dorchester district, as a highway, from Centre street to Whitten street, bounded and described as follows:

A highway named Althea street is hereby laid out, from Centre street to Whitten street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Centre street, forty and 2-100 feet; easterly by the easterly line of said Althea street as hereby laid out, two hundred ninety-five and 20-100 feet; southerly by Whitten street, forty feet, and westerly by the westerly line of said Althea street as hereby laid out, two hundred ninety-four and 5-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Althea street, from Centre street to Whitten street, and the lot of land supposed to belong to George N. Douse, and designated as Lot 2A on the plan herein-after mentioned, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Althea Street, Dorchester, Assessment Plan, September 18, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TRAFFIC COMMISSION RULINGS.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 19, 1930, as follows:

During the period of subway construction, parking of vehicles is prohibited in Commonwealth avenue, south roadway, south side, from Brookline avenue to Kenmore street.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 14, 1930, as follows:

During the period of building construction, estimated to be six (6) months, parking of vehicles is prohibited in Nassau street, both sides, from Ash street to Harrison avenue.

Voted, That during the period of photography work by the Commercial, Industrial and Publicity Bureau of the City of Boston, for a period of ten (10) minutes, between the hours of 10 a. m. and 10.30 a. m. on November 18, 1930, or the next clear day, vehicles are excluded from the following streets:

Huntington Avenue:
From Clarendon street to Dartmouth street.

Boylston Street:
From Clarendon street to Dartmouth street.

Dartmouth Street:
From Boylston street to Huntington Avenue.

St. James Avenue:
From Trinity place to Huntington avenue.

Trinity Place:
From St. James avenue to Huntington avenue.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 20, 1930, as follows:

During the period of sewer construction, estimated to be two (2) weeks, the following rules are effective:

North Harvard street is a one-way street, from Franklin street to Western avenue, with parking of vehicles prohibited in both sides.

Riverdale street is a one-way street, from Western avenue to Raymond street.

Raymond street is a one-way street, from Riverdale street to Franklin street, with parking of vehicles prohibited in both sides.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 19, 1930, as follows:

During the period of roadway resurfacing, estimated to be five (5) months, vehicles are excluded from Morton street, between Gallivan Boulevard and Druid street.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 19, 1930, as follows:

During the period of sewer construction, estimated to be thirty (30) days, vehicles are excluded from Rockland street, between Schiller road and Washington street.

ADDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 7, 1930, determining damages caused by the making of the public improvement, consisting of widening, etc., of Summer and L streets, be, and the same hereby is, amended, by striking from said order the amount of \$1,000 awarded to Esther L. McGrann in said order and inserting in place thereof the amount \$1,750; that the amount of \$1,750 be, and the same hereby is, awarded to Esther L. McGrann for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 22, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Vale street be, and the same hereby is, amended, by adding to said order the amount of \$50 as an award to Eugene Rossi; that the amount of \$50 be, and the same hereby is, awarded to Eugene Rossi for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 29, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Harriet street be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to Florence and Annie M. McCarthy; that the amount \$25 be, and the same hereby is, awarded to Florence and Annie M. McCarthy for the damages so sustained.

PROCEEDINGS OF CITY COUNCIL.

Wednesday, November 5, 1930.

Special meeting of the City Council of the City of Boston, held in the City Council Chamber, City Hall, at one o'clock p. m., President LYNCH in the chair and a quorum present.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 10, 1930.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair. Absent, Coun. Mahoney.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted appointments for the term ending April 30, 1931, viz.:

Constable: Michael J. Duggan, 83 Waltham street, Boston.

Weighers of Coal: Eva Rabinovitz, 80 Whittier street, Roxbury; Catherine M. Whitney, 432 Washington street, Dorchester; Bertha Karas, Ruggles street, Roxbury; Helen M. Hamilton, 51 Sawyer avenue, Dorchester.

Weighers of Goods: Robert P. Ochs, 131 Robbins street, Mattapan; James A. McIntosh, 10 Essex road, Mattapan; Charles V. Hurly, 312 Congress street, Boston.

Severally laid over for a week under the rule.

GRANOLITHIC SIDEWALKS—VETO.

The following was received:

City of Boston,
Office of the Mayor, November 3, 1930.
To the City Council.

Gentlemen,—I return herewith, without my signature, the order passed by your honorable body making a loan of \$50,000 for granolithic sidewalks.

It does not seem wise to further reduce the borrowing capacity of the city at the present time as it may be necessary, unless conditions materially improve, to make an emergency loan for Public Welfare Department and Soldiers' Relief Department.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

SALE OF POLICE BOAT "GUARDIAN."

The following was received:

City of Boston,
Office of the Mayor, November 10, 1930.
To the City Council.

Gentlemen,—Several attempts have been made without success, to sell at public auction the police boat "Guardian," which has been condemned by the United States Steamboat Inspectors. The upset price has been submitted at \$7,000; \$3,500; \$1,000 and no bids have been received at these prices.

I recommend the passage of the accompanying order for the sale of this boat at an upset price of \$700.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Police Commissioner be, and hereby is, authorized to sell at public auction the police boat "Guardian," at an upset price of \$700. Referred to the Executive Committee.

APPROPRIATION FOR PRINTING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, November 10, 1930.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Superintendent of Printing in which he requests an additional appropriation of \$40,000 from the income of his department.

This additional appropriation is required because of extra work performed by the Printing Department this year; partly on account of the Tercentenary Celebration and partly on account of extra work required by the School and other departments in the city.

I submit herewith an appropriation order for the desired amount and respectfully recommend adoption of this order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Printing Department, November 7, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—On account of extraordinary expenses far in excess of previous years, caused by extra work for the Tercentenary and for the printing of special publications, I would respectfully request that there be appropriated \$40,000 from the unexpended balance to cover these expenses for the balance of the year, the same to be distributed as follows:

B-1, Ruling and Binding.....	\$14,000 00
E-13, General Plant.....	18,000 00
G-3, Stationery.....	3,000 00
G-4, Postage.....	5,000 00
	<u>\$40,000 00</u>

In explanation of this necessity, your Honor is respectfully advised that this year we have executed an unusual amount of work partly on account of Tercentenary celebrations and partly on account of extra work required by the School and other city departments.

Of course the above amount, when paid for by the various departments contracting for the extra work, will again return to the credit of the Printing Department, as it will be included in the current year's revenue and should offset the extra expenditure for stock, etc.

On the items of postage and stationery, both are furnished to the various departments of the city and County on requisitions. The extra quantity on each of these simply reflects the additional requirements of the various departments, as the price of postage is always the same and the price of stationery has not increased over previous years.

Respectfully,
WILLIAM J. CASEY,
Superintendent of Printing.

Ordered, That to meet the current expense payable during the financial year beginning with the first day of January, 1930, the additional sum of \$40,000 be, and the same hereby is, appropriated from the income of the Printing Department for the following purposes:

Printing Department.	
B-1, Printing and Binding.....	\$14,000 00
E-13, General Plant.....	18,000 00
G-3, Stationery.....	3,000 00
G-4, Postage.....	5,000 00
	<u>\$40,000 00</u>

Referred to the Executive Committee.

ADMINISTRATION BUILDING, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—It is anticipated that the new Administration Building at the City Hospital will be ready for occupancy on or about the first of the new year.

I have been advised by the Board of Trustees that an appropriation of approximately \$40,000 will be required to furnish and equip the building. I accordingly submit herewith a loan order for this purpose and respectfully recommend its adoption by your honorable body.

In order that there may be no delay in the opening of this building, I suggest immediate consideration of this order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$40,000 be, and hereby is, appropriated to be expended by the Trustees of the Boston City Hospital for new Administration Building, Furnishing and Equipping, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

AUTOMATIC TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, November 4, 1930.
To the City Council.

Gentlemen,—I beg to return herewith communication received from the Traffic Commissioner, with reference to the order adopted by your honorable body on October 27, 1930, relative to the installation of automatic traffic signals at the junction of Huntington avenue, Tremont, Francis and Calumet streets, Ward 10.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 1, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am returning herewith City Council order dated October 27, 1930, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at the junction of Huntington avenue, Tremont, Francis and Calumet streets, Ward 10."

You are respectfully informed that it is very desirable that signal lights should be placed at this intersection. In the forthcoming annual report a reference will be made to the wisdom of appropriating a sum of money for extending signal lights at various intersections throughout the city.

Respectfully yours,
JOSEPH A. CONRY, Commissioner.
Placed on file.

SALARIES OF CITY COUNCIL MEMBERS.

The following was received:

City of Boston,
Office of the Mayor, November 10, 1930.
To the City Council.

Gentlemen,—Under the provisions of chapter 348, Acts of 1930, which was accepted by the voters of Boston at the recent state election, the salary of members of the City Council has been increased from \$1,500 to \$2,000 per annum.

Since this increase was not provided for in the original budget, it is now necessary to make a transfer of funds to provide for the additional compensation due members of the Council for the balance of the year.

I submit herewith an order providing for the transfer of the necessary amount from the Reserve Fund and respectfully recommend adoption of this order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$1,711.16, to the appropriation for City Council, A-1, Permanent Employees, Members of the City Council, 22 at \$1,500 (\$2,000) a year, \$1,711.16. Referred to the Executive Committee.

SLEEPING QUARTERS IN EMERGENCY.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to direct the Superintendent of Public Buildings to make ready for use as sleeping quarters during any emergency which may arise during the present unemployment crisis the municipal buildings in the congested centers of the city, and that he authorize the Overseers of the Public Welfare to serve food at such buildings during such emergency."

I beg to state that fortunately for the municipality and the citizenship, the emergency of which this order treats does not obtain at the present time and, I trust, will not obtain at any future date and, in the event that it does, you may rest assured that the necessary means of providing adequate and humane consideration for the needs of the unfortunate will be undertaken without delay and regardless of cost.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

OPENING OF PLACES OF REGISTRATION:

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to open places of registration for the unemployed of the city in each of the twenty-two wards, and that he direct the Overseers of the Public Welfare to be prepared to supply fuel to all destitute families."

I beg to state that the city has maintained for a period of eight years an employment bureau, which has functioned in a most satisfactory manner and that no good cause would be served by advertising to the world that it was necessary to open up twenty-two separate places of registration for the unemployed of the city. Consequently, I do not favor doing same.

With reference to supplying fuel and other requirements to destitute families, to the present time no complaints have been received at this office of the failure upon the part of the Overseers of the Public Welfare to comply with requests that are legitimate and proper.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPOINTMENT OF TEMPORARY INVESTIGATORS.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to appoint twelve temporary investigators in the Department of Public Welfare for service during the present unemployment emergency."

I beg to state that the Department of Public Welfare informs me that arrangements will be made at once for the appointment of such addi-

tional temporary investigators as may be necessary, but, instead of appointing twelve, the Board state that they desire fifteen temporary investigators and this recommendation is based on a recommendation covering a period of more than one year and to the order I have assented.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

RELIEF OF UNEMPLOYMENT SITUATION.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor, be requested to call a conference of himself, his Excellency the Governor, the members of the Boston School Committee, and the members of the School Buildings Commission, with a view to relieving the present unemployment situation."

I beg to state that I attended a meeting called by his Excellency the Governor this day, but called by his Excellency rather than myself, because of the superior position which he occupies.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

USE OF MACHINERY.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to instruct heads of departments to insert a clause in all contracts that during the period of unemployment emergency all public works shall be done by manual labor and that no machinery shall be used."

I beg to state that the best minds in the world are today endeavoring to solve the problem of the "Vanishing Job" and to the present without success.

There is no means of determining what the ultimate decision will be. My personal viewpoint is that a federal law should be adopted limiting the operation of automatic machinery, but I am inclined to the opinion that the courts would construe it as unconstitutional. There is no way to justify general approval of the order adopted by your honorable body and were it approved there is no way in which its provisions could be honestly lived up to other than on a certain character of work, namely, snow removal, and upon this work in the specifications that were submitted and upon which bids will be received, provision was made for snow removal by automatic loaders and an alternate proposition for removal by hand shoveling. Personally, if I controlled the elements and could determine the amount of snow that would fall at a given storm in advance during the winter and provided I could be assured no fall of snow would go over eighteen inches, I would make immediate preparations that the work be done by hand. Unfortunately, however, with a fall of snow three feet in depth, it would be necessary to use snow loaders in order that the citizens in the home might be furnished with fuel, and food and other necessities, and until such time as one can determine the fall of snow in a given winter in advance it is impossible to apply this theory even to this limited avenue for unemployment.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

DISTRIBUTION OF RELIEF IN CASH.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to distribute relief in all cases in cash instead of grocery orders, to increase its corps of investigators to take care of the increased demands, and to advance temporary relief at once pending investigation."

I beg to state that in all cases where in the opinion of the Public Welfare Board the money will be expended for the requirements of the family, cash is paid. In cases where there is a possibility that the payment of cash might be helpful to agencies other than the wife and the children in the home, food is furnished, and, with reference to temporary relief pending investigation, this custom has always been observed.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

BLANKETS AT WAYFARERS' LODGE.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to have the blankets used in the sleeping quarters at the Wayfarers' Lodge washed at least once a month."

It is hardly necessary to go into details as to the regulations and practices at the Wayfarers' Lodge. It is administered in a strictly sanitary and humane manner. The public introduction in the City Council of an order which intimates that unsanitary conditions exist, an order which proper inquiry would show to be unnecessary, is, to say the least, not calculated to be of assistance in dealing with the present situation.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

CONTRIBUTION TO UNEMPLOYMENT FUND.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to consider the matter of requesting from each employee of the City of Boston a donation of one cent per month for each dollar received in salary as a contribution to an unemployment fund during the coming winter period, to be administered by the Overseers of the Public Welfare."

I beg to state that the proposition that each individual employed by the City of Boston contribute one cent per month for each dollar received in salary to an unemployment fund during the coming winter period is in the nature of double taxation, for the reason that the amounts made available this year for the maintenance of the various relief agencies are as follows:

Long Island Hospital.....	\$775,589 84
Child Welfare.....	256,219 53
Boston Sanatorium.....	1,011,884 97
City Hospital.....	3,601,098 67
Public Welfare.....	3,255,457 33
Temporary Home.....	13,715 00
Wayfarers' Lodge.....	20,840 00
Soldiers' Relief.....	503,462 82
Total.....	\$9,438,268 16

The population of the city is approximately 780,000 persons and the increased tax is so apportioned that the burden per capita approximates one dollar each month upon every man, woman and child in the entire City of Boston, or the equivalent for a family of five of \$60 per annum and, in my opinion, under the circumstances, there is no way of justifying a further levy and it is extremely doubtful, despite the generosity that animates city employees, if it could be collected.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to consider the matter of requesting the public service corporations of Boston to request their employees to donate one cent per month for each dollar received in salary for a contribution to an unemployment fund during the coming winter period, to be administered by the Overseers of the Public Welfare."

I beg to state, as I have previously pointed out in another communication, that it is the duty of society as a whole to provide for the needs of the less fortunate in the community and, were the unfortunates required to wait for the collection of funds contributed by the charitable, the probability is that the money thus donated would be paid to an undertaker rather than a purveyor of food.

Respectfully,
JAMES M. CURLEY, Mayor.

Severally placed on file.

NOONTIME LUNCH.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to

consider immediate plans for the issuance of a noontime lunch at the Hawkins street headquarters."

I beg to state that I am informed by the Overseers of the Public Welfare that the needs of every family in the home making application for assistance are investigated and provision made in conformity with the requirements, that no worthy or needy case is neglected, and I am further informed that it is customary for any single individual, male or female, requiring lodging and food to not only receive suitable and proper lodging at the Hawkins street building but, in addition, to receive breakfast and medical attention, if necessary, and without charge. In the case of women, the full three meals are provided.

I am satisfied that the money available for the department is being expended and will continue to be expended to the best possible advantage for the relief of the poor, and that indiscriminate free lunches would require money that could better be spent for relieving poverty in the homes.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

GUARANTY BY CONTRACTORS.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 27, 1930, and reading as follows:

"Ordered, That the various department heads of the city, through his Honor the Mayor, be, and they hereby are, requested to include in all future contracts for construction work a definite provision that the successful bidder must guarantee to commence actual construction work within ten days of the award of any bid, and that only citizen labor shall be employed."

I beg to state that the policy adopted by the various department heads of the city has been to limit the number of contracts awarded to bidders upon work and this policy has made possible the operation of a larger number of contracts during a given time, and during the last year many times over that of previous years.

The policy has worked out admirably and shall be continued and so far as citizen labor receiving preference is concerned the law provides this and so far as it is humanly possible we are endeavoring to live up to the law.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

PUBLIC SUBSCRIPTION FOR UNEMPLOYMENT FUND.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of October 20, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to appoint a committee of business, industrial and labor leaders of the City of Boston to consider the advisability of raising, by popular subscription, the sum of two million dollars, said sum to be applied to the relief of the present acute and unprecedented unemployment situation, and to be placed at the disposal of the said committee, which shall be strictly accountable to his Honor the Mayor for its prompt disbursement."

I beg to state that at a conference held at the office of the Mayor today, at which were present the entire Board of Overseers of the Public Welfare, the subject matter as outlined in the order adopted was considered. It was the consensus of opinion of those present that the City of Boston holds a unique position among the cities of America in dealing with the needs of the unemployed, through the instrumentality of its Public Welfare Department. The industrial depression that has been in evidence during the present year and the means necessary to meet the condition resulting therefrom was anticipated when the budget was submitted in March and a sufficient sum was provided to meet such conditions as might be necessary to provide for the needy of the city, the theory under which this program was established being that since the individual is not responsible for industrial conditions that deprive the worker of an opportunity for securing the employment necessary to provide for the needs of his family, that it should be met by taxation rather than depending upon the questionable generosity of the public who, unfortunately, are not always interested in the welfare of their fellowman.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPROPRIATION FOR UNEMPLOYMENT RELIEF.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted

by your honorable body under date of October 20, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to include in the budget for 1931 the sum of one million dollars to be used for the relief of unemployment, such sum to be in addition to the amounts provided for the Overseers of the Public Welfare and the Soldiers' Relief Department."

I beg to state that the sum of one million dollars would be of unquestionable value in meeting the needs to which you refer. The probability is that many times that amount will be required and a construction program calling for a total expenditure approximating thirty millions of dollars will, I trust, be in full and complete operation long before the budget is adopted by your honorable body.

Respectfully,

JAMES M. CURLEY, Mayor.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,

Office of the Mayor, November 10, 1930.

To the City Council.

Gentlemen,—I am in receipt of the attached requests for transfers within departmental appropriations, and respectfully recommend adoption of the accompanying orders.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Building Department:

From the appropriation for C-4, Motor Vehicles, \$500, to the appropriation for B-14, Motor Vehicles, Repairs and Care, \$50; D-1, Office, \$450.

From the appropriation for A-1, Permanent Employees, Laborers, Feeders, Mechanics Assistants, etc., 425 (419) at \$5 a day, \$7,900, to the appropriation for A-1, Permanent Employees, Mechanics, 133 at \$5 to \$6 a day, \$4,700; Subforemen, 22 at \$1,600 to \$2,100 a year, \$1,700; Engineer-in-charge, Assistant, 1 at \$3,200-\$3,300 a year, \$150; Engineers, Senior, 8 (9) at \$2,800 to

\$3,100 a year, \$850; Engineers, Junior, 9 at \$2,200 to \$2,700 a year, \$300; Rodmen, 4 at \$1,100 to \$1,600 a year, \$200.

From the appropriation for A-3, Unassigned, \$10,000, to the appropriation for A-2, Temporary, \$10,000.

From the appropriation for F-7, Pensions and Annuities, \$1,000, to the appropriation for C-13, Tools and Instruments, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for B-6, Hire of Teams and Auto Trucks, \$407.12, to the appropriation for A-1, Permanent Employees, Deputy Supervisor, 1 (0) at \$3,500 a year, \$28.77; C-17, General Plant, \$200; D-2, Food and Ice, \$25; D-8, Laundry, Cleaning, Toilet, \$50; D-13, Chemical and Disinfectants, \$75; A-1, Permanent Employees, Clerks, 2 at \$1,500-\$1,600 a year, \$28.35.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for D-3, Fuel, \$4,365, to the appropriation for B-1, Printing and Binding, \$65; B-42, Repairing Streets, \$500; C-4, Motor Vehicles, \$3,300; C-17, General Plant, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Water Division:

From the appropriation for B-39, General Plant, \$10,000, to the appropriation for B-42, Repairing Streets, \$10,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry Department:

From the appropriation for A-1, Permanent Employees, Assistant City Registrar, 1 at \$2,600-\$2,900 a year, \$137.17; Clerk, 1 at \$1,250-\$1,350 a year, \$192.02, to the appropriation for A-2, Temporary Employees, \$329.19.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Suffolk County Courthouse, Custodian:

From the appropriation for A-1, Permanent Employees, Cleaners, 15 at \$18 a week, \$135, to the appropriation for A-2, Temporary Employees, \$135.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Criminal Session:

From the appropriation for B-34, Jurors, \$3,000, to the appropriation for B-29, Stenographic, Copying and Indexing, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry of Deeds:

From the appropriation for B-39, General Plant, \$70, to the appropriation for B-13, Communication, \$70.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, House of Correction:

From the appropriation for C-3, Electrical, \$500, to the appropriation for B-39, General Plant, \$500.

From the appropriation for D-10, Agricultural, \$100, to the appropriation for D-13, Chemical and Disinfectants, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Criminal Session:

From the appropriation for B-34, Jurors, \$3,000, to the appropriation for B-29, Stenographic, Copying and Indexing, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry of Deeds:

From the appropriation for B-39, General Plant, \$70, to the appropriation for B-13, Communication, \$70.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, House of Correction:

From the appropriation for C-3, Electrical, \$500, to the appropriation for B-39, General Plant, \$500.

From the appropriation for D-10, Agricultural, \$100, to the appropriation for D-13, Chemical and Disinfectants, \$100.

Referred to the Executive Committee.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Sonik Andersen, for compensation for damage to car by fire apparatus.

Mrs. Helen R. Cashion, for compensation for damage to car by ash truck.

Alfred F. DeScenza, for compensation for damage to car caused by an alleged defect in Chardon street.

Isabel Derby, for compensation for injuries caused by an alleged defect in West Concord street.

Ervine Transportation, for compensation for damage to truck by city truck.

Delia Erwin, for compensation for injuries caused by an alleged defect at 187 Western avenue.

W. Arthur Evans, for refund on refuse tickets.

Mrs. Ida General, for compensation for damage to property at 1302 Dorchester avenue, caused by leak in water pipe.

Joseph Jacobson, for refund on refuse tickets.

Frank H. Lane, for compensation for damage to car caused by an alleged defect at 60 Beech street, West Roxbury.

C. Leo McCarthy, for compensation for damage to clothing caused by post set in ground.

Mrs. Grace M. Moore, for compensation for injuries caused by an alleged defect in Bowdoin square.

G. F. A. Mulcahy, for compensation for damage to clothing by fire engine.

James H. Murray, for compensation for injuries to son caused by being struck by city truck.

Michael C. O'Donnell, for compensation for damage to car by fire apparatus.

Evelyn H. Pickard, for compensation for damage to car caused by an alleged defect in Milton street, Readville.

Catherine Prendergast, for compensation for injuries caused by an alleged defect in Faneuil street.

Philip Richenburg *et al.*, for compensation for damage to car by city car.

Jeanie Ritchie, for compensation for damage to car by city car.

Leo E. Thain, for compensation for damage to car by city car.

Mrs. Catherine A. Toomey, for compensation for injuries caused by an alleged defect in Atlantic avenue.

Executive.

Petition of Boston Elevated Railway to operate motor vehicles between junction of L and East First streets and the junction of O and East First streets over East First street, South Boston.

Petition of Rose E. Sidman for children to appear at Sarah Greenwood School November 25.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate motor vehicles between Fields Corner and Uphams Corner, over Geneva avenue, Park street, Dorchester avenue, Peabody square, Talbot avenue, Washington street, Bowdoin street, Hancock street, Pleasant street, Stoughton street; return over Uphams Corner, Columbia road, Hancock street, Bowdoin street, Washington street, Talbot avenue, Peabody square, and Dorchester avenue, from Ashmont Station to Fields Corner Station.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds, amounting to \$4,850.52, for regular employees from November 1 to 15, inclusive, was received and approved.

SALARIES OF CITY COUNCIL MEMBERS.

Notice was received from the Board of Election Commissioners that the vote on the question: "Shall an act passed by the General Court in the year 1930 entitled 'An Act relative to the salaries of the members of the City Council of the City of Boston' be accepted?" was as follows:

Yes—77,441.

No—42,417.

Blanks—89,241.

Placed on file.

RESIGNATION OF RALPH E. THOMPSON.

Notice was received from the Mayor of resignation of Ralph E. Thompson as a member of the Board of Zoning Adjustment.

Placed on file.

APPOINTMENT TO BOARD OF ZONING ADJUSTMENT.

Notice was received from the Mayor of appointment of B. Preston Clark, of 171 Marlborough

street, to be a member of the Board of Zoning Adjustment, for the term expiring April 30, 1932.

Placed on file.

CONSTABLE'S BOND.

The constable's bond of Louis N. Kaiser, having been duly approved by the City Treasurer, was received and approved.

RESIGNATION OF ISRAEL SPECTOR.

Notice was received from the Mayor of the resignation of Israel Spector, of 9 Drummond street, Dorchester, as a constable.

Placed on file.

ACCEPTANCE OF STILLMAN PLACE.

Coun. FITZGERALD offered the following: Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Stillman place, Ward 3, as a public highway.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. KELLY, for Coun. Mahoney, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1930.

Report accepted; said order passed.

SIDEWALKS IN CHARLESTOWN.

Coun. GREEN offered the following: Ordered, That the Commissioner of Public Works make a sidewalk along Elm street, both sides, from High street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Baldwin street, both sides, from Main street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

SPECIAL SESSION OF LEGISLATURE.

Coun. DOWD offered the following: Ordered, That his Honor the Mayor be requested to call upon the Governor of the Commonwealth to convene the Legislature in special session, for the purpose (1) of providing sufficient money to relieve the present unemployment crisis, and (2) to authorize the Civil Service Commission to suspend its rules during this emergency.

Coun. DOWD—Mr. President, in view of the several veto messages that his Honor the Mayor has sent up to us this afternoon in regard to orders passed by this body dealing with the unemployment situation, it would seem that one must have some courage to shoot in additional orders having in mind the relieving of the situation. I regret exceedingly that I must disagree with his Honor the Mayor when he says that the time has not yet arrived to provide for immediate relief of the poor of Boston. Certainly Boston can be in no better shape in that respect than the city of New York, where Mayor Walker has seen fit to provide out of the taxpayers' money \$2,000,000, which will enable 2,500 additional men to be placed temporarily at work cleaning up the streets and parks. I wonder how that position can be taken by anybody, in view of the 7,548 names on the list of civil service would-be employees, men anxious to get any kind of work which will enable them to obtain a livelihood. I certainly disagree with his Honor the Mayor and with the Public Welfare Board, and I charge that that board is deliberately lying or ducking when they inform the Mayor that the poor of Boston are being taken care of today. It was only the other day that we had the Board of Overseers before us, and they admitted that it took ten to twelve days for their people to investigate cases. Certainly, in face of that fact, it cannot be claimed that temporary relief is being taken care of. I say it is temporary starvation. I am glad that it has been decided at least to put on fifteen temporary men in that department. If the Committee on Unemployment shall accomplish nothing else, we will at least have placed fifteen men at work in the Overseeing of the Poor Department. The President of the United States says that the situation is a serious one, and he is going to ask

Congress for an additional amount of money to place men at work. If you go out to the city of Newton, you will find that they have appropriated \$150,000 of the taxpayers' money to put 650 men at work cleaning the streets and parks. But in Boston what has been done to relieve the situation? I say that not one step forward has been taken, despite what we hear about great projects, and I say to you, Mr. President, and to the Council, that Colonel Sullivan, the chairman of the Transit Board, at a meeting last Thursday told us very plainly that the East Boston Tunnel would not get under way until next June or July, when, at the most, it would put 500 or 600 men at work. We hear talk about the new school program. That will not get under way until next May or June. In the meantime, what are the people of Boston to do? We don't want soup or bread lines if they can be avoided by the furnishing of employment, but three local agencies in the last few days have opened their doors, and there are soup lines here at the present time. Then, of course, there is trouble, and there is going to be a great deal more trouble about lack of coal. We don't always hear about it, for the simple reason that the average decent citizen would rather freeze to death than go down to that hell hole that we call the wood yard, to get half a ton of coal. The Governor of the Commonwealth says it is a serious situation, and he has called together the great minds of the state in order to try to relieve the unemployment situation. I say that this is a critical time in the history of Boston. Action should not be postponed until next June or July. Now is the time to meet the situation and to protect the people for the next three or four months. The order I have introduced simply calls upon his Honor the Mayor to request his Excellency the Governor to call a special meeting of the Legislature. If we haven't the money that will enable us to place men at work, the Legislature can help us in that respect. Also, there can be a change made in the present civil service rules. At the present time, as Colonel Goodwin acknowledges, there is considerable delay before anything can be done. But the Legislature, if in session, can remedy that difficulty, and can inform the arrogant Civil Service Commissioner that he must suspend the rules so that men with six, seven or eight children will be given an opportunity to work.

The order was passed under suspension of the rule.

NONPAYMENT OF GAS AND ELECTRIC BILLS.

Coun. DOWD offered the following: Ordered, That his Honor the Mayor be requested to call upon the Governor of the Commonwealth to direct the Public Utilities Commission to ask the Boston Consolidated Gas Company and the Edison Electric Illuminating Company to refrain from shutting off gas and electricity, respectively, for nonpayment of bills, for a period of four months.

Coun. DOWD—Mr. President, if there are any companies that can well stand a little extra strain under the present situation, they are the public utility companies. I see no reason at the present time why the Boston Consolidated Gas Company, which pays its dividends right along regularly, and the Edison Electric Company, which also pays dividends to its stockholders, cannot, in view of the present acute situation, help out in the way suggested by this order. I therefore request in the order that his Honor the Mayor call on his Excellency the Governor to direct the Public Utilities Commission to ask the Edison Company and the Gas Company not to shut off electric light or gas from the poor and needy people for the next three or four months.

The order was passed under suspension of the rule.

AILING FAMILIES—CHANGE IN PROCEDURE.

Coun. DOWD offered the following: Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to direct their visitors to discontinue the practice of having warrants for arrest of men applied for before their families are allowed to receive aid.

Coun. DOWD—Mr. President, as indicated by the order which has just been read, it is proposed that the Overseers of Public Welfare be requested, through his Honor the Mayor, to direct their visitors to discontinue the practice of having warrants for arrest of men applied for before their families are allowed to receive aid. A parent, for instance, will have a son over twenty, or a woman will have a husband, whose whereabouts is unknown, and who cannot be readily reached. Still, under the present system, they are asked to apply for a warrant for arrest before they can receive aid. Many times the mother or the wife does not know where the son or the husband is located. He may be in Boston or may be in New York. I wonder if any of the gentlemen who conduct the Public Welfare Department would like to have relations of theirs put to that trouble before any assistance can be obtained. I say it is about time that the Department of Public Welfare desisted from that kind of work.

The order was passed under suspension of the rule.

CLEANING OF STREETS AND ALLEYS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to place at work one thousand men for a temporary period of sixty days, to be engaged in cleaning the public streets and alleyways throughout the city.

Coun. DOWD—Mr. President, under this order I am asking his Honor the Mayor to place at work immediately 1,000 men to clean the streets and alleyways of Boston, and I don't think there is a councilor here who will disagree with me when I say that the streets and ways of Boston need a thorough going over at the present time. I say that if a thousand men are placed at work, as proposed, it may assist very much in relieving the situation and lessen the work that will otherwise have to be done by the Department of Public Welfare and the Soldiers' Relief Department. The taxpayers of Boston are willing, in my opinion, that men should be put at work in this way to clean the streets and alleyways throughout the city. And they should be cleaned, Mr. President. This will help to tide 1,000 men over the Christmas holidays. I certainly hope and trust that the Mayor of Boston will see fit to place 1,000 men at work in this way immediately.

Coun. WILSON—Mr. President, with much that the councilor from Roxbury has proposed I do not wholly agree, but I think there is much merit in this last order, when we bear in mind facts that have been brought out before the Unemployment Committee within the last week or so. When we realize that 1,000 or 2,000 men are required to continually apply to the Wayfarers' Lodge for a chance to saw wood, and that they have to prove that they haven't any work, and when we consider the trouble they are put to and the difficulty of getting something out of it that will help to relieve their needs, it seems to me that such action as here proposed, if put into effect, as suggested by the councilor from Roxbury, might well be an excellent idea. In other words, instead of having 1,000 or 2,000 men checking in twice a day for \$3 a week at the coal and wood yard, it might not be a bad suggestion to have some of these men, who now receive aid from the Public Welfare or the Soldiers' Relief, put at work on the streets and alleyways of the city.

Coun. BUSH—Mr. President, I think myself that the suggestion of the gentleman from Roxbury (Coun. Dowd) is a very excellent one. It seems to me that in the past there has been a divided authority in the matter of cleaning the streets. The power sweepers are under the direction of the Sanitary Department, while the streets that they are unable to work on with the power sweepers, in the suburbs, are generally done by hand work, and usually done by employees of the Cleaning Department. Now, it happens that the employees of the Cleaning Department are working on resurfacing streets in the summer time, and have very little time to give to the cleaning of the streets in the suburban sections. As a matter of fact, the streets in the suburban sections of the city are not cleaned more than once a year, and frequently the cleaning is not done that often in some sections. It would, therefore, be a very good idea to put these men at work in those sections of the city, cleaning up the streets. The streets and ways are overrun with rubbish and leaves all over the city, and the cleaning as proposed in this order would be a very excellent idea, and would also furnish work to the unemployed.

Coun. GREEN—Mr. President, I might say for the information of the chairman of the Committee on Unemployment that almost every city yard in Boston is undermanned at the present time, just as Councilor Bush has very well said. In the Charlestown paying yard where they had seventy-five men at one time, there are seven men now trying to do the work required in resurfacing streets. Certainly something should be done immediately, and I trust that the order will pass.

Coun. HEIN—Mr. President, I think it is not important to start on the streets alone. I think the sewers also might well be attended to. On Commonwealth avenue every time we have a storm there is a flood. Sometimes there is a foot of water. The result is, that being a very busy thoroughfare, that we have a number of accidents there. Several have been brought to my attention in the last few weeks. If you call on the Park Department to do something, they are busy. They keep a Ford truck in Franklin Park, which leaves there at 8.30 in the morning, arriving in Brighton at nine, which then leaves Brighton at 11.30 and comes back at 1.30, and leaves at 4.30 p. m. for the day. In the wintertime, if they have snow and ice on the hill, they have to send to Franklin Park, and by the time help arrives there have probably been accidents. So I think it is high time that something should be done along the line of increasing the facilities of the Brighton yard immediately.

The order was passed under suspension of the rule.

ANNUITY TO WIDOW OF JOHN J. CARMODY

Coun. GREEN offered the following:

Ordered, That an annuity of \$600 be allowed and paid to the widow of John J. Carmody, late member of the Fire Department, who died from injuries received in the performance of his duty,

such annuity to continue so long as said widow remains unmarried, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

CENTURY OF PROGRESS EXPOSITION.

Coun. HEIN offered the following:

Ordered, That the Commercial, Industrial and Publicity Bureau, through his Honor the Mayor, be, and said department hereby is, respectfully requested to advise the City Council as follows:

1. The terms of the contract and business arrangements for the Century of Progress Exposition to be held at Columbus Park next June.

2. The manner in which profits are to be divided if said exposition is operated at a profit, and the manner in which the deficit is to be paid if said exposition is operated with a resulting deficit.

3. The authority for and terms of the lease of land of the city for the purpose of said exposition.

Coun. HEIN—Mr. President, in the first place, let me say that I understand a private company is promoting this undertaking and if it is a private company, why should this beautiful park over there, a park on which thousands of dollars have been spent for improvements, be used for this exposition? In the second place, Mr. President, I understand that the lumber to be used is coming from the West Coast and not from New England, where the people would be glad to sell it at a cheaper price. Furthermore, they had something of the sort in Philadelphia years ago, involving a cost of millions of dollars, and the taxpayers are paying for it yet, and paying continually. I think this is certainly a matter that should be looked into, at least.

Coun. McGRATH—Mr. President, I have not the slightest objection to the councilor obtaining the information he desires in answer to the questions he asks. But I think we had better let it stand right there, obtaining the answers to the questions before going any further. It seems to me that this proposed exposition, as I have read about it in the papers, would be something that would stimulate business in the City of Boston and New England, and until such time as we find something to the contrary I feel that we had better go rather slow in the matter of placing obstacles in the path. We hear a great deal about the present business depression and, with the administration taking the initiative in creating a situation that may very likely result in bringing business to our city, I feel that this body ought to go on record for instead of against such a plan. I understand that the order may not have originated with the councilor, as I saw awhile ago that the Good Government Association had recently come to life and was attempting, in this time of business depression, to prevent something of this sort, which might result in an important contribution to the business life of our city going through. I don't know of any connection between the councilor from Brighton and the resurrected Good Government Association across the street. But I will simply say that the criticism we have seen by that association of this attempted contribution to a forward-looking plan in my district and your district, Mr. President, might better have come from the President and from myself rather than from the councilor from Brighton.

Coun. HEIN—Mr. President, this order was not given me by anybody. I don't know anybody connected with the Good Government Association. I do understand, however, that one of the men who is at the head of this is connected with the West Coast Lumber Company of California and that he intends to get the necessary lumber from California instead of from the states of Maine or New Hampshire. I ask a suspension of the rule and the passage of the order, Mr. President.

The rule was declared not suspended. Coun. HEIN doubted the vote and asked for the yeas and nays.

The Council voted to suspend the rule, yeas 17, nays 3:

Yeas—Coun. Arnold, Bush, Cox, Curtis, Donovan, Dowd, Englert, Fish, Fitzgerald, Gleason, Green Hein, Kelly, Murray, Norton, Power, Wilson—17.

Nays—Coun. Lynch, McGrath, Ruby—3.

The order was passed.

SIDEWALK IN WARD 13.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 35 Cushing avenue, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

EMPLOYMENT OF LEGAL RESIDENTS OF BOSTON.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to favor the City Council with a reply to

my order passed under a suspension of the rule on September 8, 1930, asking him to consider the advisability of inserting a clause in all contracts for city work providing that workmen employed thereon shall be legal residents of Boston.

Coun. KELLY—Mr. President, I have listened with interest to the Mayor's replies to orders introduced in this body to further the handling of the unemployment situation in Boston, orders passed by us on October 20 and October 27. But today, after waiting for two and one-half months, I have not heard any reply to my order which was passed unanimously by this honorable body on September 8, calling upon the Mayor of this city to do as the mayors and chief executives of other cities in this Commonwealth are doing—namely, to see that contractors who live upon the money of the taxpayers of the City of Boston are compelled, as they are compelled in other cities, to hire citizens of the municipality. I have made this fight because constituents in my ward—one Mr. McDonald of Clarkson street and others too numerous to mention—have been laid off from jobs in this city and preference has been given to people who reside in other cities. These same constituents have gone to other cities and towns and tried to obtain jobs there. The first question asked them was, "Where do you live?" When they have said they lived in the City of Boston, they have been told that there was no opening for them. So I say the same condition should obtain here, that our citizens should be favored against those from other places. I say, Mr. President, that if the Mayor of Boston is sincere in his efforts to relieve the unemployment situation, he can by a stroke of the pen put 2,000 men at work in different parts of the city. But I claim that the Mayor is not sincere in his efforts; I claim that the reason why he did not want to reply to my order was that he did not want to offend citizens of other cities and towns, for selfish reasons of his own, for the simple reason that he could go out later and run for Governor of the Commonwealth, and that if he made such a ruling as he should, in behalf of the taxpayers of Boston, the citizens of these other cities would then be knocking his head off. But despite the double-crossing he has given in the last few weeks to the Governor-elect of the Commonwealth, he will never be Governor of the Commonwealth. To go a step further, I have seen in the press false reports about men going to work issued by his Honor the Mayor to members of the press. Those reports have been published at times, and I have had men come to my home, calling attention to reports saying that 250 men were going to work at Governor square at a certain time, 500 at another time, and so on, and that they would like a job. I have looked carefully into the matter, have got in touch with the chairman of the Transit Commission, and he says that but 400 men have been employed there since the job started. I say it is high time that the Mayor of Boston got on to himself and protected the taxpayers of the City of Boston, and stopped issuing these false reports to people who are looking for jobs in my ward and in other wards of the city,—saying that 500 men are going to work at Governor square at a certain time and men who stand about 400 on the list will come to you and say, "Why cannot I go to work?" when, as a matter of fact, only 100 or 150 are being put on. There is another thing that I want to bring out,—a report brought to me in the last few weeks that if I continued to protect the taxpayers of Boston the Mayor of Boston, together with the bond expert and real estate dabbler who occupies a seat on School street—namely, his brother—are going to step in—

President LYNCH—The Chair will have to rule the gentleman out of order, in that he is not talking to the order.

Coun. KELLY—Mr. President—

President LYNCH—The gentleman is out of order.

Coun. KELLY—Mr. President, I am going to continue on the order.

President LYNCH—Councilor Ruby moves that the Council take a recess, subject to the call of the Chair.

The motion to take a recess was declared lost.

Coun. KELLY—Mr. President—

President LYNCH—The Chair has ruled the gentleman out of order.

Coun. KELLY—Mr. President, I object to the ruling of the Chair.

President LYNCH—Councilor Kelly objects to the ruling of the Chair. The question is, Shall the decision of the Chair stand? Those in favor of the decision of the Chair standing as the decision of the Council will rise. [All present except Coun. Kelly arose.] All opposed will rise. [Coun. Kelly arose.] The ruling of the Chair stands.

Coun. KELLY—Mr. President, do I continue?

President LYNCH—For what purpose does the gentleman rise?

Coun. KELLY—I want to continue debate on the order I introduced.

President LYNCH—The Chair has ruled the gentleman out of order. The Chair will inform the gentleman that the vote was in favor of the Chair.

Coun. KELLY—Yes, Mr. President, that vote was in favor of the Chair, but I wish to talk on the order, and you have not voted on that. I wish to talk on the order I have introduced.

President LYNCH—The Chair has ruled Council Kelly out of order.

Coun. RUBY—Mr. President, I move that the Council take a recess subject to the call of the Chair.

RECESS.

On motion of Coun. RUBY, the Council voted to take a recess, at 3.12 p. m., subject to the call of the President. The members reassembled in the Council Chamber and were called to order by President LYNCH at 4.11 p. m.

EMPLOYMENT OF LEGAL RESIDENTS OF BOSTON.

The order introduced by Coun. Kelly just before the recess was passed under suspension of the rule.

EXECUTIVE COMMITTEE REPORTS.

Coun. CURTIS submitted report of the Executive Committee, as follows, viz.:

1. Report on message of Mayor and order (referred today) for transfers within departmental appropriations—that said orders be passed.

Report on message of Mayor and order (referred today) for transfer of \$1,711 from Reserve Fund to City Council appropriation—that said order be passed.

Report on message of Mayor and order (referred today) for transfer of \$40,000 to Printing Department—that said order be passed.

Reports severally accepted, said orders severally passed, yeas 18, nays 0.

2. Report on message of Mayor and order (referred today) for sale of police boat "Guardian"—that said order be passed.

Report accepted; said order passed.

3. Report on petition of Boston Elevated Railway for license to operate motor vehicles on East Third street—recommending that license be granted.

Report accepted; said license granted on usual conditions.

4. Report on petition of Rose E. Sidman for children to appear at Sarah Greenwood School November 25,—that leave be granted.

Report accepted; leave granted on usual conditions.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor October 27, 1930, of Nicolas Prudenti and Ralph Kares, to be Weighers of Coal; and Thomas J. Fay and Milton Levenson, to be Weighers of Goods.

The question came on confirmation.

On motion of Coun. WILSON, the name of Joseph A. Cieri, appointed by the Mayor as constable under date of September 29, was taken from No. 9 on the calendar, and the name of William Tepper, appointed constable by the Mayor under date of October 27, in No. 12 on the calendar, were added to the names to be voted upon.

Committee, Coun. Hein and Green. Whole number of ballots 16, yeas 16, and the appointments were confirmed.

SIDEWALK CONSTRUCTION.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 46 Mather street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Hopkins street, both sides, from Evans street to Corbet street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Evans street, both sides, from Corbet street to Hopkins street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Morton street (south side), from Lorna road to West Selden street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along West Selden street (east side), from Morton street about 100 feet southerly, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along West Selden street (east side), from Morton street about 100 feet southerly, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

WARD 18 IMPROVEMENTS.

Coun. NORTON offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be, and he hereby is, respectfully requested and urged to proceed as rapidly as possible with the resurfacing of the Ward 18 end of River street, and further ordered, that active construction work be resumed.

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to submit to the City Council an estimate of the cost of furnishing a site for and the erection of a suitable convenience station in Cleary square section of Hyde Park.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hilburn street, Ward 18, from Metropolitan avenue to Poplar street, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Itasca street, Ward 18, from Mattapan street to Oakland street, as a public highway.

Severally passed under suspension of the rule.

WARD 2 IMPROVEMENTS.

Coun. GREEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to rip up the faultily laid sidewalks on Elwood street, Ward 2, and replace with properly constructed concrete walks.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to rip up the faultily laid sidewalks on Frothingham avenue, Ward 2, and replace with properly constructed concrete walks.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to rip up the faultily constructed sidewalks on Elm street, Ward 2, remove the debris, and replace with properly laid concrete walks.

Severally passed under suspension of the rule.

MEN IN CHARLESTOWN PAVING AND SANITARY DIVISIONS.

Coun. GREEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to bring the number of men employed in the Paving and Sanitary Divisions in Charlestown up to the full complement, and relieve the present intolerable situation where seven men are at present trying to perform the duties formerly assigned to seventy-five men.

Passed under suspension of the rule.

SPOT LIGHT, WARD 21.

Coun. HEIN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to install a spot light for the traffic officer at Union square, Alston, Ward 21.

Adjourned, at 4.29 p. m., on motion of Coun. DONOVAN, to meet on Monday, November 17 1930, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, December 8.

New Bedford, Wednesday, December 10.

New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,

RAYSON SMITH,

GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 3, 1930.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.03 o'clock P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of a previous meeting were amended as follows:

Oct. 6, 1930, on page 232, to provide that the appointment from the eligible list of Lawrence I. Harris as senior instructor, Boston Trade School, to take effect Oct. 14, 1930, shall read "Oct. 27, 1930."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated that the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATH

The Superintendent reported the death of the following-named teacher:

Department of Household Science and Arts—Ellen B. Murphy, teacher of cookery, intermediate, Oct. 30, 1930.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Roger Wolcott District—Anna Glickstein, assistant, elementary, Oct. 17, 1930.

Accepted.

APPOINTMENTS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(BY PROMOTION)

Hyde Park High School—Jessica J. Trommer, assistant (from assistant instructor, commercial branches), Nov. 10, 1930.

Elihu Greenwood District—Marion A. Waldron, first assistant, kindergarten (from assistant, kindergarten), Nov. 10, 1930.

Approved, under a suspension of the rules.

(ASSISTANT, INTERMEDIATE)

Edward Everett District—Gertrude J. Rhilinger, assistant, intermediate (from assistant, elementary), Nov. 10, 1930.

Approved under a suspension of the rules.

(RE-ENTRANT TEMPORARY TEACHER)

(Under provisions of Section 274, paragraph 2 (b) of the regulations).

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teacher and supervisor of attendance for the terms specified:

Department of Household Science and Arts—Frances B. Haskell, teacher of millinery, from Sept. 17, 1930, to Dec. 17, 1930, without pay.

Attendance Department—Timothy J. Kenny, supervisor of attendance from Sept. 11, 1930, to Oct. 7, 1930, without pay.

ASSIGNMENT

A communication was received from the Superintendent, under date of Nov. 3, 1930, reporting that, subject to the approval of the School Committee, he has assigned Edith C. Baldwin, school nurse, as school nurse, certificating office, to take effect Sept. 1, 1930, and to continue for the school year ending Aug. 31, 1931, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of Nov. 3, 1930, reporting that he has made the following designations of a member of the supervising staff and of a teacher to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, to take effect on the dates stated:

Gilbert Stuart District—Anna H. Drown, assistant, kindergarten, two

sessions, as acting first assistant, kindergarten (vice Ellen W. Porter, absent on leave), Oct. 20, 1930.

Board of Examiners—Philip J. Bond, examiner, as acting chief examiner (vice Joel Hatheway, absent on leave), Sept. 1, 1930.

Placed on file.

On motion, it was

ORDERED, That during his assignment as Acting Chief Examiner, there be allowed and paid to Philip J. Bond, additional compensation at the rate of two hundred eighty-eight dollars (\$288) per annum.

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTENS

A communication was received from the Superintendent, under date of Nov. 3, 1930, reporting that, subject to the approval of the School Committee, he has terminated the services of the following-named teachers in the afternoon sessions of the kindergartens indicated, to take effect on the dates stated:

Bennett District—Gladys F. Michelman, assistant, kindergarten, Oct. 31, 1930.

Lowell District—G. Cornelia Newell, assistant, kindergarten, Oct. 31, 1930.

Approved.

ESTABLISHMENT OF WILLIAM MCKINLEY SCHOOL ON ONE-SESSION BASIS

The Superintendent offered the following:

ORDERED, That the Superintendent is hereby authorized to operate the William McKinley School in the Prince District upon the one-session plan for the school year ending Aug. 31, 1931.

Passed, under a suspension of the rules.

COMPENSATION OF TEMPORARY TEACHERS, THE TEACHERS COLLEGE.

On motion of the Superintendent, it was

ORDERED, That for the school year ending Aug. 31, 1931, the compensation of temporary instructors (men) and temporary instructors (women) in The Teachers College is hereby established at the rate of six dollars (\$6) per day.

EMPLOYMENT OF SUBSTITUTE TEACHER COACH

On motion of the Superintendent, it was

ORDERED, That the employment of Henry D. Colton as substitute teacher coach in the Mechanic Arts High School is hereby authorized for seventeen days, Sept. 22, 23, 24, 25, 26, 27, 29, 30, Oct. 1, 2, 3, 6, 8, 9, 10, 11 and 13, 1930, compensation for such services to be at the rate of six dollars (\$6) per day.

EMPLOYMENT OF SUBSTITUTE PLAY TEACHER

On motion of the Superintendent, it was

ORDERED, That the employment of David N. Rubin as substitute play teacher in the Mechanic Arts High School is hereby

authorized for three sessions, Oct. 8, 9 and 10, 1930, compensation for such service to be at the rate of two dollars and fifty cents (\$2.50) per session.

ART COURSES FOR HIGH SCHOOL PUPILS

The Superintendent offered the following:

ORDERED, That the employment of Alice J. Morse, first assistant in the public school course for high school pupils conducted at the Museum of Fine Arts, is hereby authorized for the term beginning Sept. 29, 1930, and continuing through June 6, 1931, said first assistant to serve during two sessions of two hours each week.

ORDERED, That the employment of Alma Lebrecht, teacher of charcoal drawing in the public school course for high school pupils conducted at the Museum of Fine Arts, is hereby authorized for the term beginning Sept. 29, 1930, and continuing through June 6, 1931, said assistant to serve during five sessions of two hours each.

ORDERED, That the employment of Blanche K. Brink, teacher of freehand drawing in the public school course for high school pupils conducted at the Museum of Fine Arts, is hereby authorized for the term beginning Sept. 29, 1930, and continuing through June 6, 1931, said assistant to serve during two sessions of two hours each week.

ORDERED, That the Superintendent is hereby authorized to establish and conduct in the Museum of Fine Arts a Saturday morning public school course in art for the term beginning Saturday, Oct. 4, 1930, and continuing through Saturday, June 6, 1931; the sessions to be three hours in length, to begin not earlier than 9 o'clock a. m., and terminate not later than 1 o'clock p. m., the School Committee to bear no expense in connection with the course except that of compensation of an instructor.

ORDERED, That the employment of Alma Lebrecht, assistant in the Saturday morning public school course in art at the Museum of Fine Arts, is hereby authorized for the term beginning Saturday, Oct. 4, 1930, and continuing through Saturday, June 6, 1931, said assistant to serve one session of three hours each week.

The orders passed.

LIST OF NAMES OF PAST CHAIRMEN TO BE INCLUDED IN SCHOOL MANUAL.

Mrs. Pigeon offered the following:

ORDERED, That hereafter the annual issue of the School Manual contain a list of the past Chairmen of the School Committee, beginning with 1906.

Passed.

The foregoing eleven orders were laid over.

TRANSFER OF CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Nov. 3, 1930, reporting that, subject to the approval of the School Committee, he has transferred Eleanor L. Broughal, clerical assistant, Edmund P. Tileston and Christopher Gibson Districts, to the same position in the Bigelow District, to take effect Nov. 3, 1930.

Placed on file and the transfer approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Nov. 3, 1930, reporting that, subject to the approval of the School Committee, he has transferred Adaline A. Higgins, clerical assistant, Blackinton and John Cheverus Districts, to the same position in the Christopher Gibson and Edmund P. Tileston Districts, to take effect Nov. 3, 1930.

Placed on file and the transfer approved to take effect on the date stated.

TRANSFER OF APPROPRIATION

The following communication was received:
City of Boston—Department of School Buildings

Oct. 24, 1930.

School Committee of the City of Boston,
15 Beacon St.,
Boston, Mass.
Gentlemen:

At a meeting of the Board of Commissioners of School Buildings held on the 22d day of October, 1930, the following proposed order from the School Committee was submitted to the Board for report thereon, viz.:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester. Plans and construction of nine-classroom addition to Thomas J. Kenny School .. \$2,600.00

TO

Item 17, 1930—Ulysses S. Grant District, East Boston: Enlargement of school yard (Item 32, 1929) 2,600.00

The same having been duly considered by the Board of Commissioners of School Buildings, in compliance with the provisions of Chapter 351 of the Acts of 1929, it was voted to report favorably on this order of transfer.

Respectfully submitted,
Board of Commissioners of School Buildings,

By Richard J. Lane,

Chairman.

Placed on file.

The following was ordered:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester. Plans and construction of nine-classroom addition to Thomas J. Kenny School .. \$2,600.00

TO

Item 17, 1930—Ulysses S. Grant District, East Boston: Enlargement of school yard (Item 32, 1929) \$2,600.00

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

NAYS—0.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 3, 1930, recommending that Arthur B. Callahan, custodian, Elihu Greenwood Schoolhouse, be granted leave of absence on one-half his net compensation for the period Sept. 22, 1930, to Dec. 21, 1930, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Nov. 3, 1930, recommending that Edward A. Moore, custodian, Dearborn School-house, be granted leave of absence on one-half his net compensation for the period Nov. 9, 1930, to Feb. 7, 1931, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

TRANSFER OF CUSTODIANS

Communications were received from the Schoolhouse Custodian, under date of Nov. 3, 1930, transmitting lists of candidates desiring transfer, and recommending that the following-named candidates who stand at the head of their respective lists be appointed as indicated, to take effect on the dates stated:

John J. Brennan, custodian, Lawrence School-house, to the Dwight School-house, Nov. 9, 1930.

Robert E. Donnelly, custodian, Sarah J. Baker School-house, to the Samuel Adams School-house and Portables Nos. 190 and 191, Oct. 31, 1930.

Henry J. Fitzgerald, custodian, Quincy School-house, to the Cudworth School-house and Portable No. 14, Nov. 2, 1930.

Edward F. O'Donnell, custodian, to the John Boyle O'Reilly School-house and Portable No. 143, Nov. 9, 1930.

Placed on file and the transfers approved, to take effect on the dates stated.

AMENDMENTS TO SCHEDULE OF EXTRA COMPENSATION FOR CUSTODIAN SERVICE

A communication was received from the Schoolhouse Custodian, under date of Oct. 20, 1930, recommending that Sections 1 and 2 of the Schedule of Extra Compensation for Custodian Service—School Document No. 8, 1929, be amended in accordance with an accompanying order.

Placed on file.

On motion, it was ORDERED, That the Schedule of Extra Compensation for Custodian Service, Sections 1 and 2, be amended by striking out the rates established for the Brighton High School and inserting the following rates to apply when schools are used for Extended Use or other purposes:

SCHOOL	Sun., Mon., Tues., Thurs., and Sat.	Weds.	Assts. auth.	Sun., Mon., Tues., Thurs., Fri., Sat.
Brighton High:				
Assembly hall..	\$1.71	\$57	2	\$1.14
Gymnasium, bath and locker rooms....	2.20	.74		1.46
Lunchroom....	1.41	.47		.94
Solomon Lewenberg:				
Assembly hall	1.05	.35		.70
Trade School for Girls:				
Assembly hall	—	—		.95
William Howard Taft:				
Assembly hall	1.68	.56	1	1.12
Gymnasium, bath and locker rooms	1.77	.59		1.18
Lunchroom.	.33	.11		.22

REPORTS ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa & Co., under date of Oct. 21, 1930, submitting their reports on the audit of the books and accounts of the Business Manager and the Secretary, for the three-month period ending Sept. 30, 1930; and their reports on the audit of the books and accounts of the principals of the Boston Trade School, the Continuation School, and the Trade School for Girls; and of the various co-ordinators in the Charlestown High School, Brighton High School, Roxbury Memorial High School (Boys), and Dorchester High School for Boys, for the three-month period ending Sept. 30, 1930.

Placed on file.

Mr. John F. Cullen addressed the Committee from the floor.

Mr. Cullen: Mr. Chairman, I wish you could take care of my matter tonight.

Chairman: A member of the Committee has requested time to study the matter.

Mr. Cullen: Matter is simple—it could be settled.

Chairman: It is a matter of courtesy. If one of the members of the Committee thinks a question requires study, we afford that member that courtesy.

Mr. Cullen: I am inclined to think that I have a right to a little courtesy also. I have been going back and forth to the Committee for three months. I don't think I should be turned away now. I have a contract—

Chairman: With whom have you a contract?

Mr. Cullen: With the City of Boston.

Chairman: Any department?

Mr. Cullen: Department of School Buildings. They have gone through to Mr. Burke and your Committee several times in the last three months—the first time around the middle of August.

Chairman: The first time the matter came to my attention was last Tuesday and I went into it, and it has my approval. But I think the one member of this Committee is deserving of an opportunity to study it, having heard of it for the first time tonight. It is only common courtesy to that member.

Mr. Cullen: My only purpose in talking now is that I can make it simpler for you before it goes through so many other hands.

Chairman: Is it your purpose, even in a small degree, to force our hand?

Mr. Cullen: No.

Chairman: Now you remember you spoke to me in the back of the room and I told you the exact circumstances. I was in favor; the Superintendent recommended it; but one member, having heard of it for the first time tonight, wanted time to look into the matter.

Mr. Cullen: I spoke to Mrs. Pigeon as you ordered me.

Chairman: I didn't order you.

Mr. Cullen: I spoke to Mrs. Pigeon and Mrs. Pigeon presented the notations to you. I think I am entitled—if you don't take it up now it means the school is delayed that much longer. My contract says that within ninety days I must have my plans finished. I cannot finish them because the letter of accommodations has been changed.

Chairman: You have had contracts before. Don't you know that if you cannot complete the contract because of any fault of public authorities, you don't lose under your contract?

Mr. Cullen: I lose money, and plenty, by such delay.

Chairman: I cannot but think that you are just trying to put one member of this Committee in a hole.

Mr. Cullen: No. I am in a hole if I wait. It is an order that Superintendent Burke has given to me directly. I am following it out in letter, with the understanding for the last three months that it would be presented to the Committee.

Chairman: You state that for the last three months the Superintendent and you have been discussing this change in the plans. Mr. Superintendent, what was the first occasion on which you brought this proposed change of plan to the attention of any member of the School Committee? Was it not last Tuesday? And so far as the other members of the Committee are concerned, the first they heard of it was tonight, and is that due to the fact that you are trying to delay it or because it was not in shape to present?

Superintendent: There are a great many questions involved, Mr. Chairman. Mr. Cullen thinks he has been following the instructions of the Superintendent. I have given only one letter of instructions, but there have been apparently some questions about the general lay-out of the building, and that has caused the delay. It is not due to failure of communications from this department, but it is due to some reconstruction of plans in the office of the Superintendent of Construction. The delays have not been here.

Chairman: On the part of the Superintendent of Construction over whom we have no authority. Let me say this, Mr. Cullen: You realize, do you not, that tonight was the first time that this question came to the attention of the School Committee?

Mr. Cullen: No.

Chairman: What is the evidence to the contrary?

Mr. Cullen: I have an eight-classroom school contract. I drew the sketches and presented them to the Board of Commissioners and they in turn presented them to your Committee through the Superintendent.

Chairman: To our Committee or to the Superintendent?

Mr. Cullen: To the Superintendent. I have got those plans back saying that the eight-room addition was not what they wanted. They had a conference—

Chairman: I must interrupt lest there appear on the public record

a grave distortion of the law. Have you read the statute of 1929?

Mr. Cullen: Yes.

Chairman: Are you familiar with the fact that under the law the Superintendent, and the Superintendent alone, has authority to approve plans? Do you know that fact?

Mr. Cullen: He has the right to disapprove them and he has disapproved them after conference with your Committee.

Chairman: Has the Committee any authority over plans under that law?

Mr. Cullen: I have read it and discussed it with you personally. I am very well acquainted with the law.

Chairman: I beg your pardon, you have never discussed that phase with me.

Mr. Cullen: The plans have been changed with your Committee.

Chairman: The only thing you discussed with me was getting a job with the School Committee. I am afraid your present actions are dictated in part by the fact that you didn't get the job.

Mr. Cullen: I don't think you are working for the interests of the city.

Mr. Gray: I object to these remarks and move that unless we are going to get down to more concrete discussion, we adjourn.

Mr. Cullen: I wish you wouldn't ask to adjourn.

Mr. Gray: Not if you are going to confine yourself to the question at issue.

Mr. Cullen: I have tried to.

Mr. Gray: Unless Mr. Cullen retracts the remarks he made, I move we adjourn.

Dr. Lyons: I'd like to adjourn, but—

Mr. Gray: I shall move to adjourn, Mr. Cullen, unless you withdraw the remarks you just made.

Mr. Cullen: If the Chairman will retract his statement, I will retract any statement I made.

Chairman: I said what I believe to be true and cannot retract it.

Mr. Cullen: I don't.

Dr. Lyons: I think Mr. Cullen was probably a little upset and I'd like to know specifically—the one thing that interests me now is to know if any action has been taken by the Superintendent that has endangered the contract which Mr. Cullen has with the city.

Superintendent: Absolutely not.

Dr. Lyons: Then may I ask this: If this matter is delayed until the next meeting—two weeks from now—and the time of Mr. Cullen's contract has expired, does that mean he will not be able to renew it? Do you know that, Mr. Chairman?

Chairman: I don't know what the details of the contract are. I do know that if any delay in execution is caused by either the Superintendent of Construction or the Superintendent of Schools, Mr. Cullen wouldn't lose the contract.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POLICE DEPARTMENT ORDERS.

General Order No. 149.

The following promotions and assignments are hereby ordered to take effect Friday, November 14, 1930, at 7.45 o'clock a. m.:

To the grade of captain: Lieut. Harry N. Dickinson, Bureau of Criminal Investigation, assigned to Bureau of Criminal Investigation.

To the grade of lieutenant: Sergt. Robert Caverly, Division 10, assigned to Bureau of Criminal Investigation.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 150.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman Francis C. Donovan of Division 5, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Francis C. Donovan perform 210 hours' punishment duty.

The cause and reasons are as follows:

Charge: Neglect of duty.

Specification: In that on the 29th day of October, 1930, the said Patrolman Francis C. Donovan, while in uniform and on duty, was absent from his route from 10.30 o'clock a. m. until 5.53 o'clock p. m. of said day.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 151.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman Wendell McKinnon of Division 10, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Wendell McKinnon be reprimanded in General Orders.

The cause and reasons for such reprimand are as follows:

Charge: Neglect of duty.

Specification: As a result of the negligence of the said Patrolman Wendell McKinnon on the 27th day of October, 1930, one Frank Downey who was arrested for drunkenness escaped from custody about six o'clock a. m., of that day, in that the said Patrolman Wendell McKinnon placed the prisoner Downey in cell number 1 in Station 10 and neglected to securely lock the cell door. His failure to properly lock the cell door caused the escape of the prisoner, and the said Patrolman Wendell McKinnon therefore failed to perform his duty in the manner required of every member of the department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 152.

It gives the commissioner great pleasure to publish in General Orders the following letter received from H. J. Anslinger, commissioner in charge of the Bureau of Narcotics, Treasury Department, Washington D. C.:

TREASURY DEPARTMENT,
BUREAU OF NARCOTICS,
WASHINGTON, November 12, 1930.

HON. EUGENE C. HULTMAN,
Commissioner of Police, Boston, Mass.

MY DEAR COMMISSIONER,—I wish to convey to you my deep appreciation of the courtesies extended my representative, R. A. Darling, on the occasion of his recent visit to Boston, Mass., and ask that you convey to Deputy Superintendent McDevitt and to Superintendent Crowley my thanks for their whole-hearted co-operation and assistance in carrying through the investigations in your city. I also wish to commend to you Sergeant Caverly and Inspectors Keating and Petitti of the Police Narcotic Squad.

Mr. Darling advises me these men worked unremittingly for a twenty-four hour period without pause, and it was largely through their efforts that the unsuccessful Chinese raid later on led to the successful apprehension of two large peddlers of narcotics, as well as several smaller fry.

The fact that you, personally, as well as Mr. McDevitt and Mr. Crowley, participated in the raid on Chinatown, is one of the finest instances of cooperation that I have had brought to my attention.

I am to visit Boston very shortly, and hope to have the pleasure of meeting you in person.

Respectfully,

H. J. ANSLINGER,
Commissioner.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 153.

It gives the commissioner great pleasure to publish the following letter for the information of the department:

AMERICAN FEDERATION OF LABOR,
WASHINGTON, D. C., November 10, 1930.

HON. EUGENE C. HULTMAN, *Police Commissioner of the City of Boston, Boston, Mass.*

MY DEAR SIR,—I am writing you to express to you my very deep appreciation of your action in assigning Mr. William J. Goldston (Special Officer Goldston of the Bureau of Criminal Investigation) to assist me and to serve me in keeping my engagements while I was in attendance at the Convention of the American Federation of Labor which was held in Boston during the month of October. Because of the large crowds of people who were in the City of Boston during the time when the American Federation of Labor and the American Legion Conventions were being held it was very difficult to travel or move through the streets. These conventions increased my work immensely. I was required to attend many meetings and to fill engagements. I could not have done so if you had not assigned someone to assist and help me. Fortunately your selection was most excellent in every respect. Through the service Mr. Goldston rendered I was able to keep every engagement I made and to travel from place to place without difficulty.

I found that Mr. Goldston possesses excellent judgment and that he understands his work and how to do it in a most efficient way. I wish to commend him most highly for the service he rendered me.

Furthermore, I wish to compliment you, the Police Department and those associated with you, for the excellent way

in which you handled traffic and the crowds which were in attendance at the Convention of the American Federation of Labor and the Convention of the American Legion. All of you did your work well and for that you deserve great commendation.

With kind personal regards, I am,

Sincerely yours,

WILLIAM GREEN,
President.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 154.

This is to notify the department that Mr. Bernard P. Scanlan has this day been appointed secretary to the Police Commissioner.

Members of the department shall obey any request or command given by the secretary in the performance of his duties.

The secretary shall have complete charge of every record in the department, and all records, orders and notices of the department must be attested by him.

The secretary shall have supervision of the clerical work of the department, and the chief clerk shall report to him directly. The secretary shall perform any other duties assigned to him by the commissioner.

All rules and regulations of the department inconsistent with this order are hereby repealed.

This order to take effect at 9 o'clock a. m., Wednesday, November 19, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 155.

The resignation of Patrolman Robert A. Mayer of Division 20 having been presented, it is hereby accepted, to take effect at 5.45 o'clock p. m., Tuesday, November 18, 1930, seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 156.

The commissioner is informed that the members of the Boston Police Department have voluntarily decided to contribute the sum of one (1) dollar each for the months of November and December, 1930, and January, 1931, for the purpose of aiding worthy persons in this city who are at present unemployed. The petition for permission to make this contribution is approved, and the commanding officer of each station and unit may collect and forward the same, at the end of each month mentioned, to headquarters.

The commissioner appreciates the spirit shown by the department and will consider it a great honor and pleasure to forward all the money collected to his Honor the Mayor to be disposed of by him for needy families.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 157.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman William E. Broderick of Division 4, charging him with conduct unbecoming an officer, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that on the twenty-eighth day of October, 1930, the said Patrolman William E. Broderick, while in uniform and on duty, on Broadway, Boston, was under the influence of intoxicating liquor to such an extent that he was unable to properly perform police duty.

Specification 2: In that on the twenty-eighth day of October, 1930, the said Patrolman William E. Broderick, while in uniform and on duty, did commit an act contrary to good order and discipline, and by so doing did bring the Police Department of the City of Boston into disrepute and criticism.

Specification 3: In that on the twenty-third day of April, 1930, the said Patrolman William E. Broderick was charged with being an habitual and noticeable user of intoxicating liquor, and was found guilty of this charge by a trial board and ordered to perform two hundred and ten hours' punishment duty; further, that at the time the present act was committed, the said Patrolman William E. Broderick had not completed the said punishment duty.

has reported to the commissioner a finding of guilty as charged.

In accordance with which it is hereby ordered that the said Patrolman William E. Broderick be suspended from duty for a period of ninety (90) days to take effect as of Friday, November 14, 1930, at 5.45 o'clock p. m., and to expire February 12, 1931, at 5.45 o'clock p. m., with loss of pay during the term of suspension.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 158.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman George A. Kelley of Division 9, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman George A. Kelley perform seventy hours of punishment duty.

The cause and reasons are as follows:

Charge: Neglect of duty.

Specification 1: In that on the fifteenth day of October, 1930, the said Patrolman George A. Kelley, while on duty at the signal desk in Station 9, received a report from a citizen that a robbery had occurred and the said citizen requested immediate assistance, and the said Patrolman Kelley neglected to report immediately the circumstances and the request for assistance to the officer in charge of the station at the time of the call, and as a result of this, aid was not sent promptly to the scene of the robbery, thereby causing annoyance and delay in the proper apprehension of the criminal.

Specification 2: In that the said Patrolman George A. Kelley by failing to communicate to the officer in charge of the station the information concerning the robbery and the request for assistance,

neglected to perform his duty in the manner required of every member of the department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 159.

The commissioner desires to commend the meritorious work performed by Patrolman Sylvester W. Murphy of Division 4, in connection with the capture of the person or persons responsible for the murder of Samuel Guida on November 11, 1930. It appears that one Samuel Guida while crossing a vacant lot off Lowell street, was shot and killed by being shot from a shot gun which was discharged from an automobile, Massachusetts Registration 507,447. After the shot was fired the car left the scene of the murder and disappeared. Two alert children, a boy aged thirteen and a girl ten years, however, had noted the registration number of the car. These children gave the number of the car to Patrolman Walter J. Kenney of Division 3 who immediately reported it to Headquarters where it was sent out on the teletype at about 7.40 p. m. Patrolman Murphy was patrolling his route on Tremont street in a southerly direction at about 8.10 and observed a car bearing the numbers which had been given out and immediately gave chase and with the assistance of Patrolmen Cecil V. Craig and George L. Kenney, both of Division 20, cornered the car and took the occupants into custody.

Patrolman Murphy by his keen observation and alertness without doubt saved the department many days and perhaps weeks of effort in endeavoring to solve this crime. Patrolman Murphy is commended for his alertness and attention to duty and is hereby granted seven days' additional vacation.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 160.

Patrolman Cecil V. Craig of Division 20 is hereby commended in General Orders for his fine cooperation and assistance in accomplishing the arrest of the persons wanted by the police in connection with the murder of Samuel Guida on the night of November 11, 1930. It is gratifying to the commissioner to know that the members of the force are so ready to cooperate for the good of the department as was demonstrated by Patrolman Craig on this occasion.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 162.

Patrolman George L. Kenney of Division 20 is hereby commended in General Orders for quick response to the request of a brother officer that his services were required in accomplishing the arrest of persons wanted in connection with the murder of Samuel Guida on November 11, 1930. Had it not been for the fine spirit of cooperation shown by all the officers concerned, the persons wanted might have made their escape.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

On boxes to which a rescue company is not assigned, in the event that the chief officer in charge of fire is of the opinion that the services of such a company are needed, he will order same through the Fire Alarm Office.

All previous assignments, regulations and orders inconsistent with the foregoing order are hereby rescinded.

All company commanders will arrange to have assignment cards changed to conform with this order, and will see that same is done in a neat and legible manner. District chiefs when making tours of their respective districts will make a personal inspection of assignment card boxes to see that this order is carried out in a proper manner.

Per order:

HENRY A. FOX,
Chief of Department.

General Order No. 101.

I. CAPTAIN CHARLES A. WOLFE.

It is with deep regret that the Fire Commissioner announces the death, on Tuesday, November 11, 1930, of Captain Charles A. Wolfe of Engine Company 34. Captain Wolfe was appointed to the department on October 15, 1901, and his promotions were as follows: To lieutenant, July 12, 1918; to captain, February 1, 1924.

The funeral services will be held on Saturday, November 15, 1930, at 1 p. m., at the Brighton Congregational Church, Washington and Dighton streets, Brighton. Interment will be at Evergreen Cemetery, Commonwealth avenue, opposite Foster street, Brighton.

The Chief of Department will make the usual detail for a funeral escort from the department. The detail will report at the quarters of Engine Company 29, Chestnut Hill avenue, Brighton, at 12.30 p. m., Saturday, November 15, 1930. District Chief Thomas H. Andreoli will be in command of the detail. The members of Engine Company 34 will be excused from duty during the hours of the funeral in order that they may attend the services.

II. FIRE DEPARTMENT BAND.

The next rehearsal of the Fire Department Band will be held at 2 p. m., Saturday, November 15, 1930, at the quarters of Engine Company 26, Broadway. Members will report promptly at the hour stated and will bring their instruments, music and music stands.

III. AMERICAN RED CROSS.

Officials of the American Red Cross have requested the Fire Commissioner to announce to the department that the annual roll call of the Red Cross is now being conducted, and members of the Fire Department are invited to join or renew their membership in this organization of mercy.

Subscription blanks, membership cards and buttons are being furnished to district chiefs and heads of department branches today. District chiefs and heads of department branches are instructed to interview members under them in regard to membership in the American Red Cross. The names of members who desire to join should be filled out on the group enrollment blanks and these blanks with subscriptions should be returned to the Fire Commissioner's office not later than Monday, November 24, 1930.

IV. H. AND H. INHALATORS IN SERVICE.

H. and H. inhalators have been furnished to Engine Companies 31, 44 and 47.

V. ELEVATOR RESCUE KITS.

Elevator rescue kits have been recently removed from district chiefs' cars and have been placed in service with the following companies:

Ladder Companies 6, 7, 10, 16, 19, 21, 23, 25, 27, 29, 30. Engine Companies 31, 44, 47.

VI. ACTING DISTRICT CHIEFS.

Capt. Francis Kehoe of Engine Company 42 and Capt. John J. Devine of Ladder Company 30 have been designated as acting district chiefs of District 12, to take effect as of May 31, 1929.

Capt. William F. Donovan of Ladder Company 16 has been designated as acting district chief of District 13, to take effect as of December 20, 1929.

VII. ELECTRICITY.

The attention of company commanders is called to the use of electricity in the fire stations of this department. It is very apparent from the way the bills are continually increasing that enough attention is not being paid to this item. Company commanders are instructed to give this matter their attention and see that lights are promptly extinguished when not in use.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 102.

I. BAND REHEARSAL.

The next rehearsal for the Fire Department Band will be held at 2 p. m., Saturday, November 22, 1930, at the quarters of Engine Company 26, Broadway. Members will report promptly at the hour stated and bring their instruments, music and music stands.

II. NEW BOX CIRCUIT No. 83.

A new box circuit No. 83 has been installed into which the following boxes have been connected:

243 out of 35 circuit; 2435 out of 35 circuit; 13-2512 out of 42 circuit; 2513 out of 42 circuit; 12-2516 out of 52 circuit; 2518 out of 52 circuit; 2545 out of 52 circuit; 2558 new; 2563 out of 72 circuit; 2564 out of 23 circuit; 2569 new; 2577 out of 72 circuit; 3721 out of 57 circuit; 3731 out of 57 circuit; 3743 out of 57 circuit; 3812 out of 59 circuit; 3814 out of 59 circuit; 3816 out of 59 circuit.

III. NEW STREETS AND CHANGES IN NAMES.

The following new streets and changes in names of streets has been published by the Street Laying-Out Department:

Hyde Park.

Chittick road, formerly Foster street, from Loring street southeasterly.

Norris road, formerly Vose street.

Fairmount court, formerly Station street (under Fairmount avenue).

West Roxbury.

Esther road, from 1715 Centre street to Theodore Parker road.

Prentiss road, from 536 La Grange street.

Orchardhill road, formerly Orchard avenue.

Bournedale road, formerly Westbourne terrace.

East Boston.

St. Edward road, formerly Austin avenue.

Dorchester.

Wilrose street, formerly Wales place, from 10 Rock terrace to railroad.

O'Connell road, from 992 Washington street to cemetery.

Roxbury.

Pleasanton street, formerly Mt. Pleasant street (Ruthven street to Homestead street).

Brighton.

South Waverly street, from 94 Lincoln street to 70 Litchfield street.

IV. CHANGES IN ASSIGNMENT CARDS.

The following corrections are to be made in box locations of assignment cards:

13-1461 Lyric Theatre, 547 Washington street; 2766 Vermont and Lyall streets; 5262 South Waverly and Lincoln streets; 6263 Saratoga street and St. Edward road.

V. BOSTON AUTOMATIC FIRE ALARM.

Automatic Box 1291, located at 43-53 Beverly street, has been removed from service.

VI. MEAL PERIODS.

Members of the department who are performing a twenty-four hour tour of duty on Thanksgiving and Christmas days will be granted one meal period of two hours. Company commanders will arrange these meal periods as conveniently as possible for the men, but the strength and efficiency of the company must be maintained.

Members who are on duty on the above days from 8 a. m. to 6 p. m. may be granted meal periods on condition that members working opposite them on the 6 p. m. to 8 a. m. shift substitute for them while they are absent.

VII. NOMINATION OF TRUSTEES CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

The attention of the members of the Charitable Association of the Boston Fire Department is hereby called to Article 5, section 1, as follows:

"The Board of Chiefs, and each district of the fire-fighting force of the Boston Fire Department, and the Boston Protective Department shall submit the name of any candidate or candidates for the office of trustee of the association to the secretary on or before the first Monday in December of each year."

Nominations should be sent to the secretary, William P. Sullivan, second floor, Maintenance Building.

VIII. COMMENDATIONS.

Capt. John P. Walsh of Engine Company 47 is hereby commended for extinguishing a fire at the Colonial Filling Station, Chelsea and Saratoga streets, November 12, before the arrival of the apparatus, and while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a uni-

versity or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DENTAL HYGIENIST, BOSTON SANATORIUM, DECEMBER 9, 1930.

Last date for filing, Tuesday, December 2, 1930, at 5 p. m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$25 a week and lunches.

Duties: Regular duties of a dental hygienist.

Applicants must be registered as dental hygienists under the Division of Registration in Dentistry.

Subjects and Weights: Training and experience, 3; registration mark, 2; practical questions, 3; oral interview, 2; total 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioner, as to their physical fitness for the position.

BOSTON DEPUTY SEALER OF WEIGHTS AND MEASURES, DECEMBER 11, 1930.

Last day for filing, Thursday, December 4, 1930, at 5 p. m.

Salary: \$1,600 a year.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, pedlers and transient vendors; to wholesale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight. It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action.

Pamphlets including the General Laws relating to weights, measures, licenses, etc. and a Sealer's Manual, containing instructions for the inspection, testing and sealing of weighing and measuring devices, may be obtained upon request to the Direction of Standards, 194 State House, after application for examination has been filed. The tables of weights and measures given in the Sealer's Manual will govern the marking of all questions involving any units of weight or measure.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 1; practical questions, 2; personality and fitness as determined by an oral interview, 2; total, 10.

Applicants will be required to obtain at least 60 per cent in practical questions, in training and experience, and in report and at least 70 per cent in arithmetic, in the oral interview and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING ASHES, STORE DIRT, HOUSE DIRT, REFUSE AND GARBAGE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing ashes, store dirt, house dirt, refuse and garbage, between January 1, 1931, and December 31, 1931, including the removal of all household refuse during the spring cleaning period between April 1, 1931, and May 15, 1931, and shall also remove grass, garden refuse and leaves during the entire term of the contract in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. THERE ARE TWO DISTINCT PROPOSALS: Proposal No. 1 and Proposal No. 2, and are to be alternative bids. Each proposal shall contain a list of approved dumps, which the bidder proposes to use in the performance of the contract. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Ashes, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 4, 1930, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOHN E. CARTY,

Acting Commissioner of Public Works.
(Nov. 22-29.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN FURNIVAL ROAD AND OUTLET IN PRIVATE LAND TO ROCKWOOD STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Furnival road and outlet in private land to Rockwood street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract, and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Furnival Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, November 28, 1930, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,

Acting Commissioner of Public Works.
(Nov. 22.)

CITY OF BOSTON.

PARK DEPARTMENT.

CONSTRUCTING A TIMBER SEA PLANE RAMP AT THE BOSTON AIRPORT, EAST BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for constructing a timber sea plane ramp at the Boston Airport, East Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder, and inclosed in an envelope, sealed, and marked "Proposal for Constructing a Timber Sea Plane Ramp, at the Boston Airport, East Boston," and left before 12 o'clock on Thursday, December 4, 1930, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN.

(Nov. 22-29.)

Commissioners.

SUPPLY DEPARTMENT.

PROPOSALS FOR BITUMINOUS PATCHING MATERIAL.

The Supply Department of the City of Boston invites proposals for furnishing bituminous patching material to be delivered as required to the Public Works Department, according to proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. Bidder must use the form of proposal to be obtained at the above office, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. Proposals will be publicly opened and read at the above office at 12 m., Tuesday, December 9, 1930. Proposals must be accompanied by a certified check for \$400, which is to be the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

(Nov. 22.) Superintendent of Supplies.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an Elementary school, in the Charles Sumner District, Basile street, West Roxbury district, Boston, giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Thursday, December 11, 1930, at said office, with a certified check for \$7,500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the bid deposit.

LOUIS K. ROURKE,

(Nov. 22.) Superintendent of Construction.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSAL FOR REMOVING ASHES AND RUBBISH FROM CERTAIN PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for removing ashes and rubbish from the basements of certain school buildings. Only proposals obtained at the office of the Business Manager of the School Committee, 15 Beacon street, signed by the bidder and left before 12 o'clock m. on Monday, December 1, 1930, at said office with a certified check for \$50, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be in duplicate, the one with the check must be sent to the office of the Business Manager as directed above, and the other filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a certified check or a surety bond for not less than fifty per cent of the amount of the contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids and to accept such bid as may be deemed best for the interests of the city. All bids are received and accepted subject to appropriations by the School Committee to meet the cost thereof.

ALEXANDER M. SULLIVAN,

(Nov. 22.)

Business Manager.

CITY OF BOSTON.

POLICE DEPARTMENT.

PUBLIC AUCTION.

By order of the City Council and approved by his Honor the Mayor, I will sell at public auction the police boat "Guardian" on November 24, at 10 a. m., at an upset price of \$700. The sale will be held at the berth at Constitution Wharf, Commercial street, Boston. Terms and conditions of the sale: Cash or certified check at the time of sale. Further information from the auctioneer.

EDWARD W. FOYE,
Municipal Auctioneer,
24 School Street, Boston.

(Nov. 22.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., on Friday, November 28, 1930, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of December, 1930. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with the federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the federal standards and the bidders are to furnish a certificate to this office showing the grade of oats bid on. The hay and oats must be weighed by a sworn weigher and on the scales designated by the Superintendent of Supplies. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

PHILIP A. CHAPMAN,

(Nov. 22.)

Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CAST-IRON WATER PIPE AND SPECIAL CASTINGS FOR THE HIGH PRESSURE FIRE SERVICE.

The Supply Department of the City of Boston invites proposals for furnishing cast-iron water pipe and special castings to the Public Works Department, for the High Pressure Fire Service. Blank proposals must be obtained at the office of the Supply Department, Room 801, City Hall Annex, and the bidder must leave his proposal with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office before 12 m., Thursday, December 4, 1930, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 22.) *Superintendent of Supplies.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO THEATER EQUIPMENT CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to furnish and install stage equipment, etc., in the Michelangelo School, Charter street, Boston, Mass., giving bond of a surety company satisfactory to the Superintendent of Construction in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m., of Friday, November 28, 1930, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

LOUIS K. ROURKE,
(Nov. 22.) *Superintendent of Construction.*

CITY OF BOSTON.

PARK DEPARTMENT.

DEMOLISHING AND REMOVING THE TRIBUNE BUILDING ON BOSTON COMMON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for demolishing and removing the Tribune Building on Boston Common. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope sealed, and marked, "Proposal for Demolishing and Removing the Tribune Building on Boston Common," and left before 12 o'clock on Friday, November 28, 1930, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman.*
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BAR SCREENS FOR NO. 3 PUMP WELL, CALF PASTURE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bar screens for No. 3 pump well, Calf Pasture. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Bar Screens for No. 3 Pump Well, Calf Pasture," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, November 28, 1930, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,
Acting Commissioner of Public Works.
(Nov. 22.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

NOTICE OF HEARING.

Under the provisions of Chapter 263 of the Acts of the Legislature of 1929, the Boston Traffic Commission will hold a hearing on the matter of "No parking on both sides of Mason street," on Thursday, December 4, 1930, at 10 a. m., in Room 603, 154 Berkeley street, Boston, Mass.

JOSEPH A. CONRY,
(Nov. 22-29.) *Commissioner.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BORINGS AT CHELSEA BRIDGE NORTH OVER MYSTIC RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for borings at Chelsea Bridge North, and giving bond thereof of a surety company approved by the Commissioner in the sum of eight hundred (800) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bids for Borings at Chelsea Bridge North," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, November 28, 1930, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOHN E. CARTY,
Acting Commissioner of Public Works.
(Nov. 22.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR CAST-IRON PIPE.

The Supply Department of the City of Boston invites proposals for furnishing to the Water Service:

200 tons 6-inch Class B pipe,
500 tons 8-inch Class B pipe,
200 tons 10-inch Class B pipe,
1,000 tons 12-inch Class B pipe,
250 tons 16-inch Class B pipe,
30 tons special castings, 24-inch to 48-inch stock,

according to specifications which must be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The bid, with a certified check for \$1,000, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Thursday, December 4, 1930, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, NOVEMBER 29, 1930.

No. 48

CITY OF BOSTON CREDIT UNION HAS DONE NOTABLE WORK IN AID- ING EMPLOYEES SINCE FIRST ESTABLISHED BY MAYOR CURLEY — IN FLOURISHING CONDITION.

The annual report of the City of Boston Employees Credit Union shows the organization to be in a very flourishing condition, and giving aid to many deserving employees who would otherwise find themselves in circumstances verging on suffering at this time of depression.

The report shows that on October 31 there were 10,461 shares in force, divided between a membership of 2,640. There were 1,542 employees who had taken advantage of the union to borrow. The total amount that has been loaned for the year ending October 31 was \$279,436.91 and the total amount loaned since organization of the credit union by Mayor Curley has been \$1,802,670.84.

The full report of the annual meeting is as follows:

City of Boston Employees Credit Union Report.

The sixteenth annual meeting of the City of Boston Employees Credit Union was held Tuesday, November 18, 1930, at 4 p. m., in Room 56, City Hall, Boston.

Recommendations of the Board of Directors.

That the maximum number of shares which may be held by a member during the ensuing year be fixed at one hundred.

That the maximum amount of savings which a member may deposit in any one month be fixed at \$25 and the maximum amount which a member may have on deposit at any time be limited to \$2,000, exclusive of accrued interest.

That the maximum amount of credit which a member may have at any one time during the ensuing year be fixed at \$300.

That a dividend at the rate of 6 per cent and an extra dividend at the rate of 2 per cent for the year ending October 31, 1930, be declared payable on or after December 1, 1930.

"O Boston, fair City enthroned like a radiant queen.
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth, avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BOARD OF ZONING ADJUSTMENT HEARINGS.

FRIDAY, DECEMBER 5, ROOM 30, CITY HALL.

Petition No. 216, at 2 p. m.—Public hearing on petition of Chester C. Topham to create an L-35 zone at the southwest corner of the intersection of Huntington avenue and Westminster street, including properties numbered 407 and 403 Huntington avenue, and 107 Westminster street, Hyde Park district, or such extension or modification of this area or use as may appear advisable to the Board. (Zoning sheet No. 11.)

Petition No. 217, at 2.30 p. m.—Public hearing on petition of Pauline Brown by Joseph C. Magnet, to create an L-40 (Local Business, 40 feet height) district at the northeast corner of River street and Lexington avenue, Hyde Park, or such extension or modification of this area or use as may appear advisable to the Board. (Zoning sheet No. 11.)

Petition No. 218, at 3 p. m.—Public hearing on petition of Star Realty Trust, by Carl W. Johansson, trustee, to establish an L-35 zone at the southerly corner of the intersection of Beech and Poplar streets, including property No. 577 Beech street, West Roxbury, and known as Lot 15 on a plan entitled "Roslindale Terrace" made by Ernest W. Branch, Civil Engineer, dated December 31, 1927, or such extension or modification of this area or use as may appear advisable to the Board. (Zoning sheet No. 10.)

Petition No. 219, at 3.30 p. m.—Public hearing on petition of Solomon Nathanson by William F. A. Graham, to extend the L-40 zone in a westerly direction along Morton street, Dorchester, from the zoning boundary line approximately 142 feet southeast of Fairmount street to a point approximately 200 feet northwest of Fairmount street and to a depth of 100 feet, or such extension or modification of this area or use as may appear advisable to the Board. (Zoning sheet No. 8.)

EXTRA WORK UNDER CONTRACT.

V. Barletta Company has been directed to perform the following extra work under the contract for building sewerage works, Savin Hill Bay Sewerage Works, Section 1, in private land between Auckland street and existing culvert under New York, New Haven & Hartford Railroad, Dorchester district, dated September 10, 1929. Items ordered: Furnish one watchman for daytime and one for nighttime on account of fact that due to the break in the Dorchester intercepting sewer under Old Colony Parkway near Mt. Vernon street, Dorchester, work under this contract could not proceed until the Dorchester intercepting sewer had been repaired, viz., from February 25 to May 17, 1930, total, 81 days each, 162 days at \$5 a day. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$810.

M. McGinnis Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Adams street and Granite avenue, dated September 27, 1930. Items ordered: Excavate rock where directed in Granite avenue. Price to be paid: The sum of \$15 for each cubic yard of rock excavated, estimated cost of extra work, \$1,500.

Coleman Brothers, Incorporated, have been directed to perform the following extra work under the contract for reconstruction of Summer Street Bridge over reserved channel, dated August 8, 1930. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Furnish and install eight roadway gates, supporting posts, and all incidental fittings and fastenings in accordance with plan submitted. Coleman Brothers are doing the work on the bridge and are in a position to do this work much more rapidly and economically than some other contractor and there will be avoidance of friction between different contractors working at high speed to finish up the job. Estimated cost of extra work (agreed price), \$4,000.

ADDRESS OF COUNCILOR WILLIAM G. LYNCH, ACTING MAYOR OF BOSTON, AT THE SALVATION ARMY DINNER TO THE CHILDREN OF BOSTON, FORD HALL, THANKSGIVING DAY, NOVEMBER 27, AT NOON.

DEAR LITTLE FRIENDS,—I am very happy to have the opportunity to come to you as Acting Mayor of the City of Boston upon the morning of Thanksgiving Day and bring to you the salutation and greeting of the City of Boston.

This holiday is observed throughout our country and should bring a special happiness to the minds and hearts of little children, for we should all give thanks to God for what we enjoy.

You are the guests of the members of the Salvation Army, one of the greatest organizations the world has ever known in bringing aid, comfort, enjoyment, hope and happiness to those who are so bravely endeavoring to better their own circumstances and make brighter and happier their positions in this busy world of ours.

It is a wonderful thing when we consider the work the Salvation Army is carrying on in over sixty countries of the world, distributing food, providing shelter, opportunities for employment, aiding the children, caring for the mothers and relieving the poor and unfortunate.

The Salvation Army provides for children's wants and children's homes, summer outings for women and children, fuel for the needy and lodgings for those who are destitute.

It comprises angels of human mercy everywhere.

I want to know if you will not try to help the members of the Salvation Army in every way possible, for they are one of the greatest organizations for good to everyone the world has ever known and are entitled to every aid that you can possibly extend them.

I wish you a happy and excellent Thanksgiving Day, thanks to the kindly men and women of the Salvation Army, who are entertaining you so royally here. May God bless you one and all.

TRAFFIC COMMISSION RULINGS.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended, as urgently required by considerations of public safety and convenience, effective November 25, 1930, as follows:

During the period of sewer construction, estimated to be two (2) months, North Harvard street is a one-way street from Cambridge street to Franklin street, with parking of vehicles prohibited in both sides.

Voted, During the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Milk street, between Devonshire street and Federal street, from 7 p. m., Saturday, November 22, 1930, to 7 a. m., Monday, November 24, 1930.

Voted, That during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Tudor street, between E street and F street, effective on November 21, 22, 24 and 25, 1930.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

VISITOR AND GUARDIAN TO OLDER BOYS,
 DEPARTMENT OF PUBLIC WELFARE,
 DECEMBER 13, 1930.

Last day for filing applications, Saturday, December 6, 1930, at 12 m.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,920 a year; the maximum is \$2,400 a year.

Applicants must be not less than twenty-five nor more than forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Duties: To place and supervise boys over twelve years of age, to find suitable boarding homes, free homes, wage homes, educational opportunities and employment, and to guide boys until they are discharged; to visit the boys at least four times a year as guardian, and to attend court hearings on complaints involving neglect of children and complaints against boys for delinquency.

Qualifications: Education equivalent to high school graduation, and either one year's experience in social case work with

a recognized agency, or a college degree or equivalent education.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, December 8.
 New Bedford, Wednesday, December 10.
 New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
 PAYSON SMITH,
 GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

**MAYOR CURLEY COMMENDED BY
 GOVERNOR ALLEN FOR TER-
 CENTENARY CELEBRATION'S
 SUCCESS.**

Mayor Curley, on November 20, received the following letter from Governor Frank G. Allen:

MY DEAR MAYOR CURLEY,—In acknowledging your recent letter expressing appreciation for my cooperation during the Tercentenary celebration, may I in turn express to you my cordial thanks for the splendid work which you and the City of Boston have performed throughout the year.

I believe that the Commonwealth and the City can take a considerable amount of satisfaction in the success of the several events which have been so successfully staged during the summer and autumn. I know this would not have been possible without your full cooperation which has contributed greatly to the outstanding success of our celebrations.

The racial and historical pageants and programs presented at the Tribune on Boston Common were highly successful and constituted one of the chief attractions. I agree with you fully that the observance of the Tercentenary has been of great educational value and has re-inspired in our people a new loyalty and devotion to the highest ideals and principles of a free government.

I note that you and Mr. Parker have determined upon the proper disposition of the Tribune building, which action meets entirely with my approval.

With warm personal regards.

Faithfully yours,

FRANK G. ALLEN.

CONTRACTS AWARDED WITH- OUT ADVERTISING.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

P. J. Cantwell & Son have been allowed for the following changes in the contract for various school shelters: Add for 22.5 cubic yards rock excavation trench (blasting) at \$12 a cubic yard, \$270; deduct for 22.5 cubic yards earth excavation trench, at \$2.50 a cubic yard, \$56.25; net addition, \$213.75, per Civil Engineer Callanan's letter of October 21, 1930, and the amount of \$213.75 will be added therefor making the account as follows: Contract price, \$18,470; total additions, \$213.75; amount of contract, \$18,683.75.

Daniel Russell Boiler Works has been allowed the following changes in the contract for various schools, section "B," for repairing furnace walls, resetting cheek and arch plates, as itemized below: Labor, 130 hours, one pair of men at \$3.25 per hour, \$422.50; material and trucking, \$320; total, \$742.50, per Heating Engineer Cassidy's letter of October 28, 1930, and the amount of \$742.50 will be added therefor, making the account as follows: Contract price, \$1,149; total additions, \$742.50; amount of contract, \$1,891.50.

M. Spinelli & Sons have been allowed to deduct from the substitution of artificial cement stone for brick in exterior window and door lintels in new portion of the Fuller School addition and the substitution of cement brick for molded brick in ornamental belts, per Architect's letter of October 22, 1930, and the amount of \$230 will be deducted therefor, making the account as follows: Contract price, \$67,200; total additions, \$2,129.28; total deductions, \$5,330; amount of contract, \$63,999.28.

Archdeacon & Sullivan, Incorporated, have been allowed for the following changes in the contract for the A. Hamilton School addition: 96.44 cubic yards trench excavation at \$2.50, \$241.10; 53.12 cubic yards trench excavation below 6 feet at \$3.50, \$185.92; 43.37 cubic yards concrete at \$20, \$867.40; 106.19 cubic yards backfill at \$1, \$106.19; total addition, \$1,400.61, per Architect's letter of November 3, 1930, and the amount of \$1,400.61 will be added therefor, making the account as follows: Contract price, \$93,535; total additions, \$2,005.11; amount of contract, \$95,540.11.

Matthew Cummings Company have been allowed the following changes in the contract for the E. P. Tileston School, for furnishing and erecting salt glazed brick on the interior face of the walls in the polling, sewing, millinery, cooking and unassigned rooms of the above named school, \$3,625, itemized as follows: 83,000 salt-glazed at unit price of \$110 per M, \$9,130; less allowance for 83,000 sand-struck brick at unit price of \$65, \$5,395; total, \$3,735; less omission of painting, \$110; net addition, \$3,625, per architect's letter of November 8, 1930, and the amount of \$3,625 will be added therefor, making the account as follows: Contract price, \$732,300; total additions, \$17,408.65; total deductions, \$13,000; amount of contract, \$736,708.65.

M. Spinelli & Sons have been allowed the following for changes in the contract for the M. Fuller School addition: Scraping and oiling wood floors in old building, \$308.25; furnishing and installing seventy-two new lights of moss glass in toilet rooms, \$227.20; total, \$535.45, per architect's letter of October 29, 1930, and the amount of \$535.45 will be added therefor, making the account as follows: Contract price, \$67,200; total additions, \$2,664.73; total deductions, \$5,330; amount of contract, \$64,534.73.

Walter Curley & Son have been allowed to deduct from the contract for the following changes in the Memorial High School: Allowance as per page 50 of specifications, \$500; electrical work and equipment performed, \$325; net deduction, \$175, per Supervisor of Alterations and Repairs Driscoll's letter of November 5, 1930, and the amount of \$175 will be deducted therefor, making the account as follows: Contract price, \$25,830; total additions, \$472.95; total deductions, \$175; amount of contract, \$26,127.95.

HOSPITAL DEPARTMENT.

John Bowen Company, contractor for alterations to South Department, Boston City Hospital, has been instructed to add to the contract dated August 26, 1930, the sum of \$535; for furnishing labor and material for installing new piping and sprinkler heads in Room No. 5. Nurses' Home, as per letter dated October 15, 1930; installing new gas lines from meter to incubator and toaster above, also new electric bells and loud speaker in Administration Building, as per letter of October 29, \$275. Original contract, \$62,638; corrected contract, as per order No. 1621, \$65,667; now added, \$535; corrected contract, \$66,202; total added, \$3,689; total deducted, \$125.

Matthew Cummings Company, contractor for erection and completion of Kitchen and Dining Room Building, Mattapan, have been instructed to add to the contract dated May 2, 1930, the sum of \$60 for preparing concrete foundations to receive ice machinery; 8 cubic yards at \$20, \$160; difference between allowance of \$1,200 for lighting fixtures and \$1,100,

amount of contract, deduct \$100. Original contract, \$231,000; corrected contract, as per order No. 1620, \$232,527.01; now added, \$60; corrected contract, \$232,587.01; total added, \$12,960.01; total deducted, \$11,373.

PARK DEPARTMENT.

F. G. Jacques Construction Company has been ordered to make the following addition to the contract for erecting wooden shelters on playgrounds and parks signed September 30, 1930. William F. Smith Playground, Brighton: Carry the concrete footings down through the peat a distance of 1 foot 6 inches more than shown on the plan and build concrete footings 3 feet square and 4 inches thick at this lower grade. The footings are to be reinforced with $\frac{1}{2}$ -inch square rods 6 inches on centers. The entire eight piers are to have the footings carried to this lower depth at this location. Do all excavating and backfilling for this work and dispose of all surplus material. For carrying the footings down to a greater depth than shown on the plan and the construction of the concrete footings the sum of \$96.60 will be added to the contract price. Contract price, \$4,487; addition as per this order, \$96.60; contract as standing, \$4,583.60. Although this work is in addition to the work contemplated in the original contract it is incidental thereto.

BUILDINGS RAZED.

The Mayor has approved the order of the Building Department for the razing of the following structures as constituting nuisances and fire menaces:

The building at 41 Everett street, Ward 1.

The owner, Antonio DeStefano, care of Lena DeStefano of 92 St. Andrew road, East Boston, was notified of the unsafe condition of the building, but neglects to remove the cause for complaint.

The building at 76 and 78 High street, Ward 3.

The owner, A. S. Farwell of 89 Broad street, was notified of the unsafe condition of the building but neglects to remove the cause for complaint.

The building at 185 and 187 Walnut avenue, rear, Ward 12.

The owner, Jennie Cantor of 40 Whitney street, Roxbury, was notified of the unsafe condition of the building, but neglects to remove the cause for complaint.

The buildings at 15-21 Bickford street, Ward 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

FIRE SERVICE.

CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT, JANU-
ARY 10, 1931.

Last day for filing applications, Wednes-
day, December 31, 1930, at 5 p. m.

BOSTON AND METROPOLITAN DISTRICT,
JANUARY 24, 1931.

Last day for filing applications, Wednes-
day, January 14, 1931, at 5 p. m.

Applicants for the service of Boston
must be not less than twenty-two nor
over thirty-five years of age at the time of
filing their applications.

Applicants for all other cities and towns
in the Metropolitan District must be
not less than twenty-one nor over thirty-
five years of age at the time of filing their
applications. A certificate of date of
birth must be filed with the application.

Applicants for the service of cities and
towns outside of the Metropolitan Dis-
trict are required to be not less than
twenty-one nor over thirty-five years of
age at the time of filing their applications.
Applicants for Worcester fire service are
required to be not less than 5 feet 5 inches
in height. Applicants for Brockton must
be not less than 5 feet, 6 inches in height,
and weight not less than 135 pounds at
the time of appointment. Applicants for
Winchester fire service must be not less
than 5 feet 8 inches in height, and weigh
not less than 150 pounds. Applicants for
Lynn fire service must be not less than
5 feet 5½ inches in height, and weight
not less than 135 pounds.

Callmen and substitute callmen may
make such deductions from their ages as
are provided for in Civil Service Rule 8,
Class 21.

The subjects of examination with their
respective weights will be as follows:
Training and experience, 3; practical
questions, 4; general information, 3;
total, 10.

Physical fitness to be determined by
physical examination and strength tests.

Educational test, 3; physical test, 2;
total, 5.

Applicants will be required to obtain
at least 50 per cent in each subject of the
examination and at least 70 per cent in
the general average of the educational
test and in the strength test in order to
become eligible.

The practical questions will be based
upon information contained in a manual
known as the "Red Book." This manual
may be obtained from the Secretary of
State, Room 118, State House, at ten
cents a copy. It is necessary that appli-
cants obtain a copy of this manual and
study it carefully.

CHANGING STREET NAMES.

Alteration in the names of streets
seems to be on the increase in the United
States. In most cases the reasons for
it are inadequate, while changes that
would actually make for clearness re-
main unmade. The reason for change
would usually seem to be general patriot-
ism, national or local, as where the name
of some prominent person is given to a
street. During the war German names
were largely discarded, as where Berlin
avenue in St. Louis became Pershing ave-
nue. In the height of President Wil-
son's popularity abroad, Wilson avenues
sprang up all over the allied countries.
Later, disappointment or dissatisfaction
caused many of these to be changed.

POLICE DEPARTMENT ORDERS.*General Order No. 163.*

Section 1 of Rule 35 of the Rules and Regulations of the Boston Police Department, as follows:

SECTION 1. All members of the force shall live in the city of Boston. Members of the force shall report their places of residence to the officers commanding their respective divisions or units, with such particularity as to enable the residence to be easily found, and shall also report any change of residence within twenty-four hours after such change shall occur. The residences and changes of residences shall be reported to the superintendent;

is hereby amended by striking out the said Section 1, and inserting in place thereof the following new section:

SECTION 1. All members of the force shall live in the city of Boston. Members of the force shall promptly report their places of residence to the officers commanding their respective divisions or units, and to the officer commanding the division wherein the residence is located, with such particulars as to enable the residence to be easily found, and shall also report to the said commanding officers any change of residence within twenty-four hours after such change occurs. The residences and changes of residences shall be carefully kept in the "Officers of Division" and "Officers of other Divisions" in divisions where members are assigned and where they live, and the superintendent shall be notified immediately of all residences and changes of the same.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 164.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman John Lynch of Division 9, charging him with neglect of duty and untruthfulness and conduct unbecoming an officer, has reported to the commissioner a finding of not guilty. In accordance with which it is hereby ordered that the complaint against the said Patrolman John Lynch be dismissed.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 165.

In order to aid the City of Boston in the preparation and trial of suits against the city for defects in highways, I am calling to the attention of the department that the season is approaching when many investigations will have to be made by the Law Department of the City of Boston, regarding accidents due to snow and ice.

When the alleged accident occurs the streets and sidewalks are frequently covered with snow and ice which prevents an examination of the highway at that time. Route officers should be specially observant of the condition of streets and sidewalks on their routes from now until the first snowfall, and also during the winter season when the streets and sidewalks are temporarily clear.

Officers of the department are instructed to note in their memorandum books the fact that these observations were made and the conditions that the officer noted. The

officer will then be able to refresh his recollection from these notes if called upon to testify in an accident that occurs on his route.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 166.

The Department of Civil Service and Registration will hold a competitive examination for promotion to the grade of sergeant in the Boston Police Department, according to the following notice received at this office on November 22, 1930:

This examination will be held on January 17, 1931.

1. This examination is open to the regular patrolmen in the Boston Police Department who have served as such, in accordance with civil service rules, at least five years immediately preceding the date of examination. A candidate who has been off duty for over three months during the period prescribed can be admitted only by permission of the Commissioner of Civil Service.

2. The subjects of examination with their respective weights will be as follows: Seniority, 4; report, 3; practical questions on police practice, law and procedure, including questions on detective work, 8; total, 15.

3. Applicants will be required to obtain at least 70 per cent in each subject of the examination in order to become eligible.

4. Physical fitness to be determined by physical examination.

5. Application blanks may be obtained from Boston Police Headquarters or at the various stations. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Rooms 147-152, State House, Boston, not later than Saturday, January 10, 1931, at noon.

6. Applicants will be notified of the precise time and place of examination.

ELLIOT H. GOODWIN,
Commissioner of Civil Service.
GEORGE M. HARLOW,
PATRICK J. MCMAHON,
Associate Commissioners.

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Civil Service Commission, State House, Boston, not later than Saturday, January 10, 1931, a week before the date set for the examination.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each Station House, where it may be easily read; and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the superintendent, if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 167.

For prompt and efficient police work and initiative shown in connection with the arrest of John W. Lander, Gordon Foss and Frank J. Smidl, alleged assailants of Michael F. Rosenthal, who con-

ducts a pawn shop at 33A Border street, East Boston, the following officers of Division 7 are commended in General Orders:

Sergt. Frank E. Gilman, Patrolman Joseph F. Lawless, Patrolman Bartholomew J. Adley, Patrolman Herbert J. Patterson, Patrolman Philip P. Whaland.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 168.

The Department of Civil Service and Registration will hold a competitive examination for promotion to the grade of lieutenant in the Boston Police Department, according to the following notice received at this office on November 22, 1930:

This examination will be held on December 27, 1930.

1. This examination is open to the sergeants and to the detective-sergeants in the Boston Police Department who have served as such, in accordance with civil service rules, at least two years immediately preceding the date of examination. A candidate who has been off duty for over three months during the period prescribed can be admitted only by permission of the Commissioner of Civil Service.

2. The subjects of examination with their respective weights will be as follows: Seniority, 4; report, 3; practical questions on police practice, law, and procedure, including questions on detective work, 8; personality and fitness, as determined by an oral interview, 5; total, 20.

3. Applicants will be required to obtain at least 70 per cent in each subject of the examination in order to become eligible.

4. Physical fitness to be determined by physical examination.

5. Application blanks may be obtained from Boston Police Headquarters or at the various stations. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Rooms 147-152, State House, Boston, not later than Saturday, December 20, 1930, at noon.

6. Applicants will be notified of the precise time and place of examination.

ELLIOT H. GOODWIN,
Commissioner of Civil Service.
GEORGE M. HARLOW,
PATRICK J. MCMAHON,
Associate Commissioners.

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Civil Service Commission, State House, Boston, not later than Saturday, December 20, 1930, a week before the date set for the examination.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each Station House, where it may be easily read; and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the superintendent, if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 17, 1930.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted appointments for the term ending April 30, 1931, viz.:

Constables: Dennis L. Griffin, 5 Brook avenue, city; George J. Coyle, 353 Bowdoin street, Dorchester; William H. Powderly, 131 Dudley street, Roxbury.

Weighers of Coal: Theodore H. Eilertson, 260 Metropolitan avenue, Roslindale; Gerard V. Condon, 106 Norwell street, Dorchester; Israel Day, 77 Walnut park, Roxbury; Joseph E. LaCombe, 289 Medford street, Charlestown.

Severally laid over a week under the law.

ICE FOR CITY FOUNTAINS.

The following was received:

City of Boston,
Office of the Mayor, November 17, 1930.
To the City Council.

Gentlemen,—I am advised that in order to complete payment on bills incurred this year for ice furnished the public drinking fountains of the city, an appropriation of \$389.08 in addition to the \$6,000 previously authorized by your honorable body will be necessary.

I submit herewith an order authorizing this amount to be charged to the Reserve Fund and respectfully recommend its adoption by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Commissioner of Public Works be authorized to expend an additional sum of \$389.08 for the purpose of furnishing ice for the public drinking fountains during the present season, said sum to be charged to the Reserve Fund.
Referred to the Executive Committee.

PLACING OF 1,000 MEN AT WORK.

The following was received:

City of Boston,
Office of the Mayor, November 15, 1930.
To the City Council.

Gentlemen,—I return herewith order adopted by your honorable body under date of November 10, 1930, and reading as follows:

Ordered, That his Honor the Mayor be requested to place at work one thousand men for a temporary period of sixty days, to be engaged in cleaning the public streets and alleyways throughout the city."

Within the limitations imposed by law on the expenditures of the city and by the civil service rules on the employment of labor every effort has been and is being made to employ as many men as possible on temporary work.

I am informed by the Public Works Commissioner that some time before the passage of the order a requisition was made for temporary laborers and that the present force, with the addition of these temporary men, will be sufficient to do all that is practicable on the kind of work described in the order.

It has been my purpose from the beginning of the year to refrain from devoting time or thought to the creation of single jobs for any individual, realizing that the seriousness of the situation made necessary the application of study to the development of such programs as would permit of the employment of large groups.

It is to my purpose that this policy be adhered to since the promotion of the welfare of any single individual, or small group of individuals, would in no wise relieve a situation in which such large numbers are involved as in the present.

It would be most pleasing to me to comply with the wishes of the Council in the appointment of one thousand men, as outlined in the order, but my primary concern is the expenditure of public funds wisely so that sufficient may be available to later provide for the necessities of the needy and unfortunate who are entitled to precedence over all others.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

SUSPENSION OF PUBLIC UTILITY CHARGES.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1930.
To the City Council.

Gentlemen,—I return herewith order adopted by your honorable body under date of November 10, 1930, and reading as follows:

"Ordered, That his Honor the Mayor be requested to call upon the Governor of the Commonwealth to direct the Public Utilities Commission to ask the Boston Consolidated Gas Company and the Edison Electric Illuminating Company to refrain from shutting off gas and electricity, respectively, for nonpayment of bills, for a period of four months."

The suspension of payment for goods or services furnished may be good communistic doctrine but this is not Russia but America, and I do not care to take part in the submission of any such request.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

MEN IN SANITARY DIVISION.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body under date of November 10, 1930, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to bring the number of men employed in the Paving and Sanitary Divisions in Charlestown up to the full complement and relieve the present intolerable situation where seven men are at present trying to perform the duties formerly assigned to seventy-five men."

The Commissioner of Public Works informs me that instead of seven men as stated in the order there are at present employed in the two divisions in Charlestown fifty-eight men, and that he has no knowledge of any "intolerable situation." He further states that the reduction in the number of employees in the Charlestown yards was accomplished during the four years of the previous administration.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Rudolf Afflerbach, for compensation for damage to car caused by an alleged defect in Walnut avenue.

Christian Belzer, for compensation for injuries received at House of Correction, Deer Island.

Mrs. Thomas L. Cahill, for compensation for injuries caused by an alleged defect at 85 Paris street.

Anna V. Garrity, for compensation for damage to property at 120 Montclair avenue, West Roxbury, caused by overflow of water.

Loyal Coat and Apron Supply Company, for compensation for damage to car by city truck.

Jeremiah Mackey, for compensation for injuries caused by an alleged defect in Southampton street.

C. Leo McCarthy, for compensation for damage to clothing during American Legion Convention.

Mrs. J. McClary, for compensation for injuries caused by an alleged defect at Fairland and Winthrop streets.

Anna F. O'Brien, for compensation for injuries caused by an alleged defect in Eden street, Charlestown.

Mr. Arthur O'Leary, for compensation for damage to car caused by defective condition of Arborway.

G. E. Steele, for compensation for damage to car by city wagon.

Abraham Sweet, for refund on sidewalk license.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

L. Paul Gould, to appear at Washington Auditorium on November 25, 1930.

CONSTABLE'S BOND.

The constable's bond of William Tepper, having been duly approved by the City Treasurer, was received and approved.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1930.

Report accepted; said order passed.

TENNIS COURTS, FRANKLIN FIELD.

Coun. RUBY offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in the budget for 1931 a sum sufficient to provide for the installation of flood lights at the tennis courts on Franklin Field.

Passed under suspension of the rule.

SUNDAY FOOTBALL GAMES.

Coun. LYNCH offered the following:
Ordered, That a license be granted to the Boston National League Baseball Company for outdoor football games on Sundays during the month of November 1930, between the hours of two o'clock and six o'clock p. m., on the premises at 32 Gaffney street, heretofore licensed for outdoor athletic sports on the Lord's Day.

Referred to the Executive Committee.

PAYMENTS BEFORE CHRISTMAS.

Coun. CURTIS offered the following:
Ordered, That the City Auditor be authorized to allow for payment and the City Treasurer to pay the monthly pay rolls of employees on or before November 26, 1930, and on or before December 23, 1930, in anticipation of Thanksgiving and Christmas.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.19 p. m., on motion of Coun. MURRAY, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 2.57 p. m.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

Coun. WILSON also called up, there being no objection, the appointment under No. 3 on the calendar of James E. Pierce on May 19, to be a constable, and the appointment, under No. 9 on the calendar, as constables, on September 29, of Bert P. Price and William A. Amsie.

The question came on confirmation of the above appointees. Committee, Coun. Gallagher and Norton. Whole number of ballots cast 15, yeas 15, and the appointments were severally confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) that Commissioner of Public Works be authorized to expend an additional sum of \$389.08 for purpose of furnishing ice for the public drinking fountains during the present season, said sum to be charged to the Reserve Fund—that said order be passed.

Report accepted; said order passed, yeas 21, nays 0.

2. Report on order (referred today) that license be granted the Boston National League Baseball Company for outdoor football games on Sundays during month of November, between hours of 2 and 6 p. m., on premises at 32 Gaffney street—that same ought to pass.

Report accepted; said order passed.

3. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

L. Paul Gould, to appear at Washington Auditorium on November 25, 1930,—that leave be granted.

Report accepted, leave granted under usual conditions.

TRAFFIC CONDITIONS.

Coun. WILSON offered the following:
Ordered, That the Traffic Commission, through his Honor the Mayor, be, and said commission hereby is, respectfully requested to consider the advisability of prompt adoption of an alternative parking regulation which will insure free traffic conditions along main highways into the business district of Boston in the morning and unobstructed exit from the city at the close of business hours.

Coun. WILSON—Mr. President, I wish to make a very brief reference to that order, which is in line with the suggestion made by his Honor the Mayor months ago when he stated in newspaper articles that he believed the alternative regulation which had worked with marked success in the downtown district should be extended to every street in the City of Boston. I have in mind such improved thoroughfares as Blue Hill avenue, Seaver street and Dorchester avenue, and also have in mind the regulation which prohibits automobiles passing at the left of street cars. Anyone who is in the habit of driving a car in from Milton, Dorchester or other districts, knows that it is practically impossible on many of our streets to get into Boston at certain times, due to the fact that on streets that have car tracks cars are parked on both sides, not allowing the passage of an auto to the right of an electric car. If there were regulation for alternative parking—for example, to the effect that on a street like Dorchester avenue, let us say, in the forenoon, from 7.30 until 10, cars shall not be parked on the right-hand side coming into the city, and that

going the other way, in the afternoon, cars shall not be parked on the right-hand side from 5 to 8, this situation would be remedied. It is a very simple regulation and not at all an experiment. I feel strongly that it should be put into effect.

The order was passed under suspension of the rule.

WARD 4 IMPROVEMENTS.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make necessary repairs to the wood block paving on Warren avenue, near West Canton street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the defective catch-basins near 18 Leon street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Harwich street, Ward 4, with smooth paving.

Severally passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 32 Grant street, to corner of Harbor View street, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along 28 Grant street, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

PORTER AT BOSTON CITY HOSPITAL.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to request the Governor to order the Civil Service Commissioner to file a complete report with the City Council regarding the application, record and certification of the name of one certain Martin E. McCarthy of 143 West Newton street, Boston, as a laundry porter at the Boston City Hospital in answer to a requisition by the Mayor of Boston for two laundry porters for the Boston City Hospital on June 25, 1930.

Coun. KELLY—Mr. President, I have introduced this order because I feel that every one of the members of this Council is vitally interested in the matter of how the civil service rules affect employees of the city. I have had occasion a number of times to go before the Civil Service Commissioners on really worthy cases of fathers with children, who failed in their application to possibly state an offence of drunkenness or perhaps some minor violation of the automobile law years before. But the Board has never seen fit, that I know of, to allow such a man to go to work for the City of Boston. In this case I want this information furnished, because I have already looked into the matter thoroughly and I find out, after careful study of the civil service records at the State House, that this particular individual, who is now employed on the civil service list at the Boston City Hospital, filed his application on January 4 of this year, the day when the Mayor of Boston took office. He filed as a laborer. Six months later the Mayor put in a requisition for two laundry porters at the City Hospital. The name of this fellow, who does not live with his wife and who has no family, was sent to the Mayor's office, and as a result he got the job. In showing up what I have found out in regard to this matter I feel that I am doing an important service to every one of my colleagues. This fellow has a record. He has been in court ten different times. Yet he was certified by the Civil Service Commission to go to work for the City of Boston. He has a record for keeping and exposing liquor, and for attempted larceny. Yet this man is at present working in the City Hospital, and his name is certified by the Civil Service Commissioner and is O. K.'d by the Mayor. Besides that I find, after going into the record thoroughly, that he joined the police force in 1919, at the Hanover street station, and that he had considerable trouble. He received a punishment of 210 hours out for a serious offence at one time, and a 242-hour off duty punishment at another time, for a certain offence. He was then transferred by Captain O'Connell to Station 17, West Roxbury. He was there three months and was charged in three specific instances with breaking and entering, disposing of liquor in a hallway, and leaving

his gun in a certain place. He did not go to trial in those cases but resigned with those charges pending as a matter of public record—three specific charges. You and I, Mr. President, every member of the Council, know that there are a good many men in our different wards who have been on the laborers' list for a number of years and have never been called. I wonder how it is that an individual like this, however, can get his name on the list and when a requisition is put in for two laundry porters can be certified for a civil service position in the City of Boston. Furthermore, as you gentlemen probably know, to be transferred on civil service jobs you must be on the job for at least a year. This fellow was sent to work at the City Hospital July 3, 1930, as a laundry porter. In the early part of August, in less than a month from the time he was so employed, he was advanced to ward porter—as I say, in spite of the fact, of which you gentlemen are aware, that in order to get a change of rating you must be at least a year on a civil service job. I wonder why such conditions exist? Now, let me go on a little further. We find that he is a man of many addresses. We find that on April 1, 1930, he is police listed at 143 Newton street, Ward 4, but that he voted at 8 Hampshire street, Ward 9, Precinct 11. In 1929, on April 1, we find him police listed at 186 Fisher avenue, Ward 10, Precinct 10, but that he voted in Ward 9, 449 Shawmut avenue. We now find him domiciled at some place on Cummins Highway. So I want this information furnished to the Council from the Civil Service Commission, because I know of cases of other men who have been rejected because of some minor offence. I want to know what makes the difference. This is the same individual who last Thursday followed me from City Hall, when I was in company with another councilor, and without giving me a chance to defend myself brutally assaulted me on Union street. I also find from reliable information—from Miss Davis of the Boston City Hospital—that he was discharged by her seventeen days after going to work but was reinstated without a hearing. I wonder why these things exist. We find also from Miss Davis and other people that he is related to John Curley by marriage. I want you to bear these facts in mind, because it is a pretty serious state of affairs if a man cannot come into this body and express honest views on any subject without being brutally assaulted two or three days later. This happened, as I say, when I was in company with another councilor. So I want this information for these different reasons. I am telling you cold facts here, and I intend to get this information from the Civil Service Commission, and to see what connection there is between the Civil Service Commission and City Hall, in a case where a requisition is made and a fellow like this gets the job—a fellow who always votes in Ward 9, although he is police listed in other wards. I say that we should pass the order, and I move its passage under suspension of the rule.

The order was passed under suspension of the rule.

Later in the session Coun. KELLY said:

Mr. President, I would like to ask unanimous consent to add another word to my remarks earlier in the afternoon.

President LYNCH—Councilor Kelly asks unanimous consent to make a statement. Hearing no objection, Councilor Kelly will proceed.

Coun. KELLY—Mr. President, I want this in the record for future use. This fellow of whom I am inquiring, this Martin McCarthy, I believe was told by certain political factors to stay away from work Thursday of the past week, and was instructed to come here every day that I appear here on behalf of my constituents and do to me what he did on Union street. Regardless, however, of his dealings with me in a very cowardly manner, or regardless of possibly 100 more dealings of the sort, it will never alter my determination to keep the promise I made to my constituents a year ago that I would come into this Council and oppose anything that I saw that was out of the way and would speak up for them in any matter that concerns their interests. I care not how powerful any person is, I shall stand and continue to stand for what I believe to be the right thing, and if they want to send a person like this to me every day in the week, let them go ahead and do so. It will not alter the decision I made a year ago and that I have lived up to the present day.

IMPROVEMENTS AT TENEAN BEACH.

Coun. FISH offered the following:

Ordered, That the sum of fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the purchase of additional shore property to enlarge the present bathing area at Tenean Beach, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That the sum of fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the enlargement of the present bath house at Tenean Beach, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor,

bonds or certificates of indebtedness of the city to said amount.

Severally referred to the Committee on Finance.

IMPROVEMENT OF MARY HEMENWAY PLAYGROUND.

Coun. FISH offered the following:

Ordered, That the sum of seventy-five thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the construction of a locker building and bleachers at the Mary Hemenway Playground, Ward 16, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

INFORMATION FROM THE MAYOR.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to inform the Boston City Council what particular orders it has passed relating to the unemployment situation that were a deliberate attempt to capitalize these conditions or to promote publicity for themselves.

Coun. DOWD—Mr. President, in the inaugural address of his Honor the Mayor, at the time when the present City Council was sworn into office, the Mayor of this city said:

"Too often in the past the attention of the citizens has been centered on the inauguration, personality and policies of the Chief Executive; losing sight of the fact that this ceremony is also the inauguration day of the members of the City Council, who have been selected by the people to act as a Board of Directors. Since the curtailing of their powers along certain executive and administrative lines by the so-called Good Government charter of 1909 it has become customary for those having little knowledge of the foundations of municipal government to make light of the City Council membership and attempt to belittle their importance. Nothing is more unwarranted and unfair—and no one can more appreciate from actual experience their power and influence for good administration, and the necessity for their hearty cooperation and assistance, than I. From my knowledge of the caliber of the men the people have selected to represent them in the present honorable body I feel certain of that cooperation and assistance to the fullest degree."

For ten long months, Mr. President and members of the Council, on every order that the Mayor of Boston has seen fit to send to this Council looking to the relief of the present unemployment situation, this Council has agreed with the Mayor, without any differences or any debate whatsoever. I believe that each and every member of this Council was sent here to decide for himself and for the people what he should do on any order or in any situation that might arise. Serving three terms in the City Council, I feel that any order I have introduced into the body—and I feel that the same thing applies to the orders introduced by others—has been constructive in its purpose—even if it has not been introduced by a professor or an educator whom some might think know more about the unemployment situation than members of the Boston City Council. I would like to know the particular orders that have been presented in this Council to which his Honor the Mayor objects. I wish to go briefly over the orders I have presented. One was to call a special session of the Legislature in order to deal with the situation. If we want to place men at work and haven't the funds to do it, we will have to get help through the Legislature. Was that a constructive or destructive order? I have asked his Honor the Mayor to ask permission of Mr. Goodwin to suspend the civil service rules. Was that constructive or destructive? I am personally of the opinion that it was a constructive order. What else is there? I have asked the Mayor to request the Governor of this state, through the Department of Public Utilities, to ask the richest corporations within the confines of our state, the Boston Consolidated Gas Company and the Edison Electric Illuminating Company, not to turn gas or electricity off during a period of four months in this present emergency. But his veto comes back, and he says that this is America, not Russia. I think it looks, in the existing state of affairs in Boston at the present time, as if this were Russia. I wonder if that order was destructive or constructive. I believe it was constructive. I believe all these things merely represent proper attempts to alleviate the sufferings of the poor at the present time. What else? I asked that the Public Welfare Department be requested to discontinue their policy requiring that warrants be issued for a father or son before anyone could get aid from the Department of Public Welfare. If that is destructive, I am very much mistaken and wish to stand corrected. I asked his Honor the Mayor to employ a thousand men to clean the streets and alleys of Boston, and the answer—the automatic answer that we all get from department heads—was that the streets and alleys are in very good shape and don't need to be cleaned. What else is there? I asked him to recommend

the placing of \$1,000,000 in the budget for the coming year to employ 4,000 or 5,000 men in public work of one kind and another, to relieve the present situation. That order was vetoed. I wonder if it was destructive or constructive? What else is there? We have asked the Mayor to take steps to stop the practice of giving the chain stores a monopoly of grocery orders, and he has vetoed that. I think I do not need to say anything on that score. We have gone through that situation and we find that the chain stores will receive the magnificent sum of \$300,000, and the only answer we can get from the Public Welfare Department is that in their discretion they think it advisable to do that. I wonder if that order was destructive or constructive? May I also refer to the orders that have been introduced by the councilor from Hyde Park (Coun. Norton) dealing with the present unemployment situation? I certainly feel that they were constructive, because they simply mean doing what leaders in the community have been endeavoring to do. Certainly, I think that they were not destructive, but constructive, measures. In that same way I might also refer to the order presented by the councilor from Ward 17 in reference to contractors. I say that that was constructive. Last, but not least, I might refer to the order I introduced that a committee be appointed to look into the feasibility of providing \$2,000,000 from public subscription for the poor of Boston. I don't think that was destructive, by any means. It was simply in line with what is being attempted by many leaders in the community to relieve present conditions. For example, we are seeing the effort to bring about an Army-Navy game which will probably raise \$150,000 in one lump sum. What else is there? The Mayor, in a statement given to the press Saturday, blames the councilors.

"The sharp increase in the demands upon the city for aid was laid by the Mayor at the feet of certain City Councilors and others who, he said, 'have been making political capital out of the unemployment situation.' Recently the Mayor declined to accept donations for an unemployment fund, explaining that the city had the situation well in hand through the appropriation of \$4,000,000 for the poor, but within the past two weeks members of the Council in unemployment hearings have, he said, 'focused public attention on the Public Welfare Department, causing increased demands upon the poor relief funds, with the result that the department will exceed its budget total by about \$400,000.'"

I wonder if his Honor the Mayor is justified in accusing twenty-two members of the City Council, which after all, is what it amounts to, because these orders were passed without a dissenting vote. I wonder if he is correct when he says that we are responsible for an increase of \$400,000 in the poor relief fund. If we are, I say to the Mayor, that we will gladly accept that condemnation from him, because if it is the truth we at least have caused \$400,000 of the taxpayers' money to be spent among the poor of Boston, which would not have been done except for the Unemployment Committee and for this City Council. Now, what else do we find? We find he claims that we have done this for publicity. Well, let us analyze the situation. Surely, if he wants to criticize the City Council, we have a right to answer him, and I intend to answer him. Let us see about the publicity, and who is looking for publicity. On January 18 there was a notice in the Boston papers that there was to be a million-dollar highway in East Boston and that 400 men would be employed. What has happened to that? Is that, coming from the Mayor's office, undue publicity? Then, what else do we find? We find when the question is raised with the Mayor in regard to the East Boston Tunnel he replies in a Boston newspaper that 1,500 men will immediately go to work on that \$16,000,000 tunnel to East Boston. And what has happened to that? Colonel Sullivan answered that statement when he said that work on the East Boston tunnel will not get started until May or June of next year at the utmost, and that only 600 men will be employed on the tunnel. What else do we find? We find that the Legislature gave \$5,000,000 for street construction, and we were told that would give employment to 1,500 men. But what do we now find? That \$3,500,000 of that amount still remains unexpended, and that it is not being used at all at the present time. I wonder if that is undue publicity? Then, we find, in regard to Governor's square, according to the last report which must have come from the Mayor's office, that 600 or 700 men were to be placed at work immediately. Are the men working? I hardly think they are. Then, only recently, we were told that \$2,800,000 was available for school construction, and that 1,000 men would be employed. But we now understand that the work will not be started until next June or July. I wonder if the Mayor is looking for undue publicity in that and these other matters? Then, coming to the extension of the Governor square tunnel to Audubon road, the statement was made in the papers by the Mayor that 500 men would go to work there, and that \$1,800,000 would be expended. But we now understand that it will provide work for only 200 men. Then, what is the next item? The so-called Governor's Island project, where the Mayor stated that in November 500 men would go to work, in January 500 and in February 500, or a total of 1,500 men. We are now told by the Mayor that nothing can be done until an act of Congress is passed. So,

in the total, taking the Boston newspapers and the reports from the Mayor's office, where 7,300 men were supposed to be put at work, we find that the sum and substance of it is that only 550 men have been put at work, and that the bulk of the work on these projects will not be started until June or July. I say that that is not relieving the unemployment situation to any great extent. I say, Mr. President, that you, I and the other members of this Council have a bounden duty to perform for the people who elected us to this office. They did not send us here to sit around like Stoughton bottles, and to say "Yes" to everything that comes from the Mayor's office. They sent us here to exercise our God-given rights in their interest, and in all matters pertaining to the public welfare. We are trying to do our duty, and I say in all fairness that unless there is an improvement in the situation, and unless something is done to solve the unemployment problem, there will be a lot of new faces in the City Council of 1932.

The order was passed under suspension of the rule.

SUBSCRIPTION FOR RELIEF OF UNEMPLOYMENT.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to appoint a committee of business, industrial and labor leaders of the City of Boston to consider the advisability of raising by popular subscription the sum of two million dollars, said sum to be applied to the relief of the present acute and unprecedented unemployment situation, and to be placed at the disposal of said committee, which shall be held strictly accountable to his Honor the Mayor for its proper disbursement.

Coun. DOWD—Mr. President, this is an order similar to the one I introduced some three weeks ago, which was vetoed by his Honor the Mayor. In his veto message at that time he said:

"I beg to state that at a conference held at the office of the Mayor today, at which were present the entire Board of Overseers of the Public Welfare, the subject matter as outlined in the order adopted was considered. It was the consensus of opinion of those present that the City of Boston holds a unique position among the cities of America in dealing with the needs of the unemployed, through the instrumentality of its Public Welfare Department."

I thought possibly I was very much mistaken in my order and that the Mayor was absolutely right in his veto message, but after listening last Wednesday evening to the nation-wide hook-up of the former Governor of New York, Alfred E. Smith, I found that an order of the very same kind that this Council passed three weeks ago for the relief of unemployment was outlined and favored by that great former Governor of New York. I say that there are concerns and individuals in Boston just as anxious to relieve the unemployment situation as concerns and individuals in other parts of the country, if the thing is presented to them in the right way. I have asked his Honor the Mayor to do what? To appoint a committee of leading business, industrial and labor leaders to consider the advisability of raising \$2,000,000 by popular subscription. I don't see that there is anything wrong in that. If I am absolutely wrong, I am in the company of such men as President Hoover, Governor Rolph, Senator Wagner, Governor Roosevelt, and ex-Governor Smith, who must in that case be absolutely wrong in their ideas, too. New York City evidently is not so unique in the efficiency of its charitable institutions that it does not dare to ask for public subscription to a public fund to relieve the present unemployment situation. Personally, I have been very much interested in seeing here in Boston the firms that have come forward and offered the aid to the Mayor in this matter—the Schulte and Huyler concerns and others, despite the fact that only last Monday the Mayor vetoed this order, and yet last Saturday we find him willing to accept contributions of public-spirited citizens and concerns. So evidently a part of my order is right; and all this order proposes is to form a committee that will consider the advisability of raising some such sum by popular subscription. It seems to me that is a much better way to approach the situation than to lay all the stress on the work of the Public Welfare Department. Many men don't care to incur the stigma that is attached to getting relief. That fact was set forth by ex-Governor Smith of New York, when he said that men don't want charity, but want to go to work. That is what I say about Boston men. They do not desire charity. If such funds are returned over to the Public Welfare Department, the stigma of pauperism will be attached to the recipients for the rest of their lives. Social welfare workers can get their records at any time, and it will be held up against them in the future as a reproach. I believe the only proper way to handle the situation is the way that a similar committee is doing in New York City, under the leadership of "Al" Smith. They are raising \$6,000,000, and I believe that we in Boston should certainly be able to get \$2,000,000. One game in the Stadium, between Boston College and Harvard College, would raise \$150,000, 7½ per cent of \$2,000,000 that is here suggested, and, if his Honor the Mayor is sincere, let him put his signature to this order, and let us see what can be done in the immediate future. My dear friends, I am personally of the opinion that the time has arrived

when immediate action should be taken. The Governor has formed a committee, but no definite action has yet been taken by that committee. I hope the Mayor of Boston will recognize the Boston City Council as he did in his inaugural address and will immediately proceed in such lines as are here suggested,—for, after all, Boston is the only large city in the country that has not done anything in the way of immediate relief. They talk about Boston's unique position along charitable lines. I don't think, Mr. President, that Boston does any more in the way of charity than is done in any other large city in the country. I have here the budget of charities in New York City, amounting to \$32,288,000 for unfortunates, while in Boston it is only a little over \$3,000,000. So I don't think Boston holds a unique position as compared with the other large cities of the nation. The Department of Commerce shows that in 1929 the city of New York spent \$31,140,000 for charitable purposes, Chicago, \$6,372,000; Philadelphia, \$8,847,000; Detroit, \$5,796,000, and so on. So when they tell you that Boston is doing more in the way of charitable work than any other city, they are not telling the truth, because the figures set forth by the United States Department of Commerce do not lie.

The order was passed under suspension of the rule.

BUDGET FOR OVERSEERS OF PUBLIC WELFARE.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to include in the budget for 1931 the sum of one million dollars to be used for the relief of unemployment, said sum to be in addition to the amounts provided for the Overseers of the Public Welfare and the Soldiers' Relief Department.

Coun. DOWD—Mr. President, I simply desire to point out to the members of the Boston City Council that at the present time there are 1,500 men with families who take their place in the so-called prison line so well described by the councilor from Dorchester, in the Public Welfare Department. They average \$15 a week. The increase last week was 350 families, in one week, and by the first of the year it means that there will probably be 2,000 additional families applying to the Department of Public Welfare, making 3,500 families. On the basis of \$15 a week each, that will mean the City of Boston will be paying out \$55,000 a week, or a trifle over, to the men reporting to the wood-yard. I say to the Mayor, Mr. President, that there is a way out of the situation that will not cost a great deal of money and that will take away the sting of pauperism from the people who go down there,—because, after all, no decent man desires to go down there unless he is forced to do so. If the Mayor will appropriate \$1,000,000 plus the usual amount, in the budget of 1931, to put men at work, instead of taking care of 3,500 families for ninety days at the wood-yard, at an expense of about \$680,000, it will mean that 6,405 men can be placed at work for ninety days for \$1,000,000, or only \$300,000 more, and they will not have the stigma of pauperism attached to them. It may be said that the civil service will refuse. I think if the matter were put up to Governor Allen he could not very well refuse. If he does, the \$300,000 would be put with the Department of Public Welfare and paid out in the way of salaries on the basis of a four-day week, \$20 per week, for ninety days. This plan will enable a large number of families in this city, suffering from unemployment, to keep going for a period of ninety days.

The order was passed under suspension of the rule.

ADDITIONAL TEMPORARY INVESTIGATORS.

Coun. DOWD offered the following:

Ordered, That the Soldiers' Relief Commissioner be requested, through his Honor the Mayor, to provide additional temporary investigators for that department during the present unemployment crisis.

Passed under suspension of the rule.

INFORMATION AS TO \$30,000,000 PROJECTS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to advise the Boston City Council in detail concerning the thirty-million dollar projects which he stated in his recent veto message would be in operation before the new budget would become operative.

Passed under suspension of the rule.

DEATH OF SCHOOL PUPIL.

Coun. DOWD offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to conduct a thorough investigation into the death of a pupil at the Aaron Davis School in Roxbury, and which the pupil's parents allege was due to blows said pupil received while attending said school.

Coun. DOWD—Mr. President, we have recently read in the papers about the young child of eight years of age, a pupil in the Aaron Davis School who, it is claimed, was beaten in the school and was taken to the hospital the next day, dying two days later. The parents of the child allege that the child received several blows from pupils during school hours, and claim that the death was caused by the blows received. The parents of the child have further stated to me that in their opinion the records of the City Hospital were changed. For that reason I would ask the Mayor of Boston to ask the School Committee to conduct a sweeping investigation of the matter.

The order was passed under suspension of the rule.

TELEPHONE INVESTIGATION.

Coun. DOWD offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to appear before the Public Utilities Commission in connection with the bill which is now before that body, and to favor a decrease in the general prices of telephone service.

Coun. DOWD—Mr. President, recently a petition was filed by members of the Central Labor Union requesting the Department of Public Utilities to decrease the rates charged by the telephone company. I believe there is not a councilor here who does not feel that those rates should be decreased. We all know about the charges for service installation of telephones and cords, and that they got that increase under a subterfuge at the last hearing, when those present were interested particularly in rates and not service charges. I hope that the Mayor of Boston will see fit to have the Corporation Counsel be present at the hearings and protect the interests of the people of Boston.

The order was passed under suspension of the rule.

INFORMATION FROM POLICE COMMISSIONER.

Coun. HEIN offered the following:

Whereas, The rules of the Police Department state that "members of the force are liable to be called into service at any time; and the same responsibility as to the detection and prevention of crime and the preservation of order rests upon them when not in uniform, or off duty, as when on duty in uniform";

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to inform the City Council whether or not it is the practice of the department to allow full pay and/or hospital bills to a patrolman injured in the performance of an ordinary police duty while not on his regular tour of duty.

Coun. HEIN—Mr. President, in the particular case I am referring to in these resolutions this man left the station house at 6 o'clock in the evening and started for his home. At 6.35 in the evening he was hit by an automobile coming down Commonwealth avenue, suffered a fractured skull, and had his leg broken in two places. He was taken to the hospital and there developed pneumonia. Doctor Broderick ordered him transferred to a private room with two special nurses. Of course, the expenses were very heavy. He gets half-time for thirty days, the equivalent of \$18 a week, and after that \$1 a day from the relief association. This man had to be taken to the hospital due to no fault whatsoever of his own. His first bill was \$41, and he did not have it to pay. Some kind Samaritan came around and paid the \$41. Last week his bill was \$161, including room, nurses, and other paraphernalia in connection with his stay in the hospital. The man simply has not got it. The Police Department says he is on duty for twenty-four hours. If that is the case, if a man is going home, why is he not entitled to aid in a matter of this kind from the Police Department? If he has not got it, is he going to be left to die like a dog? The police are expected to protect the lives and safety of our citizens. They are supposed to be on duty for twenty-four hours a day. Certainly in a case like this, where a man, through no fault of his own, is injured, taken to the hospital, and is obliged to undergo this sort of thing, with all the expenses that go with it, a man with a wife and children, something should be done for his and for their protection. This accident happened on the 25th of October, and up to today they have not received one penny either from the relief association or the Police Department. I ask a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

PROPOSED IMPROVEMENTS FOR WARD 10.

Coun. POWER offered the following:

Ordered, That his Honor the Mayor be requested to take such steps as may be necessary to provide a playground in the Parker Hill section of Ward 10.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Minden and Schiller streets, Ward 10.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at the junction of Huntington and South Huntington avenues, Ward 10.

Ordered, That the Commissioner of Public Works make a sidewalk along Parker street, both sides, from Huntington avenue to Conant street, Wards 4, 9, 10, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

ADMINISTRATION OF BOSTON SANATORIUM.

Coun. RUBY offered the following:

Resolved, That the Boston City Council commends the administration of the Boston Sanatorium by the Trustees of the Hospital Department, and the improvements which have been made at that institution since the direction of its affairs was taken over by said trustees.

Coun. RUBY—Mr. President, sometime last evening I received a telephone call from one of the Boston newspapers informing me that certain allegations had been made with reference to the conduct of this institution by some of the patients there. I stated to the Press at that time that I would immediately go to the institution today, because of my personal vital interest in it. In 1927 I was chairman of the Committee on Ordinances when the change in administration of the Boston Sanatorium went into effect. After the order was presented to the City Council by his Honor the Mayor, for weeks the Committee on Ordinances refused to bring in a report approving the contemplated change, because we felt that a complete investigation should be made. After two months, and after conference with some of the chief medical men in this city, such as Doctor Otis, who is a tuberculosis specialist, and a group of other tuberculosis specialists, we brought into the Council a report recommending the adoption of the ordinance transferring that institution from the then trustees of the Boston Sanatorium to the Board of Trustees of the Boston City Hospital. Since that time I have made periodical visits to the institution, with representatives of several private organizations, and in all my visits there, while there might have been minor complaints made, I found nothing to warrant such complaints as have been received and set forth in this pamphlet that has been sent to us. I went to the institution this morning at nine o'clock and spent over four hours traveling through it. We visited several of the wards, and at noontime, under the guidance of Miss Murphy, the dietitian of the sanatorium, we went to the new part of the institution which dispenses food to the patients. There we found the following situation. At the time we were there the women of the institution were partaking of their dinner, and they would file in, cafeteria style, to this well-lighted, well-ventilated room, where the food was dispensed. During the time we were there I personally spoke to forty or fifty men and women during their lunch period. No person connected with the institution was within hearing of our voices. I invariably asked how they felt about the food being dispensed in the institution, and in the group to whom we spoke there was not a single person who did not say that the food had improved tremendously during the last year or two. We spoke to some who had been there only three or four months. One young girl whom I met there comes from my own ward, and she made this statement to me in the presence of one of the representatives of the Boston Press, that she never dreamed she would be accorded the treatment and care she was getting in that institution, and she arrived only two weeks ago. We found over 470 patients in the institution. We found that the new wing of the hospital is being opened as fast as it can be made ready for occupancy, that in the very near future there will be seventy-five or more additional empty beds for patients. In going through the various wards I spoke with men and women from more than a dozen wards of the city, men and women who wanted to be remembered to their respective councilors. I don't want to go into that in detail at this present time, mentioning the names, but I have the names here. Some referred to Councilor Donovan, some to Councilor Green, some to Councilor Fish, and to other different members of the City Council from whose districts they came. They expressed nothing but satisfaction with the treatment they were getting, and I believe that since the trustees of the City Hospital have taken over this institution, for the last three years, there has been a tremendous improvement in conditions there. In this pamphlet attention is called to liquor drinking. In my visit I asked the medical man in charge, and he informed me that for medical purposes there have never been more than eight or ten gallons of liquor used or dispensed in that institution in any year. I feel sure that that institution is being well taken care of by the trustees of the City Hospital. I believe, taking into account the way in which the money has been spent there by the trustees

of the City Hospital, the City Council is deserving of high commendation for its appropriation for this institution. Those in charge said to me that, since we have been in this body, for a period of say five years at least, not one cent was ever cut from the budget appropriation of the institution by the body. In 1928 over \$400,000 was appropriated, of which \$380,000 was spent; in 1929 we appropriated \$422,000, of which \$401,000 was spent; and in this present year we have allotted for that institution over \$561,000, of which in a period of ten months \$376,000 has been spent,—that is, apart from the building program which is now being completed. Therefore, in view of the way in which we have performed our duty to the institution, we are obligated to see that the patients of that institution are accorded every possible privilege that can be accorded inmates of an institution of that kind. It is tough to be sick; it is tougher to leave your family not knowing when you are going to be permitted to come back to them; and I feel that we cannot give too great consideration to the men and women, the young boys and girls, who are obliged to go to that institution, that we should give everything that can be given within the means of a city such as this. When a pamphlet of this kind is sent, as is admitted, by some disgruntled person to over 300 people in Boston it is the duty of this body to make sure that the condemnation heaped on such an institution in that way is properly investigated. In these days, when we are quick to criticize, we ought to be quick to commend when the occasion for commendation is brought to our attention. I have here the menu of the institution, and it is interesting to examine it. For every day of the week and every meal a different food is provided; the second week is the same as the previous week. The patients are given, as I have been informed by the patients themselves, all the milk they can drink, all the eggs they can eat. I believe we members of the City Council, when the opportunity presents itself, when we are satisfied after investigation that these institutions are being conducted as well as they possibly can be conducted, ought not to be affected by a circular such as the one in which these complaints are made. So far as just grievances are concerned, there may be one or two, and I have in mind several such that I am going to take up with the Board of Trustees of the City Hospital, who have charge of that institution, so that they may investigate certain matters. I feel that one young boy there ought to have an examination by a specialist. In his mental state he might be benefited if he received a little attention from a specialist. But there is no ground for the kind of criticism that is made here. I feel, in justice to the institution and its management, that this order ought to go through, and I ask a suspension of the rule and its passage.

Coun. WILSON—Mr. President, I think my colleague from Dorchester is to be complimented on the time and attention he has very obviously given to this matter, and the way in which he has investigated it in the time since the complaint was entered. I have not seen the complaint that has been referred to. From one point of view I might perhaps dislike to see the order passed under suspension of the rule, with the possible implication that there is only one department of the City of Boston that deserves commendation at the present time. I have not read the criticism that has been made of the hospital. So far as I know, it is being carried on in a proper manner, and no doubt in a much more proper manner than was the case in the two years prior to the investigation. It does seem to me, however, instead of passing the order under suspension of the rule, giving a blanket vote of commendation to one specific department, the Council should send it first to the Committee on Rules or the Committee on Hospitals.

Coun. RUBY—I have no objection, Mr. Chairman.

Coun. Ruby's motion to suspend the rule was withdrawn, and the order was referred to the Committee on Rules.

Adjourned, on motion of Coun. KELLY, at 4 p. m., to meet on Monday, November 24, at 2 p. m.

MORE THAN 1,000 CITIES HAVE MUNICIPAL AIRPORTS.

The Department of Commerce reports that more than 1,000 cities in the United States now have municipal airports, or plan to construct them in the immediate future.

A few days ago the department announced the names of forty-one additional cities in which airports are planned, including Skagway, Alaska. When the Skagway airport is constructed, it will bring Alaska's airports and intermediate landing fields to more than fifty.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a uni-

versity or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DENTAL HYGIENIST, BOSTON SANATORIUM, DECEMBER 9, 1930.

Last date for filing, Tuesday, December 2, 1930, at 5 p. m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$25 a week and lunches.

Duties: Regular duties of a dental hygienist.

Applicants must be registered as dental hygienists under the Division of Registration in Dentistry.

Subjects and Weights: Training and experience, 3; registration mark, 2; practical questions, 3; oral interview, 2; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioner, as to their physical fitness for the position.

BOSTON DEPUTY SEALER OF WEIGHTS AND MEASURES, DECEMBER 11, 1930.

Last day for filing, Thursday, December 4, 1930, at 5 p. m.

Salary: \$1,600 a year.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, peddlers and transient vendors; to wholesale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight. It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action.

Pamphlets including the General Laws relating to weights, measures, licenses, etc. and a Sealer's Manual, containing instructions for the inspection, testing and sealing of weighing and measuring devices, may be obtained upon request to the Direction of Standards, 194 State House, after application for examination has been filed. The tables of weights and measures given in the Sealer's Manual will govern the marking of all questions involving any units of weight or measure.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 1; practical questions, 2; personality and fitness as determined by an oral interview, 2; total, 10.

Applicants will be required to obtain at least 60 per cent in practical questions, in training and experience, and in report and at least 70 per cent in arithmetic, in the oral interview and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Charles Capone has been granted an extension of the time of completion of the contract made for constructing bitulithic pavement in Granfield avenue, Wellsmere road, Frontenac street and Livingstone street, contract dated September 29, from November 15 to December 15.

Henry F. Malley has been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Sumner street, from 225 feet east of Orleans street to 258 feet east of Jeffries street, contract dated September 24, from November 15 to December 15.

J. J. McCarthy & Co. have been granted an extension of the time of completion of the contract for constructing bitulithic pavement in Crescent avenue, Carson street and Harbor View street, contract dated October 14, 1930, from November 15 to December 15.

J. C. Coleman & Sons Company has been granted an extension of the time of completion of the contract for constructing bitulithic pavement in Anawan avenue, from Belgrade avenue to Park street, contract dated September 22, from November 15 to December 15.

M. McGinnis Company has been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Adams street and Granite avenue, contract dated November 27, from November 15 to December 1.

CLAIMS DISAPPROVED.

The Law Department has disapproved sixteen claims against the city, aggregating \$1,161.41, and they are classified as follows:

Against the Institutions Department, one, amounting to \$35; against the Park Department, one, amounting to \$4.75; against the Public Works Department, thirteen, amounting to \$2,092.85, and in three of which no amounts were specified; against the Department of School Buildings, one, in which no amount was specified.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 15-inch pipe and four catch-basins (to be built in old taking in Mt. Vernon street, at junction of Old Colony Parkway, in the Dorchester district, at an estimated cost of \$6,000.

A sanitary sewer of 12-inch pipe in Baker street, between Elmwood street and Johnson street, in the West Roxbury district, at an estimated cost of \$1,000.

A sanitary sewer of 10-inch pipe in Johnson street, between Baker street and 400 feet northeasterly, in the West Roxbury district, at an estimated cost of \$3,000.

A surface drain of 12-inch pipe and three catch-basins in Old Colony Parkway (west side), between Old Colony terrace and 242 feet northerly, in the Dorchester district, at an estimated cost of \$3,600.

A sanitary sewer of 10-inch pipe in Old Colony terrace, between Savin Hill avenue and Old Colony Parkway, in the Dorchester district, at an estimated cost of \$1,000.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR DREDGING ABOUT 10,000 CUBIC YARDS AT CALF PASTURE PUMPING STATION, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for dredging about 10,000 cubic yards at Calf Pasture pumping station, Dorchester, and giving bond therefor of a surety company approved by the Commissioner in the sum of two thousand (2,000) dollars to secure the due performance of the contract and the full protection of the city. Specifications and forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Dredging about 10,000 Cubic Yards at Calf Pasture Pumping Station, Dorchester," and left at Room 508, City Hall Annex, before 12 m. Friday, December 5, 1930, with a certified check for three hundred (300) dollars, payable to and to become the property of the City of Boston if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,

Acting Commissioner of Public Works.
(Nov. 29.)

SAFE DRIVING.

Most cities and towns have a long list of "don't's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN NORFOLK STREET, FLINT STREET AND ASTORIA STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Norfolk street, Flint street and Astoria street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Norfolk Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, December 11, 1930, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,

Acting Commissioner of Public Works.
(Nov. 29.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COMPOSITION CASTINGS.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, for 13,000 pounds, more or less, No. 1 composition castings. 20,000 pounds, more or less, No. 2 composition castings. 5,000 pounds, more or less, No. 3 composition castings.

Blank proposals to be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above named office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, December 11, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

Superintendent of Supplies.

BOSTON TRAFFIC COMMISSION.

NOTICE OF HEARING.

Under the provisions of chapter 263 of the Acts of the Legislature of 1929, the Boston Traffic Commission will hold a hearing on the matter of "No parking on both sides of Mason street," on Thursday, December 4, 1930, at 10 a. m., in Room 603, 154 Berkeley street, Boston, Mass.

JOSEPH A. CONRY,
Commissioner.
(Nov. 22-29.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF TRIMMINGS, BONES AND GREASE.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase of the following materials from the hospital proper, South Department and Haymarket Square Relief Station, for one year beginning January 1, 1931, and ending December 31, 1931:

Trimnings, 1,500 pounds per month, more or less.
Bones, 4,000 pounds per month, more or less.
Grease from kitchen, 500 pounds per month, more or less.
Suits, 250 pounds per month, more or less.
Cods, 100 pounds per month, more or less.
Grease from traps, 500 pounds per year, more or less.

The price offered is to be price per pound on each of the above items, which is to include removal of grease from traps. The purchaser is to provide proper receptacles and remove these materials from the kitchen daily, except Sunday, before 11 o'clock a. m., and the grease from the grease traps whenever notified by the hospital so to do. Payments for materials taken to be made monthly. A bond will be required for the faithful performance of the contract. Proposals to be addressed "The Boston City Hospital, Proposal for Trimmings, Bones and Grease," and left at the hospital, 818 Harrison avenue, not later than Tuesday, December 9, 1930, at 12 o'clock m., at which time and place said proposals will be publicly opened and read. The right is reserved to reject any or all proposals.

By order of the Trustees.

JAMES W. MANARY, M. D.,
(Nov. 29.) Acting Superintendent.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service:

200,000 pounds frames and covers.

Blank proposals may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 9, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 29.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING INTERFOLDED PAPER TOWELS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering to the Supply Room of the School Committee, 440 Brookline avenue, Boston, unless otherwise directed by the Business Manager, interfolded paper towels. Only proposals obtained at the office of the Business Manager of the School Committee, 15 Beacon street, signed by the bidder and left before 12 o'clock m. on Tuesday, December 9, 1930, at said office, with a certified check for \$100, payable to the city, if the proposal is not carried out, will then and there be publicly opened and read. Envelopes containing proposals must be plainly marked "Proposal for Interfolded Paper Towels." The bid must be in duplicate, the one with the check to be sent as above, the other to be filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a surety bond or a certified check for not less than fifty per cent of the contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreements in accordance with the specifications. The School Committee reserves the right to reject any or all bids, and to accept such bid as may be deemed best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Nov. 29.)

PUBLIC BUILDINGS DEPARTMENT.

TO ELEVATOR CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for installing elevator door closers and suspension hangers for elevator doors in City Hall Annex Building, Boston, Mass., according to the specifications and giving bond of a surety company satisfactory to the Superintendent in a sum equal to 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent, 1005 City Hall Annex, Boston, filled out and signed by the bidder, and left before 12 o'clock noon of Tuesday, December 9, 1930, at said office with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes, properly sealed, and marked "Proposal for Installing Door Closers and Suspension Hangers in City Hall Annex." The bid must be made in duplicate, the one with the check to be left as stated above, the other, without the check, to be delivered to the City Auditor, City Hall, Boston, previous to the time of the opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the City's interest.

JOHN P. ENGLERT,
Superintendent of Public Buildings.
(Nov. 29-Dec. 6.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 400,000 pounds, more or less, iron castings, as follows:

400,000 pounds branches, curves, etc.

Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at the office of the Supply Department, Room 801, City Hall Annex, on Wednesday, December 10, 1930, at 12 noon. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 29.) Superintendent of Supplies.

CITY OF BOSTON.

Blank proposals to be obtained at the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., Tuesday, December 9, 1930, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 29.) Superintendent of Supplies.

HOSPITAL DEPARTMENT.

PROPOSALS FOR EXTERMINATING VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for exterminating vermin in the Main Hospital and South Department, Boston City Hospital, for one year beginning January 1, 1931, and ending December 31, 1931, and giving bond of a surety company therefor in the sum of \$1,000. In their proposals bidders must quote the rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, signed by the bidder and left before 12 o'clock m. of Tuesday, December 9, 1930, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 29.) Acting Superintendent.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SOUTH
WAVERLY STREET, BETWEEN LITCHFIELD
STREET AND LINCOLN STREET, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for sewerage works in South Waverly street, between Litchfield street and Lincoln street, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract, and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in South Waverly Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, December 5, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,
(Nov. 29.) Acting Commissioner of Public Works.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING
ASHES, STORE DIRT, HOUSE DIRT, REFUSE
AND GARBAGE IN EAST BOSTON, BRIGHTON,
WEST ROXBURY, DORCHESTER AND HYDE
PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for collecting and removing ashes, store dirt, house dirt, refuse and garbage, between January 1, 1931, and December 31, 1931, including the removal of all household refuse during the spring cleaning period between April 1, 1931, and May 15, 1931, and shall also remove grass, garden refuse and leaves during the entire term of the contract in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. THERE ARE TWO DISTINCT PROPOSALS: Proposal No. 1 and Proposal No. 2, and are to be alternative bids. Each proposal shall contain a list of approved dumps, which the bidder proposes to use in the performance of the contract. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Ashes, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 4, 1930, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOHN E. CARTY,
(Nov. 22-29.) Acting Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN ALLEY
No. 801, ALLEY No. 817, AND PLEASANTON
STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for sewerage works in Alley No. 801, Alley No. 817, and Pleasanton street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Alley No. 801, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, December 10, 1930, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,
(Nov. 29.) Acting Commissioner of Public Works.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 350,000 pounds, more or less, iron castings as follows:

350,000 pounds gate and hydrant castings.

Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at the office of the Supply Department, Room 801, City Hall Annex, on Wednesday, December 10, 1930, at 12 noon. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 29.) Superintendent of Supplies.

CITY OF BOSTON.
PARK DEPARTMENT.

CONSTRUCTING A TIMBER SEA PLANE RAMP
AT THE BOSTON AIRPORT, EAST BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for constructing a timber sea plane ramp at the Boston Airport, East Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder, and inclosed in an envelope, sealed, and marked "Proposal for Constructing a Timber Sea Plane Ramp, at the Boston Airport, East Boston," and left before 12 o'clock on Thursday, December 4, 1930, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAPFENREFFER,
JOHN J. MARTIN,
(Nov. 22-29.) Commissioners.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 400,000 pounds two-part boxes. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, December 10, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 29.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, DECEMBER 6, 1930.

No. 49

PLEADS FOR RESTORATION OF THE PORT OF BOSTON TO ITS FORMER IMPORTANCE IN WORLD OF COMMERCE AND INDUSTRY—MAYOR CURLEY APPEARS BEFORE INTERSTATE COMMERCE COMMISSION EXAMINERS HEARING AT CHAMBER OF COMMERCE ROOMS.

Mayor Curley made the following statement at the hearing before the Examiners of the Interstate Commerce Commission at the Chamber of Commerce, December 1:

The City of Boston, of which I have the honor to be the Mayor, has played a tremendously important part in the history of the American commonwealth—commercially, industrially and politically. The contribution of its people to the welfare of the nation has been of the very highest order.

It is unnecessary for me to elaborate that theme; it is only too well known to this commission. It is fitting that reference to it should be made, because we come before this commission in the hope that we may show to it not an emotional appeal, nor some effort to secure reward for the devotion of our people to the furtherance of American ideals and purposes and that there is an economic justification for the restoration of the port of Boston to the place which it once occupied. We want also to show that, due to artificial adjustments in the rates and the according of privileges and services without separate charge at the port of New York, the port of Boston has been greatly and unfairly disadvantaged. The rendering of these services free and the granting of privileges have been forced upon the railroads at the port of New York through competition and through other conditions, the latter of which, in themselves, give New York all the assistance in the upholding of the trade of its port, without their needing to rely on or having the slightest claim to expect that to them will be added artificial advantages.

Our own New England railroads, in this situation, have occupied a difficult position. They have a much smaller traffic of heavy loading raw materials, though the manufacturers located throughout New England are large customers of other sections of the country for these, and hence, not only contribute to the business of the sellers of such raw materials, but add to the already large volume of these classes of freight which the railroads of other sections handle. The result is that our own railroads have found that their own revenue needs have prevented granting to the port of Boston this wholesale distribution of privileges, free services and concessions, which have been accorded at the port of New York. Or perhaps it would be more proper to say that the railroads serving the port of Boston have made investments and developed their facilities along such lines that the granting of economical service does not have to take the form of arbitrary and artificial concession. These matters I can speak of only in the most general way. Our other witnesses will deal with them more specifically.

COMMERCIAL AND INDUSTRIAL ACTIVITY GREAT.

Greater Boston, and by that I mean the metropolitan district created for the inclusion of territory for parks, water and sewerage purposes, embraces some forty-three cities and towns. The population of these communities in 1930 was 1,955,235, and they occupy an area of 457 square miles. Within this territory there are located in the neighborhood of five thousand separate factories. The value of their products totals the imposing sum of considerably over a billion and a quarter of dollars.

This metropolitan area is one of intense commercial and industrial activity. It is beyond this, the seat of noted cultural and educational institutions; the culture, spirit and temper of the people of these communities are deserving to arrest the attention, and in my opinion do attract the notices of all who have occasion to come in intimate touch with us. With respect to the several communities which comprise the metropolitan district, I understand that the mayors of some of them are to testify in behalf of their respective situation. I can say, speaking for the City of Boston, that the activities of the cities and towns comprising the metropolitan district are so interwoven, there is such mutual interdependence, that from the point of view of commercial and industrial interest, they are properly to be regarded as substantially one community.

BOSTON'S FACILITIES.

The City of Boston proper occupies about 44 square miles, with a population of 783,451, and is the location of the financial center of the metropolitan district. The harbor, which is one of its outstanding assets, is substantially wholly a part of Boston or contiguous thereto.

Boston has a great natural harbor. The facilities which have been provided by enterprising railroads, steamship companies and by the City and Commonwealth itself are of high standards. Notwithstanding that such facilities have been supplied and that New England manufacturing plants have been busily engaged in the production of high-grade goods of all descriptions which seek markets, the exports *via* the port of Boston have not been growing; on the contrary, there has been some decline.

Boston lies nearer the water to the great foreign ports of the world than does New York or the other American ports. This advantage has been overcome and lost largely through the fact that Boston has not enjoyed a freight rate which takes into consideration the economical matter in which it is practicable to transfer freight from the railroad car to the ship. The consequence of this is that ships do not come here or perhaps more specifically do not sail from here to the extent that we think our natural advantages, nearness to foreign ports, modern steamship facilities and the productivity of our manufacturing plants, ought to warrant. A considerable part of the difficulty arises from the phenomenal growth of the great city of New York with the influence which its wealth and size naturally exert in combination with the unreasonable and certain concession which have been made in the shape of free services.

The struggle between the ports in the effort to secure recognition of the advantages which they separately possess has been frequently before the commission, but at no time, as I understand the matter, has there ever been squarely presented to the commission the questions connected with the absorbing by the railroads serving the port of New York of the cost of large services which under the conditions under which the port operates it is necessary that it be performed by some one.

DUTY TO BOSTON.

As the Mayor of this great city, I felt it to be my duty to do what I possibly could to see that advantages which the port of Boston possesses are brought adequately to the attention of the commis-

(Continued on page 1887.)

"O Boston, fair City enthroned like a radiant queen.

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 15, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth, avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 29, 1930:
Population estimated, July, 1930, United States Census estimate, 811,200; number of deaths (stillbirths excluded): Residents, 170; nonresidents, 34; total, 204.

Death rate per 1,000 of population: All deaths, 13.08; nonresidents deducted, 10.90.

Death rate per 1,000 of population:

Last week, 13.33; corresponding week last year, 13.11.

Deaths by age periods, sex, etc.: Under one year, 31; one year to four years, inclusive, 4; sixty years and over, 80. Total deaths: Male, 111; female, 93; deaths in hospitals and institutions, 116; deaths of colored, 9.

REPORTABLE DISEASES: CASES AND DEATHS.*

PORT OF BOSTON HEARING.

(Continued from page 1885.)

sion and, so far as practicable, I have directed that there be afforded means to present to the commission the facts to show how our natural advantages have been overcome through enormously valuable services which are rendered free of charge by the railroads at the port of New York and which are either not required to be rendered at the port of Boston or are not in part charged for, in order that the commission may see the propriety of making suitable differentiation between the rates to the two ports which will accord to Boston the benefit of the advantages which it manifestly has over the port of New York.

To this end I directed the Corporation Counsel of the City of Boston to prepare a petition of intervention in the case brought by the state of New Jersey bringing in issue the matters I have just referred to and also directing the filing of a complaint touching the same issues in order that the commission might lawfully accord Boston the affirmative relief to which I believe the evidence will plainly show we are entitled, and which relief, if granted, will result in economic benefit to the whole of New England, to the whole of the country, so far as New England's influence reaches. I believe that the development of steamship service which the establishment of a proper relationship in rates will undoubtedly bring about will aid in the upbuilding of the port of Boston and the restoration to it of the traffic which ought to flow through it and will be without detriment and indeed may be of aid to the city of New York itself.

I believe such a readjustment as our evidence will show ought to be brought about will be a great advantage to the railroads of New England and even those in other sections. This is a matter to be given earnest consideration, because the transportation problem, as the commission well knows, is one of acute concern at the present time.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Furnival road, between 310 feet northwest of Pond street and 225 feet southeasterly, in the West Roxbury district, at an estimated cost of \$1,600.

A sanitary sewer of 10-inch pipe and a surface drain of 3-foot 3-inch circular concrete in private land and passageway northwest of Pond street, between Rockwood street and Furnival road, in the West Roxbury district, at an estimated cost of \$6,400.

A surface drain of 12-inch pipe and three catch-basins in Old Colony Parkway (west side), between Old Colony terrace and 242 feet northerly, in the Dorchester district, at an estimated cost of \$3,600.

A sanitary sewer of 10-inch pipe in Old Colony terrace, between Savin Hill avenue and Old Colony Parkway, in the Dorchester district, at an estimated cost of \$1,000.

A surface drain of 15-inch pipe and four catch-basins (to be built in old taking), in Mt. Vernon street, at junction of Old Colony Parkway, in the Dorchester district, at an estimated cost of \$6,000.

A surface drain of 12-inch pipe and four catch-basins in Wilrose street,

between Westwood street and Puritan avenue, in the Dorchester district, at an estimated cost of \$3,000.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and three catch-basins in Greenfield road, between 115 feet southeast of Weybosset street and Ridge road, in the Dorchester district, at an estimated cost of \$2,850.

A sanitary sewer of 18-inch pipe and a surface drain of 12-inch and 18-inch pipe in Hamilton street, between Coleman street and Bowdoin street, in the Dorchester district, at an estimated cost of \$4,500.

A surface drain and basin connection of 10-inch and 12-inch pipe in Bowdoin street, at Draper street, in the Dorchester district, at an estimated cost of \$500.

A sanitary sewer of 12-inch pipe in Baker street, between Elmwood street and Johnson street, in the West Roxbury district, at an estimated cost of \$1,000.

A sanitary sewer of 10-inch pipe (to be built in old taking) in private land and passageway northwest of Pond street, between Rockwood street and 467 feet southwesterly, northwesterly and westerly, in the West Roxbury district, at an estimated cost of \$3,200.

EXTRA WORK UNDER CONTRACT.

Appel & O'Toole have been directed to perform the following extra work under the contract for laying bitulithic pavement in Ormond street, from Wellington Hill street to Wellington Hill street, dated October 14, 1930. Item ordered: Furnish and spread where directed in Ormond street. Price to be paid: The sum of \$1.50 for each cubic yard of gravel furnished and spread. Estimated cost of extra work, \$150.

Charles Struzziery has been directed to perform the following extra work under the contract for building sewerage works in Cerdan avenue and outlet in private land to Montclair avenue, West Roxbury, dated October 14, 1930. Items ordered: Furnish and place about 150 cubic yards soft coal cinders at agreed price \$2 per cubic yard for temporary surface of sewer trench in Cerdan avenue. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$300.

A. Singarella has been directed to perform the following extra work under the contract for laying bitulithic and bituminous macadam pavement in River street, from 100 feet west of Duxbury road to Blue Hill avenue, dated October 8, 1930. Items ordered: Furnish filling and grade same in River street. Price to be paid: For furnishing and grading filling the sum of \$1.10 per cubic yard in place. Estimated cost of extra work, \$275.

MAYOR PRAISED BY MILTON SELECTMEN.

Mayor Curley, on November 24, received the following letter from Mr. Kenneth D. Johnson, chairman of the Board of Selectmen of Milton, Mass.:

May we, in behalf of the residents of Milton, express to you our sincere appreciation of the excellent job that has recently been completed in connection with the reconstruction of Granite avenue, from the Gallivan Boulevard to the Boston-Milton line. This improvement is a real credit to that section of your city and will certainly be a real benefit to our people in Milton.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for erecting and completing an elementary school in the Charles Sumner District. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$7,500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 11, at 2 p. m.

Advertises for proposals for furnishing and installing picture projection equipment in the new Brighton High School. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 15, at 2 p. m.

Advertises for proposals for erecting and completing addition and alterations to the Beethoven School, Washington street, near Grove street, West Roxbury. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$2,500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 24, at 2 p. m.

Advertises for proposals for erecting and completing the special class school building in the Ulysses Grant district. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$5,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 31, at 2 p. m.

HOSPITAL DEPARTMENT.

Advertises for proposals for exterminating vermin in the Main Hospital and South Department, City Hospital, for one year. Surety bond will be required in an amount of \$1,000. Blank forms for proposals may be obtained at the office of the Acting Superintendent, City Hospital, Harrison avenue, Boston. Bids, accompanied by certified check in the amount of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 9, at 12 m.

PARK DEPARTMENT.

Advertises for proposals for illuminated sign on roof of building at the Boston Airport, East Boston. Surety bond will be required in an amount equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 18, at 12 m.

Advertises for proposals for shelter and refreshment booth at Columbus Park, South Boston. Surety bond will be required in an amount equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$2,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 18, at 12 m.

PUBLIC BUILDINGS DEPARTMENT.

Advertises for proposals for installing elevator door closers and suspension hangers for elevator doors in City Hall Annex. Surety bond will be required in an amount equal to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent, 1005 City Hall Annex, Boston. Bids, accompanied by certified check in the amount of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 9, at 12 m.

Advertises for proposals for alterations on the eighth floor, City Hall Annex Building. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent of Public Buildings, Room 1005, City Hall Annex. Bids, accompanied by certified check in the amount of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 15, at 12 m.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Advertises for proposals for repairing garbage dump at Albany street, Boston. Surety bond will be required in the amount of \$7,000. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the amount of \$800, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 15, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for sewerage works in Orchardhill road and outlet in Morton street, West Roxbury. Surety bond will be required in an amount equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall

Annex, Boston. Bids, accompanied by certified check in the amount of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 8, at 12 m.

CHINESE NATION GRATEFUL TO MAYOR CURLEY FOR INTEREST.

His Honor the Mayor, on December 1, received the following communication from Mr. T. Hsich, of 801 Statler Building, Boston, now staying at the George Vanderbilt Hotel, Asheville, North Carolina:

OUR ESTEEMED MAYOR,—Since your Honor's approach at Washington with your telegram sent to President Hoover, urging that the excess United States wheat be loaned to China without interest, all the Chinese vernacular papers have been busy running stories about this matter.

I have today received from my office in Boston a letter sent by the Chung Wah News Association, of Shanghai, requesting me, as their only representative in the Northern American continent, to personally visit you upon my return to the City of Boston and extend to you our heartfelt expression of deep gratitude.

I was sorry to have learned of your recent indisposition and hurried to send my secretary with words of inquiry to your home.

I was still more sorry not having been able to come in time for the American Legion's celebration. I inclose herewith his Excellency's card from Ottawa, the Chinese Plenipotentiary, Dr. Li Tchuen.

Meanwhile sending you my warmest personal felicitations, I am,

Yours cordially,

T. HSICH.

BOSTON, ENGLAND, AGAIN THANKS MAYOR CURLEY FOR ENTERTAINMENT TO MAYOR SALTER.

Mayor Curley, on November 24, received the following letter from Edmund Waite, Town Clerk of Boston, England:

At their last meeting my Council had the pleasure to welcome home again the Mayor and other representative members after their recent visit as guests of your city on the occasion of the Tercentenary celebrations. The Mayor gave to the Council a very glowing account of the manner in which he and his companions had been received and of the splendid welcome which had been accorded to them. By unanimous resolution I am instructed to write to you to inform you that my Council are deeply indebted to you and to your city for allowing them to be officially represented at your highly important Tercentenary celebrations. I am also to convey the sincere thanks of the Council to you and to the officials and inhabitants of your city for the hospitality and unforgettable kindness which were extended to the Mayor and other delegates during their visit. I can assure you that the members of the Council in this matter are speaking not only for themselves but for every burgess of this ancient borough.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 4:

* Contract awarded.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of St. Gregory street, Dorchester district, as a highway, from Washington street to Dorchester avenue, bounded and described as follows:

A highway named St. Gregory street is hereby laid out, from Washington street to Dorchester avenue, over and including the private way known as Bellows place, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Washington street, forty-one and 11-100 feet; northerly by the northerly line of said St. Gregory street as hereby laid out, by two measurements, two hundred seventeen and 11-100 feet and two hundred sixty-five and 80-100 feet; easterly by the easterly line of said St. Gregory street as hereby laid out, five and 39-100 feet; again northerly by the northerly line of said St. Gregory street as hereby laid out, one hundred twenty-three and 80-100 feet; easterly by Dorchester avenue, twenty-nine and 25-100 feet; southerly by the southerly line of said St. Gregory street as hereby laid out, one hundred twenty-two and 80-100 feet; again easterly by the easterly line of said St. Gregory street as hereby laid out, five and 36-100 feet; again southerly by the southerly line of said St. Gregory street as hereby laid out, two hundred six and 31-100 feet; again southerly by the southerly line of said St. Gregory street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; again southerly by the southerly line of said St. Gregory street as hereby laid out, forty and 2-100 feet; westerly by the westerly line of said St. Gregory street as hereby laid out, eighteen and 9-100 feet on a curve of ten feet radius; again southerly by the southerly line of said

St. Gregory street as hereby laid out, two hundred fifteen and 11-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of St. Gregory street, as laid out under this order, from Washington street to Dorchester avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, St. Gregory Street, Dorchester Assessment Plan, July 23, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of St. Gregory street, Dorchester district, as a highway, from Washington street to Dorchester avenue, over and including the private way known as Bellows place, under the order of the Board, and awards no damages therefor.

EX-MAYOR FITZGERALD REPRESENTS BOSTON AT LIPTON RECEPTION.

Mayor Curley, on December 3, directed the following communication to Hon. John F. Fitzgerald, former Mayor of Boston:

It is desirable that the City of Boston be represented in New York upon the occasion of the presentation of the loving cup to Sir Thomas Lipton.

With an appreciation of the friendship that has existed between you and Sir Thomas for so many years, it affords me very great pleasure to designate you as the official representative of the City of Boston, in connection with such presentation, to be held upon Thursday, December 4, 1930.

Trusting that you will accept of this assignment with your customary good nature, I beg to remain,

Sincerely yours,

JAMES M. CURLEY,
Mayor.

ADDITIONAL QUARTERS FOR PROVIDING EMPLOYMENT SERVICE BRANCH FOR WOMEN REFUSED.

His Honor the Mayor, on December 1, received the following communication from Miss Katherine V. Parker, President of the Women's Republican Club of Massachusetts:

MY DEAR MAYOR CURLEY,—The Women's Republican Club of Massachusetts desires to be of assistance in the present industrial depression not only in the City of Boston but throughout the state.

In reply to your letter of November 14, asking for the use of a portion of this building to be utilized as a Women's Department of the Boston Municipal Employment Bureau, the Board of Governors of the Women's Republican Club of Massachusetts voted at its last meeting that it would be inappropriate to have such a bureau inside the building at 46 Beacon street; but we have a building at the rear of 46 Beacon street, on Spruce court, part of which could be made available for this work. If this offer should prove satisfactory to your committee, we would be very glad to cooperate by having some members of our club serve on your committee in charge of this special branch. Final decision as to arrangements would have to be submitted to our Board of Governors for its approval. Thank you so much for asking this service of us.

Very respectfully yours,

KATHERINE V. PARKER.

His Honor the Mayor then forwarded the following communication to Miss Katherine V. Parker, President of the Women's Republican Club:

MY DEAR MISS PARKER,—I beg to acknowledge receipt of communication submitted by you in behalf of the Women's Republican Club tendering the use of the quarters on Spruce court to the City of Boston, to be utilized as a Women's Branch of the Municipal Employment Bureau.

The pastor of Emmanuel Episcopal Church, Rev. Dr. Benjamin M. Washburn, has agreed to permit the use of the library connected with Emmanuel Church as a municipal employment bureau for women during the present depression; consequently, the city will be unable to accept the use of the quarters tendered by your organization, and located on Spruce court.

Very truly yours,

JAMES M. CURLEY,
Mayor.

His Honor the Mayor forwarded the following communication to Rev. Dr. Benjamin M. Washburn, Rector of Emmanuel Episcopal Church:

MY DEAR DOCTOR WASHBURN,—I am informed by the Director of the Municipal Employment Bureau, Mr. John J. Shields, that you have very generously agreed to permit the use of the library connected with your church, to be utilized as a branch of the Municipal Employment Bureau for Women.

I desire at this time to express to you my sincere appreciation of your very great courtesy and to accept the same in behalf of the City of Boston.

The service rendered the unemployed by the City of Boston is gratis and I assume that no charge will be made by your congregation for the use of the premises unless I hear from you to the contrary.

Respectfully,

JAMES M. CURLEY, Mayor.

His Honor the Mayor forwarded the following communication to Miss Katherine V. Parker, President of the Women's Republican Club:

MY DEAR MISS PARKER,—I have instructed the Director of the Municipal Employment Bureau, Mr. John J. Shields, to accept of the tender made by the Rector of Emmanuel Church located at 15 Newbury street, to the City of Boston to utilize the library connected with the church as a branch for women of the Boston Municipal Employment Bureau.

In my opinion a most valued service can be rendered by the membership of your organization not only in applying to this municipal bureau for help but in assisting during possible leisure moments in the conduct of its activities.

Trusting that you will direct the attention of the membership of your organization to the possibilities for co-operating in this most important work, and that they will avail themselves of the privilege to be of service, I beg to remain,

Sincerely yours,

JAMES M. CURLEY, Mayor.

His Honor the Mayor, on December 2, received the following communication from Rev. Benjamin M. Washburn, Rector of Emmanuel Episcopal Church:

MY DEAR MAYOR CURLEY,—I thank you for your letter. I regret exceedingly that circumstances quite unforeseen when I talked with Mr. Shields seem now to make it quite impossible for us to extend to you the use of our library for the Employment Bureau. We shall try here at Emmanuel Church to help in every way possible in the present situation, and we are withdrawing our offer with the greatest regret.

With high regard,

Sincerely yours,

BENJAMIN M. WASHBURN.

His Honor the Mayor forwarded the following letter in answer to above:

REVEREND SIR,—I beg to acknowledge receipt of your communication withdrawing your tender of the use of the library connected with the Emmanuel Church for the women's branch of the City of Boston Employment Bureau.

I regret exceedingly that you find it necessary to withdraw your tender, as the location is admirable and the opportunity to be of service by your church during the present industrial depression was exceptional.

However, we shall carry on at less desirable quarters where the opportunities for the needy because of location will unquestionably be less advantageous, namely, at the Women's Municipal Employment Bureau, 25 Church street.

Respectfully,

JAMES M. CURLEY, Mayor.

ADDITIONAL DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 3, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Duke street be, and the same hereby is, amended, by adding to said order the amount \$250 as an award to Susan D. Kasson; that the amount \$250 be, and the same hereby is, awarded to Susan D. Kasson for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 7, 1930, determining damages caused by the making of the public improvement, consisting of the widening and relocation of L street, South Boston, be, and the same hereby is, amended, by striking from said order the amount \$7,200 awarded to William and Julio Juzefalis in said order and inserting in place thereof the amount \$7,700; that the amount \$7,700 be, and the same hereby is, awarded to William and Julio Juzefalis for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 17, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of South Crescent circuit be, and the same hereby is, amended, by striking from said order the amount \$25 awarded to Frank H. Frisbee *et al.* in said order and inserting in place thereof the amount \$125, and the name Mabel Warren Arnold; that the amount \$125 be, and the same hereby is, awarded to Mabel Warren Arnold for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 17, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Regal street be, and the same hereby is, amended, by striking from said order the amount \$125 awarded to Frank H. Frisbee *et al.* in said order and inserting in place thereof the amount \$250 and the name Mabel Warren Arnold; that the amount \$250 be, and the same hereby is, awarded to Mabel Warren Arnold for the damages so sustained.

Whereas, An award of \$23,700 for the taking in fee for courthouse purposes of 17,851 square feet of land was made to Anna F. Dempsey under the order of the Street Commissioners and Mayor of September 22, 1925; and

Whereas, Said sum (\$23,700) was accepted by said Dempsey not in full satisfaction of all damages so sustained but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Dempsey petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$23,700) so awarded, accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department and on its advice, that additional damages in the amount of \$5,000 be, and the same hereby is, awarded to Anna F. Dempsey, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

TRANSFER OF APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

ASSESSING DEPARTMENT.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Assessing Department:

From the appropriation for A-1, Permanent Employees, Assessors, Deputy, 5 at \$4,500 a year, \$135; Assessors, First Assistant, 47, \$400; Clerks, 8 at \$2,100 a year, \$150; Clerks, 4 at \$1,800 a year, \$13; Clerk, 1 at \$1,300-\$1,400 a year, \$32; Clerk, 1 at \$1,000-\$1,100 a year, \$12; Clerk, 1 at \$1,00-\$1,200 a year, \$50, to the appropriation for A-2, Temporary Employees, \$792.

From B-3, Advertising and Posting, \$168; B-4, Transportation of Persons, \$250; C-10, Library, \$125 to A-2, Temporary Employees, \$543.

To provide funds in A-2, Temporary Account, for the continuance of the services of present temporary employees.

Respectfully,

EDWARD T. KELLY,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

ELECTION DEPARTMENT.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for A-1, Permanent Employees, 1 Chairman at \$7,000 a year, \$399.98; 36 Assistant Registrars at \$1,600 to \$2,200 a year, \$231.28, to the appropriation for A-1, Permanent Employees, 1 (3) Assistant Registrars at \$2,400 a year, \$631.26.

Increase in salaries for two assistant registrars from \$2,200 to \$2,400 a year, effective November 14, 1930.

Respectfully,

PETER F. TAGUE,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1930.

INSTITUTIONS DEPARTMENT.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Long Island Hospital, B-39, General Plant, \$168.51, to the appropriation for Central Office, A-1, Permanent Employees, 1 Stenographer and Clerk at \$1,500 a year, \$168.51.

The increase in the volume of work in the Central Office makes a new position

imperatively necessary. The above transfer provides funds from November 21.

Respectfully,

JAMES E. MAGUIRE,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 17, 1930.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Long Island Hospital, B-39, General Plant, \$700, to the appropriation for Child Welfare Division, A-2, Temporary, \$700.

From B-39, General Plant, \$75, to A-3, Unassigned, \$75.

From B-39, General Plant, \$25, to B-13, Communication, \$25.

A-2, transfer required to provide for temporary employment of one store-room attendant, one typist and visitor and one clerk and stenographer, on account of death and sickness of employees and because of stress of work.

A-3, to pay for boy helper by hour in storeroom.

B-13, telephone calls have increased on account of number of children. Telephone often saves traveling.

Respectfully,

JAMES E. MAGUIRE,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1930.

PARK DEPARTMENT.

BOSTON, November 28, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Park Department:

From the appropriation for B-6, Teaming, \$500, to the appropriation for B-14, Motor Vehicle Repairs, \$500.

From B-6, Teaming, \$600, to D-1, Office, \$600.

From B-6, Teaming, \$200, to D-8, Laundry, Cleaning, Toilet, \$200.

From B-6, Teaming, \$800, to D-9, Educational and Recreational, \$800.

From B-6, Teaming, \$1,000, to E-1, Building, \$1,000.

From C-17, General Plant, \$800, to E-13, General Plant, \$800.

From C-7, Furniture and Fittings, \$500, to G-4, Airport Maintenance, \$500.

From C-16, Wearing Apparel, \$800, to G-4, Airport Maintenance, \$800.

From F-11, Workingmen's Compensation, \$700, to G-4, Airport Maintenance, \$700.

From D-16, General Plant, \$300, to B-4, Transportation of Persons, \$300.

These transfers are requested to meet requirements unforeseen when making up the budget.

Respectfully,

WILLIAM P. LONG,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

PARK DEPARTMENT (Cemetery Division).

BOSTON, November 28, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Cemetery Division, Park Department:

From the appropriation for A-1, Permanent Employees, 42 Laborers at \$5 a day, \$500, to the appropriation for A-2, Temporary Employees, \$500.

From D-1, Office, \$31.39, to C-7, Furniture and Fittings, \$31.39.

These transfers are requested to meet requirements unforeseen when making up the budget.

Respectfully,

WILLIAM P. LONG,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

BOSTON TRAFFIC COMMISSION.

BOSTON, November 15, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission:

From the appropriation for E-13, General Plant, Materials, \$1,500, to the appropriation for A-2, Temporary Employees, \$1,500.

Because of existing conditions and the unemployment of so many of our citizens and the open weather it is our hope that we will be able to continue these men for a longer period of time than was anticipated when the budget requirements were drawn.

Respectfully,

JOSEPH A. CONRY,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1930.

SUPPLY DEPARTMENT.

BOSTON, November 19, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Supply Department:

From the appropriation for D-1, Office, \$244, to the appropriation for C-9, Office, \$76.25; B-39, General Plant, \$15; C-4, Motor Vehicles, \$17.50; B-3, Advertising and Posting, \$135.25.

The transfer to C-9, Office Equipment, is to take care of payment for the purchase of one Edison Dick mimeograph.

The transfer of \$15 to B-39, General Plant, is to take care of repairs to adding machines and typewriters for the balance of the year.

The transfer to C-4, Motor Vehicles, covers the purchase of a spare tire for the department automobile.

The transfer to B-3, Advertising, is to provide for the balance of the year for advertising through the *City Record*. This is made necessary owing to the

greatly increased number of advertisements in 1930.

Respectfully,

PHILIP A. CHAPMAN,
Superintendent.

The above transfer was made by the City Auditor with the approval of the Mayor December 1, 1930.

WEIGHTS AND MEASURES DEPARTMENT.
BOSTON, November 15, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfers within the appropriations of the Weights and Measures Department:

From the appropriation for C-4, Motor Vehicle Equipment, \$206, to the appropriation for B-12, Bond Premiums, \$6; C-13, Tools and Instruments, \$200.

From A-1, Permanent Employees, Chief Deputy Sealer at \$2,600 a year, \$66, to A-2, Temporary Employees, 1 Deputy Sealer at \$1,600 a year, \$66.

The charge on bonding has been increased from \$3 to \$5 per thousand. For \$3,000 bonds the increase will be \$6.

For the purchase of an increased number of seals that were not anticipated at the first of the year and for other tools found necessary in conducting the work. Increase of \$200.

To carry a Temporary Deputy Sealer at \$1,600 for the balance of the year after an extension of leave to the Chief Deputy Sealer, \$66.

Respectfully,

JAMES A. SWEENEY,
Sealer.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1930.

COUNTY OF SUFFOLK.

BOSTON JUVENILE COURT.

BOSTON, November 21, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Juvenile Court.

From the appropriation for B-4, Transportation of Persons, \$100, to the appropriation for D-1, Office, \$100.

Respectfully,

CHARLES W. M. WILLIAMS,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

MUNICIPAL COURT OF BOSTON.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Municipal Court, City of Boston.

From the appropriation for B-29, Stenographic, Copying and Indexing, \$600, to the appropriation for F-7, Pensions and Annuities, \$125; G-1, Probation Officers' Expenses, \$475.

F-7 to cover retiring probation officer.

G-1 to cover deficiencies in probation officers' expenses.

Respectfully,

WILFRED BOLSTER,
Chief Justice.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

MUNICIPAL COURT, SOUTH BOSTON.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Municipal Court, South Boston:

From the appropriation for A-2, Temporary Employees, \$200, to the appropriation for D-1, Office, \$200.

Respectfully,

ADRIAN B. SMITH,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

WEST ROXBURY COURT.

BOSTON, November 25, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the West Roxbury Court:

From the appropriation for A-2, Temporary Employees, \$108.50, to the appropriation for B-4, Transportation of Persons, \$38; D-1, Office, \$70.50.

To cover drafts submitted November 15, 1930.

Respectfully,

GEORGE B. STEBBINS,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

ASSOCIATE MEDICAL EXAMINER.

BOSTON, November 17, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I hereby request permission to transfer the below amounts, which are within my appropriation for the year 1930, Associate Medical Examiner Service, Northern Division:

From the appropriation for B-35, Fees, Service of Venires, etc., \$20, to the appropriation for D-1, Office, \$20.

From the appropriation for B-5, Cartage and Freight, \$5, to the appropriation for D-1, Office, \$5.

The appropriation D-1 has been more heavily drawn on this year as there are a number of bills for printing done by the City Printing Department, and such charges are paid from the D-1 appropriation. We have such bills now due.

Yours respectfully,

WILLIAM J. BRICKLEY,
Associate Medical Examiner.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, supposed to belong to the Roman Catholic Archbishop of Boston, bounded:

Easterly by Foster street, ten feet; southerly by other land supposed to belong to said archbishop, by two measurements, one hundred eighty-eight and 21-100 feet and three hundred fifty-three and 57-100 feet; westerly by easement taken by the City of Boston for sewerage purposes May 11, 1922, eleven and 20-100 feet; and northerly by other land supposed to belong to said archbishop, by two measurements, three hundred sixty and 57-100 feet and one hundred ninety and 40-100 feet, containing fifty-four hundred and sixty-four square feet, more or less.

The sewerage works to be constructed are as follows: 575 linear feet of 2-foot 9-inch circular concrete surface conduit.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in private land on Foster street, Brighton district, under the order of the Board, and awards no damages therefor.

ADDITIONAL DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 23, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Brahms street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$26 as an award to Eva Milzner; that the amount \$26 be, and the same hereby is, awarded to Eva Milzner for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 15, 1929, determining damages caused by the making of the public improvement, consisting of the widening and construction of Weld street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$75 as an award to Mortimer S. Hoisington; that the amount \$75 be, and the same hereby is, awarded to Mortimer S. Hoisington for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Glade avenue, West Roxbury district, as a highway, from Glen road southerly, bounded and described as follows:

A highway named Glade avenue is hereby laid out, from Glen road southerly for a distance of approximately three hundred and fifty-eight feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Glen road, by two measurements, fourteen and 23-100 feet and fifteen and 88-100 feet; easterly by the easterly line of said Glade avenue as hereby laid out, by two measurements, one hundred sixty-three and 13-100 feet and one hundred ninety-three and 30-100 feet; southerly by the southerly line of said Glade avenue as hereby laid out, thirty feet; and westerly by the westerly line of said Glade avenue as hereby laid out, by two measurements one hundred ninety-five and 52-100 feet and one hundred sixty-three and 5-100 feet.

Trees or structures standing upon or affixed to the afore-described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Glade avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Glade Avenue, Glenside Avenue, West Roxbury, Assessment Plan, July 30, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 169.

The following letter is published for the information of the department, and Patrolman Leo V. Devlin of Division 9 is hereby commended in General Orders for the assistance he has rendered to the City of Boston Law Department in protecting the interests of the city:

LAW DEPARTMENT, CITY OF BOSTON.
11 BEACON STREET.

November 21, 1930.

EUGENE C. HULTMAN, ESQUIRE,
Police Commissioner.

DEAR SIR,—My associate, Mr. Leonard, informs me that during the progress of a case against the City of Boston recently Officer Leo V. Devlin of Division 9 displayed such interest and zeal in helping him in the defence of the suit that as a result of his efforts and cooperation the city was able to secure judgment in this case. Officer Devlin showed more than the ordinary zeal and rendered such valuable assistance that I feel he ought to receive your commendation for his conduct. I believe that if officers were commended by you when they render extraordinary service in cases of this kind it would help this department because it undoubtedly would result in being an incentive to other officers to do the same.

Very truly yours,

SAMUEL SILVERMAN,
Corporation Counsel.

The commissioner desires to say to the department that it is part of the duty of the Police Department to protect the interests of the city in every way possible, and that the particular service that Patrolman Devlin rendered is what the City of Boston has a right to expect from its policemen.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 170.

The commissioner desires to compliment Patrolman Michael Clancy of Division 10 for the excellent police work performed by him on November 17, 1930, in connection with the arrest of one of two colored men who had held up and robbed at gun point a First National Store on November 15 and also another store in Roxbury where, after pointing a revolver at the woman attendant, punched her and robbed her of about fourteen dollars and then pushed her into an ice chest and locked the door from which she later released herself. Patrolman Clancy received a description of the man wanted at the 1.30 roll call and after visiting in the vicinity looking for information he met a colored man whose face resembled the description given but who was wearing a raincoat at the time. Patrolman Clancy took him to the store where he was positively identified by the woman who had been robbed.

Patrolman Clancy by his interest, intelligence and keen observation, accomplished a very important arrest and the commissioner hereby orders that Patrolman Michael Clancy be commended in General Orders and be given three days' additional vacation.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 171.

Patrolman William J. Crowley, Stanley A. Slack and Joshua J. Bradbury, all of Division 10, are hereby commended in General Orders for their splendid cooperation and display of good judgment in accomplishing the arrest of the second of the two colored men wanted in connection with two robberies on Division 10 on November 15 and 17, 1930.

The commissioner is glad to take cognizance of the interest displayed in this work by these officers.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 172.

A trial board consisting of Captains Goodwin, Perry and King, having heard by reference a complaint against Patrolman Thomas F. Coyne of Division 1, charging him with being absent without leave, to wit:

Charge: Absent without leave.

Specification: In that on the 9th day of November, 1930, the said Patrolman Thomas F. Coyne did absent himself from the 5.45 p. m. roll call, without permission.

has reported to the commissioner a finding of guilty as charged.

In accordance with which it is hereby ordered that the said Patrolman Thomas F. Coyne perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 173.

Whereas, It appears that Patrolman Hugh O'Neill of Division 14 has performed faithful service in the Police Department for twenty-seven years, and that the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, has certified the said Patrolman O'Neill to be incapacitated for useful service on said force; therefore, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman O'Neill be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (to be paid monthly), said sum being one-half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Tuesday, December 2, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Buchanan road, West Roxbury district, as a highway, from Centre street to Andover street, bounded and described as follows:

A highway named Buchanan road is hereby laid out, from Centre street to Andover road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Centre street, sixty-four and 57-100 feet; westerly by the westerly line of said Buchanan road as hereby laid out, twenty-four and 1-100 feet on a curve of fifteen feet radius; southerly by the southerly line of said Buchanan road as hereby laid out, three hundred ten and 7-100 feet on a curve of two hundred feet radius; southeasterly by

the southeasterly line of said Buchanan road as hereby laid out, by two measurements, one hundred thirty-three and 68-100 feet and two hundred fourteen and 55-100 feet on a curve of six hundred feet radius; easterly by the easterly line of said Buchanan road as hereby laid out, twenty-three and 51-100 feet, on a curve of fifteen feet radius; southwesterly by Andover road, by two measurements, thirty-five and 64-100 feet and thirty-seven and 15-100 feet; northerly by the northerly line of said Buchanan road as hereby laid out, twenty-six and 8-100 feet on a curve of fifteen feet radius; northwesterly by the northwesterly line of said Buchanan road as hereby laid out, by two measurements, one hundred ninety-four and 33-100 feet on a curve of five hundred and sixty feet radius and one hundred thirty-three and 68-100 feet; again northerly by the northerly line of said Buchanan road as hereby laid out, by two measurements, three hundred seventy-four and 18-100 feet on a curve of two hundred and forty feet radius and twenty-two and 91-100 feet on a curve of fifteen feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Buchanan road, from Centre street to Andover road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Buchanan Road, West Roxbury, Assessment Plan, November 6, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Buchanan road, West Roxbury district, as a highway, from Centre street to Andover road, under the order of the Board, and awards no damages therefor.

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

FIRE DEPARTMENT ORDERS.

General Order No. 103.

I. FIRE DEPARTMENT BAND.

The next rehearsal for the Fire Department Band will be held at the quarters of Engine Company 26, Broadway, at 2 p. m., Saturday, November 29, 1930. Attention of members of the band is called to the instructions issued by Mr. Sordillo that he desires every member of the band to bring his music, music stand and instrument on this occasion. Every member having a music stand must bring it with him on Saturday, November 29. The rehearsal will start promptly at 2 p. m. in the Assembly Hall.

II. NEW ENGLAND TRANSPORTATION COMPANY BUSES.

On November 7, 1930, the Fire Commissioner took up with the New York, New Haven and Hartford Railroad the matter of allowing members of this department to ride free on the buses of that corporation. The commissioner is in receipt of a communication, today, from the president of the New England Transportation Company which grants permission to members of the Fire Department to ride free within the city limits, when in uniform, on the buses of that company, which includes those buses operated in connection with the New York, New Haven and Hartford Railroad.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 104.

I. FIRE DEPARTMENT BAND.

The next rehearsal of the Fire Department Band will be held at the quarters of Engine Company 26, Broadway, at 2 p. m., Saturday, December 6, 1930. The members will bring their instruments, music stands and music books. Members are requested to report promptly at 2 o'clock.

II. ASSIGNMENT CARDS.

The following assignment cards are being returned to the department today:

Card for Box 5254—referred to in General Order No. 74, c. s.; addition to this card Box 12-5254, William H. Taft School, Cambridge and Warren streets.

Card for Box 3565, referred to in General Order No. 79, c. s.; addition to this card 12-3565, Mattapan Station, Boston Elevated Railway.

Card for Box 6152, referred to in General Order No. 90, c. s.; addition to this card 12-6152, U. S. Coast Guard Station, 61 Sumner street.

Card for Box 6136, referred to in General Order No. 96, c. s.; addition to this card 13-6136, Commonwealth Pier No. 1, Eastern S. S. Company.

Card for Box 6151, referred to in General Order No. 96, c. s.; addition to this card 12-6151, Hodges Wharf, 111 Sumner street, Eastern S. S. Company.

On the cards for Boxes, 6136, 6151 and 6152, company commanders will add Rescue Company 3 on second alarms, in accordance with instructions contained on page 2, General Order No. 100, c. s.

III. DUMPING PERMITS.

The commissioner is in receipt of the following communication from Dr. F. X. Mahoney, Health Commissioner, concerning permits for dumping ashes and house refuse:

DEAR SIR,—Permits for dumping ashes and house refuse on vacant lands in the City of Boston expire on December 31. All dumping permits now in force have been approved by the Fire Department as to the means provided for fire protection. If, for any reason, your department feels that renewals should be refused will you kindly advise me on or before December 10, 1930, giving the location of the dump and the name of the owner of the land in question, and I will see that permit for 1931 is withheld until conditions are satisfactory to the Fire Department. Your cooperation in this matter, by promulgating the same in your general orders, will be appreciated.

F. X. MAHONEY,
Health Commissioner.

District chiefs are requested to forward the information requested in the foregoing letter to Headquarters not later than December 8, 1930.

IV. AMERICAN RED CROSS.

Acknowledgment is made of the following contributions which have been received for the American Red Cross:

Headquarters, \$5; Fire Prevention Division, \$12.50; Wire Division, \$25; Fire Alarm Division, \$17; Maintenance Division, \$3; District 1, \$10; District 2, \$20; District 3, \$7; District 4, \$46.50; District 5, \$3; District 6, \$10; District 7, \$13; District 8, \$3; District 9, \$7; District 11, \$12; District 12, \$6; District 13, \$10; District 14, \$3; District 15, \$8. Total, \$221.

The commissioner wishes to express his appreciation to the members of the department for their response to the roll call of the American Red Cross. The amount subscribed a year ago was \$87. The contribution of members of the department of \$221, this year, is most generous and praiseworthy.

The commissioner feels at this time that he should express his commendation to the members of the department for the generous spirit they have shown in response to the last two appeals which have been made to them for subscriptions to worthy causes. In the case of the appeal for funds for the Salvation Army the department subscribed more than double the amount of a year ago and almost one half of the amount contributed by all city employees. This spirit shows the general interest manifested by the members of the Boston Fire Department in the welfare work of the entire community.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Knoll street, West Roxbury district, as a highway, between Selwyn street and Centre street, bounded and described as follows:

An extension of the highway named Knoll street is hereby laid out, from Selwyn street northwesterly for a distance of approximately eight hundred and eighty-five feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Selwyn street, forty feet; southwesterly by the southwesterly line of said extension of said Knoll street as hereby laid out, eight hundred eighty-five and 30-100 feet; northwesterly by the northwesterly line of said Knoll street as hereby laid out, forty feet; and northeasterly by the northeasterly line of said extension of said Knoll street as hereby laid out, eight hundred eighty-four and 90-100 feet.

Trees or structures standing upon or affixed to the afore described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Knoll street as laid out under this order, from Selwyn street northwesterly for a distance of approximately eight hundred and eighty-five feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Knoll Street, West Roxbury, Assessment Plan, July 29, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Knoll street, West Roxbury district, as a highway, from Selwyn street northwesterly for a distance of approximately eight hundred and eighty-five feet, under the order of the Board, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY AND HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of property, about six million square feet of land, in the West Roxbury and Hyde Park districts, lying in the vicinity of Stony Brook Reservation, Poplar street, West Roxbury, and West street, Hyde Park, for playground purposes:

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published November 8, 15, 1930, in the *City Record*, and has given the public hearing, notice of which was given in said order, and

Whereas, The Board of Park Commissioners of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for playground purposes the land hereinafter described, in that part of Boston formerly West Roxbury and Hyde Park, it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for playground-public golf course purposes the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Aaron Smith, bounded and described as follows, to wit:

Beginning at a point on the westerly side of West street about ninety-five feet northwesterly from the intersection of West street and Myopia road, thence running southwesterly by land of Edward H. Bonelli *et al.*, trustees, by two lines, eighty-three and 67-100 feet and two hundred seventy-four and 98-100 feet; thence southerly six hundred and twenty-three and 56-100 feet; thence southwesterly by a curved line eighty-nine and 88-100 feet and southwesterly again three hundred and fifty feet; thence turning and running northwesterly by land of Edward H. Bonelli *et al.*, trustees, seven hundred and eighty feet; and northwesterly again four hundred and sixty-five feet more or less to land now or formerly of Dorchester Second Church; thence turning and running northeasterly by land of Dorchester Second Church, one hundred and eighty feet; thence turning and running northwesterly by an irregular line four hundred and three feet; thence turning and running southwesterly six hundred fifty-five and 56-100 feet; thence turning and running northwesterly three hundred twenty-three and 10-100 feet; thence turning and running southwesterly eighteen feet; thence turning and running northwesterly by land now or formerly of George S. Lee *et al.*, trustees, two hundred thirteen and 80-100 feet; thence turning and running southwesterly by land now or formerly of said George S. Lee *et al.*, trustees, two hundred and fifty-two feet; thence turning and running northwesterly to land of the Commonwealth of Massachusetts, called Stony Brook Reservation, two hundred and eleven feet; thence turning and running northerly by a curved line, three hundred eighty-six and 20-100 feet, three hundred thirteen and 78-100 feet and four hundred thirty-seven and 29-100 feet; thence turning and running northeasterly by land now or formerly of A. P. Blake, five hundred

feet, more or less; thence turning and running northwesterly three hundred and ninety-two feet, more or less; thence turning and running northeasterly by land now or formerly of Albert F. Hayden, trustee, two hundred twenty-eight feet, three hundred and eighty feet and forty and 80-100 feet; thence turning and running northwesterly three hundred forty-seven and 85-100 feet and one hundred fifty-nine and 85-100 feet to land of Harvard College; thence turning and running northeasterly by land of Harvard College, and by land now or formerly of Michael Kiggen, Charles O. Breiding and John J. Lee, seventeen hundred eighty-three and 30-100 feet; thence turning and running southeasterly by land now or formerly of John S. Doane, Mary Seibert and J. Russell Little heirs, five hundred and fifty feet, more or less; thence turning and running southwesterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, and the end of a proposed street, two hundred six and 93-100 feet; thence running southwesterly again by a curved line, three hundred fifty and 14-100 feet; thence running southwesterly again by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred and eight feet; thence turning and running southeasterly to a proposed street, ninety feet; thence turning and running southwesterly by said proposed street, forty feet; thence turning and running southeasterly by said proposed street, one hundred and twenty feet; thence turning and running southwesterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred twenty-nine and 59-100 feet, two hundred eighty-seven and 90-100 feet, one hundred fifty-two and 22-100 feet, one hundred twenty-one and 42-100 feet, two hundred fifty-four and 42-100 feet, one hundred eighty and 11-100 feet, and thirty-one and 48-100 feet; thence turning and running southwesterly by land of Harvard College, six hundred ninety-three and 68-100 feet; thence turning and running southeasterly by land of Harvard College, six hundred nine and 50-100 feet; thence running southeasterly again to a proposed street, thirty-six and 41-100 feet; thence turning and running southwesterly by said proposed street, forty-seven and 48-100 feet; thence running by a curved line by said proposed street, one hundred sixty-seven and 70-100 feet; thence turning and running southwesterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred eight and 5-100 feet; thence turning and running southerly to a proposed street, one hundred six and 52-100 feet; thence turning and running southwesterly by said proposed street, eleven and 9-100 feet, ninety-eight and 19-100 feet, seventy and 6-100 feet; thence running southeasterly by said proposed street, eighty-seven and 6-100 feet, fifteen and 93-100 feet, eighty-four and 7-100 feet, one hundred four and 45-100 feet, one hundred six and 16-100 feet, sixty-four and 64-100 feet, and eighty-four and 3-100 feet; thence turning and running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred feet; thence turning and running southeasterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, six hundred feet; thence running southeasterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, fifty feet; thence turning and running northeasterly to West street, one hundred ten and 84-100 feet; thence turning and running southeasterly by West street to the point of beginning, three hundred eighty-eight and 37-100 feet; containing five million, four hundred

seventeen thousand, seven hundred and seventeen square feet, more or less.

A parcel of land, supposed to belong to the Boston District Developing Corporation, bounded and described as follows, to wit:

Beginning at a point on the westerly side of West street about five hundred and seventy-nine and 56-100 feet northwesterly of Myopia road, thence running westerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, sixty-six and 23-100 feet; thence running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred feet; thence running westerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, six hundred feet; thence running northerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred feet to the southerly side of a proposed street; thence turning and running westerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, along the southerly side of a proposed street, eighty-four and 3-100 feet, sixty-four and 64-100 feet and one hundred six and 16-100 feet; thence running northwesterly by land now or formerly of Edward H. Bonelli *et al.*, trustees; along the westerly side of said proposed street, one hundred four and 45-100 feet and eighty-four and 7-100 feet; thence turning and running in a general northerly direction along the westerly side of said proposed street, fifteen and 93-100 feet and eighty-seven and 6-100 feet; thence turning and running northeasterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, along the northerly side of said proposed street, seventy and 6-100 feet; thence turning and running easterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, along the northerly side of said proposed street, ninety-eight and 19-100 feet and eleven and 9-100 feet; thence turning and running northerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred six and 52-100 feet; thence turning and running northeasterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, to the west side of a proposed street, one hundred eight and 5-100 feet; thence turning and running in a general northerly and northeasterly direction along the northerly side of a proposed street, one hundred sixty-seven and 70-100 feet; thence running easterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, along the northerly side of a proposed street, forty-seven and 48-100 feet; thence turning and running northerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, thirty-six and 41-100 feet; thence turning and running easterly by land of Harvard College to the westerly side of West street, five hundred seventeen and 30-100 feet; thence turning and running in a southerly direction along the westerly side of West street, one hundred eighty-eight and 66-100 feet; thence turning and running westerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred nineteen and 86-100 feet; thence turning and running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, fifty feet; thence turning and running easterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, along the northerly side of a proposed street to the westerly side of West street, one hundred nineteen and 86-100 feet; thence turning and running in a southerly direction along said West street, ninety feet; thence turning and running westerly by land

now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred feet; thence turning and running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred feet; thence turning and running westerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, fifty feet; thence turning and running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, two hundred and fifty feet; thence turning and running southeasterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, sixty-two and 1-100 feet; thence turning and running easterly by land now or formerly of Edward H. Bonelli *et al.*, trustees, thirteen and 32-100 feet; thence turning and running southerly by land now or formerly of Edward H. Bonelli *et al.*, trustees, one hundred thirty-six and 25-100 feet; thence turning and running southeasterly along the northerly side of a proposed street to the westerly side of West street, one hundred twelve and 24-100 feet; thence turning and running in a southerly direction along the westerly side of West street, to the point of beginning, forty-seven and 79-100 feet; containing six hundred seven thousand one hundred and seventy-one square feet, more or less.

Said parcels are shown on a plan marked "City of Boston, Poplar Street, West Street, West Roxbury and Hyde Park, November 6, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to Esther T. P. McDonough, bounded:

Southeasterly by Montclair avenue, ten feet; southwesterly by land supposed to belong to Anna V. Garrity, one hundred forty and 30-100 feet; northwesterly by land hereinafter described as taken from Robert L. Ryder, trustee, ten feet; and northeasterly by other land supposed to belong to said McDonough, one hundred forty and 30-100 feet, containing fourteen hundred and three square feet, more or less.

A parcel of land, supposed to belong to Robert L. Ryder, trustee, bounded:

Southeasterly by land hereinbefore described as taken from McDonough and by land supposed to belong to Garrity, fifteen and 25-100 feet; southwesterly by other land supposed to belong to said trustee, one hundred five and 68-100 feet; northwesterly by Cerdan avenue,

fifteen and 25-100 feet; and northeasterly by other land supposed to belong to said trustee, one hundred five and 70-100 feet, containing sixteen hundred and twelve square feet, more or less. The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 22958, Book 110, page 158.

The sewerage works to be constructed are as follows: 250 linear feet of 2-foot 3-inch circular concrete conduit.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates, by the taking of an easement for sewerage purposes and the construction of sewerage works in private land between Cerdan avenue and Montclair avenue, West Roxbury district, under the order of the Board, in the amounts hereinafter respectively set against them; and awards said amounts therefor.

Esther T. P. McDonough, 1,403 square feet.....	\$140 03
Robert L. Ryder, trustee, 1,612 square feet.....	193 44

RETIREMENT BOARD REPORT.

To the Auditor.

Chairman.

TRAFFIC COMMISSION RULINGS.

Voted, That during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Silver street, South Boston district, between D street and E street, effective December 1, 1930, for a period of four (4) days.

Voted, That during the period of building construction, vehicles are excluded from Devonshire street, between Water street and Milk street, from 6 p. m. on November 29, 1930, to 7 a. m. on December 1, 1930.

Voted, That during the period of underground construction by the New England Telephone and Telegraph Company, vehicles are excluded from the easterly roadway of Huntington avenue, between Massachusetts avenue and Cumberland street, for a period of eight (8) days, effective November 24, 1930, at 7 p. m.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 26, 1930, as follows:

During the period of street construction, estimated to be two (2) weeks, vehicles are excluded from Washington street, between River street and Pierce square.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 26, 1930, as follows:

During the period of underground sewer construction, estimated to be six (6) weeks, parking of vehicles is prohibited in Charles street, both sides, from a point two hundred (200) feet south of Poplar street to a point two hundred (200) feet north of Poplar street.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended as urgently required by considerations of public safety and convenience, effective November 25, 1930, as follows:

During the period of street construction, estimated to be three (3) weeks, vehicles are excluded from Crescent avenue, between Dorchester avenue and the Dorchester Rapid Transit location.

Voted, That during the period of sewer construction, vehicles are excluded from Harrison avenue, between Kneeland street and Beach street, effective on November 27, 1930, from 7 a. m. to 7 p. m.

Voted, That during the period of conduit construction by the Charlestown Gas and Electric Company, vehicles are excluded from Carter street, Charlestown district, between Cambridge street and Roland street, on Wednesday, December 3, 1930, from 7 a. m. to 9 p. m.

Voted, The operator of a vehicle shall not make a left turn from Embankment road into Beacon street, northeasterly, for a period of six (6) months, effective December 15, 1930.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 24, 1930.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair. Absent, Councilors Fish, Fitzgerald, Gallagher.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted appointments for the term ending April 30, 1931, as follows:

Constables: Benjamin Rosen, 99 Intervale street, Roxbury; Charles A. Flanagan, 3976 Washington street, Roslindale; Harry Galer, 568 Blue Hill avenue, Roxbury; Abner Goulston, 1127 Commonwealth avenue, Boston; Frank Herbert Megroth, 768 Tremont street, Boston; Leon John Greene, 60 Queensberry street, Boston.

Weigher of Goods: James C. Regan, 55 Adams street, Revere.

Severally laid over a week, under the law.

FLOOD LIGHTS FOR TENNIS COURTS.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of Park Commission, regarding your request to include in the budget for 1931 a sum sufficient to provide for the installation of flood lights at the tennis courts on Franklin Field.

Respectfully,
WILLIAM G. LYNCH,
Acting Mayor.

City of Boston,
Park Department, November 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council requesting the Park Commission to include in the budget for 1931 a sum sufficient to provide for the installation of flood lights at the tennis courts on Franklin Field.

As our budget for 1931 has already been forwarded to the Budget Commissioner, I will be pleased to take this matter up with him at an early date.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

Placed on file.

PLAYGROUND IN PARKER HILL SECTION.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of Park Commission, regarding request that such steps be taken as may be necessary to provide a playground in the Parker Hill section of Ward 10.

Respectfully,
WILLIAM G. LYNCH,
Acting Mayor.

City of Boston,
Park Department, November 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have an order from the City Council requesting that certain steps be taken as may be necessary to provide a playground in the Parker Hill section of Ward 10.

The Board of Park Commissioners will make a study of the needs of this district and will forward a report to your office in the immediate future.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

Placed on file.

CONVENIENCE STATION IN CLEARY SQUARE.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from John P. Englert, Superintendent of Public Buildings, regarding your request for the erection of a convenience station in Cleary square. This is in reply to your order of November 10, 1930.

Respectfully,
WILLIAM G. LYNCH,
Acting Mayor.

City of Boston,
Public Buildings Department,
November 17, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Replying to the order of the City Council that the Superintendent of Public Buildings be requested, through his Honor the Mayor, to submit to the City Council an estimate of the cost of furnishing a site and the erection of a suitable convenience station in Cleary square section of Hyde Park, I respectfully report that this department has no jurisdiction in the matter of convenience stations, they being erected and maintained by the Health Commissioner, and I would respectfully suggest that the order be referred to the Health Department.

Respectfully yours,
JOHN P. ENGLERT,
Superintendent of Public Buildings.

Placed on file.

SPECIAL SESSION OF LEGISLATURE.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from his Excellency, the Governor, regarding your request for a special session of the Legislature to relieve the unemployment situation. This is in reply to your order of November 10, 1930.

Respectfully,
WILLIAM G. LYNCH,
Acting Mayor.

Commonwealth of Massachusetts,
Executive Department,
State House, Boston,
November 19, 1930.

Hon. James M. Curley,
Mayor of Boston.

My dear Mr. Mayor,—I am directed by his Excellency to acknowledge your letter of November 14 inclosing order adopted by the Boston City Council, calling upon the Governor of the Commonwealth to convene the Legislature in special session for the purpose (1) of providing sufficient money to relieve the present unemployment crisis, and (2) to authorize the Civil Service Commission to suspend its rules during this emergency.

The Governor has asked me to assure you that the order will receive his earnest consideration.

Very truly yours,
JOHN D. WRIGHT,
Secretary to the Governor.

Placed on file.

SPOTLIGHT IN UNION SQUARE.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Eugene C. Hultman, Police Commissioner, regarding your request for a spotlight in Union square, Allston. This is in reply to your order of November 10, 1930.

Respectfully,
WILLIAM G. LYNCH,
Acting Mayor.

—
Boston, November 20, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In regard to the order of the City Council, passed on November 10, 1930: "Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to install a spotlight for the traffic officer at Union square, Allston, Ward 21."

I would say that the Police Department does not install spotlights. It has neither the money nor the authority so to do. These lights are installed by the Traffic Commission.

I am returning for your files the original order of the City Council, copy of which has been kept for the files of this office.

Very truly yours,
E. C. HULTMAN,
Police Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

George M. Castaldo, for refund on sidewalk license.

Ether Corchoff, for compensation for injuries caused by an alleged defect in Hayward place and Washington street.

Anna Dickerman, for compensation for injuries caused by an alleged defect at 46 Upton street.

Mrs. Maria Hazell, for compensation for injuries caused by an alleged defect in Dighton and Washington streets.

Huse & Carleton, for refund on refuse tickets.
Daniel F. Kenney, for compensation for damage to property at 98 Fisher avenue, Roxbury, caused by sidewalk construction.

Morris Lait, for refund on refuse tickets.
Hugh J. McManey, for compensation for damage to property at 180 Beech street, Roslindale, caused by sidewalk construction.

Joseph R. Reilly, trustee, for compensation for damage to property at 14 Prospect avenue, Roslindale, caused by sidewalk construction.

William G. Shuris, for refund on refuse tickets.
Carolyn A. Slack, for compensation for injuries caused by an alleged defect in Beacon street.

David Stutman, for compensation for damage to property at 109 Boylston street, Jamaica Plain, caused by defective sewer.

Ernest V. Suter, for compensation for injuries caused by an alleged defect in Dorchester avenue.

Richard Tyler, for compensation for loss of clothing at Boston Common office.
Warren Five Cents Savings Bank, for refund on overpayment of real estate tax.

Mrs. Arthur H. Whittemore, for compensation for injuries caused by an alleged defect at 11 Symmes street, Roslindale.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate motor vehicles between Fields Corner Station and the junction of Everett and Park streets, over Geneva avenue, Park street, Ashland street, Mill street, Everett street, Park street, Adams street, Gibson street, Dorchester avenue.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds amounting to \$9,629.95, viz., piece work from October 20 to November 15 and regular employees from November 16 to November 30, 1930, was received and approved.

CONSTABLES' BONDS.

The constables' bonds of Joseph A. Cieri and Bert P. Price, having been duly approved by the City Treasurer, were received and approved.

TRANSIENT VENDOR'S LICENSE.

Application was received from George W. Harper, of 1 Euclid avenue, Summit, N. J., for local itinerant vendor's license for Boston Antiques Exposition, Inc., 115 Broadway, New York. License issued November 21, 1930, and fee paid, and bond received.
Placed on file.

LIGHTING SYSTEM IN WARD 1.

Coun. DONOVAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a thorough survey of the lighting system in Ward 1, and report to the City Council, with such recommendations as he deems appropriate, to provide a modern and adequate lighting service in East Boston.

Passed under suspension of the rule.

LIGHTING FACILITIES ON SARATOGA STREET.

Coun. DONOVAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide adequate lighting facilities on Saratoga street, Ward 1, between the railroad bridge and the Winthrop Bridge.

Coun. DONOVAN—Mr. President, I think that this is a thing that should be called to the direct attention of the Commissioner of Public Works, due to the fact that there are not adequate lighting facilities on that bridge. Going along the highway there between the Narrow Gauge Bridge and the Winthrop Bridge there were two deaths this last week, and numerous accidents. Going down Saratoga street you will find an arc light every 300 or 400 feet. It is necessary to place arc lights along there going to Winthrop, as it is more or less of a speedway. In spite of the fact that it has been patrolled by two motor cycle officers we have had these casualties in the last week.

The order was passed under suspension of the rule.

NEW PRINTING PLANT.

Coun. DOWD offered the following:
Ordered, That the Superintendent of Printing be requested, through his Honor the Mayor, to advise the Boston City Council when it is expected to begin construction of the new printing plant, for which the City Council has voted an appropriation of three hundred thousand dollars.

Coun. DOWD—Mr. President, I simply desire to bring to the attention of his Honor the Mayor and the members of the Council the fact that on March 10 of this year without a dissenting vote the City Council passed an order providing \$300,000 for the immediate construction of a printing plant. That was last March. Up to the present time not one effort has been made, in so far as we know, to erect this printing plant. \$300,000 spent at this time would provide some employment for people out of work. Having especially in mind the fact that we are trying to

provide work for people who are out of employment, and that we are calling upon people in mercantile business to spend money on buildings so as to give employment, it seems rather strange that \$300,000 which we appropriated for this building seven months ago has not yet been touched, that nothing has been done towards its erection.

The order was passed under suspension of the rule.

WIDENING OF CENTRE STREET.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to advise the City Council when it is contemplated to start work on the widening of Centre street.

Coun. DOWD—Mr. President, I desire to bring to the attention of his Honor the Mayor and the members of this Council the fact that on June 2 of this year we passed an appropriation for \$1,100,000 for the widening of Centre street, Jamaica Plain, and that to date not a spade has been placed in the ground on Centre street. There is an opportunity to use \$1,100,000, which will be largely used for labor, on Centre street, a sum which would employ at least 300 men, even with the machines in operation at the present time, and it remains unused. I have today pointed out two things for which the city has appropriated money within six or eight months, and under which nothing has been done by either the department heads or the Mayor of Boston, although we were given the impression at the time when the orders were introduced that it was highly important to pass them at once.

Coun. CURTIS—Mr. President, I might mention the fact that the same situation exists at the widening of Charles street. Money has been appropriated for the traffic circle near the Longfellow Bridge, and for some reason which I have not been able to get the work has not been started. It seems to me important that work should proceed at this time on these things that have been authorized.

Coun. MURRAY—Mr. President, I might say in regard to the \$1,100,000 for Centre street that a committee waited on his Honor the Mayor three months ago, representing the different sections interested, Roslindale, Jamaica Plain, and I believe the President of the Senate, who comes from that district, also attended. It appeared at that time that there was a controversy going on between them and the Mayor's office as to whether it should be an 80 or a 100 foot street, and I believe the President of the Senate intends to go to the Legislature and get special action to have it an 80-foot street instead of a 100-foot street. I think when that action is taken the work can immediately proceed.

Coun. DOWD—Mr. President, it seems to me there was no need of waiting six months or so to see whether it should be an 80 or a 100 foot thoroughfare. We appropriated \$1,100,000 for immediate work on the project, and I don't think there should have been six months' delay.

Coun. COX—Mr. President, the City of Boston cannot go ahead with that widening until the Legislature enacts a law reducing the width to 70 or 80 feet. The act as passed by the Legislature allowed 100 feet. I understand that it is necessary for the new act which has been referred to to pass the Legislature before anything can be done on Centre street. But I understand that they are going ahead with their plan to change the law so that that can be done.

Coun. DOWD—Mr. President, perhaps the councilor from West Roxbury (Coun. Cox) can answer a question through the Chair. He says that the original law provided for the widening of this street to 100 feet. They now want to change it to what width?

Coun. COX—Seventy or 80 feet. I don't know that the proposed width was definitely decided upon, but I think it is 80 feet.

Coun. DOWD—Well, Mr. President, it seems to me that the authorities when they come in here and ask us to pass an order for \$1,100,000, ought to know definitely what it is proposed to do with the money before they ask for it.

Coun. WILSON—Mr. President, as one member who was not rushed into voting for the Centre street loan, I would like to see the records complete and correct in the matter. Of course, this very same point was brought up by the Mayor two or three months ago, in regard to local dissension as to whether the street should be 70, 80 or 100 feet in width. That was brought out at the hearing before some of the members here voted to adopt the act of the Legislature; and I imagine when the local boards of trades and other organizations get together and decide what they want, some progress will be made on Centre street. But it appears that they are now about where they were when the Council adopted the act of the Legislature, namely, they don't appear to be unanimous, don't know exactly what they wish.

Coun. COX—Mr. President, for the information of the councilor from Dorchester (Coun. Wilson) I want to say that the objection to making Centre street 100 feet wide came from the trustees of Harvard College, who hesitated about allowing the city to take any of the Arnold Arboretum for the purpose. Everybody else agreed. The only objectors I know of are the trustees of Harvard College, who do not wish to have the Arnold Arboretum disturbed.

The order was passed under suspension of the rule, on motion of Coun. DOWD.

NONRESIDENT SECRETARY OF POLICE COMMISSIONER.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request his Excellency the Governor to direct the Police Commissioner to immediately discharge the non-resident whom he has employed as secretary.

Coun. DOWD—Mr. President, I recognize the fact that it is rather a drastic request to ask the Governor of the state to take steps to have one of the appointees of the Police Commissioner discharged. But I believe conditions in Boston at the present time demand such drastic action. I am firmly convinced that there are thousands of young men in the City of Boston and hundreds in the Police Department who are more familiar with the workings of that organization than the gentleman who has been imported from Melrose to act as secretary of the Board of Police of Boston. I say that the time has come in Boston when Boston men should be employed, and if the time has come when we are to allow the Police Commissioner to appoint as his secretary a nonresident of Boston, without even a protest from this body, as representing the taxpayers, or without the opposition of some of the taxpayers themselves, I say it is a sad state of affairs. I do not claim that the appointee might not make an efficient secretary. I am not in any way doubting his efficiency or intelligence. But I do say that the Police Commissioner of Boston owes a duty to the people of Boston, who are paying his salary, and that duty is to employ a Boston man for the job. He has been very fortunate while in office to have the advice of our Assistant Corporation Counsel. He has him there at the present time practically in the capacity of secretary. I say that the Council should at this time take a definite stand and should not allow, if it is in our power to prevent it, any Police Commissioner in the employ of the taxpayers of Boston to take this position. You and I know that the Police Department of Melrose would not take a Boston man in any such corresponding capacity, and if it could not be done there, why should the reverse take place here, particularly when, as I say, there are thousands of brilliant young men in the City of Boston capable of filling the job, and no doubt hundreds in the department itself, who could perform the duties much better than the gentleman who has been imported from Melrose.

Coun. HEIN—Mr. President, I am just wondering why the Police Commissioner has had to hire a secretary. As I recall, he said he did not need a secretary, that he was going to save the City of Boston the \$5,000 salary that would be paid to a secretary. And now he goes out to the city of Melrose to get a secretary. Why should he not take a man who belongs in the City of Boston, and whose salary is being paid by the taxpayers of Boston?

President LYNCH—The order will be referred to the Committee on Rules.

Coun. DOWD—Mr. President, I don't see why the order should be referred to the Committee on Rules. It is a matter that the Council should act upon. Each and every one of us is supposed to represent the taxpayers of Boston, and there shouldn't be any need of referring it to any committee. We should take a stand upon the matter here today, either approving of the action of Commissioner Hultman in hiring a nonresident or not approving of it. I now ask a suspension of the rule and the passage of the order.

President LYNCH—The Chair would remind the gentleman that he did not make any motion before for a suspension of the rule, and therefore the Chair suggested the reference of the order to the regular committee.

The order was passed under suspension of the rule.

POST AND CAMP HEADQUARTERS.

Coun. McGRATH offered the following:

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston, with the approval of the Mayor of the City of Boston and in form satisfactory to the Law Department of the City of Boston, to lease for post and camp headquarters for the term of five years, at an annual rental of one dollar a year, the following described premises with the right to cancel any lease of said premises by giving thirty days' notice in writing of its intention so to do, namely:

Three rooms on first floor of the Roxbury Court-house, known as William H. Olin Hall, to Thomas G. Stephenson Post 26, G. A. R.

Building on East street, Dorchester, known as Old Meeting House Hill Wardroom, to Francis G. Kane Post 60, A. L.

Building on Eustis street, Roxbury, known as Old Fire House, Eustis street, to Roger Wolcott Camp 23, U. S. W. V.

Room on first floor of building known as Old Town Hall, Brighton, to Brighton-Allston Post 17, A. L.

Building known as Cross Street School, 38 Cross street, Charlestown, to Colonel Fred B. Bogan Camp 14, U. S. W. V.

Rear room of building known as the Lower Mills Branch Library, Richmond and Washington streets, Dorchester, to Old Dorchester Post 65, A. L.

Building known as Thomas Street Schoolhouse, Jamaica Plain, to Boston Post 200, G. A. R.

Building known as Smith Schoolhouse, Joy street, to Robert G. Bell Post 20, G. A. R.

Upper floor of building known as Old Ladder 5, Fourth street, South Boston, to Major M. J. O'Connor Camp 4, U. S. W. V.

Upper hall of building known as Old Town Hall, Brighton, to Francis Washburn Post 92, G. A. R.

First floor of building known as Old Franklin Schoolhouse, 1151 Washington street, Boston, to Corporal Gordon E. Denton Post 319, V. F. W.

Upper hall, third floor of building known as Old Franklin Schoolhouse, 1151 Washington street, Boston, to Post 7, G. A. R.

Building known as Old Police Station No. 7, Meridian street, East Boston, to Lieutenant Lawrence J. Flaherty Post 30, A. L.

Second floor of building known as Old Franklin Schoolhouse, 1151 Washington street, Boston, to John A. Andrew Post 15, G. A. R.

and the said Superintendent of Public Buildings is hereby further authorized to permit under a written license signed by the said Superintendent of Public Buildings and approved by the Mayor and in form satisfactory to the Law Department of the City of Boston, the use and occupation for post and camp headquarters by the following veteran organizations, for a term of five years, at a yearly rental of one dollar a year, the following premises with a right for the city to cancel any license of said premises by giving thirty days' notice in writing of its intention so to do, namely:

Rear room on first floor of Hyde Park Municipal Building. Room to be used on the first, second, third and fourth Friday of each month, to John Cleary Camp 34, U. S. W. V.

Room known as the wardroom in the Columbia Road Municipal Building. Room to be used on the first and third Monday and second and fourth Thursday of each month. Also one room in basement for term of license, to All Dorchester Post 154, A. L.

Room known as wardroom in the Columbia Road Municipal Building. Room to be used on the first and third Friday and second and fourth Wednesday of each month, to Captain Drum Camp, U. S. W. V.

Rear room on first floor of the Hyde Park Municipal Building. Room used on all days except on those days when in use by the City of Boston Health Department and except on the first, second, third and fourth Wednesday and Friday of each month, to Cecil Egg Post 73, A. L.

Rear room on first floor of the Hyde Park Municipal Building. Room to be used on the first, second, third and fourth Wednesday of each month, to Timothy Ingraham Post 121, G. A. R.

Room known as wardroom in the Columbia Road Municipal Building. Room to be used on the second and fourth Friday of each month, to Disabled Veterans Association.

Room known as wardroom in the Columbia Road Municipal Building. Room to be used on the first and third Tuesday and the first and third Thursday of each month, to Ensign John J. O'Connell Post 85, A. L.

Room known as the wardroom in the Columbia Road Municipal Building. Room to be used on the second and fourth Monday evening of each month, to Suffolk County Council, V. F. W.

Room 401, City Hall Annex. Room to be used on the second and fourth Monday evening of each month, to Suffolk County Council, V. F. W.

Room 401, City Hall Annex. Room to be used on the first Sunday and second Tuesday evening of each month, to Army and Navy Union.

Room 401, City Hall Annex. Room to be used on the second Sunday of each month, in the afternoon, to Municipal Council, U. S. W. V.

The order was referred to the Committee on Public Lands.

INFORMATION FROM POLICE COMMISSIONER.

Coun. HEIN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to furnish the City Council with a list of the names and addresses of all applications for appointment as Secretary to the Police Commissioner.

Passed under suspension of the rule.

REPAVING OF BRAINERD ROAD.

Coun. HEIN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Brainerd road, Ward 21.

Passed under suspension of the rule.

PROPOSED ACCEPTANCE OF SCOTTFIELD ROAD.

Coun. HEIN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Scottfield road, Ward 21, as a public highway.

Passed under suspension of the rule.

COPIES OF REVISED ORDINANCES.

Coun. RUBY offered the following:
Ordered, That each member of the City Council be furnished with fifteen copies of the Revised Ordinances, the expense incident thereto to be charged to the appropriation for city documents.
Passed under suspension of the rule.

TRAFFIC SIGNAL, WARD 11.

Coun. ENGLERT offered the following:
Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to establish an automatic traffic signal at Egleston square, Ward 11.
Passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor November 17, 1930, of Theodore H. Eilertson, Gerard V. Condon, Israel Day and Joseph E. LaCombe, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Wilson and Dowd. Whole number of ballots 15, yeas 15, and the appointments were confirmed.

Later in the session, there being no objection, Coun. WILSON called up, under unfinished business, the names of Walter Braxton (appointed constable by the Mayor August 4, 1930, under No. 8 on the calendar), and Michael F. Murray (appointed constable by the Mayor October 6, 1930, under No. 10 on the calendar).

The question came on confirmation. Committee, Coun. Cox and Arnold. Whole number of ballots 16, yeas 16, and the appointments were confirmed.

RECESS.

On motion of Coun. RUBY the Council voted at 2.36 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 2.55 p. m.

SIDEWALKS ON COLUMBIA ROAD.

President LYNCH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Columbia road, from Edward Everett square to Dudley street, west side, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under a suspension of the rule.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the construction of a granolithic sidewalk on Columbia road, east side, from Edward Everett square to Dudley street, Ward 7.

Passed under suspension of the rule.

SIDEWALKS IN WARD 20.

Coun. COX offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Dent street, both sides, from Ivory street to La Grange street, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Ivory street, both sides, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

NUMBERS ON CURBSTONES.

Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to report to the City Council as to the advisability and feasibility of numbering the curbstones in front of estates on accepted streets throughout the city.

Coun. MURRAY—Mr. President, I introduce the order at this time, not only because it may help some in the present unemployment situation, but because it will be a great convenience to have the numbers of residents on the curbstones in front of homes. In other cities, in the West, they

do it, and I don't see why it should not be done here. People have to come along, when they are looking for a certain number, and ring the bell of houses in the neighborhood, to the great annoyance of the residents. This would also be of assistance of letter carriers and others. It will be a good thing for everybody, and will obviate the necessity of going around with flashlights, and also ringing bells and disturbing people at night. I move a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

PROPOSED ACCEPTANCE OF WILMINGTON AVENUE.

Coun. WILSON offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wilmington avenue, from Milton avenue to Gallivan Boulevard, in Ward 17, Dorchester.

Passed under suspension of the rule.

SECOND RECESS.

President LYNCH—The Chair is advised that the secretary is drawing up a number of street orders, and that it would be advisable to take a short recess at this time.

On motion of Coun. GREEN, the Council at 3 p. m. took a recess subject to the call of the Chair.

The Council was called to order by President LYNCH at 3.03 p. m.

CHARLESTOWN IMPROVEMENTS.

Coun. GREEN offered the following.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair the iron fence on the Alford street side of the Sullivan Square Playground, which is in dangerous condition.

Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to provide for the establishment of a branch library in the Sullivan square section of Charlestown.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in his budget for the coming year a sum sufficient to provide for the construction of additional bleachers on the Sullivan Square Playground.

Ordered, That the Department of School Buildings be requested, through his Honor the Mayor, to start work as soon as possible on the erection of the new Junior High School in Charlestown.

Ordered, That the School Committee be requested, through his Honor the Mayor, to make provision for an auditorium in the plans for the new Junior High School to be erected in Charlestown.

Ordered, That the Commissioner of Public Works make a sidewalk along Auburn street, both sides, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Elm street, Ward 2, both sides, from Bunker Hill to Medford streets, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

BRANCH OF MUNICIPAL EMPLOYMENT BUREAU.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of opening a branch of the Municipal Employment Bureau in the Municipal Building on Columbia road, Uphams Corner.

Coun. KELLY—Mr. President, last week the Dorchester Board of Trade, on November 17, held a meeting at their rooms at Uphams Corner, at which were present representatives of the Dorchester Citizens' Association, the Dorchester Lower Mills Association, the Blue Hill Betterment Association, the Uphams Corner Improvement Association and the Codman Square Improvement Association. A committee of three were appointed

to see me in regard to getting the Mayor interested in this matter of installing an employment bureau at Uphams Corner for the benefit of the unemployed, as Uphams Corner is the most central point in that district. A survey shows that 15 per cent of the laborers out there have been laid off in the last two months. There are 2,000 storekeepers, 30,000 property owners and 200,000 people who are very much interested in this matter. The Dorchester Real Estate Brokers' Association has started a drive to relieve unemployment through a Fix-It-Now Campaign, trying to get every householder to fix up about his home, employing residents of Dorchester for the purpose. We all feel that Uphams Corner is the proper central point to establish such an employment station. The committee appointed at the meeting was Capt. M. J. Norton, Frank Russell and Patrick J. Connolly, and it is felt that this might very properly be a matter for his Honor the Mayor to attend to on his return from the West Indies. I ask for the passage of the order and the suspension of the rule.

The order was passed under suspension of the rule.

Adjourned, at 3.08 p. m., on motion of Coun. MURRAY, to meet on Monday, December 1, 1930, at 2 p. m.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, December 8.

New Bedford, Wednesday, December 10.

New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

Fire Service.

CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, JANUARY 10, 1931.

Last day for filing applications, Wednesday, December 31, 1930, at 5 p. m.

BOSTON AND METROPOLITAN DISTRICT, JANUARY 24, 1931.

Last day for filing applications, Wednesday, January 14, 1931, at 5 p. m.

Applicants for the service of Boston must be not less than twenty-two nor over thirty-five years of age at the time of filing their applications.

Applicants for all other cities and towns in the Metropolitan District must be not less than twenty-one nor over thirty-five years of age at the time of filing their applications. A certificate of date of birth must be filed with the application.

Applicants for the service of cities and towns outside of the Metropolitan District are required to be not less than twenty-one nor over thirty-five years of age at the time of filing their applications. Applicants for Worcester fire service are required to be not less than 5 feet 5 inches in height. Applicants for Brockton must be not less than 5 feet, 6 inches in height, and weight not less than 135 pounds at the time of appointment. Applicants for Winchester fire service must be not less than 5 feet 8 inches in height, and weigh not less than 150 pounds. Applicants for Lynn fire service must be not less than 5 feet 5½ inches in height, and weight not less than 135 pounds.

Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 4; general information, 3; total, 10.

Physical fitness to be determined by physical examination and strength tests. Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in each subject of the examination and at least 70 per cent in the general average of the educational test and in the strength test in order to become eligible.

The practical questions will be based upon information contained in a manual known as the "Red Book." This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

CIVIL ENGINEERS, DECEMBER 15 TO 20, 1930.

Last day for filing applications, Monday, December 8, 1930, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should

be found ineligible for the higher grade, you will still have an opportunity to be placed on the next lower grade.

Grade I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Qualifications: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

Grade II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,680 to \$2,160 a year.

Qualifications: If appointed by promotion, not less than one year of service in Grade I. If appointed otherwise than by promotion from Grade I, education equivalent to high school graduation plus (a) one year's practical experience, or (b) two year's university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

Grade III.—Junior civil or other engineers, senior engineering draftsmen, and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project, such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,040 to \$2,760 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade II. If appointed otherwise than by promotion from Grade II, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

Grade IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Qualifications: If appointed by promotion, not less than two years of service in Grade III. If appointed otherwise than by promotion from Grade III, education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

ELECTRICIAN, METROPOLITAN STATE HOSPITAL, DEPARTMENT OF MENTAL DISEASES, DECEMBER 23, 1930.

Last day for filing applications, Saturday, December 13, 1930, at 12 m.

The minimum salary is \$1,500 a year; the maximum salary is \$1,740 a year.

Duties: General maintenance of the electrical work and equipment of the institution, consisting of the lighting system, elevators, fire alarm system, burglar alarm system, radio station, medical appliances, etc.

Applicants are required to have an electrician's license issued by the Board of Examiners of Electricians.

Subjects and Weights: Training and experience, 1; practical questions 1; total, 2.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

LOCK AND DRAW OPERATOR, METROPOLITAN DISTRICT COMMISSION, DECEMBER 29, 1930.

Last day for filing applications, Monday, December 22, 1930, at 5 p. m.

The minimum salary is \$1,560 a year; the maximum salary is \$1,800 a year.

Duties: Under supervision, to operate and maintain during an assigned shift, without assistance, the mechanical and electrical equipment of a drawbridge or of a combined installation of locks, sluices and drawbridge, and to perform related work as required.

Subjects and Weights: Training and experience, 4; report, 1; arithmetic, 1; practical questions, 4; total, 10.

Requirements: At least 70 per cent to be obtained in practical questions, 50 per cent in the other subjects, and 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

INVESTIGATOR OF FRAUDULENT SECURITIES, DEPARTMENT OF PUBLIC UTILITIES, DECEMBER 29, 1930.

Last day for filing applications, Monday, December 22, 1930, at 5 p. m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$2,040 a year; the maximum salary is \$2,520 a year.

Duties: Under the direction of the supervising investigator of fraudulent securities, to investigate complaints relative to securities, brokers and salesmen; and other matters in connection therewith.

Applicants must be not less than twenty-five nor over forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

MAYOR CURLEY ORGANIZES CITIZENS' COMMITTEE ON UNEMPLOYMENT.

In compliance with the request of James J. Phelan, chairman of the Massachusetts Emergency Committee on Unemployment, Mayor James M. Curley has organized a Boston Committee and has named as the chairman thereof, Simon E. Hecht, chairman of the Board of Overseers of the Public Welfare, and Mrs. Eva Whiting White has consented to serve as chairman of the Women's Committee. A meeting of this committee was called for Thursday, December 4, 1930, at 3.30 p. m. in Room 49, Boston City Hall. All the members of the Boston City Council were invited to serve on this committee.

Mr. Ralph W. Bowdoin, Executive Secretary of the Massachusetts Emergency Committee on Unemployment, addressed this meeting and also Mrs. Nathaniel Thayer, vice-chairman of the Massachusetts Emergency Committee on Unemployment.

The following persons were appointed members of the committee and were in attendance on Thursday to discuss ways and means for meeting the Boston unemployment situation.

Mrs. Eva Whiting White, Mrs. William Lowell Putnam, Mrs. Vincent P. Roberts, Dr. Helen I. Doherty, Mrs. Larz Anderson, Mrs. Edward L. Logan, Mrs. Carl Dreyfus, Mrs. F. W. Buxton, Mrs. Charles Sumner Bird, Mrs. Morris J. Curran, Mrs. Edward C. Donnelly, Mrs. John T. Bottomley, Mrs. Guy W. Currier, Mrs. William J. MacDonald, Mrs. Agnes H. Parker, Mrs. Samuel Silverman, Mrs. F. Lothrop Ames, Mrs. Joseph H. Beale, Mrs. William W. Taff, Mrs. E. A. Shuman, Mrs. Thomas F. McMahon, Mrs. Margaret J. Gookin, Miss Sophie M. Friedman, Simon E. Hecht, Chairman, Dr. Ben Selekman, John E. Swift, William H. Taylor, Vincent Brogna, J. Arthur Moriarty, Frederick W. Hamilton, Grand Secretary, Daniel H. Rose, Timothy F. Donovan, Thomas H. Green, John I. Fitzgerald, Seth F. Arnold, Laurence Curtis, 2d, Michael J. Mahoney, William G. Lynch, John F. Dowd, Richard D. Gleason, Leo. F. Power, Edward L. Englert, Herman L. Bush, Joseph McGrath, Israel Ruby, Francis E. Kelly, Albert L. Fish, Robert Gardiner Wilson, Jr., Clement A. Norton, Peter A. Murray, Joseph P. Cox, James Hein, Edward M. Gallagher.

GREW ESTATE FOR GOLF COURSE.

His Honor the Mayor, on December 1, conferred with Chairman Long of the Park Department and the Park Commission will immediately take steps to close the purchase of the Grew estate in West Roxbury, consisting of six million square feet of land, for conversion into a golf course. The clearing of this land will make possible the employment of three hundred men at \$30 a week for a period of three months, the work to be performed under the direction of the Park Commissioners.

To make the land available for a golf course it will require the cutting down of several thousand trees, the draining of a large area and the removal of large quantities of shale and pudding stone rock.

A requisition will be made for a portion of the men on Monday next and as the work progresses during the next three weeks additional men will be drafted from civil service until the quota has been completed.

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING NEWSPRINT PAPER IN PACKAGES AND BLOCKS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, newsprint paper in packages and blocks. Only proposals obtained at the Office of the Business Manager of the School Committee, 15 Beacon street, tenth floor, signed by the bidder and left before 12 o'clock m. on Wednesday, December 17, 1930, at said office, with a certified check for one hundred dollars (\$100), payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be in duplicate, the one with the check to be sent as directed above, the other filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a certified check or a surety bond for not less than 50 per cent of the amount of the contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids and to accept such bid or part of a bid as may be deemed best for the interests of the city. All bids are received and accepted subject to appropriations to meet the cost of this material.

(Dec. 6.) ALEXANDER M. SULLIVAN,
Business Manager.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PRIVATE LAND, BETWEEN TOWER STREET AND FOREST HILLS CEMETERY, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in private land, between Tower street and Forest Hills Cemetery, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract, and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Private Land, Between Tower Street and Forest Hills Cemetery, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, December 17, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Acting Commissioner of Public Works.
(Dec. 6.)

CITY OF BOSTON.
DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete the Special Class School Building in the Ulysses S. Grant District, Paris street, East Boston, Mass., giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Wednesday, December 31, 1930, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

LOUIS K. ROURKE,
(Dec. 6.) Superintendent of Construction.

REGISTRY DEPARTMENT,
1002 CITY HALL ANNEX.
NOTICE TO PHYSICIANS AND MIDWIVES.

Physicians and midwives can obtain blanks for return of births on application at this office or they will be mailed on request.

NOTICE TO PARENTS.

Parents can obtain blanks for return of births on application at this office, or they will be mailed on request.

REVISED LAWS, CHAPTER 29.
(Extract from Section 6.)

SECT. 6. Parents, within forty days after the birth of a child, shall cause notice thereof to be given to the clerk of the city or town in which such child is born.

The parent who neglects to give notice of a birth for ten days after the time limited therefor shall forfeit not more than five dollars for each offence.

SUPERINTENDENT'S CIRCULAR No. 31.
BOSTON PUBLIC SCHOOLS.

"Pupils admitted for the first time must present a birth certificate, baptismal record, official governmental passport, containing proof of age, or evidence satisfactory to the principal that none of these is obtainable.

The importance of a birth record is shown in the above regulations.

TRANSIT DEPARTMENT.

PROPOSALS FOR REMOVING BUILDINGS FROM LINE OF TRAFFIC TUNNEL IN BOSTON PROPER AND EAST BOSTON.

The Transit Department of the City of Boston will receive proposals for the removal of one or more of the buildings from the line of the Traffic Tunnel in Boston proper and East Boston. A bond will be required in the sum of \$500 for each building upon which proposal is accepted for the faithful performance of the work. Proposals must be made in duplicate on forms which may be obtained at the office of the department where plans may be seen showing the locations of the buildings. Bids will be publicly opened at 12 o'clock noon, Monday, December 22, 1930, at the office of the Transit Department, 1 Beacon street. A certified check payable to the City of Boston for \$500 must accompany the proposal. The Department reserves the right to reject any or all proposals or parts of any proposal. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.
EDWARD F. CONDON,
(Dec. 6-13.) Secretary.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

TRAFFIC REGULATIONS.

BOSTON, MASS., November 28, 1930.

The following traffic rules are adopted under the authority granted by chapter 263 of the Acts of the Massachusetts Legislature of 1929. These rules shall not affect any act done, any right accrued, any penalty incurred, any suit, prosecution, or proceeding pending under the provisions of previous rules.

Subject to these limitations, all rules and regulations of the city, heretofore in force, are repealed. These rules shall be effective on December 15, 1930.

DEFINITION OF TERMS.

SECTION 1.

Whenever in these regulations the following terms are used, they shall have the meanings respectively ascribed to them in this section.

Street.—Any way used for vehicular and pedestrian travel which has become public by authority of law.

Roadway.—That portion of a street between regularly established curb lines or that part devoted to vehicular traffic.

Sidewalk.—That portion of a street between curb lines and adjacent property lines.

Intersection.—The area embraced within the prolongation of the lateral boundary lines of two or more streets which join one another at an angle whether or not one such street crosses the other.

Crosswalk.—That portion of the roadway ordinarily included within the prolongation of curb and property lines at street intersections or that portion of a roadway clearly indicated for pedestrian crossing by lines marked on the surface.

Safety Zone.—The area or space officially set apart within a roadway for the exclusive use of pedestrians.

Loading Zone.—That portion of a roadway adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials, indicated by yellow paint applied to the adjacent curb, marking the limits of the reserved area, as authorized by the Boston Traffic Commission.

Vehicle.—Any contrivance on wheels or runners used in the roadways of streets for carrying persons or things.

Motor Vehicle.—Every vehicle, as herein defined, which is self propelled.

Street Car.—Every device traveling exclusively on rails when on or crossing a street other than cars or trains propelled or moved by steam.

Authorized Emergency Vehicles.—Boston Traffic Commission, Park, Police, Fire, Protective Department and United States mail vehicles, repair and emergency vehicles of municipal and public service corporations and ambulances.

Pedestrian.—Any person on foot.

Operator or Driver.—Any person who is in actual physical control of a vehicle.

Traffic.—Vehicles and street cars, either singly or together, while using any street for purposes of travel.

Parking.—The stopping or standing of a vehicle, whether attended or unattended, on a roadway otherwise than temporarily in obedience to traffic regulations, signs or signals.

Right-of-Way.—The privilege of the immediate use of the street or highway.

Legal Holidays.—January 1, February 22, April 19, May 30, July 4, First Monday of September, October 12, November 11, Thanksgiving Day and Christmas Day or the day following when any of the five days first mentioned, October 12, November 11 or Christmas Day, occurs on Sunday.

Official Traffic Signs.—All signs, signals and markings placed or erected by authority of the Boston Traffic Commission for the purpose of regulating or directing traffic.

Downtown Boston.—The district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles river and Charles River Basin.

Business Street.—A street where 50 per cent or more of the frontage thereon for a distance of 300 feet or more is occupied by buildings in use for business, and when so marked by the Boston Traffic Commission.

AUTHORITY OF POLICE.

SECTION 2. POLICE TO DIRECT TRAFFIC.

No person shall refuse or fail to comply with any lawful order, signal or direction of a police officer. In case of an emergency offering an immediate threat to public safety, police officers in regulating traffic may depart temporarily, as far as may be necessary, from the provisions set forth herein.

SECTION 3. EMERGENCY VEHICLES OPERATION.

The provisions of these regulations governing the movement, parking and standing of vehicles shall not apply to authorized emergency vehicles while the drivers of such emergency vehicles are operating the same in an emergency in the necessary performance of duties. Said emergency vehicles

shall have the right of way in any street and through any procession when operated in response to but not when returning from an emergency call.

TRAFFIC SIGNS, SIGNALS AND MARKINGS.

SECTION 4. TRAFFIC SIGNS, SIGNALS AND MARKINGS.

The Boston Traffic Commission shall determine and designate the character or type of all official warning and direction signs, signals and markings and the location thereof.

SECTION 5. OBEDIENCE TO TRAFFIC SIGNS AND SIGNALS.

It shall be unlawful for any operator of a vehicle or of a street car to disobey the instructions of any traffic control signal, traffic signs or markings on the street placed in accordance with the provisions of these regulations, unless otherwise directed by a police officer.

SECTION 6. TRAFFIC CONTROL SIGNAL LEGEND.

Wherever traffic control signals are installed alternately directing vehicular traffic to stop and to proceed by the showing of colored lights, said lights shall have the commands ascribed to them in this section, and no other meanings, and no driver of a vehicle shall fail to comply with said commands:

(1) **RED**. While the red lens is illuminated, no driver of a vehicle facing the signal shall enter the intersection, provided, however, that if a right or left green arrow lens is illuminated at the same time, a driver may enter the intersection to make the turn permitted by the arrow.

(2) **YELLOW**. While the yellow lens is illuminated, any waiting driver of a vehicle shall remain standing until the green lens is illuminated, and any driver of a vehicle approaching the intersection who can stop said vehicle with safety before reaching the intersection, or a marked stop line, shall stop at such point.

(3) **GREEN**. While the green lens is illuminated, any driver of a vehicle facing the signal shall proceed, subject to the safety of those who may have been in the intersection at the time the lens was illuminated.

(4) **RED AND YELLOW**. While the red and yellow lenses are illuminated simultaneously, no driver of a vehicle shall enter the intersection, and during such time the intersection is reserved for the exclusive use of pedestrians.

(5) **GREEN ARROW LENS**. When a right or left turn green arrow lens is incorporated in a signal, drivers facing said signal shall make a turn in the direction of such arrow only when such lens is illuminated.

(6) **FLASHING RED**. The red lens when illuminated with rapid intermittent flashes shall require drivers to come to a complete stop before entering the intersection and then proceed subject to the rights of pedestrians and vehicles lawfully within a crosswalk or the intersection at the time.

(7) **FLASHING YELLOW**. The yellow lens when illuminated with rapid intermittent flashes shall indicate the presence of danger, and shall permit drivers to proceed only with caution.

SECTION 7. DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS, DEVICES OR MARKINGS PROHIBITED.

It shall be unlawful for any person to place, maintain or to display, any unofficial sign, signal, device, or marking, which purports to be or is an imitation of or resembles an official traffic sign, signal, device or marking, or which attempts to direct the movement of traffic.

SECTION 8. INTERFERENCE WITH SIGNS, SIGNALS, DEVICES OR MARKINGS PROHIBITED.

It shall be unlawful for any person to wilfully deface, injure, move, obstruct, or interfere with any official traffic sign, signal, device or marking.

PEDESTRIANS' RIGHTS AND DUTIES.

SECTION 9. PEDESTRIANS' RIGHT-OF-WAY.

(1) The operator of any vehicle on any street shall yield the right-of-way to a pedestrian crossing the roadway within any clearly marked crosswalk or any regular pedestrian crossing included in the prolongation of the lateral boundary lines of the adjacent sidewalk at the end of a block.

(2) Whenever any vehicle has stopped at a marked crosswalk, or at any intersection, to permit a pedestrian to cross the roadway, no operator of any other vehicle approaching from the rear shall overtake and pass such stopped vehicle.

SECTION 10. PEDESTRIANS' RIGHTS AND DUTIES AT CONTROLLED INTERSECTIONS.

At intersections where traffic is controlled by stop and go signals, or by police officers, pedestrians and operators of vehicles shall obey the signals. Pedestrians who have started to cross the roadway on a proper signal shall have the right-of-way.

STREET CARS AND RAILROAD TRAINS.

SECTION 11. PASSING STREET CARS.

The operator of a vehicle shall not overtake and pass on the left any street car proceeding in the

same direction, when a passable portion of the roadway exists to the right of such street car, even though such portion of the roadway is occupied by traffic. This provision shall not apply to one-way streets.

SECTION 12. DRIVING ON STREET CAR TRACKS.

No operator of any vehicle proceeding on any street car tracks in front of a street car on a street shall fail to remove such vehicle from the tracks as soon as practicable after signal from the operator of said street car.

SECTION 13. DRIVER NOT TO CROSS AHEAD OF STREET CAR.

When a street car is moving within an intersection, no operator shall proceed onto the car tracks in front of the street car.

SECTION 14. DRIVING THROUGH SAFETY ZONES PROHIBITED.

No operator of a vehicle shall drive the same over or through a safety zone.

SECTION 15. RAILWAY TRAINS AND STREET CARS NOT TO BLOCK STREET.

No directing officer or operator of any steam or street railway train or car, shall operate or cause the same to be operated in such a manner as to prevent the use of any street for purposes of travel for a period of time longer than five minutes, except that this provision shall not apply to trains or cars in continuous motion.

STOPPING, STANDING AND PARKING.

SECTION 16. STOPPING PROHIBITED IN SPECIFIED PLACES.

No operator shall stop, stand or park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

- (1) Within an intersection;
- (2) On a crosswalk;
- (3) Between an established safety zone and the adjacent curb or within twenty feet of a point on the curb immediately opposite the end of a safety zone;
- (4) On the approach to an intersection within twenty feet of the intersection;
- (5) The space in front of, or within fifteen feet of, either wall of a fire station, on both sides of the street;
- (6) Within ten feet of a fire hydrant;
- (7) In front of a private driveway;
- (8) On a bridge, viaduct or the approach thereto, except in established loading zones.

SECTION 17. STANDING FOR LOADING OR UNLOADING ONLY IN CERTAIN PLACES.

(1) No operator shall stop, stand, or park any vehicle, except that vehicles with passenger registration may stop for not more than five minutes continuously for the loading or unloading of passengers, at any curb adjacent to the reservation side of a parkway, the entrances of a school, church, theater, hotel, hospital, railroad station, railway station, public building, or any place of public assemblage, provided that this regulation shall not apply to the service entrances to any such building.

(2) No operator shall stop, stand, or park any vehicle in any loading zone or in front of any loading platform, except that vehicles with passenger registration may stand for not more than five minutes continuously for the loading or unloading of passengers, and vehicles with commercial registration may stand for not more than twenty minutes continuously for the loading or unloading of materials.

(3) No operator shall stop, stand, or park any vehicle with passenger registration for more than five minutes continuously for the loading or unloading of passengers, nor any vehicle with commercial registration for more than twenty minutes continuously for the loading or unloading of materials in the following places:

- Albany street:
Both sides, from Kneeland street to Harvard street.
- Arch street:
Both sides, from Milk street to Franklin street.
- Arlington street:
Both sides, from Providence street to Commonwealth avenue.
- Ash street:
Both sides, from Oak street to Bennet street.
- Ashburton place:
Both sides, from Somerset street to Bowdoin street.
- North side, vehicles may be parked without time limit between 6 p. m. and 1 a. m.
- B street:
Both sides, from Summer street to Fargo street.
- Babcock street:
West side, from Commonwealth avenue to Ashford street.
- Batterymarch street:
Northeast side, from Water street to High street.
- Batterymarch street, short arm:
Both sides, from Batterymarch street to Broad street.

Beacon street:
South side, from Brookline avenue for a distance of 150 feet westerly.
Both sides, from Hereford street to Charlesgate West.
South side, from Raleigh street to Deerfield street.
North side, from Tremont street to Joy street.
South side, from Charles street to Tremont street.

SECTION 18. PARKING TIME LIMITED.

Except as otherwise provided, no operator shall park any vehicle between the hours of 7 o'clock a. m. and 6 o'clock p. m. of any day, except Sundays and legal holidays, on any street for a period of time longer than one hour.

SECTION 19. ALL NIGHT PARKING PROHIBITED.

No operator shall park any vehicle on any street for a period of time longer than one hour between the hours of 1 o'clock a. m. and 7 o'clock a. m. of any day.

SECTION 20. UNRESTRICTED PARKING IN SPECIFIED PLACES.

Subject to sections 16 and 17, and between the hours of 10 o'clock a. m. and 1 o'clock a. m., vehicles may be parked without time limit in the following

places and in the manner specified, provided that between the hours of 1 o'clock a. m. and 10 o'clock a. m. no operator shall stand a vehicle in any such place except that vehicles with passenger registration may be placed for not more than five minutes continuously for the loading or unloading of passengers and vehicles with commercial registration may be placed for not more than twenty minutes continuously for the loading or unloading of materials:

Charles street:

Both sides, between Boylston street and Beacon street, the vehicles to be placed with both right wheels to the curb or edge of the roadway.

Dorchester avenue:

Fort Point Channel side, between Congress street and Fort Point Channel drawbridge, and on the west side between the southerly end of the South Station and the Fort Point Channel drawbridge, the vehicles to be placed at an angle of forty-five degrees to the curb and with the rear right wheel to the curb.

State street:

In the center, from the subway structure in a westerly direction, within the lines indicated.

SECTION 21. LIVE PARKING.

Subject to sections 16 and 17, and between the hours of 7 o'clock a. m. and 6 o'clock p. m. of any day, except Sundays and legal holidays, no vehicle shall be parked on Tremont street, on the west side, between the head of Winter street and Boylston street, unless the same is in direct charge of a licensed operator.

SECTION 22. PARKING CLOSE TO CURB; ANGLE PARKING; OBSTRUCTION BY PARKING.

(1) Except as otherwise provided or when necessary in obedience to traffic regulations, traffic signs or signals, no operator shall stop, stand or park any vehicle in the roadway other than parallel with the edge of the roadway, headed in the direction of traffic, and with both right wheels of the vehicle within one foot of the edge of the roadway or curb.

(2) On streets which have been marked or signed for angle parking vehicles shall be parked at the angle to the curb indicated by such marks or signs.

(3) Vehicles used for the transportation of merchandise or materials in downtown Boston or in any business street as defined herein may not back to the curb to take on or discharge loads, unless the owner of such vehicle is authorized by the Boston Traffic Commission, and provided, further, that such authority shall be either in the possession of the operator or on the vehicle at the time such vehicle is backed against the curb to take on or discharge a load, and no owner or operator shall violate any of the special terms or conditions of such authority.

(4) No operator shall park any vehicle in such a manner as to obstruct the movement of any street car, nor under any condition when the parking of said vehicle leaves less than ten feet of the width of the roadway available for the passage of traffic.

(5) Subject to the provisions of Sections 16 and 17, vehicles shall be placed at an angle of forty-five degrees to the curb with right rear wheel to the curb:

On Deerfield street, east side from Commonwealth avenue to Bay State road.

On Beacon street, in bridge path, from Audubon road to St. Mary's street, with right rear wheel in the gutter of Beacon street.

On Hyde Park avenue, west side, from River street to Pine street.

On Commonwealth avenue, north side of North Drive, from Cottage Farm Bridge to Brighton avenue.

SECTION 23. RESTRICTED USE OF CERTAIN STREETS.

Between the hours of 9 o'clock a. m. and 5.30 o'clock p. m. in the following named streets there shall be no delivery or collection of coal, fuel, oil, ice, barrels, kegs, empty cases or boxes; nor the collection of garbage, refuse or waste materials; nor any collection or delivery of goods or materials of any kind which requires a vehicle being backed to the curb, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection:

Avon street.

Beacon street:

Between Park and Tremont streets.

Boylston street:

Between Washington and Arlington streets.

Bromfield street.

Congress street:

Between Post Office Square and Dock square.

Court street:

Between Washington street and Scollay square.

La Grange street:

Between Washington and Tremont streets.

Mt. Vernon street:

Between Hancock and Charles streets.

School street.

Scollay square.

Temple place.

Tremont street:

Between Scollay square and Stuart street.

Washington street:

Between Stuart street and Haymarket square.

Water street:

Between Washington and Devonshire streets.

West street.

Winter street.

SECTION 24. STANDING FOR EXCHANGE OF GOODS.

No vehicle shall be stopped in a street for the purpose of exchanging goods or merchandise with any other vehicle at any place in downtown Boston. This rule shall not apply to Haymarket square, at the junction of Haverhill street and Washington street North, nor to Winthrop square, as near the center as possible within the limits marked, where vehicles may stand for the aforesaid purpose.

SECTION 25. STOPPING AND OPERATION OF BUSES.

No operator of an omnibus or other vehicle capable of carrying eight or more passengers from whom fare is collected shall stand such vehicle in a street unless to take on or let off a passenger, and then only at such places as may be designated by the Boston Traffic Commission and for such time as may be sufficient to enable the passenger to take his or her seat or to leave said omnibus or vehicle, and provided, further, that no operator of such vehicle shall operate it in a street other than that designated by the City Council or the Boston Traffic Commission.

SECTION 26. PARKING OF PUBLIC VEHICLES IN COURT SQUARE.

Vehicles owned by the City of Boston or used in the city service may be parked in Court square without time limit at the curbs next the City Hall Annex. Vehicles shall be placed with the left rear wheel to the curb within the lines indicated in the easterly arm, west side.

OPERATION OF VEHICLES.

SECTION 27. DRIVE ON RIGHT SIDE OF STREET.

Except on one-way streets, or where signs have been erected to the contrary, or when overtaking and passing another vehicle, the driver of a vehicle shall drive the same on the right half of the roadway and shall drive a slow moving vehicle as closely as possible to the right-hand edge or curb of the roadway unless it is impracticable to travel on such side of the street. An operator meeting an approaching vehicle shall pass on the right.

SECTION 28. DIVISIONS IN HIGHWAYS.

On a street divided by a parkway, grass plot, reserved space for street railway cars, viaduct, walk, sunken way, safety zone, subway or other structure, vehicles shall keep to the right of such division.

SECTION 29. OVERTAKING VEHICLES.

(1) The operator of any vehicle overtaking another vehicle proceeding in the same direction shall pass at a safe distance to the left thereof, and shall not cut in ahead of the latter until safely clear of the overtaken vehicle.

(2) The operator of a vehicle shall not drive to the left side of the center line of the passable portion of a roadway in overtaking and passing another vehicle proceeding in the same direction until such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be made in safety, nor in any case within fifty feet of a street intersection. The foregoing provision of this section shall not be deemed to be applicable on one-way streets, nor on streets laned for traffic, in which latter event vehicles traveling in lanes shall move in the direction designated in such lanes.

(3) The driver of a vehicle shall not overtake and pass any other vehicle proceeding in the same direction at any intersection of streets, except that this provision shall not apply at intersections where traffic is controlled by traffic stop and go signals, or by police officers.

(4) The operator of a vehicle shall not deviate from his direct line of travel without ascertaining that such movement can be made with safety to other vehicles approaching from the rear and about to overtake and pass such first mentioned vehicle. The operator of a vehicle about to be overtaken and passed by another vehicle approaching from the rear shall not wilfully obstruct the overtaking vehicle but shall give way as conditions permit, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

SECTION 30. LEFT TURNS REGULATED.

(1) The operator of a vehicle intending to turn to the left at an intersection, or into a driveway, shall approach the point of turning in the line of traffic to the right of, and next to the center of the roadway, unless otherwise directed by turning markers, or by a police officer, and the operator of a vehicle, in turning left at an intersection shall pass to the right of the center of the intersection before turning, unless otherwise directed by turning markers or by a police officer. On streets laned for traffic, and on one-way streets, left turns shall be made only from the left lane of traffic.

(2) The operator of a vehicle or street car intending to turn to the left at an intersection where traffic is controlled by stop and go signals,

or by a police officer, shall proceed on the go signal to make such left turn with proper care to avoid accident.

SECTION 31. LEFT TURNS PROHIBITED.

The operator of a vehicle shall not make a left turn from Tremont street into Boylston street; nor from Boylston street into Park square, southerly; nor from Tremont street into Park street, north-westerly; nor from Washington street or Hyde Park avenue into Asticou road; nor from Meridian street into Maverick street, easterly; nor from Maverick square into Maverick street, westerly; nor from Broadway into Dorchester avenue, southerly; nor from Devonshire street into State street, easterly; nor from Congress street into State street, westerly; nor from Massachusetts avenue into Beacon street, easterly; nor from Exchange place into Congress street, southerly.

SECTION 32. RIGHT TURNS REGULATED.

The operator of a vehicle intending to turn to the right at an intersection, or into a driveway, shall approach the point of turning in the line of traffic nearest the right-hand edge or curb of the roadway, and in turning, shall keep as closely as practicable to the right-hand curb or edge of the street. At intersections controlled by a police officer or traffic stop and go signal such right turn shall be made only on signal to proceed.

SECTION 33. TURNS RESTRICTED.

At any intersection where traffic is controlled by a stop and go signal, or by a police officer, no operator of a vehicle shall turn such vehicle at the intersection so as to proceed in the opposite direction.

SECTION 34. MID-BLOCK TURNS REGULATED.

No operator shall turn a vehicle so as to proceed in the opposite direction unless such turn can be made without backing, and without causing any approaching operator to slacken speed or change his course.

SECTION 35. OPERATION OF VEHICLES ON APPROACH OF AUTHORIZED EMERGENCY VEHICLES.

On the approach of any authorized emergency vehicle or vehicles giving audible signal by bell or siren, the driver of every other vehicle shall immediately drive the same to a position as near as possible and parallel to the right-hand edge or curb of the roadway clear of any intersection, and shall stop and remain in such position until the authorized emergency vehicle or vehicles shall have passed, unless otherwise directed by a police officer, and the operator of every street car shall immediately bring such car to a stop clear of any intersection and remain in such position until the authorized emergency vehicle shall have passed, unless otherwise directed by a police officer.

SECTION 36. EMERGING FROM A PRIVATE DRIVEWAY.

The operator of a vehicle emerging from a driveway or garage shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any such driveway.

SECTION 37. THROUGH STREETS.

The following streets are hereby declared to constitute through streets:

Blue Hill avenue:

From Dudley street to the Boston-Milton line.

Commonwealth avenue:

From Arlington street to Brookline avenue.

Every operator of a vehicle, or street car, travelling on any street intersecting a through street, shall bring such vehicle, or street car, to a full stop before entering such through street, subject, however, to the direction of any stop and go signal, or any police officer at such intersection.

SECTION 38. ONE-WAY STREETS.

On the following streets, vehicular traffic shall move only in the direction indicated:

(1)

Albany street:

From Beach street to Broadway.

Arch street:

From Milk street to Summer street.

Ash street:

From Oak street to Bennet street.

(2) Subject to sections 16 and 17 of these regulations, the operator of a vehicle may stand the same at the curb on the right of one-way streets. Operators of vehicles with passenger registration may stand the same at the curb on the left of one-way streets for not more than five minutes continuously for the loading or unloading of passengers and operators of vehicles with commercial registration may stand the same at the curb on the left of one-way streets for not more than twenty minutes continuously for the loading or unloading of materials.

(3) On Northern avenue.— Vehicles other than motor vehicles crossing the bridge shall use the southerly span going east and the northerly span going west, keeping to the right thereof.

SECTION 39. VEHICLES TO OBSERVE MARKED ZONES.

Where traffic lanes have been marked on the roadway and signs have been erected instructing operators to keep in line, no operator shall fail to keep his vehicle within the designated boundaries.

MISCELLANEOUS PROVISIONS.

SECTION 40. BACKING AROUND CORNERS OR INTO INTERSECTIONS PROHIBITED.

No operator of any vehicle shall back such vehicle around a corner at an intersection, or into an intersection of streets.

SECTION 41. FOLLOWING FIRE APPARATUS PROHIBITED.

No operator of any vehicle, other than one on official business, shall follow any fire apparatus travelling in response to a fire alarm closer than six hundred feet or drive into or park any vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

SECTION 42. LOUD NOISES PROHIBITED.

No vehicle shall be operated on any street if such vehicle is so conditioned or loaded as to make an unreasonable or unnecessary noise, and no operator shall sound any horn otherwise than as a reasonable warning incidental to the operation of said vehicle.

SECTION 43. DANGEROUS VEHICLES.

No person shall operate any vehicle in such condition or so constructed or so loaded as to be likely to cause delay in traffic, or accident or injury to persons or property.

SECTION 44. SIZE OF HORSE-DRAWN VEHICLES RESTRICTED.

No person shall operate through any street any horse-drawn vehicle which, with its load, exceeds ten feet in width, or twenty-four feet six inches in length, measured from the end of the shaft to the extreme end of the side, nor any horse-drawn vehicle with a trailer, except as authorized by the Boston Traffic Commission.

SECTION 45. WARNINGS AT GARAGE EXITS REQUIRED.

Where buildings are used for the keeping of more than four motor vehicles and the exits therefrom are within ten feet of the line of a street, warning, by mechanical or electrical device visible for a distance of fifteen feet on either side of said exits, or by a bell or gong audible for a distance of fifteen feet on either side of said exits, or by a person stationed at said exits, shall be given when vehicles are about to leave such buildings.

SECTION 46. ADVERTISING VEHICLES REGULATED.

No person shall operate any vehicle designed or used primarily for purposes of advertising on any street in down town Boston.

SECTION 47. PERSONS RIDING BICYCLES OR ANIMALS TO OBEY TRAFFIC REGULATIONS.

Every person riding a bicycle or an animal on a street shall be subject to the provisions of these regulations applicable to the driver of any vehicle.

EXCLUSION OF VEHICLES.

SECTION 48. OPERATION OF COMMERCIAL VEHICLES RESTRICTED.

No commercial vehicle shall be operated on the following streets, provided that the restriction shall not apply to authorized emergency vehicles, to vehicles using said streets for the making of deliveries or collections or for the purpose of reaching a regular storage place located on said streets, to street repair vehicles of the City of Boston, nor to any commercial vehicle equipped with pneumatic tires, with a load capacity not over two and one-half tons, and without a trailer:

Auckland street:
Belfort street to Bay street.
Bakersfield street:
Willis street to Stoughton street.
Bay State road:
Beacon street to Chilmark street.
Beacon street:
Raleigh street to Charles street.
Brimmer street:
Pinckney street to Beacon street.
Brookside avenue:
Germania street to Green street.
Bushnell street:
Ashmont street to Weyanoke street.
Carruth street:
Ashmont street to Codman street.
Centre street:
Dorchester avenue to Washington street.
Centre street:
Eliot street to Belgrade avenue.
Corey street:
Centre street to Weld street.
Davies street:
East Cottage street to Willis street.
Eustis street:
Adams street to Dearborn street.
Hemenway street:
Boylston street to Huntington avenue.
Holton street:
Franklin street to Litchfield street.
Longwood avenue:
Huntington avenue to Brookline avenue.
Maple street:
Centre street to Weld street.
Marlborough street:
Arlington street to Massachusetts avenue.
Melville avenue:
Dorchester avenue to Washington street.
Montebello road:
Washington street to Brookside avenue.
Moraine street:
Centre street to Jamaica way.
Newbury street:
Arlington street to Hereford street.
Perkins street:
Centre street to Jamaica way.
Pleasant street:
East Cottage street to junction of Pleasant and Stoughton streets.
South street:
Washington street to Bussey street.
Sumner street:
Columbia road to Stoughton street.
Vermont street:
Baker street to La Grange street.
Wessex street:
Weyanoke street to Codman street.
West Cedar street:
Chestnut street to Phillips street.
Winthrop street:
Common street to Warren street.

SECTION 49. EXCLUSION OF VEHICLES IN MARKET DISTRICT.

On Saturdays and the day immediately preceding a holiday, during the hours of 2 p. m. and 11 p. m., vehicles are excluded from Blackstone street between North street and Hanover street.

SECTION 50. PARK RULES.

Commercial vehicles are excluded from all parkways except the road from Forest Hills street to the entrance of Forest Hills Cemetery, Glen road, the road across the Riverway in extension of Bellevue street, the road across the Boylston Stone Bridge in the Fens, connecting Boylston street east of the Fens with Boylston street west of the Fens, but vehicles may use all parkways in going by the shortest route to the nearest public way to receive or deliver merchandise.

All motor vehicles are excluded from the Arnold Arboretum and Franklin Park, except from Glen road and the road from Forest Hills street to Morton street and the road from Forest Hills street to Columbia road in Franklin Park.

Vehicles with a seating capacity for more than eight passengers are excluded from all parkways.

PENALTIES.

SECTION 51.

Whoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding fifty dollars for each offence.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO ELEVATOR CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for installing elevator door closers and suspension hangers for elevator doors in City Hall Annex Building, Boston, Mass., according to the specifications and giving bond of a surety company satisfactory to the Superintendent in a sum equal to 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent, 1905 City Hall Annex, Boston, filled out and signed by the bidder, and left before 12 o'clock noon of Tuesday, December 9, 1930, at said office with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes, properly sealed, and marked "Proposal for Installing Door Closers and Suspension Hangers in City Hall Annex." The bid must be made in duplicate, the one with the check to be left as stated above, the other, without the check, to be delivered to the City Auditor, City Hall, Boston, previous to the time of the opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

JOHN P. ENGLERT,
Superintendent of Public Buildings.
(Nov. 29-Dec. 6.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an addition and alterations to the Beethoven School, Washington street, near Grove street, West Roxbury, Boston, giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the sum of 45 per cent of the entire contract price. Plans ready for contractors Wednesday noon, December 10, 1930. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Wednesday, December 24, 1930, at said office, with a certified check for \$2,500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

LOUIS K. ROURKE,
(Dec. 6.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PICTURE PROJECTOR CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and installing picture projection equipment in the new Brighton High School, Warren and Nevins streets, Brighton, Mass., and giving bond of a surety company approved by the Superintendent of Construction in the sum of 45 per cent of entire contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, signed by the bidder and left before 2 o'clock p. m. of Monday, December 15, 1930, at said office with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

LOUIS K. ROURKE,
(Dec. 6.) Superintendent of Construction.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, DECEMBER 13, 1930.

No. 50

MAYOR CURLEY HONORED WITH MEMBERSHIP IN THE UNIVERSITY CLUB. SIGNAL DISTINCTION CONFERRED AND ACCEPTED AFTER WHICH HE DELIVERS BRILLIANT ADDRESS ON CITY PLANNING AND WHAT IT WILL MEAN TO FUTURE OF BOSTON — WARMLY WELCOMED TO MEMBERSHIP.

One of the most signal honors Mayor Curley has ever received in the City of Boston was conferred upon him on the evening of Thursday, December 4, when he was elected as member of the University Club, which membership shall be had as long and as often as he shall be elected Mayor. The honor was conferred by the Board of Governors and accepted enthusiastically by the membership, who had gathered in the University lounge to hear the Mayor's address on city planning.

In the absence of the president, the secretary, Charles A. Birmingham, presented the Mayor, speaking as follows:

Mr. Chairman and Gentlemen of the University Club and Friends.

I regret to announce the absence of President Humphries for I am quite sure that had he been here he would have presided tonight, as he had been looking forward for many weeks to this occasion when he would have the great pleasure of presenting to the members of the University Club the chief executive of this city. Mr. Humphries tonight is on his way to the far West where important business connected with the association of which he is the active head demands his presence. In his place and in his name and on your behalf I extend to his Honor Mayor Curley our warmest and our most cordial welcome. By vote of the Board of Governors which was passed early in this year the Mayor of Boston during his term of office is made an honorary member of the University Club. His Honor the Mayor was pleased to accept this membership and it is a great happiness to be able to welcome him in this twofold relation. It was the hope of the men who labored to establish this club, and it is the constant desire of the officers, that it should not be a thing apart and aloof, but that this great organization of 4,000 men drawn from all universities and colleges of America should have a definite place in the life of this city, and that they should exert influence for social and civic betterment. The distinguished guest of this evening has come to tell us something about the administration of the affairs of a great city and of the need of planning for its future.

As few men of his time, he knows the history of the Boston of the past, and he has imagination and the mental grasp to unfold a story that will be worthy of its glorious and deathless traditions. When I think of him and the place that he has taken in American life I am reminded of the saying of that quaint old physician and philosopher of the seventeenth century, Sir Thomas Brown, who said that when "industry builds upon nature, we may expect Pyramids."

Serves Boston of Past, Present and Future.

Three times he has been called by his fellow-citizens to fill the highest office within their gift. He has a knowledge that is the result of experience, unlimited study and an understanding that knows the human heart and its aspirations; with vast energy and with high courage he serves not only his day and generation, but those who will inhabit this beloved city when all of us have ceased to walk its ways. Surely this is leadership, gentlemen, and I present to you his Honor the Mayor of Boston.

Mr. Chairman and Members of the University Club.

It is rather difficult to find words to give expression to the appreciation that this unusual honor of honorary membership in your organization during such term as one is privileged to hold the office of Mayor. It surely is an invitation to hold the office permanently regardless of the charter provision.

The chairman has said I might say a word with reference to municipal planning, but before approaching that subject I want to direct attention to a little movement that has been in progress in our own city during the last twelve weeks. The most potential agency for planning, be it Federal, state or municipal, is the agency represented by men and women who are fortified with a college education and with a college training. Singularly as it might appear, this particular and all important agency has never been called upon to assist in the very important work of developing a Federal economic program until the present time.

Some twelve weeks ago, with a view to providing assistance to the American public and aid in providing a means to prevent future economic depressions, an invitation was extended to the universities in this section of our state to have their professors of economy participate in a conference, with a view to the development of the Federal economic program, the purpose of which was to compel, if possible, the adoption by Congress of a Federal economic industrial planning commission.

We have been in session practically every Thursday during the last twelve weeks, and as a consequence of our studies and investigations have made a recommendation along these lines to the President of the United States, the president of the United States Senate and the speaker of the National House of Representatives.

Singularly as it may appear, no country in the whole world is as fortunate as the United States at this particular time, and still, about everything which has been accomplished has been largely the result of compulsion or necessity. We are fortunate as a consequence of well-considered and carefully designed plans and continuity in the matter of prosecution of those plans, our country has substantially everything of an economic character that makes for the well being of the individual in America along social and economic lines. (Continued on page 1919.)

"O Boston, fair City enthroned like a radiant queen.

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 15, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, December 15, 1930, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth, avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 6, 1930:
Population estimated, July, 1930, United States Census estimate, 811,200; number of deaths (stillbirths excluded): Residents, 144; nonresidents, 32; total, 176.

Death rate per 1,000 of population: All deaths, 11.28; nonresidents deducted, 9.23.

Death rate per 1,000 of population: Last week, 13.08; corresponding week last year, 13.75.

Deaths by age periods, sex, etc.: Under one year, 26; one year to four years, inclusive, 3; sixty years and over, 73. Total deaths: Male, 93; female, 83; deaths in hospitals and institutions, 97; deaths of colored, 4.

REPORTABLE DISEASES: CASES AND DEATHS.*

DISEASES.	Cases and Deaths Reported Week Ended Dec. 6, 1930.		Cases and Deaths Reported Week Ended Dec. 7, 1929.

MAYOR CURLEY ORGANIZES BOSTON EMERGENCY UNEMPLOYMENT COMMITTEE TO COOPERATE WITH STATE. PROGRAM CALLS FOR SPENDING \$21,400,000 IN IMPROVEMENTS TO AID JOBLESS.

Organization of Boston's emergency unemployment committee to cooperate with the state group at the request of Governor Allen, was completed on Thursday, December 4, at City Hall, when Mayor Curley revealed some of the public improvements which he will advance in 1931 to provide work for the jobless.

To the fifty prominent men and women appointed to the city committee, he outlined a program costing \$21,400,000, not including the \$36,000,000 program already started. He expressed the hope that the Legislature will give the city the necessary authority in January to carry out these public works, so that it will not be forced to wait until June as has been the custom in the past.

Of the sixty bills which the Mayor's cabinet has prepared for the Legislature, the costliest will be one of the \$14,000,000 to extend the Boylston Street Subway from Copley square to Brookline Village.

He will also ask for authority to spend \$5,000,000 to start the proposed \$25,000,000 double-decked Central artery planned to provide a local and express elevated traffic highway from Haymarket square to Kneeland street to connect the north and south shore and relieve congestion in the downtown business district.

Two new police stations downtown will cost \$700,000, two new central fire stations will require a similar sum, and two new branch libraries will mean an expenditure of \$200,000. Then there will be a \$200,000 addition to the Public Welfare building at Hawkins street, a \$300,000 golf course at West Roxbury, and a \$300,000 city printing plant.

That the entire appropriation for the printing plant may go towards labor and materials, the Mayor stated that he is considering the possibility by placing the structure on the roof of the \$16,000,000 East Boston traffic tunnel, so that the city will not be obliged to buy a site.

Men for the traffic tunnel will start digging February 1, the Mayor promised, explaining that by that time the East

Boston buildings now in the way of the development will be completely demolished.

Hope that the Legislature will give the city speedy authority to carry out its program was expressed by the Mayor, who recalled that the 1930 Legislature gave Boston approval for the expenditure of \$36,000,000, "a generosity which was considered embarrassing in the last campaign," smiled the Mayor.

As a result of the fairness of the Legislature he said, Boston was able during the depression of the past year to protect its people from conditions for which they were not responsible by providing them with work and with poor relief.

At the organization meeting, the Mayor appointed Chairman Simon E. Hecht of the Board of Overseers of Public Welfare to serve as chairman of the emergency committee and Mrs. Eva Whiting White as vice-chairman.

On motion of Councilor Clement A. Norton of Hyde Park, a member of the committee, it was voted to request Police Commissioner Eugene C. Hultman to have his force make a second census of the unemployed. The police census of April 1 showed 41,000 without work in Boston, while the Federal census revealed but 22,000 on the same date, Councilor Norton stated, appealing for an accurate count.

Executive Secretary Ralph W. Bowdoin of the State Emergency Unemployment Committee declared that unemployment was less a problem in Boston than many other cities, but appealed to the group to give consideration to the need of finding work for the so-called "white collar" group.

As chairman of the women's group of the Governor's emergency committee, Mrs. Nathaniel Thayer outlined a plan which she will launch next week through which the wealthy residents of the city will give their clothes to the needy and buy new clothes for themselves to stimulate trade. This Commonwealth Christmas chest, she said, would be opened Monday at the John Hancock Building.

BUILDING DEPARTMENT READY TO AID IN UNEMPLOYMENT IMPROVEMENT BY FACILITATING CONSTRUCTION.

Mayor Curley, on December 1, received the following letter from Building Commissioner Edward W. Roemer:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In addition to the statement on "The Advantage of Building at This Time," issued by the Executive Committee of the Boston Building Congress, I would say that never before in the history of the building industry have the competitive estimates on proposed buildings been so low or so close as they are at this time.

This is shown by the fact of the many inquiries being had in the Building Department relative to speculative building, permits for three having been granted within the last month and inquiries coming in in regard to several others. Permits for the New England Medical

centers on Bennet street and Harrison avenue have also been granted within that time.

The Building Department has also recently had inquiries relative to the building of a theater, garage, two mercantile buildings and two public service corporation buildings in the downtown district, as well as two first-class apartment houses, an educational institution and a large hospital. There have also been rumors of a large terminal center being erected in South Boston, but up to date nothing definite has transpired.

The Building Department is prepared to render the best possible assistance to architects, engineers, building contractors and owners who are contemplating the erection of buildings and has been instructed to expedite the issuance of permits as much as possible.

Respectfully yours,

EDWARD W. ROEMER,
Building Commissioner.

UNIVERSITY CLUB ELECTION.

(Continued from page 1917.)

It requires considerable stretch of the imagination to realize that the very site of this beautiful building in which we are gathered this evening was, only a few generations ago, marsh land and flats which no one quite knew what to do with. It must have sounded even more fantastic when Robert Fleming Gourlay, the pioneer city planner of Boston, a native of the county of Fife, near Edinburgh, after a residence of four months in the City of Boston, in 1843 made plans for a continuous chain of boulevards sweeping from the Public Garden all the way along the old Boston, Roxbury and Brookline shores of the Back Bay and the Cambridge shores of the Charles to Charlestown, and even by an additional bridge to East Boston.

City Planner Gourlay suggested that the better to avoid congestion in our streets it would be well to carry the suburban and distributing railways through the city proper by means of tunnels, forecasting in a most accurate way the Cambridge Tunnel, the Tremont Street Subway, the Boylston Street Subway and even the East Boston Tunnel. He showed how easily the filling of the Back Bay might be accomplished, and even went so far as to propose the corporate merger of Roxbury, Brookline, Cambridge and the other outlying towns with the City of Boston. With almost prophetic vision he declared: "It seems to me that the watery waste which surrounds Boston has been designed, first, that the inhabitants should be penned up, and thence feel discomfort, until now, that the utmost advantage may be made of it:—that on this waste they may form a city surpassing all others either in ancient or modern times."

PROPHECY AS TO BOSTON.

On May 9, 1844, Mr. Gourlay wrote to the Governor of the Commonwealth, "The Capital of Massachusetts and New England already stands pre-eminently on the roll of time as the Cradle of Liberty, but now that steamship navigation and railways are established, it bids fair to become one of the largest cities of the world. Boston must speedily be the great landing place from Europe, and with railways radiating to every point of the American continent, calculations may proceed with certainty."

Mr. Gourlay in due time was gathered to His Fathers, but his plan lived on, not adhered to as fully as it might have been with advantage to the city, but nevertheless a living, vital influence in the minds of its citizens. The Back Bay was filled in; the Charles River Basin was developed; centers of education, health, music and art were established, but one of the biggest problems of all, that of transportation and congestion in our streets, instead of approaching a solution became more serious year by year.

Mayor Otis, in 1829, after commenting on the fact that some \$11,000 had been spent for the purpose of widening the streets, congratulated the citizens of Boston in his first inaugural message that the work has been done for all time and nothing more would be needed in the way of street widening or in the way of expenditures for that purpose.

When the Tremont Street Subway was projected, toward the close of the nineteenth century, the argument was advanced that on the surface cars there was a strong probability that it would take you fully one half hour to go from Causeway street to Park square, a distance which is now accomplished in a

few minutes' time. Gourlay nearly fifty years earlier declared that Washington street was already crowded to excess. Street cars, vehicles and pedestrians combined to create an unendurable condition of congestion in the streets. The opening of the Tremont Street Subway in 1897, the first transportation subway in the United States, was the beginning of a real solution of the transportation problem as it existed at that time.

OTHER PROBLEMS CROWDED.

Scarcely was the solution of the first problem in sight when the second one crowded quickly upon us. From approximately 4,000 automobiles manufactured in 1900, the industry has grown until more than 5,000,000 cars, with an estimated value of nearly \$4,000,000,000 were produced in the year 1929. It is not to be wondered at, that road development has not kept pace with this staggering growth in the automobile industry. Our streets, which for the most part were laid out 300 years ago to suit the convenience and requirements of those days, have not lent themselves readily to street widening purposes although much has been accomplished.

Stuart street, which was widened at an expense of \$3,000,000, has yielded ten times that amount in the assessed valuation of new buildings following its development. Province street, less than 400 feet long, was widened at an expense of slightly in excess of \$1,000,000 which has been followed by an increase in the valuation of buildings due to new construction of more than twice the cost of the street itself. The same is true of Tremont street, Kneeland street, Cambridge and Court streets, Nashua street and Dock square,—each a separate story in itself and each showing an almost instantaneous response in the construction of new buildings far in excess of the cost of the improvements, to say nothing of the facility of traffic movement.

The development of the health unit centers in the City of Boston is another important feature in its planning program. Six units have now been established in the different sections of the city affording a unique opportunity not alone for the treatment of disease but for its better understanding and control.

BOSTON'S ASSETS.

The acquisition of Governor's Island will give to Boston unequalled facilities for both land and sea planes. Boston's recreation system is known the world over, and certain features have never been excelled. The development of the Fens, the Strandway, Boston Common, the Public Garden, and even the Rose Garden in Franklin Park, are unique and precious possessions.

In all of this work Boston has been following city planning principles and methods which are not new by any means, or even original with us. We are told that the history of city planning dates back to the little town of Kahun, Egypt, in 2500 B. C., where a town plan was discovered, showing organized groups of buildings unified by thoroughfares, and laid out in regular blocks to house the builders of one of the pyramids. Passing rapidly over Egyptian, Greek, Roman and Spanish regulations, we have that outstanding example of Sir Christopher Wren in 1666 who had the genius after the great fire of London to

plan for the reconstruction of the city on a scale which would have made it one of the most beautiful in the world.

The plan of Paris prepared by Baron Haussmann in 1857 is declared responsible for making Paris one of the most beautiful of the large capitals. The work is still going on, showing that no city is ever really finished,—the Boulevard Haussmann having been opened to the public within the last two years. In America the outstanding example is L'Enfant's plan of Washington, adopted in 1792, giving to America the distinction of being the only country in the world whose capital was developed in accordance with a scientifically conceived and deliberately planned municipality. Perhaps the first real impetus came with the plan for the World's Fair in Chicago in 1893, which led to a formal plan for the city itself in accordance with which billions of dollars worth of improvements are in process or have been carried out in the last fifteen years.

CITY PLANNING FOR FUTURE.

The Commonwealth of Massachusetts was the first in the United States to enact a state-wide City Planning law (chapter 41, sections 70, 71, 72) which declared "that every city and every town having a population of more than ten thousand shall, and those having less than ten thousand may, create a planning board, whose duty it shall be to study the resources, possibilities and needs of the community and to make plans for its development." Boston was the first city to accept the provisions of this Enabling Act and its Planning Board was established in 1914. The Board has had the great advantage of continuity of personnel, for the first eight years under the leadership of Ralph Adams Cram, the eminent architect, and for the last eight years, under the leadership of Frederic H. Fay, the equally eminent engineer.

The Zoning Plan for the City of Boston, which has been one of the most far-reaching steps toward the improvement of housing conditions, the stabilization of property values, and the encouragement of business development in proper locations that the city has ever witnessed, was placed upon the Statute books in 1924. Within the past few months the City Planning Board has submitted its Report on a Comprehensive Thoroughfare Plan covering the next 25 to 50 years. Certain features of that plan will be introduced into the coming Legislature, not as isolated sporadic instances of street widening and improvement as have taken place in the past, but marking the beginning of a street program in accordance with a carefully studied and scientifically designed development.

City Planning is of necessity primarily concerned with the future and if we are to succeed the only way to approach any problem is with faith and courage and vision. Boston is fortunate in that it has had its "Gourlays" from the very beginning, men who have been willing to give of themselves and of their own ability in order that the city might benefit. Comparatively speaking we are only a young city today. Three hundred years is a very brief span of time in the life of a municipality. It is to be hoped that in succeeding years new prophets will rise up amongst us and that the work will be carried on, even as it has begun. No more fitting words could be found with which to close than the invocation with which Robert Gourlay

concluded his recommendations for the enlargement and improvement of the City of Boston:

"I have now only to commend you to God, and to pray that He may direct you in all things."

At the conclusion of the Mayor's address the presiding officer thanked his Honor the Mayor for the instructive talk given to the members of the University Club and a rising vote of thanks was given the Mayor in appreciation.

LAND-TAKING IN DEVONSHIRE STREET.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and discontinuance of parts of Devonshire street, Boston proper district, as a highway, on the easterly side, southerly from Franklin street, bounded and described as follows:

The highway named Devonshire street is hereby widened on the easterly side, southerly from Franklin street for a distance of approximately forty-one feet.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the General Building Trust, bounded:

Westerly by the easterly line of Devonshire street, as it existed previous to this widening, forty and 73-100 feet; and easterly by the easterly line of Devonshire street as widened under this order, forty and 75-100 feet on a curve of three hundred sixty-seven and 40-100 feet radius, containing fifteen square feet, more or less.

Said Devonshire street as hereby widened is bounded:

Westerly by the easterly line of Devonshire street as it existed previous to the passage of this order, forty and 73-100 feet; and easterly by the easterly line of said Devonshire street as hereby widened, forty and 75-100 feet on a curve of three hundred sixty-seven and 40-100 feet radius, containing fifteen square feet, more or less.

A part of the highway named Devonshire street on the easterly side, is hereby discontinued, beginning at a point approximately forty-one feet south of Franklin street and extending southerly for a distance of approximately forty-one feet.

Said part of said highway as hereby discontinued is bounded:

Westerly by the easterly line of said Devonshire street as hereby established, forty and 74-100 feet on a curve of three hundred sixty-seven and 40-100 feet radius; and easterly by the easterly line of Devonshire street as hereby discontinued, by two measurements, thirteen and 65-100 feet and twenty-seven and 19-100 feet, containing fifteen square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the widening of Devonshire street, Boston proper district, as a highway, on the easterly side, southerly from Franklin street for a distance of approximately forty-one feet; and the discontinuance of a part of Devonshire street, on the easterly side, under the order of the Board, and awards no damages therefor.

FARMERS' PROBLEM IS PROBLEM OF EVERY INDIVIDUAL IN AMERICA AND, WHEN SETTLED, OUGHT TO BE SETTLED RIGHT — MAYOR CURLEY DELIVERS MASTERFUL ADDRESS BEFORE THE AMERICAN FARM BUREAU FEDERATION CONVENTION AT HOTEL STATLER — AGAIN URGES EXPENDITURE OF \$1,000,000,000 FOR PERMANENT HARNESSING OF MISSISSIPPI RIVER.

Mayor Curley in an address at the American Farm Bureau Federation Convention, Monday, December 8, 1930, at the Hotel Statler, said in part as follows:

Mr. Chairman, Your Excellency, Honored Guests and Members of the American Farm Bureau Federation.

This has been an extremely interesting year in the life of Boston. We have been blessed with the attendance during the year of some 540 conventions, an unusually large number, yet we have experienced no great difficulty in making their stay here one of pleasure to them and of benefit to their organizations, to the city and to the Commonwealth.

We have been privileged to entertain, among other organizations, the American Legion and the American Federation of Labor, and now the privilege and the opportunity of entertaining as guests within our gates, your splendid organization.

There are no three organizations in America that mean more to the welfare of the individual citizen, and to the continued existence of the American Republic, than these three organizations.

The American Legion, during the hour of the world's travail, when the prospect for the continuance of free government trembled in the balance, through its membership made possible by heroism and devotion, not only the wresting of victory from defeat, but the preservation of the priceless privilege of free government in the world.

The American Federation of Labor, that great potential asset to the continued existence of the American Republic, this organization that has labored to make a reality of the theory of equality of opportunity in America is the organization upon which the nation has relied for the development of an industrial and economic program which would make for safety and sanity of the citizenship of the United States of America. During the present industrial depression, we have begun to realize the valuable character of service rendered by the American Federation of Labor.

TRIBUTE TO ORGANIZATION.

We realize that without this splendid organization, in all probability, industry would still be working from eleven to twelve hours a day instead of eight hours a day; and the Saturday half holiday might be a reality in some states but not generally observed in every state in the entire Union. The old starvation wage, which obtained in America from the beginning until a shortage of man power in the World War made possible conditions through which the wage of the toiler was doubled, might still be in operation were it not for this organization. A realization that the Workingmen's Compensation Act, designed to protect the mother in the home when the head of the household is stricken in industry, the Maternity Benefit Act, and numerous other measures of relief which marked the intelligent protection of the people, might still be in abey-

ance were it not for this splendid adjunct and asset to the continued existence of the American nation.

And now your splendid organization. We in the city have had little realization of the problem of the farmer until the problem of the farmer became the problem of the entire nation and that is the condition today. I had occasion during the last two years to become somewhat familiar with the character of the problem that has confronted the American farmer. It was my very great pleasure to confer with the President of the United States with a view to the abandonment of that character of program for farm relief that is represented in the expenditure of pennies and inaugurate a program on a major scale that would make for an equitable and permanent solution of the difficulties confronting the American farmer.

Abraham Lincoln is authority for the statement that no nation can exist one half slave and one half free, and any individual who has given any study to the long sad story of bank failures in the agricultural sections, and of almost annual floods in the Mississippi river area, must realize that this nation can never enjoy any measure of prosperity so long as one fourth of the entire nation, represented by the agriculturists, are walking in the shadow of adversity. The possibility, through the expenditure of \$1,000,000,000 for the development of an inland empire in the heart of this nation, is too important for any individual to overlook.

PERIODS OF DEPRESSION.

We have our periods of depression in the world. Lloyd George is authority for the statement that they had one in every two and one half-year period in the last hundred years in Great Britain. We, in America, have had one in about every five-year period in the last half century. In about every two or three year period they have had an overflow in the Mississippi valley—an overflow that could have been prevented through a generous expenditure of public money. When we realize that this one great artery for transportation at the lowest possible rate of freight of every character—the Mississippi taps with tributaries thirty-eight states of the Union—we have some realization of the importance of that project to the entire nation.

I would propose the expenditure of \$1,000,000,000 in the Mississippi area, the creation of great reservoirs, or water basins, to hold the supply in time of flood and to release it in time of drought; the creation of hydro-electric generating plants at the entrance to those water basins on the Mississippi, the Missouri, the Arkansas, the Red, the Ohio, the Colorado, and the other tributary-branches, the development and the manufacture of that hydro-electric energy at less than one-half a cent per kilowatt hour and its distribution at that price to the individual in that section of America and the possibility of twelve months' navigation would do more to add to the prosperity of the American farmer and every

American than any single investment that this nation of ours might make.

WHAT PROPOSAL WOULD MEAN.

It would mean the absorption at the present time and for the next two years of the basic materials, iron, steel, cement; of electrical energy developing machinery; it would mean the Westinghouse, the General Electric, and all the leading electric companies here in the East working on a twenty-four hour schedule for the next two years. Through direct water transportation it would be possible to invade the markets of the world that America must develop for her existence.

The individual who hopes for an invasion by America of the markets of Europe during the next twenty-five to fifty years is the kind of optimist that still retains his membership in the Bartenders' Union. The people of Europe are engaged in a struggle of the most ferocious character for their own existence and the possibility of importing into Europe American manufactured goods appeals only to the radical brain not to the serious, thoughtful, student of commerce.

The future of America lies in the invasion of the Orient; the markets of India, China and South America. The continuous navigation of the Mississippi river, with a water freight rate of thirty to forty cents a ton as against a rail rate of \$1.80 a ton, with direct water connection, by way of the Panama Canal, to the Orient and South America, would result in creation of an inland waterway in the heart of America.

It would add more to the prosperity and wealth of the American nation in the next twenty-five years than the Louisiana purchase did since it was added to America.

There is no reason why these great opportunities, not only for the solution of the present industrial depression, but the future prosperity of America, should be permitted to lie idle.

NO TIME FOR HESITATION.

We did not hesitate during the World War to loan the European Nations \$27,000,000,000, and it is a very serious question if we will ever be able to collect a single dollar of the principal to say nothing of the interest—and yet we hesitate when the welfare of America is concerned. Thirty-eight states of the nation tapped by the Mississippi and its tributaries! Settlement of the flood question!

The production from that wonderful alluvial soil along the banks of the Mississippi, Ohio, Colorado, Missouri, Arkansas, and the Red! The possibility of direct water communication! I confess I never had any realization of how immense it was until we had a coal famine here in 1915. Out in Pennsylvania every time they get an accumulation of slag and slate they arrange a strike and then they unload the slag and slate on us for coal—at \$20 a ton as against the customary price of \$15 a ton. We had one of these strikes in 1915 and

the price of coal advanced to about \$18 a ton. Then we received here for the first time coal from Kentucky. It was not anthracite, but it was a high grade bituminous coal with a low ash content but with a higher heat unit than of any anthracite we ever used. Why don't we get it here all the time? Because the freight rate from Kentucky to Boston is \$5.80 a ton. With a water rate of 80 cents to \$1 a ton they could undersell Pennsylvania anthracite and then make more money upon the coal handled than in any previous time in the history of Kentucky.

The hauling of cotton and cereals over the Rocky Mountains to Seattle, Portland, Oregon, Los Angeles and San Francisco for shipment to the Orient when the Mississippi and its tributaries affords a direct route via the Panama Canal is an indictment of our intelligence.

FAVORS \$1,000,000,000 EXPENDITURES.

I am in favor, although living in a state far removed from the agricultural regions, of the immediate expenditure by the United States of America, of \$1,000,000,000 to settle for all time the question of flood control and make possible the development at the lowest possible cost of electrical energy; and to give America control of the cheapest character of water transportation; and to enhance the value of our investment in the Panama Canal; and to develop in the heart of America an inland empire, within the territory of which every progressive, forward looking leader of the industrial life of the world, would find it necessary within five years to locate a plant, and take advantage of cheap water transportation and the lowest electrical cost to be found anywhere in the world.

The farmers' problem is the problem of every individual in America and when it is settled, in God's name, let it be settled right.

POLICE COMMISSIONER THANKED FOR CONTRIBUTION OF CONFISCATED LIQUOR FOR BOSTON HOSPITALS.

Mayor Curley, on December 3, directed the following communication to Mr. Eugene C. Hultman, Police Commissioner of the City of Boston:

MY DEAR COMMISSIONER.—I beg you will accept of my sincere appreciation for the very gracious courtesy represented in the contribution of confiscated liquors to the Boston hospitals.

The supply, I am informed by those in charge, will be ample to meet all requirements for two years.

In this connection I beg to suggest the advisability of also donating to the Boston hospitals such narcotics as may be in the possession of the Police Department, since such action would represent quite a saving to these institutions.

It would also appear to be a most generous act if you would contribute such other liquors as may be on hand and in control of the Police Department to any or all of the following hospital organizations:

Beth Israel Hospital, Faulkner Hospital, Massachusetts General Hospital, New England Baptist Hospital, Roxbury Hospital (Salvation Army), St. Margaret's Hospital, Carney Hospital, Free Hospital for Women, Massachusetts Homeopathic Hospital, New England Deaconess Hospital, St. Elizabeth's Hospital, Salvation Army Maternity Hospital.

Respectfully,

JAMES M. CURLEY, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and installing picture projection equipment in the new Brighton High School. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 15, at 2 p. m.

Advertises for proposals for doing waterproofing at the East Boston High School. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 22, at 12 m.

Advertises for proposals for erecting and completing addition and alterations to the Beethoven School, Washington street, near Grove street, West Roxbury. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$2,500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 24, at 2 p. m.

Advertises for proposals for erecting and completing the special class school building in the Ulysses Grant district. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$5,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 31, at 2 p. m.

FIRE DEPARTMENT.

Advertises for proposals for laundry work. Surety bond will be required in an amount equivalent to 40 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Fire Department Headquarters, 60 Bristol street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 22, at 12 m.

PARK DEPARTMENT.

MAYOR CURLEY STARTS WORK ON NEW \$3,000,000 PROFESSIONAL ARTS BUILDING AT STUART AND DARTMOUTH STREETS AND TRINITY PLACE.—TO RELIEVE UNEMPLOYMENT.

With Mayor James M. Curley handling the levers on a big steam shovel and a crowd of business and professional men looking on, excavation was started on Thursday, December 4, on the site for the new twenty-story Professional Arts Building that will cost some \$3,000,000 when completed on the vacant lot back of the Copley-Plaza Hotel. The Mayor was pleased at the opportunity afforded him to start this, the largest building project in Greater Boston since the unemployment situation became acute, because it means work for many men for many months, not to mention a pleasing addition to the new uptown district and a new source of tax revenue for the city.

When the Mayor arrived at nine o'clock he found W. J. McDonald, president of the New England Building, Incorporated, which will be the owner of the new structure, on hand with some seventy-five invited guests and others who had stopped to watch what was taking place. There were two steam shovels, both with steam up, ready for the signal. Mr. Curley took his place in the "cab" of one shovel and the man in charge showed him how to operate the three levers, then he started the steel-toothed bucket moving but the cinder-coated ground that has been a parking space for some time was so hard that the teeth did not bite in easily.

"I believe he set this so I couldn't do it," said Mayor Curley, amid laughter, but a few more tries and up came the bucket with a good "mouthful" of earth and cinders—and the job was underway. As soon as the Mayor had stepped down, both shovels were put into operation with their regular crews and a line of trucks formed to haul the dirt away.

By this time the party had entered the hotel, where breakfast was served. At breakfast, Clarence H. Blackall, of Blackall, Clapp & Whittemore, architects; George Nelson Meserve, associate architect, and Mr. McDonald explained the purposes of the building and told of its architectural and service features. Incidentally, Mr. McDonald pointed out that no other large city in this country is without, at present, at least one outstanding building designed primarily to serve the medical profession and the public.

At the breakfast the Mayor said:

"I sometimes wonder if it is ever possible for the individual citizen to properly visualize the value of a contribution such as is made not alone for Boston but for the Commonwealth of Massachusetts by this modest man who has just addressed you, Mr. William J. McDonald. I have always regarded Mr. McDonald as of pure Saxon blood but I sometimes wonder if in the peregrinations of his ancestors if they had not traveled in Italy, Spain and other of the historical European countries and absorbed a little of that optimism through which was made possible the conquest of Mexico and the conquest of Peru. It requires a little more than ordinary courage to undertake the task that is represented in the breaking of ground for this medical center building this morning. It is characteristic of the pioneering contribution of the forefathers to our great state. I would to God we had more men with great faith in this city. I think buildings started at this time will do more to aid the unemployment situa-

tion than anything that could be done and will be more far-reaching. I hope this building operation will employ locally every contractor that is possible and I am informed that this will be a general plan."

Mr. Carl P. Dennett, vice chairman of the Massachusetts Unemployment Committee and representing the Chamber of Commerce, stated that the venture of the organization of which Mr. McDonald was the head will aid greatly in overcoming the present fear for industrial conditions. He said: "In Boston we are better off than in any city of our size in the United States. I think the Mayor has handled the situation here in the most intelligent manner."

The building will occupy the land bounded by Stuart and Dartmouth streets and Trinity place, backing up to the rear of the Copley-Plaza Hotel, comprising slightly more than 20,000 feet.

It will have twenty stories above the ground, two below, and will rise to a height of 250 feet. It is the first building of its kind in Boston, but Chicago and New York have similar structures.

The building is being constructed by the New England Building, Incorporated, of which W. J. McDonald is president. The general contractors are H. K. Ferguson Company of Cleveland and Boston.

Among those present at the breaking of the ground, and later at the breakfast, were:

Carl B. Dennett, vice chairman, Massachusetts Unemployment Committee; Dr. George H. Washburn, Massachusetts Hospital Memorial; Henry I. Harriman, chairman, trustees, Boston Elevated; Bradbury F. Cushing, manager, Hotel Statler; Col. Edgar R. Champin, W. L. Shearer, Paine Furniture Company; Edward Dana, Boston Elevated; Arthur Russell, vice president, New Haven Railroad; Ernest A. Johnson, secretary and treasurer, Building Trades Council; Ray Bowdoin, New England Council; Howard M. Biscoe, vice president, Boston & Albany; E. E. Graves, general agent, Building Trades Council; James Fitzpatrick, president, Building Trades Council and Board of Appeals; J. Arthur Moriarty, president, Boston Central Labor Union; Dr. Henry M. Pollock, superintendent, Massachusetts Memorial Hospital; Dr. George L. Howland, Peter Bent Brigham Hospital; Dr. Lovett Morse, Brooks Hospital; Dr. Warren F. Cook, Deaconess Hospital; Dr. George Bowers, New England representative, "Journal American Medical Association"; Dr. Wilcock, superintendent, Beth Israel Hospital; Dr. Manery, assistant superintendent, Boston City Hospital; Frank Sawyer, president, Checker Taxi Cab Company; J. Sumner Draper, Frederick J. Bradlee, Old Colony Trust Company; Elbridge R. Anderson, trustee, Park Square Real Estate Trust; J. Mason Rothwell, realtor; George S. Mumford, president, Atlantic National Bank; Lerman C. Prior, Hotels Lenox, Brunswick and Bradford; Police Commissioner Eugene C. Hultman; Dudley Harmon, New England Council; Emile Coulon, Hotel Westminster; Edgar B. Pinto, Salada Tea Company; Walter Channing, president, Boston Real Estate Exchange; J. T. Burns, president, Massachusetts Real Estate Exchange; Dennis A. Dooley, dean, Boston College Law School;

Father Dolan, president, Boston College; William Spottiswoode; Horace Guild, secretary, Back Bay Association; Fred P. Hayward, John Hancock Life Insurance Company; Frank H. Purington, realtor; Tarrant P. King, realtor; W. H. Ballard, realtor; John S. Lawrence, New England Council; Curtis G. Metzler; Arthur Pierce, realtor; Arthur L. Race, Boston Hotel Association (Copley-Plaza).

UNITED IMPROVEMENT ASSOCIATION APPROVES MAYOR'S CENTRAL ARTERY PLAN.

His Honor the Mayor on December 9 received the following communication from Wayland F. Dorothy, executive secretary of the United Improvement Association:

DEAR MAYOR CURLEY:—The United Improvement Association at its recent meeting considered the Comprehensive Thoroughfare Plan for Boston, and the members listened to a development of the plan by Mr. Robert Whitten, Consultant, and Mr. Daniel Bloomfield, Manager of the Retail Trade Board. Action was taken as follows:

Voted, That the United Improvement Association be recorded in favor of the Central Artery and the Thoroughfare Plan prepared by the City Planning Board, and that a copy of this resolution be forwarded to Hon. James M. Curley, Mayor of Boston.

Voted, That the Mayor of Boston be advised that this association urges action be taken to construct the Central Artery immediately.

Very truly yours,

WAYLAND F. DOROTHY,
Executive Secretary.

MAYOR CURLEY MOVES TO HASTEN SCHOOL BUILDING PROGRAM.

Mayor Curley, on December 3, directed the following communication to the Members of the Boston School Committee, the Members of the Board of Apportionment, the Members of the Department of School Buildings, the Superintendent of Construction for the Department of School Buildings and Mr. Frank A. Goodwin, chairman of the Boston Finance Commission.

At a meeting held at the office of the Mayor at which were present representatives of the School Committee, the Board of Apportionment and the Department of School Buildings, the question of completion of construction program was considered and agreed upon.

This program has been prosecuted with dispatch and in conformity with agreements made at the conference which was held, with one exception.

The exception, I am informed, is in the case of the High School for Girls which represents an expenditure in excess of \$1,000,000.

It is essential, if the building program for 1931 is to be presented to the Legislature, that this matter be agreed upon at once.

In view of the importance that attaches to the disposition of this particular item, both from the legislative and unemployment standpoints, I sincerely trust that immediate action will be taken.

Respectfully,

JAMES M. CURLEY, Mayor.

PROPOSAL ADVERTISED.*(Continued from page 1922.)*

of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 16, at 12 m.

required in the amount of \$1,000. Blank forms for proposals may be obtained at the office of the Transit Department, 1 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 29, at 12 m.

BOSTON TO AID ONLY HER OWN RESIDENTS.

At a conference held at the office of the Mayor, on December 2, with the Overseers of the Public Welfare, the question of policy was discussed with reference to the lodging and feeding of persons other than residents of Boston.

It was pointed out by the Overseers of the Public Welfare that there was a large influx of persons last evening seeking shelter and food, due unquestionably to the change in temperature, and an examination disclosed the fact that in nearly every case the applicants were non-residents and yet had legal residences in cities and towns within fifteen miles of Boston.

The opinion of the Board, in which the Mayor concurs, is that these individuals should seek shelter and food in the cities and towns in which they have legal residences, and the City of Boston should not be required to provide for them other than beyond a period of twenty-four hours to cover any existing emergency.

The unemployment situation in Boston proper is being taken care of in a perfectly satisfactory manner in so far as citizens of Boston are concerned, due to the insistence of the Civil Service Commission that upon all public work conducted by municipal departments the persons appointed to perform the work shall be drawn from the civil service lists.

Only citizens enjoy a preference, and regardless of the amount of work that may be done by the municipality directly, there is no opportunity for the employment of a nonresident upon other than contract work. As a consequence, there is but small inducement for residents of cities and towns outside of Boston to come to Boston seeking an opportunity for employment upon municipal projects.

MAYOR CURLEY'S PROPOSAL FOR RELIEF IN MISSISSIPPI VALLEY REGION PLACED BEFORE CONGRESS AND PUBLISHED IN CONGRESSIONAL RECORD.

From Washington on December 5 came the news announcing that the proposition of Mayor James M. Curley of Boston for expending a billion dollars on the Mississippi waterway system in the next year as an unemployment relief measure was on that day ordered printed in the Congressional Record.

Unanimous consent was obtained for the printing upon motion of Senator Shipstead, Farmer-Laborite.

Mayor Curley revealed his plan some weeks ago in a letter to President Hoover. He urged that the government put the unemployed at work completing the Mississippi system, providing not only flood relief, but opening up the tributaries for navigation.

TRANSFERS OF APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

HEALTH DEPARTMENT.

BOSTON, December 2, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Health Department:

From the appropriation for A-1, Permanent Employees, 6 (5) Clerks at \$1,600 a year, \$118.34; 7 Clerks at \$1,500—\$1,600 a year, \$29.61, to the appropriation for A-1, Permanent Employees, 1 (2) Clerks at \$1,600—\$2,000 a year, \$147.95.

From D-3, Fuel, \$400 to D-8, Laundry, Cleaning, Toilet, \$250; D-16, General Plant, \$150.

From C-12, Medical, Surgical, Laboratory, \$100, to C-13, Tools and Instruments, \$100.

To provide for increase of salary of clerk at \$1,600; to cover deficits in the above items.

Respectfully,

F. X. MAHONEY, M. D.
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 3, 1930.

MARKET DEPARTMENT.

BOSTON, December 2, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Market Department:

From the appropriation for A-3, Unassigned, \$40; D-8, Laundry, Cleaning Toilet, \$35, to the appropriation for B-39, General Plant, \$75.

From D-16, General Plant, \$16; E-11, Electrical, \$16, to B-39, General Plant, \$32.

On account of repairing watchman's clock and outside electric gongs and the extermination of insects throughout the markets. These were unforeseen at the time of filing budget of 1930 and the above transfers will have to be allowed to pay outstanding bills.

Respectfully,

AMBROSE WOODS,
Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

MAYOR'S OFFICE.

BOSTON, December 1, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Mayor, Office Expenses:

From the appropriation for A-2, Temporary Employees, \$572.63, to the appropriation for D-1, Office, \$145.50; G-3, Incidentals, \$427.13.

From B-12, Bond and Insurance Premiums, \$700, to B-4, Transportation of Persons, \$67.50; B-13, Communication,

\$110.06; B-14, Motor Vehicle Repairs and Care, \$203.41; D-1, Office, \$319.03.

Respectfully,

JAMES M. CURLEY,
Mayor.

The above transfers were made by the City Auditor with the approval of the Mayor December 3, 1930.

OVERSEERS OF THE PUBLIC WELFARE.

BOSTON, November 26, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Welfare Department:

From the appropriation for Central Office, A-1, Permanent Employees, Clerks, 2 at \$1,600 a year, \$78.86; Permanent Employees, A-1, Clerks, 8 at \$1,200—\$1,300 a year, \$29.81; A-1, Permanent Employees, Settlement Visitor, 1 at \$2,600 a year, \$28.49; A-1, Permanent Employees, Paymaster, 1 at \$2,100 a year, \$40.27; B-1, Printing and Binding, \$50; C-13, Tools and Instruments, \$17.03; Temporary Home, C-7, Furnishings and Fittings, \$100; C-16, Wearing Apparel, \$50, to the appropriation for Central Office, A-1, Permanent Employees, \$59.08; A-2, Temporary Employees, \$335.38.

To transfer funds to cover deficit in A-1, Assistant Bookkeeper, 1 at \$1,800 a year.

To transfer funds to item A-2 to provide for the employment of one temporary visitor at \$1,600 a year and two temporary clerks at \$1,000 a year from November 28, 1930.

Schedule of A-1 changes: Transfers from A-1, Settlement Visitor, 1 at \$2,600 a year, \$28.49; Paymaster, 1 at \$2,100 a year, \$40.27; Clerks, 2 at \$1,600 a year, \$78.86; Clerks, 8 at \$1,200—\$1,300 a year, \$29.81; total, \$177.43. Transfers to A-1, Assistant Bookkeeper, 1 at \$1,800 a year, \$59.08.

Respectfully,

SIMON E. HECHT,
Acting Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 1, 1930.

STREET LAYING-OUT DEPARTMENT.

BOSTON, November 29, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Street Laying-Out Department:

From the appropriation for B-37, Photographic and Blueprinting, \$4, to the appropriation for B-12, Bond and Insurance Premiums, \$4.

From A-1, Permanent Employees, Transmittal and Electrical Blueprinter, 1 at \$2,100 a year, \$150; Blueprinter, 1 at \$1,900 a year, \$375, to B-1, Printing and Binding, \$525.

It was expected that the cost of the bonds for two employees of the department would be \$12. The charge is \$16, and it is necessary to transfer \$4 to meet this charge.

A new street book is to be published, by order of the City Council, and a transfer of \$525 is necessary to cover the cost of the same for our own department.

Respectfully,

THOMAS J. HURLEY,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 2, 1930.

BOSTON TRAFFIC COMMISSION.

BOSTON, November 17, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission:

From the appropriation for A-1, Permanent Employees, Signal Engineer, 1 at \$3,500 a year, \$328.72, to the appropriation for A-1, Permanent Employees, Stenographer, 1 (2), (3), (4) at \$1,600 a year, \$149.02; Investigator, 1 (14), (12), (13) at \$1,600 a year, \$179.70.

The growth of business in the department requiring enlarged facilities for records and more complete investigation.

Respectfully,

JOSEPH A. CONRY,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 3, 1930.

COUNTY OF SUFFOLK.

CHELSEA DISTRICT COURT.

BOSTON, November 15, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the District Court of Chelsea:

From the appropriation for B-8, Light, Heat and Power, \$50, to the appropriation for B-4, Transportation of Prisoners, \$50.

From B-13, Communication, \$50 to B-28, Expert, \$50.

From B-39, General Plant, \$52.90, to B-28, Expert, \$52.90.

From C-10, Library, \$30, to C-7, Furniture and Fittings, \$30.

From D-1, Office, \$350, to B-28, Expert, \$350.

From G-1, Probation Officers' Expenses, \$100, to B-28, Expert, \$100.

The above transfers are necessary to finish the 1930 budget. The general increase in business has increased the item B-28 far more than estimated on this budget, lights, telephone and office supplies we have tried to economize as much as possible.

Respectfully,

EDWARD F. CANAVAN,
Assistant Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 2, 1930.

CONTRACTS AMENDED.

P. J. Cantwell & Son has been allowed to amend the contract for erecting playground shelters at various schools by striking out the words and figures "September 15, 1930," on page 14, Article 4, and substituting therefor the words and figures, "November 22, 1930," so that the said Article 4 on page 14, shall read: "The contractor shall carry on the work with due diligence and dispatch, and shall bring the work to entire completion as defined in the specifications, on or before November 22, 1930."

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 11:

ASSESSING DEPARTMENT.

The following-named have been appointed temporary deed clerks to assist in abstracting deeds at the Registry of Deeds, for a period of three months, effective December 5, at 15 cents per item, or 75 cents an hour:

Mary E. Dillon, Eva M. Collins, Joseph X. Corbett, Edith M. MacDonald, Mary E. McCarron, Mary A. Ratigan.

Edward J. McHugh has been transferred from clerk at \$1,600 a year to this department at the same salary.

ELECTION DEPARTMENT.

Estelle L. Clarke has been appointed as temporary stenographer and clerk for a further period beginning December 13 up to and including December 31, at \$25 a week.

FIRE DEPARTMENT.

Walter P. Crowley has been appointed wire inspector in the Interior Division of the Wire Division at \$1,800 a year.

Leo E. Morrin has been appointed provisionally as a man on probation, at \$1,600 a year.

William J. Kelly, machinist, has been designated to be master steamfitter at \$6 a day.

HEALTH DEPARTMENT.

Approval has been given the attendance of Dr. Francis X. Mahoney at the White House Conference on Child Health Conservation, from November 18 to 22, at Washington, D. C., at an expense of \$75.

Approval has been given for the further temporary employment of Mary Reed, as laboratory helper at \$1,200 a year.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, December 4:

To Fill Vacancies.

Permanent.—Elizabeth Taggart, dietitian, \$1,500 a year; Josephine McCarthy, Margaret J. Sullivan, ward maids, \$15 a week; Catherine Lang, ward assistant, \$15 a week; Elizabeth Kelley, waitress, \$12.50 a week.

Temporary.—Dorothy Haines, Wanda Prsygodski, Viva Snowden, Evelyn Hennesy, Flora Hamilton, Anne Harrigan, special nurses, \$42 a week; John McLaughlin, cook, \$25 a week; Katherine Saunders, assistant housekeeper, \$16 a week; Katherine Engle, cleaner, \$15 a week.

The following changes in salaries have occurred:

Mary Cullinane, temporary cleaner to temporary ward helper at \$15 a week; Anna Monahan, ward helper at \$15 to ward maid at \$15 a week; Laura Gorman, table girl, is now Laura Trainer.

Nurses Employed.—Mary Dawson, Deliah O'Sullivan, nurses (affiliate), \$10 a month; Ella LeBlanc, probationer; Winifred Coughlin, Helen Egan, nurses, \$10 a month; Mabel Hayes, nurse, \$12 a month; Ida Jelley, head nurse, \$125 a

month; Katherine MacDonald, Suxanne Mathews, nurses, \$10 a month; Eileen Olahan, nurse, \$16.67 a month; Leocadia Chaplis, nurse (South Department), \$8 a month; Margaret V. Foley, head nurse (South Department), \$85 a month.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 10 the Mayor approved a contract with MacMillan & Co. for building brick paper burner in the School Committee Supply Room, No. 440 Brookline avenue. Bids, opened December 1, were as follows:

MacMillan & Co., \$1,399; Joseph A. Singarella, \$1,490; Joseph B. Doyle, \$1,500; Paul Curcio & Son, \$1,590; Richard J. and William Riley, \$1,690; John Bowen Company, \$1,749; Thomas Mulcare, Incorporated, \$1,895; Richard A. Whalen, \$2,095; George C. Irwin Company, \$2,114; Whitten Contracting Company, \$2,150; M. S. Kelliher Company, \$2,162; Alessandro DeSimone, \$2,395; Walter Curley & Son, \$2,677; V. James Grande Company, \$3,422.

PARK DEPARTMENT.

Upon December 5 the Mayor approved a contract with Richard A. Kelly for a lease for a term of three years from January 1, 1931, for the rental of boats concession and refreshment privilege at the Public Landing opposite the foot of Q street, South Boston, for the sum of \$2,755 per annum.

Upon December 9 the Mayor approved a contract with the Blakeslee Rollins Corporation for constructing a timber sea plane lamp at the Boston Airport, East Boston. Bids, opened Thursday December 4, were as follows:

P. J. Cantwell & Son, \$14,445; Joseph A. Singarella, \$12,300; M. S. Kelliher Company, \$12,135; V. James Grande Company, \$10,667; the Crandall Engineering Company, \$9,428; W. H. Ellis & Son Company, \$8,823; A. A. Hersey & Son Company, \$8,797; the Rendle Corporation, \$8,650; Coleman Brothers, Incorporated, \$8,600; Bay State Dredging and Contracting Company, \$7,825; Roy B. Rendle & Co., Incorporated, \$6,200; Blakeslee Rollins Corporation, \$5,610.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon December 9 the Mayor approved a contract with the Bay State Dredging and Contracting Company for dredging 10,000 yards at Calf Pasture pumping station, Dorchester. Bids, opened December 5, were as follows:

Bay State Dredging and Contracting Company, \$4,900; Trimount Dredging Company, \$9,000.

Upon December 9 the Mayor approved a contract with Louis Balboni for sewerage works in South Waverly street, between Litchfield street and Lincoln street, Brighton. Bids, opened December 5, were as follows:

Louis Balboni, \$3,111.25; N. Cibotti, \$3,124.35; John Williams, \$3,165.50; N. Sannella & Son, \$3,202.60; D. V. Construction Company, \$3,225.75; A. Piatelli & Co., \$3,523.50; T. J. O'Connell, \$3,706.26; Savage Construction Company, \$3,771.50.

WITHOUT ADVERTISING.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

FIRE DEPARTMENT.

Frank Losordo Company, Incorporated, has been allowed to make the following additions to the contract for laying a concrete floor and remodeling building of Engine 9 and Ladder 2: A. Furnish all labor and material to wash down and point every place required on all brick and stone work on the front and side elevations in passageway of Engine 9 and Ladder 2 quarters, \$788. B. Furnish and erect on the ten corners ten pieces of 4 by 4 angle iron from top of stone grass corners to height of 3 feet, \$52; total, \$840. Addition No. 1, with deduction, \$1,170; total additions, with deduction, \$2,010. Original contract, \$24,615; total contract, \$26,625. Although the above is in addition to the work contemplated in the original contract it is incidental thereto. Explanation: A. On account of the extensive alterations going on in this building it is in line with the general improvement to have the building all cleaned up. No provision was made for it in the contract, but I believe it should be done. B. These angle irons should be installed on the various corners of the building formed by doors, etc. They will protect the corners and improve the general appearance of the building.

PARK DEPARTMENT.

M. McGinnis Company has been ordered to make the following changes in the contract for furnishing loam at Franklin Park, Mt. Hope Cemetery, Boston Common and the Public Garden, signed October 23, 1930: Furnish and deliver, where directed, at Olmsted Park, Jamaica Plain, and Franklin Field, Dorchester, 650 cubic yards of rich, fibrous loam, as specified for loam in the contract. For each cubic yard of loam furnished and delivered at Olmsted Park and Franklin Field, the sum of \$1 will be added to the contract price. Omit approximately 300 cubic yards of loam from the estimated amount of loam that was to be delivered at Franklin Park. For each cubic yard of loam not delivered at Franklin Park, the contract price of \$1 a cubic yard, for loam furnished at Franklin Park, will be deducted from the contract price. Estimate of charges: Addition, 650 cubic yards of loam at Olmsted Park and Franklin Field at \$1 a cubic yard, \$650 (estimated). Deduction: 300 cubic yards of loam not to be delivered at Franklin Park, at \$1 a cubic yard, \$300 (estimated); net addition, \$350 (estimated). Contract price, \$2,145 (estimated); addition as per this order, \$350 (estimated); contract as standing, \$2,495 (estimated).

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

Fire Service.

CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT, JANU-
ARY 10, 1931.

Last day for filing applications, Wednes-
day, December 31, 1930, at 5 p. m.

BOSTON AND METROPOLITAN DISTRICT,
JANUARY 24, 1931.

Last day for filing applications, Wednes-
day, January 14, 1931, at 5 p. m.

Applicants for the service of Boston
must be not less than twenty-two nor
over thirty-five years of age at the time of
filing their applications.

Applicants for all other cities and towns
in the Metropolitan District must be
not less than twenty-one nor over thirty-
five years of age at the time of filing their
applications. A certificate of date of
birth must be filed with the application.

Applicants for the service of cities and
towns outside of the Metropolitan Dis-
trict are required to be not less than
twenty-one nor over thirty-five years of
age at the time of filing their applications.
Applicants for Worcester fire service are
required to be not less than 5 feet 5 inches
in height. Applicants for Brockton must
be not less than 5 feet, 6 inches in height,
and weight not less than 135 pounds at
the time of appointment. Applicants for
Winchester fire service must be not less
than 5 feet 8 inches in height, and weigh
not less than 150 pounds. Applicants for
Lynn fire service must be not less than
5 feet 5½ inches in height, and weight
not less than 135 pounds.

Callmen and substitute callmen may
make such deductions from their ages as
are provided for in Civil Service Rule 8,
Class 21.

The subjects of examination with their
respective weights will be as follows:
Training and experience, 3; practical
questions, 4; general information, 3;
total, 10.

Physical fitness to be determined by
physical examination and strength tests.

Educational test, 3; physical test, 2;
total, 5.

Applicants will be required to obtain
at least 50 per cent in each subject of the
examination and at least 70 per cent in
the general average of the educational
test and in the strength test in order to
become eligible.

The practical questions will be based
upon information contained in a manual
known as the "Red Book." This manual
may be obtained from the Secretary of
State, Room 118, State House, at ten
cents a copy. It is necessary that appli-
cants obtain a copy of this manual and
study it carefully.

CLAIMS DISAPPROVED.

The Law Department has disapproved
14 claims against the city, aggregating
\$295.50, and they are classified as follows:

Against the Fire Department, one,
amounting to \$70; against the Park De-
partment, one, amounting to \$8.50;
against the Police Department, three,
amounting to \$85, and in one of which
no amount was specified; against the
Public Buildings Department, one, in
which no amount was specified; against
the Public Works Department, eight,
amounting to \$132, and in five of which
no amount was specified.

James J. Sreenan, from Engine 19 to Ladder 28.

Herbert F. Ryan, from Engine 22 to Engine 19.

Frederick H. Brown, from Engine 26 to Engine 16.

John A. O'Connor, from Engine 41 to Engine 22.

Daniel J. Sullivan, from Engine 41 to Ladder 23.

Duncan Hunter, from Engine 47 to Engine 18.

James J. Burton, from Engine 51 to Ladder 14.

Joseph A. Conley, from Engine 53 to Ladder 3.

James T. Donohoe, from Ladder 3 to Engine 14.

Daniel J. Waldron, from Ladder 3 to Ladder 14.

Pearson J. Powers, from Ladder 14 to Engine 51.

David F. Watkins, from Ladder 14 to Engine 13.

Charles D. Collins, from Ladder 23 to Engine 26.

William C. Jeffers, from Ladder 23 to Engine 3.

Archibald W. McInnes, from Ladder 28 to Engine 14.

H. FOAM POWDER.

1. The following companies are equipped with foam generators and a supply of foam powder:

COMPANY.	Cans.	Pounds of Powder.
Engine 1.....	75	3,375
Engine 5.....	20	900
Engine 18.....	30	1,350
Engine 29.....	20	900
Engine 31.....	52	2,340
Engine 44.....	20	900
Engine 47.....	22	990
	239	10,755

An additional supply of 100 cans of powder, 45 pounds per can, is kept at the Maintenance Division repair shop.

There is also stored at the quarters of Engine 31, 100 cans of powder, approximately 5,000 pounds which is in addition to that listed above.

2. This powder is available at all times for any emergency for which it may be required.

3. If at any time this powder or a portion thereof is used, the Maintenance Division should be notified in writing so that said division may replenish the supply and keep the reserve at these points up to the full amount.

III. NEW FIRE ALARM BOX.

1. The following new fire alarm box will shortly be established at the following location: Box 12-2382, Vincent Memorial Hospital, 125 South Huntington avenue. The box will be connected into circuit No. 8.

2. Company commanders will forward to this office assignment card for Box 2382 in order that Private Box 12-2382 may be added. These cards are to be marked on the back, in lead pencil, with the company number. A copy of this assignment should be placed in the box as a memorandum while the assignment card is out. The assignment card for Box 2382 should be forwarded to Headquarters not later than Monday, December 8, 1930.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 107.

I. FIRE DEPARTMENT BAND.

The next rehearsal for the Boston Fire Department Band will be held at the quarters of Engine Company 26, Broadway, Boston, at 1.30 p. m., Saturday afternoon, December 13, 1930. Members of the band will report promptly at time mentioned and bring with them their music stands, music and instruments.

II. CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

The attention of the members of the Charitable Association of the Boston Fire Department is called to the fact that the election of trustees will be held on Monday, December 15, 1930. Ballots have been distributed and should be returned to the office of the Maintenance Division, second floor, 70 Bristol street, Monday, December 15, 1930, before 1 p. m.

III. ACTING DISTRICT CHIEFS.

The following captains have been designated as Acting, District 4:

Capt. Carl S. Bowers, Engine 4, effective March 24, 1930.

Capt. William A. Donovan, Engine 8, effective December 8, 1930.

IV. CHANGE IN LOCATION OF FIRE ALARM BOXES.

Box 2557 has been moved from Metropolitan avenue and Maynard street to Metropolitan avenue and Poplar street.

Box 3316 has been moved from McLellan street, opposite Fowler street, to McLellan street and Bradshaw streets.

New cards will be issued for these two boxes.

V. CIRCUIT CHANGES.

Box 3316 has been taken out of Circuit 31 and put into Circuit 79.

VI. COMMENDATIONS.

Lieut. Thomas P. Lohan of Ladder Company 11 and Lieut. John F. Sampson of Engine Company 35 are hereby commended for responding to and working at fire Box 5288, December 6, 1930, while off duty.

VII. CHANGES IN AUTOMATIC AND A. D. T. CARDS.

The following changes of "nearest boxes" in Boston automatic and A. D. T. assignment books are hereby ordered to become effective at 8 a. m., Friday, December 12, 1930. Company commanders will see that these corrections are made in the books as neatly as possible. These changes are necessary because of the installation of new boxes.

POLICE DEPARTMENT ORDERS.

General Order No. 174.

Sergt. Michael R. Hurley of the City Prison having arrived at the age of sixty-five and one-twelfth years and having performed faithful service in the Police department for thirty-six and six-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Sergeant Hurley be retired from active service and that his name be placed upon the department pension roll with pay at the rate of twelve hundred and fifty (1,250) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired, to take effect at 7.45 o'clock a. m., Friday, December 5, 1930.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 175.

The following named "special officers" will report to Deputy Superintendent James McDevitt at Bureau of Criminal Investigation, Police Headquarters, where they will remain until further orders for a regular course of instruction.

During their absence from their respective divisions the commanding officers of said divisions will not appoint additional "Special Officers." In case a special officer is required at any time in the several divisions where the special officers mentioned have been temporarily detailed, the division commander will make request of Dupty Superintendent McDevitt for such special officer.

This order to take effect Monday, December 8, 1930, at 7.45 o'clock a. m.

Patrolmen: Marcus E. Madden, Division 1; Francis V. Donovan, Division 2; Frank Bohmbach, Jr., Division 3; John C. McCarthy, Division 4; Leonard J. Banks, Division 5; Patrick Davin, Division 6; Herbert J. Patterson, Division 7; John P. McCarthy, Division 9; William J. Crowley, Division 10; Martin H. Monahan, Division 11; Thomas F. McLaughlin, Division 12; John W. Shone, Division 13; Joseph T. Maguire, Division 14; James J. McGovern, Division 15; Philip S. Dodge, Division 16; Wilder L. Dillon, Division 17; Leo F. O'Neil, Division 19.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 176.

The following-named patrolmen now detailed to the "Motor Squad" attached to the Bureau of Criminal Investigation will report to their respective division commanders Monday, December 8, 1930, at 7.45 o'clock a. m.:

Patrolmen: Roy A. Boning, Division 1; Michael J. Dennehy, Division 1; Harry T. Kershaw, Division 2; Patrick J. Mullen, Division 4; Francis J. O'Connor, Division 5; George F. Smith, Division 5; John H. Fisher, Division 6; John F. Barthel, Division 9; John H. Flood, Division 10; Edward S. Skehan, Division 14; Gerald F. Ahern, Division 15; William F. Fullerton, Division 19; Michael J. Kilgallon, Division 20.

The following-named patrolmen will be temporarily detailed to Bureau of Criminal Investigation Motor Squad, commencing Monday, December 8, 1930, at 7.45 o'clock a. m.:

Patrolmen: Thomas P. Turley, Division 3; Salvatore DiNatale, Division 12; Hans Bruneck, Division 15; Raymond A. Thayer, Division 15; Daniel F. Curran, Division 16.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 177.

The following promotions to the grade of sergeant in the department are hereby ordered to take effect at 7.45 o'clock a. m., Friday, December 5, 1930:

Patrolman John J. Crimmins, from Division 4 to Division 1.

Patrolman Donald B. Fitzpatrick, from Division 5 to Division 13.

Patrolman Herbert E. Schultz, from Division 9 to Division 15.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 178.

The following transfers in the department are hereby ordered to take effect at 7.45 o'clock a. m., Friday, December 5, 1930:

Sergt. John T. Corcoran, from Division 1 to Division 14.

Sergt. John T. Clifford, from Division 2 to Division 17.

Sergt. William J. Cripps, from Division 6 to Division 7.

Sergt. Martin J. Shannon, from Division 7 to Division 6.

Sergt. Melvin A. Patterson, from Division 9 to Division 15.

Sergt. John Donovan, from Division 10 to Division 15.

Sergt. Joseph A. Buccigross, from Division 11 to Division 15.

Sergt. James L. Culleton, from Division 12 to Division 15.

Sergt. Michael P. Carr, from Division 14 to Division 5.

Sergt. Frank J. Kuhlman, from Division 15 to Division 9.

Sergt. Maurice Driscoll, from Division 15 to Division 10.

Sergt. George H. Bird, from Division 15 to Division 11.

Sergt. Leonard E. J. O'Connell, from Division 15 to Division 12.

Sergt. Joseph Maraghy, from Division 15 to Division 18.

Sergt. William E. J. Driscoll, from Division 17 to Division 2.

Sergt. Thomas G. Duggan, from Division 18 to Division 15.

Patrolman Francis L. Sweeney, from Division 1 to Division 15.

Patrolman Joseph C. Bailey, from Division 2 to Division 15.

Patrolman Charles W. Hewitt, from Division 4 to Division 15.

Patrolman Henry F. King, from Division 5 to Division 15.

Patrolman John Crawford, from Division 7 to Division 17.

Patrolman John Lynch, from Division 9 to Division 13.

Patrolman Ross Jones, from Division 10 to Division 7.

Patrolman Frederick A. Harnish, from Division 10 to Division 12.

Patrolman Cornelius F. Crowley, from Division 11 to Division 1.

Patrolman Harold J. Martin, from Division 12 to Division 15.

Patrolman Francis J. Murphy, from Division 12 to Division 10.

Patrolman Francis J. Hailer, from Division 13 to Division 4.

Patrolman John P. Kearney, from Division 15 to Division 9.

Patrolman Albert J. Stewart, from Division 15 to Division 11.

Patrolman Thomas J. Tighe, from Division 15 to Division 17.

Patrolman George L. Haller, from Division 17 to Division 2.

Patrolman James T. Malloy, from Division 17 to Division 15.

Patrolman Charles W. Robinson, from Division 18 to Division 9.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 179.

The following transfers in the department are hereby ordered to take effect at 7.45 o'clock a. m., Monday, December 8, 1930:

Lieut. Stephen J. Gillis, from superintendent's office to Bureau of Criminal Investigation.

Sergt. William J. Harrow, from superintendent's office to Bureau of Criminal Investigation.

Sergt. Justin McCarthy, from superintendent's office to Bureau of Criminal Investigation.

Sergt. John L. Willard, from superintendent's office to Bureau of Criminal Investigation.

Patrolman Paul V. Crowley, from superintendent's office to Bureau of Criminal Investigation.

Patrolman James J. Driscoll, from Bureau of Criminal Investigation to Division 7.

Patrolman John F. Lowney, Jr., from Bureau of Criminal Investigation to Division 16.

The following named patrolman now detailed to the Bureau of Criminal Investigation will report to the commanding officer of Police Division 1 on Monday, December 8, 1930, at 7.45 o'clock a. m., Patrolman John J. Tesorero.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 180.

A trial board consisting of Captains Goff, Killen and Dickinson, heard by reference a complaint against Patrolman Harold F. Fitzsimmons of Division 7, charging him with conduct unbecoming an officer, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that on the 20th day of November, 1930, between the hours of 4.40 a. m. and 5.55 a. m., the said Patrolman Harold F. Fitzsimmons did fail to pull his on duty call at 5.20 a. m.

Specification 2: In that on the 20th day of November, 1930, the said Patrolman Harold F. Fitzsimmons, did enter a building on his route, and not on police duty, without first obtaining permission from Sergeant Henry W. Laskey, who was in charge of the station.

has reported to the Commissioner a finding of guilty as charged.

In accordance with which it is hereby ordered that the said Patrolman Harold F. Fitzsimmons perform one hundred and five hours' punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 181.

The resignation of Patrolman John R. Barretti of Division 19 having been presented, it is hereby accepted to take effect as of December 5, 1930, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 182.

With pleasure the commissioner publishes the following letter received by him this day from his Honor the Mayor in acknowledgment of the November contributions of this department to the "Unemployment fund":

CITY OF BOSTON,
OFFICE OF THE MAYOR,
December 5, 1930.

HON. EUGENE C. HULTMAN, *Police Commissioner*, 154 Berkeley Street, Boston.

DEAR COMMISSIONER,—I beg you will convey to the members of the Boston Police Department my sincere appreciation and that of the Department of Public Welfare for the most generous contribution of the Police Department to the aid of the needy of Boston.

The contribution made by the members of the department of \$2,153, with the assurance that a like sum will be provided through voluntary contributions upon the part of each member of the department during the remaining three winter months, should prove a real benefit to the people of Boston and, in addition, serve as an incentive to employees in other branches of the public service and in private employment to make like contributions.

With renewed assurances of appreciation, I am,

Sincerely yours,
JAMES M. CURLEY, *Mayor.*

The commissioner takes pride in this generous voluntary contribution to so worthy a cause and hopes, as is expressed above in the letter of his Honor the Mayor, that it will serve as an incentive to other sources to follow this example.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 183.

A trial board consisting of Captains Herbert W. Goodwin, Ross A. Perry and Martin H. King, having heard by reference a complaint against Patrolman Frederick J. Hollien of Division 7, charging him with conduct unbecoming an officer, viz.:

In that the said Patrolman Frederick J. Hollien did frequent and loiter in a place where intoxicating liquor is suspected of being sold and furnished, and further that the general conduct of said Patrolman Hollien toward his family has not been of the kind required of every member of this department, and that the said Patrolman Hollien has conducted himself in a manner not becoming a member of this department with reference to his associations with a woman not his wife; all tending to bring into disrepute and criticism his associates on the Boston Police Force and the Boston Police Department as a whole,

a finding of guilty as charged was reported to the commissioner, in accordance with which the said Patrolman Frederick J.

Hollien was on November 29, 1930, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on November 29, 1930, to the said Frederick J. Hollien.

On the 29th day of November, 1930, the said Frederick J. Hollien requested in writing through his counsel, a public hearing as provided by law, and the Police Commissioner set down Friday, December 5, 1930, at 9.30 o'clock a. m. at the office of the Police Commissioner as the time and place of said hearing, and duly notified the said Frederick J. Hollien. The said Frederick J. Hollien was present at said time and place with counsel and was heard with his witnesses, and thereupon, upon consideration of all the evidence and argument of counsel, who also advanced a plea to the Police Commissioner for clemency due to certain home conditions, the Police Commissioner after due consideration of the evidence and the argument of counsel and having in mind his duty as Police Commissioner for the City of Boston, finds the said Frederick J. Hollien guilty as charged, and further finds that the said Frederick J. Hollien shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 184.

The resignation of Patrolman John A. Schaal of Division 13, having been presented it is hereby accepted to take effect Tuesday, December 9, 1930, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 185.

On and after Friday, December 12, 1930, Divisions 20 and 21 will be relieved of their duties in regard to tagging cars parked in violation of the rules and regulations of the Traffic Commission.

On and after Friday, December 12, 1930, division commanders will equip all officers in their respective divisions, on route duty, with tags and will instruct them in the use thereof.

All orders or parts of orders in conflict herewith are hereby rescinded.

Division commanders will be held strictly accountable for violations of traffic rules and regulations in their respective divisions.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That during the period of roadway resurfacing, vehicles are excluded from Devonshire street, between State street and Water street, from 7 a. m. on December 5, 1930, until 7 p. m. on December 8, 1930.

Voted, Under authority granted the chairman on December 4, 1930, that the following rules are effective from December 13, 1930, to December 24, 1930, inclusive:

The operator of a vehicle shall not make a left turn from Washington street into Winter street, westerly.

No operator shall stop, stand or park a vehicle in Washington street, both sides, from Bedford street to Summer street between the hours of 11 a. m. and 3 p. m., except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of underground construction by the Charlestown Gas & Electric Company, estimated to be one (1) week, parking of vehicles is prohibited in Main street, Charlestown district, southwest side, from Winthrop street to Pleasant street, effective December 8, 1930.

Voted, That parking of vehicles is prohibited in Leather square, both sides, effective December 15, 1930, for a period of six (6) months.

Voted, That during the period of football game on November 29, 1930, the following rules are effective:

Parking of vehicles is prohibited in the following streets:

Jersey Street:

Both sides, from Boylston street to Brookline avenue, from 7 a. m. to 6 p. m.

Brookline Avenue:

Both sides, from Governor square to Overland street, from 7 a. m. to 6 p. m.

The following streets are one-way in the direction designated:

Jersey Street:

From Boylston street to Brookline avenue, between the hours of 12 noon and 6 p. m.

Brookline Avenue:

From Jersey street to Governor square, between the hours of 4 p. m. and 6 p. m.

Voted, That the street traffic regulations and rules for driving, adopted by the Boston Traffic Commission June 7, 1929, are amended, as urgently required by considerations of public safety and convenience, effective November 26, 1930, as follows:

During the period of sewer construction, estimated to be three (3) weeks, vehicles are excluded from Harrison avenue, between Kneeland street and Beach street on Sundays, and between the hours of 7 p. m. and 7 a. m. on week days.

Voted, That during the period of underground construction by the Edison Electric Illuminating Company of Boston, parking of vehicles is prohibited in Washington street, Brighton district, both sides, from Commonwealth avenue to Allston street, for a period of seven (7) days, effective November 25, 1930.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of roadway resurfacing, estimated to be four (4) days, vehicles are excluded from Devonshire street, between Milk street and Franklin street, effective December 6, 1930.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of roadway resurfacing, vehicles are excluded from Harrison avenue, between Kneeland street and Harvard street, effective December 10, 11 and 12, 1930.

LAND-TAKING IN BRIGHTON.

The Mayor approved the order of the Board of Street Commissioners for the taking of land and buildings, bounded: Northerly by Faneuil street between the properties numbered 44 and 46 to 80, inclusive; easterly by the westerly side line of the property numbered 40 and 42 Faneuil street; northerly by the southerly side line of the last-mentioned estate; easterly again by certain properties abutting Sanderson place and Market street; westerly by the properties abutting Goodenough street to opposite Barker street; southerly by properties abutting Goodenough street beyond Barker street and Arlington place, Brighton district; containing about 281,207 square feet, more or less, for playground purposes.

Whereas, the Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published September 13 and 20, 1930, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Board of Park Commissioners of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for playground purposes the land hereinafter described, in that part of Boston known as Brighton; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909, and chapter 79 of the General Laws, and all other authority thereto enabling, hereby takes in fee for said city, for playground purposes, the following described parcels of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Thomas E. Kenney, heirs or devisees, bounded:

Northerly by Faneuil street, one hundred sixteen and 90-100 feet; easterly by land hereinafter described as taken from Patrick R. Kenney, three hundred eighty-nine and 72-100 feet; southerly by land supposed to belong to Hull and to Murray *et al.*, ninety-seven and 33-100 feet; and westerly by land supposed to belong to Daino, to McCrory, to DeVernardi, to Baia *et al.*, to Carine, to Shea *et al.*, to Maguire and to Dappolino *et al.*, three hundred sixty-nine feet, containing forty thousand forty-four square feet, more or less.

A parcel of land, supposed to belong to Patrick R. Kenney, bounded:

Northerly by Faneuil street, seventy-five feet; easterly by land hereinafter described as taken from McGovern, four hundred five and 30-100 feet; southerly by land supposed to belong to Fitchburg Cooperative Bank, to Calnan, and to Hull, by two measurements, seventeen and 91-100 feet and forty and 8-100 feet; and westerly by land hereinafter described as taken from Kenney, heirs or devisees, three hundred eighty-nine and 72-100 feet, containing twenty-six thousand forty-two square feet, more or less.

A parcel of land, supposed to belong to Mary A. McGovern, heirs or devisees, bounded:

Northerly by Faneuil street, ninety-five feet; easterly by land hereinafter described as taken from Kenney, heirs or devisees, four hundred forty-seven feet; southerly by land supposed to belong to Murphy, to Coleman, and to Fitchburg Cooperative Bank, by three measurements, eleven and 63-100 feet, thirty-one and

36-100 feet, and thirty-eight and 72-100 feet; and westerly by land hereinafter described as taken from Kenney, four hundred five and 30-100 feet: containing thirty-five thousand five hundred and fifty-seven square feet, more or less.

A parcel of land, supposed to belong to Thomas E. Kenney, heirs or devisees, bounded:

Northerly by Faneuil street, by two measurements, twenty-eight and 72-100 feet and one and 43-100 feet; easterly by land hereinafter described as taken from Pavis, and by land hereinafter described as taken from Kenney, heirs or devisees, two hundred ninety-eight and 20-100 feet; southerly by land hereinafter described as taken from Kenney, heirs or devisees, thirty feet; and westerly by land hereinafter described as taken from McGovern, heirs or devisees, two hundred ninety-five and 29-100 feet, containing eight thousand nine hundred and four square feet, more or less.

A parcel of land, supposed to belong to Josephine E. Pavis, bounded:

Northerly by Faneuil street, sixty-five and 95-100 feet; easterly by land hereinafter described as taken from Thornton, two hundred twenty-two and 75-100 feet; southerly by land hereinafter described as taken from Kenney, heirs or devisees, seventy-eight and 70-100 feet; and westerly by land hereinafter described as taken from Kenney, heirs or devisees, two hundred eighteen and 20-100 feet, containing fifteen thousand nine hundred and thirty square feet, more or less.

A parcel of land, supposed to belong to Annie T. K. Thornton, bounded:

Northerly by Faneuil street, one hundred thirty-two and 68-100 feet; easterly by land supposed to belong to Welch and by land hereinafter described as taken from Kenney, heirs or devisees, two hundred thirty-one and 10-100 feet; southerly by land hereinafter described as taken from Kenney, heirs or devisees, one hundred thirty-six and 40-100 feet; and westerly by land hereinafter described as taken from Pavis, two hundred twenty-two and 75-100 feet, containing thirty thousand four hundred and fifty-eight square feet, more or less.

A parcel of land, supposed to belong to Thomas E. Kenney, heirs or devisees, bounded:

Northerly by land hereinafter described as taken from Kenney, heirs or devisees, thirty feet; westerly by the same, eighty feet; northerly by land hereinafter described as taken from Pavis and from Thornton, two hundred fifteen and 10-100 feet; westerly by land hereinafter described as taken from Thornton, eighty and 11-100 feet; northerly by land supposed to belong to Welch, eighty-nine and 50-100 feet; easterly by land supposed to belong to J. W. Knowles, Incorporated, and to Keenan *et al.*, by two measurements, two hundred eighteen and 33-100 feet and two hundred seventy-one and 68-100 feet; southerly by land supposed to belong to the Roman Catholic Archbishop of Boston and by Arlington place, fifty-seven and 87-100 feet; south-westerly by land supposed to belong to Cedrone and to Murphy, two hundred sixty-two and 84-100 feet; and westerly by land hereinafter described as taken from McGovern, heirs or devisees, one hundred fifty-one and 71-100 feet, containing one hundred and one thousand, eight hundred and eighty-four square feet, more or less.

Said parcels are shown on a plan marked "City of Boston, Faneuil Street, Brighton, June 30, 1930, William J. Sullivan, Chief Engineer, Street Laying-

Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking made for playground purposes on Faneuil Street, Brighton district, under the order of the Board, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

CITY'S GOLF LINKS WELL PATRONIZED.

Mayor Curley, on December 10, received the following report from Mr. William P. Long, chairman of the Park Department, in connection with the Municipal Golf Course, Franklin Park, for the season of 1930, likewise for the season of 1929, to serve as a comparison.

1930.—Opening date, April 10, closing December 4, 1930. Registered attendance, 74,555; number of rounds played, 100,000; annual permits issued, 2,038 at \$10, \$20,380; daily permits issued, 11,757 at \$1, \$11,757; Saturdays, Sundays, holidays, 368 at \$3, \$1,104; lockers, 610 at \$3, \$1,830; incidentals, \$53. Total, \$35,124.

1929.—Attendance, 61,237; number of rounds played, 80,000; annual permits issued, 1,785 at \$10, \$17,850; daily permits issued, 10,067 at \$1, \$10,067; Saturdays, Sundays, holidays, 458 at \$3, \$1,374; lockers, 589 at \$3, \$1,767; incidentals, \$48. Total, \$31,106.

MAYOR CURLEY SECURES GIFT OF VALUABLE OLD MAP OF BOSTON FROM ENGLAND.

Mayor Curley has received from W. E. Silk, a resident of St. Martin, Jersey, C. I. (England), a map of Boston, showing the city and the surrounding district as it appeared seventy-one years ago. How the map came to be taken to England is not known, but it is one of the most informative as to the ownership of property during and before the year 1859 that has been seen.

The map was made by F. A. Baker, a publisher of Boston, from actual survey under the direction of H. F. Walling, superintendent of the state map. It was engraved, printed and colored and mounted at H. F. Walling's Map Establishment, 356 to 360 Pearl street, New York. It is one of the few maps possessed by the City of Boston, so far as is known, that shows accurately the boundaries between the various districts that now make up Boston and also the adjoining towns and cities of the metropolitan district. The map also shows the owners of much of the property at that time.

The map is a gift to the City of Boston from Mr. W. E. Silk, who first, following the visit of the guests from Boston, England, addressed a letter to Mayor Curley, telling of the map and offering it to the city or to some conveyancer that might have use for it.

Mayor Curley at once appreciated the value of the document as a souvenir and for its history and communicated with Mr. Silk, who donated it to the city to be preserved.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of the alley between Shawmut avenue and Tremont street and located in rear of properties fronting on Sawyer and Kendall streets, Boston proper district, as a public alley, bounded and described as follows:

A public alley named Public Alley No. 808 is hereby laid out, from the rear lot line of property numbered 631 on Shawmut avenue, northerly for a distance of approximately eight hundred and thirty-three feet in the rear of properties fronting on Sawyer and Kendall streets; with branches running westerly from Sawyer street south of and adjoining No. 4 Sawyer street, and between the properties Nos. 86 and 90 Sawyer street; and ordered constructed.

For the making of the aforesaid improvement, an easement for public alley purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A strip of land, approximately two feet in width, from the rear of the lots fronting on Kendall street and numbered from No. 9 to 107 Kendall street, inclusive.

A strip of land, approximately two feet in width, from the rear of the lots fronting on Sawyer street and numbered from No. 6 to 84 Sawyer street, inclusive.

A strip of land, approximately two feet in width, from the rear of the lots fronting on Sawyer street, and numbered from No. 92 to 100 Sawyer street, inclusive.

A parcel of land, containing eighty-nine square feet, situated in the rear and being part of the lot No. 4 Sawyer street.

A parcel of land, containing sixty-three square feet, situated in the rear and being part of the lot No. 86 Sawyer street.

A parcel of land, containing eight square feet, situated in the rear and being part of the lot No. 102 Sawyer street.

A parcel of land, containing one hundred and thirty-one square feet, situated in the rear and being part of the lot No. 627 Shawmut avenue.

A parcel of land, containing one hundred twenty-nine square feet, situated in the rear and being part of the lot No. 627 Shawmut avenue.

A parcel of land, containing ninety-seven square feet, situated in the rear and being part of the lot No. 629 Shawmut avenue.

A parcel of land, supposed to belong to the Hyde Park Savings Bank, bounded:

Easterly by Sawyer street, fifteen and 50-100 feet; southerly by land supposed to belong to Holder, and by alley, sixty feet; westerly by alley, fifteen and 50-100 feet; and northerly by alley and by land supposed to belong to Williams, sixty feet; containing nine hundred and thirty square feet, more or less.

The land, owners unknown, being the alley between Shawmut avenue and Tremont street and located in rear of properties fronting on Sawyer and Kendall streets, and between Nos. 625, 627 and 629 Shawmut avenue and No. 4 Sawyer street.

A parcel of land, containing sixty-three square feet, situated in the rear and being part of the lot No. 90 Sawyer street.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's

intention to enter upon said lands for the purpose of constructing said improvement.

Said public alley as hereby laid out is bounded:

Easterly by Sawyer street, twelve feet; southerly by the southerly line of said Public Alley No. 808 as hereby laid out, fifty-one and 47-100 feet; again easterly by the easterly line of said Public Alley No. 808 as hereby laid out, two and 87-100 feet; southerly by the southerly line of said Public Alley No. 808 as hereby laid out, fourteen and 21-100 feet; westerly by the westerly line of said Public Alley 808 as hereby laid out, eight hundred thirty-two and 88-100 feet; northerly by the northerly line of Public Alley 808 as hereby laid out, ten feet; again easterly by the easterly line of said Public Alley 808 as hereby laid out, eighty-six and 70-100 feet; northeasterly by the northeasterly line of said Public Alley 808 as hereby laid out, eleven and 31-100 feet; again northerly by the northerly line of said Public Alley 808 as hereby laid out, forty-seven feet; again easterly by the easterly line of said Public Alley 808 as hereby laid out, fifteen and 50-100 feet; again southerly by the southerly line of said Public Alley 808 as hereby laid out, forty-seven feet; southeasterly by the southeasterly line of said Public Alley 808 as hereby laid out, eleven and 31-100 feet; again easterly by the easterly line of said Public Alley 808 as hereby laid out, six hundred eighty-five and 49-100 feet; again northeasterly by the northeasterly line of said Public Alley 808 as hereby laid out, fourteen and 11-100 feet; and again northerly by the northerly line of said Public Alley 808 as hereby laid out, forty-five feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of said Public Alley 808 as laid out under this order, from the rear lot line of property numbered 631 on Shawmut avenue, northerly for a distance of approximately eight hundred and thirty-three feet in the rear of properties fronting on Sawyer and Kendall streets; with branches running westerly from Sawyer street south of and adjoining No. 4 Sawyer street, and between the properties Nos. 86 and 90 Sawyer street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Public Alley No. 808, Boston Proper, May 15, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

NEW CRANE FOR GOVERNOR SQUARE SUBWAY WORK.

Transit Commission Chairman Thomas F. Sullivan informed his Honor the Mayor today that his department had purchased a third crane from the Mead-Morrison Company of East Boston, for use in connection with the Governor Square Subway Extension Work, at a cost of approximately \$7,300. The officials of this company informed Colonel Sullivan that for each crane purchased they are able to employ, for one week's work, over sixty men. This presents a striking example of the importance of purchasing locally wherever possible as a means of providing opportunity for work for Boston and Massachusetts citizens.

MAYOR SUGGESTS CREDIT SLIPS TO AID UNEMPLOYMENT.

Mayor Curley on December 6 sent the following letter to:

MR. JAMES J. PHELAN, Chairman, Massachusetts Emergency Committee on Unemployment, State House, Boston.

MY DEAR MR. PHELAN,—The proposition that the good people of the Commonwealth send in their old garments for the unemployed and agree to buy new ones for themselves would not, in my opinion, accomplish the purpose desired, namely, promote larger sales of merchandise for the reason that human nature does not change, even in a period of depression, and, while the intent might be good, the probability is that it would not be carried out.

It occurs to me, and I submit it to you and to the press, that if these good women, headed by Mrs. Nathaniel Thayer, representing the Women's Committee on Unemployment in Massachusetts, would undertake a campaign at once for the distribution of credit slips or gift certificates, redeemable in merchandise at any Massachusetts store for face value, it would speedily empty every retail establishment in the state and start the wheels of industry in motion. It would simply be a departure from the prevailing custom of distributing presents within one's immediate circle to those who, not infrequently, do not need them, and permit of this distribution to those who actually do need them, and through this distribution, contribute materially to the relief of the needy and to business.

Sincerely yours,

JAMES M. CURLEY, Mayor.

His Honor the Mayor on December 8 received the following communication from Mr. James J. Phelan, chairman of the Massachusetts Emergency Committee on Unemployment:

MY DEAR MR. MAYOR,—Your communication of December 6 has been received, relative to the plan of Mrs. Thayer's Women's Committee for collecting and distributing clothes for the needy. I appreciate your sending along this constructive and valuable suggestion. I will take the matter up with Mrs. Thayer and her committee at once, and will advise you.

I see no reason why your suggestion in some form could not very well augment the work the women's committee is now doing. It should be very helpful.

During the past week Mrs. Thayer has had offers of cash, which her committee after advising with me concluded to accept, for the purpose of creating jobs for those women who may be out of work and have dependents, for the handling of this particular piece of work rather than accepting voluntary worker, many of whom have already offered their services. This is in line with the policy of our committee in general, that is, we are holding our work down to as small a portion of volunteer workers as possible, and are giving such jobs to those who may be out of employment, and have dependents.

I am turning your letter over to Mrs. Thayer's committee with the request that she advise me as soon as possible what they think they may be able to do. Then I hope we may have a conference with you.

I appreciate very much your helpful cooperation.

Yours very truly,

JAMES J. PHELAN, Chairman.

CONFERS ON CREDIT SLIP PLAN.

The State Committee on Unemployment Relief, headed by James J. Phelan and Mrs. Nathaniel Thayer, conferred with his Honor the Mayor on December 9 with reference to the contribution in the form of credit slips or cash for the benefit of the needy of Massachusetts. The state committee were elated at the response that has been received to the appeal which has been made for cash or clothing and, with a view to enlarging the opportunity for service, have arranged with the retail establishments of Boston for the purchase by any individual of such goods as may be required by the needy in the nature of clothing, shoes, or, if desirable, orders for coal; these goods or orders to be sent to the headquarters of the organization at 90 St. James avenue, Boston.

The policy inaugurated by the state committee affords an opportunity to assist not only the needy but to provide added opportunity for the employment of additional help by the stores of Massachusetts as a consequence of the orders that may be received.

His Honor the Mayor stated that he was heartily in favor of the program since it presented an opportunity for every individual who desired to help some other needy individual to order, in addition to whatever he might require for his own immediate friends at the Christmas season, a pair of shoes, or an overcoat, or a suit of clothing, or shirts, or some warm undergarments, or stockings, or even an order for a ton of coal, to be sent to the state organization at 90 St. James avenue, Boston.

Surely no person interested in the welfare of their fellow men and women will forego an opportunity for service which is here presented, and if only a bare majority of the people of the city, who make it a practice to buy presents for friends and relatives of goods which they really do not require, will give just a thought to the needy and what they actually require, no needy individual will have occasion to do other than rejoice during the Christmas season.

Similar units will be established by the Women's Committee on Unemployment throughout the state at strategic points.

LANDSCAPE ARCHITECTS ALSO APPROVE CENTRAL ARTERY PLAN.

His Honor the Mayor on December 9 received the following communication from Mr. Harold H. Blossom, president of the Boston Society of Landscape Architects:

MY DEAR MR. MAYOR,—At the annual meeting of the Boston Society of Landscape Architects last night the following motion was passed:

Resolved,—That the Boston Society of Landscape Architects approves the report on a thoroughfare plan for Boston as a great step in advance, and as a logical approach to the solution of the thoroughfare problem of Greater Boston; and that the society heartily endorses the efforts of the Mayor of Boston to begin the actual construction of some part of this program at this time.

I thought you would be interested to know of this action of our society and so am advising you of it.

Very truly yours,

HAROLD H. BLOSSOM, *President*.

ASSESSMENT OF BETTERMENTS BY BOARD OF STREET COMMISSIONERS.

DEVON STREET, DORCHESTER.

NO. OF PARCEL.	OWNER.	Determined Benefits.	Assessments.
1	Joseph Lewon, Agata Lewon	\$126 04	\$126 04
2	Julia Siegle	135 00	135 00

9	Donald J. Ferguson	210 00	210 00
		\$1,221 98	\$1,221 98

MAYOR CURLEY SECURED REDUCTION OF MILK PRICES FOR CITY.

Mayor Curley, on December 10, received the following communication from Mr. Thomas C. Herlihy, of Herlihy Brothers, Incorporated, milk and cream dealers, of 65 Washington street, Somerville, Mass.

DEAR MR. MAYOR,—A general decrease in the price of milk was announced, effective as of Monday, December 8. This decrease was entirely unexpected, as milk prices at this time of year usually have an upward trend.

We have been serving the City Hospital, under the contract which you kindly awarded us on October 17, and as your Mr. Chapman will tell you, not a single complaint of any kind has been received either as to the service or the quality of our merchandise.

We are therefore reducing the price of milk to the hospital, 1 cent per quart or 8 cents per can, effective December 8. This will make the price to the hospital 64 cents a can instead of 72 cents, and represents a saving to the City of Boston of approximately \$720 per month, or \$2,900 for the contract period, which expires on March 31, 1931.

We feel that we have done all in our power by giving the City Hospital the best milk and cream that they have had for many years, and the purpose of this reduction is to inspire your confidence in us, and to show you that we are trying to do the right thing.

Very sincerely,

THOMAS C. HERLIHY,
HERLIHY BROTHERS, INCORPORATED.

POLICE CENSUS OF UNEMPLOYED.

Mayor Curley, on December 5, directed the following communication to Mr. Eugene C. Hultman, Police Commissioner of the City of Boston:

MY DEAR COMMISSIONER,—At the first meeting of the Mayor's Emergency Committee on Unemployment, appointed at the request of his Excellency the Governor to work in conjunction with the state committee, it was voted that the Police Commissioner be requested to take a census of the unemployed in Boston as soon as possible. The following is a copy of the resolution adopted:

Voted, That the Police Commissioner be requested to have a census taken of the number of women and men who are out of work in Boston, who are unable to secure work, and who are willing and able to work.

Respectfully,

JAMES M. CURLEY, *Mayor*.

MAYOR CURLEY PLANS LEGISLATION TO PERMIT \$28,000,000 FOR MAJOR IMPROVEMENTS FOR 1931.

Mayor Curley, on December 6, announced his legislative program for the year 1931 with special reference to major public improvements in the City of Boston and instructed the Corporation Counsel to prepare the necessary legislation to provide for the financing and the carrying out of the following projects, totaling in the aggregate \$28,050,000:

1. The construction of the Huntington Avenue Subway from the vicinity of Copley square to the Brookline Village Line, to cost approximately \$14,000,000.
2. The construction of the first link in the so-called central artery as recommended by the City Planning Board, this link to cost approximately \$5,000,000.
3. A school construction program to cost \$3,500,000.
4. The construction of a new Chelsea Bridge over the North channel to cost \$1,300,000.
5. The reclaiming of the Bird Island flats and the enlarging of the present anchorage basin for the improvement of the airport at East Boston, \$1,250,000.
6. The construction of the so-called East Boston Strandway, \$1,000,000.
7. The widening of Centre street, West Roxbury, to a uniform 80-foot width, \$1,000,000.
8. The widening of Dorchester avenue from a point near the Fort Point Channel Bridge to Old Colony avenue, South Boston, \$1,000,000.

If this legislation is enacted in the early part of 1931 legislative session it will permit of the construction of these large projects with a consequent relief to unemployment.

CLAIMS ALLOWED.

The Mayor has, upon recommendation of the Corporation Counsel, approved the following claims:

Edward Sessler, 180 Hyde Park avenue, Jamaica Plain, in the sum of \$1, as refund of fee paid the Licensing Board for beverage license on Walk Hill street, and which license could not be used because the location for which it was issued was in a restricted residential area.

Rose M. Trask, 672 Canterbury street, in the sum of \$5, as refund of fee paid the Licensing Board for victualers' license at that address for Memorial Day, and which license could not be used on account of zoning regulations.

Abraham Barmak, 30 Berkeley street, in the sum of \$5, as refund of fee paid by Morris Barmak for Sunday license at that address, and who died before said license was issued.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 1, 1930.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

Dawson, Ward 6; John Pierce, Ward 6; William A. Ryan, Ward 7; Charles P. Curtis, Ward 8; Paul J. Murphy, Ward 8; William F. Queeney Ward, 8; Martin P. Whelan, Ward 8; Bernard D. Brawley, Ward 10; Henry F. Ross, Ward 11; Samuel Goldstein, Ward 14; Claus A. Anderson, Ward 15; George H. Baldwin, Ward 15; Dudley A. Duh, Ward 17; Thomas I. Hartley, Ward 17; Harold E. Carpenter, Ward 18; Henry W. Dewey, Ward 18; Charles F. Does, Ward 18; John B. Dolan, Ward 19; Frank K. Walter, Ward 19; George D. O'Connor, Ward 21.

Seventeen traverse jurors, Superior Civil Court, Fifth Session, January Sitting, 1931, to appear January 5, 1931:

James F. Toomey, Ward 2; William A. Celeste, Ward 3; Warren C. Clough, Ward 4; John J. Kelleher, Jr., Ward 4; Arthur F. Johnson, Ward 6; Fred Miller, Ward 12; Joseph A. Phipps, Ward 13; Manuel Garr, Ward 14; Alfred E. DeLong, Ward 15; Daniel B. Mullin, Ward 15; Joseph P. Ratigan, Ward 16; Edward M. Colbeth, Ward 17; Thomas Gillespie, Ward 17; Edward J. Powers, Ward 17; James H. Lalor, Ward 19; Edward L. Hickey, Ward 20; Clifford E. King, Ward 21.

Twenty-two traverse jurors, Superior Civil Court, Sixth Session, January Sitting, 1931, to appear January 5, 1931:

Hiram T. Eldridge, Ward 1; Daniel H. McGunigle, Ward 1; David Fitzgibbons, Ward 2; Michael J. Riley, Ward 2; George Bingle, Ward 3; Frank J. McKay, Ward 3; George W. Goddard, Ward 5; James F. Cosby, Ward 7; James R. O'Connor, Jr., Ward 7; John Caprio, Ward 8; Richard Cushing, Ward 8; William J. Doyle, Ward 11; Emery Desautels, Ward 12; Frank L. Donahue, Ward 12; Raphael Ficociello, Ward 13; John F. Buckley, Ward 17; John A. Lanata, Ward 18; George L. Speers, Ward 19; Fred R. Davis, Ward 20; William F. Donovan, Ward 22; James M. Roche, Ward 22; Joseph Seskin, Ward 14.

Twenty-one traverse jurors, Superior Civil Court, Seventh Session, January Sitting, 1931, to appear January 5, 1931:

William Bonin, Ward 1; Robert J. Keogh, Ward 1; Patrick Devlin, Ward 2; Walter J. Eadyean, Ward 3; Harry Rosenberg, Ward 3; Robert G. Kenney, Ward 4; Fred Ladue, Ward 6; Mark Brown, Ward 10; Daniel F. Keenan, Ward 10; Thomas J. Donohue, Ward 14; Richard F. Barker, Ward 16; Martin T. Coneannon, Ward 16; William W. Hodgson, Jr., Ward 16; John F. Butters, Ward 17; Joseph W. Donovan, Ward 17; John Perry, Ward 17; Gerard L. Bond, Ward 19; Joseph A. Sullivan, Ward 19; Edwin F. Forrest, Ward 20; Andrew F. Carlin, Ward 21; Edward E. Morrison, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, First Session, to appear January 5, 1931:

Edward F. Lynch, Ward 1; Peter John Donahue, Ward 2; Charles E. Dwyer, Ward 2; Patrick J. Hartigan, Ward 2; Jeremiah F. Healey, Ward 2; James Ramazotto, Ward 3; Ernest H. Smith, Ward 4; William J. Fisher, Ward 5; Edward T. Croken, Ward 6; Bernard Hughes, Ward 7; Thomas D. Sallaway, Ward 7; William F. Reardon, Ward 9; Edward A. S. bell, Ward 11; Thomas H. Canning, Ward 14; David Urdang, Ward 14; Dennis Hanlon, Ward 15; John J. Watters, Ward 15; Francis A. Chambers, Ward 16; Frank N. Deveau, Ward 16; Dennis J. Hurley, Ward 16; Thomas A. Loughlin, Ward 16; Jeremiah Lyons, Ward 17; Harold L. English, Ward 18; Harry H. Coman, Ward 20; Charles S. Greene, Ward 20; George T. Moody, Ward 20; Johan Henning Young, Ward 20; Frank B. Bokman, Ward 21; Ralph L. Donnelly, Ward 22; Benjamin H. Farrar, Ward 22; Patrick Toomey, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, Third Session, to appear January 5, 1931:

Charles H. McMasters, Ward 1; Michael S. Cooney, Ward 2; Lewis Hodgkins, Ward 3; Frank J. Tobin, Ward 4; William S. Appleton, Ward 5; Walter F. Billings, Ward 7; James Conlon, Ward 7; Joseph L. Holmann, Ward 7; William R. Keogh, Ward 10; Elmer C. Fuller, Ward 12; Maurice J. Walsh, Jr., Ward 14; Peter Finneran, Ward 15; Harold G. Imray, Ward 15; Walter J. Karle, Ward 15; Michael Donovan, Ward 16; Albert Ernest Bate, Ward 18; Charles W. Kinander, Ward 18; Herman G. Swan, Ward 18; Frank H. Cheney, Ward 19; Charles D. Coakley, Ward 19; George L. Healy, Ward 19; Chester E. Chellman, Ward 20; Ralph Coppola, Ward 20; Carl L. Muller, Ward 20; Anthony Thomas, Ward 20; George F. Rauh, Ward 20; Gustave R. Woernle, Ward 20; Albert I. Fishel, Ward 21; Willis E. Burbank, Ward 22; Albert E. Cobb, Ward 22; Frank L. Wheeler, Ward 21.

Thirty-one traverse jurors, Superior Criminal Court, Fourth Session, to appear January 5, 1931:

Edward Carroll, Ward 1; Melbourne Doucette, Ward 1; Peter Gaffney, Ward 1; Walter M. Campbell, Ward 2; Frank A. McDonald, Ward 2; William E. Ord, Ward 4; Elmer K. Waldron, Ward 4; Francis J. McCarthy, Ward 6; William H. Oglesby, Ward 7; Leo F. Walker, Ward 7; John J. Devin, Ward 8; Charles J. Cleveland, Ward 9; James A. Thompson, Ward 9; Henry Bohmbach, Ward 10; Patrick J. Fitzpatrick, Ward 10; Edwin A. Reynolds, Ward 10; William A. Clay, Ward 12; Hymen Jacobs, Ward 14; Sumner Shorey, Ward 15; Joseph S. Dillon, Ward 16; Vincent J. Loonie, Ward 16; Albert H. Mullen, Ward 16; Edmund W. Daval, Ward 17; Thomas D. O'Connor, Ward 17; Edwin H. Thompson, Ward 18; Joseph S. Ambrose, Ward 19; William B. Ernst, Ward 19; Leopold W. Schultz, Ward 19; James Henderson, Ward 20; William O. Partridge, Ward 20; Arthur R. Weeber, Ward 20.

Thirty-one traverse jurors, Superior Criminal Court, Fifth Session, to appear January 12, 1931:

George M. Decker, Ward 1; Chester E. Keenan, Ward 1; John F. Hayes, Ward 2; John P. Shepard, Ward 2; Santo Finocchiora, Ward 3; James A. Clarke, Ward 5; Michael E. Joyce, Ward 6; Charles H. Atkins, Ward 7; Harry DeKonte, Ward 7; Edward P. Morris, Ward 7; Jerome E. Collins, Ward 9; James E. Donnelly, Ward 9; James J. Craven, Ward 11; Thomas F. Kilroy, Ward 11; John J. Murphy, Ward 11; John J. McManus, Ward 12; Joseph P. Fredey, Ward 13; Samuel J. Honigsberg, Ward 14; Joseph E. Ingoldsby, Ward 14; William Hoitz, Ward 15; Walter A. Lee, Ward 15; James F. McCarthy, Ward 16; James D. Thumith, Ward 17; Henry Bloek, Ward 18; Peter A. Palmberg, Ward 18; Frederick L. Reissfelder, Ward 19; George Adami,

Ward 20; John A. England, Ward 20; Eric C. Lewis, Ward 20; Herbert N. Littlefield, Ward 21; Patrick A. Doyle, Ward 22.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment for the term ending April 30, 1931, viz.:
Weigher of Goods: Samuel N. Schlesinger, 140 Granite avenue, Dorchester.

Laid over a week under the law.

DEFECTIVE CATCH-BASINS, WARD 4.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report received from John E. Carty, Acting Commissioner of Public Works, with reference to the order adopted by your honorable body upon November 17, 1930, with regard to repairing the defective catch-basins near 18 Leon street, Ward 4.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
November 29, 1930.

To His Honor the Mayor.

In reply to attached order of City Council, dated November 17, requesting the Commissioner of Public Works to repair defective catch-basins near 18 Leon street, Ward 4: Upon receipt of this order, which was the first information the department had of any trouble there, we had an inspection made, which disclosed that the basins were free and clean, but that an outlet for one of the basins was plugged up. The sewer has since been cleaned, the outlets blown out and new traps installed, and there should be no further difficulties there.

Yours respectfully,
JOHN E. CARTY,
Acting Commissioner of Public Works.
Placed on file.

FENCE AT SULLIVAN SQUARE PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to repairing the iron fence at the Sullivan Square Playground. This is in reply to your order of November 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 29, 1930.
Hon. James M. Curley, Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to repair the iron fence on the Alford street side of the Sullivan Square Playground.

This fence is in such a condition that it is useless to repair same. I am inserting an item in the budget of 1931 to allow the erection of a new fence, which is badly needed at this area.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CENTURY OF PROGRESS EXPOSITION.

The following was received:

City of Boston,
Office of the Mayor, November 28, 1930.
To the Honorable the City Council.

Gentlemen,—In the order passed by your honorable body on November 10, 1930, you requested that the Commercial, Industrial and Publicity Bureau, through this office, advise the City Council upon the following three matters:

1. The terms of the contract and business arrangements for the Century of Progress Exposition to be held at Columbus Park next June.

2. The manner in which profits are to be divided if said exposition is operated at a profit and the manner in which the deficit is to be paid if said exposition is operated with a resulting deficit.

3. The authority for and terms of the lease of land of the city for the purpose of said exposition.

In reply to the first question, I beg to advise your honorable body that the Century of Progress Exposition to be held at Columbus Park next June is to be carried on by a corporation known as the New England Century of Progress Exposition, Inc., the directors of which are to be many of the leading citizens of this city, interested in its commercial and industrial welfare.

In reply to your second question, I am advised that the net profits of the exposition are to be paid over to the Commercial, Industrial and Publicity

Bureau of the city, to carry on its present work of stimulating business in the city by advertising and such other means as it deems advisable, and to such other public agencies as in the opinion of the Board of Directors should be assisted in the carrying on of their work, in behalf of the business and industrial interests of the city. Any deficit that may result from the carrying on of the exposition will be borne by leading citizens of the community who will gain from the production of this exposition, and by such other means and sources as may be devised to meet such contingency.

In answer to your third question, please be advised that the Park Department, in accordance with law, will lease Columbus Park to the corporation for a nominal sum for the period of the exposition, special provision having been made for the complete restoration of the park to its present condition.

I assure your honorable body that the entire matter of conducting this exposition is being carried on in full compliance with law and for the best interests of the city, to the end that there may be a revival of business and industry in the city and incidentally help towards solving the great unemployment problem and business depression now confronting this community.

Respectfully submitted,
JAMES M. CURLEY, Mayor.

Placed on file.

SALE OF OLD POLICE STATION NO. 8

The following was received:

City of Boston,
Office of the Mayor, November 21, 1930.
To the City Council.

Gentlemen,—The property formerly occupied as Police Station No. 8, and located at the junction of Commercial and Battery streets, is no longer necessary for any municipal purpose. This property contains 5,323 square feet of land, and upon numerous occasions during the past years attempts have been made unsuccessfully to dispose of it.

This land has an assessed value of \$10,000, but apparently the location does not appeal to persons in the real estate business. Accordingly, I recommend the adoption of the accompanying order, providing for the sale of the said property at public auction at an upset price of \$20,000.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Superintendent of Public Buildings be, and hereby is, authorized to sell at a duly advertised public auction, at an upset price of \$20,000, the property formerly occupied as Police Station No. 8, and located at the junction of Commercial and Battery streets.

Referred to the Committee on Public Lands.

EXPENSES OF PORT DIFFERENTIAL CASE.

The following was received:

City of Boston,
Office of the Mayor, November 26, 1930.
To the City Council.

Gentlemen,—I submit herewith a request from the Secretary of the Boston Port Authority for an additional appropriation of \$5,000 to meet various expenses in connection with the Port Differential case, hearings on which will begin at the Chamber of Commerce Building on December 1.

In compliance with this request, I submit the necessary appropriation order and respectfully recommend its adoption by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Port Authority, Custom House,
Boston, November 24, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Mayor Curley,—A few days ago, upon looking over the state of our funds, it became clear to me that in order to meet various expenses in connection with the Port Differential case, it would be necessary for us to request the City Council, through you, for an additional \$5,000. As this amount is still remaining unallotted for under our appropriation, we are requesting that the order prepared at our request by Mr. Silverman, two copies of which are inclosed, may be presented with your recommendation to the City Council so that the money may be made immediately available.

The hearings on the differential case begin at the Chamber of Commerce Building, at ten a. m., Monday, December 1. We are looking forward to your being present, if not on that day, on the day following, so that a statement from you, which we regard as especially important, may be made and incorporated in the records of the proceedings.

I hope you have had a very restful and enjoyable trip to the West Indies.

Very truly yours,
BOSTON PORT AUTHORITY,
RICHARD PARKHURST,
Secretary.

Ordered, That the sum of five thousand (\$5,000) dollars be, and hereby is, appropriated, to be expended by the Boston Port Authority for the purpose of employing special counsel, account-

ants, clerical assistants and other employees and for all other expenses incidental to the prosecution of petitions and complaints filed with the Interstate Commerce Commission relative to the elimination of port differentials, said sum to be charged to the Reserve Fund and all expenditures thereof to be subject to the written requisition and approval of said Boston Port Authority, in accordance with the provisions of section three of chapter two hundred and thirty of the Acts of nineteen hundred and twenty-nine.

Referred to the Executive Committee.

COMPLETION OF CENTRAL FIRE STATION.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1930.
To the City Council.

Gentlemen,—I beg to inclose herewith recommendation of the City Auditor with reference to an additional appropriation for the completion of a central fire station and respectfully request the approval of the same by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Auditing Department, December 1, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Executions of court amounting to \$361,209.01 have been paid on account of Fire Station, West End District, Site. The original loan order was for \$300,000, thus leaving an excess of \$61,209.01.

You are respectfully requested to submit a loan order to the City Council for \$60,000 for this purpose, the balance of \$1,209.01 will be taken care of by transfer from other loan items.

Respectfully yours,
RUPERT S. CARVEN,
City Auditor.

Ordered, That the sum of \$60,000 be, and hereby is, appropriated to be expended under the direction of the Fire Commissioner for Fire Station, West End District, Site, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Executive Committee.

WIDENING OF CENTRE STREET.

The following was received:

City of Boston,
Office of the Mayor, December 3, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith a report of the Street Commissioners, the same constituting a reply to interrogatory contained in an order adopted by your honorable body under date of November 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Street Commissioners,
December 1, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Memorandum relating to the order of Councilor Dowd in connection with the starting of work on Centre street. This matter was taken up at a public conference, heard in the Mayor's office some four or five months ago, at which time it was determined, all parties assenting, to delay the work until the meeting of the Legislature in 1931, because of the fact that the 1930 act called for a street 100 feet wide and the general consensus of opinion appeared to be in favor of a street 80 feet wide. This would require action by the Legislature, and President Bacon of the Senate assured those present that it would be one of the first matters taken up by the incoming Legislature.

Respectfully yours,
THOMAS J. HURLEY, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Nazareth G. Avakian, for compensation for damage to car caused by an alleged defect in Kneeland street.

Charles Balyozian, for compensation for injuries caused by negligence of city employee.

Frank Melino, for compensation for injuries received on ferryboat.

Maria Melino, for compensation for injuries received on ferryboat.

Carmella Meljara, for compensation for injuries received on ferry.

Methodist Religious Society, trustees of, for compensation for damage to property at Exeter and Newbury streets, caused by defective water pipes.

Rocco V. Morano *et al.*, for compensation for injuries received on ferryboat.

Thomas J. Murphy, for compensation for damage to property at 37 Stonehurst street, caused by backing up of sewage.

A. E. Parrott, for compensation for damage to car caused by an alleged defect in Welles avenue.

Pompeo Pizzillo, for compensation for injuries received on ferry.

S. Samuels, for compensation for damage to property at 156 Massachusetts avenue, caused by defective sewer.

John T. Sullivan *et al.*, for compensation for damage to car and injuries caused by city truck.

Isabella Trancredi, for compensation for injuries received on ferryboat.

Croce Ventresca, for compensation for injuries received on ferry.

Ralph Vozella, for compensation for injuries received on ferry.

Jennie Weinstein, for compensation for injuries caused by an alleged defect in Fessenden street.

Executive.

Petitions for children under fifteen years of age to appear in places of public amusement, viz.:

Mildred C. Sacco, St. Anthony's Hall, December 8.

Codman Square Improvement Association, Dorchester High School for Boys, on December 3, 1930.

CONSTABLE'S BOND.

The constable's bond of James E. Pierce, having been duly approved by the City Treasurer, was received and approved.

DEATH OF SCHOOL PUPIL.

A communication was received from the secretary of the School Committee acknowledging receipt of order passed by Council November 17 requesting investigation into death of pupil of the Aaron Davis School in Roxbury, and stating that prior to receipt of order the committee had begun an investigation of charged made by parents that death was due to blows received while attending school, and that said matter is still before the committee.

Placed on file.

SIDEWALK ASSESSMENTS.

Notice was received from the Acting Commissioner of Public Works of sidewalk assessments, together with orders assessing owners of estates their proportionate parts of cost of said construction, viz.:

	Half Cost.
Pond street, Ward 19.....	\$90 28
Warren street, Ward 21.....	\$3,541 80
Mapleton street, Ward 22.....	\$637 38

Orders severally passed under suspension of the rule.

FINANCE COMMITTEE REPORTS.

Coun. DONOVAN, for the Committee on Finance, submitted reports, as follows:

1. Report on message of Mayor and order (referred November 10) appropriating \$40,000 to be expended by Trustees of Boston City Hospital for New Administration Building, Furnishing and Equipping, and authorizing City Treasurer to issue bonds or certificates of indebtedness to said amount—that same ought to pass.

Coun. DONOVAN—Mr. President, this loan order for \$40,000 is the result of the opening of the new Administration Building at the City Hospital and the demolition of the old Administration Building. This is to be used to equip the building with desks, stacks, and so forth, and also for the outfitting of a conference room, a room for the public, and the maintenance of a library there. It is a much-needed appropriation, and should immediately enable them to transfer from the old Administration Building to the new, starting work immediately on the demolition of the old building.

The report was accepted, and the order was given its first reading and passage, yeas 18, nays 0.

The order will take its second reading and passage in not less than fourteen days.

2. Report on order (referred July 21) that \$75,000 be appropriated to be expended under direction of Park Commission for improving Healy playground, Roshindale, and authorizing the City Treasurer to issue bonds or certificates of indebtedness of the city to said amount—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 17, nays 0.

The order will take its second reading and passage in not less than fourteen days.

WARD 1 IMPROVEMENTS.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to include in the budget for 1931 a sum sufficient to provide for the installation and maintenance of a "white way" lighting system along Bennington street, Ward 1, from Central square to the Revere line.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at the junction of Saratoga street and Bennington street, Ward 1.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install a flashing beacon at the junction of Marion street, White street and Meridian street, Ward 1.

Severally passed under suspension of the rule.

PARKING AROUND CITY HALL ANNEX.

Coun. DONOVAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to cooperate with the Police Commissioner in preventing the continual parking of cars around City Hall Annex.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 1.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Bennington street, both sides, from Ashley street to Antrim street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along 18-22-26 Ashley street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rules.

SIDEWALK CONSTRUCTION, WARD 2.

Coun. GREEN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Belmont street, both sides, from Bunker Hill street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Sackville street, both sides, from Bunker Hill street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Chappie street, both sides, from Bunker Hill street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Elm street, both sides, from Bunker Hill street to Medford street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Mishawum street, both sides, from Main street to Rutherford avenue, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Auburn street, both sides, from Main street to Bunker Hill street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of Chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

JOHN PHILIP HICKEY PARK.

Coun. GREEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to name the small park on Medford street, opposite Charlestown Heights, Ward 2, John Philip Hickey Park, in memory of said Hickey, a late veteran of the World War.

Passed under suspension of the rule.

RELIEF STATION IN DORCHESTER.

Coun. RUBY offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to include in the budget for 1931 a sum sufficient to provide for the establishment and maintenance of a relief station in the central part of Dorchester.

Coun. RUBY—Mr. President, with the Dorchester part of Boston fast growing, at the present time containing over 200,000 inhabitants in what is known as the Dorchester wards, I believe that the establishment of a relief hospital for that district is a necessity. There are many factories in the Neponset section of Dorchester and Dorchester Lower Mills, as well as in other parts of Dorchester and Mattapan, and at its farthest point Dorchester is over six miles from the present City Hospital. It would, therefore, seem imperative that some action be taken so that proper hospitalization may be provided for that district. With conditions as they are, with the City Hospital so far removed and inaccessible because of congested traffic, it would seem that the time has come when provision should be made in the central part of Dorchester to serve the five wards out there, almost one fourth of the entire City of Boston, and that for that purpose a relief hospital should be established and maintained under the hospital trustees.

Coun. FISH—Mr. President, I think the order just introduced by Councilor Ruby is a very good one. We have a population of possibly a quarter of a million people in Dorchester, larger than that of any city in New England outside of Boston. I believe such a relief station might be well provided at either Codman square or Fields Corner, and I certainly hope his Honor the Mayor will act favorably upon the order.

Coun. WILSON—Mr. President, I also wish to be recorded in favor of Councilor Ruby's order, having in mind an order passed in this Council as long ago as April 23, 1928, which requested the Public Buildings Commissioner, if I am correct, to advise the City Council as to the approximate cost of construction of a modern, municipal building on the present so-called library lot in Codman square. The order was repeated on July 16, 1928, and answered on August 30, at which time we received an estimated cost of the building as \$300,000. The cost of the present library building in Codman square, on city-owned land, was \$35,000 in 1904. I then introduced a similar order as long ago as October 8, 1928, reading as follows:

"Whereas a so-called health unit erected from the George R. White Fund has already been constructed in South Boston at a cost of \$368,000, and

"Whereas it is proposed to lay the cornerstone of a new health unit from said George R. White Fund in Charlestown, estimated to cost \$247,000, and

"Whereas it is reported that a third health unit is to be constructed in Roxbury, with work to be started within a month,

Ordered, that his Honor the Mayor—that is, the former Mayor—"be, and he hereby is, respectfully requested forthwith to confer with the Trustees of the George R. White Fund in reference to the early construction of a health unit in the Dorchester district, which said section comprises at least five of the twenty-two wards of the City of Boston."

As long ago as February 11, 1929, Councilor Fish introduced a \$500,000 order to provide a municipal building for his ward, Ward 18, but was fair enough to the other councilors in the Dorchester district to agree to an amendment of his order to the effect that the building should be placed somewhere in the five Dorchester wards. This matter, therefore, being one that has been

proposed by all of the five Dorchester councilors since as long ago as spring, 1928, we feel should receive consideration in the budget for the coming year.

The order was passed under suspension of the rule.

PRICE OF COAL.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to recommend to the President of the United States that a federal investigation be had of the present coal situation, with a view to lowering the price to the consumer.

Coun. DOWD—Mr. President, I realize only too well that this body is set against memorializing the President of the United States and Congress, inasmuch as we have our own Congressional Representatives and Senators from this state, who are presumed to look after the interests of the state. I have on this date sent a letter to the Senators and Congressmen of Massachusetts, similar to the order I have introduced, under which I have asked his Honor the Mayor to recommend this action, looking to a Federal investigation having in mind the lowering of the price of coal in New England. When we stop to consider the western states—in Chicago, for example, you can buy anthracite coal for slightly under \$7 a ton to the consumer, while the people of Boston pay \$16.50 a ton. There is no commodity in the entire country the price of which affects working men and women more than the price of coal, and we have seen the price steadily increase during the last few years. Boston is nearer to the coal mines than Chicago and some of the other great western states. It is a known fact that the price paid at the mines is \$6.50 for hard anthracite coal, and I don't think anybody can disagree with me when I say that when the companies pay a dollar a ton to bring coal here on barges, and pay but \$1.95 by rail, the maximum price of coal in Boston should be much lower than it is. When it arrives in Boston it should be \$7.50 or \$8 a ton, and to my mind there is no reason for the exorbitant price of \$16.50 per ton paid by the consumers. I say it is up to our Congressmen and Senators, our representatives in Washington, to demand a Federal investigation of this situation as it affects Boston and New England, with a view to reducing the price of coal to the consumers.

The order was passed under suspension of the rule.

INSTALLMENT PAYMENTS ON TAXES.

Coun. NORTON offered the following:

Ordered, That the City Collector be requested, through his Honor the Mayor, to consider the advisability of accepting installment payments on all taxes due the city.

Coun. NORTON—Mr. President, a number of cases have been brought to my attention of late of owners of homes who have had, we will say, \$50, \$60 or \$75 to pay on taxes which will perhaps amount to \$90 or more, but the whole amount was immediately demanded. There is one case where the individual had within \$5 of the total amount, but no exception was made in his case in spite of the fact that he had so large a proportion of the total sum ready to pay. We are living in the days of installment buying. I am not arguing for the success of the installment system or whether it may prove to be economic or not. The fact remains, however, that in our budgets installment payments have become an integral part of our social and economic and business situation. Therefore, I respectfully request that consideration be given to the matter of paying taxes in Boston on the installment plan. It is a plan that is now being used in about ten of our largest American cities, and a plan that is being studied by the National Bureau of Municipal Works in New York City.

Coun. KELLY—Mr. President, a few months past, before the city declared that it was going to sell the homes of these unfortunate people who were unable to raise every single cent of the taxes due for 1929, I introduced an order in this honorable body, which was passed unanimously, but, to my great amazement, along with a few other orders I have introduced, which I considered of importance to the taxpayers of the City of Boston, his Honor the Mayor did not think it of enough importance to answer. I say it is high time that the City of Boston should do as other cities do in this matter, giving a little leeway to people in times like the present on matters affecting the preservation of their homes. We can always step in, Mr. President, and seize a home. We can insist on the payment of taxes ultimately, and can seize a home if they are not paid. So what chance is the city taking in allowing people three or four months more in which to pay their taxes? Still, the Mayor of Boston did not see fit, when I introduced such an order a few months ago, to pay any attention to it. There was a case of a widow in my district who could not raise any additional money, who had a second mortgage that wiped out every equity, so that she could not possibly add another mortgage, and who just needed a little help, as is the case with many others. Still, he did not see fit to answer it, although the mayors of other cities do not allow homes to be sold without giving at least two years to the owners to pay the taxes. I say in these times of

depression, in real worthy cases the Mayor and the Tax Collector of the City of Boston should forget their strict business methods and give these people an opportunity to get on their feet. I trust that the order introduced by Councilor Norton, if passed, will meet with better success than the orders I have introduced have met with, and that the body will at least receive some sort of alibi or reply from the man downstairs.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. GALLAGHER offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, from about 632 to 646, Ward 22, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Woodman street, both sides, from Custer street to Jamaica street, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

PAVING OF WOODMAN STREET.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Woodman street, Ward 11, with smooth paving.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 17.

Coun. WILSON offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Central avenue, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Capen avenue, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

APPROPRIATION FOR SOCIAL LAW LIBRARY.

Coun. WILSON offered the following:
Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars for the maintenance and enlargement of said library; said sum to be charged to the appropriation for County of Suffolk, Social Law Library.

Passed under suspension of the rule.

INCINERATION PLANT.

Coun. WILSON offered the following:
Ordered, That the sum of three hundred fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Public Works Commissioner for the purchase of land if necessary, and for the construction of a modern incineration plant in the City of Boston, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Coun. WILSON—Mr. President, in somewhat of the spirit of the old Roman tribune of many years ago, who ended every speech he made with the words, "Carthage must be destroyed," and eventually succeeded, I have introduced this order now for the fifth consecutive year. On August 2, 1926, an order was introduced by me into the City Council requesting advice as to the estimated cost of an incinerator to eliminate the

present antiquated and unsanitary dump system in the City of Boston. After some delay, with no response to the particular order, the Public Works Department on November 8, 1926, advised this honorable body that there had been "a study of the situation since the receipt of this order, based on the cost of recent installations in New York City and several other large cities of the country, which shows that it will cost about \$4,000,000 to install incinerators in Boston to properly solve the problem. Plants would have to be constructed in various sections, the costs of which, by districts, would be as follows:

East Boston.....	\$335,000
Charlestown, North and West Ends....	715,000
South Boston, Back Bay and South End,	875,000
Brighton.....	335,000
Dorchester.....	175,000
West Roxbury and Hyde Park.....	335,000
Roxbury.....	715,000

On May 9, 1927, the following year, the second year of service of many members of the City Council, an order was passed by this body that the Mayor advise the Council as to the prospect, if any, of serious consideration of the problem of the installation of incinerators for rubbish disposal in at least one of the seven disposal districts in Boston, as set forth by the Public Works Commissioner in 1926. That order had in mind the installation of but one incinerator in one of the districts, in order to try the thing out. A year later, on March 26, 1928, an order which I introduced in this body was passed, that the sum of \$335,000 be appropriated, to be expended under the direction of the Public Works Commissioner, for the construction of a modern incineration plant in the City of Boston. That loan order was passed by the City Council in June of 1928 and was vetoed by the late Mayor or the former Mayor—there is a distinction—Mayor Nichols, on the ground that the existing contract—namely, the Coleman contract for disposal of three-fourths of the material collected in the City of Boston, would not expire for four years,—showing that he completely missed the point, which was simply that an incineration plant be tried in one of the districts before the expiration of the Coleman contract, so that in 1932, when this ten-year contract expired, we would be in a position to know whether the present system, objectionable to many, of disposal on Spectacle Island should be given up, as it has evidently been the experience of other cities of the United States that incineration is the proper way of handling the problem of disposal of rubbish and garbage. Former Mayor Nichols, however, vetoed the order. Last year again a loan order of \$350,000 was introduced for the installation of an incineration plant in one of the seven districts of the city, so that we might know when 1932, the date of expiration of the present contract, arrived, where we stood. Mayor Nichols, however, in his wisdom vetoed that order on the same ground, that three-fourths of the rubbish disposed of in the City of Boston was disposed of under the contract, and that that would not expire for three years. And so, after five years, we are now one year nearer the expiration of the Coleman contract. For that reason I have introduced the order at this time—not for the installation of incinerators in all seven districts, but for the installation of an incinerator in one district, so that we may know before 1932 whether the Coleman contract, of doubtful value, is to be renewed or not, and on the same terms. I ask that this order be sent to the Finance Committee of the Council.

The order was referred to the Committee on Finance.

RECESS.

The Council voted, at 3.30 p. m., on motion of Coun. RUBY, to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 3.50 p. m.

PAYMENT TO AMBULANCE DRIVERS.

Coun. COX offered the following:
Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to provide for the payment of wages in full to ambulance drivers during their absence because of injuries received in the performance of their duties.

Coun. COX—Mr. President, we do not often think of ambulance drivers, except sometimes when they are needed. It seems to me that if an ambulance driver is injured in the performance of his duty the city should keep him on full pay until he recovers from the injury and is put back at work. I hope the Trustees of the City Hospital will endeavor to do this, if it is possible under the present laws. I ask a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

EXECUTIVE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today), appropriating \$5,000 to be expended by Boston Port Authority for all expenses

incidental to prosecution of petitions and complaints filed with Interstate Commerce Commission relative to elimination of port differentials—that same ought to pass.

Report accepted; order passed, yeas 18, nays 0.

2. Report on message of Mayor and order (referred today), that sum of \$60,000 be appropriated to be expended under direction of Fire Commissioner for fire station, West End District, site, and that City Treasurer be authorized to issue bonds or certificates of indebtedness of city to said amount—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 18, nays 0.

The order will take its second reading and passage in not less than fourteen days.

3. Report on petitions (referred today), for children under fifteen years of age to appear in places of public amusement, viz.:

Mildred C. Sacco, St. Anthony's Hall, December 8; Codman Square Improvement Association, Dorchester High School for Boys on December 3, 1930,—that leave be granted.

Report accepted; leave granted on usual conditions.

COMMITTEE ON PUBLIC LANDS REPORT.

Coun. McGRATH, for the Committee on Public Lands, submitted the following report, viz.:

1. Report on message of Mayor and order (referred September 29) that the Board of Park Commissioners be authorized under the provisions of Acts of 1899 to sell at public auction parcel of land owned by city at corner of Chestnut Hill avenue and Commonwealth avenue—that same ought not to pass.

The report was accepted, and the question came on the passage of the order.

At request of Coun. Curtis, the order was reread.

Coun. DOWD moved to amend the order by inserting after the words "public auction" the words "at an upset price of \$200,000."

Coun. Dowd's amendment was adopted, and the question came on the passage of the order as amended.

Coun. DOWD—Mr. President, I have had this amendment made to the original order because of the fact that the order presented by his Honor the Mayor entitles the Park Commissioner to sell the land at ten cents a foot if he deems it wise or necessary. There is no provision for an upset price in the order submitted to us, and I think before the Council passes upon the order in any form, whether to adopt or reject it, it would be a very good precedent for us to have an upset price attached to the same. Let me point out the facts briefly. The City of Boston purchased a lot of land a quarter of a mile away and paid \$2.25 a foot for it. This corner lot is perhaps one of the most valuable in the City of Boston. I have no objection to the city selling the land, if it be deemed necessary, provided the taxpayers are protected. But I say that a fair upset price is \$200,000.

Coun. WILSON—Mr. President, as a member of the Public Lands Committee I regret to state that I just entered the chamber, and did not hear the report read and don't know what it is. I simply entered while a vote was being taken. This is, of course, through no fault of our secretary or chairman. But I would like to personally explain just how I feel in this matter, as a member of the committee. I personally received notice of the hearing very late in the forenoon, perhaps due to the fact that the previous day had been a holiday and that it was difficult to have the notices delivered any sooner. But my own personal notice was very short, and I was unable to come. I have heard nothing to indicate to me that the Mayor is intensely either for or against the order. I have had an opportunity to read a statement of the law quoted to the committee, to the effect that there is grave doubt whether the City of Boston has the right to sell this particular land. But, whatever may be the arguments, whatever the committee may have heard or have not heard, I, perhaps erroneously, feel, with not even a quorum of the committee present, as I understand—and I may be in error—and especially at this season of the year, that there is no controlling reason for rushing this through, especially having in mind the legal questions whether we have a right to sell the land and that we don't know what the value of the land is. Therefore, if in order, I move that the matter be sent back to the committee.

Coun. McGRATH—Mr. President, might I say that when this order came in for the second time, introduced by his Honor the Mayor, I went to the councilor from Brighton (Coun. Hein) and said to him that I would fix a date for the hearing at his convenience, because of the fact that he had a number of people in his district who were interested and who wished to be heard. The date for the hearing was set five weeks ahead, because of the pending election, and that was perfectly agreeable to me. Before the day for which the hearing was called notices were sent out, I suppose, as they are sent on all meetings, and a great group of people, among them lawyers and people in business, were present. Personally I was chagrined to find that only two members of the committee were interested enough to be present. But, sir, rather than take up the time of all the people who were here by a postponement, I called in other members of the Council and proceeded with the hearing, at the

suggestion of the councilor who is most interested, this being in his district. If members of the committee do not see fit to come to committee meetings, it is not up to the chairman of the committee. Of course, a man has his own activities and things in which he is interested, and that is none of my affair, but in justice to those who came and gave up the afternoon I went through with the meeting. As I understand it, the Corporation Counsel has informed the Council that this land is in the same situation as all the other Reservoir land which was originally bought,—that we have no right under the law to fix the price at which the land shall be sold. That is under the jurisdiction of his Honor the Mayor and the Park Commissioners. This is an extremely valuable piece of land, one of the best corners on Commonwealth avenue. But the Park Commissioner came here and I said, "Is this a playground?" He said, "No." "Have you ever recognized it as a playground?" "No." It is a piece of property taken under the old Reservoir land-taking, under which 66,000 feet was taken on one side of Commonwealth avenue and 1,800,000 feet on the other side. So this is not recognized as a playground by the Park Commission. It is, however, a city-owned piece of land, and children have been allowed to play upon it because nobody prevented them from doing so. The committee reported "Ought not to pass." I favored selling the property. I, too, would like to see an upset price on it, and favored the amendment of the gentleman from Ward 8 (Coun. Dowd) setting an upset price, and if that should prevail it can then be determined whether it can be sold at that price or not. I might say that three attorneys came in here—Mr. Clark, Mr. Lazarus and Mr. Lane—and each of them more or less substantiated their claim that we could not sell this under the law. Mr. Clark said, in the presence of all who were gathered, that if the Council passed this he was going to take it to the Supreme Court. So, whether we pass it today or don't pass it, makes, little difference, so far as the action of the body is concerned, because if our action is negative, that probably ends it anyway, and if it is affirmative these gentlemen are going to try it out in the Supreme Court. I say, therefore, that we might as well let it go in that way, allowing the Corporation Counsel to take it up with the other members of the bar. If we have a right to sell it, let us if possible set an upset price; if the contention of the other attorneys is correct, we have no right to sell this property.

Coun. HEIN—Mr. President, this playground so called has been used in this district for the last thirty years. It has been maintained by the Park Department, settees have been placed around by the Park Department. Mr. Long, when before the committee, said that the men of the department have been out there in the summertime cutting grass. So I think it is certainly somewhat of a playground. Let me say to the councilors that if a playground of this sort can be easily sold in my district there is danger that the same thing will be tried in their districts. I think it is high time for the City of Boston to reserve the playgrounds that are in existence.

Coun. KELLY—Mr. President, the proposition to sell this playground—although the Park Commissioner does not seem to think it is a playground—was the cause of my visiting this particular plot of land on Commonwealth avenue, and I found out during my visit to this city-owned property children from ten to twelve years of age down to five and six years of age playing there. I recall also back in the fall of 1917, the fall of 1921 and again the fall of 1929, a certain man who was a candidate for office in the City of Boston going to different sections throughout the city and advocating playgrounds, posing as a playground champion for the children. So when this order came into the Council I had to look twice to see if it was the same Mayor, if it was his order, and to my great amazement I found that it came from none other than the champion of playgrounds for the children, that being the platform on which he was elected, in spite of which he is now advocating the sale of this land. That is all I have to say. You don't have to have a lot of imagination to see that if this land is sold and taken away from the unfortunate little children they will be compelled to cross Commonwealth avenue, a thoroughfare which men or women have to sometimes wait for five minutes before they can cross, in order to get to another playground. Of course, I don't need to go far for a reason—because a certain member of the Mayor's family happens to be a real estate dabbler, and he is very much interested in this piece of property. I make this specific charge now, that the Mayor, unless he was interested, would not dare to put into this Council, after we rejected it, an order to sell a playground owned by the City of Boston. We all know that there are few enough playgrounds in the City of Boston, and we know that when the Mayor of the City of Boston went before the voters of the city in three campaigns he advocated playgrounds for the children. But now, not once but twice, he advocates the passage of this order. I cannot even vote for the upset price suggestion by the gentleman from Ward 8. I cannot see myself voting to sell a piece of land that is used as a playground by the children of the City of Boston. I maintain that we should keep it as a playground. Each and every member of the Council knows that there are few enough pieces of land in our different districts, in the various parts of Boston, for playground purposes. Regardless of the Council amending the order so that there should be an

upset price of \$200,000, I cannot possibly vote for it, and I hope that no member of the Council will see his way clear to vote for this order, depriving the children of an opportunity to play in safety.

Coun. WILSON—Mr. President, in order that the record may be clear, believing, as I do, that this is no place for personalities on this particular order, I was very careful not to criticize the chairman of the committee or any officials of the City of Boston in connection with the matter. But I don't think the criticism of the chairman of the committee is a fair one, as to my absence or the absence of other members from the committee meeting of which the notice was only anywhere from sixty minutes to two hours. I have not criticized the shortness of the notice on the ground that it was unjustifiable. I tried to explain that a holiday intervened. But I do not think it is fair to criticize the absence of any member of the committee under the circumstances. I don't know about the other absent members, but I know that I did not receive notice until anywhere from sixty minutes to two hours before the time for which the meeting was called, and other engagements prevented my attending. It may be that others received a prior notice. I always very much regret the laxness of members in the matter of presence at committee meetings. I think the chairman of the committee showed good judgment under the circumstances in going on with the hearing, both he and the gentleman from Brighton showed good judgment, in view of the attorneys and various people who were present to give their story, in proceeding, not having the matter postponed to another day. But I don't think the committee was justified in rushing in here with a measure that the majority of the committee don't know much about, except that they may have read the brief or letter filed with the committee by one of the attorneys, touching upon the legality of the sale of this particular land. I do not think, further, that merely because someone is going to bring a lawsuit if this does pass, the body should put itself on record as passing the measure, regarding it as an empty gesture, simply because they think it is going to be settled in a lawsuit. As a member of the body, I don't feel that I or that any of us are justified in passing an order simply because it is possibly going to be defeated in the courts. I don't understand, either, that this is an administration measure, one way or the other. I have heard rumors that there are those who would be interested in seeing the order defeated today. I do not propose personally to vote to either pass or defeat it today, if I can help it, simply to take anybody's irons out of the fire. It seems to me we should send it back to the committee, where it belongs, under the circumstances. They can consider the opinions that have been submitted and the evidence, both the views of the Corporation Counsel and the other attorneys, as well as the statements that have been submitted, and can then bring in a report one way or the other. But I personally do not see any reason why this should be rushed through today. That is the reason why I want to have it sent back to the committee.

Coun. HEIN—Mr. President, I have no controversy with the gentleman from Dorchester, but the hearing took place on November 12, and it has been a long time between the day of the hearing and the report back "Ought not to pass." I see no reason why we should not vote upon the matter today.

The order was declared recommitted to the Committee on Public Lands. Coun. HEIN doubted the vote and asked for the yeas and nays.

Recommittal prevailed, upon roll call, yeas 15, nays 5.

Yeas—Coun. Curtis, Donovan, Englert, Fish, Fitzgerald, Gallagher, Gleason, Green, Lynch, Mahoney, McGrath, Murray, Power, Ruby, Wilson—15.

Nays—Coun. Arnold, Dowd, Hein, Kelly, Norton—5.

UNDERGROUNDING OF WIRES, WARD 10.

Coun. POWER offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to include Fenwood road, St. Alphonsus and Alleghany streets, Ward 10, in the list of streets on which the wires are to be placed underground during the coming year.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 20.

Coun. MURRAY, for Coun. Cox, offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Dent street, from Ivory street to La Grange street, both sides, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Ivory street, both sides, from Dent street to Temple street, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the

gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor November 24, 1930, of James C. Regan, to be a Weigher of Goods.

Coun. WILSON also called up the following appointments as constables, under unfinished business—Jacob P. Grossman, under No. 10, Edward Baum, under No. 11, William H. Powderly, under No. 13, and Harry Galer, Charles A. Flannagan and Abner Goulston, under No. 14.

The question came on confirmation. Committee, Coun. Fish and Dowd. Whole number of ballots 14; yeas 14, and the appointments were severally confirmed.

THE NEXT MEETING.

On motion of Coun. KELLY it was voted that when the Council adjourn it be to meet on Monday, December 15, at 2 p. m.

Adjourned, on motion of Coun. KELLY, at 4.16 p. m., to meet on Monday, December 15, 1930, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

LOCK AND DRAW OPERATOR, METROPOLITAN DISTRICT COMMISSION, DECEMBER 29, 1930.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 17, 1930.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8.15 o'clock P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of a previous meeting were amended as follows:

Oct. 20, 1930, on page 250, to provide that the appointment from the eligible list of Thomas G. Eccles as senior instructor, second year, Boston Trade School, to take effect Nov. 5, 1930, shall read "Nov. 18, 1930."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

FUND FOR PURCHASE OF SHOES FOR NEEDY CHILDREN

The following communication was received:

City of Boston
Office of the Mayor
City Hall

October 29, 1930

Mr. Joseph J. Hurley, Chairman,
Boston School Committee,
15 Beacon Street,
Boston, Massachusetts.
My dear Mr. Hurley:

I beg to forward herewith Order adopted by the City Council under date of October 27, 1930, and would appreciate a reply from you that may be submitted to said body.

Respectfully,
JAMES M. CURLEY,
Mayor.

Placed on file.

The order referred to in the foregoing communication is as follows:

City of Boston
In City Council

ORDERED: That the Boston School Committee be requested, through His Honor the Mayor, to appropriate the sum of fifty thousand dollars, to be expended under the direction of said Committee for shoes for needy children in the elementary schools.

In City Council, October 27, 1930.
Passed.

Attest:

W. J. Doyle,
City Clerk.

Placed on file.

The Chairman stated that upon the receipt of the order of the City Council, the Corporation Counsel was asked for an opinion as to the authority of the School Committee to appropriate money for the purpose suggested.

The following is a copy of the Corporation Counsel's opinion:

Law Department
of the
City of Boston

November 5, 1930

Miss Ellen M. Cronin,
Secretary of the School Committee
15 Beacon Street, Boston, Mass.
Dear Miss Cronin:—

I have your letter of November 4, 1930, in which the School Committee asks to be advised as to its authority to appropriate money for shoes for needy children in the elementary schools, in accordance with an order of the City Council of the City of Boston.

I know of no authority of the School Committee to appropriate or expend money for this purpose. Unless statutory authority is given, I advise you that the School Committee of the City of Boston has no right to expend public moneys for the purpose of providing shoes for needy children in the schools.

Very truly yours,
Samuel Silverman,
Corporation Counsel.

Placed on file and a copy ordered sent to the City Council through His Honor the Mayor.

RESIGNATION

The following resignation reported by the Superintendent, to take effect on the date stated, was presented:

Department of Household Science and Arts—Adeline H. McCormick, teacher of sewing, elementary, Nov. 28, 1930.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That, in accordance with the provisions of Section 57 of Chapter 32 of the General Laws, as amended by Chapter 261 of the Acts of 1922, and by Chapter 386 of the Acts of 1923, and with the consent of His Honor the Mayor, Samuel B. Trumbull, junior master, Girls' High School, an honorably discharged veteran of the World War, who has been in the service of the city for twenty-two years and is now unable fully to perform his duties, and whose total income from all sources exclusive of any sum received from the government of the United States as a pension for war service does not exceed \$500, is, in accordance with his application, hereby retired from active service, at one-half his net rate of compensation per annum, namely, nineteen hundred and forty-four dollars (\$1944), to take effect Aug. 31, 1930, and to be paid from the appropriation item "General School Purposes."

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

NAYS—0.

The Superintendent offered the following:

ORDERED, That, in accordance with the provisions of Section 56 of Chapter 32 of the General Laws, as amended by Chapter 261 of the Acts of 1922, by Chapter 386 of the Acts of 1923, and by Chapter 161

of the Acts of 1930, and with the consent of His Honor the Mayor, Jennie R. Dix, school nurse, Department of School Hygiene, an honorably discharged army nurse of the Spanish American War, who has been in the service of the city for twenty-two years and is now unable fully to perform her duties, and whose total income from all sources exclusive of any sum received from the government of the United States as a pension for war service does not exceed \$500, is, in accordance with her application, hereby retired from active service, at one-half her net rate of compensation per annum, namely, nine hundred and sixty dollars (\$960), to take effect Aug. 31, 1930, and to be paid from the appropriation item "General School Purposes."

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

NAYS—0.

Leaders—Annie C. Abbott, Agnes L. Allen, Nov. 5, 1930; Thomas F. Barry, Nov. 12, 1930; Estelle A. Chippendale, Nov. 5, 1930; Thomas E. Cyrs, Nov. 17, 1930; M. Grace Farley, Nov. 5, 1930; Ann Flaherty, Oct. 1, 1930; Eva M. Goodie, Mary V. Hayes, Oct. 1, 1930; Grace F. Hurley, Mary L. C. Lennon, Nov. 5, 1930; John J. Long, Oct. 1, 1930; Louise W. Merrill, Nov. 5, 1930; William T. Miller, Jr., Nov. 1, 1930; Hazel Morrell, Oct. 1, 1930; John A. O'Keefe, Nov. 8, 1930; Gertrude M. Rotch, Oct. 22, 1930; Mary F. Smith, Oct. 29, 1930; Viola F. Velardo Nov. 5, 1930; Lillian Walsh, Oct. 10, 1930.

Assistant Leaders—Thomas F. Barry, Nov. 14, 1930; Gabriel Cohen, Austin G. Durham, Oct. 1, 1930; Louise W. Merrill, Nov. 12, 1930; John M. Hogarty, Oct. 1, 1930; Frederick C. Matthies, Nov. 14, 1930.

Attendants—John H. Burke, William F. Devine, John H. Duffy, Mary E. Dunham, Charles F. Flaherty, Robert T. Griffin, Peter A. Hoban, Daniel J. Hurley, William L. Malone, Denis F. McCarthy, Hannah T. McCarthy, Eugene L. McLaughlin, John J. Murphy, Mary J. Murtha, Donald E. Nyen, Joseph J. O'Mara, Nov. 7, 1930; Lawrence F. Sullivan, Oct. 31, 1930.

General Helpers—John H. Burke, Gabriel Cohen, William F. Devine, Oct. 30, 1930; Edward F. Dowd, Oct. 23, 1930; John H. Duffy, Austin G. Durham, Charles F. Flaherty, Robert T. Griffin, Peter A. Hoban, Daniel J. Hurley, William L. Malone, Frederick C. Matthies, Denis F. McCarthy, Eugene L. McLaughlin, John J. Murphy, Donald E. Nyen, Joseph J. O'Mara, Lawrence F. Sullivan, Oct. 30, 1930.

Helpers—Mary E. Dunham, Hannah T. McCarthy, Mary J. Murtha, Nov. 8, 1930.

Laid over.

TRANSFERS.

Blackinton District—Florence A. Agnew, assistant, elementary, to the same position in the John Cheverus District, Nov. 24, 1930.

Dearborn District—Marion R. Boland, assistant, elementary, to the same position in the Sherwin District, Nov. 24, 1930; Teresa L. Monahan, assistant, elementary, to the same position in the Robert Gould Shaw District, Nov. 24, 1930.

Dudley District—Kathryn Acton, assistant, intermediate, to the same position in the William Howard Taft Intermediate District, Nov. 24, 1930.

Hugh O'Brien District—Roselia V. Bishop, assistant, intermediate to the same position in the William Howard Taft Intermediate District, Nov. 24, 1930.

Lowell District—Mary C. Welch,

assistant, intermediate, to the same position in the Minot District, Nov. 24, 1930.

Michelangelo Intermediate District—Margaret M. O'Connell, assistant, intermediate, to the same position in the Grover Cleveland Intermediate District, Nov. 24, 1930.

Oliver Wendell Holmes Intermediate District—Bertha Grund, assistant, intermediate, to the same position in the Phillips Brooks District, Nov. 24, 1930.

Robert Gould Shaw District—Margaret F. Murray, assistant, elementary, to the same position in the William E. Russell District, Dec. 1, 1930.

Shurtleff District—Eleanor Magoun, assistant, special class, to the same position in the Elliot District, Jan. 5, 1931.

Ulysses S. Grant District—Marion T. Sweeney, assistant, elementary, to the same position in the Emerson District, Nov. 24, 1930.

Wells District—Hazel C. Brady, assistant, elementary, to the same position in the Robert Gould Shaw District, Nov. 24, 1930.

Approved.

Grover Cleveland Evening School—Mary S. Carr, assistant, to the same position in the Edward Everett Evening School, Nov. 3, 1930, (one evening).

Approved.

LEAVES OF ABSENCE

On the report the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Dearborn District—Millicent S. Stroup, assistant, elementary, Oct. 14, 1930, one-half day, court summons.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted each of the following-named teachers for the term specified:

Chapman District—Ida Feldman, assistant, elementary, from Oct. 1, 1930, to Dec. 31, 1930, without pay.

Hugh O'Brien District—Gertrude E. O'Neill, assistant, elementary, from Oct. 21, 1930, to Jan. 21, 1931, without pay.

ASSIGNMENT

A communication was received from the Superintendent, under date of Nov. 17, 1930, reporting that, subject to the approval of the School Committee, he has assigned Katherine E. Hurley, assistant, elementary, Sherwin District, to an elementary mechanic arts class in that district, to take effect Sept. 1, 1930, and to continue for the school year ending Aug. 31, 1931, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATION

A communication was received from the Superintendent, under date of Nov. 17, 1930, reporting that he has made the following designation of a teacher to serve in the position indicated until such time

as it shall be filled otherwise in accordance with the rules and regulations:

Harvard-Frothingham District—Elizabeth G. Desmond, assistant, elementary, as acting master's assistant (vice Agnes A. Herlihy, absent on leave), Sept. 1, 1930.

Placed on file.

PAYMENT OF SALARY DUE FLORENCE G. BOGRETTE

On motion of the Superintendent, it was

ORDERED, That the salary due Florence G. Bogrette, late assistant, kindergarten, in the Gilbert Stuart District, be paid to her mother, Gertrude M. Bogrette.

ADVISORY COMMITTEES

A communication was received from the Superintendent, under date of Nov. 17, 1930, submitting the following appointments and reappointments to the Advisory Committees for the term ending Aug. 31, 1933:

AGRICULTURE

John T. H. Slayter, Floriculturist, Manager, A. Leuthy, & Co., 18 Pine-dale road, Roslindale.

ART EDUCATION

Henry Hunt Clark, Director, School of Museum of Fine Arts, Museum road, Boston.

Frances G. Curtis, 28 Mt. Vernon street, Boston.

George C. Greener, Director, North Bennet Street Industrial School, 39 North Bennet street, Boston.

Eugene Randolph Smith, Headmaster, The Beaver Country Day School, 245 Woodland road, Brookline.

BOSTON TRADE SCHOOL

Clarence Bruns, Superintendent, A. H. Davenport Co., 573 Boylston street, Boston.

Ernest P. Clausmeyer, Outside Sales Manager, Arnold Roberts Co., 180 Congress street, Boston.

Walter H. Eldridge, Sales Engineer, Holtzer Cabot Electric Co., 125 Amory street, Jamaica Plain.

William G. Kiefer, President, E. Van Noorden Co., 100 Magazine street, Roxbury.

John J. Moran, Foreman Bricklayer, 59 Hopedale street, Allston.

J. Preston Perham, Apprentice Commissioner of Master Plumbers, 26 Cypress street, Roslindale.

Robert H. Rice, Sales Manager, American Type Founders Co., 180 Congress street, Boston.

C. Howard Walker, Architect, 120 Boylston street, Boston.

V. C. Bruce Wetmore, Treasurer, 76 Pearl street, Boston.

COOPERATIVE COURSES IN RETAIL SELLING

Daniel J. Bloomfield, Manager, Retail Trade Board, Chamber of Commerce, 80 Federal street, Boston.

Oscar T. Smith, Associate Professor of Merchandising, College of Business Administration, Boston University, 525 Boylston street, Boston.

COOPERATIVE INDUSTRIAL COURSE, BRIGHTON HIGH SCHOOL

Rollan A. Green, General Manager, Graham-Paige Co. of N. E., 1075 Commonwealth avenue, Boston.

John C. Harvey, Proprietor, J. C. Harvey Co., 971 Commonwealth avenue, Boston.

Alfred P. Welburn, Vice President, Cadillac Automobile Co. of Boston, 808 Commonwealth avenue, Boston.

COOPERATIVE INDUSTRIAL COURSE, CHARLESTOWN HIGH SCHOOL

J. Walter Mullen, Clerk, Boston Elevated Railway Co., Claim Department, 31 St. James avenue, Boston.

COOPERATIVE INDUSTRIAL COURSE, EAST BOSTON HIGH SCHOOL

Arthur H. Farrell, Works Manager, Mead-Morrison Manufacturing Co., 125 Prescott street, East Boston.

John Peterson, Sr., Machine Shop Foreman, Gibby Foundry Co., East Boston.

COOPERATIVE INDUSTRIAL COURSE, HYDE PARK HIGH SCHOOL

Rudolph K. Anderson, Draftsman, Coolidge, Shepley, Bulfinch and Abbott, 1 Court street, Boston

COOPERATIVE INDUSTRIAL COURSE, ROXBURY MEMORIAL HIGH SCHOOL, (BOYS)

Joseph P. Donovan, Donovan & Sullivan Co., Photo Engravers, 235 Congress street, Boston

Philip J. McAteer, Superintendent, New England Electrotypes Co., 470 Atlantic avenue, Boston

COOPERATIVE INDUSTRIAL COURSE, SOUTH BOSTON HIGH SCHOOL

Matthew T. Cavanaugh, Cavanaugh & Earley, Inc., 30 Alfred street, Boston.

Christopher J. Cox, C. J. Cox Engineering Co., 65 Putnam avenue, Cambridge.

EXTENDED USE OF THE PUBLIC SCHOOLS

Mrs. Richard C. Cabot, 190 Marlboro street, Boston.

John Morton, 13 Merlin street, Dorchester.

Mrs. Jennie M. Studley, 90 Franklin street, Boston.

HOUSEHOLD ARTS IN HIGH SCHOOL

Miss Lilian V. Robinson, 18 West Cedar street, Boston.

Mrs. Retta C. Thomas, 683 Boylston street, Boston.

MECHANIC ARTS HIGH SCHOOL

Fred W. Rust, President, Rust Craft Publishers, Inc., 1000 Washington street, Boston.

MILITARY DRILL

Gen. John J. Sullivan, 42 Summer street, Boston.

SCHOOL HYGIENE

Murray P. Horwood, Ph.D., Assistant Professor of Public Health, Massachusetts Institute of Technology, Massachusetts avenue, Cambridge.

Robert B. Osgood, M. D., Professor of Orthopedic Surgery, Harvard Medical School (Office, 372 Marlboro street, Boston).

Edwin H. Place, M. D., Professor of Clinical Pediatrics, Harvard Medical School and Physician-in-Chief, Contagious Department, Boston City Hospital (Office, 745 Massachusetts avenue, Boston).

SPECIAL CLASSES

Judge Frederick B. Cabot, Juvenile Court, Boston

Mrs. Eva W. White, President, Women's Educational and Industrial Union, 264 Boylston street, Boston.

STATE-AIDED CLASSES, CONTINUATION SCHOOL

Martin T. Joyce, Secretary-Treasurer, Massachusetts Branch of American Federation of Labor, 11 Beacon street, Boston.

Waldo H. Rice, Vice President and General Manager, Samuel Ward Manufacturing Company 29 Melcher street, South Boston.

William F. Toohey, Employment Manager, Gillette Safety Razor Company, 15 West First street, South Boston.

TRADE SCHOOL FOR GIRLS

Miss Mildred A. Barber, 24 Joy street, Boston.

Michael H. Corcoran, Merchant, 31 Beach street, Boston

Miss Edith M. Howes, 57 Pleasant street, Brookline.

Mrs. John Van Vaerenewyck, Mechanic street, Foxboro.

VOCATIONAL GUIDANCE

Michael H. Corcoran, Merchant, 31 Beach street, Boston.

The appointments to the respective committees as submitted, were approved.

AMENDMENTS TO RULES

A communication was received from the Board of Superintendents, under the date of Nov. 17, 1930, recommending the passage of an accompanying order amending Section 80, paragraphs IV and XI of the rules.

Placed on file.

The following was offered:

ORDERED, That the rules are hereby amended as follows:

Sect. 80, paragraph IV. Strike out the paragraph which describes the additional requirements for candidates who elect the group in which salesmanship is the major subject, and substitute in place thereof the following:

A candidate who elects the group in which salesmanship is the major subject, shall have completed a course of not less than three hundred hours in salesmanship and allied subjects approved by the board of superintendents. A candidate who presents evidence of two years (seven hundred fifty hours a year) of successful teaching experience in stores, approved by the board of superintendents, may offer such experience as the equivalent of one of the required two years of teaching, provided that in every case a minimum of one year of teaching in a day high or day intermediate school shall be required.

The Board of Commissioners of School Buildings have reported favorably, and the School Committee,

acting thereon, have appropriated, under date of July 14th, 1930, for,

Item 35—Charles Sumner District, Roslindale: Plans for thirteen-classroom elementary school building on Poplar Street, corner of Dale Street.....\$8,000.00

and under date of July 29th, 1930, for

Item 60—Henry L. Higginson District, Roxbury: Plans for thirteen-classroom elementary school building with basement assembly room.....\$8,000.00

This Board reported to the School Committee that it believed that this amount would be sufficient for plans for each of these two buildings, on the supposition that the plans could be prepared in this office.

We are working on plans for three thirteen-classroom elementary school buildings. The buildings to be erected on the lots covered by the two above named items, 35 and 60, require special study on account of the character of the lots on which they are to be erected. We therefore believe that, in order to expedite the erection of these buildings, and to do everything that can be done to get the building on the market as soon as possible, we need further outside help.

We are therefore requesting the School Committee to transfer from money available an additional amount of \$4,000 for Item 35, and an additional amount of \$7,000 for Item 60, making the total amounts for the two items \$12,000 and \$15,000 respectively.

Respectfully submitted,
Board of Commissioners of School Buildings.

By Richard J. Lane, Chairman.
Placed on file.

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

Nov. 12, 1930.

School Committee of the City of Boston,

15 Beacon St.,
Boston, Mass.

Gentlemen:

At a meeting of the Board of Commissioners of School Buildings held on the 10th day of November, 1930, it was voted, acting under the provisions of Chapter 351 of the Acts of 1929, to approve the following proposed order, received from the School Committee in communication bearing date of November 5th, 1930:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-classroom addition to Thomas J. Kenny School.....\$4,000.00

TO

Item 35, 1930—Charles Sumner District, Roslindale: Plans for thirteen-classroom elementary school building on Poplar Street, corner of Dale Street.....\$4,000.00

The reasons for approving this proposed order have already been

set forth in a communication sent to the School Committee under date of November 3d, 1930.

Respectfully submitted,
Board of Commissioners of School Buildings,
By Richard J. Lane,
Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of June 3, 1929 (see p. 135), the following amount is hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 29, 1929—Minot District, Dorchester: Plans and construction of nine-classroom addition to Thomas J. Kenny School.....\$4,000.00

TO

Item 35, 1930—Charles Sumner District, Roslindale: Plans for thirteen-classroom elementary school building on Poplar Street, corner of Dale Street.....\$4,000.00

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

APPROPRIATIONS AND EXPENDITURES TO NOV. 1, 1930

A communication was received from the Business Manager, under date of Oct. 31, 1930, submitting a statement showing the appropriations, the expenditures and the balances for maintenance of the public schools for the first ten drafts of the current financial year, the expenditures for the first ten drafts of the financial year 1929, and the increases and decreases in the several items.

Placed on file.

APPOINTMENT TO PORTABLE

A communication was received from the Schoolhouse Custodian, under date of Nov. 17, 1930, recommending that Walter S. Harvey, custodian, Ellen H. Richards School-house, be also appointed to Portable No. 146, located in the yard of that school, to take effect Sept. 12, 1930.

Placed on file and the appointment approved, to take effect on the date stated.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Nov. 17, 1930, recommending that Charles N. Philbrick, custodian, James A. Garfield School-house, be granted leave of absence on one-half net compensation for the period Oct. 22, 1930 to Nov. 15, 1930, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

COMPENSATION FOR CUSTODIAN, EDUCATIONAL EXHIBIT

A communication was received from the Schoolhouse Custodian, under date of Nov. 17, 1930, recommending that the custodian of the High School of Commerce be compensated in accordance with the Summer Review School schedule for the period during which that school was used for educational purposes during the summer, upon certification of such services by the teacher in charge of said activities.

Placed on file.

On motion, it was

ORDERED, That the custodian of the High School of Commerce be compensated in accordance with

the schedule established for summer review schools for the period during which that building was used for educational purposes during the summer upon certification of such services by the teacher in charge of said activities.

REDUCTION IN QUOTA OF PUPILS TO A TEACHER IN ELEMENTARY SCHOOLS.

Dr. Lyons: I have been interested for some time in a study of the bases of appointment of teachers in the three principal divisions of our school system—high, intermediate, and elementary.

I. In the high school the method used is the pupil-hour basis. For example, the normal teaching load of a man teacher is 32 pupils for 24 periods, or $24 \times 32 = 768$ pupil hours. For the woman teacher the normal load is 32 pupils for 22 periods or 704 pupil hours.

II. In the intermediate school teachers are appointed on the basis of 35 pupils per teacher. The number of periods taught per week is generally between 27 and 32.

III. In the elementary schools, Grade I calls for 40 pupils per teacher, while Grades II to VI, inclusive, require 42 pupils per teacher. In some cases I know of, in fact many cases, we have forty-seven or forty-eight to fifty pupils to a teacher.

Thus, in those grades where children are youngest and presumably need more individual instruction and training the load of the teacher is greatest.

In the past the teaching load has been gradually reduced but in my opinion it has not gone far enough, particularly in the elementary school.

In brief, the proposition which I desire to place before you is to reduce the quota of pupils per teacher in Grades I to VI, inclusive, to 35.

Such a proposition, of course would require additional funds, but the educational advantages which it offers would, in my opinion, more than justify the additional cost.

I realize that a study of each school district would be necessary in order to determine what additional accommodations would be needed and to determine how many additional teachers could be appointed.

Such a study, however, could be made on the basis of the October reports and would furnish the Committee with the accommodations now available, the additional accommodations needed, and the approximate cost for additional teachers.

This plan, I believe, is educationally sound.

The highest per cent of retardation is in the lower grades and fewer pupils per teacher would undoubtedly reduce this materially.

Teachers in the lower grades must provide the foundation work for all the pupils. The kind of teaching done here determines in great degree the future success of the child as he advances to the higher grades. Such a plan is likewise in accord with progressive educational practice.

The plans of course could not be put into complete operation at

once because it is concerned with new building projects and with alteration of existing buildings.

In many districts, however, immediate appointments could be made for the betterment of the instruction of the children.

There are on the eligible lists many well-qualified teachers available for immediate appointment who could supply the necessary teaching service.

New construction and alteration of existing buildings would furnish much needed employment, and in a work which will be of lasting benefit to the children in our schools.

For these reasons, briefly stated, I desire to offer the following order:

ORDERED, That the present quota of pupils per teacher in Grades I to VI, inclusive, be reduced to thirty-five.

Now we are, as everybody knows, faced with a crisis as far as unemployment is concerned. I am not a pessimist; on the contrary, I am a great optimist, but I see before us a very, very bad condition and I think it is generally recognized that it is not going to be corrected in the immediate future. It is a condition that it is going to take some time to correct. Now, in considering the unemployment situation, I don't think there is any class that is more deserving of help than the teaching force. I had a case only recently of a young teacher who has yet to earn her first pay teaching, who told me that she is the only support of a family in which the father has been unemployed for six months; and that is one of very many cases that have come to my attention and undoubtedly to the attention of other members of the Committee.

Now, then, it is in the hands of this Committee to bring about a great relief of unemployment in the teaching force. I think that we should do something about it now by a reduction of the quota in Grades I to VI to thirty-five pupils, which is the quota for the intermediate grades. That would help now. It would cut teaching load in Grades I to VI from forty to forty-two, forty-nine or fifty in some cases—to thirty-five, or one-eighth to one-sixth of the number of pupils now in Grades I to VI.

Now regarding again the unemployment situation: I believe the first objection to this cut would be, what to do with the children in order to get immediate relief of the unemployment among teachers. Well I consider it an emergency, a very great emergency, and so it is considered throughout the country. I saw in the morning paper where statistics compiled for the President show from three to four hundred thousand people idle during the month of September, and the number has since increased by leaps and bounds. In Boston we have seen, week in and week out, 1200 men in this section, 1500 in another, 300 nearby, and very recently, in fact last Saturday, one of our biggest factories gone, throwing out of employment two or three thousand people. I consider it a national as well as a local emergency. We are going to have very bad times this winter. I consider it an emergency. I

wouldn't be at all nonplussed in meeting the question of what we could do in case we made those classes smaller. In the first place, we have overlapping districts.

In one district we have vacant rooms; in the next district, overcrowded rooms. By overlapping, older children could be moved from one school to another—those to whom it would be the least hardship. We have also in many school buildings an auditorium, which is comfortable and well-heated, and if it were necessary to place in the auditorium one class, or two classes, which might be made necessary by smaller classes, I should not hesitate to place those classes in the auditorium where all things are equal. Last but not least, it will bring about—and in my opinion this unemployment situation is just starting and it is not going to be over in a short time, and I think everybody should do all within his power to alleviate the situation—it will provide this which is very important—it will force a continuance of our effort on a building program, if this Committee takes action here. The action which I suggest wouldn't of course give immediate relief, wouldn't give relief tomorrow. It would, however, give immediate relief to families represented by 150 to 200 school teachers. The greatest relief would come later in our huge building program. It would come there perhaps when most needed by means of the employment of all classes of skilled mechanics and labor, so that it would touch everybody at the time.

Of course money expended here in the City of Boston, whether here or from City Hall, belongs to the tax payers and to the citizens of Boston, and in answer to the question of where we are going to get money, I think there is nothing to do but do as we have done in the past—go to the Legislature. With the exception of the Girls' High School money, which has been tagged and set aside, I think we have used up within some \$300,000 of what we are entitled to appropriate, under present legislation. The decision, I know, would rest in the hands of the people, through the Legislature, to decide whether we were to continue the good work, and this school system has been under heavy criticism over a long period. There is an investigation now under way. We have had a survey made, as a result of which we are satisfied that we did all that we needed to do. As a result of the survey, through the appointment of the new Commission on School Buildings, we have effected savings which will amount to untold millions through the years, particularly if it remains in the hands of the type of man who heads it now, Louis K. Rourke, who has made tremendous savings of money of the tax payers in school-house construction.

Now, then, in any appearance before the Legislature—consider that the school system has been under fire—we have been time after time pointed out as not having produced the proper type of teachers as shown in examinations taken, etc., as reflected in the pupils, and with all these things considered, I think this is a very sound plan because it will permit of more individual

attention to the pupil, as is possible in private schools. And when we approach the Legislature it will be for the people, through the Legislature, to decide whether we are going to continue a sound school program, doing justice to all concerned, not only to the children who come first, but to the teaching force, and to the taxpayers of course, whether we will get sufficient of their money to appoint many more teachers in this city,—whether the money will be spent now to help the unemployment situation, or down through the years for projects that will not help the unemployment situation, such as the traffic problem which I am convinced will never be solved without a zoning law keeping machines out of this city. \$125,000,000 was proposed recently as a bond issue down through the years to take care of some traffic problems.

I don't think the Legislature can decide otherwise than to give to the people of Boston a sufficient amount of their money allotted to them to take care of their children—not only as pupils but as their teachers, and incidentally bringing to them the greatest results possible through a first-class educational system which I am proud to say I feel we have now, notwithstanding criticism to the contrary, but which nevertheless can be improved a great deal by some such action as I propose which will reduce the quota to a teacher and permit of more individual attention to the pupils, particularly in their formative years. If they don't get this attention and go into the high schools without that formative period properly cared for, the chances of success in the high school are lessened. It would improve matters generally and particularly now, considering the children first always; would help relieve the unemployment situation not only in the future as far as a building program will result, but immediately, now would aid this great number of first-class teachers here in the City of Boston who need help very badly.

So I present the following order:

ORDERED, That the present quota of pupils per teacher in Grades I to VI, inclusive, be reduced to thirty-five.

This is the first step. I appreciate it will need some thought, some planning on the part of educational authorities. I think the first step is up to this Committee tonight, passing this order. I think it is educationally sound. Then we will have time for action with the Board of Superintendents and our Superintendent of Schools to bring about results.

Chairman: Do you mean, Doctor, that by voting yes we declare ourselves in favor of the ideals set forth in the order, but not commit ourselves to the immediate execution of the order regardless of the amount of money available for the purpose or what the physical accommodations will be?

Dr. Lyons: I feel, first, that we can teach better fewer numbers than we can greater. I'd like to ask the Superintendent if that is sound educationally.

Superintendent: I think it is educationally sound, but I am afraid that on the financial end it is not so sound.

Dr. Lyons: At the present time we have this huge building program. You can now through overlapping at least, take care of some classes. We have some schools, just where I don't know at this moment, where you have three, four, or five vacant rooms, or at least some districts where you have one or two vacant rooms—but not many school buildings in all—rooms such as sewing rooms and the like. A teacher told me recently that in her building there was a room that was used only occasionally. If that condition exists in that school, it probably exists in other schools. Through overlapping and through using every available room, and if necessary using the auditoriums in this crisis as I see it, we will force sooner a building program. I still say that is the action I'd like to see this Committee take tonight. I believe that we are on the verge of a crisis and I think it is generally known that this school system is going ahead and trying to build up. It is very important that children in the lower grades get better preparation for high school, and I feel I am ready to go to the extreme limit, so far as it is economically possible, and let each step take care of itself as we reach it. So first, I'd like to see the policy established of reducing the number of pupils to a teacher in Grades I to VI to thirty-five; then let us at a future date take the other necessary steps.

Chairman: I'd like to say that I think we are all in favor of smaller classes—no exception to that. My problem comes in voting on this order tonight. I haven't sufficient data before me as to whether the changes which Dr. Lyons suggests can be brought about. I'd like to ask the Business Manager how much it is going to cost and other questions of like nature. I don't want to vote against the order. I am in favor of the spirit.

Dr. Lyons: Are we going to have a public meeting next week?

Chairman: I'd be perfectly willing to come in.

Dr. Lyons: I am satisfied to let the question go to the next meeting but I still wish to do and I am going to try to insist on doing something now for these unemployed teachers.

Chairman: No one will oppose you on that, and the order will go over to the next meeting.

Dr. Lyons: I feel there is plenty of opportunity to do it. We have been under pressure by the Finance Commission and others, and I don't think we have been appointing normally in the first place; and in the second place, whether we have or not, I think we can reduce the size of classes and put classes in the unoccupied rooms by overlapping districts. I think we should do that and provide for the good of the children first, and at the same time help those hundreds of young women and men who are seeking teaching employment. I think it is a case where this Committee can do something immediately and make actions talk instead of words.

Chairman: Our vote here tonight will not change the situation tomorrow.

Dr. Lyons: I would be very happy to postpone it until the next meeting when I will present it again, but not to postpone it indefinitely.

Chairman: The subject has been discussed before. I think the Superintendent has available sufficient data; also the Business Manager.

Superintendent: I think it is purely a financial question.

Dr. Lyons: May I ask the Superintendent now how much money is available for growth and expansion of teachers?

Superintendent: That depends upon the whole financial situation. I hope we will come through without being obliged to go to the Legislature. I think before you spend more money, you should go to the Legislature for funds.

Dr. Lyons: How much money have you now available, Mr. Business Manager?

Business Manager: The question you ask, Dr. Lyons, is how many more teachers could the Superintendent carry in connection with the provisions of this year's budget?

Dr. Lyons: And be financially sound at the present time.

Business Manager: One hundred fifty-four.

Chairman: Over and above the ones provided for in the budget?

Business Manager: My answer is that the Superintendent has made certain appointments up-to-date, and there have been resignations throughout the year. At the present time he could make one hundred fifty-four more appointments in addition to what he has made through this meeting and still live within the budgetary provisions for 1930.

Chairman: How about 1931?

Business Manager: There we are faced with a different problem. The balance at the end of 1930, plus whatever increase there may be because of increased valuation of the city—in 1931 there will be a small increase—and plus whatever balance the Department of School Buildings may come out with on repairs and alterations, would all affect your budget for 1931.

Chairman: If these appointments were made, would legislative action be required next year to carry us through next year?

Business Manager: Answering Dr. Lyons on reduction of the classes and expressing no opinion on the educational advantages, I think if we attempt that now we will mortgage the future by going beyond our present appropriating power.

Chairman: Could we do this: Make these appointments this year and not have to go to the Legislature in January to carry us through next year, in view of these appointments?

Business Manager: I believe we'd have to go to the Legislature if we made these appointments as the full cost of the salaries would be felt in 1931.

Dr. Lyons: Would we have to go to the Legislature anyway?

Business Manager: I don't think so. I think that as we are going now the chances are, with the prospective balance not only in our own appropriations but in the Department of School Buildings appropriations, we will not have to go to the Legislature in 1931, to provide for the cost of the system as it is presently organized.

Dr. Lyons: You think it won't be necessary at all to go to the Legislature this year?

Business Manager: That is my best judgment based on present conditions.

Chairman: In reaching that figure of one hundred fifty-four, does that include the appointments made tonight?

Business Manager: No. It is based on a communication I received today from the Superintendent of Schools.

Chairman: It was premised upon the fact that the appointments here submitted were to be made tonight?

Business Manager: For instance, there were in the elementary schools ninety-five positions that could not be filled this year because of falling off in numbers, and there are 59 positions throughout the system that cannot be filled because eligible lists are exhausted.

Dr. Lyons: May I ask the Superintendent, if, say thirty or forty appointments went through tonight?

Superintendent: I think about eighty-five appointments were submitted tonight.

Dr. Lyons: Would they be included in the one hundred fifty-four?

Superintendent: Apart from that.

Dr. Lyons: You could appoint one hundred fifty-four more?

Business Manager: Yes. And live within the present budget. But of course your budget for 1931 would be affected.

Dr. Lyons: That is one of the things I hold out for; that if we had to go to the Legislature in order to carry on in a better way, we are not going to be faced with any different condition than other city departments and state departments. They will be obliged to do the same thing. However, that is neither here nor there. I have submitted my case and will wait until the next meeting for action.

Mr. Gray: If Dr. Lyons wants to bring this up for a vote next week, I shall not be ready in a week to decide such an important problem. I sympathize with him in his desire to reduce the number of pupils to a class. In the last few years we have succeeded in doing that in the intermediate grades. I sympathize with him in the unemployment situation, but when it comes to reducing the number of pupils in Grades I to VI from forty and forty-two to thirty-five, we have obviously a huge increase in expense of the teaching force. You also are affecting every elementary school which is now built and built to accommodate forty-two children to a room, and you are further letting yourself in for a tremendous building program which doubtless is desirable but which should be very carefully thought out and planned for; and finally you are placing upon our educational authorities an enormous proposition organizationally. Fancy just reducing these classes while you are building a great many new schools. If action definitely is to be taken in a week, I might just as well say now that I would be opposed to doing it without very careful study.

Dr. Lyons: Mr. Gray, we admit that we have brought about a reduction in intermediate and high

schools. If it is logical there, there isn't any reason why it shouldn't be logical here. As far as the work entailed by our board of educators is concerned, it may be great but the problem is just as great here as it was in the intermediate schools—more important educationally because the formative stage is the period when a pupil should have attention. In regard to the expenditure of money, I would like to quote from a newspaper article which I read this morning: "The true test of the taxpayer and citizen is his support and attitude towards the public schools." So I believe that it is up to the people of Boston, by legislative action, to decide whether they want to live up to that principle, or whether they want their money to be frittered away and spent on things that are not as important as education.

Mrs. Pigeon: Appreciating very much indeed the feeling that Dr. Lyons has relative to the formative period of the children in the elementary schools, I feel that in order to give them the best that we can, realizing that all of us consider the child before all else, one big gesture toward that end would be a uniform salary schedule. I believe that would be a far stronger gesture than smaller classes.

Dr. Lyons: One more word in regard to expenditure of money by the people. If the unemployment situation isn't relieved, the people of this city and of the country will spend many times more than they might spend on public schools, in their dole systems—a million dollars has been appropriated to be spent, mind you, just for the remaining two months in the City of Boston—appropriated recently to cover the situation of the poor people of Boston for the remaining two months only. And that is only a drop in the bucket. People are not looking for charity, they want work. This applies to young men and women school teachers, many of whom have families depending on them, just as it does to laborers, mechanics, clerks, or artists.

Mr. Reilly: As the silent member of the School Committee, I wish to commend Dr. Lyons for his motion. I think it is a very laudable one in that it is a definite step, and it is something beyond the talk to which he refers, and the lack of action of which he makes mention. Tonight in conference we didn't reach all of the things that we had listed and I had a suggestion to make to this Committee for consideration at some time, either this evening or very soon with reference to the policy of appointments now in vogue, and it referred to alternating appointments between the current list and the examined list, when the current Teachers College list is opened. I just wish to interject this now because I didn't have a chance before so that it may be given dual consideration, or consideration with the motion of Dr. Lyons, to determine whether Dr. Lyons's motion is the best solution of the problem, or whether it is just one solution of the problem. With that thought in mind I will ask for consideration of the proposition which I have had in mind which will not achieve so completely the appoint-

ment of a large number of teachers but which may, in some cases, achieve the appointment of better teachers, the foremost thought being of course the welfare of the children. Therefore, I wish to have placed on the docket for the meeting next Monday or on the list of unfinished business, "The present policy of appointing and consideration of alternating appointments between the examined list and the current Teachers College list when the current list shall be opened."

Chairman: In that connection it should be said that the Superintendent has the statutory power of nomination and that we have only power to approve or disapprove his nominations and in a given case where the Superintendent, as tonight, has submitted for appointment names of candidates from so-called Teachers College prior lists, even though we think it might be well to give the examined list girls a chance, we cannot disapprove, unless we want to say that the teachers nominated are not qualified. I think it is for the Superintendent to consider, and not the Committee. We can be persuasive only, in any statement to the Superintendent, not mandatory. I make this statement because I see present some of the young ladies in question.

PETITION RELATING TO ADDITIONAL ACCOMMODATIONS IN FRANCIS PARKMAN DISTRICT.

Mr. Gray: Mr. Chairman, I would like to suggest, subject to the wishes of the other members, that we go ahead and hear the ladies and gentlemen who are present.

Mrs. Pigeon read the following petition from residents of the Francis Parkman section, which bears the signatures of 526 men and women of the section which were obtained within two days:

"We, the undersigned, recommend that the money which has been appropriated for a new school building in the Francis Parkman District be expended for an addition to the Francis Parkman School in order to:

1. Relieve the congestion that now exists in the Francis Parkman School.

2. Provide accommodations for children who are now obliged to pass the Francis Parkman School Building.

3. Provide accommodations for ninth grade classes, thus making the Francis Parkman District an Intermediate District on a par educationally with others in the city."

Chairman: I see no objections in taking the matter up in connection with the Parkman matter. Now can we go on? Is Mr. Toye the spokesman of your group?

Mr. Toye: I am not the spokesman of the group. I have a very open mind on the matter, except that I am very neighborly in my impulses.

Chairman: Is there any spokesman for the group?

Mr. Rose: Mr. Chairman, I am President of the Francis Parkman Parents' Association. The Francis Parkman Executive Board held a meeting November 6 and at that meeting we discussed affairs in

regard to the Francis Parkman School. The subject came up with regard to where the new school was to be put. They said that \$125,000 had been appropriated for the school in the Francis Parkman District. We argued back and forth to see if we could come to some conclusion as to where the best place would be to put the school. Then we discussed whether it would be a good idea to have the \$125,000 split up so as to have the new addition put on the Francis Parkman and one on the Seaver School. Now it is to be brought up at the regular meeting, which is tomorrow night. We thought we had better get a petition in first in order to present it to the Committee. As you will see, it took us but two days to get 526 names on the petition. We went around and visited most of the houses of the parents of children. We tried to get the people that had the largest families, and this morning I was talking with Mr. Houghton, the master of our school, and he said that he is in favor of having the Francis Parkman School enlarged, and also the Seaver School.

Chairman: So may I understand, Mr. Rose, that your organization has gone on record for an addition, not only to the Parkman but also to the Seaver School?

Mr. Rose: We went on record for an addition to the Francis Parkman instead of the Seaver.

Chairman: Was that put to a vote at the meeting of the Francis Parkman Parent-Teachers' Association?

Mr. Rose: Yes, it was.

Chairman: Was that vote unanimous?

Mr. Rose: Unanimous.

Chairman: Then it was a unanimous vote of the Francis Parkman Parent-Teachers' Association that the addition should be to the Parkman School rather than to the Seaver.

Mr. Farley: Mr. Chairman, Mr. Farley, representing the Francis Parkman Parent-Teachers' Association, I had the honor of presenting the petition to Dr. Burke and Mrs. Pigeon and as Mr. Rose said, the petition was gotten up in two days. It was unanimously decided at that meeting that we should ask this Committee for the entire appropriation for the Francis Parkman School, because of the fact that the emergency in the Francis Parkman School proper, exists now and the children are centered entirely around that school. There are about 45 or 50 children passing the Francis Parkman School to go down to the Seaver School, which is approximately a quarter of a mile distant from the Francis Parkman School, and we feel that if the entire appropriation is applied to the Seaver School on Eldridge Road it will necessitate approximately 150 of those small children going down past the Francis Parkman to the Seaver School.

The population in that school district is primarily around the Francis Parkman School because it is there that the tenement and apartment houses now exist. The children who live down near the Seaver School and the children who live perhaps a little to the south of the Seaver School, could come to the new addition if we get it to the Francis Parkman. However

there has been a proposition made by some of the others who are anxious to get the appropriation applied to the district, to divide the appropriation and put a small addition to the Seaver School and perhaps a little larger one to the Francis Parkman School. Mr. Houghton says that that probably would meet the requirements, but our desire is to establish a junior high school in the district if possible, and the only way that we see is to have the larger appropriation applied to the Francis Parkman School proper, and if the Committee is so advised by the others here, that they apply part of that appropriation for an addition to the Seaver School. I will admit that the new district around the Seaver School is growing and growing fast, but most of the houses that are being built are one-family houses and naturally that will not increase the pupils or children so much as an apartment house district does. The fact that 526 names were obtained from that particular district, shows that the addition is wanted in the Francis Parkman School proper.

Chairman: It is surprising the amount of misinformation a member of the School Committee receives. There was a gentleman in to see me the other day in regard to the children passing the Parkman School and going to the Seaver. He said that the Seaver is only half a block from the Francis Parkman School. That was not my impression, but he stated it very emphatically.

Representative McDonough: Mr. Chairman, Representative McDonough of Ward 11. I have an interest in this case because one of the precincts—15—represents 700 constituents in Ward 11.

Chairman: Where is that, Representative?

Representative McDonough: Takes in Tower, Woodlawn and part of Walk Hill Street up in the Forest Hills section. Now I want to say that I don't know who gave you those figures of the half a block, but I am interested in this subject because I think that the district lines are perhaps a little too far drawn and for that reason, several days ago, I put a speedometer reading of my machine on it, taking Tower Street, that block where the Madden Building is located, starting there on the opposite side because that happens to be a one way street. Going up, it was 4-10ths of a mile from Tower Street to the silent policeman, or the Woodlawn Street end of it. Continuing along, as a child might walk, it was 3-10ths of a mile from that silent policeman to the front door of the school on Eldridge Road, making a total of 7-10ths of a mile according to the speedometer reading, from Tower Street to the Seaver School. I want to point out that that does not take into account distances down side streets. I took a speedometer reading from the Agassiz School down to the new section behind the Arborway Station. Boys would have to walk 1 and 1-10ths miles to reach the Agassiz School, and girls would have to walk 8-10ths of a mile to reach the Bowditch School.

I think the best argument that is available on this very question could be brought about by the sug-

gestion of one of the members tonight—reducing the number of pupils per classroom. I have been generally interested in this whole project because of complaints of people in my district. Constituents of mine have come to me repeatedly whose children were forced to pass the Francis Parkman School to go over to the School on Washington Street, or to the Seaver School. Now the Washington Street situation is to be taken care of. All children in the district in the neighborhood of the Seaver School are now obliged to go to the Parkman School or to that other school. There are, to the best of my knowledge, some 35 to 50 children who have to pass the Parkman School up to the Seaver School. And I want to bring out this fact—that the lines as I have seen them are in my section too far drawn, and I mean to come down here again sometime asking for a new school, because we have a growing section. The situation there, as in the entire district, is overcrowded conditions in the schools. Another thing—the Pershing Road school is the nearest junior high and going out towards Roslindale, is the Washington Irving. So I am very seriously in favor of building an addition or perhaps a new section to the Francis Parkman School of 8 rooms. I understand it could be done and done very well and there is plenty of room and plenty of play space. You have several portables in the yard. If you remove those portables, and if it is possible to build up—and the fire people say, build up, you would have room.

I want to go on record as favoring more accommodations in the Francis Parkman School, primarily in cooperation with those people up there, but particularly for the people of precinct 15 whom I have the honor to represent in the Legislature.

Councillor Murray: Mr. Chairman, Councillor Murray of Ward 19. Might I say that I think that when this appropriation was prepared by this department or whatever department did it, the person who was responsible did not go out and find out how much money it was going to cost for this addition to the Seaver School. I have found out that you could put it on for about \$50,000. The place they should have started was in the Parkman School. I understand that you have \$125,000 for the Parkman District. If we are going to take it from information received, if it is going to cost \$55,000 to put the addition to the Seaver School, you can easily make an eight-room addition in the Francis Parkman School for \$70,000 or \$75,000, or are we going to borrow \$125,000 for the Seaver School and still pay interest on the \$75,000 until such time as the Building Commission turns it back? I think the solution here is that we erect both of these schools, starting on the Francis Parkman School first to relieve the situation for the little children, and then go along with the Seaver School, and I might ask the Superintendent "Can you do the both for \$125,000?"

Superintendent: I doubt it very much.

Councillor Murray: How much would it cost to do the Seaver School, may I ask, Mr. Chairman?

Superintendent: We have \$125,000 appropriated for nine rooms on the Seaver School.

Councillor Murray: And you are going to put a three-story building that we don't need there? We don't need nine rooms out there. Put an addition on there at \$55,000, and I have been led to believe that we can do it.

Chairman: I think, Councillor, you said you had some authority. May I ask who that authority was?

Councillor Murray: I don't think I want to say who it was.

Chairman: We have to take our figures on construction costs not from the Superintendent but from Superintendent Rourke who is in charge of construction. I would be very much interested to have that report from you.

Mr. Gray: Well, Mr. Chairman, nothing would be more desirable from our standpoint than to have something that would produce out of \$125,000 these two buildings.

Councillor Murray: If these two buildings could be produced out of \$125,000, would you do it?

Mr. Gray: I think that would help the solution. I am here to learn. I could not tell you right now, but I would like to know.

Councillor Murray: I am going to take the bull by the horns and ask the architect—

Mr. Cullen: The first schedule submitted called for an eight-room addition in the form of two wings on the old building. The approximate price of that building was \$50,000 and was submitted to Mr. Rourke and approved by him and sent to your Committee. They were changed so that the cost was doubled and it would cost \$125,000.

Chairman: You mean that Mr. Rourke has reported to us that the original eight-room addition in the form of two wings could be built for \$50,000?

Mr. Cullen: I submitted my figure to Mr. Rourke.

Chairman: I know that Mr. Rourke has substantially effected reductions in unit costs and has been turning back to us substantial sums of money because our appropriations have been based upon expenditures of the past. I would like to ask the Superintendent as to whether he has any idea as to whether these eight rooms could be built for \$50,000?

Superintendent: I don't know. I think it might be well for Mr. Cullen now to tell us what the proposed nine-room addition on the Seaver School will cost.

Mr. Cullen: The additional room, or the nine?

Superintendent: The nine rooms, in accordance with your recent plans.

Mr. Cullen: I have given you one solution of eight classrooms which will cost \$50,000. It has been changed. The cubage has been doubled.

Chairman: May I interrupt you for just a minute to make this statement before the citizens. That original eight-room building planned was disapproved by the Superintendent, which statutory right was conferred upon him by the last Legislature.

Councillor Murray: Might I ask Mr. Cullen this: You said eight rooms and you speak about nine rooms. How much would it then cost, over \$50,000? Do you think we could put an addition on the Francis Parkman of eight rooms?

Mr. Cullen: I know you could.

Chairman: Where would you put them?

Councillor Murray: I think the architect and our representatives found a place to put them.

Chairman: May I ask Mr. Cullen where would the addition be put on the Parkman?

Mr. Cullen: It could not be in the form of an addition, it would have to be in one side of the yard where the present portables are.

Chairman: Would that leave plenty of play space in the yard?

Mr. Cullen: Yes.

Councillor Murray: Where do you get your light from?

Mr. Cullen: Plenty of light in a separate building.

Representative McDonough: It was through my particular request that this particular location was looked over because I was informed that there was enough room, and from the layout, I am strongly convinced that there is plenty of room for another building.

Superintendent: Were you informed that you can only add two rooms to the present building?

Representative McDonough: I do not wish to get controversial with the Superintendent, but haven't you got two portable buildings there now?

Superintendent: Yes.

Representative McDonough: Well if you build on top of them and take out your space for your dressing rooms, etc., you could do it.

Superintendent: I would say you can't. I have been told by a reliable engineer that you only can make two rooms.

Representative McDonough: Let me put it the other way. You have got the present Francis Parkman School there now. If you build the length of that, can you get two rooms on the ground floor?

Superintendent: I don't think so, without interfering with the light and interior arrangements.

Representative McDonough: Will your Committee appoint a subcommittee and will you come out?

Superintendent: I will but I don't think I would know as much about it as the engineer who advised me. I assume that you know about as much as I do about it.

Representative McDonough: On the further side, looking towards Hyde Park Avenue, there is plenty of light on that side. If it is built there, where the portables are, you will surely have 25 feet of space for light on the other side. Now if it is built on the elevation, you will surely have plenty of light on the Patten Street side.

Superintendent: This is true—if the Committee goes ahead with the project and builds to the Seaver School, as they have planned, there is nothing to prevent them from making appropriation at the beginning of another year, if it is imperative that it be done, to give you what you want.

Representative McDonough: That is just what we don't want. We have the unemployment situation and we have the overcrowding. Now why should we pass it up to the other district?

Superintendent: I don't believe you have money enough to do both.

Chairman: Perhaps I can help out. You were a member of last year's legislature. Chapter 351 established by the Acts of last year's legislature, establishing a new Commission on School Buildings made several changes of law that should be noted here. The first was this,—that although up to that time the Superintendent of Schools could only express written opinion as to plans of school buildings submitted to him, he has now the statutory right to disapprove. Over and above that, the School Committee can pass no appropriation finally for any school building without first sending the prospective appropriation down to the Commission on School Buildings. You saw how it worked tonight on Charles-town. They send back to us written approval or disapproval. If they approve, we go ahead. Even if they disapprove, we can still go ahead, but the disapproval must be incorporated in the records. Even if we wanted to vote on this project tonight, we couldn't do it without sending it down for their approval. You have tied our hands.

Representative McDonough: Assuming that you could transfer—

Superintendent: Transfers as well as original appropriations must have their written endorsement.

Representative McDonough: Does the order call for an addition to the Seaver School, or does it call for an addition in the Francis Parkman District?

Superintendent: To the Seaver School.

Representative McDonough: In that case it has been said here that a plan has been submitted for an eight-room addition. I think the cost was low.

Chairman: That original eight-room plan will never come to the School Committee because the Superintendent disapproved it.

Councillor Murray: Mr. Chairman, did he disapprove it because he didn't feel it was right? Was it a case that he didn't figure right first and now wants to have a three-story building there so as to cover himself? I think that is the solution to the question. Somebody made a mistake.

Superintendent: Nobody contemplated putting a three-story building out there.

Chairman: I would like to point out that under the law, as Representative McDonough and his colleagues set it down—the School Committee hasn't even the power to find out whether the Superintendent was wise or unwise in disapproving the plans. He is the final arbiter.

Councillor Murray: Assuming that he was not, why have an architect go out and lay plans for something you are going to disregard later. Somebody was wrong at the startoff.

Chairman: That is a matter for the Legislature, Councillor. We don't hire architects. The School

Committee has nothing to do with architects. The Building Commission hires them. The Superintendent has the power to approve or disapprove the plans.

Councillor Murray: Who sets the money for plans?

Chairman: We appropriate. That is all we have to do.

Mr. Cullen: Mr. Chairman, have you ever had a legal interpretation of that law as to whether you have that power or not. Don't you think that it would be a good thing to get a legal interpretation—whether an educational man should pass on constructional matters.

Chairman: That is what the Legislature said. It is definite.

Mr. Cullen: I don't agree with you on your interpretation of the law. I disagree with you both in Section 6 and Section 8.

Chairman: How would you interpret them?

Mr. Cullen: I think Section 6 specifies and determines very clearly that the School Committee makes all orders with the approval of the Board of Commissioners and then it does say that the Superintendent of Construction shall not build or construct without the approval of the Superintendent of Schools; but I don't believe it is the intent of the law that he shall approve or that he shall order. I think the intent of the law is that he sends his written orders along, which I have been given. You have appropriating powers. He hasn't. He couldn't give orders.

Chairman: Have you in mind the history of the Acts of 1929. Prior to that time, the Superintendent had the power to express an opinion, but in 1929, if you were present at the hearing, it was plainly brought out that the purpose of this amendment was to give the Superintendent additional power over the plans; namely, not merely a signature, what he felt about it, but to veto plans.

Representative McDonough: Mr. Chairman, it seems to me that we are wasting time over a technicality rather than getting down to facts. I'd say this: if the School Committee or its agents are interested in the school children, let us find the best possible site and never mind technicalities. Why the Legislature put it so, means nothing to me. I am for the interests of these children. I am asking that this School Committee take into consideration the fact that we are bringing these things out for the benefit of the School Committee so that they may select the best possible site, that the interests of the children may be taken care of.

Mr. McNulty: Mr. Chairman, Mr. McNulty, past president of the Francis Parkman Parent-Teachers Association. I think this matter was introduced before your Committee in the form of a petition on which appear 526 names. It took about one and one-half hours to get 52 names and everybody seems in accordance with the petition, namely, that the Seaver School addition does not by any means remedy the situation. The only solution is that the addition be erected whether in the form of an addition or another building, in the vicinity of the Francis Parkman School. I have

a pretty good knowledge of what it means and how far a child has to go. The Seaver School addition will not remedy the situation. It does not afford the proper solution. As I say, this petition in its originality contains 526 names for a new building, or an addition, or whatever it may be, in the vicinity of the Francis Parkman School itself and no addition to the Seaver School.

Mr. Paraboschi: Mr. Chairman, I am a member of the Executive Board of the Francis Parkman Parent-Teachers' Association. In connection with this petition that has been filed with your Committee, it is my understanding that if a new building is erected at the Seaver School, the Washington Street School will be done away with. In that event, you are going to have children walking from beyond South Street up to the Seaver School which is located on Eldridge Road, a distance of almost a mile. I shouldn't want my children to walk that distance on a rainy morning or on a morning when snow has just stopped falling. I kept my young child away from school for a year because we lived too far from the school, just because of that condition. I have no children at the Francis Parkman School at the present time, but I am interested in the large number of children who reside in the so-called closely settled tenement district, comprised of three and six family houses where families have on an average six children. I don't think it is fair to have the children walk that distance, right by the Francis Parkman School where they rightfully belong.

I don't believe anyone who is here would care to walk that distance, in weather such as we had today. We have 55 or 60 children going to the Seaver School who rightfully belong in the Francis Parkman. We have two portable schoolhouses in the Francis Parkman yard. I am not an engineer nor a builder, but I can see where an addition could be built on the northwesterly side of the Francis Parkman School without interfering with the light of that building. I stand to be corrected in that respect because I am not an engineer or a builder. There is plenty of yard space, and still you have two portables. Why not remove them if you are going to spend \$125,000 for the erection of a school building adjoining the present Seaver School. Why not spend that amount by taking of land next to the Francis Parkman School. By doing that, you will concentrate a number of school children where they belong. In addition, it would give the district a junior high school, which is sorely needed. Any child going to the junior high school has to walk anywhere from a mile upward. The nearest one is down to the Jamaica Plain High School, either that or go to Hyde Park, or beyond Roslindale Square. The only thing I ask is that you give my remarks careful consideration.

Mr. Buckley: Mr. Chairman, Mr. T. M. Buckley. I have been a member of the Executive Committee of the Francis Parkman Parent-Teachers Association and was present at the meeting

mentioned by Mr. Rose in which the matter of the erection of an addition to the Francis Parkman School was discussed. There was nothing mentioned as to the Seaver School, the opinion being unanimous. The results of the meeting brought out that we would have petitions circulated and on the petition that Mrs. Pigeon read here tonight are 526 names. Are we doing justice to those people who carefully read this plea? They all carefully read it and signed their names. With the few who are here tonight, with all due respect to the previous speakers, I am wondering if we are doing justice to those people who signed that petition in agreeing to doing something other than that which they signed for. I have consulted with people, although I have three youngsters going to school, one to the Seaver and one to the Francis Parkman, and these people whom I consulted declared that there is ample room in the Seaver School for the children who belong in that neighborhood.

With all due respect to the previous speakers, I don't think any of them live in such close proximity to the Seaver School as I do, my home being about two hundred feet westerly diagonally from the school. It would seem to me that the petition should be carried out as the people wished it, or a new petition circulated to see if they wish the money divided, one-half to the Seaver or whatever the percentage may be, and the balance to the Francis Parkman; or the whole amount to the Francis Parkman. I, personally, am opposed to any addition to the Seaver School until they show me that it is necessary. As I understand it, there are several children now passing the Francis Parkman to go to the Seaver, whereas if adequate facilities were made at the Parkman no addition to the Seaver School would be needed. As to the increase in pupils that may occur at any time at the Seaver, my contention is that we wait to build our bridge when we come to it.

Chairman: You are in favor of whole diversion to the Francis Parkman School?

Mr. Buckley: Yes, sir.

Chairman: Is there anybody who thinks the addition to the Seaver School should be carried through?

Mr. Goodway: Mr. Chairman, John S. Goodway, I am a past president of the Francis Parkman Parent Teachers' Association for three years and I'd like to ask you, Mr. Chairman, if the vote taken by the Francis Parkman Association was a vote of the Association or a vote of the Executive Committee.

Mr. Farley: Mr. Chairman, I will answer that question. The vote in regard to this proposition was taken by the Executive Committee of the Francis Parkman Parent Teachers' Association, representing the entire Association, because we had no opportunity of holding a public meeting.

Chairman: How many are on that Committee?

Mr. Farley: There are twenty-one members on the Executive Board. There were at that meeting seventeen.

Chairman: Was it unanimous?

Mr. Farley: Yes.

Chairman: Tomorrow night it will come up before the entire Association?

Mr. Farley: Yes.

Mr. Goodway: I live in Forest Hills and have for a long time. There are two sides to every question and supposing that we assume the Seaver School is about where that table is located,—everyone here with the exception of Mr. Farley who lives on the street I am more or less interested in, lives on the other side of the school. Now the growth of Forest Hills must of necessity be below the Francis Parkman School. I understand that you have abandoned the Canterbury Street School. That means that children have to come from the other side of St. Michael's Cemetery, way around to the Seaver School, a long distance. There are going to be more children in that section. You already have two portables in the Seaver School. You have two at the Francis Parkman School. Doesn't it seem reasonable that you do need this help at the Seaver School, and isn't it true that you need help at the Francis Parkman School? I am for the Francis Parkman School, of course. I have three children who graduated from there. The district feels that it is the home school.

We all want to see it improved. We want a junior high school and at the same time we ought to be fair to the other end of the district. And if it is possible to give us eight rooms in the Seaver School for \$55,000, why not give it to us, and expend the balance on the Francis Parkman School. Why can't we have the eight rooms if \$55,000 will build them and why can't we have the rest in the other school? Why can't the \$125,000 be split and given to the Seaver School and to the Francis Parkman School? I understand that a similar school was built recently in West Roxbury for around \$52,000. If that can be done I hope the Committee will give it very good consideration.

Mr. Farley: Mr. Goodway speaks of an increase in the Seaver district but the increase now exists in the Francis Parkman School neighborhood. There is where the housing conditions are bad at the present time, and if later on the Seaver does get crowded, then give them help. I will reverse Mr. Goodway's lines and say: Give to the Parkman School and then give to the Seaver School, but let us help the Francis Parkman first because there is where the emergency is now and always will be.

Chairman: Mr. Brodhead, you have given this problem much thought. What are the factors that haven't been mentioned?

Mr. Brodhead: I think there was a little misunderstanding of the representative's suggestion. His suggestion was not a real addition but a separate building, detached, far enough away from the Francis Parkman so that there would be light and air between. Those that come from the Francis Parkman know that the building itself is rather unusually constructed inside, a great deal of up and down stairs for its capacity. It is my belief that the play space per pupil is no greater now than it should be

for a building of that size. If a building were erected, I think it would seriously intrude on that space. The portables intrude on the space now and whatever solution is reached would do away with the portables. Anything built on that side of the Francis Parkman School would be much below the level of the school, and it heated from the main structure there would be serious problems. An independent heating plant would be an additional expense.

I think the problem of the children from the Forest Hills terminal passing the Francis Parkman to go to the Seaver is rather far-fetched. The Superintendent has careful figures of a survey of all the children attending the Francis Parkman School who live between the Francis Parkman building and Forest Hills. Regardless of where they are attending school, they reside there. Until Dr. Lyons' suggestion is adopted for change in size of classes, we figure, and the Principal of the school agrees, that with the erection of the proposed additional accommodations at the Edwin P. Seaver School, all but eighty children of that area who live between the Francis Parkman and Forest Hills would be accommodated at the Francis Parkman School. If eighty children have to pass the Francis Parkman and go to the Seaver, they would be selected from the children who live within a block or two of the Francis Parkman School. The gentleman said it was three-tenths of a mile. If you add a block to that it is not an unreasonable distance for children to walk. Children are now passing the Seaver to go to the Parkman. Personally I believe two rooms could be built on the Francis Parkman, but I am no engineer. If that were done, no child would need to pass the Francis Parkman to go to the Seaver unless the district included ninth-grade classes. The Department of School Buildings, which must be our final engineering authority, has stated that it is unwise or impracticable to add to the Francis Parkman School, and I believe that a separate building would intrude on the play space and be expensive to administer. If we buy more land, it would need to be toward Hyde Park Avenue, which would probably be expensive, involving the removal of highly assessed property.

Chairman: What actuated the Board of Superintendents in recommending to the School Committee that there be an eight-room addition to the Seaver School?

Mr. Brodhead: The Seaver was built at a time when the Committee was erecting four-room buildings. More recently the plan has been to erect thirteen-room buildings. The Seaver was built so that there could be an addition, but it doesn't lend itself to as large an addition as eight rooms. There is vacant land adjoining which is not expensive. Then, as has been indicated, it was felt that there would be little if any more growth between Forest Hills and the Parkman School, but there would be considerable growth between the Francis Parkman and the south end of the district.

Chairman: At the Seaver there are now two portables. If you add eight or nine rooms would you fill it next September?

Mr. Brodhead: No.

Chairman: How many vacant rooms would there be?

Mr. Brodhead: Two or three to allow for growth.

Mr. Buckley: I'd like to ask Mr. Brodhead where these children are coming from to fill the Seaver School? Is it that we are just going ahead on something that we don't know is coming, or have you in mind the number of children who would fill these rooms.

Mr. Brodhead: We have two portables at each school. Four rooms right there. In addition most of the rooms in the district are overcrowded, not to mention the wooden building on Washington Street which we would like to abandon. So it seems as that there would be no unwise expenditure of money in providing these rooms. Both the schools on that side are overcrowded.

Representative McDonough: I would like to ask whether the Board of Superintendents thinks more of play space than education? We are not concerned with play, we are concerned with education.

Chairman: We place the educational needs first and the play space second. Are there any further factors which have not been mentioned which should be brought to the attention of the School Committee?

Mr. Brodhead: Tonight is the first time the addition of a ninth grade has been brought to our attention. The Board of Superintendents never considered that aspect, but certainly it wouldn't take any consideration on my part to say that if a ninth grade is added substantial additional accommodations at the Francis Parkman will be required in addition to additional accommodations at the Seaver.

Mr. Goodway: I understand that the Parkman School was built so that it could have one story added to the present building. I would just like to say that that has been mentioned in my hearing many times.

Chairman: That is a problem which I will exclude until we get some information. Are there any additional factors that haven't been brought to our attention. If not, the motion to adjourn may be in order.

The Committee adjourned.
Attest:

ELLEN M. CRONIN,

Secretary.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

SETTLEMENT OF BOSTON, 1630.

Effected by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7, (O. S.), 1630. This date was moved forward by the new style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

NEW ORLEANS BUILDING THREE NEW INCINERATORS.

Three new incinerators to cost a total of \$700,000 are under construction at New Orleans and will add appreciably to that city's sanitation system. This will make a total of five plants where garbage can be readily disposed of. The plants, according to Commissioner of Public Property John Klorer, will be equipped in the most scientific manner with special provision for the prevention of any smoke nuisance.

The incinerators are conveniently distributed about the city, one of the new ones being almost ready for use. The one now nearing completion can handle 170 tons of garbage every 16 hours with no odor escaping, and its stacks are 125 feet high.

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.

5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

CHICAGO POLICE ALLOW SPEED ON SAFETY BASIS.

Traffic police in Chicago have been ordered to make a "sane application" of the law on speeding, determining the relation of an automobile's speed to the hazards it may create, according to "Chicago Commerce," published by the Association of Commerce of that city.

Such an interpretation of the law is new to Chicago, but is based on the experience of Michigan police and of those in other states where speed limits have been legally removed in favor of the enforcement of cautious driving.

"The Illinois statute," states Police Commissioner William F. Russell, "makes it illegal to drive at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person."

"The following types of fast driving are particularly dangerous and must be stopped:

"Cutting in and out of traffic at excessive speed.

"Excessive speed while approaching or passing pedestrians in the street.

"Excessive speed while approaching an intersection where the view of the other street is obstructed.

"Driving at high speed on a boulevard or through street in such a manner as to prevent other drivers from entering or crossing the same after they have made the legal stop.

"Driving at excessive speed while turning a corner where pedestrians are crossing.

"Driving at excessive speed at any time where an accident results, causing injury to any person or property."

AUTOMOBILE FATALITIES.

Automobile fatalities for the months of January and February of this year, as compared with last year, decreased considerably in the cities and increased considerably in the towns and country, as indicated by the Nation-wide reports received by the National Safety Council.

These reports show that the cities had six per cent fewer automobile deaths this year than last year; 61 of the 90 cities that reported showed declines, or no changes at all, as compared with a year ago. But the state-wide reports received during the same period showed an increase of 11 per cent in fatal automobile accidents. In the total, there were an estimated 4,240 motor vehicle deaths during January and February of this year, as compared with 4,220 such fatalities during the same two months of last year.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

EXTRA WORK UNDER CONTRACT.

Samuel J. Tomasello has been directed to perform the following extra work under the contract for laying bitulithic pavement in Clematis street and Lafield street, dated November 13, 1930. Items ordered: Remove six trees where directed in Clematis street. Price to be paid: For each tree removed the sum of \$50. Estimated cost of extra work, \$300.

A. R. Doyle, Incorporated, has been directed to perform the following extra work under the contract for laying bitulithic pavement in Weld street, from Manthorne road to Maple street, dated November 10, 1930. Items ordered: Furnish and place cinders in roadway as directed in Weld street. Price to be paid: The sum of \$1.10 for each cubic yard of cinders furnished and placed. Estimated cost of extra work, \$60.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

PHYSICAL INSTRUCTOR, BOSTON PARK DEPARTMENT, DECEMBER 31, 1930.

Last date for filing, Wednesday, December 24, 1930, at 5 p. m.

Requisition is for a male but the examination is open to both males and females.

Salary: \$2,200 a year. There are two vacancies.

Duties: To teach calisthenics, gymnastics, apparatus work, games, and athletic activities. Applicants should have a general knowledge of first aid, life saving, boating and swimming.

Subjects and Weights: Training and experience, 4; practical questions, 3; oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

PARKING OF VEHICLES.

Voted, That parking of vehicles is prohibited in Leather square, both sides, effective December 15, 1930, for a period of six (6) months.

(Dec. 6-13.) JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

Voted,—The operator of a vehicle shall not make a left turn from Embankment road into Beacon street, nor easterly, for a period of six (6) months, effective December 15, 1930.

(Dec. 6-13.) JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN HUNNEWELL AVENUE, BRIGHTON; ATWILL ROAD, HALLIDAY STREET, PETREL ROAD, WEST ROXBURY; AND PLEASANT HILL AVENUE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,250 feet of 8-inch, 10-inch and 12-inch water pipe in Hunnewell avenue, Brighton; Atwill road, Halliday street, Petrel road, West Roxbury; and Pleasant Hill avenue, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of fifteen hundred (1,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Hunnewell Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, December 22, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN E. CARTY,
Acting Commissioner of Public Works.
(Dec. 13.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING MANURE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing manure from the stables and yards in the various divisions of the Public Works Department, between January 1, 1931, and December 31, 1931, and giving bond therefor of a surety company approved by the Commissioner in the sum of five hundred (500) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Manure," and left at Room 508, fifth floor, City Hall Annex, Boston, before 12 m. on Monday, December 22, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOHN E. CARTY,
Acting Commissioner of Public Works.
(Dec. 13.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 350,000 pounds, more or less, iron castings as follows:

350,000 pounds gate and hydrant castings.

Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at the office of the Supply Department, Room 801, City Hall Annex, on Friday, December 26, 1930, at 12 noon. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
Superintendent of Supplies.
(Dec. 13.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR REMOVING BUILDINGS FROM LINE OF TRAFFIC TUNNEL IN BOSTON PROPER AND EAST BOSTON.

The Transit Department of the City of Boston will receive proposals for the removal of one or more of the buildings from the line of the Traffic Tunnel in Boston proper and East Boston. A bond will be required in the sum of \$500 for each building upon which proposal is accepted for the faithful performance of the work. Proposals must be made in duplicate on forms which may be obtained at the office of the department where plans may be seen showing the locations of the buildings. Bids will be publicly opened at 12 o'clock noon, Monday, December 22, 1930, at the office of the Transit Department, 1 Beacon street. A certified check payable to the City of Boston for \$500 must accompany the proposal. The Department reserves the right to reject any or all proposals or parts of any proposal. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
Secretary.
(Dec. 6-13.)

REGISTRY DEPARTMENT, 1002 CITY HALL ANNEX.

NOTICE TO PHYSICIANS AND MIDWIVES.

Physicians and midwives can obtain blanks for return of births on application at this office or they will be mailed on request.

NOTICE TO PARENTS.

Parents can obtain blanks for return of births on application at this office, or they will be mailed on request.

REVISED LAWS, CHAPTER 29.

(Extract from Section 6.)

SECT. 6. Parents, within forty days after the birth of a child, shall cause notice thereof to be given to the clerk of the city or town in which such child is born.

The parent who neglects to give notice of a birth for ten days after the time limited therefor shall forfeit not more than five dollars for each offence.

SUPERINTENDENT'S CIRCULAR No. 31.

BOSTON PUBLIC SCHOOLS.

"Pupils admitted for the first time must present a birth certificate, baptismal record, official governmental passport, containing proof of age, or evidence satisfactory to the principal that none of these is obtainable.

The importance of a birth record is shown in the above regulations.

(Dec. 6-13.) J. J. MULVEY, Register.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

WATERPROOFING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing waterproofing work at the East Boston High School, White street, East Boston, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the sum of 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, at 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, December 22, 1930, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

LOUIS K. ROURKE,
(Dec. 13.) *Superintendent of Construction.*

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 400,000 pounds, more or less, iron castings, as follows:

400,000 pounds branches, curves, etc.

Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at the office of the Supply Department, Room 801, City Hall Annex, on Friday, December 26, 1930, at 12 noon. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS, FLANGED FRAMES, 9 BY 9.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 100,000 pounds, more or less, iron castings, consisting of flanger frames. Blank proposals to be obtained at the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., Friday, December 26, 1930, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Dec. 13.) *Superintendent of Supplies.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR LUMBER.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for Douglas fir or spruce and long leaf yellow pine lumber. A bond will be required in the sum of \$1,000 for the performance of the contract. Proposals may be obtained at the office of the Department. The bids will be publicly opened at 12 o'clock noon, Monday, December 29, 1930. A certified check for \$500, payable to the City of Boston must accompany the proposal. The Department reserves the right to reject any and all proposals. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(Dec. 13-20.) *Secretary.*

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1931. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month, five thousand one hundred and forty-five (5,145) pillow slips per month, nineteen hundred and seventeen (1,917) towels per month, one hundred and seven (107) bedspreads per month, blankets, gray and blue, one thousand (1,000) annually, blankets, red, eight hundred (800) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 22, 1930, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor at City Hall previous to the time stated for the opening of the bids; the other containing a certified check for two hundred (200) dollars made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner; said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

EDWARD F. McLAUGHLIN,
(Dec. 13-20.) *Fire Commissioner.*

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, December 10, 1930.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of land in the Dorchester district, as follows: A tract of land bounded by Morton street, as widened August 15, 1930, about 206 feet; by Pine Ridge road, about 360 feet; by a line 100 feet distant from and parallel with the westerly line of Gallivan Boulevard and running northerly from Pine Ridge road, about 405 feet; and by a line running westerly from the northerly end of said last described line about 129 feet to Morton street, as widened August 15, 1930, containing approximately 64,004 square feet, for school purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m., of December 30, 1930, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Dec. 13-20.) JOSEPH F. SULLIVAN,
Secretary.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

TRAFFIC REGULATIONS.

BOSTON, MASS., November 28, 1930.

The following traffic rules are adopted under the authority granted by chapter 263 of the Acts of the Massachusetts Legislature of 1929. These rules shall not affect any act done, any right accrued, any penalty incurred, any suit, prosecution, or proceeding pending under the provisions of previous rules.

Subject to these limitations, all rules and regulations of the city, heretofore in force, are repealed. These rules shall be effective on December 15, 1930.

DEFINITION OF TERMS.

SECTION 1.

Whenever in these regulations the following terms are used, they shall have the meanings respectively ascribed to them in this section.

Street.—Any way used for vehicular and pedestrian travel which has become public by authority of law.

Roadway.—That portion of a street between regularly established curb lines or that part devoted to vehicular traffic.

Sidewalk.—That portion of a street between curb lines and adjacent property lines.

Intersection.—The area embraced within the prolongation of the lateral boundary lines of two or more streets which join one another at an angle whether or not one such street crosses the other.

Crosswalk.—That portion of the roadway ordinarily included within the prolongation of curb and property lines at street intersections or that portion of a roadway clearly indicated for pedestrian crossing by lines marked on the surface.

Safety Zone.—The area or space officially set apart within a roadway for the exclusive use of pedestrians.

Loading Zone.—That portion of a roadway adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials, indicated by yellow paint applied to the adjacent curb, marking the limits of the reserved area, as authorized by the Boston Traffic Commission.

Vehicle.—Any contrivance on wheels or runners used in the roadways of streets for carrying persons or things.

Motor Vehicle.—Every vehicle, as herein defined, which is self propelled.

Street Car.—Every device traveling exclusively on rails when on or crossing a street other than cars or trains propelled or moved by steam.

Authorized Emergency Vehicles.—Boston Traffic Commission, Park, Police, Fire, Protective Department and United States mail vehicles, repair and emergency vehicles of municipal and public service corporations and ambulances.

Pedestrian.—Any person on foot.

Operator or Driver.—Any person who is in actual physical control of a vehicle.

Traffic.—Vehicles and street cars, either singly or together, while using any street for purposes of travel.

Parking.—The stopping or standing of a vehicle, whether attended or unattended, on a roadway otherwise than temporarily in obedience to traffic regulations, signs or signals.

Right-of-Way.—The privilege of the immediate use of the street or highway.

Legal Holidays.—January 1, February 22, April 19, May 30, July 4, First Monday of September, October 12, November 11, Thanksgiving Day and Christmas Day or the day following when any of the five days first mentioned, October 12, November 11 or Christmas Day, occurs on Sunday.

Official Traffic Signs.—All signs, signals and markings placed or erected by authority of the Boston Traffic Commission for the purpose of regulating or directing traffic.

Downtown Boston.—The district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles river and Charles River Basin.

Business Street.—A street where 50 per cent or more of the frontage thereon for a distance of 300 feet or more is occupied by buildings in use for business, and when so marked by the Boston Traffic Commission.

AUTHORITY OF POLICE.

SECTION 2. POLICE TO DIRECT TRAFFIC.

No person shall refuse or fail to comply with any lawful order, signal or direction of a police officer. In case of an emergency offering an immediate threat to public safety, police officers in regulating traffic may depart temporarily, as far as may be necessary, from the provisions set forth herein.

SECTION 3. EMERGENCY VEHICLES OPERATION.

The provisions of these regulations governing the movement, parking and standing of vehicles shall not apply to authorized emergency vehicles while the drivers of such emergency vehicles are operating the same in an emergency in the necessary performance of duties. Said emergency vehicles

shall have the right of way in any street and through any procession when operated in response to but not when returning from an emergency call.

TRAFFIC SIGNS, SIGNALS AND MARKINGS.

SECTION 4. TRAFFIC SIGNS, SIGNALS AND MARKINGS.

The Boston Traffic Commission shall determine and designate the character or type of all official warning and direction signs, signals and markings and the location thereof.

SECTION 5. OBEDIENCE TO TRAFFIC SIGNS AND SIGNALS.

It shall be unlawful for any operator of a vehicle or of a street car to disobey the instructions of any traffic control signal, traffic signs or markings on the street placed in accordance with the provisions of these regulations, unless otherwise directed by a police officer.

SECTION 6. TRAFFIC CONTROL SIGNAL LEGEND.

Wherever traffic control signals are installed alternately directing vehicular traffic to stop and to proceed by the showing of colored lights, said lights shall have the commands ascribed to them in this section, and no other meanings, and no driver of a vehicle shall fail to comply with said commands:

(1) **RED**. While the red lens is illuminated, no driver of a vehicle facing the signal shall enter the intersection, provided, however, that if a right or left green arrow lens is illuminated at the same time, a driver may enter the intersection to make the turn permitted by the arrow.

(2) **YELLOW**. While the yellow lens is illuminated, any waiting driver of a vehicle shall remain standing until the green lens is illuminated, and any driver of a vehicle approaching the intersection who can stop said vehicle with safety before reaching the intersection, or a marked stop line, shall stop at such point.

(3) **GREEN**. While the green lens is illuminated, any driver of a vehicle facing the signal shall proceed, subject to the safety of those who may have been in the intersection at the time the lens was illuminated.

(4) **RED AND YELLOW**. While the red and yellow lenses are illuminated simultaneously, no driver of a vehicle shall enter the intersection, and during such time the intersection is reserved for the exclusive use of pedestrians.

(5) **GREEN ARROW LENS**. When a right or left turn green arrow lens is incorporated in a signal, drivers facing said signal shall make a turn in the direction of such arrow only when such lens is illuminated.

(6) **FLASHING RED**. The red lens when illuminated with rapid intermittent flashes shall require drivers to come to a complete stop before entering the intersection and then proceed subject to the rights of pedestrians and vehicles lawfully within a crosswalk or the intersection at the time.

(7) **FLASHING YELLOW**. The yellow lens when illuminated with rapid intermittent flashes shall indicate the presence of danger, and shall permit drivers to proceed only with caution.

SECTION 7. DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS, DEVICES OR MARKINGS PROHIBITED.

It shall be unlawful for any person to place, maintain or to display, any unofficial sign, signal, device, or marking, which purports to be or is an imitation of or resembles an official traffic sign, signal, device or marking, or which attempts to direct the movement of traffic.

SECTION 8. INTERFERENCE WITH SIGNS, SIGNALS, DEVICES OR MARKINGS PROHIBITED.

It shall be unlawful for any person to wilfully deface, injure, move, obstruct, or interfere with any official traffic sign, signal, device or marking.

PEDESTRIANS' RIGHTS AND DUTIES.

SECTION 9. PEDESTRIANS' RIGHT-OF-WAY.

(1) The operator of any vehicle on any street shall yield the right-of-way to a pedestrian crossing the roadway within any clearly marked crosswalk or any regular pedestrian crossing included in the prolongation of the lateral boundary lines of the adjacent sidewalk at the end of a block.

(2) Whenever any vehicle has stopped at a marked crosswalk, or at any intersection, to permit a pedestrian to cross the roadway, no operator of any other vehicle approaching from the rear shall overtake and pass such stopped vehicle.

SECTION 10. PEDESTRIANS' RIGHTS AND DUTIES AT CONTROLLED INTERSECTIONS.

At intersections where traffic is controlled by stop and go signals, or by police officers, pedestrians and operators of vehicles shall obey the signals. Pedestrians who have started to cross the roadway on a proper signal shall have the right-of-way.

STREET CARS AND RAILROAD TRAINS.

SECTION 11. PASSING STREET CARS.

The operator of a vehicle shall not overtake and pass on the left any street car proceeding in the

same direction, when a passable portion of the roadway exists to the right of such street car, even though such portion of the roadway is occupied by traffic. This provision shall not apply to one-way streets.

SECTION 12. DRIVING ON STREET CAR TRACKS.

No operator of any vehicle proceeding on any street car tracks in front of a street car on a street shall fail to remove such vehicle from the tracks as soon as practicable after signal from the operator of said street car.

SECTION 13. DRIVER NOT TO CROSS AHEAD OF STREET CAR.

When a street car is moving within an intersection, no operator shall proceed onto the car tracks in front of the street car.

SECTION 14. DRIVING THROUGH SAFETY ZONES PROHIBITED.

No operator of a vehicle shall drive the same over or through a safety zone.

SECTION 15. RAILWAY TRAINS AND STREET CARS NOT TO BLOCK STREET.

No directing officer or operator of any steam or street railway train or car, shall operate or cause the same to be operated in such a manner as to prevent the use of any street for purposes of travel for a period of time longer than five minutes, except that this provision shall not apply to trains or cars in continuous motion.

STOPPING, STANDING AND PARKING.

SECTION 16. STOPPING PROHIBITED IN SPECIFIED PLACES.

No operator shall stop, stand or park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

- (1) Within an intersection;
- (2) On a crosswalk;
- (3) Between an established safety zone and the adjacent curb or within twenty feet of a point on the curb immediately opposite the end of a safety zone;
- (4) On the approach to an intersection within twenty feet of the intersection;
- (5) The space in front of, or within fifteen feet of, either wall of a fire station, on both sides of the street;
- (6) Within ten feet of a fire hydrant;
- (7) In front of a private driveway;
- (8) On a bridge, viaduct or the approach thereto, except in established loading zones.

SECTION 17. STANDING FOR LOADING OR UNLOADING ONLY IN CERTAIN PLACES.

(1) No operator shall stop, stand, or park any vehicle, except that vehicles with passenger registration may stop for not more than five minutes continuously for the loading or unloading of passengers, at any curb adjacent to the reservation side of a parkway, the entrances of a school, church, theater, hotel, hospital, railroad station, railway station, public building, or any place of public assemblage, provided that this regulation shall not apply to the service entrances to any such building.

(2) No operator shall stop, stand, or park any vehicle in any loading zone or in front of any loading platform, except that vehicles with passenger registration may stand for not more than five minutes continuously for the loading or unloading of passengers, and vehicles with commercial registration may stand for not more than twenty minutes continuously for the loading or unloading of materials.

(3) No operator shall stop, stand, or park any vehicle with passenger registration for more than five minutes continuously for the loading or unloading of passengers, nor any vehicle with commercial registration for more than twenty minutes continuously for the loading or unloading of materials in the following places:

- Albany street:
Both sides, from Kneeland street to Harvard street.

Washington Street North:
East side, from Causeway street to Haymarket square.

SECTION 18. PARKING TIME LIMITED.

Except as otherwise provided, no operator shall park any vehicle between the hours of 7 o'clock a. m. and 6 o'clock p. m. of any day, except Sundays and legal holidays, on any street for a period of time longer than one hour.

SECTION 19. ALL NIGHT PARKING PROHIBITED.

No operator shall park any vehicle on any street for a period of time longer than one hour between the hours of 1 o'clock a. m. and 7 o'clock a. m. of any day.

SECTION 20. UNRESTRICTED PARKING IN SPECIFIED PLACES.

Subject to sections 16 and 17, and between the hours of 10 o'clock a. m. and 1 o'clock a. m., vehicles may be parked without time limit in the following

places and in the manner specified, provided that between the hours of 1 o'clock a. m. and 10 o'clock a. m. no operator shall stand a vehicle in any such place except that vehicles with passenger registration may be placed for not more than five minutes continuously for the loading or unloading of passengers and vehicles with commercial registration may be placed for not more than twenty minutes continuously for the loading or unloading of materials:

Charles street:

Both sides, between Boylston street and Beacon street, the vehicles to be placed with both right wheels to the curb or edge of the roadway.

Dorchester avenue:

Fort Point Channel side, between Congress street and Fort Point Channel drawbridge, and on the west side between the southerly end of the South Station and the Fort Point Channel drawbridge, the vehicles to be placed at an angle of forty-five degrees to the curb and with the rear right wheel to the curb.

State street:

In the center, from the subway structure in a westerly direction, within the lines indicated.

SECTION 21. LIVE PARKING.

Subject to sections 16 and 17, and between the hours of 7 o'clock a. m. and 6 o'clock p. m. of any day, except Sundays and legal holidays, no vehicle shall be parked on Tremont street, on the west side, between the head of Winter street and Boylston street, unless the same is in direct charge of a licensed operator.

SECTION 22. PARKING CLOSE TO CURB; ANGLE PARKING; OBSTRUCTION BY PARKING.

(1) Except as otherwise provided or when necessary in obedience to traffic regulations, traffic signs or signals, no operator shall stop, stand or park any vehicle in the roadway other than parallel with the edge of the roadway, headed in the direction of traffic, and with both right wheels of the vehicle within one foot of the edge of the roadway or curb.

(2) On streets which have been marked or signed for angle parking vehicles shall be parked at the angle to the curb indicated by such marks or signs.

(3) Vehicles used for the transportation of merchandise or materials in downtown Boston or in any business street as defined herein may not back to the curb to take on or discharge loads, unless the owner of such vehicle is authorized by the Boston Traffic Commission, and provided, further, that such authority shall be either in the possession of the operator or on the vehicle at the time such vehicle is backed against the curb to take on or discharge a load, and no owner or operator shall violate any of the special terms or conditions of such authority.

(4) No operator shall park any vehicle in such a manner as to obstruct the movement of any street car, nor under any condition when the parking of said vehicle leaves less than ten feet of the width of the roadway available for the passage of traffic.

(5) Subject to the provisions of Sections 16 and 17, vehicles shall be placed at an angle of forty-five degrees to the curb with right rear wheel to the curb:

On Deerfield street, east side from Commonwealth avenue to Bay State road.

On Beacon street, in bridge path, from Audubon road to St. Mary's street, with right rear wheel in the gutter of Beacon street.

On Hyde Park avenue, west side, from River street to Pine street.

On Commonwealth avenue, north side of North Drive, from Cottage Farm Bridge to Brighton avenue.

SECTION 23. RESTRICTED USE OF CERTAIN STREETS.

Between the hours of 9 o'clock a. m. and 5.30 o'clock p. m. in the following named streets there shall be no delivery or collection of coal, fuel, oil, ice, barrels, kegs, empty cases or boxes; nor the collection of garbage, refuse or waste materials; nor any collection or delivery of goods or materials of any kind which requires a vehicle being backed to the curb, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection:

Avon street.

Beacon street:

Between Park and Tremont streets.

Boylston street:

Between Washington and Arlington streets.

Bromfield street.

Congress street:

Between Post Office Square and Dock square.

Court street:

Between Washington street and Scollay square.

La Grange street:

Between Washington and Tremont streets.

Mt. Vernon street:

Between Hancock and Charles streets.

School street.

Scollay square.

Temple place.

Tremont street:

Between Scollay square and Stuart street.

Washington street:

Between Stuart street and Haymarket square.

Water street:

Between Washington and Devonshire streets.

West street.

Winter street.

SECTION 24. STANDING FOR EXCHANGE OF GOODS.

No vehicle shall be stopped in a street for the purpose of exchanging goods or merchandise with any other vehicle at any place in downtown Boston. This rule shall not apply to Haymarket square, at the junction of Haverhill street and Washington street North, nor to Winthrop square, as near the center as possible within the limits marked, where vehicles may stand for the aforesaid purpose.

SECTION 25. STOPPING AND OPERATION OF BUSES.

No operator of an omnibus or other vehicle capable of carrying eight or more passengers from whom fare is collected shall stand such vehicle in a street unless to take on or let off a passenger, and then only at such places as may be designated by the Boston Traffic Commission and for such time as may be sufficient to enable the passenger to take his or her seat or to leave said omnibus or vehicle, and provided, further, that no operator of such vehicle shall operate it in a street other than that designated by the City Council or the Boston Traffic Commission.

SECTION 26. PARKING OF PUBLIC VEHICLES IN COURT SQUARE.

Vehicles owned by the City of Boston or used in the city service may be parked in Court square without time limit at the curbs next the City Hall Annex. Vehicles shall be placed with the left rear wheel to the curb within the lines indicated in the easterly arm, west side.

OPERATION OF VEHICLES.

SECTION 27. DRIVE ON RIGHT SIDE OF STREET.

Except on one-way streets, or where signs have been erected to the contrary, or when overtaking and passing another vehicle, the driver of a vehicle shall drive the same on the right half of the roadway and shall drive a slow moving vehicle as closely as possible to the right-hand edge or curb of the roadway unless it is impracticable to travel on such side of the street. An operator meeting an approaching vehicle shall pass on the right.

SECTION 28. DIVISIONS IN HIGHWAYS.

On a street divided by a parkway, grass plot, reserved space for street railway cars, viaduct, walk, sunken way, safety zone, subway or other structure, vehicles shall keep to the right of such division.

SECTION 29. OVERTAKING VEHICLES.

(1) The operator of any vehicle overtaking another vehicle proceeding in the same direction shall pass at a safe distance to the left thereof, and shall not cut in ahead of the latter until safely clear of the overtaken vehicle.

(2) The operator of a vehicle shall not drive to the left side of the center line of the passable portion of a roadway in overtaking and passing another vehicle proceeding in the same direction until such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be made in safety, nor in any case within fifty feet of a street intersection. The foregoing provision of this section shall not be deemed to be applicable on one-way streets, nor on streets laned for traffic, in which latter event vehicles traveling in lanes shall move in the direction designated in such lanes.

(3) The driver of a vehicle shall not overtake and pass any other vehicle proceeding in the same direction at any intersection of streets, except that this provision shall not apply at intersections where traffic is controlled by traffic stop and go signals, or by police officers.

(4) The operator of a vehicle shall not deviate from his direct line of travel without ascertaining that such movement can be made with safety to other vehicles approaching from the rear and about to overtake and pass such first mentioned vehicle. The operator of a vehicle about to be overtaken and passed by another vehicle approaching from the rear shall not wilfully obstruct the overtaking vehicle but shall give way as conditions permit, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

SECTION 30. LEFT TURNS REGULATED.

(1) The operator of a vehicle intending to turn to the left at an intersection, or into a driveway, shall approach the point of turning in the line of traffic to the right of, and next to the center of the roadway, unless otherwise directed by turning markers, or by a police officer, and the operator of a vehicle, in turning left at an intersection shall pass to the right of the center of the intersection before turning, unless otherwise directed by turning markers or by a police officer. On streets laned for traffic, and on one-way streets, left turns shall be made only from the left lane of traffic.

(2) The operator of a vehicle or street car intending to turn to the left at an intersection where traffic is controlled by stop and go signals,

or by a police officer, shall proceed on the go signal to make such left turn with proper care to avoid accident.

SECTION 31. LEFT TURNS PROHIBITED.

The operator of a vehicle shall not make a left turn from Tremont street into Boylston street; nor from Boylston street into Park square, southerly; nor from Tremont street into Park street, north-westerly; nor from Washington street or Hyde Park avenue into Asticou road; nor from Meridian street into Maverick street, easterly; nor from Maverick square into Maverick street, westerly; nor from Broadway into Dorchester avenue, southerly; nor from Devonshire street into State street, easterly; nor from Congress street into State street, westerly; nor from Massachusetts avenue into Beacon street, easterly; nor from Exchange place into Congress street, southerly.

SECTION 32. RIGHT TURNS REGULATED.

The operator of a vehicle intending to turn to the right at an intersection, or into a driveway, shall approach the point of turning in the line of traffic nearest the right-hand edge or curb of the roadway, and in turning, shall keep as closely as practicable to the right-hand curb or edge of the street. At intersections controlled by a police officer or traffic stop and go signal such right turn shall be made only on signal to proceed.

SECTION 33. TURNS RESTRICTED.

At any intersection where traffic is controlled by a stop and go signal, or by a police officer, no operator of a vehicle shall turn such vehicle at the intersection so as to proceed in the opposite direction.

SECTION 34. MID-BLOCK TURNS REGULATED.

No operator shall turn a vehicle so as to proceed in the opposite direction unless such turn can be made without backing, and without causing any approaching operator to slacken speed or change his course.

SECTION 35. OPERATION OF VEHICLES ON APPROACH OF AUTHORIZED EMERGENCY VEHICLES.

On the approach of any authorized emergency vehicle or vehicles giving audible signal by bell or siren, the driver of every other vehicle shall immediately drive the same to a position as near as possible and parallel to the right-hand edge or curb of the roadway clear of any intersection, and shall stop and remain in such position until the authorized emergency vehicle or vehicles shall have passed, unless otherwise directed by a police officer, and the operator of every street car shall immediately bring such car to a stop clear of any intersection and remain in such position until the authorized emergency vehicle shall have passed unless otherwise directed by a police officer.

SECTION 36. EMERGING FROM A PRIVATE DRIVEWAY.

The operator of a vehicle emerging from a driveway or garage shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any such driveway.

SECTION 37. THROUGH STREETS.

The following streets are hereby declared to constitute through streets:

Blue Hill avenue:

From Dudley street to the Boston-Milton line.

Commonwealth avenue:

From Arlington street to Brookline avenue.

Every operator of a vehicle, or street car, travelling on any street intersecting a through street, shall bring such vehicle, or street car, to a full stop before entering such through street, subject, however, to the direction of any stop and go signal, or any police officer at such intersection.

SECTION 38. ONE-WAY STREETS.

On the following streets, vehicular traffic shall move only in the direction indicated:

(1)

Albany street:

From Beach street to Broadway.

Arch street:

From Milk street to Summer street.

Ash street:

From Oak street to Bennet street.

Ashburton place:

From Somerset street to Bowdoin street.

(2) Subject to sections 16 and 17 of these regulations, the operator of a vehicle may stand the same at the curb on the right of one-way streets. Operators of vehicles with passenger registration may stand the same at the curb on the left of one-way streets for not more than five minutes continuously for the loading or unloading of passengers and operators of vehicles with commercial registration may stand the same at the curb on the left of one-way streets for not more than twenty minutes continuously for the loading or unloading of materials.

(3) On Northern avenue.—Vehicles other than motor vehicles crossing the bridge shall use the southerly span going east and the northerly span going west, keeping to the right thereof.

SECTION 39. VEHICLES TO OBSERVE MARKED ZONES.

Where traffic lanes have been marked on the roadway and signs have been erected instructing operators to keep in line, no operator shall fail to keep his vehicle within the designated boundaries.

MISCELLANEOUS PROVISIONS.

SECTION 40. BACKING AROUND CORNERS OR INTO INTERSECTIONS PROHIBITED.

No operator of any vehicle shall back such vehicle around a corner at an intersection, or into an intersection of streets.

SECTION 41. FOLLOWING FIRE APPARATUS PROHIBITED.

No operator of any vehicle, other than one on official business, shall follow any fire apparatus travelling in response to a fire alarm closer than six hundred feet or drive into or park any vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

SECTION 42. LOUD NOISES PROHIBITED.

No vehicle shall be operated on any street if such vehicle is so conditioned or loaded as to make an unreasonable or unnecessary noise, and no operator shall sound any horn otherwise than as a reasonable warning incidental to the operation of said vehicle.

SECTION 43. DANGEROUS VEHICLES.

No person shall operate any vehicle in such condition or so constructed or so loaded as to be likely to cause delay in traffic, or accident or injury to persons or property.

SECTION 44. SIZE OF HORSE-DRAWN VEHICLES RESTRICTED.

No person shall operate through any street any horse-drawn vehicle which, with its load, exceeds ten feet in width, or twenty-four feet six inches in length, measured from the end of the shaft to the extreme end of the side, nor any horse-drawn vehicle with a trailer, except as authorized by the Boston Traffic Commission.

SECTION 45. WARNINGS AT GARAGE EXITS REQUIRED.

Where buildings are used for the keeping of more than four motor vehicles and the exits therefrom are within ten feet of the line of a street, warning, by mechanical or electrical device visible for a distance of fifteen feet on either side of said exits, or by a bell or gong audible for a distance of fifteen feet on either side of said exits, or by a person stationed at said exits, shall be given when vehicles are about to leave such buildings.

SECTION 46. ADVERTISING VEHICLES REGULATED.

No person shall operate any vehicle designed or used primarily for purposes of advertising on any street in down town Boston.

SECTION 47. PERSONS RIDING BICYCLES OR ANIMALS TO OBEY TRAFFIC REGULATIONS.

Every person riding a bicycle or an animal on a street shall be subject to the provisions of these regulations applicable to the driver of any vehicle.

EXCLUSION OF VEHICLES.

SECTION 48. OPERATION OF COMMERCIAL VEHICLES RESTRICTED.

No commercial vehicle shall be operated on the following streets, provided that the restriction shall not apply to authorized emergency vehicles, to vehicles using said streets for the making of deliveries or collections or for the purpose of reaching a regular storage place located on said streets, to street repair vehicles of the City of Boston, nor to any commercial vehicle equipped with pneumatic tires, with a load capacity not over two and one-half tons, and without a trailer:

SECTION 49. EXCLUSION OF VEHICLES IN MARKET DISTRICT.

On Saturdays and the day immediately preceding a holiday, between the hours of 2 p.m. and 11 p.m., vehicles are excluded from Blackstone street between North street and Hanover street.

SECTION 50. PARK RULES.

Commercial vehicles are excluded from all parkways except the road from Forest Hills street to the entrance of Forest Hills Cemetery, Glen road, the road across the Riverway in extension of Bellevue street, the road across the Boylston Stone Bridge in the Fens, connecting Boylston street east of the Fens with Boylston street west of the Fens, but vehicles may use all parkways in going by the shortest route to the nearest public way to receive or deliver merchandise.

All motor vehicles are excluded from the Arnold Arboretum and Franklin Park, except from Glen road and the road from Forest Hills street to Morton street and the road from Forest Hills street to Columbia road in Franklin Park.

Vehicles with a seating capacity for more than eight passengers are excluded from all parkways.

PENALTIES.

SECTION 51.

Whoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding fifty dollars for each offence.

JOSEPH A. CONRY,
Commissioner.

PARK DEPARTMENT.

PROPOSALS FOR ILLUMINATED SIGN ON ROOF OF BUILDING AT THE BOSTON AIRPORT, EAST BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for "Illuminated Sign on Roof of Building at the Boston Airport, East Boston." Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Illuminated Sign on Roof of Building at the Boston Airport, East Boston," and left before 12 o'clock noon on Thursday, December 18, 1930, at the office of the Park Department with a certified check for \$500 payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HOFFENREFFER,
JOHN J. MARTIN,

(Dec. 6-13.) Commissioners.

PARK DEPARTMENT.

PROPOSALS FOR SHELTER AND REFRESHMENT BOOTH AT COLUMBUS PARK, SOUTH BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals to erect and complete, including all trades, a shelter and refreshment booth at Columbus Park, South Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. General contractors only will be furnished with plans. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Shelter and Refreshment Booth at Columbus Park, South Boston" and left before 12 o'clock noon on Thursday, December 18, 1930, at the office of the Park Department with a certified check for \$2,000 payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HOFFENREFFER,
JOHN J. MARTIN,

(Dec. 6-13.) Commissioners.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO GENERAL CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for making alterations on the eighth floor of City Hall Annex Building, including carpentry, masonry, plastering, painting, linoleum laying and electrical work, giving bond of a surety company satisfactory to the Superintendent in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 1005 City Hall Annex, properly filled out, signed by the bidder and left before 12 o'clock noon of Monday, December 15, 1930, at said office with a certified check for \$300, payable to and to become the property of the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other without the check to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Superintendent reserves the right to reject any or all proposals.

JOHN P. ENGLETT,
Superintendent of Public Buildings.
(Dec. 6-13.)

COUNTY OF SUFFOLK, JAIL IMPROVEMENTS, \$100,000.

Order of the City Council of Boston of July 22d, 1930. Payable \$5,000 annually, December 1st, 1931, to December 1st, 1950, inclusive.

\$1,200,000 SERIAL BONDS.

INTEREST AT THE RATE OF 3½ PER CENT PER ANNUM.

RECONSTRUCTION OF STREETS, ACT OF 1930, \$1,200,000.

Order of the City Council of Boston of June 3d, 1930. Payable \$240,000 annually, December 1st, 1931, to December 1st, 1935, inclusive.

All loans will be issued in Registered Bond Certificates of \$1,000 each, or any multiple thereof, and will be paid on the dates specified for each loan, all with interest payable semi-annually, on the first days of June and December in each year, at the office of the City Treasurer, Boston.

These Bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

The certificates will be dated December 1st, 1930, and will be ready for delivery and payment, December 30, 1930. Interest will begin December 1st, 1930, and will cease on the date on which the Bonds are payable.

Proposals must be sealed and addressed to Edmund L. Dolan, City Treasurer, Boston, Mass., endorsed "Treasurer for Loans," and clearly state whether for the whole or part of said loans, and, if for part, the amount. Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to 1 per cent of the amount of loans bid for, the check made payable to the City of Boston, Edmund L. Dolan, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loan or loans awarded, but no interest will be allowed thereon. All other checks or cash will be returned.

Accrued interest from December 1st, 1930, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Tuesday, December 16th, 1930, at 12 o'clock M. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

(Dec. 13.)

EDMUND L. DOLAN,
City Treasurer.

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 4,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaves on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	<u>\$5,139,000</u>

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

No. 51

CALLS FOR FEDERAL INDUSTRIAL PLANNING BOARD AS MEANS OF PREVENTING DEPRESSION PERIODS AND RELIEVING UNEMPLOYMENT AND MISERY IN UNITED STATES — MAYOR CURLEY'S ECONOMIC CONFERENCE ADOPTS RESOLUTION AND VOTES THAT HE SEND COPIES TO ALL MEMBERS OF CONGRESS.

Mayor James M. Curley, at the Economic Conference held at the Parker House on December 11, read to the assembly the following communication, which he proposes sending to all members of Congress from Massachusetts with reference to the establishing of a Federal Industrial Planning Board. The conference referred to is made up of the presidents of the leading colleges and universities in the Commonwealth, as well as the heads of the economic departments of such institutions, and the conference unanimously indorsed the proposal of Mayor Curley as above.

CITY OF BOSTON,
OFFICE OF THE MAYOR, December 11, 1930.

To all Members of Congress from Massachusetts.

HONORED SIR,—During the past three months weekly conferences have been held upon the question of establishing a Federal Industrial Planning Board. Those conferences have been attended by professors of economics representing the Massachusetts colleges, male and female, and the consensus of opinion, based on intensive study, favors the creation of a Federal Industrial Planning Board as a means of minimizing the effect or possibly preventing industrial depression with its toll of unemployment and misery in the United States.

The opinion of the conference is that a Federal Industrial Planning Board, non-partisan in character, the members of which are appointed entirely and exclusively on merit and unusual qualifications, should prove of material value to America and its people. Such a board with the official backing of the United States Government and relieved of the possibility of change in personnel due to changes in administration, should be in a position to coordinate federal activities, study and recommend major projects, and, in cooperation with the city, town and regional planning associations throughout the United States, develop one harmonious unit for the consideration of the future needs of our common country and its subdivisions.

It should be possible for a Federal Industrial Planning Board to determine upon and coordinate long-term programs of construction for all departments of the government and such Board should be of sufficient size to include representation from every section of America.

Through the instrumentality thus created a program anticipating the national requirements for the next quarter of a century should be possible and through this long-time planning so stabilize conditions in every field of activity as to result in a beneficial effect upon the entire cycle of business activity.

Federal planning would in substance be but an enlargement of the present sound policy of city planning which in European countries not only enjoys governmental sanction but is compulsory.

That Paris is today the Mecca of European tourists is due in large measure to the plan of Baron Haussman, and were the plans as recommended by Sir Christopher Wren adopted by London what is true of Paris today would be equally true of London.

The seed of city planning, as planted in the national capital a century and a half ago, is today bearing fruit in nearly seven hundred communities throughout the United States, but the work is in a measure unrelated and as a consequence not fully efficient. What the genius of Major Pierre Charles L'Enfant has made possible for America in the laying out of the national capital, which gives promise upon the fulfillment of his plans of being the most beautiful city in the world, is not beyond the bounds of possibility in the case of the nation itself.

From the latest reports available thirty-one states of the Union, the District of Columbia and the Territory of Hawaii have laws in effect that authorize planning.

What has proven of such tremendous benefit in the cases of the units of our country and of Europe should prove valuable in a larger measure in the case of the nation.

The recommendations made by such a planning board of carefully considered plans and programs of benefit to America and its people need not of necessity be accepted *in toto* by Congress, and unquestionably would not, but they would provide the harassed and overworked members of Congress, whose time is consumed in such large measure by the demands of their constituents, with accurate information upon which to determine the broad policies of national procedure.

In the event that a Federal Industrial Planning Board of this character had been functioning during the past twenty years, it is not unreasonable to believe that the present industrial depression, if not prevented, might at least have been rendered less injurious to the people.

In the past the task of developing our program of national activity along industrial lines has fallen automatically upon the shoulders of organized labor, but the present industrial depression has awakened the entire country to a realization of individual as well as national responsibility toward a solution of the question. In this crisis organized labor can be depended upon to cooperate with representatives of the educational and business world in creating an economic program which shall be for the permanent benefit of all the people.

(Continued on page 1976.)

"O Boston, fair City enthroned like a radiant queen.
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 22, at 2 p. m.
Special meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, December 22, at 6.30 o'clock p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth, avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 13, 1930:
Population estimated, July, 1930, United States Census estimate, 811,200; number of deaths (stillbirths excluded): Residents, 170; nonresidents, 42; total, 212.

Death rate per 1,000 of population:
All deaths, 13.59; nonresidents deducted, 10.90.

Death rate per 1,000 of population:
Last week, 11.28; corresponding week last year, 13.75.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 9; sixty years and over, 97. Total deaths: Male, 112; female, 100; deaths in hospitals and institutions, 114; deaths of colored, 6.

CALLS FOR SPEEDING UP OF GOVERNMENT CONSTRUCTION PROGRAM AND CUTTING OF RED TAPE AS MEANS OF RESTORING PROSPERITY TO COUNTRY AND SAVING EMPLOYMENT TO PEOPLE—DR. WILLIAM TRUFANT FOSTER ADDRESSES MAYOR CURLEY'S ECONOMIC CONFERENCE AT PARKER HOUSE.

At the economic conference called by Mayor James M. Curley on December 11, at the Parker House, Dr. William Trufant Foster, author of the "Road to Plenty," graduate of Harvard University, Director of the Pollock Foundation, and a member of the School Committee of Newton, Mass., said in part as follows:

Mr. Mayor, Ladies and Gentlemen.

I was down in that gloomy city of Washington, to which you recently referred, only a few days ago, and one of the Cabinet told me this story: He said a man was traveling on one of those branch line roads in the South when the train stopped. He called a porter and said, "What is the matter?" and the porter said, "There is a cow on the track." They got under way again slowly and before long stopped again. "What is the trouble now, porter?" The porter said, "A cow on the track, sir." They went along again slowly and for the third time came to a stop. The man again asked the porter, "What's the matter now?" and the porter said, "A cow on the track, sir." The man said, "What! another cow?" "No," said the porter, "the same cow."

I feel, as Mr. Curley said he felt lately on his visit to Washington, that somehow with this whole method of long-awaited planning of public works and the utilization of public expenditures for the prevention of depressions, that somehow or other there seems to be a cow on the track.

The resolution, which has been read to you here, is so admirably and clearly and concisely stated, so detailed and clear, and it seems to me true beyond the peradventure of argument. That sort of thing has been brought forward again and again to the attention of those who should assume leadership in the United States.

Not to go back over the history of the movement because the movement of the utilization of public works for this purpose is over one hundred years old, I will go back to two years ago last month, when there was a convention of governors in New Orleans. A plan was proposed to the convention in behalf of Mr. Hoover by Governor Brewster of Maine. I happen to know something about it, because Governor Brewster and myself and others were concerned with the preliminaries to this and because I was asked to go to New Orleans to answer the questions of the governors to the proposed plan, because after we had prepared the proposal to be presented to the governors we had already talked it over with Mr. Hoover, as it might be well to have him behind it.

A year before I spent three hours with President Hoover about the plan of a National Planning Board. The meeting was called for the express purpose of going over it with Mr. Hoover and Reed Smoot and the chairmen of the important committees of the House and Senate, as we expected Mr. Hoover would be the next President. I say this in passing because of what Mayor Curley has said of the need of renewed pressure. It was before them three years ago, and the present business depression was described to them and what would happen if something

was not done to prevent it. Governor Brewster took it up with President Hoover later on and got his approval to present it to the governors. He telegraphed Mr. Hoover his entire speech to the governors and it was before Mr. Hoover before he left to go to Palo Alto. On Armistice Day we received a telegram to present the plan before the governors as his plan and to ask for their cooperation with the Federal Government in bringing about adequate extension of public works in times of business depression. The plan was presented with only one governor opposing it. All the newspapers favored it. Everyone was satisfied that the Federal Government take the leadership. It was indorsed by President Hoover in his campaign speeches, and was indorsed by Mr. Mellon and indorsed by Mr. Coolidge, and was also a plank in the Democratic Party platform. There was no disagreement as to the soundness in either economics or finance.

We came along to the election and through the election and to the opening of Congress with no plan having been placed before Congress. There was a cow on the track. We went on and came to the beginning of the business depression. The onset of this business depression was previously evident in the indications four months before the stock market crash, and nothing was done. We came to the crash and Mr. Hoover promptly, as expected, invited leaders of all sorts to Washington to see what could be done. My impression is that he said acts speak louder than words. And the whole country applauded. The newspapers were unanimous in support of this plan. There was no opposition. For the first time in history we had prompt, aggressive, adequate, constructive leadership afforded the business depression. The country was for him, for the government, for the principle, for the action,—ready to support everything. There was no objection. For decades we had talked about less government in business and more business in government. Everyone was satisfied to have the government take leadership. What happened? Same old cow on the track. Nothing happened; words instead of acts, words, words, words. No action on the part of the government. There is only one agency in the world with adequate power and position to take leadership in a crisis of this magnitude and that is the leadership of the Federal Government. We had it in words but it was not followed up by action.

Mind you, in the business depression of 1920 wages fell off over \$7,000,000,000 in one year. We had reason to expect that if nothing adequate was done to stop the business depression wages would fall off more than that. The estimates of the Standard Statistics office are that they would fall off \$9,000,000,000. You cannot restore business to the level of one and a half years ago unless the \$9,000,000,000 in wages are brought back. They have got to be brought back to carry on the business of a year and half ago. The money was driven out of circulation by the action of the Federal Reserve

Board, and whether you agree it was wise action or not the fact remains it was the pressure and demand of the Federal Reserve System which took out of circulation several billions of dollars. It did not go from the stock market into business, it went from the stock market out of business. Until it comes back there is no hope for business prosperity.

What did the Federal Government do for its part of the program? The actual contracts awarded for public buildings in the first six months of this year were \$37,000,000. That was just contracts awarded not money put in circulation. In fact, they did virtually nothing, as far as a public building program is concerned. The net result of the public works altogether was that they spent about the same amount in the year of depression that they spent in the previous year of extreme prosperity. In other words the Federal Government did nothing for its part of the program. Following this we have an announcement from the White House, which we are supposed to applaud, that they succeeded in cutting down the proposed budget for the next twelve months by \$67,000,000. *Cutting it Down!* It ought not to be necessary to tell anybody that you can reduce expenditures on the one hand and increase them on the other. That you can put more money into circulation and at the same time reduce the flow of circulation. You cannot decrease wage payment and increase the money you expend.

What do you find now? In this morning's paper we find more of this terrible excitement in Congress upon the proposal to increase expenditures for public works and opposition to it. It seems as though it dawns on these people for the first time that if the Government spends \$100,000,000, it has to find it to spend. And yet this is the principle which two years ago they unanimously accepted. They agree in a period of prosperity that they must do so and so, but when the period of depression arrives they lose their nerve.

There is only one thing we lack in this country to restore business; we ought not to be content with the standard of living we had one year ago or the standard of employment. There is no sense in allowing 10,000,000 people in this country to get along with an expenditure less than any person in this room would have for his own family. There is no excuse for quibbling in a time like this. We have the raw materials; greater wealth; greater inventive power; more marvelous machinery; and the greatest productive power. We also have a system of bank credit capable of expansion to meet our needs. The resources are there; the gold is there. One of the troubles of the world is too much gold here. We have actually increased our idle sterile gold in the world today by \$300,000,000. It is hoarded in France and in America and in other countries of the world.

Nobody can say we are in the depression because men are too lazy. Human nature has not changed. We know people were willing to work a year and a half ago and

were successful in raising the standard of living 34 per cent over fifteen years ago. That was due to the people's ambition. The people of the United States are eager for work and willing for it. We have everything in the United States, the materials, the machines, the money, the men; what do we lack? Just one thing. *Adequate, constructive, courageous leadership.* Those upon whom the responsibility for leadership rests have failed us.

Take the "Buy Now" campaigns. They are good campaigns, I took part in them myself. We ought to have "Buy Now" campaigns. The wage earners would be better off if they spent more money. The well-to-do would be better off if they spent more money now. Of course there are some individuals who ought to save for their own good. These campaigns are of a good constructive character and sound and helpful. But how absurd it is to thrust the responsibility of pulling the nation out of the business depression upon you and me—upon the individual—as though it was his fault, as though he, with the money he has, could save the situation. He can help a little, but not much. Leadership we should have on the part of the Federal Government on a large scale to meet the emergency.

Senator Wagner introduced a bill two years ago for the expenditure of \$150,000,000 for public works in the event of depression—\$150,000,000 for public works for wages when wages have fallen off \$9,000,000,000. Many of us went to Washington and argued with the President and others in an endeavor to interest them to pay some attention to that bill, which was the only constructive measure offered at the time, but they would pay no attention to it.

When the depression came it was six months after the crash; ten months after the evidence of this depression was clearly visible in the index, I was called to Washington, to appear before a committee of the House, which was just beginning to consider this bill. What happened? They are still considering it. Not one dollar of the \$150,000,000 has been spent for public works. There was no other constructive program.

Congressman McLeod of Michigan introduced two years ago a bill which has all the essentials, precisely, of the plan of your resolution. (Mayor Curley's resolution.) Every member of the Senate and Congress was urged to consider that resolution. Not merely by writing and sending printed matter but by having someone who really could get in personal contact with each of them bring the matter to their personal attention, so that we know that it got to them. But the resolution was never brought forward.

We lack constructive leadership on the part of the Federal Government and the other group upon whom leadership rests, the bankers of the United States. Bankers as a whole have utterly failed us in the hour of our need. I went through all the speeches prepared and delivered at the annual meeting of the American Bankers Association. There was no constructive leadership expressed in the whole lot of them except backwards. The president of the American Bankers Association said the key note of this campaign shall be thrift. Thrift in the sense in which the French people are thrifty. We are going to induce our people to spend the way they do in France and the rest of the European countries—reduce our standard of living to fifty years ago. Real wages in the United States

are approximately three times as high in the United States as they are in France. Allowing for saving, if you carry out the proposal of the Bankers Association, it means reducing our standard to one third of what it is at the present time. In order to save money the president of the National Bank Division of the National Bankers Association said, "We must reduce our standard of living; we cannot hope to maintain our present standard against the rest of the world." Shortly after that the governor of the Federal Reserve Bank, at Atlanta, before the Investment Bankers Association, said, "Let us not fool ourselves; we have been living in an electric refrigerator—automobile era and the atmosphere of a Corona-Corona; we cannot go on, we must reduce our mode of living." The only leadership we got was backwards. We have machines and money, but don't know how to use them.

I made an address on this subject in which I said it was impossible for us as a country to save anything to advantage at the present time. As a country the only way was to increase spending and no other way, whether you like it or not. The *New York Times* did not want anybody to be corrupted by any fallacious theories. So they sent around reporters to the Mutual Savings Bank Association and President Wallace said: "It is very interesting, but fallacious." And he said the only thing the country can possibly do is to confine itself to buying necessities and put all the money in the savings bank. What does it mean if we follow them and reduce our standard of living? What do they propose doing? What are we going to do with the men thrown out of work? Set them to work making cotton cloth, boots and shoes? They would not do any such thing. You would have to begin to discharge more men who are producing these necessities, because you have curtailed the market for these necessities if you do what the bankers tell us.

What about capital? We have more capital in this country than necessary to maintain a standard of living higher than we have obtained. We have everything that is needed in the way of capital and equipment. Most of it, incidentally, was created with the encouragement of the bankers. Much of it is owned by the banks. If they persist they will own some more of it. Yet they tell us to scrap it. There is no leadership there; there is no understanding as to what it all involves. I want to get one point out right here. The things which so worry Governor Black of the Federal Reserve Bank of Atlanta—the automobiles, the refrigerator and the radio—are not horrible examples, they are inspiring examples. Our hope is to create more of them. That is the way we progressed in the past. Bankers have been generally wrong. Ten years ago they curtailed the credit to the automobile industry because, in their opinion, automobiles were luxuries. But the people went right ahead and bought more automobiles than ever. The automobile industry more than any other single factor is responsible for making this the most prosperous country in the world up to a year ago. With a given amount of money in circulation you can carry on a certain amount of business and no more.

The expansion of bank credit based upon that industry is largely responsible for the prosperity up to a year ago, and with the stimulation given to all the affiliated industries, succeeded in raising wages 34 per cent. And now they tell us we cannot hope to go on with these

debts hanging on our necks. That is an illusion of the bankers, an occupational disease,—financial myopia. We have no debts hanging around our necks. The average person of the United States is not in debt, not so much as a single 5-cent cigar. The people of the United States are not in debt to anybody for anything, on the contrary other nations owe the people and the Government of the United States approximately sixteen billion dollars. Of course some of us are in debt to each other or to the banks, and if we were not the banks would have to go out of business. The banks were far more prosperous when the standard of living was 34 per cent higher. If we reduce the standard of living the banks would be worse off. One failed today and a lot more will fail unless we get constructive leadership from the banks themselves. The facts show that they have not done anything on a large enough scale to bring back in circulation what the Federal Reserve Bank put out of circulation. One said at the convention "We also stand ready to serve." What good does it do to stand back and be ready to serve instead of assuming leadership? They do not see that the reason we have been prosperous is through our abilities to develop industries and increase the standard of living. Consumption has to keep up with production. The number of telephones in the United States today is 158 per thousand; in Great Britain only 38 per thousand. Items like that show why we are more prosperous. The United States developed the automobile industry to a point where one in every five people in the United States owns one. In Italy there is one automobile to every 339 people. The difference is not so much in desire to own as it is in the capacity for constructive leadership which we had in the automobile industry itself.

I would go so far as to say that we did not ride in automobiles because we were prosperous but that we were prosperous because we rode in automobiles.

We build a city, as the Mayor has said, through lack of planning, and suddenly we find that one out of every five has an automobile. Another thing is to proceed and reconstruct your cities. Take the tens of thousands of men who are all eager to work, widen your streets, build your subways, and instead of giving them charity give them jobs. Don't let anybody fool you that the program cannot be carried on because there is not enough to do in a business depression. You never have to waste money on employment.

The Federal Government has before it now concrete plans to take up the entire slack in employment, directly or indirectly. There has been no constructive leadership from anybody. The last time I saw Mr. Hoover he said, "Do you realize it takes time to get these projects ready?" and I said, "I told you that two years ago." I said it takes time to go from blue prospects to blueprints and from blueprints to blue overalls, and more time still to go from blue overalls to blue skies. At any rate it takes time. We have always known it takes time, that is why we began years ago to try to get a program laid down. Take this Post Office (Boston Post Office)—there is no excuse why the plans were not ready long ago. You have to have credit, money, and the authorization to use the credit which is always here, that of the people themselves. Once you have all that ready you can go ahead in a perfectly sound way. Wasting some money, of course, whether in

MAYOR CURLEY PAYS ELOQUENT TRIBUTE TO CONTRIBUTION OF JEWISH RACE TO AMERICAN PROGRESS IN PAST 275 YEARS — DELIVERS ORATION AT FANEUIL HALL MEETING AFTER PARKER HOUSE DINNER TO LEADERS OF GROUP IN BOSTON — LOYALTY TO NATION IS LAUDED.

In speaking at Faneuil Hall, Boston, on December 17, in connection with the 275th anniversary celebration of the first group of Jewish people settling in America, Mayor James M. Curley said in part as follows:

Mr. Chairman, Distinguished Guests, Ladies and Gentlemen.

It is altogether fitting and proper on an occasion of this kind that the official greetings of the City of Boston be extended, and I am indeed grateful for this opportunity.

The Pilgrim Fathers who came to these shores in 1620 sought freedom of religious thought and speech and the right of self-government, all of which had been denied them by their own country and government. These ideals and principles they had learned from the teachings of the Talmud. They were conversant with all the laws of Holy Writ and the teachings of the law-giver Moses. They were, as has been properly ascribed to them, Christian Israelites. They brought with them such names as Moses, Israel, Jacob, Ezekiel, and other Hebrew names. Their children bore these names. Their laws were fashioned after the laws of the Talmud and of Moses. It is true that there were no Jews on the Mayflower but they were there in spirit. Adams, the historian, said of the Pilgrims:

"Christ did, indeed, occupy a place in their theology but in spirit they may be considered as Jews and not Christians. Their God was the God of the Old Testament, their laws were the laws of the Old Testament, their guides to conduct were the characters of the Old Testament."

FIRST RECORD OF JEWS IN NEW ENGLAND.

It was through the Puritans that the great battle for tolerance of opinion and of speech was begun which made Boston famous as the Cradle of Liberty; and in this great conflict the Jew played his part.

The first record of Jews in New England deals with one Isaac Abrahams who in 1648 appeared before a notary in Boston to have him witness a bill of sale of his vessel which he sold to Robert Scott and John Cooke.

In 1649 one Solomon Franco arrived in Boston with a cargo consigned to Major-General Edward Gibbons.

In 1674 there was recorded in the first Boston tax list the name of Rowland Gideon (ye Jew), rated at eighteen shillings; and in 1675 there appears in the records of the local courts a lawsuit by one Barruth, a Jew.

Roger Williams, banished from Massachusetts by its General Court on September 2, 1635, for "new and dangerous opinions against the authority of magistrates," drifted to Rhode Island and established therein a pure democracy, where perfect liberty in matters of religious beliefs was granted. He maintained for every man the right of absolute freedom in matters of conscience, and for all faiths equal toleration. It is quite natural, therefore, that we find the Jews taking up a settlement in such a colony, and soon they started to take up their

abode in Rhode Island, coming from other cities in America and from various cities in Europe.

In 1658 we find fifteen Jewish families had settled in Newport and shortly afterwards many followed from New York and from the West Indies. We further find that many enterprising Jewish merchants, mostly refugees from Portugal, between 1740 and 1760, came to Newport and settled there. The outstanding families in this group were those of Rivera, Lopes, Hart, Seixas, Hays, Levi and Pollock. In 1745 Rivera introduced the manufacture of sperm oil, and shortly afterwards there were seventeen manufacturers of oil and candles in Newport.

Aaron Lopes was another great outstanding citizen of Newport. He engaged in foreign trade with European countries and was the owner of thirty vessels.

SETTLE AT NEWPORT.

The settlement of Jews in Newport continued steadily so that by the outbreak of the Revolution there were almost twelve hundred Jews residing there. These settlers established a congregation in Newport as early as 1658 and in 1677 we are informed they established their first cemetery. In 1760 the Rev. Isaac Touro became its rabbi and in 1762 they erected and furnished their first house of worship. Both this ancient synagogue and cemetery still stand as historic monuments to the faith and spirit and godliness of these early Jewish pioneers. It was to this synagogue that many of the great and illustrious men of the times, both Jews and Christians, came to visit and speak. George Washington, President of the United States, came to this synagogue in 1790. The General Assembly of Rhode Island met within its walls for the first time after the evacuation of Newport by the British in 1780. These Jews in Newport remained loyal to the Revolutionary cause and when the war broke out they closed their synagogue, gave up their work, joined the army, and were loyal American patriots. A large group of them came to Leicester, Mass., where they lived until after the close of the Revolution. The historian Washburn of Leicester speaks of these early Jewish settlers in this town as follows:

"Though differing from their neighbors in matters of religious faith, they won the confidence and esteem of all by the upright and honorable kindness and courtesy of their intercourse, and the liberality and public spirit which they evinced as citizens."

There were two great families linked with the early history of Newport and Boston — the Hays and the Touro families. Moses Michael Hays, the son of Judah Hays, came to Boston from Newport with his wife and family of six children and established a residence on Middle street, now known as Hanover street. Their home was the center for many of the cultured and educated people of the day. Their charity and benevolence were so well established in the community that frequently many of the poor families of the city came to their home for food. Moses Hays, in 1796, is recorded in the

Boston Directory as being engaged in the insurance business at No. 68 State street. He was one of the founders of the Massachusetts Bank and an organizer of a large trading company which carried on an extensive business with China. It was this company which opened the Chinese market to America and did so much to make possible the future building of America's merchant marine. In 1780 he is recorded as having been one of the contributors to Harvard College and was actively interested in the Charitable Fire Society in Boston and the Boston Marine Society. In 1782 he founded a Massachusetts lodge of Masons and was elected Grand Master in 1787. Joseph Warren and Paul Revere were senior and junior wardens of his lodge and served under him. Upon his death the *Columbian Sentinel*, a Boston newspaper, said,

"In the character of the deceased there is much worthy of our admiration, much for our imitation. Possessed by nature of a strong intellect, there was a vigor in his conception of men and things which gave a seeming asperity to his conversation which was ever frank and lucid. He walked abroad, fearing no man but loving all. Under his roof dwelt hospitality. It was an asylum of friendship, the mansion of peace. He was without guile, despised hypocrisy as he despised meanness. In his death society will mourn the loss of a most estimable citizen, his family the kindest of husbands, the most indulgent of fathers. Calm and without a sign he sunk in the bosom of his Father and our Father, of his God and our God."

OTHER OUTSTANDING JEWISH FIGURES.

The other outstanding Jewish figures of his time in America who originally hailed from New England was Judah Touro, a nephew of Moses Hays. He lived in Boston with his uncle and later moved to New Orleans where he became one of the leading merchants of his time and one of the great figures in the history of American Jewry, as well as one of its greatest philanthropists. He enlisted in the War of 1812 and was severely wounded in the defence of New Orleans. His philanthropies were confined to no one race or religion. When the Universalist Church in New Orleans was foreclosed, he purchased the property and returned it as a gift to its church members. He saved the Old Round Tower or Stone Hill in Newport from demolition by purchasing it and then presenting it as a gift to the City of Newport. He founded the New Orleans Workmen's House, contributed liberally to the Massachusetts Female Hospital, the Female Asylum, the Boys Asylum of Boston and the Red Wood Library of Newport, and many other social agencies. When he died in 1854 he gave his entire enormous fortune to charity.

When the Bunker Hill Monument was being erected, and it was apparent that the construction work could not proceed for lack of funds, he made the largest single donation for the further carrying on of this work, that of \$10,000, which

(Continued on page 1975.)

GOVERNMENT CONSTRUCTION.

(Continued from page 1972.)

depression or prosperity, everybody wastes money, you cannot spend it all wisely. There is just as much objection to wasting money with or without a plan. As I have said, if you plan ahead you never have to simply make jobs. In the way that Mayor Curley and you propose you will have men with self-respect plus the public works they have created, which are wealth, and mind you, a basis upon which taxes can be levied.

If we had spent an additional billion dollars on public works throughout the United States we would be able in the next ten years to pay that debt out of taxation with less burden on the taxpayers than they are going to have anyway. The burden of taxation is the important thing, not the number of dollars. The burden of taxation this year will be greater than last year.

I understand the administration has not even seen the wisdom of pushing forward the Mississippi River project as presented by Mayor Curley. They want to hold back and wait, apparently until we don't need the money or there are not enough men out of employment to spend it on. Then instead they propose, many of them, to pay doles or the equivalent.

The fact remains, under present conditions, you cannot save in any way except by diverting this tragic waste of materials, money and men and machines, to some form of public works.

Two years ago, the people of the United States warmly approved the policy of increased expenditures for public works in times of business depression.

Now, many of these people are amazed to find that there is no way of spending more money on public works, without spending more money.

The idea of expanding public works in order to create jobs is not a new one. It has been advocated a hundred times during the past hundred years.

In this country, however, the first dramatic proposal and nation-wide acceptance of the plan came two years ago. At that time, as nearly every one remembers, Mr. Hoover asked the governors of all the states to cooperate with the Federal Government in putting the plan into effect. Governor Brewster of Maine, speaking at the request of Mr. Hoover, emphasized the need of Federal leadership. His specific proposal was for increased expenditures amounting to three billion dollars.

Approval was nearly unanimous. Every governor at the Convention, except one, endorsed the plan. Of the newspaper discussions, only 3 per cent, by actual count, were opposed. The plan was also endorsed, the very day it was presented, by the unanimous vote of the American Federation of Labor.

As a matter of fact, economists, business men, statesmen, and labor leaders have recommended the plan over and over again. It was advocated in 1923 by the President's Conference on Employment, of which Mr. Hoover was chairman. Later on, it was endorsed by Mr. Coolidge and Mr. Mellon. Mr. Hoover specifically favored the policy in three of his speeches during the presidential campaign of 1928. Not to be outdone, the Democrats put the plan into their party platform.

In short, nearly everybody had agreed, in times of prosperity, that expenditures for public works should be largely increased in a time of depression.

But now that a time of depression has actually arrived, many of the staunch supporters of the policy have wobbled. They are shocked to find that the Government cannot spend more money, without having more money to spend. It seems to have dawned on them for the first time that the Government cannot spend an extra hundred million dollars, without raising an extra hundred million. Yet the policy is sound — just as sound as it was in the prosperous days before the wobbling began.

Calvin Coolidge says, "We have had too much Government action, with attendant publicity, proposing to cure human illness, which no government can cure."

It is true that we had too much Government action, last year, for the purpose of reducing the bank credit in circulation. But we have had too little Government action, this year, for the purpose of bringing the credit back.

Two years ago, the people were told that the Government would substantially increase expenditures for public works, as soon as business depression began. That would put money back into circulation. But the Government did no such thing. Federal expenditures on public works in the year of depression, ending June 30, 1930, were almost exactly the same as in the year of prosperity, ending June 30, 1929. That was too little Government action.

Instead of using surplus funds as pay rolls on public works, the Government used these funds to pay off debts. The amount so employed in the year of dejection, 1930, was actually 72 million dollars in excess of the amount so employed in the year of prosperity, 1929. That is unsound public policy. When the nation is in the throes of an unemployment crisis, surplus funds should be used to create jobs. We not only had too little Government action of that kind; we had no action at all.

Again, long before the crash in the stock market, a bill was introduced which provided for long-range planning of public works, and for increased expenditures in a period of suffering like the present. Congress merely talked about that bill for months and months. And every month the volume of money circulating in pay envelopes declined, while the volume of jobless men circulating among employment agencies increased. That, again, was too little Government action.

Thrift is sometimes wasteful. Right now, for the nation as a whole, thrift is very wasteful. The nation is saving money and wasting men. That kind of economy is rank extravagance.

Business is now 25 per cent below normal. With business at that low level for one year, the country would lose at least twenty billion dollars; twenty billions of wealth which the country is fully equipped to produce.

That wealth will not be produced until there is a market for it. We cannot use our productive equipment — our idle sons and machines — except by spending fifty million dollars a day more than we are now spending.

Right now, the more money we save, the more wealth we lose.

That does not excuse foolish spending. That does not justify any government — federal, state, or local — in employing men to do nothing.

The city which hired a squad of men to carry stones across the road, and then hired another squad to carry the stones back, suffered a stupid and needless waste.

President Hoover announces that he has cut 67 millions from the proposed federal budget. If he has cut out useless items, that is real economy. But if he has cut down total federal expenditures, that is real waste. This is no time for retrenchment. The true economy, in a business depression, is to make two useful outlays grow where one useless outlay grew before.

Now, at this time, real thrift consists in saving a public dollar on one item in the budget, and spending two public dollars on another item.

The time to cut down government expenditures is in the period of prosperity which will surely come, if we spend freely now.

The thriftiest kind of thrift is wise spending.

Now comes a proposal from Senator McNary of Oregon for the relief of the unemployed; let the Government pay them doles. Of course, he does not use the term "doles." He merely looks with favor on any plan for the Government "to appropriate adequate funds to be administered by the Red Cross." But what he means is doles.

The same idea was urged nearly a year ago by Senator Brookhart. He introduced a bill which called for a Federal appropriation of \$50,000,000 to be distributed among the unemployed.

But the unemployed do not want doles; they want jobs.

Moreover, doles do not cure the disease of unemployment; they aggravate the disease. The economic doctors in England have prescribed doles for years; only to find that the malady is spreading. In Germany, the number receiving doles increased last month by 92,000. The total is now over two million. Even Russia has abandoned dole payments.

Doles destroy self-respect and the will to work. Jobs create self-respect and the habit of work.

In any event, a \$50,000,000 grant would not go far. It would provide less than three dollars a week for six weeks, for three million of the unemployed.

Then, at the end of six weeks, where would the Government be? It would be face to face with a demand for more doles. For doles do not create jobs; they create loafers.

So we may say to Senator McNary precisely what we said to Senator Brookhart ten months ago. Speed up and enlarge the Government construction program. Cut the red tape. Abandon the penny-wise, pound-foolish policy. After wages have fallen off nine thousand million dollars in a single year, don't imagine that an appropriation of fifty million is "adequate funds." Increase employment in public works throughout the nation, with some reference to the magnitude of the problem.

Give the jobless millions what they want, Senator — Chores, not Charity.

ELEVATED OFFICIALS APPROVE GOVERNOR SQUARE EXTENSION.

William Barnard, Secretary of the Boston Elevated Board of Public Trustees, notified his Honor the Mayor that the Board of Public Trustees of the Boston Elevated Railway had a special meeting to consider Mayor Curley's plan for the proposed extension of the Governor square subway and voted, unanimously, to approve the plan in order that work may commence at once.

FANEUIL HALL ORATION.

(Continued from page 1973.)

Amos Lawrence equalled by another donation of similar size. When this monument was dedicated in 1843 the presiding officer at the dedication, praising both Lawrence and Touro, said:

"Amos and Judah — venerated names! Patriarch and prophet, press their equal claims, Christian and Jew, they carry out one plan For though of different faith, each is in heart a man."

I must refer also to the Pinto family who rendered valiant service in the Revolutionary War as volunteers in the Connecticut Regiment. So, too, must I refer to the great contribution to American Independence and freedom made by that great American patriot, Hiam Solomon, who gave so liberally of his money to the cause of the American Revolution, which I am informed has never been returned to him by our government.

These names are but a few of the large number of Jewish pioneers of America. Many thousands, yes, tens of thousands have come to our shores since they first came two hundred seventy-five years ago. Many came to this country fleeing from persecution and seeking the great freedom which this country offered to them. All have found a haven and home here and most of them have prospered and today hold high positions in the many walks of life of their communities. All of them, like the other peoples who have come to this land from European shores, have made and continue to make their contribution to the development, ideals and prosperity of this great country of ours.

Previous to the meeting the Mayor had arranged a banquet in tribute to the 275th anniversary of the settlement of Jews in the United States, at the Charles Dickens' Rooms, Parker House, Boston, Wednesday, December 17, at 5.30 p. m.

Guest list reservations at the head table were the following:

Hon. James M. Curley, Mayor of Boston, center.

Mr. Alexander Brin, editor and publisher of the *Jewish Advocate*, chairman of the committee on the observance of the 275th anniversary of the settlement of the Jews in the United States, first right.

National Commander-in-Chief Paul C. Wolman, Veterans of Foreign Wars of the United States, Baltimore, Md., first left.

Hon. Sol Bloom, member of Congress from the 19th New York district, associate director of the ceremonies in honor of the 200th anniversary of the birth of George Washington, second right.

Prof. Nathan Isaacs, Chair of Business Law, Harvard University, second left.

Rabbi Samuel J. Abrams, Beacon Street Temple, Brookline, third right.

Dr. Daniel L. Marsh, President of Boston University, third left.

Hon. Abraham E. Pinanski, Justice of the Massachusetts Superior Court, fourth right.

Hon. Gaspar G. Bacon, President of the Massachusetts Senate, fourth left.

Prof. Albert Bushnell Hart, Chair of History, Harvard University, historian of the ceremonies in honor of the 200th anniversary of the birth of George Washington, fifth right.

Mrs. Ely Feibelman, President of the Jewish Women's Organization, fifth left.

Mr. Albert A. Ginzberg, President of the Beth Israel Hospital, sixth right.

Hon. Samuel Silverman, Corporation Counsel, City of Boston, sixth left.

Miss Alice Stone Blackwell, journalist, honorary president of the League of Women Voters and translator of Hebrew poems and epics, seventh right.

Wiseman, Simon Vorenberg, Nathan Sallinger, Edward Rose, Charles A. Rome, William Penn, Israel Sack, Julius Meyer, Robert Silverman, Max Shoolman, Aaron Hershenson, Dr. Joseph Goldman, Arthur Rosenstein, I. Zarakov, Dr. William Koppel, Louis Greenberg, Abraham Alpert, Maurice Katz, Dr. Delbert Staley, Mr. Archibald Silverman, Mr. Joseph Brin, Mrs. Joseph Brin, Dora Wasserman Siegal, Mischa Titiev, Mr. A. Weisberg, Mrs. A. Weisberg.

MASTER BUILDERS' ASSOCIATION APPROVES THOROUGHFARE PLAN.

Mayor Curley, on December 11, received the following communication from Mr. William H. Sayward, Secretary and Treasurer, the Master Builders' Association of Boston:

The Board of Management of this association has had the very extensives "Report on a Thoroughfare Plan for Boston proposed by the City Planning Board," presented to it for consideration with the hope expressed that an opinion might be given to your Honor on the value of the suggestions comprehended in this report.

It would be impossible for this Board to digest this report in all particulars, but it is quite possible to indicate whether or not the principles comprehended in this thoroughfare plan should be supported by this association.

The Board, therefore, acting as the duly authorized medium of expression of the judgment of this association, desires to express its general approval of the principles which the Planning Board has been guided by in preparing this very exhaustive report.

This approval may be taken to lay special emphasis on the importance of the Central Artery as proposed in this report. The Board is glad to note that your Honor is sufficiently convinced of the importance of the recommendations made to warrant including in your legislative program for 1931 power to secure an appropriation to make possible an early start in carrying out this much needed work of relieving congestion in our city.

Respectfully submitted,

THE BOARD OF MANAGEMENT OF THE MASTER BUILDERS' ASSOCIATION OF BOSTON,

WILLIAM H. SAYWARD,
Secretary.

MAYOR CURLEY HONORARY PRESIDENT OF FIRE DEPARTMENT BAND.

Mayor Curley, on December 11, received the following communication from Mr. Russell Codman, Jr., Chairman, Board of Governors, Boston Fire Department Band, Incorporated:

"At a meeting of the Board of Governors of the Boston Fire Department Band, Incorporated, held last Wednesday at the Chamber of Commerce, it is my pleasure to inform you that you were unanimously selected as Honorary President of the Incorporated Band. The Executive Committee sincerely hopes that you will be able to attend the initial concert of the band at Jordan Hall on the evening of December 18, at eight-thirty, and we also earnestly request that you will be willing to make a short address upon this occasion."

BUSINESS IMPROVING.

His Honor the Mayor, on December 17, received the following communication from Willard J. Slagle, assistant to President of the Dewey and Almy Chemical Company of Cambridge:

DEAR SIR,—At the request of Mr. Frank B. Howland, who gave us the pleasure of a visit on the afternoon of December 9, we are writing this letter to outline a few of the facts as put before him at that time in regard to our personal business outlook and actual production structure changes which confirm that viewpoint.

Before discussing at any length in regard to firm activities, it might be well to state that our employees at the beginning of 1930 numbered 249 and now at the end of 1930 we find a total of 308 persons in our organization. This is entirely exclusive of any personnel which has been added from newly acquired plants and represents an increase at our Cambridge plant alone.

Those products which have constituted our principal sales for the past years of our incorporation have been practically normal when compared to sales of 1929 as a normal year. The seasonal variations and business fluctuations resulting therefrom have been decidedly average, and we feel extremely confident that neither the so-called depression nor present financial inactivity will cause any ultimate variation to a marked degree. As a matter of fact, rather than affiliating with the general business mood which has been broadcast as being so prevalent at this time, our company has been extremely active in expansion and in acquiring additional manufacturing facilities as well as adding to our present line of products, with the intention of not only increasing our sales volume but also with the viewpoint of eliminating any loss of sales volume which might result from seasonal fluctuation or specialized inactivity in any of our particular lines.

We have every confidence in the basic soundness of business at the present time as our expansion program suffices to readily show. Our growth has been rapid and I believe that we can truthfully say that it is largely due to the sound fundamentals which we attribute to industry of this type in New England.

Very sincerely yours,

WILLARD J. SLAGLE.

ECONOMIC CONFERENCE.*(Continued from page 1969.)*

The establishment of a Federal Industrial Planning Board should tend to shorten the sessions of Congress through the compilation of data available with reference to major national problems and, in the event that it possesses the merit which its proponents have every reason to believe it does, should prove invaluable to Congress and the American people.

Trusting that in your wisdom you may find it possible to aid in the enactment of this legislation, I beg to remain, for the Massachusetts Committee on the Stabilization of Industry.

Respectfully yours,

JAMES M. CURLEY, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Printing Department.

For the week ending Thursday, December 11:

William Hagan, pressfeeder, 3 hours, \$3.78; Peter Nelson, cylinder pressman, 3 hours, \$4.44. Total, \$8.22.

Public Buildings Department.

For the week ending Thursday, December 11:

John Brady, Hector Campbell, John Gabriel, Michael Joyce, Thomas Mulcahy, John Sullivan, Leo Callahan, John Foley, William Glennon, George Langhill, George Perry, ½ day, \$2.50 each; George Kerrigan, elevatorman, 1 day, \$5.48; Charles Cochrane, elevatorman, 5½ hours, \$3.86.

NO UNEMPLOYMENT CENSUS.

Mayor Curley, on December 12, received the following communication from Eugene C. Hultman, Police Commissioner of the City of Boston:

I beg to acknowledge your letter of December 4 inclosing copy of the following vote

"Voted, That the Police Commissioner be requested to have a census taken of the number of women and men who are out of work in Boston, who are unable to secure work, and who are willing and able to work."

passed by Mayor's Emergency Committee on Unemployment.

I referred this matter to the Superintendent of Police for investigation and report to me as to the method we should adopt in making this census. So far as I can find, the only other unemployment census which has been taken was in connection with the Police Listing in April, 1930.

In order to make a complete census it will be necessary to relieve practically all police officers now on day duty for a period of ten days, and necessary expense will be, to at least some degree, comparable with that entailed by the annual Police Listing in this city, which is between fifty and sixty thousand dollars, for clerical work and printing.

Further than that, in the present holiday season, the relinquishment of all other duties by police officers, and the absence of them from the streets for such a long period, might allow thieves, burglars, hold-up men, and other crooks, to have a free hand in the commission of crime.

Of course, I have no way of knowing how accurate a census the Emergency Committee on Unemployment desires. I know that the Public Employment Bureau together with the Overseers of Public Welfare have a very large amount of information on this subject, and undoubtedly could give a close proximation of the number unemployed at present in this city.

However, if you still desire that the Police Department should make this census and will advise me as to that effect, together with sufficient appropriation to do so, I shall be glad to have it done. I am offering this to you for your consideration, particularly in view of the fact that an elaborate census of this kind was taken last April in this city.

In reply to the above, Mayor Curley today wrote the Police Commissioner as follows:

"Replying to your communication of December 10 with reference to the probable cost of the police listing the unemployed, I beg to state that, in my opinion, the amount of fifty to sixty thousand dollars could better be expended in placing men at work or in purchasing materials rather than in procuring data that would be of questionable value even after being obtained. Under the circumstances it would be, in my opinion, inadvisable to do anything further in the matter."

SUGGESTS AID TO UNEMPLOYMENT.

Mayor Curley, on December 13, was in receipt of the following letter from Mrs. William Lowell Putnam, 49 Beacon street, Boston, a member of the Mayor's Committee on Unemployment.

December 12, 1930.

DEAR MR. MAYOR,—With regard to the Committee on Unemployment on which you have done me the honor to appoint me, I feel that one of the most important things which can be done by the members of your committee is to employ all the men and women whom they are in the habit of employing in

former years, and not to cut down on their help as has been done by some people in order to restrict their own expenses. Doubtless, when the unemployment situation becomes more acute and even more people are out of work than at present and have got to the end of their own resources, these unthinking folk will generously put their hands in their pockets and give handsomely to support these people, but how much better it would be if they would do their own job now in keeping these people from getting into such dire straits.

No self-respecting people want charity; they want work. They want to be able to earn the bread which they put into their families' mouths, and the clothes which they put upon their backs. I believe this so strongly myself that I never discharge any one in winter, but try to find work on my place for them because an honest workman doesn't want to be paid for loafing. This year I have tried to add at least 50 per cent to their number because I believe that this is common, human decency, if one can possibly afford it. I believe that this is the way to keep out of the unfortunate position resulting from the use of the dole. The dole is liked by the lazy and inefficient, but it is very easy for us all to become lazy and inefficient.

I therefore suggest that you ask the members of your committee to keep on their private pay roll all employees whom they are in the habit of employing, even if it necessitates making work for them. I think that if this is done and a manifesto sent out to the public by your committee, signed by every member pledging themselves to do this thing, it would have a great moral effect in stirring up those who have not seen their duty in quite this way, and do more good than anything else which your committee could do.

Very sincerely yours,

MRS. WILLIAM LOWELL PUTNAM.

BOSTON'S CREDIT RATING HIGH.

Mayor Curley, on December 16, issued the following statement:

The City Treasurer has informed me that the city today sold \$6,680,000 3½ and 4 per cent bonds to a syndicate headed by the First National Old Colony Corporation, on a bid of 100.039 for the entire issue.

On account of the financial conditions existing in connection with recent bond issues by municipalities, including some of the larger cities of the country, the excellent credit of Boston is again reflected in the sale of this bond issue at the rates of 3½ and 4 per cent.

The City of Boston is in a particularly excellent financial position in this year of depression, when so many cities are forced, due to nonpayment of taxes and demands for relief caused by the unemployment situation, to borrow on temporary loans that are to be paid in many cases almost a year hence.

The City of Boston, having borrowed twenty-two millions of dollars in temporary loans for this year, was able to pay all of them within the first week of October, and now at the close of the financial year can assure the taxpayers that there will be no temporary loans outstanding after having paid every known liability incurred during the year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 16 the Mayor approved a contract with Joseph A. Singarella for erecting and completing elementary school in the Charles Sumner District. Bids, opened December 11, were as follows:

Item 1.—Joseph A. Singarella, \$203,425; Shawmut Construction Company, \$215,000; W. and L. Engineering Company, \$219,648; Matthew Cummings Company, \$220,000; D'Amore Construction Company, \$222,000; A. Piotti Company, \$222,000; John Bowen Company, \$222,335; Boyer Construction Company, \$222,900; Frank Imhof Company, \$223,330; Archdeacon & Sullivan, \$226,000; Dacey & Tibbetts, Incorporated, \$226,555; M. S. Estimated cost of extra work, \$600.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for public improvement, consisting of the laying out and construction of Glenside avenue, West Roxbury district, as a highway, from Glen road, southerly, bounded and described as follows:

A highway named Glenside avenue is hereby laid out, from Glen road, southerly, for a distance of approximately three hundred and fifty-five feet, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to M. Denman Ross, heirs, bounded:

Easterly by Glenside avenue, one hundred thirteen and 83-100 feet; southerly by the southerly line of Glenside avenue as laid out under this order, four and 96-100 feet; westerly by the westerly

line of Glenside avenue as laid out under this order, one hundred thirteen and 83-100 feet; and northerly by Glenside avenue, six and 4-100 feet, containing five hundred and sixty-nine square feet, more or less.

The land, owners unknown, being the private way known as Glenside avenue.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvements.

Said highway as hereby laid out is bounded:

Northerly by Glen road, thirty-one and 99-100 feet; easterly by the easterly line of said Glenside avenue as hereby laid out, three hundred fifty-five and 75-100 feet; southerly by the southerly line of said Glenside avenue as hereby laid out, thirty-one and 99-100 feet; and westerly by the westerly line of said Glenside avenue as hereby laid out, three hundred fifty-five and 38-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Glenside avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectfully set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Glade Avenue, Glenside Avenue, West Roxbury, Assessment Plan, July 30, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the laying out and construction of Glenside avenue, West Roxbury district, as a highway, from Glen road southerly for approximately 355 feet, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor.

M. Denman Ross heirs, 569 square feet. \$85 35

THE SIGNIFICANCE OF ARSON OFTEN OVERLOOKED.

"Incendiariness plays a considerable part in the amount that each citizen must pay for the insurance protection which is so essential for him to have on his home or other property," A. Bruce Bielaski, assistant to the General Manager of the National Board of Fire Underwriters, told members of the National Fire Waste Council at their recent conference in Washington. "The rates paid for insurance must of necessity be sufficient to cover losses of all characters and, if possible, to leave for the insurance company a reasonable return for the service it renders. It will pay the individual citizen in dollars and cents to take a real interest in the detection and prosecution of those responsible for incendiary fires."

FIRE DEPARTMENT ORDERS.

General Order No. 108.

I. CONTRIBUTIONS FOR THE UNEMPLOYED.

The Fire Commissioner has been waited on by some of the members of the department who desire to do something in a financial way for the relief of the unemployed in the City of Boston this winter.

The suggestion coming from the men is in line with the interest which they have always shown in the welfare of the community.

To make a substantial donation once a month for a short period of time would be a most gracious and charitable act on the part of the members of the Boston Fire Department. It has been suggested to carry out this plan that the members contribute one dollar each month to the fund, which will be turned over to the

Honor Mayor Curley to be used for the relief of the unemployed. This money should be collected by commanding officers and forwarded through official channels to the Assistant Chief of Department, Henry J. Power, who is hereby designated as the treasurer of the fund. The contributions for December should be collected and forwarded to the Assistant Chief of Department, Headquarters, so that they will reach here not later than Monday, December 22, 1930.

All employees in the department are invited to participate in this worthy project and the amounts subscribed by each company and by each division in the department will be acknowledged in General Orders.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 109.

I. CAPTAIN MARTIN F. MULLIGAN.

It is with deep regret that the Fire Commissioner announces the death, on Friday, December 12, 1930, of Capt. Martin F. Mulligan of Engine Company 17. Captain Mulligan was appointed to the department on October 13, 1887, and his promotions were as follows: To lieutenant, April 28, 1899; to captain, June 26, 1908.

The funeral will be held from his late residence No. 32 St. Margaret street, Dorchester, Monday, December 15, 1930, at 8.30 a. m., followed by services at St. Margaret's Church, Columbia road and Dorchester avenue, Dorchester, at 9 a. m.

The Chief of Department will make the usual detail for a funeral escort from the department. The detail will report at the quarters of Engine Company 21, Columbia road and Annabel street, at 8.15 a. m. District Chief William Mahoney of District 14 will be in command of the detail. Regulation uniform overcoats and white gloves will be worn.

The members of Engine Company 17 will be excused from duty during the hours of the funeral in order that they may attend the services.

The family of the deceased have requested that the following officers of the department act as pall bearers:

Deputy Chief Walter McLean, Division 3; District Chief Francis J. Jordan, District 10; Capt. Edward Connors, Engine 2; Capt. William Hart, Engine 46; Capt. Daniel F. Crowley, Ladder 7; Lieut. George R. Hennessey, Engine 17.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 110.

I. FIRE DEPARTMENT BAND.

The next rehearsal of the Boston Fire Department Band will be held in the Assembly Hall at the quarters of Engine Company 26 at 7.45 p. m., Wednesday, December 17, 1930. All members of the band are expected to report promptly at that time and bring their instruments, music books and music stands. Final instructions will be given at this rehearsal concerning the concert on Thursday evening, December 18, 1930. Every member should make certain that he receives all the instructions in preparation for the concert.

The initial concert of the band will be held at Jordan Hall on the evening of December 18, 1930. Members of the band will report at Jordan Hall not later than 7.45 p. m. Entrance will be by the Huntington avenue door. The door on Huntington avenue is No. 294 and is marked "New England Conservatory of Music."

II. COMMENDATIONS.

Hosemen John F. McNamara and Francis J. McNamara of Engine Company 10 are hereby commended for responding to and working at fire, Box 1672, December 11, 1930, while off duty.

Ladderman Joseph F. Kilduff of Ladder Company 23 is hereby commended for responding to and working at fire, Box 1432, four alarms, December 10, 1930, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

MAYOR CURLEY MOVES TO HALT AUTO INJURIES ON TREMONT STREET.

His Honor the Mayor, on December 11, forwarded the following communication to Mr. Eugene C. Hultman, Police Commissioner:

MY DEAR COMMISSIONER,—My attention has been directed to the increasing number of killed and injured upon Tremont street, between Arlington square and Roxbury Crossing, and the suggestion has been presented that if this territory were patrolled by motor officers for a period of time it not only would have a tendency to reduce the number of killed and injured, but would unquestionably do away with the custom in which everybody indulges of regarding it as an official speedway.

Very truly yours,

JAMES M. CURLEY, Mayor.

ADDED DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 3, 1930, determining damages caused by the making of the public improvement, consisting of the taking made for school purposes on Paris street and Chelsea court be, and the same hereby is, amended, by striking from said order the amount \$1,500 awarded to Carmine and Giuseppina Telespro in said order and inserting in place thereof the amount \$2,600; that the amount \$2,600 be, and the same hereby is, awarded to Carmine and Giuseppina Telespro for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 17, 1929, determining damages caused by the making of the public improvement, consisting of the laying out and construction of South Crescent circuit, Brighton district, be, and the same hereby is, amended, by adding to said order the amount \$60 as an award to Richard A. Hanrahan and Margaret Hanrahan; that the amount \$60 be, and the same hereby is, awarded to Richard A. Hanrahan and Margaret Hanrahan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 7, 1930, determining damages caused by the making of the public improvement, consisting of the widening and relocation of L street, South Boston district, be, and the same hereby is, amended, by striking from said order the amount \$7,200 awarded to Joseph and Mary Raskauskas in said order and inserting in place thereof the amount \$7,700; that the amount \$7,700 be, and the same hereby is, awarded to Joseph and Mary Raskauskas for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 7, 1930, determining damages caused by the making of the public improvement, consisting of the widening and relocation of L street, South Boston district, be, and the same hereby is, amended, by striking from said order the amount \$7,200 awarded to John and Julia Raskauskas in said order and inserting in place thereof the amount \$7,700; that the amount \$7,700 be, and the same hereby is, awarded to John and Julia Raskauskas for the damages so sustained.

TRANSFERS OF APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

ASSESSING DEPARTMENT.

BOSTON, December 9, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Assessing Department:

From the appropriation for A-1, Permanent Employees, Assessors, Deputy, 5 at \$4,500 a year, \$300, to the appropriation for A-2, Temporary Employees, \$300.

From B-29, Stenographic, Copying, Indexing, \$558.32, to A-2, Temporary Employees, \$558.32.

From B-29, Stenographic, Copying, Indexing, \$100.81, to A-1, Permanent Employees, Clerks and Stenographers, 2 at \$1,500—\$1,600 a year, \$100.81.

From B-29, Stenographic, Copying, Indexing, \$8.39, to A-1, Permanent Employees, Clerks, 4 at \$1,800 a year, \$8.39.

To provide funds in A-2, Temporary Employees, for the continuance of present temporary employees and to cover deficit on account of adjustment in appropriation.

Respectfully,

EDWARD T. KELLY,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 10, 1930.

FINANCE COMMISSION.

BOSTON, December 12, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Finance Commission:

From the appropriation for G-2, Special Investigations, \$110, to the appropriation for C-7, Furniture and Fittings, \$110.

It is necessary that the above transfer be made in order to provide funds to pay bills under their proper classifications.

Respectfully,

FRANK A. GOODWIN,
Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor December 13, 1930.

HEALTH DEPARTMENT.

BOSTON, December 3, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Health Department:

From the appropriation for A-1, Permanent Employees, 3 (2) Clerks, \$1,900 a year, \$140.49; 7 Clerks, \$1,500—\$1,600 a year, \$23.90, to the appropriation for A-1, Permanent Employees, 2 (3) Clerks, \$2,000 a year, \$164.39.

To provide for increase of salary, 1 clerk at \$1,900.

Respectfully,

F. X. MAHONEY, M. D.,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 3, 1930.

HOSPITAL DEPARTMENT.

BOSTON, December 6, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Hospital Department:

From the appropriation for A-1, Permanent Employees, 1 Physician at \$3,000—\$3,200 a year, \$120.98, to the appropriation for A-1, Permanent Employees, 6 (3) Clerks at \$18 a week to \$1,100 a year, \$120.98.

From A-1, Permanent Employees, 15 (16) Clerks at \$1,000 a year, \$700, to F-11, Workingmen's Compensation, \$700.

From B-39, General Plant, \$13,000, to C-12, Medical, Surgical, Laboratory, \$11,000; E-1, Building, \$2,000.

From C-7, Furniture and Fittings, \$200, to C-13, Tools and Instruments, \$200.

From slack to cover deficits.

Respectfully,

JOSEPH P. MANNING,
President of Trustees.

The above transfers were made by the City Auditor with the approval of the Mayor December 10, 1930.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, December 6, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Hospital Department, Sanatorium Division:

From the appropriation for A-1, Permanent Employees, 24 Male Nurses at \$480—\$600 a year, \$400, to the appropriation for A-1, Permanent Employees, Nurses, 50 at \$1,020 a year, \$400.

From A-1, Permanent Employees, 24 Male Nurses at \$480—\$600 a year, \$100, to A-2, Temporary Employees, \$100.

Added nurses to the Sanatorium quota due to the increase in patient census make the above transfers necessary.

Respectfully,

JOSEPH P. MANNING,
President of Trustees.

The above transfers were made by the City Auditor with the approval of the Mayor December 11, 1930.

BOSTON, December 6, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Hospital Department, Sanatorium Division:

From the appropriation for F-13, Industries, \$50, to the appropriation for B-5, Cartage and Freight, \$50.

Extra freight charges on certain items of new equipment and a cartage charge for renovated mattresses make this transfer necessary.

Respectfully,

JOSEPH P. MANNING,
President of Trustees.

The above transfer was made by the City Auditor with the approval of the Mayor December 11, 1930.

INSTITUTIONS DEPARTMENT.

BOSTON, December 8, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Long Island Hospital, B-39, General Plant, \$225, to the appropriation for Central Office, B-4, Transportation of Persons, \$225.

From B-39, General Plant, \$25, to B-35, Fees, Service of Venires, etc., \$25.

From B-39, General Plant, \$25, to B-39, General Plant, \$25.

From B-39, General Plant, \$200, to C-4, Motor Vehicles, \$200.

B-4, transfer required on account of increase in number of patients sent to Tewksbury. Budget estimate cut.

B-35, requested to pay insurance fees.

B-39, minor repairs to safe, etc., were more than anticipated.

C-4, more tires have been required and prices have been higher.

Respectfully,

JAMES E. MAGUIRE,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 11, 1930.

LICENSING BOARD.

BOSTON, December 4, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Licensing Board:

From the appropriation for B-35, Fees, Service of Venires, etc., \$75, to the appropriation for B-1, Printing and Binding, \$75.

To take care of bills in excess of amount granted.

Respectfully,

LOUIS EPPLE,
Secretary.

The above transfer was made by the City Auditor with the approval of the Mayor December 8, 1930.

MARKET DEPARTMENT.

BOSTON, December 12, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Market Department:

From the appropriation for A-1, Permanent Employees, Laborers and Watchmen, 4 at \$5 a day, \$345; B-4, Transportation of Persons, \$5; B-8, Light, Heat and Power, \$150, to the appropriation for B-28, Expert, \$500.

From B-1, Printing and Binding, \$6.25; B-18, Cleaning, \$8; D-8, Laundry, Cleaning and Toilet, \$7.88, to B-39, General Plant, 22.13.

Respectfully,

AMBROSE J. WOODS,
Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor December 13, 1930.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, December 10, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Buildings Department:

From the appropriation for A-1, Permanent Employees, Inspectors, 4 at \$2,500 a year, \$31, to the appropriation for A-1, Permanent Employees, Cleaners and Janitresses, 76 at \$18 a week, \$31.

From A-1, Inspectors, 4 at \$2,500 a year, \$70, to A-1, Drivers, 4 at \$35 a week, \$70.

From A-1, Inspectors, 4 at \$2,500 a year, \$15, to A-1, Elevatormen, 10 at \$32 a week, \$15.

From A-1, Telephone Operators, 10 at \$27 a week, \$500, to B-10, Rent, Taxes, Water, \$500.*

From B-8, Light, Heat and Power, \$9,000, to D-3, Fuel, \$9,000.†

From B-8, Light, Heat and Power, \$200, to D-1, Office, \$200; From F-11, Workmen's Compensation, \$165, to D-2, Food and Ice, \$165.

Respectfully,

JOHN P. ENGLERT,
Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor, December 13, 1930.

*Request caused by increased rent for Law Department.

†Deficit caused by anticipated purchasing of Edison service for City Hall Annex building which did not materialize.

PUBLIC WORKS DEPARTMENT (Bridge Service).

BOSTON, December 8, 1930.

RUPERT S. CARVEN,
City Auditor.

Your approval is respectfully requested to the following transfer:

From the appropriation for Cambridge Street Bridge Rebuilding, \$10,000, to the appropriation for Congress Street Bridge, \$10,000.

The reason for this transfer is that it was necessary to do more paving on the approaches and more timber work in the fender pier than was anticipated, in order to make proper connections with the old work.

Respectfully yours,

JOHN E. CARTY,
Acting Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 10, 1930.

PUBLIC WORKS DEPARTMENT (Sewer Service).

BOSTON, December 10, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Sewer Service:

From the appropriation for A-1, Permanent Employees, Laborers, 114 at \$5 a day, \$6,700, to the appropriation for A-1, Permanent Employees, Sewer Cleaners, 26 (30) at \$6 a day, \$6,700.

The reason for the above transfer is to cover deficit caused by more men working

full time and four chauffeurs made sewer cleaners.

Respectfully,

JOHN E. CARTY,
Acting Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 11, 1930.

BOSTON, December 11, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reason as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Sewer Division:

From the appropriation for D-3, Fuel, \$3,500, to the appropriation for C-4, Motor Vehicles, \$3,500.

To buy one 2-ton truck express body with seats and covered top for carrying men to Moon Island.

Respectfully,

JOHN E. CARTY,
Acting Superintendent.

The above transfer was made by the City Auditor with the approval of the Mayor December 13, 1930.

SOLDIERS' RELIEF DEPARTMENT.

BOSTON, December 5, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reason as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Soldiers' Relief Department:

From the appropriation for D-1, Office Supplies, \$9.88, to the appropriation for B-12, Bond and Insurance Premiums, \$4; B-39, General Plant, \$5.88.

The department is short \$4 in item B-12 to pay a bill amounting to \$40 covering a bond for \$10,000 for the paymaster, and is short \$5.88 in item B-39 to pay a bill amounting to \$18 covering the overhauling of a typewriter.

Respectfully,

JOHN J. LYDON,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 8, 1930.

BOSTON, December 12, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Soldiers' Relief Department:

From the appropriation for D-1, Office Supplies, \$15, to the appropriation for B-1, Printing and Binding, \$15.

Above amount necessary to pay for printing of 1929 annual report.

Respectfully,

JOHN J. LYDON,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 13, 1930.

BOSTON TRAFFIC COMMISSION.

BOSTON, December 5, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and

forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission.

From the appropriation for A-1, Permanent Employees, Iron Worker, 1 at \$6 a day, \$1,240.63, to the appropriation for A-1, Permanent Employees, Commissioner, 1 at \$7,500 a year, \$541.66; Inspectors, 2 (3) at \$2,000 a year, \$698.97.

From A-1, Permanent Employees, Signal Engineer, 1 at \$3,500 a year, \$431.26, to A-1, Permanent Employees, Foreman, Sub, \$113.42; Investigators, 14 (12) at \$1,500 to \$1,700 a year, \$105.52; Switchboard Operator, 1 at \$1,800-\$1,400 a year, \$83.83; Painters, Sign Writers, etc., 12 (11) at \$900 a year, \$128.49.

To adjust Boston Traffic personnel.

Respectfully,

JOSEPH A. CONRY,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 8, 1930.

COUNTY OF SUFFOLK.

COUNTY BUILDINGS.

BOSTON, December 10, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the County Buildings:

From the appropriation for A-1, Permanent Employees, Firemen, 8 at \$41.50 a week, \$1,900, to the appropriation for A-1, Permanent Employees, Janitors, Laborers, etc., 17 at \$5 a day, \$1,900.

This request is made to make up a deficit in the account of janitors, laborers, etc., 17 at \$5 a day in which sufficient money was not appropriated originally.

Respectfully,

JOHN P. ENGLERT,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 13, 1930.

SUFFOLK COUNTY COURTHOUSE (Custodian's Department).

BOSTON, December 3, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Suffolk County Courthouse, Custodian's Department:

From the appropriation for A-1, Cleaners, 15 at \$18 a week, \$123, to the appropriation for A-2, Temporary, Elevatorman, \$123.

To cover deficit in A-2, Temporary Elevatorman.

Respectfully,

JOHN A. KELIHER,
Sheriff.

The above transfer was made by the City Auditor with the approval of the Mayor December 8, 1930.

SUPERIOR CRIMINAL COURT.

BOSTON, December 11, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request

quest for transfer within the appropriations of the Superior Criminal Court:

From the appropriation for B-34, Jurors, \$50, to the appropriation for B-39, General Plant, \$50.

From B-34, Jurors, \$25, to D-1, Office, \$25.

Original appropriation not sufficient.

Respectfully,

WILLIAM M. PRENDIBLE,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 13, 1930.

REGISTRY OF DEEDS.

BOSTON December 9, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Registry of Deeds:

From the appropriation for A-3, Unassigned, \$700, to the appropriation for A-2, Temporary Employees, \$700.

Inadequate estimate of amount necessary.

Respectfully,

W. T. A. FITZGERALD,
Registrar.

The above transfer was made by the City Auditor with the approval of the Mayor December 10, 1930.

MEDICAL EXAMINER SERVICE (Southern Division).

BOSTON, December 3, 1930.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Medical Examiner Service, Southern Division:

From the appropriation for C-13, Tools and Instruments, \$80, to the appropriation for B-14, Motor Vehicle Repairs and Care, \$10; D-5, Medical, Surgical, Laboratory Supplies, \$70.

Unusual expenditures incident to the preparation and study of cases has made this transfer necessary.

Respectfully,

TIMOTHY LEARY,
Medical Examiner.

The above transfer was made by the City Auditor with the approval of the Mayor December 10, 1930.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days

following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Furnival road, bounded:

Southeasterly by Pond street, ten and 89 100 feet; southwesterly by another part of Furnival road, three hundred fourteen and 12 100 feet; northwesterly by land supposed to belong to Marshall, twenty and 27-100 feet; northeasterly by land hereinafter described as taken from Volk, ten and 13-100 feet; again southeasterly by another part of Furnival road, ten and 13-100 feet; and again northeasterly by the same, three hundred one and 36-100 feet, containing thirty-two hundred and twenty-nine square feet, more or less.

A parcel of land, supposed to belong to Helen T. Volk, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown (Furnival road), ten and 13-100 feet; northwesterly by land supposed to belong to Marshall, forty-nine and 3-100 feet; northerly by the same, one hundred thirty-one and 30-100 feet; easterly by land supposed to belong to Griffin and by easement taken by the City of Boston July 1, 1926, twenty-five feet; southerly by other land supposed to belong to said Volk, ten feet; westerly by the same, fourteen and 69-100 feet; southerly by the same, one hundred nineteen and 20-100 feet; and southeasterly by the same, forty-eight and 89-100 feet, containing nineteen hundred and forty-one square feet, more or less.

The sewerage works to be constructed are as follows: 250 linear feet of 10-inch pipe sanitary sewer and 250 linear feet of 10-inch and 12-inch pipe surface drain and 220 linear feet of 10-inch pipe sanitary sewer and 220 linear feet of 3 feet 3-inch concrete surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Furnival road, leading northwesterly from Pond street, excluding the lots at the corners of Pond street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 991, Sewerage Works, Furnival Road, West Roxbury, September 30, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estate sustains damages by the taking of an easement for sewerage purposes in Furnival road and private land, West Roxbury district, and the construction of sewerage works, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor.

Helen T. Volk, 1,941 square feet. \$291 15

CIRCULAR LETTER NO. 26.

OFFICE OF THE MAYOR,
BOSTON, December 10, 1930.

To All Department Heads.

GENTLEMEN, You are hereby directed to grant leave of absence with pay for one day, to female employees of your department, to do Christmas shopping.

It would be advisable for you to so arrange the schedule of absence for this purpose as not to interfere with the conduct of the work of your department.

Very truly yours,

JAMES M. CURLEY, Mayor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe and four catch-basins in Bournedale road, between Westbourne road and Bourne street, in the West Roxbury district, at an estimated cost of \$1,500.

A surface drain of 12-inch pipe in Southbourne road, between Bourne street and 45 feet westerly, in the West Roxbury district, at an estimated cost of \$200.

A surface drain of 10-inch and 12-inch pipe and six catch-basins in Bourne street, between Southbourne road, and Walk Hill street, in the West Roxbury district, at an estimated cost of \$3,800.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe in Englewood avenue, between Chestnut Hill avenue and 175 feet easterly, in the Brighton district, at an estimated cost of \$3,000.

Five catch-basins and one drop inlet in Roslindale avenue, between Albano street and Dudley avenue, in the West Roxbury district, at an estimated cost of \$1,500.

A surface drain of 12-inch pipe and three catch-basins in Pleasanton street, between Ruthven street and Homestead street, in the Roxbury district, at an estimated cost of \$3,500.

A surface drain of 12-inch pipe in Morton street, between Orchardhill road and Stony brook, in the West Roxbury district, at an estimated cost of \$1,000.

A surface drain of 12-inch pipe and five catch-basins in Astoria street, between Flint street and 210 feet southwest of Elizabeth street, in the Dorchester district, at an estimated cost of \$6,000.

A surface drain of 15-inch pipe in Flint street, between Norfolk street and Astoria street, in the Dorchester district, at an estimated cost of \$2,700.

A surface drain of 15-inch pipe in Norfolk street, between Flint street and Morton street, in the Dorchester district, at an estimated cost of \$1,100.

A sanitary sewer of 7 feet 9 inches by 7 feet 9 inches concrete in Albany street, at Hampden street, in the Roxbury district, at an estimated cost of \$14,988.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch pipe and seven catch-basins in Orchardhill road, between Morton street and Lennoco road, in the West Roxbury district, at an estimated cost of \$7,000.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch pipe and thirteen basins in South Waverly street, between Litchfield street and Lincoln street, in the Brighton district, at an estimated cost of \$3,500.

ADDRESS BY MAYOR JAMES M. CURLEY OVER STATION WNAC, SUNDAY, DECEMBER 14, 1930, FOR THE CHRISTMAS REMEMBRANCE FUND FOR DISABLED VETERANS.

Friends of the radio audience: One week from Wednesday next throughout America in every home blessed with young children will be found gathered happy fathers and mothers awaiting the coming of sleep to their loved ones whose stocking, in conformity with long established custom, they will fill, so far as their means will permit, with the things that will bring joy to the hearts of their little ones.

The coming of Santa Claus is a heritage of childhood which has happily been observed through the years and even to those who have passed beyond the beautiful realm of childhood is still fragrant with memories that neither time nor suffering can efface of mother and home and loving friends.

In the hearts of all upon Christmas Day there should dwell the spirit of "Peace on earth to men of good will." Alas, how tragic to know that it is not possible for all to share in this blessed solace.

We who are burdened with the cares and irritations of the present industrial depression with its toll of unemployment, shattered hopes and misery, feel our lot is indeed a sad one. But in our case we are reminded of the Old Regicide pictured by Victor Hugo, who said, "I weep with you for the princess murdered in the tower, but you weep with me for the children of the people, they have suffered longest." By the children of the people I mean that patient, patriotic body of men who, thirteen short years ago, in the possession of health and strength, marched

forth in the service of Country and that we might continue in the enjoyment of liberty,—exchanged health, strength and the joys of peace, home and loved ones for a life of pain and torture until the brother of sleep, the kindly old nurse Death might lead them to a better world.

Far from loved ones who lack the means to bring them Christmas cheer they are to be found in the hospitals and asylums of the land, some with minds a blank save to the horrors of the war which they, after the lapse of twelve years are still fighting, some with vision gone, groping painfully to the grave, others so broken in body and racked with pain that life is constant torture. It is that a message of cheer and brotherhood may come to these saddened ones that this work is undertaken.

To them life is an endless succession of trials, tribulations and torture every day save Christmas Day when the flood gates of memory are opened by the generosity of patriotic hearts who through the gifts of Christmas stockings convey the message that they are neither forgotten nor forsaken.

Twelve years upon a bed of pain, ministered to by strangers, far from home and friends, these men with the sublime faith of children await our action and it is for you who are listening in to either add to their misery or minister to their happiness.

You should not, you cannot, you must not, you will not fail them. Send your check now to James J. Phelan, 60 Congress street, Boston. Telephone Hancock 8200.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Gartland street (formerly Garfield street), West Roxbury district, as a highway, from Washington street to Cary road, under the order of the Board and awards no damages therefor.

510 MEN EMPLOYED ON BOYLSTON STREET SUBWAY EXTENSION.

His Honor the Mayor, on December 15, received the following report from Col. Thomas F. Sullivan, Chairman of the Transit Department:

DEAR MR. MAYOR,—During November the labor force on the Boylston street subway extension has been increased, now reaching a total of 510 men. Work has been carried on continuously, the men working in three shifts.

Excavation has continued under the tracks at Kenmore Station and the tracks have been supported on wooden trestles which in turn will be supported on the permanent roof beams before the earth core below them for the subway is excavated.

Concrete has been poured for the continuous foundation for the southerly line of platform columns opposite Kenmore street. Concrete has also been poured for the invert and side walls under the old subway in three of the cross drifts. During the night hours, when the cars are removed from the subway, blasting operations have been carried on to remove the old concrete invert and bottom part of the side walls and center wall. Excavation was begun and completed for a shaft under the incline of the old subway.

Most of the earth excavated during the month has been used for filling in the Charles river on Bay State road, near Cottage Farm Bridge, for the Metropolitan District Commission.

Work in the main office by the engineering force has continued on construction and detailed plans.

Field work on surveys and the taking notes on conditions of buildings has progressed.

The necessary land-takings have been made for the ventilating shafts on both the Boston and East Boston sides.

On the Dorchester Rapid Transit, the contract for canopies over the Cedar Grove, Milton, Crescent Avenue and Valley Road Stations was completed.

Number of employees on December 1, 1930, 609.

Yours respectfully,

T. F. SULLIVAN,
Chairman.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Garfield street, West Roxbury district, as a highway, from Washington street to Cary road, with the name of Garlock road or some other distinctive name, bounded and described as follows:

A highway named Gartland street is hereby laid out, from Washington street to Cary road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Washington street, thirty and 63-100 feet; northeasterly by the northeasterly line of said Gartland street as hereby laid out, five hundred ninety-six and 8-100 feet; southeasterly by Cary road, thirty feet; and southwesterly by the southwesterly line of said Gartland street as hereby laid out, five hundred ninety and 5-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Included in the above described land (taken hereunder) are parts of certain

parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Gartland street (formerly Garfield street) and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Herman J. and Annie E. Lindner, Registered Title Certificate 16857, Book 80, page 57.

William L. Voge et al., trustees of Jamaica Plain Cooperative Association, Registered Title Certificate 8841, Book 40, page 41.

Ordered, That this Board estimates that the abutting lots of land on both sides of Gartland street as laid out under this order, from Washington street to Cary road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Gartland Street, West Roxbury, Assessment Plan, September 6, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

BOSTON NOT SUFFERING FROM INDUSTRIAL DEPRESSION NOW SO MUCH AS IN PREVIOUS PERIODS—MAYOR CURLEY'S EMERGENCY COMMITTEE ON UNEMPLOYMENT REPORTS OPTIMISTICALLY ON SURVEY OF SITUATION.

On Thursday, December 4, Mayor Curley's Emergency Committee on Unemployment, met in Room 49, City Hall, for consideration of the situation in Boston.

In calling the meeting to order his Honor the Mayor read communications from Mr. James J. Phelan, Chairman of the Massachusetts Emergency Committee on Unemployment, recommending that every city and town in the Commonwealth form committees in their communities to work in conjunction with the State Committee with a view to relieving unemployment. In harmony with this recommendation the following persons accepted appointments to the Mayor's Committee:

Councilors Timothy F. Donovan, Thomas H. Green, John I. Fitzgerald, Seth F. Arnold, Laurence Curtis, 2d, Michael J. Mahoney, William G. Lynch, John F. Dowd, Richard D. Gleason, Leo F. Power, Edward L. Englert, Herman L. Bush, Joseph McGrath, Israel Ruby, Francis E. Kelly, Albert L. Fish, Robert Gardiner Wilson, Jr., Clement A. Norton, Peter A. Murray, Joseph P. Cox, James Hein, Edward M. Gallagher.

Simon E. Hecht, Ben Selekmán, John E. Swift, William H. Taylor, Vincent Brogna, Daniel H. Rose, J. Arthur Moriarty, Mrs. Eva Whiting White, Mrs. William Lowell Putnam, Mrs. Vincent P. Roberts, Dr. Helen I. Doherty, Mrs. Edward L. Logan, Mrs. Frank W. Buxton, Mrs. Edward C. Donnelly, Mrs. John T. Bottomley, Mrs. William J. McDonald, Mrs. Agnes H. Parker, Mrs. Samuel Silverman, Mrs. F. Lothrop Ames, Mrs. Thomas F. McMahon, Mrs. Margaret J. Gookin, Miss Sophie Friedman.

In opening the meeting Mayor Curley said in part as follows:

I might say just a word with reference to just what the City of Boston has done. So far as I can observe, the situation is in no sense as serious this year as it has been in the case of depressions in other years; that the largest number of persons making application for lodging at the Municipal Wayfarers' Lodge on Hawkins street has at no time been in excess of two hundred and that number was only reached upon one night and that upon the first of the recent cold nights in Boston; that so far as the deposits in the savings banks are concerned they are greater today than they have ever been; that, so far as the Overseers is concerned it is meeting all its obligations in conformity with a generous and humane spirit and the indications are that we will terminate the year with a slight surplus on hand in the city treasury after providing for the needs of all those requiring aid from the city.

I want to say that I do not believe I deserve any personal credit because of the fact that conditions are better in Boston than in any other large American city and that they have been better; that having passed through a similar period of depression as Mayor in 1914-15 and in 1922, I anticipated at the beginning of the year conditions that would confront us and made the necessary provisions for

the protection of the people from a condition for which they were in no way responsible.

PROBLEM FOR CITY—NOT PHILANTHROPISTS.

The prevailing opinion among many persons has been—and still is—that when a period of depression of this character arises in a community that the best method of meeting the situation is by depending upon the philanthropy of the public, in other words, passing the hat, to take care of an obligation that should properly be met and discharged by the municipality itself. I have never at any time approved of that policy because I never believed there were sufficiently philanthropically inclined persons in any community to take care of such an emergency when these periods occur. I confess my experience during the last three weeks has justified this belief. For example, a number of persons sent in offering to make contributions to relieve unemployment with sums ranging from \$1 to \$10 and I suggested in every case that this money be turned over to any one of the numerous charitable organizations of the city, that we felt competent to take care of the people of our city.

Within the last two days, two nationally known business corporations agreed to turn over to the city 10 per cent of the receipts of their business for a day. At first glance it would appear that quite a considerable sum of money might be involved, when a concern that has been a fixture in America along the Atlantic seaboard agreed to turn over 10 per cent of their profits for a day and it might be surprising to know that the contribution of this nationally known concern amounted to \$40.67 and of two nationally known concerns the total was \$93. The total contribution of another well-known concern was \$147.45. On the Tercentenary Ball, receipts amounting to about \$2,000 were secured. I suggested that this be apportioned among the various charitable institutions of the city such as the St. Vincent de Paul Society, the Jewish Charities. From this sum we received \$215.78, so that the total amount received, including \$5 from an old North End man who now lives in Vermont, and who sent in a check, amounts to about \$567.

So you can see that if we depended upon the charity of the public, regardless of their generous impulses, probably the undertaker would be providing for the needs of the poor instead of the butcher or grocer.

BUSINESS SURVEY OPTIMISTIC.

I had a survey made by one of the employees of the city connected with my office and I am going to take a little of your time to read it.

Walter Baker Company: Business better than last year. Prospects bright for coming year. No prospects of lay-off.

Mead Morrison Company: Have work for Ford Motor Company, blast furnace and castings for Dagenham Plant, Manchester, England; increasing business from port of Boston.

Boston Woven Hose Company: Business not up to par but blame mild weather. About 20 per cent less employees than at this time last year. Are optimistic and expect no lay-off.

New England Confectionery Company: Business good. Prospects for January bright. Number of employees compares favorably with last year and expect no lay-offs.

B. E. Sturtevant Company: Business good compared with last year. Number of employees about 3 per cent over average of 1929. 1929 best year in their history, better this year.

Ford Motor Plant: A few more employees to the car sold this year than last. Will lay off about 400 by end of December but expect biggest year ever in 1931.

Lever Brothers: 200 employees more than last year. Owing to opening of new western plant some temporary employees cannot be absorbed as they are now on twenty-four hour schedule. Expect no let-up for January.

Salada Tea Company: Summer business a little off from last year. Everyone now on full time; no lay-off expected.

Fannie Farmer Candy Company: Business normal. Sixteen more employees than last year. Bright prospects for January.

Schrafft Chocolate Company: Regular staff has worked fifty weeks this year, 500 employees added in four months. No lay-offs expected and prospects for new year bright.

Lewando's: Business off from last year. No lay-off expected and they feel if word "depression" can be buried their greatest trouble is over.

Walker-Pratt Company: Business off. Number of employees slightly less than last year. Anticipate bright new year with no lay-off.

Bethlehem Ship Building Company: Have 4,500 employees, about 200 per cent more than last year; 400 will be laid off temporarily in December but will be on full time again in January with prospects of work for three years.

Simplex Wire and Cable Company: Business in dollars same as last year. Number of employees 87 per cent on production and 100 per cent on repair and maintenance.

American Tool and Machine Company: Employment off about 10 per cent with business off about 20 per cent. Busy at present time and see a bright future ahead.

Now, with reference to finances. The savings banks in the Boston group had total deposits on October 31, 1929, of \$582,973,159; for the same period of 1930 deposits were \$607,381,752, or an increase in savings deposits for 1930 as against 1929, of \$24,308,593.

The total deposits for savings banks in Massachusetts for the year 1930, to October 31, were \$2,104,588,481, and for the same period in 1929 were \$2,035,799,106, or an increase in savings deposits for 1930 as against 1929 of \$68,789,375.

ONLY OURSELVES TO FEAR.

So it must be apparent to everybody that the only thing we have to fear is ourselves and the spread of the psychology of fear. We have turned the corner. The chances are that the total increase in the cost of operating the Overseers of Public Welfare Department for the month of November will not be more than \$9,000 greater than it was in the month of October. It should be if conditions were continuing bad about \$50,000 greater than the month of October and the only thing I can see that we can do to

help out the situation is to thank God we are as well off as we are, try to breathe a little more of the spirit of optimism, as I am perfectly satisfied that we have turned the corner. Perhaps it is not quite as well with other cities and towns in the Commonwealth as it is with ours.

Of the 250 who made application for lodging at the Overseers on the first real cold night this week, 80 per cent lived outside of Boston, only 20 per cent were residents of Boston. They came in from other cities and towns outside. I suppose the other cities and towns are not quite as well situated as we are. We have a fairly good liaison system between the Overseers and our employment department. We anticipated early in January that we might run into a period of depression and we made provision to secure authority from the Legislature to borrow sufficient money to take care of our possible requirements during the emergency.

The Legislature was extremely generous, embarrassingly so in the last campaign, in that they allowed us everything that we asked for. They allowed us \$7,500,000 for street construction; \$2,000,000 for sewerage construction, \$7,500,000 for school construction. They let us have \$3,100,000 for extension of the Boylston street subway system at Governor square, and more recently we were allowed \$1,800,000 additional, making a total of \$5,000,000. They adhered to their original belief in regard to a tunnel to East Boston, instead of a bridge, and this represents an expenditure of \$16,000,000. They permitted the widening of Summer and L streets from a point near the Army Base to Broadway, South Boston, at a cost of about \$1,000,000. Unfortunately, regardless of how well organized any institution may be, there is always a considerable lapse of time between the period of authorization of a loan for construction and the actual time for the beginning of the construction work. Perhaps it was fortunate, maybe it was unfortunate, that the Legislature did not recognize the wisdom of granting our pleas when made early in January and February. Perhaps that is our good fortune as it leaves more available at the present time to meet existing conditions as they arise. At any event this is our situation. The Legislature permitted the same method to be applied in the construction and extension of the Boylston street subway as was allowed in 1922, and that was the first time in the history of this Commonwealth that a major construction work was permitted on a day labor basis, and by overseas veterans and ex-service men. We have drawn down about 850 veterans for work. Of the 850, about 125 were not qualified to work. A number of others worked a few days and gave it up. We now have 600 working there at the present time on a 24-hour basis of three shifts each. Very shortly it will be necessary to increase the number of men by 200 when the open construction work begins.

The City Council authorized an expenditure of money for a golf course and development of same. We found a property in West Roxbury and Hyde Park for which the owners originally asked \$200,000. After much dickering we finally got it for \$125,000, or two cents a foot. It will provide work for men under the recent ruling of the Civil Service Commission which will make it possible to appoint men in proportion to the number of their dependents. It will be possible to put them at work cutting down trees to stove size and distributing it to needy

families. The names of 100 men have come down from civil service today and these men will be put to work immediately. It has been possible to employ in the neighborhood of 400 men on temporary work in the Public Works Department, in the various branches, and about 200 additional men in the Park Department.

TUNNEL WORK ADVANCING.

In the work on the tunnel, many unforeseen and unexpected difficulties have arisen, but these are to be expected since the first time the question of a physical connection between East Boston and Boston was in 1868. So we have been waiting 62 years to establish that physical connection. It was only natural that some one should raise the question of a bridge instead of a tunnel. Then of course we had the question of inducing the owners of the property to turn their property over to the city which would make possible the building of the tunnel. We agreed to pay 10 per cent in excess of the assessed valuation on the property on the Boston side and about 80 per cent of the owners accepted. We discontinued payment of *pro tanto* settlements so that owners could not use the money paid by the city to go into court and fight us with our own money in order to secure larger awards. On the East Boston side it was largely dwelling houses. There was no way to justify the payment of only 10 per cent in excess of assessed valuation and so it was determined that we pay from 100 to 200 and 250 per cent, which represented the confiscation of homes. Ninety per cent of the people on the East Boston side will accept their awards without going to court. The Transit Commission have double forces at work upon plans and specifications, and there is every indication that in the first week in January, plans and specifications will be available for advertising. The award will then be made and the digging work on the tunnel should start in February.

It will take in the neighborhood of from two to two and a half years to complete the work on the extension of the Boylston Street Subway. I do not know how the Elevated officials may feel, or how the cities and towns that will be required to meet the deficit will feel, with reference to the bill that I propose to introduce in the Legislature relative to the extension of the Huntington Avenue Subway to Brookline Village, but in any event it would appear that it probably means three years of additional work where thousands of men might be employed rather than hundreds.

With reference to immediate work in the future I have requested the Police Commissioner to have a study made with a view to the consolidation of the four intown police stations into two and to select an architect to design the type of double station that would be required. These stations will represent an expenditure of approximately \$350,000 each.

I have also requested the Fire Commissioner to take similar steps with reference to four fire houses where, in his opinion, they are most necessary. This will represent an expenditure of \$700,000.

I have arranged with the Overseers of the Public Welfare to provide an additional building at a cost of \$200,000, making a total of \$1,600,000.

I have refrained from doing anything on the Printing Plant until such time as we secured land for the building of same. I had in mind the possibility

of building the Printing Plant over the roof of the tunnel, thereby minimizing the cost for taking of site.

I have requested the Library Trustees to draft their plans for two branch libraries for next year in conformity with the plans agreed upon last year for the building of two branch libraries each year for a period of twenty years.

The city can only do a limited amount of work to relieve a situation of this character. We have about sixty bills drafted for submission to the Legislature.

The City Planning Board are working industriously and endeavoring to mold sentiment in favor of a loop highway for Boston and an overhead street at a cost of \$25,000,000, this amount to be spent over a period of years, not to exceed \$5,000,000 in any one year.

The big bulk of the people must be taken care of by providing employment by the business interests of the community.

This is a start and I am inclined to believe it is going to be extremely helpful. So that is the situation prevailing here. I do not know how it is in other cities and towns, but I do know that it is very difficult in Fall River. Worcester has borrowed on short term note \$1,000,000. We must develop employment agencies for the absorption of the unemployed and it will be better for them and for ourselves.

Those present at the first meeting included:

All of the twenty-two City Councilors, Mr. William H. Taylor, R. W. Bowdoin, Executive Secretary, Massachusetts Emergency Committee, Mrs. W. J. McDonald, Mrs. Edward L. Logan, Mrs. John T. Bottomley, Miss Sophie M. Friedman, Dr. Ben M. Selekmán, Mrs. Agnes H. Parker, Mrs. Samuel Silverman, Mrs. Thomas F. McMahon, Mrs. Margaret J. Gookin, Mrs. Edward C. Donnelly, Mr. P. J. Hurley, Mr. J. Arthur Moriarty.

Following the opening address of the Mayor, Mr. R. W. Bowdoin, Executive Secretary of the Massachusetts Emergency Committee on Unemployment, outlined the plans of his committee for relief of the present situation and outlined suggestions for the Mayor's Committee to follow.

It was voted by the committee that the Police Commissioner be requested to take a census of the unemployed in Boston.

It was also voted that five sub-committees be appointed to make recommendations to the Mayor's Committee, the sub-committees to be as follows: Publicity, Relief, Fact-Finding, Stabilization, Employment for Clerks.

The meeting adjourned subject to call of the Chairman.

Mr. Simon E. Hecht, Chairman. Mrs. Eva Whiting White, Vice Chairman.

MAYOR PRAISED FOR INTEREST IN BAY STATE INDUSTRIES.

His Honor the Mayor, on December 17, received the following communication from Conrad Hemond, Secretary of the Holyoke Chamber of Commerce:

MY DEAR MAYOR CURLEY,—I am instructed by our Executive Board to convey to you their appreciation of the efforts made by the City of Boston under your direction in the interests of Massachusetts industries. We wish to congratulate you upon the effectiveness of your program.

Cordially yours,

CONRAD HEMOND.

PROMISES MISSION HILL SECTION A LARGE PLAYGROUND AS CENTER FOR PHYSICAL ACTIVITIES ADJACENT TO LIBRARY FOR INTELLECTUAL IMPROVEMENT — MAYOR CURLEY SPEAKS AT CORNER-STONE LAYING.

Mayor Curley delivered the following address at laying of corner stone of Branch Library, Mission Hill, Roxbury, Monday, December 15, 1930.

Mr. Chairman, Reverend Fathers, and Friends.

This structure, the corner stone of which is to be laid today, marks a definite departure in the matter of agencies for the distribution of literature, and is a distinct advance in the facilities of the public library system of an American city. It represents another step in the line of progression in the matter of city planning.

We have never had any definite standards for the conduct of the activities of municipal departments in America. We are gradually, however, evolving a definite system of standards that may be followed from year to year regardless of changes in the political character of those charged with the conduct of the activities of the cities of America. We are installing, if you will, a system of business administration in the conduct of municipal activities to take the place of the haphazard, wasteful system that has been in vogue from the very beginning of government in America, and in the case of the libraries it is of such comprehensive detail that it will not only meet the needs of the people within a given period of time, but meet those needs without seriously burdening any generation.

For example, there is no city in America that boasts a better central library than the City of Boston,—I mean better from the standards of architectural beauty, from the standpoint of general design, and from the standpoint of general equipment.

We have considered and attempted the distribution of books through our public school system by a plan put in operation some half dozen years ago, whereby a library might be installed in every public school, or in a public school in each section of the city, with a view to developing the reading habit among the boys and girls, but we found that it resulted in a conflict of authority between the school authorities and the Library Trustees and did not work out as well as we anticipated.

So we have embarked upon this system of appropriating the sum of \$200,000 each year for a period of twenty years for the construction each year of two branch libraries, so that at the end of

twenty years we will have forty branch libraries with the best system of distribution in the entire world.

The first of these branch libraries to be dedicated under this program is the library building here located. I want to congratulate the Trustees of the Public Library, who are men of exceptionally high standing in our community, who are men who have given unselfishly of their time and of their talent, who have served without salary, on the selection of this site.

I believe that Boston owes to them a debt of gratitude for the wisdom they have displayed in their choice of an architect for the designing of this building. In all probability there is no man in America more conversant with church architecture and library architecture than Ralph Adams Cram.

Exceptional wisdom was also displayed by Mr. Cram and the Board of Trustees in determining upon a type of building to be here located, one that would conform to the architectural masterpiece just beyond, known as the Mission Church. In this selection Mr. Cram displayed that same high degree of intelligence that he has displayed in every case during the last quarter of a century.

And I want to congratulate the builder, Mr. Piotti, whose architectural monuments are to be found in every section of the city. These monuments erected by Mr. Piotti are examples of fidelity and honesty in the conduct of work, even for a city, which is something.

For myself I can only say that it is a source of real pleasure to be here and participate in the laying of this corner stone for the reason that I was responsible some ten or more years ago, during my last administration, I believe, for the playground that is here located and I look forward to the time when, with the assistance of your local councilor, Mr. Power, and others, we may be able to wipe out the adjoining structures and make this territory a large playground, so that here will center all activities that are helpful to a mother, under conditions that are a guarantee of safety of life and limb, and give to the mothers and children an opportunity for physical development in the playground adjoining, while here in this structure there will be opportunity for intellectual development so that the citizen may be a more useful asset to the community and a better citizen of our common country.

as are at present equipped with obsolete, unhealthful and insidious latrine systems, placing fire escapes on other schools that are not properly equipped, painting, plastering and otherwise.

The expenditure of \$200,000 during the Christmas season would be a boon to the unemployed and I sincerely trust you will take the necessary steps to have this work conducted without delay for the best interests of the School Department, the pupils attending the public schools and the unemployed of Boston.

Very truly yours,

JAMES M. CURLEY,
Mayor.

MAYOR CURLEY APPEALS FOR CHRISTMAS GIFTS FOR VETERANS.

His Honor the Mayor, on December 15, issued the following appeal in behalf of the Disabled Veterans Christmas Remembrance Committee:

The news that every bed at the new hospital erected by the Federal Government at Bedford, Mass., is already taken conveys in a small way the sad story of the continued agony of the flower of America's youth, stricken in the recent World War.

In the vexatious rounds of our everyday life these men who sacrificed that free government might continue are forgotten. Forgotten by all save their comrades and, alas, an extremely limited number of tender hearted, kindly patriotic women and men who at great personal sacrifice of time and money, bring a little cheer into the hearts of men who feel that their service is not appreciated and that they are forgotten.

The Disabled Veterans Christmas Remembrance Committee have never forgotten during the Christmas season to extend Christmas greetings in a practical way by filling stockings with the good things that are symbolic of remembrance and love.

The aid of every one is necessary to the success of this work. The cost of filling a stocking is \$2.50; write out your check now and forward it to James J. Phelan, Treasurer, 60 Congress street, Boston, as by so doing you will not only have performed a patriotic service but assisted in awakening memories, in hearts that are saddened, of the brighter, happier Christmas Day spent in their own homes, surrounded by those whom they love and who, if living, still love them, and who, if they have passed to the Great Beyond will look down from high Heaven with kindly gratitude for a good deed performed upon the day dedicated to "peace on earth to men of good will."

JAMES M. CURLEY,
Mayor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

PHYSICAL INSTRUCTOR, BOSTON PARK DEPARTMENT, DECEMBER 31, 1930.

Last date for filing, Wednesday, December 24, 1930, at 5 p. m.

Requisition is for a male but the examination is open to both males and females.

Salary: \$2,200 a year. There are two vacancies.

Duties: To teach calisthenics, gymnastics, apparatus work, games, and athletic activities. Applicants should have a general knowledge of first aid, life saving, boating and swimming.

Subjects and Weights: Training and experience, 4; practical questions, 3; oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

URGES SPENDING OF \$200,000 IMMEDIATELY ON SCHOOLS.

His Honor the Mayor, on December 16, forwarded the following communication to Superintendent Louis K. Rourke of the Department of School Buildings:

MY DEAR MR. ROURKE,—I am reliably informed that your department at the present time has an unexpended balance of approximately \$200,000. It occurs to me that this money might be profitably expended during the Christmas vacation season of the schools in the installation of modern plumbing in such schools

MAYOR CURLEY FAVORS "BUILD NOW" PROPOSAL.

Mayor Curley, on December 11, directed the following communication to Mr. William T. Frary, of the Boston Society of Architects, 16 Somerset street, Boston:

I have read with interest the communication submitted by the Boston Society of Architects in favor of the "build now" movement, and the advantages to be derived from such action by them in their relation to the relief of unemployment, and the saving that would result from purchasing at this time.

I am heartily in favor of the movement and trust it will prove the success that it deserves.

Sincerely,

JAMES M. CURLEY, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

INVESTIGATOR OF FRAUDULENT SECURITIES, DEPARTMENT OF PUBLIC UTILITIES, DECEMBER 29, 1930.

Last day for filing applications, Monday, December 22, 1930, at 5 p. m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$2,040 a year; the maximum salary is \$2,520 a year.

Duties: Under the direction of the supervising investigator of fraudulent securities, to investigate complaints relative to securities, brokers and salesmen; and other matters in connection therewith.

Applicants must be not less than twenty-five nor over forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

LOCK AND DRAW OPERATOR, METROPOLITAN DISTRICT COMMISSION, DECEMBER 29, 1930.

Last day for filing applications, Monday, December 22, 1930, at 5 p. m.

The minimum salary is \$1,560 a year; the maximum salary is \$1,800 a year.

Duties: Under supervision, to operate and maintain during an assigned shift, without assistance, the mechanical and electrical equipment of a drawbridge or of a combined installation of locks, sluices and drawbridge, and to perform related work as required.

Subjects and Weights: Training and experience, 4; report, 1; arithmetic, 1; practical questions, 4; total, 10.

Requirements: At least 70 per cent to be obtained in practical questions, 50 per cent in the other subjects, and 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT SMOKE ABATEMENT INSPECTOR, DEPARTMENT OF PUBLIC UTILITIES, DECEMBER 29, 1930.

Last day for filing applications, Monday, December 22, 1930, at 5 p. m.

The minimum salary is \$1,800 a year; the maximum salary is \$2,280 a year. There are three vacancies.

Duties: Under general supervision, to make investigations in the enforcement of the laws and regulations relating to the abatement of the smoke nuisance, and to perform related work as required.

Qualifications: Applicants must have education equivalent to graduation from a grammar school and must have had not less than two years' experience in the operation, inspection, repair or construction of boilers.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 60 per cent in practical questions, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Physical fitness, with special reference to eyesight, to be determined by physical examination.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

SAFE DRIVING.

Most cities and towns have a long list of "dont's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

READING COLLECTS \$735,000 FOR WATER DURING 1929.

The city of Reading, Pa., has approximately 27,000 water accounts. Of this number, 1,200 are industrial users and include factories, hotels, apartment buildings and other big users. Bills in these cases are rendered monthly. The remainder, 25,800, are domestic users, to whom bills are rendered quarterly. In both cases, forty-five days are allowed for payment, after which a 5 per cent penalty is added. Payment is made either in person at the office of the city treasurer at the City Hall or through the mail by check. The total water charges for 1929 were estimated at \$735,000.

The Water Department is authorized by the City Council to shut off the water supply of any industrial or domestic user, without further notice, for non-payment of water rent, or for any other unpaid charge made by the department, thirty days after the bill is due.

DELINQUENT TAXES INCREASE IN PHILADELPHIA.

According to the Philadelphia Bureau of Municipal Research, delinquent taxes in that city are much greater than last year. At the end of three-quarters of the year barely two-thirds of the 1930 tax levy had been collected. The real estate tax levy for this year was slightly over \$60,000,000, of which a little more than \$40,000,000 had been collected to the end of September. This was at the rate of 5.5 per cent less than the collections for the same period in 1929. Even at the faster rate of the previous year, the delinquent real estate taxes at the end of 1929 amounted to \$13,500,000. This was the largest delinquency the city had ever had up to that time, or more than twice the delinquency of the year before. What the situation will be at the end of 1930 the bureau does not even hazard a guess.

One rather striking fact is brought out, namely, that the current personal property taxes for 1930 do not show as marked tendency toward increased delinquency as do the real estate taxes. The personal property tax levy for 1930 in Philadelphia was approximately \$5,350,000.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

LEGAL HOLIDAYS.

As provided by the Revised Laws of Massachusetts, also by chapter 473, Acts of 1910, and chapter 104, General Acts of 1916 (ratified by the electorate on November 7, 1916), legal holidays on which the public offices shall be closed, include January 1, February 22, April 19, May 30, July 4, September (first Monday), October 12, Armistice Day (November 11), Thanksgiving Day (the last Thursday in November) and Christmas Day (December 25).

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR GRADING AND CONCRETE WALLS AT FOSTER STREET PLAYGROUND, NORTH END.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for grading and concrete walls at Foster Street Playground, North End, signed by the bidder and left before 12 o'clock noon on Friday, January 2, 1931, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFFENREFFER,
JOHN J. MARTIN,

(Dec. 20-27.) *Commissioners.*

PARK DEPARTMENT.

PROPOSALS FOR REPAIRING SKYLIGHTS AT BIRD HOUSE, FRANKLIN PARK.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for repairing skylights at Bird House, Franklin Park, signed by the bidder and left before 12 o'clock noon on Friday, January 2, 1931, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., on Monday, December 29, 1930, at which time and place they will be publicly opened and read for furnishing hay, grain and straw to the various departments during the month of January, 1931. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with the federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the federal standards and the bidders are to furnish a certificate to this office showing the grade of oats bid on. The hay and oats must be weighed by a sworn weigher and on the scales designated by the Superintendent of Supplies. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

PHILIP A. CHAPMAN,

(Dec. 20.) *Superintendent of Supplies.*

READVERTISEMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING ASHES, STORE DIRT, HOUSE DIRT, REFUSE AND GARBAGE IN WEST ROXBURY AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing ashes, store dirt, house dirt, refuse and garbage, between January 1, 1931, and December 31, 1931, including the removal of all household refuse during the spring cleaning period between April 1, 1931, and May 15, 1931, and shall also remove grass, garden refuse and leaves during the entire term of the contract in the following districts: West Roxbury and Hyde Park, and giving bond thereof of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. THERE ARE TWO DISTINCT PROPOSALS: Proposal No. 1 and Proposal No. 2, and are to be alternative bids. Each proposal shall contain a list of approved dumps, which the bidder proposes to use in the performance of the contract. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Ashes, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, December 26, 1930, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,

(Dec. 20.) *Commissioner of Public Works.*

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1931. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month, five thousand one hundred and forty-five (5,145) pillow slips per month, nineteen hundred and seventeen (1,917) towels per month, one hundred and seven (107) bedspreads per month, blankets, gray and blue, one thousand (1,000) annually, blankets, red, eight hundred (800) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 22, 1930, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor at City Hall previous to the time stated for the opening of the bids; the other containing a certified check for two hundred (200) dollars made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner; said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

EDWARD F. McLAUGHLIN,

(Dec. 13-20.) *Fire Commissioner.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

AUCTION SALE.

I will sell at Public Auction the following old material at 710 Albany street, Boston, on Wednesday, December 24, 1930, at 11 a. m. Terms and conditions: Cash or certified check for materials, all of which are to be removed immediately.

Approximate amounts:

100 tons cast-iron junk.
1,000 pounds composition and brass chips.
4,000 pounds heavy composition.
150 pounds light composition.
350 pounds light brass (meter clocks and gears).
150 pounds vulcanized rubber.
150 pounds auto tires.

EDWARD W. FOYE,
Municipal Auctioneer,
24 School Street, Boston.

(Dec. 20.) Lib. 0532.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR LUMBER.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for Douglas fir or spruce and long leaf yellow pine lumber. A bond will be required in the sum of \$1,000 for the performance of the contract. Proposals may be obtained at the office of the Department. The bids will be publicly opened at 12 o'clock noon, Monday, December 29, 1930. A certified check for \$500, payable to the City of Boston must accompany the proposal. The Department reserves the right to reject any and all proposals. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,

(Dec. 13-20.) *Secretary.*

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

Fire Service.

CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT, JANU-
ARY 10, 1931.

Last day for filing applications, Wednes-
day, December 31, 1930, at 5 p. m.

BOSTON AND METROPOLITAN DISTRICT,
JANUARY 24, 1931.

Last day for filing applications, Wednes-
day, January 14, 1931, at 5 p. m.

Applicants for the service of Boston
must be not less than twenty-two nor
over thirty-five years of age at the time of
filing their applications.

Applicants for all other cities and towns
in the Metropolitan District must be
not less than twenty-one nor over thirty-
five years of age at the time of filing their
applications. A certificate of date of
birth must be filed with the application.

Applicants for the service of cities and
towns outside of the Metropolitan Dis-
trict are required to be not less than
twenty-one nor over thirty-five years of
age at the time of filing their applications.
Applicants for Worcester fire service are
required to be not less than 5 feet 5 inches
in height. Applicants for Brockton must
be not less than 5 feet, 6 inches in height,
and weight not less than 135 pounds at
the time of appointment. Applicants for
Winchester fire service must be not less
than 5 feet 8 inches in height, and weigh
not less than 150 pounds. Applicants for
Lynn fire service must be not less than
5 feet 5½ inches in height, and weight
not less than 135 pounds.

Callmen and substitute callmen may
make such deductions from their ages as
are provided for in Civil Service Rule 8,
Class 21.

The subjects of examination with their
respective weights will be as follows:
Training and experience, 3; practical
questions, 4; general information, 3;
total, 10.

Physical fitness to be determined by
physical examination and strength tests.

Educational test, 3; physical test, 2;
total, 5.

Applicants will be required to obtain
at least 50 per cent in each subject of the
examination and at least 70 per cent in
the general average of the educational
test and in the strength test in order to
become eligible.

The practical questions will be based
upon information contained in a manual
known as the "Red Book." This manual
may be obtained from the Secretary of
State, Room 118, State House, at ten
cents a copy. It is necessary that appli-
cants obtain a copy of this manual and
study it carefully.

INDUSTRIAL INSPECTOR, DEPARTMENT OF
LABOR AND INDUSTRIES, JANUARY
17, 1931.

Last day for filing applications, Wed-
nesday, January 7, 1931, at 5 p. m.

(Requisition is for a male, but the
examination is open to both males and
females.)

The minimum salary is \$2,040 a year;
the maximum salary is \$2,520 a year.

Duties: To inspect places of employ-
ment, including machinery and sanitary
conditions in industrial establishments;
conditions as to ventilation and proper
lighting; to examine time notices and
employment certificates for minors.

Applicants should be familiar with the
statute law relative to making work
places safe for employees. This would
include the safeguarding of machinery
and the installation of local exhaust
systems for the removal of dust, fumes
and gases likely to cause occupational
disease. They should be familiar with
the labor laws of Massachusetts and the
rules and regulations adopted by the
Department of Labor and Industries.

Applicants must be not more than
fifty years of age at the time of filing
application. A certificate of date of
birth must be filed with the application.

Applicants must have education equiva-
lent to graduation from a standard high
school.

Subjects and Weights: Training and
experience, 4; practical questions, 3; per-
sonality and fitness, as determined by an
oral interview, 3; total, 10.

Requirements: At least 70 per cent to
be obtained in each subject of the exam-
ination in order to become eligible.

Physical fitness to be determined by
physical examination.

Clerical Service.

FOR STATE AND CITIES AND TOWNS
OUTSIDE OF BOSTON AND METRO-
POLITAN DISTRICT, FEBRUARY 7,
1931.

Last day for filing applications, Wed-
nesday, January 28, 1931, at 5 p. m.

FOR BOSTON AND METROPOLITAN DIS-
TRICT, FEBRUARY 21, 1931.

Last day for filing applications, Wed-
nesday, February 11, 1931, at 5 p. m.

This is an examination for the clerical
service of the state and of all cities and
of such towns in the state as are classified
under civil service. On February 7 the
examination will be held in various cen-
trally located cities. On February 21
the examination will be held in Boston,
and all persons who reside within com-
muting distance will be notified for
examination on this day.

Certification may be made from the
eligible lists established by this examina-
tion for office, institutional, or other
positions of a similar nature at the dis-
cretion of the Commissioner of Civil
Service. Special qualifications in book-
keeping, stenography, typewriting, cata-
loguing, filing, etc., and in foreign lan-
guages may be recognized by the com-
missioner in certifying persons for posi-
tions demanding such qualifications. Per-
sons qualifying in the examination may
have their names placed on the state list
as well as on the list for the city or town
in which they reside.

Applicants must be not less than six-
teen years of age at the time of filing
application.

The subjects of examination with their
respective weights will be as follows:
Training and experience, 3; spelling, 3;
letter writing, 3; arithmetic (multiplica-
tion, division, and decimals), 1; arithmetic
problems, 1; word knowledge, 1; sentence
meaning, 1; grammar, 1; reasoning, 1;
total, 15.

Applicants will be required to obtain a
mark of at least 64 per cent in spelling,
at least 50 per cent in each of the other
subjects, and at least 70 per cent in gen-
eral average in order to become eligible.
For positions paying \$1,320 or more, only
clerks who receive a mark of at least
70 per cent in experience will be certified.

The usual entrance salary for clerks for
state service is \$960 a year.

Sample questions for clerks available.

FIRST LINK IN CENTRAL ARTERY.

A bill will be introduced in the Legis-
lature by Corporation Counsel Samuel
Silverman, at the direction of Mayor
Curley, seeking authority to borrow
\$10,800,000 outside of the debt limit for
the construction of the first link in the
Central Artery, so called. This plan calls
for the widening and construction of the
following streets: Chardon street, be-
ginning at Bowdoin square to Merrimac
street; Merrimac street to Haymarket
square; Haymarket square at Cross
street, through Cross street to North
street; North street to Clinton street;
Clinton street to State street, this work
to cost approximately \$8,000,000. Link
number two to cost approximately
\$2,800,000 and to begin at Albany
street from Kneeland, through Al-
bany to Way street, and then from the
junction of Albany and Way streets,
through Way street, through Motte
street, through Castle street to Arlington
square, but no more than \$6,000,000 of
this can be appropriated in any one year.

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

IN BOARD OF STREET COMMISSIONERS OF THE
CITY OF BOSTON, December 10, 1930.

Ordered, That due notice be given that this
Board is of the opinion that public necessity
requires the taking of land in the Dorchester
district, as follows: A tract of land bounded
by Morton street, as widened August 15, 1930,
about 206 feet; by Pine Ridge road, about
360 feet; by a line 100 feet distant from
and parallel with the westerly line of Gallivan
Boulevard and running northerly from Pine
Ridge road, about 405 feet; and by a line
running westerly from the northerly end of
said last described line about 129 feet to
Morton street, as widened August 15, 1930,
containing approximately 64,004 square feet,
for school purposes, substantially as shown
on a plan on file in the office of this Board,
that it intends to pass an order to make
said taking, and that it appoints 12 o'clock m.,
of December 30, 1930, and the office of this
Board, 401 City Hall Annex, as the time and
place for a public hearing in the matter.

A true copy of an order passed by said
Board on said day.

Attest:

(Dec. 13-20.)

JOSEPH F. SULLIVAN,
Secretary.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR REMOVING BUILDINGS FROM LINE
OF TRAFFIC TUNNEL IN EAST BOSTON.

The Transit Department of the City of
Boston will receive proposals for the removal
of one or more of the buildings from the line
of the Traffic Tunnel in East Boston. A bond
will be required in the sum of \$500 for each
building upon which proposal is accepted for
the faithful performance of the work. Prop-
osals must be made in duplicate on forms
which may be obtained at the office of the
department where plans may be seen showing
the locations of the buildings. Bids will be
publicly opened at 12 o'clock noon, Monday,
January 5, 1931, at the office of the Transit
Department, 1 Beacon street. A certified check
payable to the City of Boston for \$500 must
accompany the proposal. The Department
reserves the right to reject any or all prop-
osals or parts of any proposal. The sealed
duplicate, without check, is to be deposited
by the bidder with the City Auditor, Room 20,
City Hall, previous to the time named for
opening the proposals.

By order of the CITY OF BOSTON TRANSIT
DEPARTMENT.

(Dec. 20-27.)

EDWARD F. CONDON,
Secretary.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, DECEMBER 27, 1930.

NO. 52

MAYOR CURLEY'S CHRISTMAS MESSAGE TO BOSTON ASKS FOR GREATER REVERENCE FOR GOD AND LOVE FOR NEIGHBOR — IN LIGHTING CHRISTMAS TREE TO START CITY'S CELEBRATION BEFORE 50,000 REVELERS HE POINTS WAY TO GREATER PEACE AND PROSPERITY — WHOLE CITY SHARES IN FESTIVITIES.

Boston's Christmas Eve celebration for 1930 has gone down into history as the most memorable of all in which the city has taken part officially since the inauguration of the Christmas tree lighting on the Common. From the official lighting of the tree to the religious services at midnight, both Catholic and Protestant, that called the hosts of citizens to worship, and then again in the morning of Christmas Day, when children sprang from their beds to rush to the trees and other places in the homes where Santa had visited, there was rejoicing, singing, happiness, and jollity.

The central and predominating figure of it all for the City of Boston was Mayor Curley. With grace and kindness of heart he stepped from one official ceremony to the other from morning until after the exercises on the Common when he retired to his home, to the bosom of his family and friends, there to await the coming of Santa and the cheer of Christmas Day.

Before coming to the Common for the lighting of the tree, Mayor Curley had been dispensing of cheer and comfort to those of the needy among the citizens of Boston. At one time during the day he was at the rooms of the Salvation Army at the People's Palace, Washington and East Brookline streets. At another he was at the home of the Volunteers of America in Howard street, where he joined in fitting shoes to the feet of the little children gathered to receive them.

When the Mayor arrived at the Common for the lighting of the huge tree, a community chorus of thousands of voices greeted him. This group was said to be the largest and gayest group that had ever gathered for such an event. The event was made all the more memorable since it was the last and final official act of the Tercentenary year.

Under the direction of J. Philip O'Connell, Director of Public Celebrations, a special Tercentenary program had been prepared to continue throughout the evening until midnight when trumpet blasts signalled the city's official greeting of "Merry Christmas" to the world.

Mayor Curley started the celebration by throwing on the switch that lighted the tree. Following this act he delivered to the people of Boston and to the world by radio his message of peace and good will. In this address he appealed to all to cultivate more and more the spirit of Christ, to renew in themselves the love for God and neighbor, pointing out that this was the sure solution of the problems that confronted us all, including wars, industrial depressions and poverty. In his address he spoke as follows:

The eve of Christmas, upon which in conformity with established custom we assemble, is ever an occasion for introspection to pay homage to the Saviour of mankind. More than nineteen centuries have passed since Mary, the Mother of God, denied shelter, gave birth to the Saviour of mankind in a cave at Bethlehem. With the coming of Christ the Saviour who died for man's salvation came the preachment of the brotherhood of man and the fatherhood of God.

Notwithstanding nineteen centuries of the beneficent influence of religion and education and Christian civilization, we find the world animated largely by men and women devoid of that spiritual idealism essential of the well being and salvation of mankind, blinded by the desire for materialistic gain and with seldom a thought for the welfare of their fellowman. The philosophy of life and living, both so far as it pertains to the present and the hereafter, may be summed up not in ten commandments but in two. Could we but observe and live true to these two commandments it would be possible to scrap not only all others but the Golden Rule as well. The first, "Thou Shalt Love the Lord Thy God with Thy Whole Heart and Thy Whole Soul," and the second, "Thou Shalt Love Thy Neighbor as Thyself."

It is impossible for any man who loves the Lord his God to violate any of the remaining commandments, since no man can love his God and do so. The love of one's neighbor would mean an end to envy, greed, hatred and human selfishness. It would mean an end not only to wars but to the inequalities responsible for the ills and evils from which society suffers. It is most unfortunate that all are prone to forget the ever-present truth that we come into the world with nothing, and that we leave the world in like manner. The only thing we take away is that which we give and that which we give is measured in terms of service, and service to mankind is but another term for service to God.

There is a panacea for the ills which afflict the world today, and which we term industrial depression, and it may be found in the Divine Commandments. If the love of God and the love of one's neighbor, so much in evidence during the Christmas season, were in evidence in the same degree every day in the year as at Christmas time, there would be no occasion for charitable appeals to provide for the needs of the unfortunate. Unfortunately the spirit of the Nazarene, and His divine teaching of brotherhood, passes with the Christmas and is present but one day in the entire 365.

(Continued on page 1999.)

"O Boston, fair City enthroned like a radiant queen.

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of pub-

lic streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth, avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

CHRISTMAS MESSAGE.*(Continued from page 1997.)*

Christmas is essentially the heritage of childhood, and faith is the animating virtue. That faith may be ever present it is customary in the extension of Christmas greetings to express the wish for a Merry Christmas and a Happy New Year. The year that is passing, let us pray, will serve as a most valued lesson for the years that are to come and animated by the faith of the Divine Nazarene and the spirit of brotherhood, let us go forward into the year and the years that are to come actuated by a spiritual idealism, pledging ourselves to such program as will lessen the burden and make easier the lot of all who walk in the shadow of adversity.

In this spirit, and in the name of the people of Boston, I not only bid everyone a Merry Christmas and a Happy New Year, but I sincerely pray that the best day that everyone has seen in the past will be no better than the worst day they may see in the future.

EXTENSION OF CONTRACTS.**HOSPITAL DEPARTMENT (Sanatorium Division).**

Matthew Cummings Company has been granted an extension of time for completion of contract for erection and completion of kitchen and dining room building at Sanatorium Division from December 15, 1930, to February 15, 1931.

INSTITUTIONS DEPARTMENT.

H. M. Haley Electric Company has been granted an extension of the contract for rewiring sprinkler annunciator system at Long Island in Boston Harbor from November 22, 1930, to December 5, 1930.

PUBLIC WORKS DEPARTMENT.

Joseph Loconzolo, Jr., and M. Di Bartolomeo have been granted an extension of the date of completion of the contract for the building of sewerage works in Birchwood street, Rockland street, Schiller road and outlet in private land, West Roxbury, from December 5, 1930, to January 5, 1931 (thirty-one days).

J. C. Coleman & Sons Company have been granted an extension of the time of completion of the contract for grading in Morton street, Wards 17 and 18, from Gallivan Boulevard to Druid street, contract dated October 29, 1930, from December 15, 1930, to December 31, 1930.

Martino DiMatteo has been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Oakhurst street, Ward 14, and Hardy street, Ward 7, contract dated October 21, 1930, from December 15, 1930, to December 31, 1930.

Coleman Brothers, Incorporated, have been granted an extension of the time of completion of the contract for laying recut granite block pavement in Summer street, Ward 6, from Reserved channel to East First street, contract dated October 22, 1930, from December 15, 1930, to December 31, 1930.

J. F. Shaughnessy & Co. have been granted an extension of the time of completion of the contract for constructing bitulithic pavement in Brier road and Wycliff avenue, contract dated October 22, 1930, from December 15, 1930, to December 31, 1930.

MAYOR CURLEY MAKES PLEA TO CONGRESS FOR INCREASED PAY FOR MEN IN NATIONAL DEFENSE SERVICE. ASKS SUPPORT OF BAY STATE'S SENATORS AND REPRESENTATIVES.

Mayor Curley is especially interested in the report from Washington that there will be submitted to the present 71st Congress, prior to its adjournment on March 4, 1931, a revised pay schedule for the United States Army, Navy, Marine Corps and Coast Guard, and sincerely hopes that the measure may be enacted.

There has been no well defined increase in pay for the men of our National Service for many years, and Mayor Curley has written the Senators and Representatives of Massachusetts, urging their hearty support of this measure, in order that our American National Defence may be undertaken by the men of the Army, Navy, Marine Corps and Coast Guard, under adequate compensation for their important service.

Mayor Curley's letter to the Senators and Representatives of Massachusetts, urging their hearty support, is as follows:

"I am gratified to learn by a report from Washington that the revised pay schedule for members of the United States Army, Navy, Marine Corps and Coast Guard, will be reported to the 71st Congress, prior to its adjournment upon March 4, 1931. I most earnestly urge your hearty support of this measure.

"If the United States is to maintain our national defence it is absolutely necessary that our armed forces shall be officered by men of high professional ability.

"It is clearly evident that the service of these splendid patriots cannot be retained unless they receive an appropriate living wage.

"This wage should be computed upon the basis of that received by men of similar activities and ability in the civil life of our country.

"May I also call your particular attention to the fact that the Federal Congress has granted the United States service an advance of only eleven per cent in the last twenty-two years, whereas the cost of living during this same period has advanced one hundred and four per cent.

"An American economist has declared that the purchasing power of the American dollar has dropped to forty-nine cents, within this period of twenty-two years, until the officers of our Army, Navy, Marine Corps and Coast Guard find it impossible to maintain the standard of living expected of them by the United States Government.

"It is highly essential that there shall be a material increase in pay of the officers, so that they shall be relieved of financial worries, in order that they may devote their best intelligence, thought, and devotion to the character of their official duties and constantly be relieved of financial worry and obligation.

"My good friends of several services of the United States advise me that many of their number are living under the most depressing circumstances by reason of inadequate pay schedule.

"I can but feel that this Federal measure has eminent merit and, in the name of American National Defence, I earnestly request your support of the increased pay schedule measure.

JAMES M. CURLEY, *Mayor.*"

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Lubec street, East Boston district, as a highway, northeasterly from Maverick street, with the name of McKay place or some other distinctive name, bounded and described as follows:

A highway named McKay place is hereby laid out, northeasterly from Maverick street for a distance of approximately one hundred and twenty-five feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Maverick street, fifty and 80-100 feet; northwesterly by the northwesterly line of said McKay place as hereby laid out, one hundred twenty-six and 41-100 feet; northeasterly by the northeasterly line of said McKay place as hereby laid out, fifty and 42-100 feet; and southeasterly by the southeasterly line of said McKay place as hereby laid out, one hundred twenty-three and 92-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of McKay place (formerly Lubec street), East Boston district, as a highway, northeasterly from Maverick street for a distance of approximately one hundred and twenty-five feet, under the order of the Board, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Butler street, Dorchester district, as a highway, from Adams street southeasterly to westerly line of location of New York, New Haven & Hartford Railroad; and from the easterly line of location of said railroad to Vose street, bounded and described as follows:

An extension of the highway named Butler street is hereby laid out from Adams street southeasterly to northwesterly line of location of Old Colony Railroad Company; and from the southeasterly line of location of said company to Vose street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public purposes is taken, is bounded and described as follows:

Part from Adams street to the northwesterly line of location of Old Colony Railroad Company:

Northwesterly by Adams street, forty and 51-100 feet; northeasterly by the northeasterly line of said Butler street as hereby laid out, four hundred forty-eight and 81-100 feet; southeasterly by the northwesterly line of location of Old Colony Railroad Company, forty feet; and southwesterly by the southwesterly line of said Butler street as hereby laid out, four hundred fifty-five and 21-100 feet.

Part from the southeasterly line of location of Old Colony Railroad Company to Bearse avenue:

Northwesterly by the southeasterly line of location of Old Colony Railroad Company, forty feet; northeasterly by

the northeasterly line of said Butler street as hereby laid out, one hundred and ten feet; southeasterly by Bearse avenue, forty feet; and southwesterly by the southwesterly line of said Butler street as hereby laid out, one hundred and ten feet.

Part from Bearse avenue to Vose street:

Northwesterly by Bearse avenue, forty feet; northeasterly by the northeasterly line of said Butler street as hereby laid out, one hundred and ninety feet; southeasterly by Vose street, fifty feet; westerly by the westerly line of said Butler street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; and southwesterly by the southwesterly line of said Butler street as hereby laid out, one hundred and eighty feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Butler street as extended under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Butler Street, Dorchester, Assessment Plan, July 23, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying-out and construction of an extension of the highway named Butler street, Dorchester district, as a highway, from Adams street southeasterly, under the order of the Board, and awards no damages therefor.

MAYOR CURLEY RECEIVES CHRISTMAS GREETINGS FROM OLD BOSTON.

On December 26 the Mayor received the following greeting from Mayor Salter and his fellow guests at the Tercenary Celebration:

We, the deputation from Old Boston, desire to extend to his Honor Mayor Curley and the citizens of New Boston, our sincere Greetings for Christmas and trust the New Year will bring Happiness, Peace, and Prosperity to all.

REUBEN SALTER.
ARTHUR E. BAILEY.
ANNIE BAILEY.
JAMES TAIT.
J. H. MOUNTAIN.
GEORGE ROBINSON.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon December 22 the Mayor approved a contract with the Columbian Insecticide Company for extermination of vermin at Main Hospital and South Department. Bids, opened at the hospital on Tuesday, December 9, were as follows:

Safety Fumigant Company, \$5,420 a year; Sanitary Exterminating Company, \$600 a month; Colonial Laboratories, \$575 a month; Korite, Incorporated, \$450 a month; Columbian Insecticide Company, \$375 a month.

Upon December 22 the Mayor approved a contract with James F. Morse & Co. for the purchase of trimmings, bones, grease and suets. Bids, opened at the hospital on December 9, were as follows:

Ernest P. Robitaille Company.—Bones, $\frac{1}{4}$ cent a pound; trimmings, 1 cent a pound; grease (clear), 2 cents a pound; trap grease, .00; cods, $2\frac{1}{2}$ cents a pound; suets, $2\frac{1}{2}$ cents a pound.

James F. Morse & Co.—Bones, $\frac{1}{4}$ cent a pound; trimmings, $\frac{3}{4}$ cent a pound; grease (clear), 2 cents a pound; trap grease, .00; cods, $2\frac{1}{2}$ cents a pound; suets, $\frac{1}{2}$ cent a pound.

PARK DEPARTMENT.

Upon December 22 the Mayor approved a contract with Joseph A. Singarella for shelter and refreshment booth at Columbus Park, South Boston. Bids, opened Thursday, December 18, were as follows:

J. C. Coleman & Sons Company, \$15,436; J. Slotnik Company, \$14,100; R. A. Bossi Company, \$15,990; D'Amore Construction Company, \$13,256; M. S. Kelliher Company, \$12,925; Frankini Brothers Company, Incorporated, \$12,683; Hill & Delaney, \$12,342; John Bowen Company, \$12,289; Archdeacon & Sullivan, Incorporated, \$11,970; Coleman Brothers, Incorporated, \$11,813; Joseph A. Singarella, \$11,640; A. DeSimone, \$11,300.

PUBLIC WORKS DEPARTMENT (Sanitary Service.)

Upon December 19 the Mayor approved a contract with the New England Maintenance Company, Incorporated, for repairing garbage station, Albany street, Boston. Bids, opened December 15, were as follows:

New England Maintenance Company, Incorporated, \$10,972.50; the Rendle Corporation, \$11,257.50; M. M. Devine, \$11,680; the Marine Company, \$12,240; Buck MacDonald Company, \$13,930; J. A. Singarella, \$14,550; V. Grande, \$14,640; John Bowen Company, \$14,743.40; F. J. Gallagher & Co., \$19,447.50.

Upon December 23 the Mayor approved a contract with J. N. Smith & Co. for removing manure from the stables and yards in the various divisions of the department. Bids, opened December 22, were as follows:

J. N. Smith & Co., \$9.60 per horse per year; Joseph A. Kelly, \$6.75 per horse per year.

Upon December 24 the Mayor approved contracts for garbage removal in

two districts. The following bids were received for collecting and removing garbage and refuse in the Brighton and Dorchester districts during the year 1931.

Brighton District. (Bid per Month.)

Proposal No. 1.—Thomas Joseph McCue,* \$5,295; William P. Nickerson, \$5,650; Joseph P. McCabe, Incorporated, \$5,675; Dooley Brothers Incorporated, \$5,695; Edward J. Byrne, \$5,800; J. C. Coleman & Sons Company, \$6,700.

Proposal No. 2.—Thomas Joseph McCue,* \$4,750; William P. Nickerson, \$5,650; Joseph P. McCabe, Incorporated, \$5,675; Dooley Brothers, Incorporated, \$5,195; Edward J. Byrne, \$5,700; J. C. Coleman & Sons Company, \$6,500.

Dorchester District.

Proposal No. 1.—Thomas Joseph McCue, \$19,000; Coleman Brothers, Incorporated,* \$20,390; J. C. Coleman & Sons Company, \$20,700.

Proposal No. 2.—Thomas Joseph McCue, \$18,495; Coleman Brothers, Incorporated, \$20,000; J. C. Coleman & Sons Company, \$20,400.

*Contract awarded.

PUBLIC WORKS DEPARTMENT (Sewer Service.)

Upon December 18 the Mayor approved a contract with Joseph Loconzolo, Jr., and N. Di Bartolomeo for sewerage works in private land between Tower street and Forest Hills Cemetery, West Roxbury. Bids, opened December 17, were as follows:

Joseph Loconzolo, Jr., and N. Di Bartolomeo, \$2,487.02; D. V. Construction Company, \$2,761; M. DeSisto Company, \$3,042; N. Cibotti, \$3,308; A. Piatelli & Co., \$3,609.50; Savage Contracting Company, \$3,944.50; J. Capone, \$4,462.20; M. D. Russo, \$4,916.60; L. Balboni, \$4,935; Lawrence Construction Company, \$5,719.75.

Upon December 18 the Mayor approved a contract with M. D. Russo for sewerage works in Englewood avenue, from Chestnut Hill avenue 200 feet easterly, Brighton. Bids, opened, December 16, were as follows:

N. Sanella & Son, \$2,595; M. D. Russo, \$3,035.30; Roxbury Concrete Constructing, Company, Incorporated, \$3,135.50; A. Piatelli & Co., \$3,203; D. V. Construction Company, \$3,302; N. Cibotti, \$3,324.72; J. J. Conway, \$3,326; L. Balboni, \$3,505; Savage Contracting Company, \$3,712.90.

Upon December 19 the Mayor approved a contract with A. Piatelli & Co. for sewerage works in Chittick road, Foster street and Rosemont street, Hyde Park. Bids, opened December 18, were as follows:

A. Piatelli & Co., \$9,192.02; C. Russo, \$9,787; D. V. Construction Company, \$9,853; Zoppo & Civitarese, \$9,959.53; M. DeSisto Company, \$10,074.50; J. F. Kennedy & Co., \$10,206.50; N. Cibotti, \$11,166.33; Charles Struzziery, \$11,180.12; L. Balboni, \$11,234.75; J. J. Conway, \$12,423.50; M. D. Russo, \$13,006.05.

Upon December 22 the Mayor approved a contract with the D. V. Construction Company for sewerage works in Roslindale avenue, Bournedale road, Bourne street and Southbourne road, West Roxbury. Bids, opened December 19, were as follows:

D. V. Construction Company, \$4,324.61; N. Cibotti, \$4,325.31; L. Balboni, \$4,366; Charles Struzziery,

\$4,428.86; M. DeSisto Company, \$4,544.50; Roxbury Concrete Construction Company, Incorporated, \$4,720.25; M. D. Russo, \$4,894.25; Joseph Loconzolo et al., \$5,067.01; Joseph Capone, \$5,211.75; J. J. Conway, \$5,404; C. Capone, \$5,704.25.

SCHOOL COMMITTEE.

The School Committee has approved the following contract for removal of ashes and rubbish from certain schools, bids on which were opened Monday, December 1.

Contract was awarded to Edward J. McHugh & Son, under date of December 10, 1930.

The School Committee has approved contract as follows for furnishing new typewriters in exchange for used typewriters for the Boston public schools. Bids, opened on Wednesday, October 15, were received from the following dealers:

Remington Rand Business Service, Incorporated, Royal Typewriter Company, Underwood Typewriter Company, L. C. Smith & Corona Typewriters, Incorporated, Woodstock Typewriter Company.

Contracts were awarded to the lowest bidders in accordance with specifications as follows:

Remington Rand Business Service, Incorporated, November 14, 1930, \$1,909.25; Royal Typewriter Company, November 18, 1930, \$2,131.75; L. C. Smith & Corona, November 14, 1930, \$1,948.50; Underwood Typewriter Company, November 14, 1930, \$2,376.

TRANSIT DEPARTMENT.

Upon December 23 the Mayor approved a contract with the Central Building Wrecking Company for removing buildings in Boston proper and on the line of the Traffic Tunnel. Bids, opened December 22, were as follows:

Atlantic Building Wrecking Company, \$5,000; New York Building Wrecking Company, Incorporated, \$4,985; John J. Duane, \$4,325; New England Building Wrecking Company, Incorporated, \$3,326 or \$3,225; Mystic Building Wrecking Company, \$2,534; Chelsea Building Wrecking Company, \$1,955; City Building Wrecking Company, \$1,622; American Building Wrecking Company, \$1,465; Central Building Wrecking Company, \$1,275.

TREASURY DEPARTMENT.

Upon December 16 the Mayor approved a contract with the syndicate indicated below for \$5,480,000 registered Serial City of Boston 4 per cent bonds and \$1,200,000 registered Serial City of Boston $3\frac{1}{2}$ per cent bonds:

From First National Old Colony Corporation, Harris, Forbes & Co., Incorporated, R. L. Day & Co., Estabrook & Co., Chase Securities Corporation, Atlantic Corporation, jointly for \$6,680,000; 100.039.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with department forces without advertising; additions to and deductions from contracts.

PARK DEPARTMENT.

Upon December 22 the Mayor approved a contract with John Donnelly & Son for illuminated sign on roof at Airport. A

communication from Daniel J. Byrne of the Park Department was as follows:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully asked to award a contract, without advertising, for illuminated sign on roof of building at the Boston Airport, East Boston, to John Donnelly & Sons, Egleston square, Boston, for the sum of \$3,320, same to be charged to the special loan appropriation, "Airport, Improvements." The reason for this request is that we opened advertised proposals on December 19, 1930, as follows:

The Hub Advertising Company, \$4,533; John Donnelly & Sons, \$3,320.

Owing to the fact that the low bidder, John Donnelly & Sons, failed to inclose a check for \$500, which invalidated its bid, it was voted that all bids be rejected. The John Donnelly & Sons Company states it is willing to accept the contract at the price submitted, and, under the circumstances, the Board believes it to be to the best interests of the city to award this contract without advertising to the John Donnelly & Sons Company, as nothing would be gained by further advertising.

Respectfully yours,

DANIEL J. BYRNE,
Secretary.

PRINTING DEPARTMENT.

Upon December 11 the Mayor approved a contract with the Miehle Printing Press and Manufacturing Company. A communication from William J. Casey was as follows:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's permission and approval is respectfully requested to award, without advertising, a contract for one Miehle horizontal high-speed automatic job press, delivered and erected complete in the Printing Department, with two chases and two sets of roller stocks at a cost of \$5,140, less 5 per cent for cash, \$257, making the net transaction to the city, \$4,883.

The Miehle Printing Press and Manufacturing Company are the manufacturers and sole selling agents of this printing machine; therefore there would be no advantage to the city in advertising.

Respectfully yours,

WILLIAM J. CASEY,
Superintendent of Printing.

PUBLIC WORKS DEPARTMENT (Paving Service.)

Upon varying dates as indicated in the following communications from the Public Works Department the Mayor approved the following contracts:

BOSTON, December 1, 1930.

To the Mayor of Boston.

Your permission is requested to the award of a contract, without advertising, to B. E. Grant Company for bitulithic pavement in Devonshire street, from State street to Water street and from Milk street to Franklin street, and in Harrison avenue from 26 feet south of Kneeland street to Harvard street, at a total estimated cost of \$12,300, based on the unit prices in this firm's contract for bitulithic pavement in portions of Boylston, Tremont and Washington streets, with the addition of the agreed-upon price of 50 cents per square yard for relaying a small quantity of wood blocks.

These portions of Devonshire street and Harrison avenue now have wood

block pavement in poor condition, and the award is recommended in order that replacement with smooth pavement can be completed this year. The delay in awarding an advertised contract would carry it over until next year, and in our opinion, little or nothing would be saved on the prices in a new proposal; and in addition, the unemployment situation would be helped out by putting the necessary men required immediately to work.

Yours respectfully,

JOHN E. CARTY,
Acting Commissioner of Public Works.

BOSTON, December 8, 1930.

To His Honor the Mayor.

Your approval is respectfully requested to the award of a contract, without advertising, to the Baker Construction Company for constructing artificial stone sidewalks in Linden street, Brighton, from Cambridge street to Brighton avenue, at an estimated cost of \$2,400, and at the unit prices in this firm's contract for sidewalks in Brentwood, Etna, Waverly and Portsmouth streets, Brighton.

We think this work can be finished this year if this award is made without advertising. The contractor is prepared to start immediately, as he has practically completed his work on the streets in the original contract.

Yours respectfully,

JOHN E. CARTY,
Acting Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sewer Service.)

BOSTON, December 11, 1930.

To His Honor the Mayor.

This department is constructing sewerage works in Dale street and Metropolitan avenue, West Roxbury, and a part of the work involves a crossing under the tracks of the New York, New Haven & Hartford Railroad, a short distance north of the Clarendon Hills Railroad Station. As is customary in cases of this kind, the railroad company installs the necessary timbers and braces to support its tracks so as to allow the construction work to be carried beneath them.

It is estimated that the cost of supporting the tracks at the Clarendon Hills Station will be approximately \$2,400, and your approval to the payment of that amount to the New York, New Haven & Hartford Railroad is respectfully requested.

Yours respectfully,

JOHN E. CARTY,
Acting Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon varying dates as indicated the Mayor approved contracts, according to requests in the following communications from the Supply Department:

BOSTON, December 4, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of March 28, 1930, your Honor approved a contract for the Mechanics Iron Foundry Company to furnish iron castings and bronze fittings to the Sewer Division.

The Sewer Division notifies this department that owing to the large amount of iron work required for the increased mileage of small sewers already laid and to be laid this year, in excess of the amount

anticipated by the Sewer Division, it will be necessary to increase this contract.

I respectfully request permission to increase the contract by the following amounts:

Class A—250,000 pounds, more or less, at 3.4 cents a pound; Class B—3,257 pounds, more or less, at 4.75 cents a pound.

The total cost of these excess quantities over the cost included in the original contract is not to exceed \$9,000.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, November 6, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of November 4, 1930, prices were received on 500 pieces 2½-inch black steel pipe, cut in 12-foot lengths, to be delivered to the Boston Traffic Commission, as follows:

Daly Plumbing Supply Company, \$1,628; Braman, Dow & Co., \$1,639.87; Crane Company, \$1,678.20; F. W. Webb Manufacturing Company, \$1,685.

I respectfully recommend that a contract be awarded, without publicly advertising, to the Daly Plumbing Supply Company, the lowest bidder, for 500 pieces 2½-inch black steel pipe at a price of \$1,628 for the lot.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, December 17, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to McCarthy Brothers to furnish the Boston City Hospital the following: Sixty Englander Company No. A, 3-foot beds, similar to ones now in use at the Boston City Hospital, delivered at a price each of \$33.50, \$2,010.

This type of bed has been in use at the Boston City Hospital for the past three years and has given satisfaction.

McCarthy Brothers are the direct agents for the Englander Spring Bed Company, who are the manufacturers, and no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, December 20, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to B. Nicoll & Co., Incorporated, to furnish the Sanitary Service the following: One Type A-3, 5-yard Colecto body, complete with all operating mechanism, delivered at a price of \$1,950; model UB 55 St. Paul hoist, also special white paint job with lettering, freight and mounted on Ford chassis supplied by the city, at a price of \$390. Total, \$2,340.

As B. Nicoll & Co., Incorporated, are the manufacturers, no advantage would accrue from publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, November 26, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Mohawk Packing Company to furnish the Boston City Hospital the following:

Approximately 3,800 pounds fresh northern young tom turkeys, average size 15 pounds each, delivered at a price of 40 cents a pound.

These turkeys were selected as being of the proper quality for use at the Boston City Hospital, and the price quoted, 40 cents a pound, is as low as could be obtained in the market.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, December 23, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Mohawk Packing Company to furnish the Boston City Hospital the following:

Approximately 3,600 pounds young tom turkeys, northern birds, average size 15 pounds each, delivered at a price of 44 cents a pound.

These turkeys were selected as being of the proper quality for use at the Boston City Hospital, and the price quoted, 44 cents a pound, is as low as could be obtained in the market.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Heywood Wakefield Company have been ordered to deduct for the following: Omission of shelves in various schools from 24-inch by 30-inch commercial desks and chairs with adjustable irons on the 144 sets of this type of furniture delivered to the new Brighton High School, per Inspector Wilson's letter of December 1, 1930, and the amount of \$2.25 per set or a total of \$324 will be deducted therefor, making the account as follows: Contract price, \$20 per set or \$2,880; total deductions, \$2.25 per set or \$324; amount of contract, \$17.75 per set, or \$2,556.

John Bowen Company have been allowed for the following in the Michelangelo School Addition: 160.4 cubic yards trench excavation, \$2.50, \$401; 37.3 cubic yards pier excavation, \$10, \$373; 53.1 cubic yards concrete, \$20, \$1,062; 144.6 cubic yards backfill, \$1, \$144.60—\$1,980.60, per architect's letter of December 1, 1930, and the amount of \$1,980.60 will be added therefor, making the account as follows: Contract price, \$243,000; total additions, \$3,347.17; total deductions, \$4,600; amount of contract, \$241,747.17.

Box 2364, Huntington avenue and Smith street; announced in General Orders No. 35, c. s.

Box 2513, Orchard Hill road and Bremen terrace; announced in General Orders No. 60, c. s.

Box 3313, Blue Hill avenue and McLellan street (auxiliarized to the William E. Endicott School); announced in General Orders No. 63, c. s.

Box 2497, Arborview and Malcolm roads; announced in General Orders No. 96, c. s.

Box 7129, Metropolitan Coal Company Pier, Eastern Steamship Company; announced in General Orders No. 96, c. s.

Box 1461, Washington and West streets. On this card a correction in the location of Box 13—1461 was made as announced in General Orders No. 102, c. s.

Box 2766, Vermont and Lyall streets; announced in General Orders No. 102, c. s.

Box 5262, South Waverly and Lincoln streets; announced in General Orders No. 102, c. s.

Box 6263, Saratoga street and St. Edward road; announced in General Orders No. 102, c. s.

Box 2557, Metropolitan avenue and Poplar street, announced in General Orders No. 107, c. s.

Box 3316, McLellan and Bradshaw streets; announced in General Orders No. 107, c. s.

Old cards for the following boxes will be returned to the office of the Fire Commissioner not later than Friday, December 26, 1930, and the name of the companies returning them will be written on the back of cards:

1461—2557—2766—3316—5262—6263.

III. TRAFFIC REGULATIONS.

Copies of the City of Boston Traffic Regulations, dated 1930, issued by the Boston Traffic Commission, are being sent to the department today; one copy is being distributed to each member. Members will familiarize themselves with the regulations contained in the book.

IV. COMMENDATION.

Ladderman John F. Galvin, Jr., of Ladder Company 25 is hereby commended for responding to and working at fire, still alarm, 33 Cushing street, December 19, 1930, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENY A FOX,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of underground construction by the New England Telephone and Telegraph Company, vehicles are excluded from Beacon street, between Somerset street and Tremont street, from December 20, 1930, at 6 p. m. to December 22, 1930, at 8 a. m.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of roadway resurfacing, vehicles are excluded from Devonshire street, between Milk street and Water street, from December 19, 1930, at 7 p. m. to December 22, 1930, at 8 a. m.

Voted, That the traffic regulations are amended, effective December 22, 1930, as urgently required by considerations of public safety and convenience, by striking out the following in section 38:

Avery Street:

From Washington street to Tremont street.

Mason Street:

From Avery street to West street and from Tremont street to Mason street;

and by substituting the following:

Avery Street:

From Tremont street to Washington street.

Mason Street:

From Avery street to West street and from Mason street to Tremont street.

Voted, Under authority granted the chairman on December 4, 1930, that during the period of construction of the new post office building, vehicles are excluded from Devonshire street, between Water street and Milk street, from 7 p. m. on December 22, 1930, to 7 a. m. on December 23, 1930.

Voted, That for reasons of public safety and convenience, vehicles are excluded from the following streets, between the hours of 7.30 p. m. and 9.30 p. m. on December 24, 1930:

Mt. Vernon Street:

From Charles street to Bowdoin street:

Chestnut Street:

From Charles street to Walnut street.

West Cedar Street:

From Pinckney street to Chestnut street.

Spruce Street:

From Chestnut street to Beacon street.

Walnut Street:

From Beacon street to Mt. Vernon street.

Willow Street:

From Chestnut street to Mt. Vernon street.

DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners of the City of Boston:

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement consisting of the laying out and construction of Westglow street (formerly Fairview street) under the order of the Board in the amounts hereinafter respectively set against them, and awards said amounts therefor.

MAYOR CURLEY WINS WORK FOR UNEMPLOYED—\$200,000 FOR SCHOOLHOUSE REPAIRS.

At a conference held at the office of the Mayor on December 19, at which were present, besides his Honor the Mayor, representatives of the School Committee, the Department of School Buildings, Superintendent Louis K. Rourke, Superintendent Burke, and Mr. Frank A. Goodwin, chairman of the Finance Commission, the question of the disposition of a balance remaining in schoolhouse repairs and alterations fund of \$200,000 was discussed. It was the consensus of opinion of those present that the entire amount be appropriated, and, if possible, be expended between now and January first for the purpose that the money was intended in conformity with the act of the Legislature. This expenditure in all probability will provide opportunities for work for substantially every class of mechanics; painters, plumbers, steam heating men, electricians, gas fitters, plasterers, and ironworkers.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Fairview street, Dorchester district, as a highway, from Adams street northeasterly, with the name of Westglow street or some other distinctive name, bounded and described as follows:

A highway named Westglow street is hereby laid out, easterly from Adams street to Train street, and easterly from Train street for a distance of approximately seven hundred and fifty-five feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part from Adams street to Train street:

Westerly by Adams street, forty and 14-100 feet; northerly by the northerly line of said Westglow street as hereby laid out, by three measurements, six hundred seventy-eight and 51-100 feet, ninety-one and 58-100 feet on a curve of five hundred thirty-seven and 27-100 feet radius and seventy-three and 40-100 feet on a curve of six hundred seventeen and 27-100 feet radius; easterly by Train street, forty feet; and southerly by the southerly line of said Westglow street as hereby laid out, by three measurements, sixty-eight and 64-100 feet, on a curve of five hundred seventy-seven and 27-100 feet radius, ninety-eight and 40-100 feet on a curve of five hundred seventy-seven and 27-100 feet radius and six hundred eighty-one and 91-100 feet.

Part easterly from Train street for a distance of approximately seven hundred and fifty-five feet.

Westerly by Train street, forty and 9-100 feet; northerly by the northerly line of said Westglow street as hereby laid out, seven hundred fifty-eight and 21-100 feet; easterly by the easterly line of said Westglow street as hereby laid out, forty and 10-100 feet; and southerly by the southerly line of said Westglow street as hereby laid out, seven hundred fifty-two and 68-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be

removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Westglow street, as laid out under this order, easterly from Adams street to Train street, and easterly from Train street for a distance of approximately seven hundred and fifty-five feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Westglow Street, Dorchester, Assessment Plan, October 17, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

GRATEFUL TO MAYOR CURLEY.

From Chairman Alexander Brin of the 275th anniversary celebration of the Jewish settlement of the United States, Mayor Curley has received a message of appreciation of his cooperation in the observance held here recently.

The message read, in part:

"Now that the celebration in commemoration of the 275th anniversary of Jewish settlement in the United States has passed into history, may I express my gratitude to you for your part in this great event?"

"It may interest you to know that since the meeting we have been literally swamped with messages commenting favorably upon the lofty character of the meeting. Your attention has no doubt been called to the splendid reaction of the press of Boston as well as of the entire country."

MAYOR CURLEY PROPOSED FOR SECRETARY OF LABOR.

His Honor the Mayor, on December 19, received the following communication from G. E. Marchand, President of the National University Society, of New York City:

DEAR SIR,—In a recent newspaper article I observed that your name had been suggested in connection with the post of Secretary of Labor.

In this I heartily concur, as I feel that you are one of the very few who have brought forth a really constructive and practical program for the immediate relief of the present depression.

For this reason, I have taken the liberty of writing to President Hoover, urging that you be drafted to fill this post, where you would be in a position to carry out your program.

Sincerely yours,

G. E. MARCHAND.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Vose street, Dorchester district, as a highway, from Crest avenue to Butler street, with the name of Ventura street or some other distinctive name, bounded and described as follows:

A highway named Ventura street is hereby laid out, from Crest avenue to the northeasterly line of Butler street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Crest avenue, fifty feet; northerly by the northerly line of said Ventura street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Ventura street as hereby laid out, five hundred and eighty feet; northeasterly by the northeasterly line of said Ventura street as hereby laid out, forty feet; and southeasterly by the southeasterly line of said Ventura street as hereby laid out, five hundred and ninety feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of said Ventura street (excepting land of the Commonwealth of Massachusetts) and the abutting lots of land on the northwesterly side of the Neponset River Reservation southerly from Ventura street at Butler street for a distance of approximately five hundred and twenty feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Barse Avenue, Crest Avenue, Ventura Street, Dorchester, Assessment Plan, July 23, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

52. Ada T. Hayden.....	209 64
53. Ada T. Hayden.....	376 90
Total.....	\$4,974 38

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction

of Ventura street, Dorchester district, as a highway, from Crest avenue to the northeasterly line of Butler street, under the order of the Board, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 186.

A trial board consisting of Captains Goff, Killen and Dickinson having heard by reference the complaint of Joseph McKinnon, captain commanding Division 9, against Frank A. White, patrolman, Division 9, for violation of the Rules and Regulations of this department, viz.:

Charge: Improper conduct.

Specification: In that the said Patrolman Frank A. White obtained the indorsement of his brother officer, Patrolman Thomas J. Coffey of Division 16, on a note in the amount of two hundred dollars given to the State Employees' Credit Union, and as a result of the failure of the said Patrolman Frank A. White to pay this note after many demands on him by his brother officer, Patrolman Thomas J. Coffey, the said Patrolman Coffey was sued as indorser on the note and judgment obtained against him in the sum of two hundred and ten dollars (\$210), and is at the present time obliged to pay the sum of five dollars each week; further that the said Patrolman Frank A. White has neglected and refused to reimburse his brother officer, the said Patrolman Coffey; all this tending to create an unfriendly feeling among members of the department—submitted the following recommendation:

The Board having heard and carefully considered all the evidence as presented by witnesses, finds the said Patrolman Frank A. White guilty as charged and respectfully recommends that the case against the said Patrolman Frank A. White be continued to the second day of March, 1931, to be reopened at that time for disposition.

The Police Commissioner accepts the recommendation of the trial board, and hereby orders that this case be continued to the second day of March, 1931, for final disposition.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 187.

A trial board consisting of Captains Goff, Killen and Dickinson, having heard by reference a complaint made by Jeremiah F. Gallivan, captain, Division 4, against James V. Stanton, patrolman, Division 4, charging him with conduct unbecoming an officer, viz.:

Charge: Conduct unbecoming an officer.

Specification 1: In that the said Patrolman James V. Stanton on the seventh day of December, 1930, was absent from duty without the permission of his superior officers.

Specification 2: In that the said Patrolman James V. Stanton on the seventh day of December, 1930, was absent from the 12.45 o'clock a. m. roll call at Division 4—

has reported to the commissioner a finding of guilty as charged.

In accordance with which it is hereby ordered that the said Patrolman James V. Stanton perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 188.

The Police Commissioner is much pleased to publish for the benefit of the department the contents of the following letter received by him:

WILLIAM C. LORING,
687 BOYLSTON STREET,
ROOMS 501-502,
BOSTON, MASS.

December 22, 1930.

COMMISSIONER E. C. HULTMAN, 295
Beacon Street, Boston, Mass.

MY DEAR COMMISSIONER,—I am representing a group of citizens of this Commonwealth who wish to make a gift to Headquarters as a token of their appreciation of the work accomplished by the Police Department in exposing the recent frauds in the Fine Arts.

This gift would be of a number of instruments that would facilitate the detection of forgery and misrepresentation in the Fine Arts. To have such instruments at the service of the police, as well as the citizens and dealers of Boston, would be a fine move.

The Police Departments of London and Paris have developed this service. Your department will be the first in the United States to do so.

The wholehearted cooperation and intelligence displayed by the Department of Criminal Investigation has merited great praise.

In the last few months Mr. Liese has caused thousands of dollars to be returned on the sale of fraudulent paintings. It would strengthen his work to have these instruments under your control and from time to time it may be necessary to add other items.

We think that Mr. Liese has proven particularly well fitted for the work and hope you will hearten him in this work by commendation and increased power to effectively continue this work.

The citizens interested include John O. Ames, Edwin Webster, Herbert Thompson, Homer Loring, Arthur W. Burke and others.

Awaiting your decision, and hoping for a favorable reception of this idea, I am,

Sincerely yours,

WILLIAM C. LORING.

While the accomplishment referred to in the above letter was part of the regular duty of the department it is noteworthy that the work was so well done as to merit the commendation of a group of citizens.

Therefore, it gives the commissioner great pleasure to announce the following promotions in the Bureau of Criminal Investigation, to take effect Wednesday, December 24, 1930, at 5.45 o'clock p. m.:

To the Grade of Detective-Sergeant:
Patrolman John D. Holmes, Bureau of Criminal Investigation, assigned to Bureau of Criminal Investigation.

Patrolman Francis I. Mullen, Bureau of Criminal Investigation, assigned to Bureau of Criminal Investigation.

Patrolman Warren H. Liese, Bureau of Criminal Investigation, assigned to Bureau of Criminal Investigation.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

MAYOR CURLEY POINTS OUT ADVANTAGES OF ELEVATED HIGHWAY.

Mayor Curley, on December 20, issued the following statement:

Bostonians not yet familiar with the new elevated express highway in New York should take the earliest possible occasion to examine its merits. I have carefully inspected the first section of the new structure recently opened to vehicular traffic from Canal street to 23d street. Having in mind the similar two-level express road recommended by the Boston City Planning Board to relieve traffic congestion in downtown Boston, the following points stand clear and significant:

1. On this new roadway, built in the heart of one of the most congested traffic areas in the world, automobiles travel at an average speed of forty miles an hour. There are no stops, intersections, or obstacles whatsoever in the structure itself and with correction of the temporary structure at 23d street there will be no faults of any sort.

2. High speed is thus combined with a much greater factor of safety than exists under ordinary street-level conditions even at the slowest pace. The motorist is better off, and at the same time the pedestrian is completely protected, the machines using the elevated road being taken out of his way altogether.

3. Being of solid construction, and in this respect wholly unlike an elevated railway structure, the new highway is noiseless. Also by its solid construction, it is proof against leaks or dripping. While shielding the street below from rain or snow, its own drainage is carried off through pipes in the supporting posts to the sewers beneath the street.

4. Since the similar overhead road recommended for downtown Boston would be nine feet lower than the old elevated railway lines, and would be only 54 feet wide in the middle of a broad new Central Artery having a minimum width of 100 feet, it would not interfere with the light and air of property fronting on the new thoroughfare. Not a single damage suit has been filed in New York by any abutter.

5. By separating through traffic from local traffic, and removing from Washington and Tremont streets forty per cent of the vehicles which now needlessly travel there, as exact counts have proved, the new two-level road would do more to stimulate business and protect, develop and increase real estate values in the downtown district than can be accomplished by any other single highway and traffic improvement yet proposed or conceived.

CONTRACTS AMENDED.

Whitten Construction Company has been allowed to amend the contract for alterations in the Portable No. 137, Temple street, West Roxbury, Boston, by striking out the words and figures "November 15, 1930," on page 2 of the specifications, and substituting therefor the words and figures, "December 27, 1930," so that the paragraph of said "Completion" on page 2 of the specifications, shall read: "The work is to commence immediately on the award of contract, and is to be completed on December 27, 1930."

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

Fire Service.

CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, JANUARY 10, 1931.

Last day for filing applications, Wednesday, December 31, 1930, at 5 p. m.

BOSTON AND METROPOLITAN DISTRICT, JANUARY 24, 1931.

Last day for filing applications, Wednesday, January 14, 1931, at 5 p. m.

Applicants for the service of Boston must be not less than twenty-two nor over thirty-five years of age at the time of filing their applications.

Applicants for all other cities and towns in the Metropolitan District must be not less than twenty-one nor over thirty-five years of age at the time of filing their applications. A certificate of date of birth must be filed with the application.

Applicants for the service of cities and towns outside of the Metropolitan District are required to be not less than twenty-one nor over thirty-five years of age at the time of filing their applications. Applicants for Worcester fire service are required to be not less than 5 feet 5 inches in height. Applicants for Brockton must be not less than 5 feet, 6 inches in height, and weight not less than 135 pounds at the time of appointment. Applicants for Winchester fire service must be not less than 5 feet 8 inches in height, and weigh not less than 150 pounds. Applicants for Lynn fire service must be not less than 5 feet 5½ inches in height, and weight not less than 135 pounds.

Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 4; general information, 3; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in each subject of the examination and at least 70 per cent in the general average of the educational test and in the strength test in order to become eligible.

The practical questions will be based upon information contained in a manual known as the "Red Book." This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

INDUSTRIAL INSPECTOR, DEPARTMENT OF LABOR AND INDUSTRIES, JANUARY 17, 1931.

Last day for filing applications, Wednesday, January 7, 1931, at 5 p. m.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary is \$2,040 a year; the maximum salary is \$2,520 a year.

Duties: To inspect places of employment, including machinery and sanitary conditions in industrial establishments; conditions as to ventilation and proper lighting; to examine time notices and employment certificates for minors.

Applicants should be familiar with the statute law relative to making work places safe for employees. This would include the safeguarding of machinery and the installation of local exhaust systems for the removal of dust, fumes and gases likely to cause occupational disease. They should be familiar with the labor laws of Massachusetts and the rules and regulations adopted by the Department of Labor and Industries.

Applicants must be not more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Applicants must have education equivalent to graduation from a standard high school.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent to be obtained in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Clerical Service.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, FEBRUARY 7, 1931.

Last day for filing applications, Wednesday, January 28, 1931, at 5 p. m.

FOR BOSTON AND METROPOLITAN DISTRICT, FEBRUARY 21, 1931.

Last day for filing applications, Wednesday, February 11, 1931, at 5 p. m.

This is an examination for the clerical service of the state and of all cities and of such towns in the state as are classified under civil service. On February 7 the examination will be held in various centrally located cities. On February 21 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Certification may be made from the eligible lists established by this examination for office, institutional, or other positions of a similar nature at the discretion of the Commissioner of Civil Service. Special qualifications in book-keeping, stenography, typewriting, cataloguing, filing, etc., and in foreign languages may be recognized by the commissioner in certifying persons for positions demanding such qualifications. Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; spelling, 3; letter writing, 3; arithmetic (multiplication, division, and decimals), 1; arithmetic problems, 1; word knowledge, 1; sentence meaning, 1; grammar, 1; reasoning, 1; total, 15.

Applicants will be required to obtain a mark of at least 64 per cent in spelling, at least 50 per cent in each of the other subjects, and at least 70 per cent in general average in order to become eligible. For positions paying \$1,320 or more, only clerks who receive a mark of at least 70 per cent in experience will be certified.

The usual entrance salary for clerks for state service is \$960 a year.

Sample questions for clerks available.

DR. S. PARKES CADMAN THANKS MAYOR FOR HOSPITALITY.

Mayor Curley, on December 19, received the following letter from Dr. S. Parkes Cadman, of Brooklyn, New York, of the Central Congregational Church.

"May I thank you with all my heart for your kindness to me yesterday (Wednesday) and the hospitality which your great and splendid city showed to me on my flying visit.

I was indeed gratified to meet you and I sincerely pray that the best and richest blessings of this holy season may rest upon you and yours, and all whom you love.

Believe me with best wishes.

Yours ever,

S. PARKES CADMAN, D. D."

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

SAFE DRIVING.

Most cities and towns have a long list of "don'ts" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

READING COLLECTS \$735,000 FOR WATER DURING 1929.

The city of Reading, Pa., has approximately 27,000 water accounts. Of this number, 1,200 are industrial users and include factories, hotels, apartment buildings and other big users. Bills in these cases are rendered monthly. The remainder, 25,800, are domestic users, to whom bills are rendered quarterly. In both cases, forty-five days are allowed for payment, after which a 5 per cent penalty is added. Payment is made either in person at the office of the city treasurer at the City Hall or through the mail by check. The total water charges for 1929 were estimated at \$735,000.

The Water Department is authorized by the City Council to shut off the water supply of any industrial or domestic user, without further notice, for non-payment of water rent, or for any other unpaid charge made by the department, thirty days after the bill is due.

DELINQUENT TAXES INCREASE IN PHILADELPHIA.

According to the Philadelphia Bureau of Municipal Research, delinquent taxes in that city are much greater than last year. At the end of three-quarters of the year barely two-thirds of the 1930 tax levy had been collected. The real estate tax levy for this year was slightly over \$60,000,000, of which a little more than \$40,000,000 had been collected to the end of September. This was at the rate of 5.5 per cent less than the collections for the same period in 1929. Even at the faster rate of the previous year, the delinquent real estate taxes at the end of 1929 amounted to \$13,500,000. This was the largest delinquency the city had ever had up to that time, or more than twice the delinquency of the year before. What the situation will be at the end of 1930 the bureau does not even hazard a guess.

One rather striking fact is brought out, namely, that the current personal property taxes for 1930 do not show as marked tendency toward increased delinquency as do the real estate taxes. The personal property tax levy for 1930 in Philadelphia was approximately \$5,350,000.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 15, 1930.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted appointments for the term ending April 30, 1931, viz.:

Constables: Charles M. Daley, 17 Welles street, Roslindale; Eli Weinberg, 339 Seaver street, Roxbury; Joseph Simansky, 61 Wales street, Dorchester; Walter J. Connelly, 455 Quincy street, Dorchester; Maurice W. Sherman, 14 Fabyan street, Dorchester; Clarence H. Golor, 36 East Lenox street, Roxbury.

Weigher of Coal: Harold R. Smith, 14 Lockwood street, Hyde Park.

Severally laid over a week under the law.

BLEACHERS ON SULLIVAN SQUARE PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request for additional bleachers on the Sullivan Square Playground. This is in reply to your order of November 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 29, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to include in its budget for the coming year a sum sufficient to provide for the construction of additional bleachers on the Sullivan Square Playground.

On account of the 17th of June activities on this area it has been deemed inadvisable to add to the present seating conditions. The department has had to remove, at various times, certain of the seats.

If arrangements can be made to have this playground utilized to a larger extent, and the 17th of June activities curbed, I will be pleased to extend the seating arrangements.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SHOES FOR NEEDY SCHOOL CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from the School Committee with reference to your request to provide for shoes for needy children in the elementary schools. This is in reply to your order of October 27, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

The School Committee of the
City of Boston, November 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Under date of October 29 you forwarded to the chairman of the School Committee the following order, adopted by the City Council on October 27, 1930:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to appropriate the sum of fifty thousand dollars, to be expended under the direction of said committee for shoes for needy children in the elementary schools.

Upon receipt of the order, the School Committee asked the Corporation Counsel for an opinion as to the authority of the School Committee to appropriate money for the purpose indicated in the order of the City Council.

The Corporation Counsel, under date of November 5, advised that the School Committee of the City of Boston has no right to expend public moneys for the purpose of providing shoes for needy children in the schools. A copy of the Corporation Counsel's communication is inclosed.

At a meeting of the School Committee, held on Monday evening of this week, November 17, a copy of the Corporation Counsel's communication was ordered sent to your Honor for transmission to the City Council.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

GRANOLITHIC SIDEWALK, COLUMBIA ROAD.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of Park Commission, with reference to your request for granolithic sidewalk on Columbia road. This is in reply to your order of November 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 1, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested, through his Honor the Mayor, to provide for the construction of a granolithic sidewalk on Columbia road from Edward Everett square to Dudley street.

The present sidewalk is partly granolithic and partly brick. A portion of the bricked areas have settled to some extent and it will be possible for the department to either repair same or put in granolithic in the advent of the spring season. I feel it would be inadvisable to attempt to lay granolithic at the present season of the year.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

NAMING OF MEDFORD STREET PARK.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to name the park on Medford street in memory of John Philip Hickey. This is in reply to your order of December 1, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 4, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council requesting the Park Commissioners to name the small park on Medford street, Charlestown, opposite Charlestown Heights, John Philip Hickey Park in memory of said Hickey, a late veteran of the World War.

The rule of the department has been to investigate all requests of this kind. I will be pleased to forward the result of this investigation to your honor.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

AUTOMATIC TRAFFIC SIGNAL, EGLESTON SQUARE.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner, regarding your request to establish an automatic traffic signal at Eggleston square. This is in reply to your order of November 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, December 5, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Acknowledging receipt of the order adopted in the City Council November 24, 1930, with reference to the installation of automatic signal lights at Eggleston square, Ward 11, it is respectfully reported:

It is considered desirable to include this intersection as one deserving traffic signal lights. Upon the completion of the work which is now in hand in the matter of installing such signal lights it is to be hoped that work will be authorized at this point.

In the forthcoming annual report reference will be made as to the desirability of appropriating a sum of money for establishing lights at various intersections throughout the city.

Yours very truly,
JOSEPH A. CONRY, Commissioner.

Placed on file.

FLASHING BEACON, WARD 1.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner,

regarding your request to install a flashing beacon at the junction of Marion, White and Meridian streets. This is in reply to your order of December 1, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, December 5, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I beg to acknowledge receipt of the copy of the order adopted by the City Council on December 1, asking that a flashing beacon be installed at the junction of Marion, White and Meridian streets, in Ward 1.

I have the honor to report that an investigation disclosed this corner to be in need of such a beacon and it is now being placed in position.

Yours very truly,
JOSEPH A. CONRY, Commissioner.

Placed on file.

ALTERNATING PARKING ON MAIN HIGHWAYS.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Hon. Joseph A. Conry, Traffic Commissioner, regarding your request of alternative parking in the business section and main highways. This is in reply to your order of November 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, December 5, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Acknowledging receipt of the order adopted in the City Council November 17, with respect to the matter "of prompt adoption of alternate parking along the main highways entering into the business district of Boston," it is respectfully submitted:

This commission is constantly engaged in studies regarding the matter of alternate parking in our main highways with a view to the adoption of rules for this purpose when conditions warrant such action.

Yours very truly,
JOSEPH A. CONRY, Commissioner.

Placed on file.

SUBSCRIPTIONS FOR RELIEF FUND.

The following was received:

City of Boston,
Office of the Mayor, December 5, 1930.
To the City Council.

Gentlemen,—In reply to the order of your honorable body dated November 17, reading as follows:

"Ordered, That his Honor the Mayor be requested to appoint a committee of business, industrial and labor leaders of the City of Boston to consider the advisability of raising by popular subscription the sum of two million dollars, said sum to be applied to the relief of the present acute and unprecedented unemployment situation, and to be placed at the disposal of said committee, which shall be held strictly accountable to his Honor the Mayor for its proper disbursement."

The public is fully aware of the serious character of the present industrial depression and the best evidence of that fact is attested by the voluntary tender of a portion of the receipts of various industrial enterprises during the past fifteen days. Including the sum of \$215.78 tendered by the Tercentenary Ball Committee, the total amount up to date is but \$770.02. Consequently, the futility of appointing a committee for the purpose of raising a fund such as has been set forth in this sum of two million dollars must be apparent.

The City of Boston is meeting its obligations in a sane manner by levying the costs of providing for the needy upon all the taxpayers of the city, rather than depending upon the questionable generosity of the philanthropic element of the community. By adhering to the policy which has been inaugurated and in force during the present year we are making it possible for the money appropriated to be utilized for unemployment rather than the payment of morticians' obligations.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

HOSPITAL BILLS OF POLICE DEPARTMENT MEMBERS.

The following was received:

City of Boston,
Office of the Mayor, December 3, 1930.
To the City Council.

Gentlemen,—I beg to forward herewith report received from the Police Commissioner, the same

constituting a reply to order adopted by your honorable body under date of November 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, November 20, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I am in receipt of an order passed by the City Council under date of November 17, 1930, requesting that the Police Commissioner, through his Honor the Mayor, inform the City Council whether or not it is the practice of the Police Department to pay hospital bills incurred by patrolmen injured in the performance of a police duty while not on their ordinary tour of duty.

In reply I would call your attention to Rule 37, Section 4, of the Police Rules and Regulations, which reads as follows:

"When an officer is absent from duty on account of sickness, injury or disability which his Commanding officer certifies was incurred in the performance of duty involving risks, exertion or exposure not ordinarily attendant upon the performance of routine duty, and the existence of such sickness, injury or disability is certified to by a physician or surgeon approved by the Commissioner, full pay for lost time may be allowed by the Commissioner. When patrolmen or officers of rank of the department are injured in the performance of their duty to the extent that medical or surgical treatment is necessary, they shall go or be taken to such hospitals as are approved or designated by the Commissioner."

All bills so contracted are approved by the commissioner and are then paid by the city.

Rule 35 of the Police Rules and Regulations reads as follows:

"The hours of regular service shall be from time to time specified by Commanding Officers, under the direction of the Superintendent, but, when occasion requires, officers are liable to be called into service at any time; and the same responsibility as to the detection and prevention of crime and the preservation of order rests upon them when not in uniform, or off duty, as when on duty in uniform."

This rule means that all officers of the department are subject to call twenty-four hours a day in order to properly protect the citizens of Boston, and if they are injured at any time while performing police duties, Rule 37 quoted above would apply.

Very truly yours,
E. C. HULTMAN,
Police Commissioner.

Placed on file.

FEDERAL INVESTIGATION OF COAL PRICES.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—Replying to the order of your honorable body adopted under date of December 1, 1930, which reads as follows:

"Ordered, That his Honor the Mayor be requested to recommend to the President of the United States that a federal investigation be had of the present coal situation, with a view to lowering the price to the consumer."

I beg to state that my chief concern early in the present year concerned the possibility of a coal strike, the customary subterfuge for increasing the cost of coal to the consumer.

With a view to preventing such an occurrence I conferred with the Secretary of Labor, the Honorable James J. Davis, and was assured by him that an agreement had been entered into between the coal operators and coal miners, under which labor disputes would be the subject of arbitration without strike during the next five and one half years.

With reference to the matter of a federal investigation with a view to lowering the price to the consumer, this is only possible through Congressional action, and it would be, in my opinion, advisable for the member of the Council introducing the order to communicate directly with the Senatorial or Congressional Representatives from the Commonwealth, who I am quite sure would at least accord him the courtesy of a reply.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

CONSTRUCTION OF NEW PRINTING PLANT.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—In reply to the order adopted by your honorable body on November 24, 1930, which reads as follows:

"Ordered, That the Superintendent of Printing be requested, through his Honor the Mayor, to advise the Boston City Council when it is expected to begin construction of the new printing plant, for which the City Council has voted an appropriation of three hundred thousand dollars."

I beg to state that the delay in the construction of the printing plant for the City of Boston has been due to the desire to secure a site at the lowest possible cost.

I have been working in conjunction with the Transit Commission and the Superintendent of Printing with a view to acquiring certain of the property condemned by the Transit Department for tunnel purposes with a two-fold purpose in mind, first, the securing of a site for the printing plant at a minimum cost, and, second, the erection of an attractive municipal building in a section of the city that gives promise of remaining dormant for a considerable period of time. Unless some such constructive work is inaugurated, the indications are that the site will be available within thirty days, and that there may be no delay a tentative assignment of architects has been made so that plans can be drawn, bids called for, and the contract awarded in the shortest possible time.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

ADDITIONAL TEMPORARY INVESTIGATORS.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—Replying to the order of your honorable body adopted November 17, 1930, reading as follows:

"Ordered, That the Soldiers' Relief Commissioner be requested, through his Honor the Mayor, to provide additional temporary investigators for that department during the present unemployment crisis."

I beg to state, in view of a recent examination conducted under the supervision of the Soldiers' Relief Department, additional investigators will not be required in that department.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

INFORMATION IN RE LAUNDRY PORTER.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—In reply to the order of your honorable body of November 17, 1930, I beg to state that under existing law any citizen has a right to make a request which you desire to have the Governor and myself make for you.

I do not consider it compatible with the dignity of my own office or that of the Governor to comply therewith. Consequently the order is returned.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

NONRESIDENT SECRETARY.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—In reply to the order adopted by your honorable body on November 24, 1930, which reads as follows:

"Ordered, That his Honor the Mayor request his Excellency the Governor to direct the Police Commissioner to immediately discharge the nonresident whom he has employed as secretary."

I beg to state that there is no law that requires the secretary of the Police Commissioner or even the members of the Police Department to be residents of the City of Boston. Consequently, it would be futile for me to press this request, that, lacking a force of law, might make me the subject of ridicule.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPROPRIATION FOR UNEMPLOYMENT.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1930.
To the City Council.

Gentlemen,—Referring to your order of November 17, 1930, reading as follows:

"Ordered, That his Honor the Mayor be requested to include in the budget for 1931 the sum of one million dollars to be used for the relief of unemployment, said sum to be in addition to the amounts provided for the Overseers of the Public Welfare and the Soldiers' Relief Department."

I will state that at the meeting of the City Council on November 10, 1930, a reply to an identical order was received by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

INFORMATION AS TO \$30,000,000 PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, December 15, 1930.
To the City Council.
Gentlemen,—I am in receipt of the order of the City Council under date of November 17, 1930, reading as follows:

"Ordered, That his Honor the Mayor be requested to advise the Boston City Council in detail concerning the thirty million dollar projects which he stated in his recent veto message would be in operation before the new budget would become operative."

In reply I will say that I intend to bring to the attention of the Council from time to time, as the necessity arises, the various propositions which involve expenditures by the city.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

PUBLICITY FROM UNEMPLOYMENT SITUATION.

The following was received:

City of Boston,
Office of the Mayor, December 15, 1930.
To the City Council.

Gentlemen,—Replying to the order adopted by your honorable body on November 17, 1930, which reads as follows:

"Ordered, That his Honor the Mayor be requested to inform the Boston City Council what particular orders it has passed relating to the unemployment situation that were a deliberate attempt to capitalize these conditions or to promote publicity for themselves."

I beg to state that I made no such charge against the City Council as a body. The statement, which was an expression of my opinion, was that the political capitalization of the unemployment situation by publicity seekers in the City Council and elsewhere had resulted in increased demands on the Public Welfare Department. Whether such a characterization fits any member of the City Council or not can safely be left to the judgment of his fellow members.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

CONDITIONS AT NORTH END BEACH.

The following was received:

City of Boston,
Office of the Mayor, December 4, 1930.
To the City Council.

Gentlemen,—The Park Department have submitted certain data with reference to bathing and laundry facilities in the women's section of the North End Beach, which I herewith submit. The demand for improved conditions has been before the Park Commission for a period of five years. The present appears to be as excellent time provide the needed improvement. Accordingly, I recommend the adoption of the accompanying order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 28, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—The conditions at the women's bathhouse and auxiliary laundry at the North End Beach are unsafe. With the permission of the Building Department, I had temporary repairs made on them to carry us through the summer months. I feel sure that the Building Department would condemn these buildings if they were the property of individuals. They are old, unsanitary and unsafe buildings, entirely out of date. The laundry has heavy machinery stored on the second floor and the building is of unsafe construction for such use. They are fire traps in the heart of a thickly congested business section. I feel that we should order all these buildings demolished and replacement should be made with new modern fireproof buildings.

In order to do this the work would have to be started almost immediately so that I may have them ready in June of 1931.

An appropriation would have to be made and architect's services engaged and the work advertised as soon as possible. I estimate the cost of this work would be \$125,000.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$125,000 be, and the same hereby is, appropriated, to be expended under the direction of the Board of Park Commissioners, for bath house and laundry building and equipment, etc., North End Park, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Executive Committee.

PURCHASE OF FALLON ESTATE.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1930.
To the City Council.

Gentlemen,—The Park Commission have submitted to me correspondence with reference to the purchase of the Fallon estate at Roslindale. The estate adjoins the Fallon Field, named in honor of the son of the owner, William J. Fallon, who was killed in the World War.

For sentimental reasons he is willing to part with the estate, consisting of 159,950 square feet of land with buildings thereon, for the sum of \$65,000.

The area of the present playground is approximately 140,000 square feet. The purchase of this additional land would result in a doubling of the area for playground purposes in this rapidly growing section of Boston.

It is becoming increasingly difficult to find areas of sufficient size for playground purposes or to acquire land for the enlargement of existing playgrounds without being obliged to undergo exorbitant costs.

Under the circumstances, it would in my opinion be the part of wisdom to purchase this estate and I accordingly recommend the adoption of the accompanying order which provides, in conformity with law, sufficient money for the taking of necessary land and in addition sufficient funds for the development of the same.

In connection with this development the probability is that opportunity for work will be provided for at least fifty men for a period of three months or more.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$90,000 be, and hereby is, appropriated to be expended by the Board of Park Commissioners for Fallon Field Playground, additional land and construction, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Executive Committee.

INCOME OF GEORGE F. PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 10, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith recommendation of the Park Commission setting forth the disposition that in their opinion should be made of the income of the George F. Parkman Fund for the remainder of the year 1930, and respectfully recommend the adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 9, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—You are respectfully asked to make a request on the City Council for the transfer from the income of the George F. Parkman Fund of the sum of \$68,720.14, the final balance now available for the year 1930, same to be used for the following purpose:

Franklin Park Improvements:
Additional buildings needed in the
Zoological Garden, extension of
Animal Houses, etc. \$68,720 14
Very respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$68,720.14 be, and hereby is, appropriated, from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Franklin Park, improvements. \$68,720 14
Referred to Committee on Parkman Fund.

ORDINANCE CONCERNING TREASURY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 15, 1930.
To the City Council.

Gentlemen,—I transmit for your consideration a communication from the City Treasurer and a proposed ordinance authorizing the signing of checks by the cashier and assistant cashiers in his department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Treasury Department, December 11, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Chapter 4 of the Ordinances of 1926 permits the assistant cashier to sign checks for the Schoolhouse Department pay roll.

Other than this one ordinance there is no authority for any officer of the Treasury Department to sign any instruments or checks except that conferred upon the acting city treasurer designated by the treasurer in his absence.

The increasing amount of business done by check and modern business methods should permit the treasurer to designate the cashier and the assistant cashiers to countersign checks and particular instruments upon which the treasurer's signature appears printed.

The enactment of the ordinance submitted herewith will permit of this practice, which is in use by the Federal and State Governments and all large business corporations.

Respectfully yours,
EDMUND L. DOLAN, Treasurer.

An Ordinance Concerning the Treasury Department.
Be it ordained by the City Council of Boston, as follows:

Chapter 4 of the Ordinances of 1926 is hereby amended by striking out said chapter and inserting in place thereof the following:

The treasurer may appoint a cashier and assistant cashiers who may, in addition to such other duties as the treasurer may require them to perform, sign in the name and behalf of the treasurer, if countersigned by said cashier or assistant cashiers, all checks which may be required for the payment of pay rolls, drafts and other purposes as the treasurer may direct.

Referred to the Committee on Ordinances.

RESIGNATION OF JOSEPH M. WEINBURG.

The following was received:

City of Boston,
Office of the Mayor, December 15, 1930.
To the City Council.

Gentlemen,—You are hereby notified that I have accepted the resignation of Joseph M. Weinberg as constable effective December 12, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John J. Bailey, for compensation for damage to property at 756 Huntington avenue, caused by breaking of water main.

Peter E. Baril, for compensation for damage to property at 39 Vaughan avenue, caused by clogging up of sewer.

The Berkeley Laundry, for refund on refuse tickets.

Mary K. Blessington, for compensation for injuries caused by an alleged defect in South and Summer streets.

Edgar R. Bowers, for compensation for injuries caused by an alleged defect at 516 Atlantic avenue.

Claude W. Bromley, for compensation for damage to truck caused by an alleged defect in Northern Avenue Bridge.

Catherine A. Cadogan, for compensation for damage to property at 114 Winthrop street, caused by overflow of sewage.

John H. Chambers, for compensation for damage to clothing caused by an alleged defect in Ralston street.

Louis O. Cohen, for compensation for damage to car caused by an alleged defect in Gaston street.

Charles Consola, for compensation for injuries received on ferry.

Mary Consola, for compensation for injuries received on ferryboat.

Grace Costello, for compensation for damage to truck by city employees.

Angelo D'Italia, for compensation for injuries on ferryboat.

Dudley Street Garage, Inc., for compensation for damage to property at 350 Dudley street, caused by city truck.

Ida J. Farnum, for compensation for injuries caused by an alleged defect at 827 Boylston street.

John F. Ferrick, for compensation for damage to clothing caused by an alleged defect in Leverett and Cambridge streets.

Henry Forsyth, for compensation for damage to car by city team.

Catherine Hart, for compensation for injuries caused by an alleged defect at 72 Fayette street.

William Hatch, for compensation for damage to car by city truck.

John Haviland, for compensation for injuries caused by an alleged defect in Forsyth street.

Mrs. Anna B. Hawkins, for compensation for injuries caused by an alleged defect in Ainsworth street.

A. R. Hitchcock, for compensation for damage to car caused by an alleged defect in Firth road, Roslindale.

Frederick W. Holbrow, for compensation for damage to property at 303 Harvard street, caused by water from street.

Adele Howard, for compensation for damage to clothing caused by an alleged defect in Norway and Falmouth streets.

Anna E. Kates, for compensation for injuries caused by an alleged defect at 167 Bay State road.

Elizabeth V. Kelly, for compensation for injuries caused by an alleged defect at 377 Walnut avenue.

Gertrude R. Krim, for compensation for injuries caused by an alleged defect at 29 Rosecliff street.

Anthony Lazarro, for compensation for injuries received on ferry.

Theresa Lazarro, for compensation for injuries received on ferry.

Alvaro S. Medina, for compensation for damage to car by fire apparatus.

Philomena Melitok for compensation for injuries on ferryboat.

Luigi Menici, for compensation for injuries on ferryboat.

Josephine Misiano, for compensation for injuries on ferryboat.

Mary Misiano, for compensation for injuries on ferryboat.

Modern Cleansers and Dyers, Inc., to be reimbursed for cleansing of articles at English High School.

Hubert W. Mullin, for compensation for injuries caused by an alleged defect at 23 Pinckney street.

Matilda O'Hara, for compensation for injuries caused by an alleged defect at 148 West Canton street.

Floyd N. Olsen, for compensation for injuries caused by an alleged defect at Stuart and Eliot streets.

Doris Redaelli, for refund on refuse tickets.

Concette and Frank Romano, for compensation for injuries caused by an alleged defect in Hanover street.

Shawmut Garage, Inc., for compensation for damage to property at 829 Shawmut avenue, caused by water from street.

Shawmut Sign Company, for refund on building permit.

South End Hardware Company, for compensation for damage to property at 1095 Washington street, caused by water from street.

Mary Sullivan, for compensation for injuries caused by being struck by police motorcycle.

Mrs. J. Walsh, for compensation for injuries caused by an alleged defect at 222 Boylston street.

Samuel Wasserman, for refund on permit for sidewalk pump.

E. Sohler Welch Estate, for refund on refuse tickets.

Rebecca Wilson, for compensation for damage to property at 69 West Lenox street, by fire apparatus.

Ellen M. Delaney, for compensation for damage to property at 137 Hamilton street, caused by blasting for new sewer.

Executive Committee.

Petition of children under fifteen years of age to appear at places of public amusement, viz.:

Anne Marie Casey, at South Boston Municipal Building, December 18.

Petition of Ellen C. Bartlett for an annuity on account of death of her husband, a member of the Police Department, who died from injuries received in the performance of his duty on December 10, 1930.

LICENSE TO TRANSIENT VENDOR.

Application for transient vendor's license was received from Max Tubis, 151 Summer street, Boston, with notice of bond by Massachusetts Bonding and Insurance Company.

Placed on file.

APPOINTMENT OF PROBATION OFFICERS.

Notice was received from Albert F. Hayden, Justice of Municipal Court of Roxbury, of appointment of William H. Murray and Thomas M. Gemelli as probation officers of his court, at annual salary of \$2,800, to take effect January 1, 1931.

Referred to the Committee on County Accounts.

CONSTABLES' BONDS.

The constables' bonds of Abner Goulston, Harry Galer, Joseph I. Cotter and William H. Powderly, having been duly approved by the City Treasurer, were received and approved.

APPOINTMENT OF JOSEPH W. MONAHAN.

Notice was received of appointment by the Health Commissioner of Joseph W. Monahan, of 39 Sedgwick street, Jamaica Plain, to position of Deputy Commissioner in charge of Vital Statistics in Health Department.

Placed on file.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds to the amount of \$4,783.86 for regular employees from December 1 to 15, inclusive, was received and approved.

SOLDIERS' RELIEF.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for the payment of aid to soldiers and sailors and their families in the City of Boston for the month of December.

Report accepted; said order passed.

ANNUITY TO WIDOW OF FRANK J. COMEAU.

Coun. FISH offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation for the payment of an annuity to the widow of Frank J. Comeau.

Passed under suspension of the rule.

PROPERTY ALONG ELEVATED RAILWAY STRUCTURE.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested to ask the Governor of the Commonwealth to appoint a commission to study the depreciation of property along the line of the elevated railway structure from the Everett line to Forest Hills, with a view to arriving at a fair estimate of the property loss due to said structure.

Passed under suspension of the rule.

AUTOMATIC TRAFFIC SIGNALS, SULLIVAN SQUARE.

Coun. GREEN offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at Sullivan square.

Passed under suspension of the rule.

REBUILDING OF CONGESTED SECTIONS.

Coun. GREEN offered the following:

Ordered, That the Committee on Legislative Matters of the Boston City Council be, and the said Committee hereby is, authorized and directed to file a bill with the incoming Legislature which will create a housing authority with power to rebuild and modernize the congested sections of Boston.

Passed under suspension of the rule.

BORROWING OUTSIDE DEBT LIMIT.

Coun. RUBY, for Coun. Arnold, submitted the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize said city to borrow money outside the debt limit for emergency purposes.

Passed under suspension of the rule.

ESCALATOR SERVICE, FOREST HILLS TERMINAL.

Coun. ENGLERT, MURRAY, COX, NORTON offered the following:

Resolved, That the Boston City Council go on record as opposed to the action of the Boston Elevated Railway Trustees in discontinuing the escalator service at the Forest Hills terminal.

Coun. ENGLERT—Mr. President, in introducing this order I might say that a week or so ago we read in the Boston newspapers about the Boston Elevated trying to remove the escalator located at Forest Hills. I have received many petitions and complaints, remonstrances against that proposed action, from improvement associations and others in my district, which wish to go on record as being against the removal of that escalator. The removal of the escalator would greatly handicap especially the older and infirm people who would have to walk up fifty or sixty steps to reach the higher level. I understand that \$93,000 has been expended since 1916 on repairs on the escalator, or a sum of perhaps \$7,000 a year. Instead of making repairs on the escalator, I think the Elevated officials should put in a new escalator, so that they will not have to spend as much as they claim that they have been spending upon it. I will simply say that there is going to be a hearing tomorrow at the State House before the Department of Public Utilities upon this matter at which hearing I expect a number of the residents of my district, together with those represented by Councilors Cox, Norton and Murray, to appear and protest against the removal of the escalator at Forest Hills.

Coun. MURRAY—Mr. President, the Ele-

vated is starting in again on this idea of removing escalators from its system. They began in Charlestown, by taking out the escalator there. True, that did not affect the district referred to in connection with the proposed removal of the escalator from the Forest Hills Station, districts represented by several of the councilors in this body, but it did affect the people of Everett, Somerville, Malden and Melrose, the section out that way. They are now proposing to remove the escalator at Forest Hills, to the injury of the car riders. This is a matter which affects many people in our district, people coming and going to work at different factories and places of business, particularly affecting older and more or less infirm people. I believe it is just one more illustration of the wedge they are trying to drive, endeavoring to curtail the rights of the car riders of the City of Boston. If they are successful at Forest Hills, as they have been at Sullivan square, it means the carrying out of a similar program throughout the City of Boston. The people in my district are up in arms about the matter, and some of them will be at the hearing tomorrow voicing disapproval of the proposed removal of the escalator at Forest Hills.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Atherton street, northeast side, from Amory street to Lamartine street, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PROPOSED ACCEPTANCE OF LEE HILL ROAD.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Lee Hill road, Ward 19.

Passed under suspension of the rule.

PAYMENT OF CITY EMPLOYEES.

Coun. RUBY offered the following:

Ordered, That the City Auditor be authorized to allow for payment and the City Treasurer to pay the weekly pay rolls of employees on December 24, in anticipation of Christmas.

Passed under suspension of the rule.

IMMEDIATE USE OF BUILDING, DEER ISLAND.

Coun. RUBY offered the following:

Ordered, That the Penal Institutions Commissioner be requested, through his Honor the Mayor, to arrange for the immediate use and occupancy of the new residence building recently constructed at Deer Island.

Coun. RUBY—Mr. President, when the Committee on Inspection of Prisons last week visited Deer Island, we found that the new building there had been constructed and has been ready for occupancy since last September, but that for some reason unknown to your committee, because of some difference between the architects and the contractor, the building, while all ready for use, has for some reason not been opened. In view of the fact that the building has been constructed for use of the chaplain, the doctor and one or two officials at Deer Island, and having in mind the inadequacy of their present quarters, I ask for a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

GIRLS' HIGH SCHOOL, GROVE HALL.

Coun. RUBY offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to proceed with the immediate erection of the Girls' High School in the Grove Hall section of Boston.

Referred to the Executive Committee.

DONATION BY CITY EMPLOYEES.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to request officially of each official and employee of the City of Boston a donation of one per cent each month for a period of three months commencing January, 1931, out of each dollar received from the city, such donations to be used as a contribution to an unemployment fund and administered by the Mayor's Special Committee on Unemployment with the advice and assistance of the Overseers of the Public Welfare.

Coun. WILSON—Mr. President, that order is in part a duplication of an order originally introduced by Councilor Dowd, perhaps a month ago, which was vetoed. While I do not always agree with everything that the councilor from Roxbury says, any more than he probably agrees with me in much that I say, I do feel, as the result of further study, that the order introduced by him was a proper one and one that should have become effective. The veto of Councilor Dowd's order, the original proposal, was based on the idea that any such request of the employees of the City of Boston would in effect be double taxation. But, while I agree with the Mayor on a great many occasions, I have many friends among the employees of the city, and I question much whether the average city employee pays a very large real estate tax and whether he would suffer from double taxation by voluntarily contributing in this way in a very small degree in order to help relieve the present unemployment situation. The works which are proposed by the City of Boston during the coming months are a credit to the city, and particularly to the present executive of the city, and there is no question that we are about to engage in far greater construction work than the city has endeavored to put through in perhaps the last ten or twenty years. I am fully aware of the great advantage that will be derived from the pushing through of the Boylston Street Subway, from the proposed double-decked artery, the financing of which is still rather hazy, from the two new police stations, the printing plant, and the East Boston Tunnel. All those are excellent projects, but unfortunately do not put coal in the cellar in the winter of 1930. I make no criticism of any city department nor of the chief executive when I say that, because plans must be made and vast works like these, involving engineering problems, bids and that sort of thing, take time. I cannot fail to take into account the remarks made in this room by the chief executive when we were asked to pass the East Boston Tunnel proposition, and I know how they were greeted by the unemployed in the balcony of this room. But, regardless of the ultimate importance of that work, and the fact that it will furnish labor to unemployed, it is going to take time for it to get started, and work has not been started on the East Boston Tunnel yet. So, while these projects will eventually put men to work, they do not buy milk or bread this week or next. It seems to me if we are to expect any material return from the appeal made—and I think a proper appeal—to the private concerns of the city to step in and give some assistance in this matter, the City of Boston itself should set a good example, and this order I have introduced suggests this voluntary contribution by the various employees of the city and by the various officials of the City of Boston, including the men in this room, who I know would be very glad to set the example even to the small extent suggested. I do not have in mind so much the amount involved as the fact that it will be a sign of good faith on our part to the private concerns, who should in turn come through. Having made a visit to New York this last week, I was interested to read in the New York papers a list of different groups, concerns and individuals, who have contributed already half a million dollars to help relieve present conditions in that city, in which we now see on every corner men not selling apples but standing beside apples which they are trying to sell. I was pleased to learn that among the various concerns who have kicked in, so to speak, there are a number which have branches in this city, as well as others. I have before me a long list, from which I will simply quote a few names. As I say, many of these concerns in this list are represented in Boston: The Du Pont Rayon Company, American Lithographic Company, Hotel Commodore, Hotel Biltmore, Ritz-Carlton Hotel, Pacific Mills, Prince George Hotel, United States Guaranty Company, Crowell Publishing Company, Maryland Casualty Company, Royal Typewriter Company, Murray Hill Hotel, Community Water Service Company, Hotel Manger, Robert Fulton Hotel, Times Square Hotel, Dennison Manufacturing Company, Hotel Plaza, Waldorf-Astoria Hotel, Lumber Mutual Casualty Insurance, New Yorker Hotel, Hotel Somerset, West Side Savings Bank, the "Literary Digest," the First National-Old Colony Corporation, General Railway Signals Company, Barber Steamship Lines, New York Athletic Club, and very many others. It seems to me if we are to get any generous response to the condition which I believe exists in Boston, as well as in the other large cities of the country, we should set an example among the officials and other employees of the City of Boston. I see no particularly valid reason why the members of the Police Department should lead the way and others should not follow. I understand that something like \$2,000 has been raised from the members of the Police Department of the City of Boston, being contributed for this purpose. So I urge at the present time a suspension of the rule and the passage of this particular order, because I feel that this is a matter that requires immediate attention. I say at this time that I appreciate the generosity of certain employees of the City of Boston. It has been very gratifying to me this afternoon, and I know it must have been to other members of the City Council, to see how few of the employees of the city, as compared with other years, have been pressing for an increase

in wages. I think in taking that position at this time they are adopting a very proper attitude, with hundreds and thousands of men in the streets who would be only too glad to get under cover in almost any position that might offer. While I have called particular attention to the Police Department, I also have in mind what I understand to be the attitude of the Fire Department along a similar line. I certainly feel that this particular order should be passed and signed.

Coun. DOWD—Mr. President, after waging a lone battle in the Council for two months, it is very gratifying to find that other members of the Council are beginning to be aware of the fact that there is an unemployment crisis in Boston, thereby disagreeing with his Honor the Mayor, who says that there is no emergency existing at the present time. I quite agree with Councilor Wilson in his remarks about the huge projects that are about to take place in Boston; but each and every member of the Council knows that it will be at least a year, and perhaps two years, before legislation can be enacted which will put these projects into operation. In the meantime, are the people of Boston going to suffer the way they are at the present time? If there is no present emergency in Boston I want to know why so many families have been added to the daily list at the Chardon and Hawkins street woodyards in the last seven days? If it is not an emergency, I would like to know what to call it. In regard to the message of the Mayor upon the unemployment measures sent to him, and which he sent back to us, let me remind members of the Council that two-thirds of the orders which were vetoed by the Mayor are now being enacted into law. He vetoed my order calling for a committee on unemployment, and that committee has now been appointed. He vetoed my order to discontinue grocery orders, and I am happy to say that last week the poor unfortunates were getting cash, and that only in emergency cases are grocery orders given. So, so far as the veto messages of the Mayor are concerned, I simply repeat that two-thirds of the orders passed by the Council dealing with the unemployment situation, and vetoed by the Mayor, are now in operation. I agree with Councilor Wilson that the only way to relieve the situation is by the raising of \$2,000,000 or \$3,000,000, the same as the people of New York, Chicago and other places have done.

Coun. GREEN—Mr. President, I would like to ask the councilor from Roxbury a question, if he will answer it.

Coun. DOWD—I shall be delighted, Mr. President.

Coun. GREEN—Mr. President, I would like to ask if it is not true that every member of the Council voted on every order that he introduced into the Council dealing with the unemployment situation.

Coun. DOWD—They did vote, Mr. President, but didn't give me any support on the floor of the Council. That is why I made the remark that I was glad that other councilors were now taking the floor on the unemployment situation.

Coun. GREEN—Mr. President, I don't think the gentleman needed any help from members of the Council, in view of the fact that the orders were passed under suspension of the rule. I think every member of the Council is doing his duty in the matter of relieving the unemployment situation. I, for one, am on the job every day, and I can say the same for the President, and so for the members all down the line. We are doing our bit, but are not waving any red flags or claiming credit for it.

Coun. DOWD—Mr. President, I believe the gentleman from Charlestown (Coun. Green) misconstrued my remarks entirely. I say this, that if one councilor on the floor of this body every Monday is talking about the unemployment situation and he is the only councilor who sends anything down to the Mayor, the Mayor is going to say that it doesn't amount to anything, that only one man in twenty-two is hollering. I am not criticizing the other councilors. Far be it from me. I know how each and every member of the Council is trying to do something for his constituents at the present time. So, if my remarks did in any way offend Councilor Green, I desire to withdraw such remarks. Far be it from me to make any unkind remarks about my colleagues. I don't think they were unkind. They were certainly not intended to be. I say to Councilor Green now that I desire to withdraw any remarks that may have been offensive to him.

Coun. GREEN—Mr. President, the councilor from Roxbury did not have to apologize. I believe we are working wholeheartedly with him on this matter, Mr. President. I therefore accept his statement.

The order was passed under suspension of the rule.

EMPLOYMENT OF NEEDY CITIZENS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to call such conference between the Overseers of Public Welfare, the Public Works Commissioner, the Park Commissioner and the Municipal Employment Bureau as may permit the employment of needy and destitute unemployed citizens of Boston by the city and that payment for such workers be made out of funds in the budget of the Overseers of Public Welfare.

Coun. WILSON—Mr. President, I introduce

that order at this time because I feel that assistance must be given during the cold winter months to the unemployed in the City of Boston, despite the excellent work in most instances being done by the Public Welfare Department. As a matter of fact, the average man who comes to me in my ward looking for assistance, wants work, and not charity. I personally can see no objection to some arrangement being worked out between these departments whereby men may have their needs dealt with without having to go into town, spend one of their few remaining dimes in going to the Public Welfare Department and Hawkins street, getting a little work sawing wood, and going in at 8 o'clock in the morning and going back as late as 4 in the afternoon. It seems to me that instead of the waste that is now involved, some of these men might be put to work in some other way. It seems to me some arrangement must be possible where by the money of the taxpayers of the City of Boston, which is being paid out to the tune of at least four million dollars to five millions dollars a year for relief, should be paid over to the men in return for services rendered, and not as mere charity. Despite what has been said, there is work to be done in the City of Boston, that might very well be done at this time. There are streets to be cleaned; there is other important work to be done. There are certainly jobs enough to take care of those who report to the Public Welfare Department two or three times a week, and get just a little work when they do so. Five out of six of those men just saw or chop a few sticks of wood. So I think a part of the money now spent by the Public Welfare Department might well be paid over for work which will help needy families, and work which should be done. There is work to be done raking up leaves, for instance, in the Park Department, work cleaning streets, other odd jobs which could be done for the benefit of the city and for the relief of unemployment. It would at least result in moving around these men who now go to the Hawkins street yard, and much work could be done which would be for the benefit of the city, as well as for the help of the unemployed.

The order was passed under suspension of the rule.

Coun. DONOVAN in the chair.

FOOTBALL STADIUM IN WORLD WAR MEMORIAL PARK.

Coun. DONOVAN offered the following:

Ordered, That the sum of one hundred thousand dollars be and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the erection of a football stadium in World War Memorial Park, Ward 1, and that to meet such expense the City Treasurer be authorized to issue, from time to time, bonds or certificates of indebtedness of the City to said amount.

Referred to the Committee on Finance.

INFORMATION IN RE MARTIN E. MCCARTHY.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to request the Governor to order the Civil Service Commissioner to file a complete report with the City Council regarding the application, record and certification of the name of one certain Martin E. McCarthy of 143 West Newton street, Boston, as a laundry porter at the Boston City Hospital, in answer to a requisition by the Mayor of Boston for two laundry porters for the Boston City Hospital on June 25, 1930.

Coun. KELLY—Mr. President, I now introduce an order similar to one which was passed unanimously in this Council on November 17, just about a month ago. Today for the first time I hear from the gentleman downstairs in a well couched reply, for which it perhaps took him the whole month to get the words together, to the effect that he does not consider it compatible with the dignity of his own office or that of the Governor to comply therewith—that is, to ask the Civil Service Commission to forward to the City Council a complete record covering certification of the employment and the conduct while employed of a certain employee of the City of Boston. Mr. President, I think the conduct of a city employee, the manner in which he gets on the list, and whether he is the proper kind of man to work for the city, is a matter of vital importance to the twenty-two members of the City Council, and also should be a vital matter to the Mayor of the City of Boston. I might state to the Mayor that one further reason why I have introduced this order into the Council is that I made a request of the Governor in a letter under date of November 21, and to date I have had no reply, although there has been an investigation of this case. Knowing that they are guilty, knowing that they have been working in collusion with somebody in City Hall, I have not received a reply. Here is the letter which I sent to Governor Allen on November 21:

"Hon. Frank G. Allen, Governor of Massachusetts, State House, Boston, Massachusetts.

"Dear Governor Allen, I am directing this communication to you in view of the fact that

I think the facts which I state below concerning the administration of Civil Service Commissioner Elliot H. Goodwin bear out the scathing denunciation directed toward Civil Service Commissioner Goodwin by the special Legislative Committee that investigated his office and reported their findings to the last session of the Legislature.

"You will recall that this Legislative Investigation Committee headed by Senator James Moran of Mansfield and having only one member of the minority party in its entire membership, filed a report which was submitted to the last session of the Legislature which criticized, arraigned and denounced the chairman of the Civil Service Commission, Mr. Goodwin, for his arrogance and arbitrary action and further said in substance that he was not administering his great office in accordance with the standards of the Commonwealth.

"In behalf of the many thousands of people on the civil service list in this Commonwealth, particularly the City of Boston, and as a protest on behalf of the additional many thousands of decent and respectable citizens of the City of Boston and throughout the Commonwealth who are on the waiting lists looking forward eagerly and anxiously for an opportunity to earn an honest living, I cite below a case which should command your immediate attention and warrants the immediate removal of this man for the benefit of our citizens.

"On January 4, 1930, only a few months ago, one Martin E. McCarthy placed his name on the regular unclassified general labor list which at that time had approximately 1,500 veterans at the top of the list and perhaps some three or four thousand additional names. There must have been well over a thousand names ahead of him on the list, although the Civil Service Commissioner either will not or cannot give any definite information as to his position on the list at the time he registered.

"Now notwithstanding the fact that there have been names on this list for years, this man, who is married and is not living with his wife and had no children and no one depending upon him for support, was certified for employment and was put to work with the approval of the Mayor of the City of Boston, acting in agreement with the Civil Service Commissioner, on June 25, 1930, he not even being on the list for a period of six months. He went to work with the rating of laundry porter at \$23 and meals per week, although the positions which he made application for were teamster, chauffeur, laborer and rigger, and I can find no record on file with the Civil Service Commission of special qualification for laundry porter. Again less than two months afterward, on August 22, 1930, presumably with the consent of the Mayor of Boston or one of his department heads, he was given a change in rating to a ward porter and given an increase to \$24 and meals per week, although I understand there is a civil service rule which forbids this being done in a shorter period than one year.

"I also call to your attention the fact that he was discharged on July 30, 1930, and while these discharges are supposed to be looked after by the Civil Service Commissioner, he was reinstated after two days.

"Now let us consider some of the statements made in the application and some of the circumstances surrounding this man who was being given so much consideration by the Civil Service Commission and by the Mayor of the City of Boston or one of his department heads.

"This man, Martin McCarthy, stated in his application blank which was filed with the Civil Service Commission these words: 'I resigned from the Boston Police Department while charges were pending. The charges were drunkenness.' That is what he stated under oath in his civil service application. I could find no further information or the Civil Service Commission could give me no further information in connection with this statement in McCarthy's application. As a matter of fact a proper investigation of this statement would have disclosed the fact that this man resigned from the Boston Police Department while charges were pending against him; first, for making a forced entrance into a lodging house; second, for leaving his gun on the premises; third, for bringing liquor into a private dwelling while on duty; fourth, for untruthfulness to his superior officers, and while a member of the Police Department this man had done punishment duty on two occasions, once for 210 hours and another time for 42 hours and only lasted as a member of the Boston Police Department for the short period of two and one half years.

"In answer to another question which asks for the number of times he was arrested, sets forth only four arrests, while as a matter of fact he was arrested ten times.

"What has the Civil Service Commissioner got to say to you about this situation?

"In answer to another question Mr. McCarthy states that he was in business for himself from 1921 to 1926 and that he resigned as a member of the Boston Police Department in 1921, while as a matter of fact this was not the truth because he did not resign from the Boston Police Department until July, 1922.

"I submit that in these trying days of so much suffering and distress with so many thousands of men with wives and children depending upon them for support, walking the streets unable to earn a dollar in an honest way, that this action in allowing a man of this type to take one of these positions, which should go to a man and his

family, is just about the next thing to the commission of a crime.

"I respectfully request that you look into this matter, if your investigation discloses the facts as I have outlined them above that you will demand the immediate resignation of that man who has already been described by members of his own party, in substance, as unfit for the administration of the office which he holds; I refer to Civil Service Commissioner Elliot H. Goodwin.

"Awaiting your reply, I remain,
"Respectfully yours,"

I sent that to the Governor under date of November 21. They had an investigation up there and it disclosed a few things—a few things that would break Boston wide open, as between City Hall and the State House. That is why, as I say, the Mayor of Boston sent back the answer that he did to the Council after we passed an order similar to this a month ago. I might refer perhaps to a remark made to me by Mr. McCarthy the day that I dropped the criminal complaint for assault and battery against him, made to me in front of my attorney, when he begged my pardon and thanked me for dropping the matter. He told me that he owed a certain obligation to a number of people in Boston, that he had to work out. He said further that he was sent to get me with something besides fists, something in his hands. He said that he recognized the obligation, but that he decided to use fists—although he couldn't use fists any too well. But that is what he said when I dropped the criminal complaint of assault and battery, the result of which would have been perhaps to send him to jail by Judge Zottoli in the Municipal Court. I am simply going to say this to the Mayor of Boston. Let him forget dignity for awhile. He has forgotten it a good many times in the long years he has been in politics, and to forget it for a little while now will not hurt him. So I have asked the Council to pass this order, so that we may obtain the full record of this employee of the City of Boston. Let us find out about the connection between City Hall and the Civil Service Commission. If the present Governor does not see fit to remove this fellow, because they are working up there in collusion with certain people at City Hall, perhaps when, as the result of the November election, we have a new era of democracy in the state when Governor Ely takes office, we may be able to then have something done. I respectfully ask the Council to pass the order under suspension of the rule, and I trust that the Mayor will this time take steps to have the information furnished to the Council as quickly as possible. A month has elapsed since I introduced the other order. I certainly trust that we may obtain prompt action at this time.

The order was passed under suspension of the rule.

CONTRACTS HELD BY NONCITIZENS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to direct an investigation of the subcontract on the marble interiors at the Boston City Hospital and the East Boston Court House, and if said firm of subcontractors is not composed of citizens of the United States, that the general contractor be directed to cancel said subcontract.

Coun. DOWD—Mr. President, for a good many years this Council and previous Councils have had a good deal of trouble with this question of alien help and alien work on subcontracts. We now have an accusation made by a reliable organization—the stone masons and marble setters' union No. 9, of the City of Boston,—in which they state that not only under the general contracts at the Boston City Hospital and the East Boston court house are men employed who live outside of Boston, but they say that an entirely alien concern—namely, Pignat Vicenzi of Everett—has received the subcontract on the City Hospital job, and that the same concern has received the subcontract on the East Boston court house. I say to you, Mr. President, and to the Mayor that here are two specific instances where alien help is employed from Everett while thousands of Boston boys are walking the streets unable to get a job, and I understand that alien help, not citizens of the United States, are employed on those jobs. As the contracts read, only citizens of the United States shall be given a contract, and yet we find these contractors—I know not who they are, and I care not—erecting the City Hospital and the East Boston court house, doing work amounting to thousands of dollars; that the employees of this alien concern from Everett are not citizens of Boston or citizens of Everett, but aliens, as I understand it. I am now asking the Mayor of Boston to investigate these cases, and if the facts are as alleged, in justice to Boston contractors and in justice to citizens of this city and this country, to cancel the contract of this alien concern and employ at least citizens of America.

Coun. KELLY—Mr. President, I might say that I am glad to see somebody cooperating with me on the floor of the Council. I heard the councilor from Roxbury earlier in the session make the remark that no one was cooperating with him on the floor of the City Council relative to the unemployment situation, but I guess he did not need to go far to find out that if any help was required he would surely have the assistance of the councilor from Dorchester. I wish to say

that on two distinct occasions I have introduced orders into the Council that the Mayor take some action so that work on city contracts would be given to citizens of Boston, because other cities are doing it. I have stated previously what I felt to be the reason why the Mayor refused to make such an order. I think it is evident to everybody that he does not want to offend people in other cities. That is the reason. I am glad to see that somebody in this Council besides myself thinks this matter of sufficient importance to send it for the third time down to the Mayor, and I hope this time the Mayor will sit up awhile and make a good answer, better than the one he sent to us this afternoon.

The order was passed under suspension of the rule.

PAYMENT TO PARENTS OF DOROTHEA CARSON.

Coun. DOWD offered the following:

Resolved, That the Boston City Council hereby approves the enactment of legislation authorizing the City of Boston to pay a sum of money to the parents of Dorothea Carson.

Coun. DOWD—Mr. President, I simply desire to say that that order is introduced because of the death of the little Carson girl. Her parents assume that she was kicked to death in a school in Roxbury. The parents desire the matter brought before the Massachusetts State Legislature. But before we can even get it in it must be passed by members of the Boston City Council. I am informed that the attorney for Mr. and Mrs. Carson are asking the Legislature to pay to the parents the sum of \$5,000 because of the child's death.

The order was passed under suspension of the rule.

SIDEWALK ON RILL STREET.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Rill street, No. 2 to No. 10, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SPOT-LIGHT IN WARD 19.

Coun. MURRAY offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install a spot-light at the corner of Green and Centre streets, Ward 19, for the use of the traffic officer on duty at that point.

Passed under suspension of the rule.

FINAL PASSAGE OF APPROPRIATIONS.

Chairman DONOVAN called up, under unfinished business, Nos. 2, 3 and 4 on the calendar, viz.:

2. Ordered, That the sum of \$40,000 be, and hereby is, appropriated, to be expended by the trustees of the Boston City Hospital for new Administration Building, Furnishing and Equipping, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On December 1, 1930, the foregoing order was read once and passed, yeas 18, nays 0.

3. Ordered, That the sum of \$60,000 be, and hereby is, appropriated, to be expended under the direction of the Fire Commissioner for Fire Station, West End District, Site, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On December 1, 1930, the foregoing order was read once and passed, yeas 18, nays 0.

4. Ordered, That the sum of seventy-five thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for filling, grading, relocating baseball diamonds, and other necessary improvements, on the Healy Playground, Roslindale, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On December 1, 1930, the foregoing order was read once and passed, yeas 17, nays 0.

The above orders, Nos. 2, 3 and 4 on the calendar, were given their second and final passage, yeas 20, nays 0.

LISTING OF RESIDENTS OF BOSTON.

Coun. GREEN submitted the following:

Ordered, That the Committee on Legislative Matters of the Boston City Council be requested to file with the incoming Legislature a bill providing

for the transfer of the annual listing of residents of Boston from the Police Department to the Assessing Department.

Referred to the Executive Committee.

RECESS.

On motion of Coun. RUBY, the Council voted, at 3.14 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 5.31 p. m.

GIRLS' HIGH SCHOOL, GROVE HALL.

Coun. RUBY offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to proceed with the immediate erection of the girls' high school in the Grove Hall section of Boston.

Coun. RUBY—Mr. President, I don't want to take the time of the Council at this late hour, but this is a duplicate of the order that I presented earlier in the afternoon. I am stressing the point because of the information I have and because it is unfortunate if we do not take the proper steps to forward the erection of a school that is now comparatively congested. I believe that the girls' high school is necessary. I believe that it will not only serve the school purposes of the different parts of the Dorchester district, but that it will vitally affect other sections as well as Roxbury and Dorchester. I believe if we delay action on the matter at this time the immediate result will be the acceptance by the School Committee of the Worthington street site. His Honor the Mayor has given considerable thought to this proposition, and I believe the chairman of the Finance Commission has also done so, and that those two gentlemen are laying every possible emphasis on the choice between the two sites. What the thing revolves on now has no reference to intermediate high schools in Allston, Brighton or any other section, but it is a question whether the School Committee and those in charge of school construction shall build a girls' high school in the Worthington street section or one at Grove Hall. I think some members of the Council may unwittingly lose the point,—which is, that if we do not express an opinion we may not get one or the other. I think if the Grove Hall site is defeated no other site can be selected in the present program of girls' high school construction. I certainly trust that the members of the Council will give immediate thought not merely to the councilors from Dorchester and Roxbury, but to the councilors from the lower end of Roxbury, the Back Bay and South End of Boston, feeling that if we do not express our opinion at this time in favor of the Grove Hall site we will ultimately get that undesirable site close to the Brookline line. I ask for a suspension of the rule and the passage of the order.

President LYNCH—Is this the same order that was introduced in the early part of the session?

Coun. RUBY—It is.

President LYNCH—Then the Chair will have to rule it out of order, inasmuch as it is under consideration by the Executive Committee.

Coun. RUBY—Might I then, Mr. President, ask that the order referred earlier in the session be recalled?

President LYNCH—You ask suspension of the rule for that purpose?

Coun. RUBY—I do, Mr. President.

Coun. CURTIS—I object, Mr. President.

President LYNCH—The question comes on suspending the rule for the recall of the order introduced by Councilor Ruby earlier in the session and referred to the Executive Committee.

The rule was suspended, and the order introduced earlier in the session, identical with the order introduced before the beginning of this discussion by Councilor Ruby, was declared recalled from the Executive Committee.

President LYNCH—The question now comes on suspension of the rule and the passage of the order.

Coun. KELLY—Mr. President, as a councilor from Dorchester I agree with my colleague who has just spoken that Dorchester can stand another high school. But I do say this, that if Dorchester, comprising 200,000 people and consisting of five and one-half wards, is to have another high school, it should be in a central position in Dorchester. I say this, that the Grove Hall section of Dorchester is not a central part of Dorchester, but that either Meeting House Hill or Fields Corner is a proper place for a high school to be placed, if the School Committee are desirous of placing one there. In either case, that would be in a place where the transportation facilities are of the best, and a place central to everybody in Dorchester, not within a stone's throw of another high school as this would be within a stone's throw of the Roxbury Memorial High School. I want to see a high school in Dorchester and want to do everything I can to have it go there, but I think at the same time the School Committee should be informed that the councilors from Dorchester want it in a central part of Dorchester, and at either Meeting House Hill or Fields Corner. So I will have to vote against the order to have the high school in the Grove Hall section.

Coun. FISH—Mr. President, I think the order introduced by Councilor Ruby is a good order.

This land, I understand, has been bought and paid for and the plans drawn for the Grove Hall section. Although I don't think that is the ideal location, rather than lose the school altogether I would be in favor of Grove Hall.

Coun. WILSON—Mr. President, I am going to vote for this particular order for the reason that the chairman of the Finance Commission after a very thorough examination has advised the body that it is a question of whether this new girls' high school shall be placed at Grove Hall or the error of sending a high school out in the wilds near the Art Museum shall be immediately repeated. Therefore, in order to save a repetition of that mistake, I shall vote for this particular order.

Coun. ARNOLD—Mr. President, I would not inject myself into the discussion, and I will vote for the order, except for the fact that the councilor from Dorchester evidently has not become familiar with the section I have the honor to represent, when he terms it "out in the wilds." If he were as familiar with the city as a councilor should be, he would know that his characterization is entirely erroneous.

Coun. WILSON—The gentleman misunderstood my pronunciation. I referred to the "wiles," not the "wilds"! [Laughter.]

Coun. CURTIS—Mr. President, I would ask the councilor from Ward 14 whether he is now introducing the same order that we voted on in Executive Committee?

President LYNCH—The order introduced earlier in the session was referred to Executive Committee, where it was laid on the table, and has now been recalled upon motion of Councilor Ruby, and is before us for action.

Coun. CURTIS—Mr. President, I would move to lay the order on the table again, as I did in executive session, feeling that this is a matter on which we ought to know how the School Committee feels before committing ourselves.

Coun. CURTIS' motion to lay the order on the table was declared carried. Councilor Ruby doubted the vote and asked for the yeas and nays.

The Council refused to lay the order on the table, yeas 9, nays 13:

Yeas—Coun. Cox, Curtis, Gallagher, Hein, Kelly, Lynch, Mahoney, Murray, Norton—9.

Nays—Coun. Arnold, Bush, Donovan, Dowd, Englert, Fish, Fitzgerald, Gleason, Green, McGrath, Power, Ruby, Wilson—13.

President LYNCH—The question now comes on the suspension of the rule and the passage of the order.

Coun. BUSH—Mr. President, I have refrained from injecting myself into debate on this question, but, in view of the fact that the chairman of the Finance Commission has pointed out that if the site, which has already been paid for and in connection with which plans have been drawn for the new high school at the Grove Hall section is not taken, the chances are very strong that no high school will be built at all for some time. That will mean going through the same rigmarole all over again, purchasing new land in a new location, and so on. In view of that fact, and in view of the fact that there is a crying need for a high school in that section to take care of the overflow, I am in favor of the passage of the order.

The order was declared passed, under suspension of the rule. Coun. MURRAY doubted the vote and asked for the yeas and nays.

The order was passed, under suspension of the rule, yeas 17, nays 5:

Yeas—Coun. Arnold, Bush, Donovan, Dowd, Englert, Fish, Fitzgerald, Gleason, Green, Hein, Lynch, Mahoney, McGrath, Norton, Power, Ruby, Wilson—17.

Nays—Coun. Cox, Curtis, Gallagher, Kelly, Murray—5.

EXECUTIVE COMMITTEE REPORTS.

Coun. RUBY, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Anne Marie Casey, at South Boston Municipal Building, December 18, that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and order (referred today) for a loan of \$90,000 for Fallon Field Playground, additional land and construction—that the same ought to pass.

Coun. DOWD—Mr. President, the question we are to decide this afternoon is not whether we should get additional land for playgrounds, but whether we should purchase additional land for the Fallon Playground at the price proposed. I have always been a firm believer in the city purchasing as much land as possible for playground purposes for the children, but I am also of the opinion that when an order involving \$90,000 is presented to our Executive Committee we should at least expect department heads to appear before us and tell us the truth in the matter. Each and every member of the Council heard Commissioner Long tell us that the land was assessed at either \$43,000 or \$48,000, and, because of the fact that no councilor had sufficient time to look into the matter, we took the word of the commissioner that it was assessed for \$43,000 to \$48,000, and that it was proposed to purchase the land for \$65,000. I felt that even with a valuation of \$48,000 the price of \$65,000 was too much, because I had in

mind the fact that the same department purchased in Dorchester 108,000 square feet for two-thirds of this amount. Now, what is the situation here? There are 109,950 square feet of land, that we were informed here is assessed for \$43,000 to \$48,000. The real story I have obtained from the Assessing Department, which is that the land is assessed for \$26,800 and the building for \$6,200, or an assessment altogether of \$33,000. Now, we were misinformed or somebody deliberately lied in making the statement that was made to the Executive Committee. If members of this Council can conscientiously vote to buy a piece of property assessed for \$33,000 for \$65,000, they may do so. I say that I believe the Fallon Playground should be enlarged, but I believe the Council should at least have a chance to look into the matter where it is proposed to spend \$65,000 of the taxpayers' money for a piece of land that is assessed for \$33,000. We certainly do not want to give the owners of land assessed for 17 cents a foot 34 cents a foot. It is unfair to the taxpayers of Boston. If you vote for this order, you are voting to put into somebody's pocketbook the sum of \$25,000.

The report was accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, I have been somewhat embarrassed by the remarks made here, particularly as being one of that large majority who voted back "Ought to pass" on this particular order. I hesitate to believe, and trust it is not exactly accurate, that the head of a department would mislead the members of the Council. I do have in mind, however, that if we adjourn for two weeks this order might, if it is passed today, then receive its second reading and can still be defeated. I believe we should take this matter up with the Park Department or the proper officials before we do meet again, so that we may understand the situation. But if action on this matter is cut short at the end of the year, I don't know what the result may be. I do wish to say, however, that, voting to give this order its first reading and in favor of its passage at this time, I reserve the right to vote differently on the second reading, two or three weeks from today.

Coun. COX—Mr. President, in view of the fact that perhaps the Park Commissioner may have been mistaken as to the assessed valuation of that land, and so that the councilors might become familiar with it, I would recommend its being laid on the table. Personally, I wish to say that I know the property and I know the building that is on it, and that \$65,000 is not at all an exorbitant price for this property. It adjoins the playground called the Fallon Field Playground, which at the present time does not have a full-sized diamond or a full-sized football field. In view of what has occurred, however, I would like to have the matter laid on the table.

President LYNCH—The Chair would remind the Council that if the order does not receive one reading today there will not be an opportunity to act upon it this year, that it will have to go over. However, if the councilor wishes to make the motion to lay on the table, of course he can do so. Do you make the motion to lay on the table, councilor?

Coun. COX—I withdraw that motion, Mr. President.

Coun. FITZGERALD—Mr. President, I would like to ask the councilor who has just spoken if this order was not put in during the last administration for the sum of \$100,000?

Coun. COX—I believe it was, Mr. President, that the amount then was \$100,000,—or the purchase price, I understood, was then \$80,000, and it is now \$65,000. I want to say this, that there can be no question in the mind of anybody that Mr. Fallon, who owns that property, could sell his home and cut the land up into house lots and receive a great deal more money than this \$65,000. But Mr. Fallon is a very high type of gentleman, and it is a question of helping the community. His son was killed in the war and this playground is named after his son.

Coun. DOWD—Mr. President, I think it is rather unfair to try to compare real estate values of three years ago, when the order was put in here for \$100,000, with real estate values at the present time. We all realize that real estate values are now 50 per cent below what they were at that time. I am not questioning the integrity of the owner of the land in any respect whatever, but I do say that members of the Council are entitled to a hearing on any matter that comes before them, and they are entitled to the truth. When the head of a department comes before us in this way and makes such statements, I cannot see how anybody can conscientiously vote to give 100 per cent over the value of the land in these days.

Coun. KELLY—Mr. President, I am in favor of enlarging any playground in the City of Boston. I think I have already, by my attitude in past meetings, shown that. At the same time, I am against having orders introduced here at 2.15 o'clock on the afternoon of a meeting by the Mayor of the City of Boston, and having him try to get them through without reference to the proper committee. I claim that the matter should be investigated by the Committee on Public Lands or the Committee on Finance. I am on neither committee. I understand that the gentleman from West Roxbury has no objection to laying the matter on the table, and I move you, sir, that we lay the matter on the table. I make that as a motion.

The motion to lay on the table was declared

lost. Coun. KELLY doubted the vote and asked for a rising vote. The motion to lay on the table was lost by a rising vote, 6 to 13.

Coun. BUSH—Mr. President, I merely want to correct the impression given by one of the previous speakers with reference to the discrepancy between the assessed valuation of property and the amount for which the property is proposed to be sold. There is a great deal of difference between assessed valuations of commercial property, assessed valuations of income-bearing residential property, and assessed valuations of single homes. You will find in going through the assessed valuations of single-family homes throughout the entire city—and, in fact, throughout the entire Commonwealth—that all single-family homes are very much under-assessed. I have in mind at the present time a home at the corner of Rutledge street and Humboldt avenue, in my own ward, a very beautiful estate and a very expensive estate—I think it probably cost somewhere in the vicinity of \$75,000 to build the home alone. Yet that estate has been assessed for years, through the high market prices, for not more than \$26,000 for both the house and the garage, although the garage alone cost more than half of that to build. So you cannot take assessed valuations alone as a criterion on which to base the value of a single-family estate, more especially when the estate contains a very large area of vacant land in addition to the house, because then the land is assessed for still less, it not only being nonincome-bearing property, but being occupied only by an individual for purposes of a home. For that reason I believe you cannot take the assessed valuation of the property entirely into consideration in deciding the valuation at which the property should be purchased and in arriving at a fair price to be paid for it. I think the property ought to be appraised. I feel that this Council ought to adjourn for one week only and in the meantime further information should be furnished to us on this question. I think that will still leave us sufficient time to give the order a second reading. [Voices: "No!"]

Coun. McGRATH—Mr. President, I think there is one point that we lose sight of in this matter. There is a field out there known as Fallon Field. They want to extend the field. Everyone in that section says it is necessary to extend the field. They cannot take three or four blocks, paying the amount of money that would be necessary, in order to extend the field. They have to buy land directly adjacent to the present land. As I understand it, Fallon Field is named for the man who owns the land adjacent to Fallon Field. He has a rather extensive home and stable there. Of course, they never assess single homes at their full valuation, and, of course, while the city will have to demolish that home and stable, it must pay for them. A year ago this same proposition was in for \$100,000. That home, as it has been well kept up, I understand, is probably worth about as much today as it was previously, and the land is valuable, because the value of land in that section of Boston is perhaps growing more rapidly than anywhere else. So you are faced with this situation. Fallon Field is too small for the proper sort of playground. You cannot buy land outside of Fallon Field, improved property, for five times the amount proposed here. So, in extending the field, the only possible way to do so is in the way proposed here, land which was offered previously for \$100,000 and can now be purchased for \$65,000. Let us stand up and vote for the proposition.

Coun. GREEN—Mr. President, I want to vote intelligently upon this matter, and I shall vote for the passage of the order to one reading this afternoon. As Councilor Wilson said awhile ago, we can reserve our rights on the second reading of this order, and I will reserve my right. I think it is the duty of every member, after such sensational charges, as I call them, as have been made here by a member of this body, in justice to the Park Commissioner and other officials to weigh them carefully. We can vote for the first reading and passage of the order this afternoon and reserve our rights on the second reading, and that is what I propose to do.

Coun. KELLY—Mr. President, I want to remind the Council that if they ever want to enlarge a playground, they always have the right under the law to go out and take any parcel located within the confines of the City of Boston, under the right of eminent domain, and pay to the owners thereof the fair value. So I say, if the Mayor of the City of Boston wishes to enlarge this playground, he can go out and take this piece of land just like that and have the courts decide on the fair value of the land. I believe when a piece of property is assessed for \$33,000 and is being offered to the city for \$65,000 it is outrageous, and I agree with the councilor from Ward 8 when he stands up and tells his colleagues that it is outrageous. So there is no fear of anything being lost by a little delay. The land can always be taken. It is not like money in the Parkman Fund which has to be spent this year. This land does not have to be taken this year. It may be taken at any time up to March or April, or later, for that matter. So I shall vote against the order.

Coun. NORTON—Mr. President, I will simply say that I agree with the councilors from Dorchester and Roxbury when they say the proposition to give \$65,000 for land assessed for \$33,000 is hard to explain. However, we have a rather mixed problem here. Up to a few moments ago I did not know where I would stand on the matter,

although I think now I will vote for the first reading of the order, reserving the right to change my vote on the second reading if circumstances seem to warrant. I fully agree with the councilor from Roxbury that it is a matter that needs looking into. Of course, the Street Commissioners under the law of eminent domain can have a hearing and take the land. We can pass this order to a first reading today, and if circumstances seem to warrant can defeat it when it comes up for a second reading. If the matter then goes over to the next fiscal year and it is then desired to take the land, the Street Commissioners can hold a hearing and any of us who wish can go there and oppose the taking on account of the price. But in voting in favor of the first reading, I reserve my right to change my position later.

Coun. MURRAY—Mr. President, if this order is passed today and then goes over, does it automatically go into effect?

President LYNCH—It does not pass unless it has two readings this year.

Coun. NORTON moved the previous question; The main question was ordered, and the Council voted to give the order its first reading and passage, yeas 18, nays 4:

Yeas—Coun. Arnold, Bush, Cox, Curtis, Donovan, Englert, Fish, Gallagher, Gleason, Green, Lynch, Mahoney, McGrath, Murray, Norton, Power, Ruby, Wilson—18.

Nays—Coun. Dowd, Fitzgerald, Hein, Kelly—4.

The order will take its second reading and passage in not less than fourteen days from date.

3. Report on message of Mayor and order (referred today) for a loan of \$125,000 for bath house and laundry building and equipment, etc., North End Park—that the same ought to pass.

Report accepted; said order passed, yeas 22, nays 0.

The order will take its second reading and passage in not less than fourteen days from date.

4. Report on order (referred today) that the Committee on Legislative Matters of the Boston City Council be directed to file with the incoming Legislature a bill providing for the transfer of the annual listing of residents of Boston from the Police Department to the Assessing Department, that the same be referred to the Committee on Legislative Matters.

Report accepted; said reference ordered.

APPROPRIATION OF PARKMAN FUND BALANCE.

Coun. CURTIS, for the Committee on Parkman Fund, submitted the following:

1. Report on message of Mayor and order (referred today) that the sum of \$68,720.14 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887,—Franklin Park Improvements, \$68,720.14,—that the same ought to pass.

Report accepted; said order passed, yeas 22, nays 0.

CONFIRMATION OF WEIGHER AND CONSTABLES.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor December 1, 1930, of Samuel N. Schlesinger, to be a Weigher of Goods.

Coun. WILSON also called up No. 16 on the calendar, viz.:

16. Action on appointments submitted by the Mayor November 17, 1930, of Dennis L. Griffin and George J. Coyle, to be Constables.

The question came on confirmation of the above appointments. Committee, Coun. Arnold and Hein. Whole number of ballots 14, yeas 14, and the appointments were confirmed.

CONCRETE BLEACHERS, RONAN PARK.

Coun. KELLY offered the following:

Ordered, That the sum of forty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the erection of concrete bleachers on Ronan Park, Ward 15, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

CONVENIENCE STATION NEAR BLACKSTONE PARK.

Coun. GLEASON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect an up-to-date convenience station in the vicinity of Blackstone Park.

Passed under suspension of the rule.

Adjourned, at 6.09 p. m., on motion of Coun. DONOVAN, to meet on Monday, December 22, 1930, at 2 p. m.

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

THE METROPOLITAN DISTRICT. With its 40 Municipalities.

Consists in the most inclusive sense of forty municipalities, including Boston, or fourteen cities and twenty-six towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and fourteen towns.

STIMULATING WISE MUNICIPAL CONSTRUCTION.

The American people are initiating one of the most important governmental experiments ever tried on any considerable scale. For many years there have been suggestions that public projects could be made to constitute an important element of stabilization in times of economic depression. At the instance of President Hoover the states and cities of the country are about to cooperate with the Federal Government to prevent the stock market depression from spreading into business generally.

LEGAL HOLIDAYS.

As provided by the Revised Laws of Massachusetts, also by chapter 473, Acts of 1910, and chapter 104, General Acts of 1916 (ratified by the electorate on November 7, 1916), legal holidays on which the public offices shall be closed, include January 1, February 22, April 19, May 30, July 4, September (first Monday), October 12, Armistice Day (November 11), Thanksgiving Day (the last Thursday in November) and Christmas Day (December 25).

PILOTS—THEIR WHEREABOUTS AND NUMBER.

The West still leads the East in piloting activities. A recent tabulation by states puts California in the lead with 633 licensed aviators; New York second with 347. Ten states had 2,343 of the 3,659 pilots holding active licenses. The remainder was divided among the other states and territories. Here is the record: California, 633; New York, 347; Illinois, 216; Michigan, 194; Pennsylvania, 180; Ohio, 180; Texas, 176; District of Columbia, 162; Missouri, 150; Virginia, 105.

MORE THAN 1,000 CITIES HAVE MUNICIPAL AIRPORTS.

The Department of Commerce reports that more than 1,000 cities in the United States now have municipal airports, or plan to construct them in the immediate future.

A few days ago the department announced the names of forty-one additional cities in which airports are planned, including Skagway, Alaska. When the Skagway airport is constructed, it will bring Alaska's airports and intermediate landing fields to more than fifty.

THE SIGNIFICANCE OF ARSON OFTEN OVERLOOKED.

"Incendiary fires play a considerable part in the amount that each citizen must pay for the insurance protection which is so essential for him to have on his home or other property," A. Bruce Bielaski, assistant to the General Manager of the National Board of Fire Underwriters, told members of the National Fire Waste Council at their recent conference in Washington. "The rates paid for insurance must of necessity be sufficient to cover losses of all characters and, if possible, to leave for the insurance company a reasonable return for the service it renders. It will pay the individual citizen in dollars and cents to take a real interest in the detection and prosecution of those responsible for incendiary fires."

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 3,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 1, 1930

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:42 o'clock P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

Sept. 15, 1930, on page 219, to provide that Alice G. Dunne and Eileen M. Mullen, whose names appear on the list of teachers approved for emergency service in playgrounds as sand garden assistants, fall term 1930, to take effect Sept. 15, 1930, shall read "assistants."

Oct. 6, 1930, on page 232, to provide that the appointment from the eligible list of John Griffin as assistant, intermediate, Solomon Lewenberg Intermediate District, to take effect Oct. 14, 1930, shall read "eighth year, Oct. 24, 1930."

Oct. 20, 1930, on page 251, to provide that the appointment of Joseph Rains as temporary assistant instructor, manual arts, High School of Commerce, to take effect Oct. 14, 1930, shall read "temporary junior master."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers and appointments to school centers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

PROVISION FOR AUDITORIUM IN CHARLESTOWN INTERMEDIATE SCHOOL.

The following order was presented:

City of Boston

In the City Council

ORDERED: That the School Committee be requested through His Honor the Mayor, to make provision for an auditorium in the plans for the new Junior High School to be erected in Charlestown.

In City Council, November 24, 1930. Passed.

Attest:

W. J. DOYLE,
City Clerk.

Referred to the Superintendent for report back to the Committee.

ACCEPTANCE OF MICHELANGELO SCHOOL ADDITION

A communication was received from the Department of School

Buildings, under date of Oct. 3, 1930, reporting that the Michelangelo School Addition has been accepted for occupancy as of that date.

Placed on file.

DEATH

The Superintendent reported the death of the following-named teacher:

Dudley District—Florence E. Rice, assistant, special class, Nov. 15, 1930.

Placed on file.

RESIGNATIONS

The Superintendent reported the resignations of the following-named teachers, to take effect on the dates stated:

Julia Ward Howe District—Alice F. Wood, assistant, elementary, Nov. 21, 1930.

Theodore Lyman District—Livia M. DeSimone, assistant, elementary, Nov. 26, 1930.

Thomas Gardner District—Madeleine M. Bevelander, assistant, elementary, Dec. 4, 1930.

Accepted.

RETIREMENTS

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting the retirement from active service of the following-named members of the Boston Retirement System, to take effect on the dates stated, as certified by the Boston Retirement Board, under dates of Nov. 15 and 24, 1930:

South Boston High School—Samuel F. Tower, head master, Nov. 30, 1930.

Shurtleff District—Anna L. Scallan, assistant, elementary, Nov. 30, 1930.

Department of Manual Arts—Anna S. Streijffert, instructor, manual training, elementary, Nov. 30, 1930.

Placed on file.

APPOINTMENTS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

Public Latin School—William J. Roche, junior master, Jan. 5, 1931.

East Boston High School—Lillian A. Belanger, assistant instructor, commercial branches, fourth year, Jan. 5, 1931.

Jamaica Plain High School—Emma N. Dawson, assistant, seventh year, Jan. 5, 1931.

Mechanic Arts High School—Daniel F. O'Connell, junior master, fourth year, Jan. 5, 1931.

South Boston High School—Ruby I. Coombs, assistant instructor, commercial branches, sixth year, Jan. 5, 1931.

Donald McKay Intermediate

District—Augustine D. Malley, assistant, intermediate, Dec. 17, 1930.

Dudley District—Mary E. Hart, assistant, special class, sixth year, Jan. 19, 1931.

Michelangelo Intermediate District—George H. Shea, assistant, intermediate, fifth year, Jan. 5, 1931.

Phillips Brooks District—Linnea V. Bamberg, assistant, intermediate (from assistant, elementary, Mather District), Jan. 5, 1931.

Washington Irving Intermediate District—Cecelia F. Doherty, assistant, intermediate (from assistant, elementary, Julia Ward Howe District), Jan. 5, 1931.

William Howard Taft Intermediate District—John F. Meade, assistant, intermediate, Dec. 17, 1930.

Laid over.

(BY PROMOTION)

Roxbury Memorial High School (Boys)—Thaddeus J. Keefe, master, head of department (from junior master), Jan. 5, 1931.

Laid over.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265, paragraph 2 of the regulations the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day Intermediate Schools—Miriam C. Allison, Mary C. Connolly, Maurice J. Downey, Raymond J. Gemmel, Joseph Lapidus, Jacqueline M. Lamarca, Francis W. Leavey, Paul J. Sullivan.

Kindergartens—Marcella C. Barth, Rebecca Bloom, Frances Epstein, Eileen M. Goode, Helen G. Keating, Barbara A. Lynch, Gladys L. Reid, Margaret H. Sullivan, Mary E. Sullivan, Mary L. Sullivan.

Continuation School—Catherine M. Griffin, Catherine G. Mulcahy, Mary G. Ruggiero, Edwin L. Crowley, Raymond J. Gemmel.

Department of Special Classes—Rebecca Bloom, Helen M. Clair, Ruth V. Donnelly, Catherine M. Fitzpatrick, Grace N. Hickey, Mary P. Kearns, Dolores M. Murphy.

Department of Household Science and Arts—Sarah Quinn, Margaret Stack, teachers of cookery; Anna Kelly, teacher of sewing.

Department of Music—Joseph L. McHugh.

Salesmanship—Edith Dvlinsky. Approved.

SPECIAL ASSISTANTS

Day School for Immigrants—Rose Levitt, Nov. 19, 1930. Approved.

PLAY TEACHER FOR GIRLS

Term 1930-31

High Schools

Jamaica Plain High School—Marie C. McCabe, Nov. 3, 1930. Approved.

SCHOOL LUNCH ATTENDANT

Prince District (Prince School)—Mary McBrien, Nov. 5, 1930. Approved.

TRANSFER OF NUTRITION CLASS ATTENDANT

Bowdoin District (Bowdoin School)—Mary Tierney, assistant nutrition class attendant, to the same position in the Norcross District (George Frisbie Hoar School), Nov. 24, 1930.
Approved.

EVENING SCHOOLS

Term 1930-31

Dearborn Evening School—Josephine V. Hogan, assistant, Nov. 17, 1930 (one evening).

Joseph H. Barnes Evening School—Mary A. Loschi, assistant, Dec. 1, 1930.

Franklin Evening School—Grace D. Lennon, assistant, Nov. 4, 1930.

Boston Trade School (Evening Classes)—Francis Sullivan, tool-keeper, Nov. 17, 1930.

Approved.

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that, subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed the following-named clerical assistant for the evening term 1930-1931, to take effect Nov. 24, 1930:

Bigelow Evening School—Adaline A. Higgins.

Approved.

On motion, it was

ORDERED, That the employment of Joseph E. Kelly as acting principal of the Dearborn Evening School is hereby authorized, to take effect Nov. 17, 1930, and that he be paid for his services at the rate of six dollars (\$6) per evening.

On motion, it was

ORDERED, That the employment of M. Irene Devine as assistant in the Bigelow Evening School on Nov. 17, 1930, (one evening), is hereby authorized and that she be paid for her services at the rate of three dollars and fifty cents (\$3.50) per evening.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that, subject to the approval of the School Committee, he has terminated the assignment of Mary A. Mahoney, assistant, intermediate, Michelangelo Intermediate District, to a class attended exclusively by boys in a grade above the third, to take effect Oct. 31, 1930.

Placed on file and the termination approved as of the date stated.

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that, subject to the approval of the School Committee, he has assigned the following-named teachers to classes attended exclusively by boys in grades above the third in the districts herein stated:

Michelangelo Intermediate District—James W. Driscoll, assistant, intermediate, Dec. 5, 1928.

Thomas N. Hart—Frederic W. Lincoln District—Nora A. Scanlon, assistant, elementary, Dec. 19, 1928.

Placed on file and the assignments approved, to take effect on the dates stated.

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that, subject to the approval of the School Committee, he has assigned Elizabeth M. McGrath, assistant, elementary, Emily A. Fifield District, to speech improvement classes, without change of rank or salary, said assignment to take effect Dec. 8, 1930, and to continue during the school year ending Aug. 31, 1931 unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, to take effect on the dates stated:

South Boston High School—John E. J. Kelley, master, head of department, as acting head master (vice Samuel F. Tower, absent on leave), Oct. 14, 1930.

Norcross District—Esther L. Shaw, assistant, kindergarten, as acting first assistant, kindergarten (vice Bertha M. Arnold, absent on leave), Sept. 1, 1930.

Thomas Gardner District—Mary D. Sullivan, assistant, kindergarten, two sessions, as acting first assistant, kindergarten (vice Alice R. Eliot, absent on leave), Oct. 6, 1930.

Washington Allston District—Isabel E. Olney, assistant, kindergarten, two sessions, as acting first assistant, kindergarten (vice Helen L. Duncklee, absent on leave), Sept. 1, 1930.

Day School for Immigrants—Mary H. Stroup, senior assistant, as acting assistant in charge, (vice Caroline A. Shay, absent on leave), Nov. 5, 1930.

Placed on file.

WITHDRAWAL OF TRANSFERS

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that, subject to the approval of the School Committee, he has withdrawn the following transfers of teachers, as reported at the meeting of Nov. 17, 1930:

Dearborn District—Marion R. Boland, assistant, elementary, to the same position in the Sherwin District, Nov. 24, 1930; Teresa L. Monahan, assistant, elementary, to the same position in the Robert Gould Shaw District, Nov. 24, 1930.

The withdrawal of the transfers was approved.

TRANSFERS

Dearborn District—Marion R. Boland, assistant, elementary, to the same position in the Mather District, Jan. 5, 1931; Teresa L. Monahan, assistant, elementary, to the same position in the Francis Parkman District, Jan. 5, 1931.

Phillips Brooks District—Katherine L. Driscoll, assistant, intermediate, to the same position in the Solomon Lewenberg Intermediate District, Jan. 5, 1931.

William Lloyd Garrison District—June M. Raymond, assistant, elementary, to the same position in the Henry Grew District, Jan. 5, 1931.

Approved.

EMERGENCY EMPLOYMENT IN AFTERNOON KINDERGARTEN

On motion, it was

ORDERED, That the employment of Helen S. Morrison, assistant, kindergarten, Samuel Adams District, in the afternoon session of the kindergarten in that district on Nov. 4, 1930, is hereby authorized; and that she be allowed and paid additional compensation at the rate of two dollars (\$2) per session for such service.

DISCONTINUANCE OF SPECIAL CLASS

A communication was received from the Superintendent, under date of Dec. 1, 1930, reporting that he has discontinued one of the special classes in the Bowdoin-Wendell Phillips District to take effect Nov. 15, 1930, leaving six classes in that district.

Placed on file.

SALE OF SCHOOL PROPERTY

The following was offered:

ORDERED, That it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Baldwin School, Chardon Court, City Proper: Land and building.

Passed unanimously.

AMENDMENT TO RULES

A communication was received from the Board of Superintendents, under date of Dec. 1, 1930, recommending the amendment of section 80, paragraphs IV., VII., and XI. of the rules by the insertion of the following paragraph:

Candidates qualifying for service in state-aided courses are not eligible for appointment or assignment for service in such courses until they shall have reached their twenty-fifth birthday.

Placed on file.

The following was offered:

ORDERED, That the rules are hereby amended as follows:

Section 80, paragraph IV. Insert the following to immediately follow the paragraph which describes the requirements for candidates qualifying for service in state-aided courses under the household science, dressmaking or millinery groups:

Candidates qualifying for service in state-aided courses are not eligible for appointment or assignment for service in such courses until they shall have reached their twenty-fifth birthday.

Section 80, paragraph VII. Insert the following to immediately precede the paragraph of certificate inclusions:

Candidates qualifying for service in state-aided courses are not eligible for appointment or assignment for service in such courses until they shall have reached their twenty-fifth birthday.

Section 80, paragraph XI. Special: Valid in Day High Schools. Strike out the note which follows the industrial instructor certificate requirements, and substitute in place thereof the following paragraph:

Candidates qualifying for service in state-aided courses are not eligible for appointment or assignment for service in such courses until they shall have reached their twenty-fifth birthday.

Laid over.

TRANSFER OF APPROPRIATIONS

The following communication was received:

City of Boston—Department of School Buildings
Nov. 24, 1930.
School Committee of the City of Boston,
15 Beacon St.,
Boston, Mass.
Gentlemen:

In compliance with the provisions of Chapter 351 of the Acts of 1929, the Board of Commissioners of School Buildings, having received the following proposed order from the School Committee:

ORDERED, That of the amounts appropriated by the School Committee under dates of Apr. 7, 1924 (see p. 54), Sept. 14, 1925 (see p. 162), Apr. 2, 1928 (see p. 66), Jan. 28, 1929 (see p. 19), Apr. 1, 1929 (see p. 76), Apr. 1, 1930 (see p. 57), the following amounts are hereby transferred to the 1929 item of school accommodations as listed below:

FROM

Item 15, 1924—Agassiz-Bowditch Districts, Jamaica Plain: Jamaica Plain High School (originally West Roxbury High School), demolition of original structure and construction of eighteen-room addition (Item 19, 1923, as amended June 19, 1923, and further amended Nov. 5, 1923; Item 28, 1923, as amended Nov. 5, 1923)	254.10
Item 5, 1925—Thomas N. Hart District, South Boston: South Boston High School, construction of eleven-room addition including provision for Household Science and Arts (Item 27, 1924)	15.55
Item 23, 1928—Prince District, City Proper: Construction of eight-classroom building, kindergarten and Grades I-VI (Item 30, 1925; Item 49, 1926)	6,628.45
Item 4, 1929—Prince District, City Proper: Equipment of Martin Milmore School	3,275.34
Item 13, 1929—Robert Treat Paine District, Dorchester: Robert Treat Paine School, fencing and grading additional play space, already property of the city (Item 20, 1928)	625.42
Item 18, 1930—William Lloyd Garrison District, Roxbury: Equipment of addition to William Lloyd Garrison School (Item 5, 1929)	201.14
Total	\$11,000.00

TO

Item 53, 1929—Gilbert Stuart District, Dorchester: Land for kindergarten and twelve classroom building	\$11,000.00
--	-------------

and having considered the same at its meeting of November 18th, 1930, hereby reports favorably to the School Committee on the passage of said order.

Respectfully submitted,
Board of Commissioners of School Buildings,

By Richard J. Lane,
Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of Apr. 7, 1924 (see p. 54), Sept. 14, 1925 (see p. 162), Apr. 2, 1928 (see p. 66), Jan. 28, 1929 (see p. 19), Apr. 1, 1929 (see p. 76), Apr. 1, 1930 (see p. 57), the following amounts are hereby transferred to the 1929 item of school accommodations as listed below:

FROM

Item 15, 1924—Agassiz-Bowditch Districts, Jamaica Plain: Jamaica Plain High School (originally West Roxbury High School), demolition of original structure and construction of eighteen-room addition (Item 19, 1923, as amended June 19, 1923, and further amended Nov. 5, 1923; Item 28, 1923, as amended Nov. 5, 1923)	254.10
Item 5, 1925—Thomas N. Hart District, South Boston: South Boston High School, construction of eleven-room addition including provision for Household Science and Arts (Item 27, 1924)	15.55
Item 23, 1928—Prince District, City Proper: Construction of eight-classroom building, kindergarten and Grades I-VI (Item 30, 1925; Item 49, 1926)	6,628.45
Item 4, 1929—Prince District, City Proper: Equipment of Martin Milmore School	3,275.34
Item 13, 1929—Robert Treat Paine District, Dorchester: Robert Treat Paine School, fencing and grading additional play space, already property of the city (Item 20, 1928)	625.42
Item 18, 1930—William Lloyd Garrison District, Roxbury: Equipment of addition to William Lloyd Garrison School (Item 5, 1929)	201.14
Total	\$11,000.00

TO

Item 53, 1929—Gilbert Stuart District, Dorchester: Land for kindergarten and twelve-classroom building	\$11,000.00
--	-------------

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

NAYS—0.

AMENDMENT TO RULES

A communication was received from the Business Manager, under date of Nov. 15, 1930, recommending the amendment of Section 127, paragraph 1 of the rules in accordance with an accompanying order. Placed on file.

The following was offered:

ORDERED, That the rules are hereby amended as follows:

Section 127, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

SECT. 127. 1. He shall, subject to the approval of the School Committee, appoint, transfer and remove custodians and may make temporary appointments of such employees when necessary.
Laid over.

ESTABLISHMENT OF ADDITIONAL SUB-ITEM IN ANNUAL APPROPRIATION ORDER

A communication was received from the Business Manager, under date of Nov. 19, 1930, reporting that at a previous meeting of the School Committee two veterans were retired on pension in accordance with the provisions of Chapter 32 of the General Laws, as amended; that it is necessary to create a new sub-item under "General School Purposes" to which the cost of these pensions will be charged; and recommending the passage of an accompanying order transferring the sum of \$1,000 from the sub-item "Salaries of Principals, Teachers, Members of the Supervising Staff and Others" to a new sub-item "Pensions to Veterans."

Placed on file.

The following was offered:

ORDERED, That the sum of one thousand dollars (\$1,000) is hereby transferred from the sub-item "Salaries of Principals, Teachers, Members of the Supervising Staff and Others" under General School Purposes, to a new sub-item "Pensions to Veterans" to provide for the cost of veterans' pensions during the current financial year.

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon and Mr. Reilly—5.

ADDITIONAL COMPENSATION TO CUSTODIAN, ADMINISTRATION BUILDING.

A communication was received from the Schoolhouse Custodian, under date of Nov. 17, 1930, recommending that the custodian of the Administration Building be allowed and paid the sum of twenty-five dollars (\$25), in addition to his regular salary, because of the additional labor placed upon him and his assistants on Oct. 7, 1930, the day of the American Legion Parade, when the Administration Building was open.

Placed on file.

On motion, it was

ORDERED, That, in view of the additional labor placed upon the custodian of the Administration Building and his assistants, there be allowed and paid to Samuel A. Dodds, the sum of twenty-five dollars (\$25) for services rendered because of occupancy of the Administration Building on Tuesday, Oct. 7, 1930, the day of the American Legion Parade, this sum being in addition to his regular salary and to be divided between him and his assistants for the exceptional service rendered.

CERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of Dec. 1, 1930, transmitting certification or re-certification of areas of the following-named school-houses, upon which com-

pensation for custodian service is based, to take effect on the dates specified:

Harriet A. Baldwin School-house, Sept. 12, 1930.

Brighton High School-house, July 25, 1930.

Solomon Lewenberg School-house, July 22, 1930.

Thomas J. Kenny School-house, Sept. 12, 1930.

Placed on file and the Chairman authorized to approve the certifications, to take effect on the dates stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 1, 1930, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the period specified because of personal illness:

Francis J. Powers, custodian, Theodore Lyman School-house, Nov. 2 to 20, 1930, inclusive.

Daniel J. Gibbons, custodian, Lawrence School-house, Nov. 11 (one-half day) and Nov. 12 to 22, 1930, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

APPOINTMENTS TO PORTABLES

A communication was received from the Schoolhouse Custodian, under date of Dec. 1, 1930, recommending the appointment of the following-named custodians to the portables indicated, to take effect on the dates stated:

Albert J. Callaghan, Portable No. 155, Sept. 19, 1930, and Portable No. 145, Nov. 26, 1930, both located in the yard of the Randall G. Morris School.

George J. Westwater, Portable No. 185, located in the yard of the Francis Parkman School, Nov. 7, 1930.

George B. Nee, Portable, No. 189, located in the yard of the Edwin P. Seaver School, Oct. 22, 1930.

Placed on file and the appointments approved, to take effect on the dates stated.

TRANSFER OF CUSTODIANS

Communications were received from the Schoolhouse Custodian, under date of Dec. 1, 1930, transmitting lists of candidates desiring transfer, and recommending that the following-named candidates who stand at the head of their respective lists be appointed as indicated, to take effect on the dates stated:

Edward Boles, custodian, Mary Lyon School-house, to the Sarah J. Baker School-house, Nov. 30, 1930.

Joseph P. Ginty, custodian, William E. Endicott School-house, to the George Bancroft School-house, and Portable No. 56, Nov. 28, 1930.

Placed on file and the transfers approved, to take effect on the dates stated.

UNFINISHED BUSINESS

The eleven orders laid over at the meeting of Nov. 3, 1930 (see pp. 266-268) making changes in and additions to the Authorized List of Text Books, were taken up and passed unanimously.

The order laid over at the meeting of Nov. 17, 1930, amending section 80, paragraph IV of the rules, relative to requirements for salesmanship and vocational guidance certificates, was taken up and passed.

REDUCTION OF QUOTA OF PUPILS TO A TEACHER IN ELEMENTARY SCHOOLS.

The order submitted by Dr. Lyons at the previous meeting relative to reduction in quota of pupils in Grades I to VI was taken up.

Dr. Lyons: Mr. Chairman, I am going to re-present the order which I offered at the previous meeting with a slight change.

Chairman: A substitute for the order of two weeks ago?

Dr. Lyons: The order which I will now offer is substantially the same as the last one, adding sufficient to it to protect in so far as I can, the economic condition of the school system. If that is acceptable I am going to present this first order and I hope, Mr. Chairman, that we will see the light and accept it, the policy particularly. In the event of it not being accepted I have order number 2 which I will present:

ORDERED, That the present quota of pupils to a teacher in Grades I to VI, inclusive, be reduced to thirty-five, and that appointments in accordance with this standard be made as soon as funds are available.

Now there is no sense in my reading or saying more than I did on the last occasion except to this extent: In the first place we all agree—all educators agree that it is educationally sound and needed, if it were not for the economic condition or financial condition. I have a quotation here which I'd like to read, from the Journal of the National Education Association, which states: "Has the time not come?"—I am very glad to quote from the Journal because it is looked on by many throughout the city and country as perhaps the last word in educational matters—"Has the time not come to reduce the size of classes to a point where each child can have a fair share of personal guidance from his teachers? Has the time not come to widen the conception of school service to include adults as well as children, so that there would be attached to each school at least one worker who would give his full time to the development of intellectual and civic interests among people not now in school? Has the time not come for the school to take a more dynamic interest in the recreational and leisure life of the youth in an effort to keep life so wholesome that crime will be less? What better use could be made of the talent of teachers who are now unemployed?"

"Let there be no shortsighted and unnecessary efforts to reduce the number of teachers or to lower salaries. When times are hardest

the processes of education are most needed. One remedy for unemployment is to increase the number of people in the professions and public services as has been done during the present year by expanding the building of roads and public buildings. America has human wealth, financial resources, the best government in the world.

"From an economic as well as a human point of view the common school is America's greatest investment. The most promising undeveloped markets in the world exist at our very doors in those elements of our population which have had so little schooling that they lack both earning and buying power. Every dollar spent on the schools returns two in terms of health, skill, citizenship, and working power."

Now, speaking to the financial question, we have at the present time sufficient money to appoint as many teachers as might be necessary. Mr. Kallom of the Department of Educational Investigation and Measurement of the Boston school system, maintains that if less pupils fail, in other words, if we have less repeaters, the city could save a great deal of money. Now, specifically, he says that the repeating alone through failure in these lower grades, costs the City of Boston something over one hundred dollars for each child. Now, if that is so, and I assume it is if our department is functioning effectively, if that is the cost of repeating—if the classes are reduced from forty, forty-five and fifty, to thirty-five—the claim is made that you could well appoint a teacher to every class of thirty-five and by more individual attention to the child save failures and repeating, and the cost of instruction would be about the same as now with more effective teaching. In other words, we wouldn't carry any excess burden. Now I'd like to ask the Business Manager how much money he estimates will be left at the end of this year. I appreciate this is only a prediction, but usually accurate.

Business Manager: I should say about \$500,000, Mr. Chairman, which under the law the School Committee is obliged to add to its appropriate power for 1931.

Dr. Lyons: I'd like to ask again—if the Superintendent said, as he is quoted as saying on the last occasion—that he could appoint and would have money enough to take care of 154 teachers—is that correct?

Business Manager: Yes.

Dr. Lyons: If that were so and those teachers were appointed, wasn't that provision made in the budget? In other words, you provided to the extent that we could appoint now 154 more teachers.

Business Manager: During 1930.

Dr. Lyons: I take it for granted that if they were appointed they could be carried next year.

Business Manager: They would have to be carried.

Dr. Lyons: According to that, it is your estimate that there could be a sufficient number appointed to start this educational program for the betterment of these first grades. According to that, at least a sufficient number could be carried with safety.

Business Manager: That is true, Mr. Chairman, but this is the very last month of the financial year 1930. We don't know how it is going to be in 1931, with any degree of accuracy at the present time. We don't know whether or not the average valuation is going to increase, and that being so of course my advice would have to be not to make any extensions until you know just where you are in 1931. If you do extend by taking some other means of appointing teachers, such as the reduction in size of classes in the elementary schools, it should be realized that it might have some effect on the 1931 financial situation and that you might have to go to the Legislature for additional money. It is too close to the end of the financial year for me to say that it could be done now and not affect 1931. It can be done now, but 1931 is a different situation.

Dr. Lyons: What would be the result in case valuations fall, if we did adopt this proposal?

Business Manager: If the valuations fall, that would be an argument before the Legislature to carry our system as it is at present organized.

Dr. Lyons: We have a balance. If valuations went down it would wipe that out?

Business Manager: No. We have that anyway for next year.

Dr. Lyons: We will have sufficient to take care of these teachers next year?

Business Manager: I wouldn't say that, No.

Dr. Lyons: We will have a balance left?

Business Manager: Yes.

Dr. Lyons: In other words, it would be needed for teachers' appointments.

Chairman: Assuming that it is our desire to put into effect Dr. Lyons' order, would you say to us go ahead or not to do so?

Business Manager: I'd say not to go ahead until January 1, 1931.

Dr. Lyons: Suppose the proposition were made to put in temporary instead of regular teachers, would you still say not to go ahead?

Business Manager: Yes, until you know where you are in 1931. If the 154 teachers who could be appointed were appointed, they would of course be appointed under your present rules and regulations, and your present quota to a teacher. Now if that action were responsible for the School Committee in 1931 not having enough money to run the system, the argument before the Legislature would be that you are carrying the system as organized, and have made appointments on the basis of quotas as they exist, and the Legislature could not very well refuse the additional funds required. On the other hand, if quotas to teachers are reduced, it is an extension that has not been provided for, and that is usually provided for by legislative action.

Chairman: You don't mean to convey the idea that if we appointed all the teachers we could appoint, we'd appoint 154, do you?

Business Manager: I mean 154 could be appointed under present budget appropriation. Under the present rules and regulations there are no places for 95. Fifty-nine

cannot be appointed because of lack of eligible lists.

Chairman: Fifty-nine is the figure and not 154.

Business Manager: Under your present quota to a teacher.

Dr. Lyons: I am going to ask for a vote on my order, first and primarily interested in the educational problem—nothing else; incidentally, and a very important matter to me at the present time, unemployment—by so doing taking care of the unemployment situation to some extent.

Chairman: Under the rules, the order goes to the Board of Apportionment since a financial question is involved, so to have action tonight will require suspending the rules. You did request a speedy report from the Board of Apportionment and no report is as yet forthcoming.

Dr. Lyons: I am going to ask for a suspension of the rules.

Chairman: Dr. Lyons moves that we suspend the rules and vote on the order just presented—a reduction in the quota of pupils in Grades I to VI, inclusive, to thirty-five, appointments to be made so far as finances allow. The motion is to suspend the rules and have action tonight, instead of having the order go over.

Dr. Lyons: We cannot get into any financial difficulty. That rests with the Superintendent of Schools and the Board of Apportionment, because I have specified that appointments in accordance with this standard shall be made only as funds are available.

Chairman: Will Dr. Lyons submit to a question? I understand that in your motion you have provided against an overdraft on our treasury by placing in the Superintendent's hands this limitation to make appointments only so far as means permit. How does this order now provide, physically speaking, for the housing of the excess classes that will be created by the diminishing of the number in a class to thirty-five?

Dr. Lyons: That will necessarily have to be taken up by educational authorities. So far as possible, where there are vacant rooms they can be used, or any means other than getting into financial difficulties.

Chairman: Shouldn't we have a survey to determine how many such usable rooms there are before we vote on this question?

Dr. Lyons: Glad to provide that for you.

Chairman: I don't understand that there is any objection to the policy or question as to the educational desirability of classes of not more than thirty-five in the lower grades. If I am in error, I wish the member opposed would speak up. I think every one of the members is against unemployment, but I personally feel that if we are going to vote we ought to vote on something that would have an immediate, tangible effect.

Dr. Lyons: I have that right here in this order. I would gladly take out the reference to appointments. I think we are perfectly safe—no doubt that the educational advantage would be recognized by the Legislature when we appear before it for funds as needed for building purposes, etc.; and there can be immediate action in order to allay

unemployment. A vote of this Committee tonight to accept that would start machinery moving tomorrow to reduce classes which will necessarily provide for the appointment of many teachers.

I don't think information as to ways and means is necessary. When the order is adopted, information will be forthcoming. Nothing can move until the policy is accepted by this Committee. The rest will very rapidly take care of itself. May I hear from the Secretary how the Superintendent feels on this matter?

Chairman: I understand the Superintendent has some facts as to the limited amount of temporary service that many on the eligible lists have had this year, but I'd like to know first, where we are going to put these children who will compose the extra classes, having in mind that we have been talking about doing away with portables for some time.

Dr. Lyons: We don't need portables. We have sufficient now.

Chairman: But we will have extra classes.

Dr. Lyons: I think in many school buildings there are vacant rooms.

Chairman: You mean Charles-town and the South End?

Dr. Lyons: Yes.

Chairman: We cannot transport children from Dorchester to those places.

Dr. Lyons: I understand that, but there are overlapping districts in every section of this city where within the same school district there are vacant rooms; but leaving that out entirely, if it is educationally sound, and you have an unemployment emergency here—the so-called "white collar" if you will excuse the phrase, unemployment situation is much more serious than the labor situation—laborers are going to be provided for by His Honor the Mayor—road work, bridge building, traffic problems, parks, etc., etc.

Mrs. Pigeon: May we consider for a moment the first grade—we have now 309 classes and we would be entitled on the basis of thirty-five pupils to a class, to 354 classes—45 extra classes just in the first grade—so you can see what the housing proposition would be through the six grades.

Dr. Lyons: 350 first grade classes, roughly. How many buildings would that be, fifty buildings?

Chairman: How many buildings would be needed to take care of these extra forty-five classes?

Dr. Lyons: The emergency is national as well as city and statewide. You can rest assured that if something isn't done we will have a dole system, and the tax payers will have to pay. You will have general taxation to care for the poor and by passing this order a great many of that class can be taken care of immediately. You have, as I have stated on my first presentation, a good warm auditorium in most buildings. We have housed children in far worse quarters—in portables and in basements. I am referring especially to the unemployment situation and if we want to do anything for our teachers who need help more than they ever have needed it, or probably ever will need it, we have an opportunity to help almost overnight.

There are plenty of vacant rooms or auditoriums which will hold one or two classes. In the future that will be reflected in a building program that is going to put it up to the people of Boston, through the Legislature, to say whether they are going to spend money on a reconstruction program which will better the children, or whether the city's money is going to be spent along building lines, parks, traffic overpasses and underpasses, etc. I think we should continue that first step.

Mrs. Pigeon: I am not speaking against the policy, of course you realize that, but I am not so optimistic about the readjustment of buildings as is the previous speaker. I am very familiar with the Chapman school district and the previous speaker has emphasized that we could put children into basements, portables, etc.

Dr. Lyons: Excuse me, please, Mrs. Pigeon, I want to correct that impression. I said that we have had worse conditions in the past. I have always been bitterly opposed to housing children in basement rooms. I have been personally responsible for having them taken out of such rooms in the past, but there could be no objection to putting classes of children in warm auditoriums.

Mrs. Pigeon: To finish my statement, I would like to say that in the Chapman School District we now have four classes in the basement using electric light all day. We have six portables in the yard. We already have classes in the auditorium and back of the curtain on the platform, and where, with forty-two children in each one of the Grade I classes, where could we put any more there?

Dr. Lyons: I think the order takes care of that very properly—"appointments to be made in accordance with this standard as funds are available." If you are not going to have room, then you cannot have an extra class and you cannot have more appointments, so that is taken care of. I know that the condition Mrs. Pigeon speaks of is deplorable and something should be done and will be done, but there are many vacant rooms in the city where it will be possible to house a small class, and I think it should be done.

Mr. Gray: I move the previous question.

Chairman: We would need 240 more class rooms. I don't think I am going to vote in favor of the order until I know where we are going to put the children.

Dr. Lyons: In answer to that, if it means only two extra classes, they should be taken care of at the present time.

Chairman: It should be understood that in voting no, you are not voting against the policy. You are not voting in favor of unemployment. I personally, in voting no am voting no until I get further information as to where these 240 classes are going to be placed.

Dr. Lyons: I would gladly vote to let that be taken care of as an emergency act but it is no such thing. In covering your objections, I say the principle of smaller classes is accepted here. Let the future take care of itself. If provision can be made for only one class or two classes in this big city,

then at least something will be done for the unemployment situation.

Chairman: Where are the vacant rooms?

Dr. Lyons: I cannot specifically state, but if the Superintendent were here he could answer that very promptly.

Chairman: The Superintendent has given us only a statement from the Director of Practice and Training as to the number of girls getting no temporary work at all.

Dr. Lyons: It makes no difference where the rooms are if they are in an elementary district.

Chairman: If the rooms are there, are they fit for occupancy?

Dr. Lyons: We can assume they wouldn't be occupied if they were not a proper place for children.

Mr. Gray: I am in entire sympathy with trying to reduce the number of children to each class. I don't think on Dr. Lyons' order we can let the future take care of itself. I think we must have this thing worked out.

Dr. Lyons: It is the only way the problem will be worked out, to get proper attention for the little children. The only thing to do is vote for the order and let it take care of itself as it goes along. If we don't take action, the situation will remain as it is—children not being properly cared for.

Chairman: I'd like to ask the Secretary how many portables we have eliminated this year?

Secretary: Sixty-one.

Chairman: Then we have about 155 left. Mrs. Pigeon, how many children have we in basement rooms?

Mrs. Pigeon: I mentioned just one district.

Dr. Lyons: I ask now that we have a report made to us particularly and specifically as to how many basement rooms we have in our school system. I think it was generally understood that that situation was to be taken care of long ago. If we have children in rooms that are not suitable, we should remove them at once.

Chairman: Where are you going to put these extra classes, 240 in number? Until I know that I cannot vote intelligently on the order.

Dr. Lyons: If it is only possible to place one class, then you have taken a step in the right direction.

Mr. Gray: I move the previous question.

Motion seconded by Mr. Reilly.

Chairman:

Question is on the motion of Dr. Lyons to suspend the rules so that action may be taken tonight on the order presented by him.

In answer to roll call, the members voted as follows:

Mr. Gray: No, for reasons already stated.

Dr. Lyons: Yes.

Mrs. Pigeon: No.

Mr. Reilly: No. In connection with my vote, I just want to make a brief comment. In Dr. Lyons' proposal he mentioned two items that caused me particular interest. One was with reference to adult education which he quoted from the Journal of the National Education Association. To it I will speak after this motion has been disposed of. The other was the cost of education and I think a voluminous report that I have here that was presented to me some

time ago, in substance bears out what Dr. Lyons has said. On the cause of non-promotions, it gave eight causes, none of which was too large classes in the present school organization; but in suggesting remedies the second remedy listed was smaller classes. I am sure that the Committee doesn't mean by this vote not to consider the question of smaller classes. The question to my mind is whether at this time, with insufficient facts at hand, we should vote on the matter.

Chairman: I vote no. The motion to suspend the rules is therefore lost and the order will go over in regular course to the Board of Apportionment for report to us. I join with Dr. Lyons and the other members in asking for a speedy report.

Dr. Lyons: Mr. Chairman, with reference to the unemployment situation, may I ask you if you can make some statement in respect to the Girls' High School—our interest in furthering the construction of that building.

Chairman: The Committee is sending down to the Board of Commissioners of School Buildings, under the law rescission of the proposal to transfer the appropriation which was previously made for the Girls' High School to the Reserve item, which rescission will restore the original appropriation. Two weeks from tonight we should have a report from the Board of Commissioners, they having the right to express an opinion on the subject.

Chairman: Dr. Lyons, in order to make the record complete: I think you had another motion which called for the appointing of more temporary teachers. That motion may be referred with your other order and they can be considered as a whole.

Dr. Lyons having no formal order prepared, the Chairman stated that it will be sufficient for the records that the School Committee desires the Board of Apportionment to consider in conjunction with Dr. Lyons' order the desirability, in view of the unemployment situation, of assigning for temporary service girls on the eligible lists who now are not working at all, instead of appointing girls who are now getting temporary work.

Dr. Lyons: I'd like to state here that I should be delighted to have those young men and young women appointed, but I still say that in the future, if this educational problem is to be settled satisfactorily, it will be necessary to assign these people in conjunction with my first order which provides for permanent appointments.

Mrs. Pigeon: In connection with this idea of reduction of numbers in our primary grades, it seems to me the logical method of attacking the whole situation is to begin with the first grade and carry out a definite policy there; then later on, if it seems feasible, work up through the grades.

Dr. Lyons: May I interrupt. I stated here in introducing my order that I had a second order which of course will be offered if the first order namely, to reduce all classes to thirty-five, fails of passage. In the event of that not being carried, I am still so in-

interested in the educational value to the children, in order to get the matter under way, I have a second order which will be limited to the first grade.

We cannot do much about this second order until the first order is acted upon. I still have a feeling that the first order will carry. If it does, that takes care of the whole situation. Provisionally, I'd be glad to present this second order now:

ORDERED, That the present quota of pupils to a teacher in Grade I be reduced to thirty-five and that appointments in accordance with this standard be made as funds are available.

It seems to me that the first order should be acted upon at the next meeting.

The order was referred to the Board of Apportionment, and on Mr. Reilly's motion, was referred as a joint order of Dr. Lyons and Mrs. Pigeon.

Mr. Reilly: May I further complicate things by offering a suggestion to the Committee. If we want to get the whole picture, let us get this before us. When I first came on the Committee, Mrs. Barron had some similar order, but it was never worked out successfully. When the Board of Apportionment reports I'd like to have specific report as to whether this proposition would be possible in new buildings, i. e., disregard the present situation and in connection with our 1931 building program, consider whether it would be educationally feasible to construct our school-houses to accommodate thirty-five pupils to a class—to consider it independent of these other orders, from the standpoint of new buildings alone, and I therefore so move. Then we will have the present situation and the future situation.

The motion passed.

Chairman: Mr. Business Manager, assuming that we will have a balance of \$500,000, and having in mind the uncertainty of taxable valuation for 1931, how many extra teachers could we safely appoint?

Business Manager: I couldn't answer that very well. Under the present budget you could appoint 154 teachers, and this year it would cost you only a month's salary; but next year it would mean twelve months' salary.

Chairman: Assuming that we had places to put the classes, how many teachers could we safely appoint without endangering the financial situation next year?

Business Manager: I couldn't answer that. I'd have to have the whole financial picture for 1931 before me.

Dr. Lyons: Isn't this correct. For first grade classes alone, in the event of seventy-five teachers being appointed, it would cost about \$70,000 for the balance of this year?

Business Manager: Taking care of first-grade classes means, I am told, the appointment of forty-five additional teachers.

Dr. Lyons: It would cost \$70,000 and we'd have a balance of \$500,000 at the end of the year.

Business Manager: I meant forty-five temporary teachers.

Chairman: As our financial adviser, the School Committee asks

you this question: Assuming present plans and assuming you cannot tell us what the 1931 situation would be, how many teachers would you advise us we could appoint in safety for 1931?

Business Manager: None.

Dr. Lyons: I'd like to ask the Business Manager one more question: In the event of 75 teachers being appointed at a cost of \$70,000 for the remainder of the year, if we have \$500,000 left in the budget for next year, what is going to be done with it? Isn't it for growth and expansion?

Business Manager: No. It is practically a reserve fund for 1931.

Dr. Lyons: What better purpose could we use it for than to provide necessary teachers?

Business Manager: You are asking me to state whether or not a group of teachers could be appointed now. My answer is that we don't know what our financial situation is to be in 1931.

Dr. Lyons: Haven't we some provision by law—aren't we entitled to some moneys without going to the Legislature?

Business Manager: We are entitled to expend in 1931 to the extent of one-third of our expenditures for 1930, in anticipation of the passage of the budget.

Dr. Lyons: Aren't we always taken care of for growth and expansion?

Business Manager: I wouldn't say that. We had to go to the Legislature in 1930 for additional funds.

Dr. Lyons: \$500,000 is the only thing that stands between us and oblivion?

Chairman: Between us and bankruptcy, Dr. Lyons.

Business Manager: In my opinion now, and of course I cannot be expected to be absolutely accurate, the present appropriating power of the School Committee as applied to the valuation for 1931, plus the balance of \$500,000 that we may come through with, will carry our system for 1931 as it is at present organized without legislative action.

Dr. Lyons: We will have a balance of \$500,000 left over?

Business Manager: Yes. We have had balances of seven or eight hundred thousand dollars. We had a balance of three or four hundred thousand dollars from 1929 and even then we had to go to the Legislature.

Chairman: Assuming that your estimates are accurate and that we will have a balance at the end of 1930, you as our Business Manager are called on to advise us as to whether we could make further appointments as suggested by Dr. Lyons' order.

Business Manager: I'd say not to go ahead.

Dr. Lyons: Would you say we couldn't go ahead with twenty-five appointments or ten appointments with perfect safety?

Business Manager: I wouldn't say that.

Mr. Reilly: I would like to have placed on the Conference sheet for next week, for discussion, consideration of the radio as a means of transmitting education to adults, to shut-ins, and to children who are detained from school on account of illness. We have various religious hours over the radio on Sundays that achieve results, and I think

the school system, in co-operation with local radio stations might be able to work out a plan—daily, or once or twice a week, for an hour or two—to teach the elements of education—the well-known, Three R's—or history and geography—along the lines of established courses for the elementary class room, so that those who are unable to attend schools either on a particular day or during the term, may have the benefit of the educational advantages which our city offers. The radio service, through the co-operation of the radio stations, might be without expense for a time and after, say a six-months' trial period, if we found it to be efficacious in achieving the results we look for, we might perhaps make a small appropriation for the purpose. I just offer this suggestion for discussion when it comes in the regular course of business.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

EXTRA WORK UNDER CONTRACT.

J. P. Shaughnessey & Co. have been directed to perform the following extra work under the contract for laying bitulithic pavement in Brier road and Wycliff avenue. Items ordered: Furnish and place gravel filling where excavated below grade to remove spongy material in Wycliff avenue. Price to be paid: The sum of \$1.25 per cubic yard. Estimated cost of extra work, \$525.

A. R. Doyle, Incorporated, has been directed to perform the following extra work under the contract for laying bitulithic pavement in Weld street, from Manthorne road to Maple street. Items ordered: Remove tree not shown on plan where directed in Weld street. Price to be paid: The sum of \$35. Estimated cost of extra work, \$35.

J. J. McCarthy & Co. have been directed to perform the following extra work under the contract for laying bitulithic pavement in Crescent avenue, etc., streets. Items ordered: Haul surplus excavated material to Exposition Grounds (Old Colony avenue). To be paid for under Item 1, Section E, of contract. Estimated cost of extra work, \$365.

Samuel J. Tomasello has been directed to perform the following extra work under the contract for laying bitulithic pavement in Westmoreland street, from Westmoreland street to Fairfax street. Items ordered: Remove one tree where directed in Westmoreland street. Price to be paid: The sum of \$35. Estimated cost of extra work, \$35.

Samuel J. Tomasello has been directed to perform the following extra work under the contract for laying bitulithic pavement in Donnybrook road, from Faneuil street to Hobson street. Items ordered: (1) Haul surplus excavated material in Donnybrook road to Hunnewell avenue. Price to be paid: The sum of 15 cents per half mile per ton over one mile as per Article E, Section 1, of contract; (2) remove three stumps not shown on plans in Donnybrook road. Price to be paid: The sum of \$10 per stump. Estimated cost of extra work, \$230.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CITY OF BOSTON.**POLICE DEPARTMENT.****PROPOSALS FOR FURNISHING AND LAUNDERING TOWELS.**

The Police Commissioner for the City of Boston invites proposals for the furnishing and laundering of hand towels for this department for the year 1931.

It is estimated that approximately 26,000 towels will be required. Towels furnished are to be approximately thirty-six inches long by eighteen inches wide and are to be the property of the contractor.

Towels are to be delivered one day each week at the various police stations of this department and the soiled towels collected and returned the following week.

Estimates must be submitted on a price per piece basis only.

Proposals will be received at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass., until 12 m. Wednesday, December 31, 1930, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals For Furnishing and Laundering Hand Towels."

Proposal forms may be obtained at the office of the Property Clerk, 229 Milk street, Boston, Mass.

A certified check for two hundred (200) dollars made payable to the Police Commissioner for the City of Boston, is to be deposited at the office of the Police Commissioner; said check to be the property of the City of Boston Police Department if the accepted proposal is not carried out.

A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract.

The contract is made subject to the appropriation being made to meet payments thereunder.

The Police Commissioner reserves the right to reject any and all proposals and to award the contract he deems best for the Police Department of the City of Boston.

(Dec. 27.) EUGENE C. HULTMAN,
Police Commissioner.

CITY OF BOSTON.**PARK DEPARTMENT.****PROPOSALS FOR GRADING AND CONCRETE WALLS AT FOSTER STREET PLAYGROUND, NORTH END.**

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for grading and concrete walls at Foster Street Playground, North End, signed by the bidder and left before 12 o'clock noon on Friday, January 2, 1931, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

(Dec. 20-27.) WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN, Commissioners.

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

CITY OF BOSTON.**POLICE DEPARTMENT.****PROPOSALS FOR LAUNDRY WORK.**

The Police Commissioner for the City of Boston invites proposals for the laundering of the linen of the Boston Police Department for the year 1931, consisting of sheets, pillow slips, and bed spreads (commonly known as flat work), and gray and blue blankets (both single and double). The linen and blankets to be called for and delivered one day each week at the various police stations of the Boston Police Department. Samples of the linen and blankets may be seen at the office of the Property Clerk, 229 Milk street, Boston, Mass.

The amount of work to be done is approximately as follows: Sheets per month, 1,500; pillow slips per month, 1,500; bed spreads per month, 400; blankets, approximately 900 during the year. Estimates must be submitted on a price per piece basis only.

Price per piece on sheets.
Price per piece on pillow slips.
Price per piece on bed spreads.
Price per piece on blankets.

Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass., until 12 M. December 31, 1930, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work."

A certified check for two hundred (200) dollars made payable to the Police Commissioner for the City of Boston, is to be deposited at the office of the Police Commissioner; said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to the appropriation being made to meet payments thereunder.

The Police Commissioner reserves the right to reject any or all proposals and to award the contract he deems best for the Police Department of the City of Boston.

(Dec. 27.) EUGENE C. HULTMAN,
Police Commissioner.

CITY OF BOSTON.**TRANSIT DEPARTMENT.****PROPOSALS FOR REMOVING BUILDINGS FROM LINE OF TRAFFIC TUNNEL IN EAST BOSTON.**

The Transit Department of the City of Boston will receive proposals for the removal of one or more of the buildings from the line of the Traffic Tunnel in East Boston. A bond will be required in the sum of \$500 for each building upon which proposal is accepted for the faithful performance of the work. Proposals must be made in duplicate on forms which may be obtained at the office of the department where plans may be seen showing the locations of the buildings. Bids will be publicly opened at 12 o'clock noon, Monday, January 5, 1931, at the office of the Transit Department, 1 Beacon street. A certified check payable to the City of Boston for \$500 must accompany the proposal. The Department reserves the right to reject any or all proposals or parts of any proposal. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(Dec. 20-27.) EDWARD F. CONDON,
Secretary.

CITY OF BOSTON.**POLICE DEPARTMENT.****PROPOSALS FOR STORAGE FACILITIES.**

The Police Commissioner for the City of Boston invites proposals for the furnishing of storage facilities to this department for lost, stolen, abandoned or seized automobiles while in the possession of this department for the year 1931.

It is estimated that approximately two hundred automobiles will be stored during the year for periods varying from one day to six months or over.

Estimates must be submitted on monthly and semi-monthly storage rates and based on all types of automobiles and trucks.

Proposals will be received at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass., until 12 m. Wednesday, December 31, 1930, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Furnishing Storage Facilities."

Proposal forms may be obtained at the office of the Property Clerk, 229 Milk street, Boston, Mass.

A certified check for two hundred (200) dollars made payable to the Police Commissioner for the City of Boston, is to be deposited at the office of the Police Commissioner; said check to be the property of the City of Boston Police Department if the accepted proposal is not carried out.

A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract.

The contract is made subject to the appropriation being made to meet payments thereunder.

The Police Commissioner reserves the right to reject any and all proposals and to award the contract he deems best for the Police Department of the City of Boston.

(Dec. 27.) EUGENE C. HULTMAN,
Police Commissioner.

CITY OF BOSTON.**PARK DEPARTMENT.****PROPOSALS FOR ROSE GARDEN IN FENS, BACK BAY.**

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for Rosa Garden in Fens, Back Bay, signed by the bidder and left before 12 o'clock noon on Friday, January 2, 1931, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

(Dec. 20-27.) WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN, Commissioners.

CITY OF BOSTON.**PARK DEPARTMENT.****PROPOSALS FOR REPAIRING SKYLIGHTS AT BIRD HOUSE, FRANKLIN PARK.**

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for repairing skylights at Bird House, Franklin Park, signed by the bidder and left before 12 o'clock noon on Friday, January 2, 1931, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

(Dec. 20-27.) WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN, Commissioners.
